On the subject of accredited schools which formed the basis for one of the commission's major recommendations Senator Cameron said it was proposed that schools which met minimum education department requirements and further demonstrated a quality of teaching and results above average should be permitted to "run their own show" with a minimum of direction from the provincial government. This would include more say in curriculum and here the Senator [illegible] separate schools [illegible] their objectives in educating youngsters.

"I am sure," he concluded, "that if the provincial government will adopt even 75% of the recommendations in our report, Alberta will have the finest education system on the North American continent."

EMERGENCY ASSISTANCE

Applications for Federal Provincial Emergency Unthreshed grain Assistance are now being received at the M D office. To date no farms in the M D Vermilion River or Minburn have been declared eligible for P. F. A. A. Consequently, if less than half of your crop is harvested and your average harvested yield is lower than 10 bushels per seeded acre (not including summerfallow, forage, green feed etc) you may qualify for this assistance. Many farmers are justly concerned about whether this assistance will influence their eligibility to receive P F A A. At the time of writing the best information available indicates that a farmer who is declared eligible for P F A A will have the emergency assistance payment deducted from the P F A A payment and he will receive the balance.

RATS

Special precautions must be taken against rats for the remainder of the winter. To date very few outbreaks have been reported but experts point out the mild weather and the feed stacks throughout the country may provide winter harbourages. When the stacks are moved there may be a movement of rats to the buildings. Bait is available at the M D office. Report anything suspicious.

PLYWOOD

Plywood is now being manufactured in Canada with a water resistant glue satisfactory for dry conditions. When buying fir plywood for farm service buildings make sure it's stamped "PMBC" Exterior". This means moisture will not harm the glue line. Similarly end stamping on poplar plywood should include the word "waterproof."

ARLO RAPE

"Arlo rape" a Swedish selection, is now licensed and available to Alberta farmers. This variety yields higher than common Polish and produces a greater yield of oil. Arlo seed cannot be distinguished from Common Polish and to be certain a farmer must buy certified seed. An order can be placed with your local elevator agent. Prices run about 17 cents per pound F O B northern Saskatchewan shipping points.

4-H CROP CLUBS

A completely new program was initiated for 4-H clubs in 1959 which increased interest and activity for both the older and younger members. There are special projects for beginners and more complicated projects for young farmers. The crop club achievement day is no longer something to be relegated to the back room but a day as full of activity and glamour as any 4-H beef achievement day. There is a wonderful field of training awaiting your children in 4-H call your D A today. Possibly arrangements can be made to form a crop club in your community.

MEETING

The Vermilion farm management study group will meet in room No. 3, V. S. A., 2 00 p.m., January 29th, 1960.

Island Hill News

The 4-H turkey club treated some sixty parents and guests to a delicious turkey supper and all the trimmings in the Anglican church hall on Friday Jan. 15. We heard some very interesting talks and saw some films. Allan Armstrong was the efficiency member this year and receives club week at the V S A next July. Keep up the good work boys and girls!

W.A. Groups Decide To Adopt Orphan

MANNVILLE — Members of the United church W. A. met at the home of Mrs. Ross Ewing with 19 present on Thursday, January 14. A most appropriate devotional period for the New Year was led by Mrs. Archie Hubbard, followed by a fifteen-minute mission study on "Africa Disturbed." Reports from various committees were approved and adopted.

The main project for the year is to adopt a Korean orphan, a joint project by Mannville and Innisfree groups, cost of which will be $120.00. Report was heard on a successful banquet for the teachers of Mannville school to which this energetic W. A. had catered. A discussion was held re new business. Officers of this group were officially installed at the United church service on January 10th. A film on Africa recently proved most helpful with the mission study. The next meeting is to be held at Mrs. C. Gamble's home on Feb. 11th.

BUFFALO COULEE ACTIVITIES

Our January weather is certainly making up for the rough deal we received earlier in the fall. Most unusual to have cattle rustling in the fields at this time of the year.

Curling, hockey and skating are the chief forms of recreation at present. After starting with a mixed bonspiel the regular curling draws are now well under way. This year there are two rinks from among the high school students, one girls and one boys. Last Saturday the Students' Union held a one-day bonspiel with eight rinks participating. They all seemed to enjoy it and have a good time, doing justice about 5:00 p.m. to a pot luck supper. While it was the first try at curling for some, a number of the older ones certainly showed promise of being good curlers. Grant Haverstow's rink won the first event with Doug Cameron second. In the other event it was Rex Cunningham coming out on top over Lyle Gabrielson.

On Sunday afternoon the boys played a double header in hockey. In the first game they held Preston, who had defeated them a week previous, to a 6-6 tie, while the second game at 2 p.m. saw them down the Vermilion Midgets 4 to 1.

On Jan. 27 the Ladies' Curling club is sponsoring a curling day for all the ladies of the community. So anyone wishing to try the "roarin' game" for a day get your name in. The day will be concluded with a pot luck supper.

January 30th is the day set for the Teachers' bonspiel. This includes the teachers and their wives or husbands from Minburn, Mannville and Buffalo Coulee. The Heatherbell W. A. is catering to their noon dinner.

Lorentz Samuelson has taken over the lunch concession at the curling rink and is there during regular draws and bonspiels.

The Autumn Leaf W.M.S. held their last meeting at the home of Mrs. John Eyben. Baby nightgowns were turned in to be sent to the John Neil hospital at Cold Lake. Members are to take old Xmas cards and nylons to the next meeting for sending overseas to Formosa and Korea.

Heatherbell W. A. held their January meeting at the home of Mrs. Sig Lindroth in Vermilion. Besides deciding to cater for the Teachers' bonspiel, they are sponsoring a supper for all the Auburndale W.A. members and their families on Sunday, Feb. 14 at 6 p.m. It is hoped to have the showing of a film following the supper.

Service will be held again at the church on Jan. 31 at 3 p.m. Mr MacKay has been giving very fine sermons but the attendance has not been too good. The church is heated comfortably folks so how about turning out?

On Jan. 29 Home and School and F U A are jointly sponsoring a meeting with Mr and Mrs. N. N. Bentley who will show slides and tell of their work during they year they spent in Egypt. Everyone is cordially invited to attend. Each group will hold a short business meeting in one of the school rooms at 8 p.m. with the showing of pictures following in the gym.

C. W. L.

The Vermilion C.W.L. held the January meeting in the parish hall Monday evening Jan. 11. Circle leaders were drawn for 1960. The project for this month is a bake sale to be held at McLaughlin's store Jan. 23.

Arrangements were completed for a novena pertaining to the beatification of Bishop Grandin. An invitation has been extended to the Derwent C.W.L. to attend the February meeting which will be preceded by a pot luck supper. A film will also be shown at this meeting. Hostesses for the evening were Kathy Klatt and Shirley Mireault.

Clandonald United Church News

Mrs. Elsie Campbell was hostess for November meeting. There were seven members present and three guests, Mrs. Cook, Barbara and Marie Campbell.

Mrs. Laird gave a report on the fall Presbytery rally held in Vermilion. The Sunshine convener, Mrs. Schoonmaker, reported two fruit baskets and one sympathy card had been sent.

No cheating was allowed on the "penny-a-pound" roll call, as the bathroom scales were used to check weights.

Everyone will be pleased to know that our church property has now been surveyed.

The porch is a welcome addition to the church this winter.

The annual W A meeting was held in December at the home of Mr and Mrs. Laird, with all thirteen members present and two guests, Mrs. Cook and Mrs. [illegible]

W. A. officers for the coming year are as follows: President, Mrs. Mary Thompson. Secretary, Mrs. Opal Cooper; Treasurer, Mrs. Nancy Feenstra. Vice-President, Mrs. Elsie Campbell who is also Project Convener; Devotional Secretary, Mrs. Lillian Goddard; Sunshine Convener, Mrs. Alice Schoonmaker.

Christmas gifts were exchanged with W. A. sisters. Mrs. Gower was unable to attend so phoned her W A sister, Mrs. Olsen.

Miss Annie Shaw spoke at the Sunday school in December.

Mr MacKay conducted a baptismal service in December. We do appreciate Mr MacKay and Mr Schurman coming out for services every second Sunday. Watch the Standard for dates and help fill up the church.

Thank you Miss Nancy Hooper for your monthly newsletters which are full of good ideas.

We would like to thank the Editor and staff of the Standard for printing the monthly reports and other services rendered during the past year.

Widmere Winks

With the fine weather continuing, curling is in full swing five nights a week and some extra games on the off days. The school children from grades five to nine inclusive enjoy a few ends every Friday in their physical education period.

The teacher and pupils of the school also have a rink at the school so they can work off their surplus energy. Nothing like learning young!

The 'flu has been making the rounds lately. Mrs. Sweet, primary room teacher was the latest victim and during her absence Mrs. Dave Hughes very kindly took over the teaching duties.

The R. E meeting held in Buffalo Coulee auditorium was well represented from this area last Wednesday. Jim Wallington is again the representative for this area.

The "Bone Busters" played Buffalo Coulee hockey team again, and the game ended in a tie.

Mr. and Mrs. Frank Gibson and Mr and Mrs Wally Westman were hosts to Mr and Mrs. Frank Wilkinson and Mr and Mrs Harvey Tebbutt in a curling game Sunday afternoon. The hosts were the victors and all had lunch at the Gibson home after the game.

Visitors at the Cruthers' home on Sunday were Mr and Mrs. Fred Haines and family, Mr and Mrs Dave Hughes and family, Bob Shepherd, Marie and [illegible] Smith and Gary Cruthers.

Mr and Mrs. Bill Smith and Mrs. Cliff Cruthers returned on Wednesday from Calgary after attending the funeral of the late Charles Morand. Linda Smith stayed at the Howard home while they were away.

Today will soon be a memory so don't let it come to an end without a smile, without a song or even just a word with a friend.

Bernie's Bakery Open For Business In New Location on 50th Ave.

Another indication in the progress of the business section of Vermilion is marked this week in the establishment of Bernie's Bakery in their new premises in the former Post Office building.

In making this move from their old location near the [illegible] Bernie's Bakery have [illegible] a great many modern improvements.

The oven, which is after all the heart of any bakery, is a mammoth affair capable of holding as much as 210 loaves at one baking. Two men worked for three days carefully building it into the wall of the new premises. It is composed of two decks or sections, lined with a total of 1500 firebricks. Each of these decks will hold over one hundred loaves of bread. The heat is provided through a circulating system giving an even temperature throughout.

The other equipment in the bakery is all new, from the shiny loaf pans to the dough mixer, with many different kinds of modern machinery to enable them to bake a large selection of delicious bread, buns, pastries, doughnuts and various kinds of cakes, large and small, as well as a variety of cookies.

In renovating the building it was necessary to excavate sufficiently to allow for a sales shop with a floor at street level, at the front of the building. The baking [illegible] at the same level as the former post office floor, and besides the big oven, contains a large area of work or table surfaces. The interior has been fully re-decorated, and the new racks, tables, machinery and other equipment insures complete cleanliness in handling the food.

Bernie's Bakery is a family business, with Mr. and Mrs. Edward Sikorski and their son Bernie and his wife as proprietors, management and staff. Mr. Sikorski Sr. has had many years of experience in the baking business, [illegible] started as a baker in [illegible] in 1927. With the exception of only one short interval, he has spent the intervening years gaining experience and skill in the business of baking.

The people of Vermilion and district are invited to come to the bakery and to inspect the premises. They will be able to assure themselves that this is indeed a modern, well-equipped bakery able to provide baking products of high standard in quality and cleanliness.

Crossing Collision Between Cars Proves Expensive

The Vermilion Standard can no longer be accused of not having a reporter right on the spot when it comes to accidents. As a matter of fact, on Friday morning last, the reporter was not only on the spot, but was very much right in the middle. There were also other interesting ramifications, the driver of one car involved was an M.L.A. while the other car was owned by the Alberta government!

To proceed with the story . . total damage of $1271 was done to the two cars as a result of an intersection collision on 49th avenue and 46th street. One car, a 1957 Ford owned by Ashley Cooper and driven by him at the time suffered $685 damages to the front end, while the other car, a 1959 Plymouth, driven by Marshall Sharek, was banged up to the extent of $586, also to the front end. Beyond two cuts and many bruises, no one was hurt.

Cooper was proceeding north at the time taking his daughter Lois and Lynn Fooks to the high school and had followed the truck route. Sharek, who is a pest control inspector for the province, was leaving town and was travelling east on 49th ave. Each driver failed to observe the other in time and [illegible] front ends of the two cars collided at the centre of the intersection.

As body repairs cannot be achieved just overnight, Marshall will have to do his rat catching on foot while Ashley will be covering the news and advertising beat on shanks ponies for some time to come, which exercise will probably do them both some good.

Vermilion, Alberta,
Box 622,
Jan. 16, 1960.

Dear Mr Editor:

I have just come from the hockey game tonight and I want to complain about the fire exit in the north-west corner of the arena. I was sitting in that corner all through the game, and finally noticed, during the rest period between the second and third periods, that the fire exit door was locked and NAILED shut. Wouldn't you call this a fire hazard? There was no fire tonight, but what if there would have been? Many people, adults and children alike, would surely have been trampled and injured.

If the owner or manager of the arena doesn't want people coming in without paying, he should place someone at these exits to watch, not nail them up so people cannot get out, don't you think so? Something certainly should be done about this. Maybe all the fire exits in the building are nailed shut for all we know. Perhaps a check should be made by the fire chief in this regard.

Hoping my letter will be reproduced in your paper that is read by everyone in Vermilion,

I remain,
[illegible]

Vermilion, Alberta,
Jan. 14, 1960.

Mr. Ashley Cooper,
Editor, Vermilion Standard.

Dear Mr Cooper:

I have been instructed by our local branch of the Canadian Red Cross, to thank you for the fine co-operation you have shown in giving publicity to the work of the Red Cross.

Sincerely yours,
Lilian [illegible], Sec.

LOCAL NEWS

ENGAGEMENT ANNOUNCED

Mr. Lorenzo Clark of Vermilion announces the engagement of his sister Gladys Ellen, the only daughter of the late John L. Clark, to Mr Thomas D Watt of Kokness. The wedding will take place at the First United church, Vermilion, on Saturday Jan. 23, at 2:30 p.m. A reception will be held at the home of Mr and Mrs. Charles Cawthorp at 3:30 p.m. Friends and relations will please accept this as an invitation.

Miss Marjorie Waldenberger was honored last Friday evening when Mrs. Clive Stephens entertained a number of friends of the bride-elect at a miscellaneous shower.

Miss Alice Keith has arrived home this week after visiting relatives and friends in Winnipeg for the past three weeks.

Friends in the south country are very interested in seeing Ken Kennedy driving a Ford car. Just what the significance of this is, the Editor doesn't know.

CAPS NIECE AT LAMONT

Mrs. Karl Marklund of Kokness paid a brief visit to Lamont to attend the nurses capping ceremony when fifteen student nurses received their caps. Being a graduate of the Lamont hospital herself, Mrs. Marklund had the pleasure of capping her niece Miss Leona Townsend. Best wishes are extended to Leona and her classmates for a successful nursing career.

Mr E. H. Buckingham is a lay-delegate representing the Edmonton diocese to the Anglican synod being held in Winnipeg all this week.

WINNERS AT WHIST

The winners at the whist party held in the Legion hall by the Ladies Auxiliary to the Canadian Legion Post 11 were as follow: Ladies — 1, Mrs. Waldenberger; 2, Mrs. E. Wetherspoon; 3, Mrs. Osterberg; playing as gents — 1, Mrs. Margaret Burton; 2, A. Tuey; 3, Mrs. Ethel Rooks. Travelling prizes were won by Elsie Cross and Mr. Webber.

Mr and Mrs. Harvey Anderson Sr spent New Years at Fort St John, B. C. with their daughter Julie and family, Mr and Mrs. Ross Himmelreich. They also flew to Swan Hills to visit son Ross and family. On their return trip to Vermilion they called on Mrs Anderson's sister, Mrs. F. Stinvall and son Ross and stayed over night with their daughter Dorinda in Edmonton.

Mrs G. F. Stephens and Miss Margaret Stephens were business visitors in Edmonton on Tuesday of this week.

DIES AT LONG BEACH

Mrs. S. H. Carroll has received word that her sister-in-law, Mrs. W. H. McClinton, had passed away at Long Beach, Calif., on Jan. 10th. She is survived by her husband, two sisters, Mrs. Ted Ryley and Mrs. Don Allan and three brothers. Mrs. McClinton is a former Vermilion resident coming here in 1906 with her husband when they operated a bakery and then a flour and feed store. Leaving Vermilion they lived at Yakima, Wash., Grandview, Wash., and then to Long Beach following retirement from the business. Mrs. McClinton was 78 years of age.

Neil and Henry Powell of Fort Saskatchewan are very proud to announce that they now have a baby girl, Lois Leah, who was born on January 5th, weight 7 pounds, 6 ounces.

Mrs. S. R. Craig of Camrose, Alberta, is visiting for a week or so with her sister and brother-in-law, and mother, Mr. and Mrs. D. C. Folk and Mrs. H. Crow, of the V. S. A. campus.

Mrs. Harry Hillaby returned home on Friday after having an operation in an Edmonton hospital. Mr. Hillaby had a birthday and they had a wedding anniversary on Jan. 14th. Congratulations and good wishes are extended to them.

[illegible] Oscar Fleming is around again after a week and a half in hospital at Lloydminster.

Mrs. Jim Hale was a patient in Lloydminster hospital last week.

Mrs. Ferguson went to Lamont on Friday to visit her mother, Mrs. Alton.

Mr. and Mrs. Sealey are Edmonton visitors at the home of their daughter Grace.

Mr. and Mrs. Alvin Parker, and Mr. and Mrs. Norman Rooks attended the capping ceremony at Lamont on Jan. 16th when their daughter, Louise Parker, and Katherine Rooks received [illegible] caps. Congratulations and [illegible] wishes are extended to the girls on this step in their chosen careers. Mr. and Mrs. Sealey also attended the ceremony.

News is plentiful on the hockey front this week. The senior team played three games at home with the following scores: Marwayne 7, Lloyd Carpenters 2 in a game played Sunday, Jan. 10th; Marwayne 10, Heinsberg 2 on Wednesday, Jan. 13th; Marwayne 2, Fort Pitt 2 in an overtime game on Friday, Jan. 15th. With the Bantam team game played on home ice on Saturday afternoon, Marwayne won 5 to 0 over Dewberry.

The Marwayne F. W. U. A. are sponsoring a baking demonstration on Friday, Jan. 29th in the basement of the Elks hall. It will get underway at 2 p.m. and supper will be served at 5 p.m. Everyone is welcome.

Six scouts took advantage of the beautiful weather on Sunday and went on a hike. They headed off north-west across country until they hit the creek and followed it on to the trestle exploring as they went. They cooked their dinner over a camp fire several passing tests. The patrol leader had an accident with the beans, but all had a good time.

Marwayne C.G.I.T. Active in December

MARWAYNE — The Marwayne C. G. I. T. groups held a joint Vesper service on December 14. Six new members were initiated at this service. At the close of the service each girl carried a lighted candle as they sang "An Evening Prayer." Then they sang "Taps" before going home.

The girls went carol singing around town on Dec 20th. They returned to the church, exchanged gifts and enjoyed a good lunch.

OUR LETTER FROM EDMONTON

Canada-Wide Attention Focussed On Natural Gas Export Question

by KEN MASON

EDMONTON — The natural gas battle raged on last week.

It became evident that the National Energy Board hearings on gas export in Ottawa are being held against a background of doubt and uncertainty here in Alberta where the natural gas is produced.

Despite repeated assurances by Premier Manning that large-scale export of gas will benefit all Albertans and tend to keep domestic prices down, there are a lot of people who remain unconvinced.

The biggest fear seems to be that Alberta consumers may suffer as the result of increased wellhead prices brought about by competitive bidding for gas by export companies.

The City of Edmonton threw a bombshell at the Energy Board in its brief submitted last week, asking for clarification of a ticklish point, namely: whose responsibility is it to regulate the control of wellhead prices?

If it is the responsibility of the federal government through the energy board, said the Edmonton brief, that point should be settled immediately.

The Edmonton brief drew immediate reaction from Premier Manning, who was completely amazed that the capital city would raise the question. He said Alberta has contended all along that the province has exclusive jurisdiction rights over gas within the province.

Further, he said, the Alberta board of public utility commissioners has full powers to look at wellhead prices in determining "fair and reasonable" rates for Alberta consumers, and is not bound to take into account any contracts between exporters and producers.

Mr. Manning found it unfortunate that the public is being given the mistaken idea that it is being protected by such manoeuvres which serve only to obstruct the development of export markets for gas.

Edmonton's Mayor Elmer Roper (former CCF leader and an old hand at locking horns with Premier Manning) was quick to reply to the premier's statement.

Mr. Roper said the hysteria raised by the Edmonton brief is proof of the importance of questions it raises. "All we are asking for is a simple answer to a simple question . . . if a simple answer can't be given it is pretty good proof we've raised a mighty important question."

Elaborating on the city's position, the mayor said Edmonton "wishes to be sure that if and when the application of price escalations for wellhead gas causes increases in prices to our consumers, somebody then will have authority to determine whether or not such increases are warranted."

The city's request seems straightforward enough, but it drew a charge from the Canadian Petroleum Association that such an "ill-considered move" might delay Alberta's future progress by undermining investors' faith in the Alberta gas industry.

Edmonton city solicitor Alan MacDonald chipped in with the observation that the jurisdictional question has been a "skeleton in the closet" for years. Those opposing Edmonton's brief he said, "think it is naughty that we should open the door and show it."

At week's end, the dispute was far from settled and the public remained as confused as ever. Recent increases in natural gas rates have made gas a burning issue anyway. Premier Manning says higher wellhead prices resulting from export are a minor factor in domestic rates. Others aren't so sure. The gas issue will undoubtedly be aired during the forthcoming session of the Legislature, but it's doubtful if anything will be accomplished. The economics of the gas industry are so involved it takes an expert to understand all [illegible].

An estimated 40,000 Albertans will be eligible to receive five tins of pork as a result of a federal government offer. Ottawa has between 70,000,000 and 80,000,000 pounds of pork (bought at support prices) and is now trying to give it away to pensioners [illegible] institutions. Alberta Deputy Welfare Minister Ray Hagen says distribution will start soon in Alberta. He says 40,000 will be eligible initially and possibly more will get in on it later.

Mannville and District Local News

Sympathy of the village and district is extended to relatives of a grand old lady of Vermilion in the person of Mrs. Wes Hamilton who passed away very suddenly at Vermilion. Mrs. Hamilton was a former resident of Mannville both of the village and of the country south of Mannville where she lived on a farm with her husband before they [illegible].

We regret to report that Mrs. Jack Clark suffered a fall at which she broke her leg and is presently a patient in the local hospital.

Nestor Bohaichuk is once again a proud papa. A 7 lb 9 oz baby son arrived to join their family at noon on Sunday. The cigars that the father handed out were real fancy too. Your local editor got one complete with a built-in holder.

Visiting her sons and their families here is Mrs. Rudd Stevenson, of Birch Hills, Sask.

Carman Hughes is in charge of the Midland Hardware while Bill and Mae Ross are enjoying a well-earned trip to the States and other points of interest.

The rural electrification clinic held here during the past week was most informative. Ladies of the Royal Purple lodge served lunch.

Mrs. Maurice Meyer is spending a few days in Edmonton at the home of her daughter Carol Bennett.

Mr. and Mrs. Fred Proudfoot accompanied by Mr. and Mrs. Fred Stadnyk spent a few days in Edmonton last week.

Please [illegible] to write [illegible] items of interest [illegible] for this column.

The ladies curling spiel is set for January 29 and 30.

[illegible] held their regular meeting recently with four members present. Decision was made on a future handicraft project depicting the life of Christ.

The next meeting will be held on January 26 at 7.15 p.m. in the United church social rooms. The two leaders, Misses Joan Lynch and Elaine Ross, with the members extend a hearty invitation to any girls 12 years of age or thereabouts to join them.

CHILDREN'S FRIEND

Traffic was held up at an intersection in North Bay, Ont., as a small boy marched over to Traffic Constable Al Farrow and presented him with a package. Later Constable Farrow found his gift was a box of carefully wrapped homemade candies with a note inside which read, "To our good, big, friend from all your little friends. A Very Happy Christmas. Grade I St. Mary's School."

Former Vermilion District Citizen Dies At Estevan

Richard Philip Shoddice, formerly of the Kitscoty and Wildwood districts, passed away at Estevan, Sask., on Jan. 14. He was 84 years of age.

Mr. Shoddice came to Vermilion from Ontario in 1918, and was engaged in the blacksmithing business here for four years. He then moved to Kitscoty where he carried on the same business for twenty years. Following this he and his family resided on a farm in the Wildwood district until Mr. Shoddice's retirement in 1950.

Left to mourn his passing are his loving wife, five sons, Richard of Estevan, Jim of White River, Ont.; Roy, Edmonton; Clifford and Clayton of White River; three daughters, Mrs. Alvin Cook (Rose), Edmonton; Mrs. Albert Trees (Shirley), of Lloydminster; Mrs. Bill Wilson (Madeleine) of Edmonton; one brother Wilfred, Winnipeg, and three sisters, Mrs. Bert Sweeney, Niagara Falls, N.Y.; Mrs. Chas. Velis, Toronto; Mrs. George Schuler, Calgary. There are eight grandchildren.

Funeral services were held on Jan. 18 in Kitscoty United church with Rev. J. Shortt officiating. Interment took place in the Kitscoty cemetery.

Meyer's Funeral Home was in charge of arrangements.

Only the green signal means "Go". The other driver may be speeding to sneak through the [illegible]. tf

TOLLAND TOPICS

Congratulations to Mr. and Mrs. J. M. Smit of Banff (nee Jean Lakeshock, formerly of the Woodvale district) on the birth of a son.

Mr. and Mrs. Camille Gauthier and two boys are living in Fort Good Hope, N.W.T. where he is teaching at the Indian school. They made the trip by air and are very comfortably settled in a modern suite above the school. Fort Good Hope is only fourteen miles south of the arctic circle and they have had sub-zero weather since their arrival in September. There are just seventeen white people in the settlement.

Bridge playing is becoming popular in the district. Contact Keith Lyons for lessons.

The slides taken in Egypt and the talk given by Mr. and Mrs. N. N. Bentley were enjoyed by all present at Woodvale on Jan. 9th.

The films shown at Union hall by Mr. Milo Fleming of the Alberta Wheat Pool on Jan 13 were also very much enjoyed by a large and attentive crowd. The reports given by Mr. Kent and Mr. Dobson, the delegate from this district, were most interesting too. Much praise was given to the community for having such a fine new hall.

Sincere condolences are extended to relatives of Charlie Morand and also the family of Chas. Friedland. We hope the Potter family who were injured in a car accident on the way to Mr. Friedland's funeral are soon well again.

The regular meeting of Gan[illegible] Red Cross auxiliary was held at Mrs. Raymond McQuid's on January 6th with nine members present. The next regular meeting will be held at the home of Mrs. Harry [illegible]smith when the district Health Unit will show slides on Welfare work on Feb. 2nd at 3 p.m.

Mrs. Roger Watt taught for a few days last week as Miss Hagate was ill. We are pleased to report that she is much better now.

Kinsmen Entertain at "Ladies' Night" Meeting; Eighteen Couple Attend

Eighteen couples sat down to a turkey supper at the Kinsmen dinner meeting on Monday, Jan. 11. The dinner was followed by a business meeting at which a report was given on the New Year's ball. This event was a very enjoyable evening for all who attended and was considered a success. A motion was passed that the Kinsmen sponsor a bicycle rodeo sometime in the spring.

Before the close of the meeting Kin Pete Morris gave a very interesting talk on artificial respiration which was demonstrated to the club by a film.

After the meeting the Kinsmen and their wives retired to the home of Mary and Art Morgan where a social evening was enjoyed and Mary and Art were presented with a gift to commemorate their tenth wedding anniversary.

Maidstone Jets Take Close 6-4 Decision From Tigers

Maidstone Jets, being the fastest skating team to appear in Vermilion this season, had a hard time taking a 6-4 decision from the Tigers last Saturday evening. Going into the last 3½ minutes of the game the score was all tied up at 4 all and [illegible] the Tigers had enjoyed a [illegible] margin. The Jets had the reserve and came up with two counters in the dying moments.

The largest crowd of the season, 700 paid, which meant more than 800 people in the rink with players, ice sweepers, [illegible] etc. Needless to say they really saw a game, lightning fast with both teams sporting some nice combination plays.

Referees were McConnell of Maidstone and Ralph Rudd of Mannville.

ANDY REDFORD CONFINED TO COACHING DUTIES

Andy Redford is now the coach of the Tigers, taking over those duties following a slight heart attack suffered in a game early in the season. Bruce Anderson who started off the season as coach, promptly put on the blades and is filling big Andy's spot as an active player.

JOHNNY MACHON OUT FOR SEVERAL GAMES

Many fans are asking what has become of a starry young defenceman Johnny Machon. John suffered a shoulder injury while practising at Dewberry, and this was further aggravated in a league game at Neilburg. Johnny, as everyone knows, doesn't spare himself and is a body checking defence player as well as rusher and great puck carrier. It will be good to see the youngster back in action.

The fiery-thatched young goal [illegible] is none other than a brother to Wilson Brooks south of town and Wilson was right on deck to see how brother Gordon performed.

And speaking of goalies, both Brooks and Scoggins came up with a marvellous display with Lorne being positively brilliant several times.

House Warming Is Held At Starko's New Home, Allandale

Friends from Island Hill, Campbell Lake and Allandale gathered at Mr. and Mrs. Johnny Starko's home on the evening of Jan. 12 for a house-warming in their lovely new modern home, which is a wonderful asset to any farm. The gathering proved quite a surprise to the family.

Orley Omness acted as M.C. and after a social evening had the attention of the gathering, with the following remarks:

"It's nice to see a farmer build a house. It proves they have confidence in the country and plan to live there and be good neighbors for some time. To describe the kind of home you have I will quote a poem —

"Heaven bless your house today
With peace and plenty too.
The walls wherein you dwell in joy,
The roof that shelters you.
The windows open wide to love,
The hearth where friendship glows.
The door [illegible] welcomes all who [illegible]
And [illegible] one who goes.
Bless the trees that stand outside,
Bless every flower too.
And bless the things that make this house
A 'Home Sweet Home' to you."

"On behalf of your friends" Orley continued, "I present this gift and purse to you folks as a token of friendship to good neighbors."

Mr. and Mrs. Starko thanked the folks very much for the gifts, a lovely TV lamp and a purse, and the kindness and thoughtfulness of their neighbors to visit them in their new home. They expressed also appreciation of other kindnesses shown them in the past.

A bountiful lunch was served and "For They Are Jolly Good Fellows", was sung which closed a very enjoyable evening for all.

One Million Dollar Gift To All Qualified High Schools

TORONTO. — A $1,000,000 gift to Canadian secondary education in the form of complete sets of Encyclopaedia Britannica for all qualified high schools has been announced by the Canadian School Trustees' Association. The sets are being donated by Encyclopaedia Britannica of Canada Ltd., as the company's contribution to Canadian education. Pretty Mary-Lou Keeler, Senior high school student, looks through volume of Encyclopaedia. More than 1600 sets will be shipped soon to schools from coast to coast. It is expected the Vermilion High school will be included in the list of those receiving the very acceptable gift.

Alberta High Schools To Receive Gifts of Encyclopaedia Britannica

TORONTO. — More than 200 Alberta high schools will share an unprecedented million-dollar gift to Canadian education announced this week by Charles L. Simms, Fredericton, president of the Canadian Trustees' Association.

The gift is being made by Encyclopaedia Britannica of Canada Ltd.

Terming the donation of a set of the Encyclopaedia Britannica to every qualified high school in Canada "the largest single contribution ever made to secondary education in this country", Mr. Simms said that over the next few weeks more than 1600 sets of the latest edition of the authoritative Britannica would be going into the libraries of English-speaking high schools, including private schools, from coast to coast. Later, sets will be presented to those French-speaking schools which would like to have it.

The sets will be presented by the chairmen of the local school boards or equivalent bodies. Presentations will be made in metropolitan centres in the name of each school's first principal, and in smaller centres in the name of the person deemed to have done most for the community.

"The sheer logistics of the gift are breath taking," Mr. Simms told a meeting of leading educators and press representatives. "Since the sets are to be replaced on a regular basis the value of the donation is well over one million dollars. More than one thousand local school boards are involved in presentations to the 1600-odd schools with a total enrollment of an estimated 650,000 pupils".

Kurt R. Swinton, president of Encyclopaedia Britannica of Canada Ltd., told the meeting that he had wondered for some time if the average secondary school library contained an adequate reference work, which he considered an essential to modern education. "A survey disclosed a countrywide lack and Britannica decided to do something about it," he said.

"First, approval was sought and obtained from the ten provincial ministers of education. Lists of schools were acquired, checked and codified. From the very first we realized that the Canadian School Trustees' Association was the key to distribution of the sets. The co-operation of Mr. Simms and his fellow officers and trustees has made the whole program possible."

Britannica officials had to find storage space for around 90 tons of books — enough sets to fill a bookshelf a mile and a quarter long — and arrange for shipment to cover 1000 Canadian cities, towns and villages. The sets in transit will cover a gross estimated distance of one and one half million miles.

Farmers' Union Holds Work Shop In Edmonton

The newly-formed association of the Farmers' Union and Co-operative Development Association, held their first meeting in the MacDonald hotel in Edmonton, Jan. 3rd to 6th with an attendance of 40 delegates.

Under the direction of Mr. Floyd Greisbach, Educational Director and program organizer, assisted by Mr. Allan Des Champs, Department of Extension, Mr. Gordon Moss, Supervisor of Field Service Department, U. G. G., and Mr. Bill Hlushko, Public Relations Department, A. C. W. A., the program got underway at 7.30 p.m. Jan. 3rd.

The purpose of the workshop was to familiarize the group with the proposed constitution and regulations of the newly formed association.

The association purpose — to conduct an education and training program for the department of rural citizenship and leadership and to promote understanding and support for the co-operative movement.

The supporting organizations are: Alberta Co-operative Wholesale Association; Alberta Livestock Co-operative; Alberta Wheat Pool; Co-operative Fire and Casualty Insurance; Co-operative Life Insurance; Central Alberta Dairy Pool; Farmers' Union of Alberta; United Farmers of Alberta Co-operative; United Grain Growers with head office at Farmers' Union Bldg., 9934 - 106th St., Edmonton.

The program consisted of a quiz, panel, group discussion and a buzz session with evaluation sheets to determine the value of the workshop. Monday night, farm forum night, was very interesting and after groups had taken part in a questionnaire, Mrs. Roberts summarized reports and sent a copy to the secretary of the farm forum.

Delegates from this district were Mrs. Paul Belik, F. W. U. A. Director, District No. 7, Edgerton, and Mr. G. M. Dickson, U. F. A. Co-op delegate, district No. 17, Chauvin, Alberta.

Engineer, Formerly On Clandonald C.P.R. Run Retires

Railroad engineer, James Howse of Edmonton, finished his last run on Saturday morning, January 9th, when he brought Northern Alberta Railways No. 2 passenger train from Dawson Creek into the C.N.R. depot, to end a railroading career which began in 1916.

Jim worked on the C. P. R. through Clandonald as an engineer when it was under construction. The Howse family was well known around Clandonald and district years ago.

Jim had worked as a cowboy at one time, and was one of Western Canada's champion bronco riders in his early days. He was then known as "Battle River [illegible]."

There are four sons, some of whom have followed in their dad's footsteps by becoming railroaders. Now that Jim has retired he and Mrs. Howse plan to establish a hunting lodge in Fall, B. C.

Health Unit Notes

FUTURE OF HEALTH EDUCATION

There is no field of human endeavor where there is only progress, leaving it a wide open question that constitutes progress in human affairs. In health education we not only have to continuously fight ignorance but also newly developed superstitions and worse, the ever-present commercial exploitation of the fear of getting sick and the suffering from pain. Superstition was not only an affair of the Middle Ages but each generation creates its modern edition of superstition, as let's say, about blood transfusions and there is always the danger of misunderstanding of scientific discoveries by the public or the wilful promotion by the hucksters of patent medicine.

Today television especially has become one of the biggest sources of health misinformation. I still do not know what "tired blood" is, but I am sure I'm getting tired of hearing of it. A new anatomy has been created in visual form showing a purple glass tube as an esophagus and neat compartments in our brain for pounding hammers and bolts of lightning outselling the "one-dollar-a-bottle" patent medicine man by millions of dollars for unnecessary headache and backache pills.

The phony "make believe doctors" have finally disappeared from the screen, which made one of our Cleveland wits, Joe Newman, write in the Cleveland Press:

"What — no docs on television?
I resent this cruel excision!
They have told me without charging
Why my liver is enlarging,
Why my skin is so unsightly,
Why I feel so weary nightly,
Why my hair is disappearing,
Why I'm getting hard of hearing,
Why I'm flirting with arthritis,
[illegible] and bronchitis, athlete's foot, appendicitis.
Am I in this grim condition,
Forced to call a real physician
For whose dubious advices
I'll be charged outrageous prices?
If this [illegible] must now be closed for,
What's my television good for?"

Too much money is wasted on headache pills and reducing aids. Advertisements for dentifrices are often false and misleading.

Too often health education is of the "now you see it — now you don't see it" type. It lacks permanency and continuity. It is sporadic and deals more with disease information than with personal and public health. Much can be said in favor and also against health museums.

Health education has not yet reached top priority but without good generalized health education improvement of our citizens health is hard to achieve. The future will always be uncertain but there is consolation in nature itself. The heart of even the spaceman traveling to Mars will beat at the regular rate of 70 strokes a minute, parents will always have 280 days to agree on the name of their next child and the sun, the earth and the moon will steadily circle the usual rounds at their accustomed speed — whatever it is we human beings think of to make this earth a better world to live in.

SHOT BY POLICE PLEADS NOT GUILTY

David L. Moody who was shot by police in a laneway behind his home last October 14 elected trial by jury. Mr. Moody was fixing his car at the rear of his home when two policemen dressed in old ragged clothes approached him. They were investigating a series of break-ins in the area. Moody began swinging a heavy chain at the officers and was shot through the lungs. Above he is shown with his wife arriving at court where he has been charged with assaulting police and having an offensive weapon.

Mannville W. A. Members Attend Diocesan Annual Covention

MANNVILLE - With 15 members and two visitors present at the home of Mrs Douglas Otto, on Thursday, January 14th, the Happy Hour W. A held its regular meeting. The new president, Mrs. Betty Forsyth was in the chair and read the opening prayers. Mrs. Nancy Cuxford read another portion of the study book and Mrs. Kay Corkle lead the litany in the worship service.

Reports of the secretary and treasurer were approved as read. Others were heard and given due attention. Two members had birthdays, which helped the birthday box. Discussion was held re future projects, and it was decided to hold a card party on January 28th and a bake sale in February. Two delegates will attend the Diocesan Annual. It was the unanimous decision of the meeting. Visits and gifts, cards, etc. were received by sick members of the congregation. Meeting closed with prayer, followed by a delicious lunch served by the hostess and president.

NEWS from ALLANDALE

Weather — On Jan 2 it went down to 22 below, first real cold since the middle of November. As yet there is very little snow. Near the middle of January with grand weather prevailing.

Sorry following was [illegible] in our last news. Mr Ed Hagstad and brother Melvin from Ponoka were among the fishermen at Lake Wabamun, just off their summer resort home. A friend of the family is staying at the Magistad home there and had the menfolk for meals which were outstanding. He served pie of his own making every meal! The men truly appreciated his kindness.

The Charlie Moore family of Deer Lake were united at Christmas and Wilbur being home for a week. He is now 280 miles north of Peace River doing seismograph work.

Mr and Mrs Giles and family (Louise Habstritt) from Uranium were home at her parents, Mr and Mrs. Johnny Habstritt in town for Christmas.

Sorry to hear of the illness of Mrs. Johnny Habstritt, so well known here. She was in an Edmonton hospital. We wish you the very best Pearl.

Orley Ottensen and grandson Raymond Wilson were ice-fishing on Laurier Lake on Dec 29. Son-in-law Paul Whelan and Orley had good catches on Jan. 9.

An unusual and interesting sight was seen on the morning of Jan 7, a low flying helicopter cruising around.

Mr and Mrs. Paul Whelan and family from Lincoln Park arrived on Jan 7 to holiday at the Ottensen home.

The Allandale W.A. met at the McPhee home on the evening of Jan 14. All were pleased to have as visitors Mr and Mrs Chris Christman and son Walter, Mr Dave McPhee, Mr and Mrs Wm. Armstrong and Mrs. Nora Monaghan from Islay accompanied Mr and Mrs. Geo Throndson from town to the meeting.

The February meeting will be at the [illegible] Nelson home. Roll call — an apron, lunch, Mrs. M. McPhee and Mrs. D. Strome.

A card party was held at the centre on Jan. 15. Prizes were won by Mrs. Elm Nelson, Mrs. [illegible] Throndson [illegible] Or[illegible], Ralph [illegible], Herb McPhee and Bill McIntyre. Next card party will be held Jan. 29.

Closing thought: "Each of us has in his heart a little tri-square called a conscience, by which to test each thought and word and deed, and to determine whether each is true or false. By as much as a man honestly applies that test to his own heart and his relations with his fellows, by so much will his life be happy, stable and true."

Tips on Touring

By Carol Lane
Women's Travel Authority

You may have perfect vision — yet fail to 'see' traffic situations that can lead to accidents. The trouble? Faulty perception.

A new technique for testing drivers' perceptive ability and helping to improve it is a strip film prepared by New York University's Center for Safety Education.

Each of the 30 slides making up the strip film shows simulated traffic hazards. Each frame is individually flashed on a screen. It's up to the viewer to spot the hazards and then discuss how he would avoid becoming involved in an accident.

The strip film can be used in the high school driver training courses, corrective driving clinics, and other similar programs.

The driver perception program at New York university is part of a three-year project launched by the Center for Safety Education to find what personal traits lead drivers to have automobile accidents, and to develop better tests for driver licensing.

The driver research project has been made possible by a special grant to the Center by the Shell Oil Company.

The strip film can be obtained free of charge by writing to the Shell Oil Company of Canada, Limited, Box 400, Terminal 'A', Toronto, Ont.

CUB BOTTLE DRIVE

The Cubs will hold their annual bottle drive on Saturday, Jan. 30th, starting at 10 a.m. Householders are asked to please have their bottles ready for the boys to pick up. This is a good opportunity to clear out those "empties" and support a worthy cause as well. 28-9

Pleasant Valley

It's a little colder but the roads are good for driving and many people are doing a little visiting around during the slack time.

The Potvin family, yours truly and hubby were supper guests at the home of Mrs Gillies. It was like a xmas dinner again with turkey and all the trimmings.

Last Friday night Christie Gould and family were supper guests at Betty Gould's home. What did they have? Turkey!

On Sunday the Clark family were dinner guests at the Hobbs home.

The Belton family visited at the Potvin home on Sunday. We were sorry to hear that Mrs. Maire has been ill again. We wish her a speedy recovery.

Gordon and Betty Purner were visitors at Laurence Gould's home on Saturday night.

CLAYSHORE CLIPPINGS

Mr. and Mrs. Jack Willis, Don and Linda, Mr and Mrs. Ernie Livingstone and Doug. were all Sunday evening supper guests at the George Watling home.

Mr and Mrs. Richard Stebner were Sunday supper guests at the Olstad home.

Mr. and Mrs. Lynch have had the former's brother from Wisconsin visiting them.

Sunday callers at the Olstad home and Stebner home were Mr. and Mrs. Joe Bauer, Larry and Stanley of Mannville.

Sandra and Donna Olstad were Friday overnight guests with Georgia and Lorraine Watling, along with Terry Watling and Lynn Machin. They all helped Lorraine celebrate her birthday and according to all reports, had a lovely time.

Mr. and Mrs. Ronnie Bauer and family were Sunday supper guests at the Nelson Tyler home.

Beware of exhaust fumes in slow moving or halted traffic jams. Shut off heaters or switch to "inside air". tf

Only the green signal means "Go". The other driver may be speeding to sneak through the amber. tf

It was decided that roll call be answered with an article for the bazaar again this year as this proved very successful last year. If unable to have something ready for the day of the meeting come anyway. A motion was passed to cater to the wedding on Feb 19. Plans were made for the pot luck supper in the church basement on Jan 12. A fairly large crowd attended. It was pleasing to have the cooperation of some of the McLaughlin people in this and also to see some of the Edgerton men come for the meeting following the supper. At the meeting in the church Mr C Ball was M.C. and announced [illegible] hymns which were sung and led by the P.V. choir. Mr [illegible] welcomed the speakers Mr P. Robertson [illegible] [illegible] year's program was planned.

The Alberta Wheat Pool held a meeting in the hall on Friday [illegible]

Patients in the Lloydminster hospital this week include Mr Frank Wood, Miss Donna Brassington and Lloyd Knutson. We hope that they will soon be back home.

Mr and Mrs. Arthur [illegible] are visiting with their son and daughter-in-law Mr and Mrs William Flint at [illegible], B.C.

Glad to see Mrs. J. I. Kragnes home from the Lloydminster hospital where she has been taking treatment.

Now for the weather. Nothing to complain about here. We are enjoying splendid weather so far. Our fingers are crossed that it will continue.

A bingo and dance was held on Friday night in the hall. A fair crowd turned out for the bingo but a larger one was on hand for the dance. The McLaughlin orchestra furnished the music. The Levers and Dobsons were the lucky ones at bingo.

Mannville Students Win and Lose

MANNVILLE. After going down to defeat to Vermilion School of Agriculture basketball team recently with a score of 34-12, Mannville girls staged a marvellous comeback on Friday at their home gym by defeating Vegreville girls by a score of 30-23 while the boys team lost to that same school by a score of 47-37, so Vegreville went home with one loss and one win. Congratulations, Mannville.

Alberta To Award $8,700 In Scholarships For Handicrafts and Visual Arts

Albertans working into fields of arts and crafts, drama, librarianship, music and recreation are eligible for a total of $8,700 in scholarships to be awarded this year by the Cultural Activities Branch of the Alberta Department of the Provincial Secretary. The grants are to assist persons in furthering their education or training in any of the particular fields.

Five awards of $250 each will be available in the division of music. Applicants must be between the ages of 18 and 26 years and should intend studying at a recognized school of music, university or with a recognized private teacher. Deadline for completed applications is Feb 29.

A total of $1,250 in scholarships ranging from $50 to $500 will be available to candidates wishing to further their professional training in the field of recreation. Application deadline is March 31.

Two grants of $300 each and one grant of $250 will be available to applicants in the field of librarianship. To be eligible a person must be a university graduate, or expect to graduate in May. Deadline for applications is March 31.

Residents of Alberta who are 18 years of age or older may apply for scholarships in visual arts (oil painting, water colors, pen and ink, sculpture) or handicrafts (weaving, ceramics, metal, leather). A total of $1,250 is available in visual arts, and $1,800 in the field of handicrafts. Scholarships are in the form of bursaries for tuition in any accredited school of the winner's choice. Deadline for applications is May 15.

Drama students will be eligible for a total of $2,100 in scholarships. Applicants must be working in the field of drama and must have attained the age of 18 years. Only applicants considering entering a recognized drama school or university will be considered. Applications must be completed before March 15.

Acceptance of any Government of Alberta scholarship implies an understanding that the candidate will return to Alberta on the completion of the course of studies should a suitable opportunity present itself.

Further information on 1960 scholarships is available on writing Cultural Activities Branch, Department of the Provincial Secretary, Legislative Bldg., Edmonton.

Facts about Gas Rates

Here are the answers to the questions most frequently asked about the recent increase in natural gas rates and other related matters.

Why Was An Increase Necessary?

- **TO PAY FOR INCREASED VOLUMES OF HIGHER COST GAS SUPPLIES.**
- **TO PAY FOR HIGHER OPERATING AND MAINTENANCE COSTS.**
- **TO MEET TODAY'S HIGHER CONSTRUCTION COSTS.**

What about the Suggestion of "Bigger Profit" to the Gas Company?

- The company is allowed to earn a rate of return on the amount of money which it has invested prudently to serve its customers less the amount provided over the years for depreciation. Out of this return must be paid all financial costs, whether for interest on borrowed money or for dividends to the preferred and common shareholders.
- **The rate of return allowed now is the same as it was before the recent rate increase.** In 1951 the rate of return was set by the Board of Public Utilities Commissioners at 7½%. It was again set at 7½% at the recent rate hearings. If this return is earned by the company, the net earnings will increase but only because of the increased plant investment. In 1951 the costs of borrowing money were much lower, 3¾%, compared to at least 6% today. As there has been no change in the rate of return, in effect the shareholders' margin has been cut rather than increased.

Why is Gas Export Permitted if it Means Increased Prices?

- Export of natural gas is being permitted by the Provincial Government because of the tremendous benefit to the province. Alberta owes much of its improved prosperity to the gas and oil industry. The provincial market alone is not large enough to pay for the full-scale development of our gas resources. The further development of these resources will help maintain continued prosperity. Many new jobs will be created and new industries will be attracted. Large revenues to the Provincial Government will result from which all citizens of Alberta will benefit.
- **Most important of all the export of natural gas, because it means full-scale development of the province's gas resources will have, over the long term, a stabilizing effect on costs and keep them from reaching the levels they would reach if development was limited.**

If Export is Desirable, Why Have Gas Rates Gone Up So Much So Suddenly?

- A new large source of natural gas was needed to meet the growing demand and to help replace depleting company-controlled fields. This new source, Pembina, could not be connected gradually and therefore its impact on rates was sudden and substantial.
- **Our recent increase in rates was not a result of the export of natural gas.** It resulted primarily from a need to meet growth and increasing costs. These are the same basic reasons why the prices of many other services and commodities have increased substantially. The 11% increase in gas rates since 1951 does not seem unreasonable when we realize how other costs have risen.

If Natural Gas Is Our Heritage, Why Should the Price Increase?

- Our natural gas is a blessed heritage, as are all the province's natural resources of land, forests, waterpower, coal, oil and other minerals. The people of the province have already gained a great deal by the sale of natural gas exploration and producing rights to companies with the desire and ability to develop them.
- The value of the gas in the ground is a small part of the eventual selling price of natural gas. The prices paid to gas producers by Northwestern include, in addition to the cost of acquiring gas leases (the heritage) the costs of exploration, drilling, separating, gathering, processing, royalties, rentals, taxes, labor, maintenance, unsuccessful exploration and other miscellaneous costs.
- **These latter costs have and will increase. They are however, associated with the exploration, production and marketing of the gas and not with the "heritage".**

Why Not Continue to Take All the Gas from Viking-Kinsella?

- Viking-Kinsella has been the major source of supply for Northwestern. Now it is only one of **fourteen** sources, whereas 10 years ago it was the only one. Even if millions of dollars were spent on compressor stations, wells and pipelines, Viking-Kinsella would not be able to meet today's demands continuously for other than a very short period of time.
- **Viking-Kinsella and the other dry gas fields provide the most economical way of meeting short-term cold weather demands and it is essential they be largely conserved for this purpose.**

Is Northwestern Paying a Reasonable Price for Pembina Gas?

- The initial price of Pembina gas is 11½c per MCF. This price can be reasonably compared with the 10¾c price fixed by the Natural Gas Utility Board in 1948 for gas from the Turner Valley field.
- We understand that some $25 million was invested in order to gather, process and conserve the gas being produced in the Pembina field.
- We believe that the price of Pembina gas is a reasonable one when all factors are taken into consideration.

Is the Gas Company Connected With Export?

- We have kept in close touch with export developments in an effort to protect the interests of our customers. By following this practice we have been able to negotiate gas supply agreements with all three major export companies, which give our customers first call on the gas which is under contract to the export companies. These contracts, which were discussed in detail at recent public hearings, provide highly favorable, long-term protection for Alberta gas consumers.
- Northwestern's parent company, International Utilities Corporation, has among its investments a relatively small interest in two export companies, Trans-Canada Pipe Lines Limited and Pacific Gas Transmission Company. The latter company is part of the Alberta and Southern project to take Canadian gas to California.

Who Are International Utilities Corporation?

- International Utilities is a United States corporation with an investment in a number of Canadian and U.S. companies. Its principal holdings are in three Alberta utility companies: Northwestern Utilities, Limited; Canadian Western Natural Gas Company Limited and Canadian Utilities, Limited.
- International is owned by 6,548 shareholders of whom 3,307 are Canadians; 37% of its shares are held in Canada, 10% in the United Kingdom and the balance in the U.S.

Why Was Therm Billing Adopted?

- **The change to therm billing is not related in any way to the increase in rates.** It is a coincidence that the change to this method of billing took place during the time that the rates were being increased. The change in billing method would have been required even if no rate adjustment had taken place.
- Formerly the company was able to provide its customers with natural gas that varied little in heat content. The gas supplied contained 985 BTU's per cubic foot. Since the addition of a number of sources of gas of different heating values it has not been possible to maintain an unvarying heating value. The gas received by any one customer may vary from 930 to 1085 BTU's per cubic foot depending on its source. Without therm billing a customer could be substantially over or under charged for his gas consumption.
- Gas now is sold not by the measure of quantity, cubic feet, but by a combination measure of quantity and quality, a measure of heat content called the therm. Many items are priced to reflect not only quantity but quality as well. For example coal sells by the ton, but varies in price depending on the amount of heat per pound. In other words the price depends not only on the quantity but on the quality.
- The heating value stated on your bill is determined by a calorimeter, an instrument which burns a measured amount of gas and records its heating value. [illegible] recorders are inspected regularly by officials of the Dominion Department of Trade and Commerce.
- This method is in common use throughout North America and, in fact, is the required method of billing in some areas. By recent count there are 1,555 communities in the United States billed on a therm basis.
- **Therm billing is the only way to charge all customers fairly and equitably for the amount of heat energy used where the heat content of the gas delivered varies from time to time.**

Why Are Operating, Maintenance and Capital Costs Increasing?

- These costs are increasing largely because of inflation. Today's dollar doesn't go as far as it did yesterday in the paying of wages, buying of supplies, etc.
- We are continually studying our operations and making economies wherever possible. We find that our per customer operating costs, expressed in terms of dollars of constant purchasing power, are less today than they were in 1951.

Does the Gas Company Own The Milner Building?

- The gas company does not own The Milner Building. It is owned by an affiliated company, The North West Fidelity Trust Company Limited. Northwestern pays rent for three floors on the same basis as the other tenants in the building. A move was required when the company's former premises became inadequate, and it became impossible to properly serve the needs of our increasing number of customers.

What is the Amount of Rate Increase?

- **The Vermilion residential rate was increased by an annual amount of 11%.** Many have calculated the increase to be higher because they do not realize that the gas now contains more heat energy than in 1958. To get the same amount of heat in 1958 it would have been necessary to burn a larger volume of gas than today.

What Does the 11% Increase Amount To?

- The residential customer who uses 2,200 therms will have an average monthly increase of about $1.00. The 2,200 therms represents the average residential consumption on Northwestern's system.
- **NOTE: Some of our customers are on a budget plan under which their annual gas bill is paid in equal monthly amounts throughout the year. This method of payment is available to our residential customers upon application to our office.**

What is the Vermilion Residential Rate?

- The new rate is:

First 20 Therms	$3.00
All additional Therms	4.2c/Therm
Minimum $3.00/month	

- The old rate was:

First 3 MCF	$2.50
All additional MCF	[illegible]/MCF
Minimum $2.50/month	

- The exact equivalent of this old rate on a therm basis is:

First 27.9 Therms	$2.50
All additional Therms	4.09c/Therm
Minimum $2.40/month	

How Does the Cost of Gas Here Compare with the Cost in Edmonton And in Other Parts of Canada?

- **In part because of the nearness of supplies the Vermilion consumer obtains his gas at considerably lower cost than comparable consumers in other parts of Canada. He should always enjoy this advantage.**
- For the residential customer using 2,200 Therms:

Edmonton	$104.60
Vermilion	118.30
Regina	155.50
Winnipeg	193.90
Vancouver	268.80
Toronto	292.70
Ottawa	292.70
Montreal	301.50

Some Further Facts About The Company That Serves You

- **Since starting operations in 1923 Northwestern Utilities has had as its objective the provision of the finest possible gas service at the lowest possible cost. Its record is outstanding by any measure.**
- **In the past 10 years the number of customers the company serves has doubled, so has its pipeline system, and so has the volume of gas sold. Its record of service to Albertans is second to none.**
- **The company has spent more than $45 million in the last 10 years bringing gas service to thousands of Albertans. Despite such a large expenditure the company has been able to maintain rates that are among the lowest on the continent. The 1960 increases are the first in eight years although costs have risen substantially in this period.**

Livestock Men of Vermilion District Aid School for Retarded Children

Livestock men of this district rallied to the aid of the School for Retarded Children when they made a generous donation of $219.91 to the committee who worked so hard to establish the school here.

The money donated was a bank balance to the credit of the North-Eastern Alberta Livestock Sales Association, now inoperative. The executive of the association decided to donate the remaining funds to aid the School for Retarded Children.

Shown in the picture are Mr. Scotty Hines who is president of the Sales Association and Mr. Charles Pearman, the secretary, jointly presenting the cheque to Mr. Percy Cooper in the centre. Mr. Cooper is chairman of the Board of Directors for the school.

Shown in the picture from left to right are Mrs. K. Hemmingway, assistant teacher at the school; Mr. Pearman; Mrs. C. Neis, a member of the Board of Directors; Mr. Cooper, Mr. Hines; Mr. J. Blocksidge, school superintendent and a director, Mrs. Myrtle Senz, the teacher; Mrs. Dauchot, district health nurse and director.

The presentation was made in the house being utilized as a school. There are eight children attending, ranging in age from six years upwards, most of them in a school for the first time. Of these children, one is from Derwent, two from Mannville and five from town and district. There are two teachers, Mrs. Senz and Mrs. Hemmingway.

Progress Indicated At Annual Meeting of Alliance Chapel

At the annual meeting of the Alliance Chapel, Vermilion, Tuesday, Jan. 19, the following officers were elected:

Recording Sec'y. -- E. Clendenning; Treasurer -- Mrs. W. Mix; Financial Sec'y. -- R. Heppner; Elders -- A. Tovell and A. Mix; Deacons -- W. B. Mix, L. McIntosh, L. Mayhew, Vermilion; W. Stefanyk, W. O. Fleming, Mannville Tabernacle; Alliance Youth Fellowship Pres. -- Mrs. Ben Francisco; W.M. Prayer Band Afternoon Group Pres. -- Mrs. M. Fair, W.M. Prayer Band Evening Group Pres. -- Miss Ina Shaw; Sunday School Supt. -- A. Mix, assistant -- A. Tovell; Sunday School Supt., Mannville W. B. Mix, assistant, W. Stefanyk; Librarian -- Miss S. Dibben.

Rev. J. M. Schroeder, pastor, was re-engaged for another term at an increased salary.

Reports from the various groups indicated growth in many departments. The finances of the church are in very good condition with all bills paid and a balance on hand. The Sunday school reported eleven special promotions during the year. Four missionary projects for the year included interests as far distant as Viet Nam and Japan. Highlights were the Vacation Bible school and a Children's campaign with Jos. Gallop as the guest speaker. Five clubs were carried on throughout the year for boys and girls of all ages. The Sunday school has a staff of twenty-three officers and teachers, with an additional staff operating the school at Mannville Tabernacle.

Women's Missionary Prayer Bands were hostesses to many missionaries throughout the year, carried out a visitation program and packed several parcels for home and foreign missions.

The Alliance Youth Fellowship showed a gratifying attendance and programs of much interest were held.

The pastor reported 22 visiting speakers throughout the year, with special campaign with Dr. M. Lewis and Rev. and Mrs. R. Greenway, the latter held at the Mannville Tabernacle. Increased giving to missions was a highlight of this report. Special mention was made of the fact that Miss Betty Little left for New Guinea at the turn of the year, thus becoming the first foreign missionary, from the local church, to serve under the Christian and Missionary Alliance. Also stressed was that 1960 is the 25th anniversary year in the Alliance Chapel work in Vermilion. Plans are being made for proper recognition of this in activities throughout the year.

Mr. and Mrs. Michael O'Connor Celebrate Golden Wedding

A large number of friends and neighbors met at the home of Mr. and Mrs. Michael (Mick) O'Connor of the Maughan district to congratulate them on their 50th wedding anniversary. The happy couple were married in Limavardy County, Londonderry, Northern Ireland, on Jan. 6, 1910. They spent eleven years in Scotland before coming to Canada in [illegible]. At this time they settled on their present farm, located 17 miles north-west of Vermilion.

Messages of congratulations were received from the Hon. Ernest C. Manning, Premier of Alberta; the Hon. Percy Page, Lieutenant Governor; and Mr. Ashley Cooper, M. L. A.

Mr. and Mrs. O'Connor were the recipients of a large number of presents from their friends in town and country. During the evening there were many of the old Irish songs of 50 years ago sung by Mr. Stan Clarke of Vermilion, a young newcomer to the district; Mrs. Marian MacPhee and Geo. Martin filling in with the old comic songs. Donald MacPhee, Rod MacPhee and Donald McLelland filled the bill as pipers. Mick even brought out his old accordion and played many of the old tunes.

A tasteful lunch was served by Mrs. J. Phillips and Mrs. Vincent Cooper and a host of helpers. The bride and groom of fifty years ago then cut their anniversary cake which was passed around to the guests. Mr. and Mrs. O'Connor have four children, Pat and Gerry at home, Eileen, Mrs. J. Phillips of Wainwright; and Lizzie of Edmonton.

Mr. Bert Moore acted as master of ceremonies for the occasion.

British Consol Play-Off Underway

Zone play off in the British Consols is underway at the Vermilion curling rink this Thursday. Three draws will be played at 9:30 a.m., 1 p.m. and 3:45 p.m. Games will be played at the same times on Friday with a play-off if necessary scheduled for Saturday. A double knock out is being used with Al Locke as the drawmaster.

[illegible] have entered rinks, Lloydminster, Blackfoot, Streamstown, Clandonald, Wildmere, Marwayne and Vermilion.

The winner of the local play off was Darryl Currah skip, Glen Gibbons, Rog Rowe and [illegible].

Basketball Action In High School Gym This Friday

Dewberry High school basketball teams boys' and girls will meet the local high school contingents in a doubleheader program this Friday Jan. 29 in the Vermilion High school gym. The first game is scheduled to start at 7 p.m. and as usual the cheer leaders will be whipping up enthusiasm throughout the game and at intermissions.

School spirit is on the upswing here with increasing attendance at these regular league games. All the loyal students will be there but what about the support that the parents can give the local teams? Admission prices are adults 50c, students 25c and for grade 6 and under students 10c.

Marwayne Organize Friendship Club

MARWAYNE — A social evening for senior citizens of sixty years and over was held in the Elks hall on Jan. 20 to discuss the formation of a Friendship club. Representatives from five organizations of the district attended to hear plans for such a club.

[illegible] at the initial meeting to be held in the Elks hall on Feb. 8 at 8 p.m. All citizens who join at this meeting will be Charter [illegible].

The membership slogan will be: "If you are 60 in '60, you're in". Anyone of that age may join. Younger married couples will be welcomed as guests. Come along and have fun. Please be on time.

Jacqueline Hasinoff Wins Scholarship

MANNVILLE — [illegible] is pleased to learn that there are still clever young people winning awards and thereby bringing a claim to this town. Miss Jaqueline Hasinoff, eldest daughter of Dr. and Mrs. Hasinoff, was notified that she had won a Queen Elizabeth scholarship amounting to $100.00, a complete surprise to her.

Plans Are Developing Towards Building Of Civic Centre

The plans are gradually developing for the civic centre that has been the subject of considerable discussion in recent weeks. This past week and a committee of interested citizens travelled to central Alberta and looked over similar buildings that are now in operation at Ponoka, Lacombe and Red Deer. As a result of this trip many new ideas were secured, which will serve to guide any future committees in arranging plans for such a building in Vermilion.

It was interesting to note that all [illegible] of the buildings that were inspected [illegible] built entirely by local [illegible], there being no government grants available to [illegible] in any of these projects. It is also interesting to note that [illegible] and [illegible] are at present engaged in building similar civic centres, and again, they are being built entirely from local funds, with no government [illegible].

Vermilion is in a very fortunate position in that it may be possible to take advantage of grants which will cover some two-thirds of the cost of such a building. It must be understood that at the present time, the entire matter of a civic centre is purely in the "idea" stage. No confirmation of any grants has yet been received, and ideas are just now being assembled as to what the building should contain. A committee will be set up very shortly to take formal [illegible] so that definite plans can be made. In the meantime, every citizen of the town is uregd to take part in the development of this undertaking, and any ideas which you may have will be warmly welcomed by the committee when it gets into operation.

From suggestions that have been heard so far, it would appear that such a centre can serve no end to community purposes, and will be a benefit to every age group in the town, whether young or old. As the plans for the centre gradually become finalized, they will be reported in the Standard so that everyone in town and district will be kept informed on the development of this project.

McGrath, Marklund Contest Election For School Trustee

The terms of two trustees for the Vermilion School Division board are completed, and nominations have been called. Rock Mead is the retiring trustee for subdivision No. 5, and is not eligible for re-election because he has moved into the town of Vermilion to reside. Mr. Mead has completed twelve years of service on the Divisional board, having acted for four periods of three years each.

Only one nomination was received for subdivision 5, that of J. K. Whit[illegible] [illegible] has been declared duly elected for a period of three years.

In subdivision No. 4 two nominations have been received, necessitating an election. K. Marklund and D. G. McGrath are the two candidates for the position of trustee [illegible]. An election will be held at the various polling stations throughout the subdivision on a day to be fixed by the divisional board between Feb. 15 and Feb. 21, 1960.

Small Entry In Eaton Zone Play

The Zone 6 play-off for the Eaton curling competition will start in the Vermilion rink next Tuesday at 9:30 a.m. The winner of this competition will represent the Zone 6 curlers in the Northern Alberta Women's Curling play-downs to be held in Edmonton.

At time of going to press there were only two entries from all of Zone 6, one from Lloydminster and the other from Grand Centre.

The provincial play-off will take place in Stettler this year and it will be the winning rink at that spiel that goes to Winnipeg for the finals.

Dramatic Club To Present Play

Continuing a tradition St. Saviour's Dramatic club will present a 3-act mystery play, the "Red House" now in advanced stage of rehearsal. Provisional date, February 19, has been set for the first performance at Buffalo Coulee and March [illegible] at Vermilion in the high school auditorium.

The cast in this year's production will include Ralph Wilson, Marlene McDonald, Edith Kneale, Gerry Miller, Marie Giebelhaus, Jessie Stephen, Gib Stephen, Stan Smith, Eleanor Evans, Ken Greenwood, Pat Thompson, Helen Highberg, Blanche Champness and Ken Thompson.

The play is under the direction of Jack Kneale, with Alex Pahn in charge of make-up, Keith [illegible] stage sets and lighting installations and Alf Logan sound effects and lighting technician.

John Deere Day Friday, Feb. 12th

Delaney Implements of Vermilion, agents for the John Deere line of farm implements are sponsoring a "John Deere" day in Vermilion Feb. 12. Program will occupy both morning and afternoon with movies to be shown in the Columbia theatre. Watch the advertising columns of the Standard for further details of date, time, program etc. to be announced in the next issue.

Tigers End 14-Game Win Streak Of Lashburn Flyers

Turn Back League Leaders 9-8 In Thrill-A-Minute Fixture

Vermilion Tigers proved to be the giant killers who brought to an end the fourteen game winning streak of the league leading Lashburn Flyers. The Lashburn team up to Wednesday night had won every league fixture played and are away out in front of every team in both sections in the matter of points. Bob Warner broken an 8-8 deadlock with only three seconds of the game to play to clinch the victory for the ever-battling Tigers. The first period ended 3-3, the second at 5-all. In the third the score was tied at 7-all, 8-all, and then Warner's goal came as the grand climax. Ike Bronson was top scorer of the night with a hat trick. Proximity of the game to press time prevents a detailed write up.

Only two penalties and one misconduct were handed out in the fairly clean game.

A crowd of 604 paid admission.

Goal Summary

1st period — Schmidt (Brower); Bronson (Schmidt, Brower); Wouters (Johns); Barrick (Adair), Bronson (Leahy) Johns (Boehm, Wouters). Pen. Dennill.

2nd period—Wouters (Johns); Barrick (Adair); Bronson (Schmidt); Leahy (Brower).

3rd period — Barrick (Coolidge), Adair (Coolidge, Barrick), Brown (Manning); [illegible] (Brower); Boehm (Dunn, Johns). Lowrie, (Dennill) Warner. Pen. Boehm; misconduct, Stan Dunn.

Boehm's penalty was for grabbing and carrying the puck in the heat of a power attack on the Lashburn goal. Dunn was displeased with the ruling and in a rash moment knocked the puck out of referee Ralph Rudd's hand and was promptly given a ten minute misconduct, so was replaced on the ice.

St. Paul Hornets Here Saturday

Another top-notch hockey attraction is scheduled for Saturday commencing at 8:30 when St. Paul Hornets make their second appearance of the season in the Vermilion arena. The two teams have met twice this season with each one winning on its home ice. Fresh from the victory over the Lashburn Flyers on Wednesday, the Tigers feel they are away on a prolonged winning streak. Room for 1000 fans in the arena — everybody should be there Saturday and see how this group of local and district boys have been developed into a real smooth-working team.

Hindville District Man Dies In Edmonton

On January 22, Arthur Fortuna, of the Hindville district, passed away in an Edmonton hospital at the age of 60 years. A brother, William, and one sister, Mrs. Margaret Watson, both of Hindville, are the only survivors.

Funeral services were held on Wednesday, Jan. 27, at the First United church, Vermilion, at 2 p.m., with Rev. C. W. MacKay officiating. Interment took place in the Vermilion cemetery, with arrangements made by Meyer's Funeral Home.

This is World Refugee Year. It runs to June 30, 1960.

Edmonton Elks To Feature In Local Hockey Game Feb. 5th

Something really extra in the way of an attraction will be played at the Vermilion arena on Friday evening Feb. 5th commencing at 8 p.m. when a team of Edmonton Elks will meet the best that Mannville and Vermilion [illegible] can ice in the way of players. The local line up will feature Elmer Kreller, Len Manz, Lorne Scoggins, Frank Ewing, Joe Brower, Les Williams, Gordon Park and many more stars of today and yester-year. Admission is only 50 and 25 cents and proceeds are for the Retarded Children's School.

Here they are the rink from the Derwent high school who will represent this zone in the provincial high school curling championships which will be played in Edmonton. From left to right the boys are Wilfred Petrik, Gordon Benson, coach Mr. Steve Wysocki, Eugene Dobransky and Jim McConnell.

Derwent High School Curlers To Represent Zone In Taylor-Pearson-Carson Play Off

A rink of young curlers from Derwent high school will represent this zone in the Taylor-Pearson-Carson curling championships in the provincial finals which will be played in Edmonton. The Derwent rink is comprised of Skip Wilfred Petryk, Gordon Benson, third, Eugene Dobransky, second, Jim McConnell, lead.

The runners-up in the ten entry double knock out bonspiel was the quartet from Paradise Valley with Dale Collins, skip, Dennis Elliott third, Clarence Gilmer second, Donald Weeks lead.

The Derwent rink won the No. 1 competition of the [illegible] knock out winning from Roger Renaud's Vermilion crew in the final. Paradise Valley went through the No. 2 draw undefeated winning from the Vermilion high in the final. Thus Vermilion high school rink of Roger Renaud, Wynne Pockett, Jack Marfleet and Howard Robinson won their way into the two finals only to lose both.

In the final the two rinks were battling along on even terms until the sixth end but from there on the Derwent crew pulled away to an 11-6 victory.

[illegible]

Following the 5 p.m. draw on Friday, the boys [illegible] were treated to a turkey banquet served in the Legion hall. Hungry after playing one or two games, each boy did ample justice to the sumptuous turkey dinner served by the Legion W. A.

Toastmaster for the evening was Mr. A. Husby, principal of the Vermilion high school. Mr. Husby called on Roger Rowe, president of the Vermilion curling club to extend a welcome to the school boy curlers. This Roger did, ending by wishing them all good curling and lots of fun. Ashley Cooper, M. L. A. gave a short talk, and this was followed by the introduction of the personnel of each rink by the skip.

Parents had been invited and Mr. James Gardiner pointed out that four fathers were in attendance from Marwayne with other parents noticeably missing.

Seated at the head table were Mr. Husby, Mr. and Mrs. [illegible], Mr. Roger Rowe, Mr. [illegible] Gardiner, Marwayne; Mr. Kraver, Dewberry; Mr. Angus Smith, Mannville; Mr. George Yaskow, Buffalo Coulee; Mr. Shymko, Myrnam; Mr. [illegible] Vennance, Kitscoty; Mr. [illegible] Wolters, Paradise Valley; Mr. Steve Wysocki, Derwent.

Alcoholism Cost to Industry 'Staggering'

Cost of alcoholism to Alberta business, industry and the community is probably at least $[illegible] annually according to J. George Strachan, executive director of the Alcoholism Foundation of Alberta.

"That is a conservative estimate," said Mr Strachan, "since the practice we call the 'mutual coverage' hides so much from top management. The worker with the drinking problem is protected by fellow workers, sometimes by foremen or supervisors, by sympathetic secretaries, sales managers or [illegible] managers, until the illness alcoholism has reached a stage [illegible] more damaging [illegible] if [illegible] action had been taken.

Latest estimates indicate that about 7,000 men and women engaged in Alberta's business and industry are recognizably alcoholic, and another 13,000 have increasingly serious problems arising out of their use of alcoholic beverages.

Mr Strachan said "the cost to business and industry is staggering" and that is not a pun. It is deadly serious. Apart from the misery suffered by the alcoholic and his family the cost of alcoholism to industry in absenteeism, accidents, inefficient production, waste and wrappage disruption of staff morale, families on relief, medical and hospital costs, law enforcement, jail costs is beyond exact computation. One public health administrator has reported that he could cut his budget by one-third if it were not for alcoholism."

Alcoholism is an illness that can be successfully treated, and the majority of alcoholic workers are most valuable to their employers. The foundation's aim is prevention of alcoholism through education, understanding and early recognition.

Wall Sized T-V Coming?

Wall-size color television programs may yet be dancing across your living room wall, predicts The Financial Post. New Swiss technique promises for the first time, a satisfactory system for full-screen color projection.

Dear Sir:

At the recently held annual meeting of the Alliance Chapel, Vermilion, I was instructed, by resolution from those assembled, to write you, expressing our sincere appreciation to you and your staff for the many favors throughout the past year.

Your assistance in preparing advertising copy and lay-outs has been a great help.

The use of write-ups, supplied to you, regarding our many activities, has provided us with much very valuable and [illegible] publicity.

We would wish you continued success in the operations of your very fine newspaper throughout the coming years.

Yours sincerely,
The Alliance Chapel,

GERMINATION TESTS

Germination tests are essential every year but this year extra precautions should be taken. Much of the seed to be used in 1960 will have a high moisture content as a result of the inclement weather last fall. Both frost and moisture often lower the percentage of germination and also the vitality of the seedlings. Germination tests on grain with more than 16.5% moisture are unreliable says Alberta's Supervisor of Crop Improvement Service, O. G. Bratvold. Grain with a high moisture content should not be used for seed unless dried. When it has been artificially dried tests should be made after the drying process since the germination can be damaged if the temperatures are not carefully controlled.

REGISTRATION OF HOG PRODUCERS

Failure to provide registration numbers with hog shipments could disqualify Canadian farmers from participating in the federal government's deficiency payment scheme. Farmers who have applied for registration but have not yet received their registration numbers are being provided for through instructions sent to them with the settlement. All producers who have numbers should be certain that a record of the number is sent with the hogs.

THREE-WAY MILK

The introduction of "three-way milk" on to the Canadian market may affect the fluid milk industry in the future. The caption "three way milk" comes from the use that can be made of this product. When mixed in the proportion of one part of milk to two parts of water you have drinking milk, one to one gives you cereal cream and when used straight from the container you have cream. The product is sold in paper containers and will keep for six weeks or longer with refrigeration.

4-H FIELD CROP CLUBS

A new program was initiated for all age groups engaged in field crops clubs in 1959. These projects are geared to interest the 12-year-old in the fundamentals of crop production, and to retain the desire for knowledge in the older member. There is a wonderful field of training awaiting your children in 4-H work. Anyone wishing to organize a 4-H Crop club in their community, should contact the D.A. today.

A. I.

The large attendance at the A. I. meeting held on Jan. 22 proved that the interest in A.I. in this area is considerable. A provisional board was nominated at this meeting. The provisional board will give their report on prospective members and number of cows in the area at the next meeting which will be held Friday, Feb. 12 at 2 p.m. At this meeting they will determine whether a co-op unit can be set up in this area. Anyone interested in A.I. is asked to attend this meeting or contact your D.A. office.

TIME MANAGEMENT

Every homemaker wants more time for something besides the routine work at home. Perhaps you can't find time for study or self-improvement. You may want more free time to spend with your family directing and training your children. You may have a hobby to which you want to give more time.

WHAT IS YOUR NATURAL SPEED?

If you are a slow worker you may accomplish more in a given time by planning more carefully. Learn new methods for doing certain jobs. Occasionally some jobs or parts of jobs could be eliminated.

People who work quickly do not always accomplish more. Quick motions may not be effective ones.

ANALYZE YOUR WORK HABITS

Good work habits are worth cultivating. Are you neat and orderly in handling supplies and equipment? If you work without clutter by keeping things where they belong, you will be able to do more. A feeling of frustration may be the result of confusion in the work place.

ARE YOU A GOOD MANAGER?

Do you plan your work for the week, the day, the morning? Is your plan flexible? Avoid trying to do the impossible.

Are you continually on the alert for new ideas or do you say "my mother did it that way, so I will too." Finding and using new products and improved methods helps prevent boredom in your daily tasks.

A WORK PLAN

Making this may not be difficult even though you have never tried it. While you work, you usually think of tasks that must be done before a certain time. Jot these down and later add them to a more complete list.

CHIEF ADVANTAGES OF A WORK PLAN

When time is short, look over your plan and eliminate the "can't be done today" tasks. As you check your schedule, you will see what days carry "peak" loads, so you may be able to distribute your work more evenly.

Dearer Houses?

Watch out for price hikes in houses this year, warns Forbes Gilbertson in The Financial Post.

Cost of construction will go up, but it's too early to tell just how much or how sale prices will be affected.

What will help to keep any increases lower than might be expected is the fact that builders face a tough buyers' market.

[illegible] generally are on the way across the country, but they will vary considerably from area to area, and in metro areas, from suburb to suburb, depending on how sales are going.

It will be another month before the picture starts to shape up for 1960 and builders have a better idea of how the carry-over is being absorbed.

Wildmere Whirls

Noel Garnett suffered a painful accident which could have been more serious, when cutting fence posts in the bush. His ax, which he had put down on a tree, flew up when struck by another he was pulling out and gashed him just above the eye. Upon arriving home his dad took him immediately to the doctor and several stitches were needed to close the wound.

Our sympathy is extended to the Teasman family at Hindville in their loss of a loving husband and father.

Sympathy of the district is also extended to the family of the late Arthur Fortune, another old timer of Hindville.

A rink skipped by Cliff Cruthers, with Dick Donly 3rd, Frank Gibson 2nd and Howard Coburn lead, will represent the Wildmere Curling club at the Brier zone play-offs in Vermilion this week. They won out over three other rinks.

Roy Garnett was home for a short visit last week from his duties with Utilities.

Mr and Mrs. Ken Shepherd visited at the home of the latter's parents for a few days on Ken's days off from his duties with the railroad in Edmonton.

There will be an F.U.A. Co-op meeting in the Thorncliffe school on Feb. 2 at 8 p.m. Special films and speakers. Lunch and coffee will be served. All Co-op members and anyone else interested, keep this date in mind.

The Preston 4-H club held the monthly meeting on Monday when four members took part in a public speaking contest, namely Linda Smith, Joanne Hughes, Harvey Haines and George Garnett. Joanne Hughes placed first. She will represent the Preston club later in the year. Good luck, Joanne.

Canadian Legion and Auxiliary Install Officers at Mannville

MANNVILLE — On January 20th, members of the Canadian Legion, Post No. 22 and the auxiliary, met in the Legion hall for joint installation of officers for the forthcoming year as follows: Canadian Legion — President, Pat Cotter; Vice-President, Lister Emmott; Secretary, Nellie Cotter; Treasurer, [illegible]; Sgt. at Arms, [illegible]. The executive will be [illegible] at a later date. A social hour and refreshments were enjoyed at this meeting.

Members of the Ladies Auxiliary assisted the men in packing 21 Christmas parcels for the senior citizens of the town. Gifts of cigarettes were sent to boys from the district in the armed forces. The usual visits to the hospital have been made and treats given to the patients.

The ladies' auxiliary, by request of the Canadian Red Cross, is going to sponsor a Blood Donor clinic, the date to be announced.

The annual Legion bonspiel is being held on Jan. 26th and the ice carnival sponsored by the Legion is to be held on Feb. 6. Candidates for carnival queen are: Mannville north — Adele Dawiskiy; Village — Rhoda Bauer; Mannville South — Dianne Bauer.

Norman Sutherland Re-elected President Of Clandonald Credit Union at Annual Meeting

CLANDONALD — Norm Sutherland was returned for a second term as president of the Clandonald Savings and Credit Union at the annual meeting held recently in St. Columba hall and attended by forty per cent of the membership. Others elected to office for the year are: Mike Casvey, vice-president; Bill Specht and Alex McPhee as Directors. Members appointed to the credit committee were Dennis McIntyre, George Conway and J. O. Cusack, to the supervisory committee Louis Garnier, Rev. A. Hessel and Miss Sarah Martin. Henry Dyjur was appointed secretary-treasurer.

Of major interest to the meeting was a report from Mr. J. Letts, government inspector of Credit Unions for the province. In his report, Mr Letts gave a rating of 83 per cent to this credit union which holds charter 10 in the province, having been among the first incorporated under the direction of Rev. A. Gillis in 1939. Considerable constructive criticism was offered by Mr Letts as directives were offered indicating appropriate measures to be taken to improve the operation of the credit union. It was noted that since its inception, the Clandonald credit union has given out over $85,000.00 in loans of small amounts to its members. This year a dividend of 3% was declared on shares held by its 63 members.

Following a lively discussion of business, a series of films were shown by Mr. Dave Hardman, field representative of the Alberta Credit Union League. These films graphically depicted the purpose of credit unions being co-operative societies set up to assist members with a convenient way of saving money in small amounts, and from these savings, under their own management, to make loans for short terms at a minimum rate of interest. Mr. Hardman's explanation pointed out that it was not the intention of the founders of the credit unions to replace banks, but rather to provide a service which they cannot provide, namely, granting small, short-term loans at low rates of interest, with the interest being calculated on the unpaid balance at each payment. The films also taught that the success of any credit union rests largely on the education of its members in credit unions.

Golden Age Friendship Club Hears Talk On Recreation Centre

The January social of the Golden Age Friendship club, held in the Legion hall on Wednesday afternoon, Jan. 20th, was a marked success, with 63 members attending. There were 7 newcomers to sign the register, and it is very gratifying to the club officials to see so much interest being taken in the activities of the club.

There were 14 tables of whist and one of checkers. Whist winners were: Ladies — Mrs. W. Waldenberger, Mrs. L. Amos, Mrs. M. McLaughlin; Gents — Mr McLaughlin, Mrs. Yates and Mr. Peter Jensen. After whist was finished, the ladies of the kitchen took over and in their very capable manner, had lunch on in very short order. The delightfully decorated birthday cake bought by the club and made at the new bakery was very much admired and enjoyed by all. A vote of thanks to Mrs. Waldenberger and Mr Hugh Mitchell for their donation of the whist prizes was made and also to Mr and Mrs. Schroeder of Edmonton and Dan McMillan for their very generous donation of playing cards. The club would like to have Mr. and Mrs. Schroeder at one of the socials in the very near future. To the entertainment committee and to all who helped make this club function enjoyable, a great big thank-you!

After lunch was over and the prizes distributed, president Mr Waldenberger told of the next social to be held in the Legion hall on Wednesday afternoon Feb 17th at 2 p.m. sharp. It is hoped that all members present will again be present and all members are asked to bring a friend along to join in the fun.

Mr. Waldenberger introduced two very well known citizens, Mr. Angus MacMillan and Mr Charles Heckbert who spoke to the members of the proposed Recreation Centre for Vermilion, explaining in detail the need for such a centre and what it will mean to all citizens of Vermilion and district. The club takes this opportunity to say thank-you for the very enlightening talks, and for the time and trouble to bring this worthy project before the club.

The afternoon came to an end with the singing of the theme song, followed by The Queen.

Fast Skating, Hard Checking Feature In Juvenile Game

Fast skating and hard checking were the features of the Bob Cat vs. Lloydminster juvenile game here on Saturday last which ended in a 3 all tie. The Bob Cats felt a bit cheated as they netted the puck on another occasion but it was ruled no goal with too many men in the goal crease. The Lloyd boys were allowed one counter when the referee over-ruled the goal judge claiming that the puck had entered the nets.

Local sharpshooters were Ken Alfke, Ron Hemmingway and Dick Upshall with Bob Parke and E. Mielk getting assists. For Lloyd it was Johnston, Smith and Rendell.

Mannville Girl Is Nurse-Counsellor

MANNVILLE. Another of Mannville's daughters has distinguished herself, as Miss Audrey Hamilton, R. N. recently joined the staff of counselling and referral for alcoholics at Regina, as nurse-counsellor with the bureau on alcoholism, according to an announcement by Hon. T. J. Brentwood, minister of Social Welfare and Rehabilitation there. Miss Hamilton is the daughter of Mr. and Mrs. Harry Hamilton who farm south of Mannville. Mrs. Hamilton is on the staff of the Mannville school.

Audrey received her education at Mannville where she was born, and trained at the University hospital, graduating in 1957. She joined the staff of the Regina General hospital in 1958, and is a second lieutenant with the 19th medical company of the militia.

Duties of the nurse-counsellor include emergency treatment of the patients, counselling of alcoholics and their families and lecturing to nursing classes and other groups, on the nursing of alcoholics. Miss Hamilton will also take part in the bureau's educational program, appearing on panels, giving talks, and helping to compile literature.

Island Hill News

Friends of Mr and Mrs. Johnny Starko and family surprised them with a house-warming party in their newly built home.

The Princess Anne W. I. held their January meeting at the home of Grace Searle. All members but one were present, in spite of the cold weather.

The W. I. held a whist party in the Island Hill school on Jan. 22nd. The prize winners this time were: Ladies — Jessie Strome, Ralph Strome and Harvey Strome. (Sounds like a Strome night doesn't it?) Men — Herb McPhee, Paul Whelan and Fred West. There were six tables and a very nice crowd considering it was twenty below zero that night.

Mr. and Mrs. Mike Simenet also held a W. I. card party at their home.

Mrs. Wm. McIntyre is spending a few days at the home of Mrs. Ralph Reeves in the city.

The George Mead family recently moved into their lovely new home.

Let us take time for all things; make us grow calm, serene and gentle.

TOLLAND TOPICS

The district was saddened last Friday to learn of the passing of Mr Arthur Fortune. Sympathy is extended to his family in their bereavement. Arthur always attended church faithfully and his presence will be missed.

Church will be held at Tolland on January 31st at 11:00 a.m., instead of the first Sunday in February as previously planned.

Congratulations and best wishes to Mr and Mrs. Tom Watt of Kolmar.

BRIDAL COUPLE HONORED

A shower in honor of Miss Alberta Lonsbeck and Mr. Florent Van Wageningen, was held at Tolland on Friday night. An enjoyable evening was spent playing games and visiting. Many useful and beautiful gifts were presented to them in a daintily decorated box. Lunch was served by ladies of the community.

Mr William Lonsbeck has arrived from Holland and is at present staying at the Van Wageningen home.

Saturday evening approximately twenty-five "Dutch" friends paid a surprise visit to the Van Wageningen home to "shower" Florent and Alberta. A most enjoyable evening was spent by all.

Keith Lyons and Bill McGrath left on the 21st for Cold Lake on an elk hunt. We hope they are lucky this time.

Maureen Stacey had the misfortune of cutting her leg with her own skate while skating on a pond near Woodside school. It required several stitches to close the wound.

V. S. A. Boys Lose One, Win One Against Vegreville

Wednesday night, Jan. 20, saw a lot of action in the halls of the V.S.A. as a bit of good, healthy rivalry got off to a fine start between Vegreville Seniors, the Globe Potters, and the V.S.A. boys' basketball teams.

With an eager crowd and lots of cheering, the game commenced fast and furious, showing a good deal of skill and especially fine sportsmanship throughout.

The first half of the game saw V.S.A. ahead by 9 points, with the speed and shooting ability of Ken Allen, Les Head and Dennis Cook adding greatly to the team. The second half was a drastic change for V.S.A., as Vegreville levelled off and found the range. Tighter zoning in the team and skillful shooting — especially by Constable Dale Davies of the R.C.M.P., who racked up a score of twenty points — proved to be too much for the V.S.A. Coming from behind Vegreville Globe Potters won with the final score reading 33 to 25.

A really fine job of refereeing was done by Alex Palin and Lloyd Seath. Officials were Earl White and Laurie-Anne Campbell.

Line-ups were Vegreville — W. Oltmanns, Bill Boyd, Paul Julian, Spike Taylor, Joe Sestyan, Orest Pentoh, Dale Davies, Roy Cutheran, Art McCurdy, Orest Procyk, Foster Macdonald.

V.S.A. — Ken Allen, Les Head, John Rebus, John Goddard, Jim Alloway, Gerald Anderson, Gerald Tymchyshyn, Dennis Cook, Vladimer Sushkichuk, Wayne Smiley, Neil Duggan, Murray Hunt.

On Jan. 22 in Vegreville, a return game saw the V.S.A. boys win by eight points, displaying fine basketball ability during the entire encounter.

On the same evening the V. S.A. girls' team defeated the Vegreville girls by a score of 20 to 12.

BRENT MACNAB THE BEST!

Extract from the Vancouver Hockey Review: "It is about time that someone stated frankly that Brent Macnab, who will be 20 this month, is the best defenceman in the league. He is. No further statement has yet been devised for public consumption."

Mrs. James Rogers (nee Athena Rayson) is spending the week with her parents, Mr. and Mrs. T. H. Rayson in town.

Mannville Legion Plans Ice Carnival

MANNVILLE. — The Canadian Legion, Mannville branch, and the Ladies' Auxiliary, have completed plans for the local ice carnival to be held Saturday, Feb. 6 at 7.30 p.m. The three young ladies in the running for queen are Rhea Bauer, Adele Dewinsky and Dianne Bauer.

Prizes will be awarded for costumes in following age groups: All pre-school kiddies on skates; 6 to 8 years, 3 classes, fancy, comic, National, 9 to 11, as above, and 12 and over as above.

There will be no prizes awarded for rented or commercial costumes.

The evening's program is to be a varied one, there will be costume judging, trouping of the colors, Legion Pipers, races, a skating display and a tug-o-war, and finally the crowning of the queen.

Mr. and Mrs. Groenveldt are going to give a display of skating which is being greatly anticipated as these two are excellent skaters and their rhythm and timing are a delight to witness.

The tug-o-war is between the husky men of the Legion and the husky men of the world. Rumor has it that there may be a few clowns about too which should add greatly to the entertainment of the small fry.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. M. A. Chrenek, of Grande Prairie, Alberta, have the honor to announce the engagement of their youngest daughter, Jane, to Mr. Andrew Mercier, youngest son of Mr. and Mrs. R. Mercier of Islay, Alberta. They will be united in the sacraments of matrimony, February 20th, 1960, at St. Joseph's church, Grande Prairie.

Miss Mildred Searle, daughter of Mr. and Mrs. A. L. Searle of Vermilion district, was a bridesmaid at the wedding of Miss Lois Merner in Wetaskiwin recently. The two young ladies had become friends and roomed together in Edmonton for three years. Miss Searle is now on the teaching staff at the Marwayne school.

Mr. and Mrs. H. B. Craige of Dewberry attended the capping ceremony of their eldest daughter, Joan Craige, recently at the Archer Memorial hospital, Lamont.

Mrs. J. A. R. Palin and her infant son of the V.S.A. campus, spent last week at her parents' home in Kindersley, Sask. On Wednesday Mrs. Palin's parents celebrated their golden wedding anniversary.

Mr. and Mrs. Larry Kehoe (nee Joan Gaskell), son and daughter-in-law of Mrs. Len Kehoe and the late Mr. Kehoe, of Vermilion, are proud to announce the arrival of a daughter, Ardis Joan, at the Royal Alexandra hospital, on Jan. 23rd, weight eight pounds, 2 ounces.

Visits Brother At Clandonald

Rev Peter A. Nearing, Secretary to the Social Action Section, Canadian Catholic Conference, Ottawa, was visiting his brother, Rev Father Nearing at Clandonald on Monday and Tuesday of this week.

Father Nearing is travelling western Canada with his predecessor, Monsig. Frank Smyth, conferring with the English speaking bishops of the Catholic archdiocese to make arrangements for regional conferences on social work of the Church. Father Nearing has recently returned from Brazil where he was helping to establish co-operatives in Sao Luis. While in Clandonald he spoke to the children of the separate school on the topic of vocations to the married and single life.

Alliance Chapel Dedicates Officers

A feature of the Sunday morning service at the Alliance Chapel was the dedication of officers of the church and presidents of the Women's Missionary Prayer Band and Alliance Youth Fellowship to their positions for the new year.

The dedication was carried out by the Pastor, J. M. Schroeder whose theme for the day's message was "The Church of My Dreams."

Special musical numbers were provided by Margaret McLennan, a solo, "Our Best", a duet by Mrs. J. M. Schroeder and Mrs. R. Tilsbury, "O Love of Calvary", and a solo by Mrs. Marjorie Curtis, "Why Do I Sing About Jesus?"

Rev Dennis Greenway will be guest speaker at the mid-week prayer meeting on Tuesday January 26th at 8 p.m. He is a missionary of the Evangelical Alliance Mission home on furlough from [illegible].

Kinettes Make Presentation To Scout, Cub Assoc.

The regular monthly meeting of the Cub and Scout Mothers' Association was held on Jan. 19 at 2.30 p.m. in the Scout hall.

Due to the cold weather and illness there was a very small attendance.

Business was discussed over a cup of coffee, followed by a report on the conference for Cub and Scout leaders, group committees and mothers' associations, held on December 5th in the Armouries.

Mrs. Jean Inman and Mrs. Jean Wright from the Kinettes were present to make the official presentation of the dishes and stainless steel cutlery for the Scout hall. This kind gesture on the part of the Kinettes is much appreciated by the local group committee, the Cubs and Scouts, the Guides and Brownies and both Mothers' Associations.

The Cub and Scout mothers will be serving lunch at the district meeting in the Scout hall on February 9th. They will also be serving hot chocolate to the Cubs during their bottle drive on Jan. 30th.

It is hoped to see more mothers out at the next meeting in February.

MEETING POSTPONED

The Anglican Men's club meeting has been postponed until Monday Feb. 8. 29

APPRECIATION

I would like to express my sincere thanks to Dr. Evans, the matron and nurses at the Vermilion hospital, for their kind attention during my short stay.
Sid Burdett.

CARD OF THANKS

We would like to thank all of the people who so kindly contributed to the carolers of the Landonville choir. Proceeds are going towards the church. Thank you.

Landonville Choir.

IN MEMORIAM

In loving memory of our dear son and brother

BILLY MAYER

who passed away Feb. 3, 1957.

"Just a prayer from those who love you,
Just a memory fond and true,
In our hearts you live forever,
Because we thought the world of you."

— Ever loved and remembered by Mom, Dad, sisters, brothers.

IN MEMORIAM

In memory of my dear husband

HUGH LEIGHTON

— who passed away Jan. 31, 1959.

"There is a wife who misses you sadly,
And finds the time long since you went,
And thinks of you daily and hourly,
But tries to be brave and content,
But the tears that I shed in silence,
And breathe a sigh of regret,
For you were mine, and I remember
Though all the world forget."

— Ever remembered by his loving wife, Shirley.

Congratulations

How To Make A Fortune

The four "fastest-growing consumer products" of the last 12 years have been: air conditioners, T.V. sets, clothes dryers and boats.

Now, to make a fortune in the next 12 years, explains The Financial Post, all you have to do is select early one of the now-rare products which is going to catch the public fancy, get on the market with it at a price that leaves you with a fair profit, and then let your competitors worry about catching up.

Mannville and District Local News

Among the visitors to Edmonton last week were: Mr. and Mrs. Ross Ewing, Edwin Turnbull, Mr. and Mrs. Maurice Mercer. While there Edwin visited Cap Wright who is in St. Joseph's hospital.

A family re-union was held recently when members of the Croft family, namely Peg and Syd Croft, Muriel and Jim McLeskie, Gwen Hanning, met at the home of Bob and Lil Bennett in Edmonton. It was the first time all members of the Croft family have been together for some years. Peggy Croft remained in Edmonton for a visit.

Enjoying the Ice Capades in the Edmonton Gardens were Mr. and Mrs. Elmer Kreller and family, Jim Elliott, Gail Mercer, Mr. and Mrs. J. Park and [illegible] and Mr. and Mrs. Marie [illegible] and family. A wonderful show was reported.

AFRICAN PROJECT FOR J.A.

Members of the J. A. met in the parish hall on Thursday where a worship service began the meeting. A chapter of the mission book about Africa was read and for activity, African houses were made. It is planned to have a Valentine party in the near future. All members were present.

Sympathy of Mannville and district is expressed to Mr. and Mrs. P. A. Skish of Innisfree who lost their baby son recently. The Skish's were former Mannville residents.

Word has been received of the death of an old timer of the Mannville district, Mr. Jake Christianson at Camrose. He had been ill for some time.

Mrs. Elsie McFadden visited recently at the home of Robin Stuart and his wife, and Angus and Gertie Stuart of Ponoka. According to reports, Angus is feeling much better. Mrs. McFadden also journeyed to Red Deer where she visited Bill and Elsie Colborne. She found them well and they wish to be remembered to all their friends at Mannville.

Walter, Barbara and Patsy Gerhart were visitors from Edmonton at the parental home over the week end and Patsy is staying with her grandparents for a week.

Rev. H. Shell, accompanied by Mrs. R. Forsyth, visited Edmonton on Monday.

Mr. and Mrs. Alf Gerhart and Mrs. W. Gerhart returned recently from a wedding in the family at Saskatchewan. They likewise report a most enjoyable trip to Rochester, U. S. A.

F. U. A. BONSPIEL

In the F. U. A. bonspiel held Friday and Saturday, 22 rinks were entered, in two events. In the No. 1 event, the following advanced to the fours: Fedashko, Borysiuk, Watling and Oscar Younge. Semi-finals showed Borysiuk and Younge out in front and Younge defeated Borysiuk in the finals for first-place honors. Advancing to the fours in No. 2 event were W. Ross, Mac Smith, L. Emmott and J. Bryden, with Mac Smith and Lister Emmott winning out in the semi-finals. Smith edged Bryden out in the finals for first money. Happy Centre W. I. served delicious lunches during the course of the two-day bonspiel.

Miss Connie Gerhart was a week end visitor to Mannville.

NEWS from ISLAY

The Islay 4-H club, the two leaders Mrs. Moncrieff and her assistant Mrs. Redmond, and guests sang "O Canada" to open the meeting Jan. 20. Roll call was answered by giving "a tip" when planning a formal tea. It was decided to hold the public speaking contest Feb. 1 in the school. Miss Woloshyn gave a talk on formal teas. There were many good tips for which Miss Woloshyn was heartily thanked. To close the meeting a game was played and lunch served.

We are sorry to report that Jimmie Monroe received a broken leg while playing hockey — not by rough tactics, but just bumped into the fence himself. Jim thought he needed added exercise and took up hockey again.

The annual meeting of Knox United church, Islay, began with a pot luck supper which was well attended, though there were still some seats at the tables. Too bad to miss this occasion for the supper was grand and the business meeting very interesting. Sector plan report was up to expectations. It is hoped to make a visitation soon with a view to increasing church attendance. This brings to mind a saying of Nellie McClung's — "Come to church, don't wait to be carried in, when the Good Lord, looking down, may say, 'Who is that you are bringing in? I never saw him here before!'". All the offices were filled. There is room for more pupils in the church school, and children are always welcome. Praise was given to Mrs. Waterfield for the fine music her choir rendered at the Christmas service. It is learned that Frank Young taped the renditions and many have said they would like to hear them.

Recently learned that Bob Darrah is curling with son Douglas as skip of their rink. The Darrah family live in Edmonton now but operated a general store here from 1911 to 1928.

The Alberta Wheat Pool's annual evening and social was held on Friday, Jan. 22 with over 100 present, despite the cold. Two delegates were heard, Mr. Roy Kent, and Mr. [illegible] Dobson of Paradise Valley as well as Mr. Fleming, the Pool field man. To start the ball rolling a good humorous film was shown and what a film! Kept the whole audience in kinks. The other films were informative and interesting. Mr. Kent spoke briefly but very much to the point. The new Pool building in Calgary must be really something to see. The Alberta Wheat Pool is certainly progressing in many ways. Mr. Dobson explained the Pool's insurance scheme, which is good to belong to. If you didn't hear about it, just inquire from Islay agent, Mr. Wm. McLean. Mr. Fleming's method of using large posters with figures and information were self-explanatory and answered questions which might have been asked. The evening wound up with lunch served by the agent and his wife, Mr. and Mrs. McLean, with some of the farm ladies and men helping. Excellent coffee and delicious butterhorns were provided. Altogether an enjoyable evening.

Mrs. Reg Kay and Mrs. Connaroe of Kitscoty were visitors in Islay on Monday.

Several Islay folk attended the high school curling eliminations on Saturday in Vermilion.

Mr. and Mrs. August Isert of Hazeldine were visitors at the Hutton home last Saturday.

Noted Evangelist Will Campaign At Wainwright

Rev. Leighton Ford, associate evangelist of Billy Graham, will conduct an evangelistic campaign in Wainwright according to an announcement made on Wednesday afternoon when a group of over forty ministers and laymen met from as far west as Holden and as far east as Provost to finalize sanction of the crusade. Rev. Ford had been invited to conduct the campaign by the ministerial association of greater Wainwright and had accepted the invitation. The services will be held in the Peace Memorial arena, Wainwright, from May 29th through June 12th. Rev. Ford is a brother-in-law of Dr. Graham, having married Billy Graham's sister. At present he is in Africa with the Billy Graham team and considering the fact that his schedule is so heavily booked, the Wainwright area is most fortunate to have the services of this world-known evangelist.

Nearly every Protestant church, according to its ability and location in a radius of over seventy miles of Wainwright, is co-operating in the crusade. During the Wednesday meeting the sponsoring groups elected the following officers to serve: [illegible] Wainwright, [illegible] the plans of the mission; Rev. [illegible] Rev. [illegible] co-chairman; layman [illegible] Mason [illegible] treasurer; Rev. Lewis, Wainwright Pentecostal church, secretary; Rev. L. D. [illegible] publicity chairman. The following committee chairmen will be elected at the next meeting to be held in the Pentecostal church on Wednesday, Feb. 3 at 2 p.m.: prayer, counseling, follow up, music, ushering, telegrams, arrangements. The treasurer will act as finance chairman. All churches in the area are invited

SIMPLE CAMERA

Focus and shoot — that's all you need to do with a new 35 mm camera that has all the features of a professional camera without the complications, says The Financial Post. It automatically adjusts itself to lighting conditions. An indicator in a combined rangefinder and viewfinder window shows you when there is too much light or not enough light for perfect pictures.

Anglican G. A. At Mannville Plans Pot-Luck Supper

MANNVILLE — Meeting on Jan. 19 at the home of their leader, the G. A. had full attendance. Following the worship service conducted by Janet Laidler, the president, reports were read from all committees. Another interesting chapter of "As Large as Life" was studied with girls enacting various scenes depicting [illegible].

There being no old business, a decision was made to hold a pot luck supper on Feb. 13th. A special mission study meeting is slated for Tuesday, Jan. 26. All bills were ordered paid and gifts as well as accompanying letters were to be sent to respective missionaries.

OBITUARY

VIOLET WILLIAMS

The death occurred in Edmonton on Jan. 14th, 1960, of Miss Violet Williams.

She was born in Port Arthur, Ont. on Jan. 11, 1909 and came to Alberta with her parents at the early age of sixteen months. She had resided in Alberta up to the time of her death except for seven terms spent attending the Manitoba School for the Deaf in Winnipeg from 1917 until 1924.

She is survived, besides her loving parents, Mr. and Mrs. W. D. Williams of Vermilion, by three brothers and two sisters, Dale and Ray of Vermilion, Norman of Edmonton, Mrs. R. S. Barwick (Grace) of Elk Point, Mrs. J. J. Simmons (Doris) of Buffalo, New York.

Beautiful floral tributes were received from the following: Mother and Father, brothers and sisters and families, Mr. and Mrs. Dunsmore and Gwen, Mr. and Mrs. Cliff Isley, Julia and John Bauer and family, Mr. and Mrs. Andrew Bauer, Georgia and Ben Bauer, Florence and Hugh Stewart and family, Laura and George Stewart, Mr. and Mrs. Harry Williamson.

Flowers to the home: Mr. and Mrs. Bert Hutchinson, Mr. and Mrs. Ernie Buckingham and Kenneth, Helen and Clarence Barr, Mr. and Mrs. Cliff McCormick, Mr. and Mrs. A. M. West, Mr. and Mrs. F. M. Stewart, Mrs. S. H. Carroll, Mr. and Mrs. Freeman French and family, Irvine Bell.

Gideon Memorial Bibles placed by Mr. and Mrs. Ira Schurman, Mr. and Mrs. Ernie Schurman, Mr. and Mrs. Ralph Schurman, Mr. and Mrs. George Schurman, Mr. and Mrs. Harvey Anderson.

Clandonald Rink Wins Primary Event At Dewberry Bonspiel

Laird of Clandonald with Murdyth Conver and [illegible], carried off the Grand Challenge in the Dewberry bonspiel last week in the finals played on Tuesday evening after the banquet. R. Lundren, H. McKnight, Jim Haney and G. Holmen, of Dewberry was first in the secondary competition, while a Vermilion rink made up of Carl Heckbert, Orl Strome, Nick Klutz and Mark Stump took second honors in that section. Aldous Kent, with Jack Reddock, Tom Beatty and Graham Skinner won fourth in the Grand Challenge.

There was an entry list in the spiel of 33 rinks with representations from Edmonton, Streamstown, Derwent, Clandonald, Kitscoty, Marwayne, Heinsburg, Elk Point, as well as the two foursomes from Vermilion.

At the banquet held Tuesday evening the Dewberry ladies curling club catered. The entertainment program was M.C.'d by John Anderson. Andrew Wood gave a very humorous and witty speech, while musical numbers by Miss Iris Hodgson and Miss Cheryl Jones were greatly enjoyed.

Credit Union Declares Dividend

The Vermilion Savings and Credit Union held its annual general meeting on Tuesday, Jan. 19 at the Vermilion School of Agriculture.

In his opening address the president, Mr. Tom Davis, said that 1959 had been the best year yet for the Credit Union with the highlight being an increase of over one-third in share deposits. The meeting [illegible] reports from various [illegible] and approved the board of directors' recommendations that a dividend [illegible] of 4% be declared. [illegible] this an election of officers was held, resulting as follows, with the exception of a president and vice-president.

Directors — Tom Davis, D. C. Fath, Harold Cooper, E. M. Stone, Gordon Ross, J. F. Harmon, F. Van Wagoningen Sr., Sec. Treas. H. Cooper. Credit Committee — Angus MacMillan, K. DeBruin, Mervin Hill. Supervisor Com. — F. Van Wagoningen Jr., Mrs. K. Payne, Mrs. M. McGaughey.

At the conclusion of business a [illegible] was given by Mr. [illegible] Hardman, Northern Alberta representative of the Credit Union League of Alberta. Mr. Hardman congratulated the Vermilion Credit Union on its growth and said he hoped to see it expand further every year. Local credit unions are a means whereby consumer financing at very reasonable rates can be conducted within the community and there was no doubt that community credit unions whose facilities are being fully utilized, are instrumental in the success of local business. After answering a number of questions Mr. Hardman was heartily thanked by Mr. Ralph Wilson.

Refreshments were served at the conclusion of what all present considered to be a successful year.

NEW P.M. AT DEWBERRY

Mr. Floyd Oxton is the new postmaster at the village of Dewberry. He commenced his duties on January 2nd. Mr. Oxton succeeds Mr. David Munro who retired after sixteen years of service in that position.

Lloydminster Will Lose Air Service

Suspension of service to Lloydminster on the Pacific Western Airlines Ltd. scheduled service between Edmonton and Regina has been authorized by the Air Transport Board according to an announcement Saturday. The order is effective Feb. 1. The route serves North Battleford, Prince Albert and Saskatoon.

In 1958 PWA applied to the board for permission to delete Moose Jaw and Lloydminster from the prairie service owing to lack of traffic.

In March 1959, authority was granted to delete Moose Jaw but PWA was asked to maintain service to Lloydminster for a further six month trial period. Last December after a trial period of nine months PWA requested authority to delete Lloydminster pointing out that traffic to that city continued to drop while it had increased at all other points on the route.

Turkey Club Completes Season With Banquet, Awards, Addresses

An active and successful season was completed on Friday by the Mannville-Vermilion 4-H Turkey club when the members held a turkey banquet, received the awards won during the past season, and listened to two interesting and amusing talks, both by young ladies.

The banquet was organized when it was found that the club had money in the bank. The very enjoyable event was arranged and carried out by the 4-H members themselves, and proved a fitting climax to a worthwhile season.

Tony Dixon made an excellent chairman and introduced the head table guests with an interesting bit of history about each. Award winners were announced by Morley Douglas and Edward Dobko, district agriculturists. The award winners were Tony Dixon, Lorraine Dirke, Karen Stephenson, Donald Good, Doreen Dirke, Beverly Strome, Arleigh Stephenson and Barry McDonald.

Those present enjoyed two excellent talks. The first was a most interesting travelogue given by a former member of the club, Miss Josie McDonald, who was awarded the trip to the Toronto Royal Winter Fair last fall. The wonderful prize said Josie, was difficult to win but well worth every minute of the work and effort she made. The train trip with 64 other 4-H club award winners was something to be remembered, and from then on was just one long round of new and interesting experiences, told by Josie in a vivid and entrancing manner.

The second speaker was Miss Nancy A. Pasechnik, Assistant Supervisor of 4-H clubs, who is responsible for all phases of girls 4-H club work in Alberta. Miss Pasechnik dealt with many features of club work, stating that as this was the end of the club year it was a good time to take stock and to devise ways and means to improve in the coming year. Running all through Miss Pasechnik's talk was that which provided incentive to members of the club present to follow up their 4-H work with renewed interest and activity.

Chairman Tony Dixon paid tribute to the work of the vice-president Howard Scarfe and to secretary Allen Armstrong for their work throughout the year.

Seated at the head table along with the 4-H club officials were Miss Pasechnik, Miss McDonald, Mr. and Mrs. Matt McDonald, Mrs. W. A. Dixon, Mr. and Mrs. Ashley Cooper.

J. Blocksidge New Head Of Vermilion Red Cross Society

The annual meeting of the Red Cross was held on Jan. 11 in the Divisional office. Mrs. J. R. Robson, vice president, was in the chair and after the reading of the secretary's report, and one or two other reports, the election of officers for the coming year was the next item of business. Mr. R. Mitchell presided for this, with the following officers being elected.

President — Mr. J. Blocksidge. Vice-Pres. — Mrs. J. R. Robson. Treasurer — Mr. B. Anderson. Secretary — Mrs. L. Eldum. Convenors of Committees are: Women's Work Convenor — Mrs. J. R. Jory. Blood Donor Clinic — Mrs. J. R. Robson and Miss Alice [illegible]. Welfare Work — Mrs. F. Stewart and Mrs. R. Mitchell. Publicity — Mr. F. Stewart and Mr. Ashley Cooper. Div. Council Rep. — Mrs. W. A. Champness; Campaign Manager — Mr. R. Mitchell and Mr. J. R. Robson. Swimming and Water Safety — Mr. F. Stewart.

A letter of thanks was to be sent to Mr. Ashley Cooper for his fine co-operation in giving publicity to the work of the Red Cross in the Vermilion Standard.

Mrs. Jory reported that one shipment of 111 articles had been made by the "Knit Wits" and sent to Red Cross headquarters in June. A quilt had been made by the Gaston-Watson ladies and given to a needy family locally.

The blood donor clinic to be held July 5 in Vermilion was discussed. It was suggested that letters be sent to the different organizations in town inviting them to send representatives to a meeting where films will be shown and a speaker tell of the work of the blood donor clinic. The Legion have already expressed their willingness to co-operate.

Mrs. Alfke, Vermilion, Is Guest Speaker At Islay Food Club

Six 4-H members of the Islay Food club, two leaders and 17 guests were present at a meeting in the church hall on Monday, January 11th. The roll call was answered by telling of a bad food habit and how to correct it.

A letter had been received inviting the club to send a representative to the public speaking contest to be held in Vermilion on February 20th. The leaders asked the girls to work on a 3-5 minute talk, and then there would be an elimination contest in Islay on February 1st. Mrs. Sweet, Miss Stone and Miss Kent are to be the judges.

It is planned to have Miss Woloshyn, the Home Economics teacher in Vermilion, to speak to the girls on "A Formal Tea."

There will be a Valentine tea in the church hall on Saturday, Feb. 13. This tea will be open to all, but the girls are each asked to bring a guest, not a member of the family.

Mrs. C. Alfke of the Vermilion School of Agriculture staff was the guest speaker for the evening. Her subject was "Foods", and she told what food is, the value of different kinds of food in nutrition, and she told the girls the food that constituted a balanced diet. She was a most interesting speaker and the girls gathered a great deal of information. Mrs. N. N. Bentley of V. S. A. accompanied Mrs. Alfke and was a welcome guest. On behalf of the club Lynn thanked Mrs. Alfke for her talk. A social half hour followed the meeting.

Nurses Learn Operation of Alberta Department of Health

The operation of the Alberta Department of Public Health as it affects Public Health Nursing was explained by department officers in a series of lectures attended by thirty registered nurses from the University of Alberta.

The lectures, designed as an orientation courses for the nurses who are taking post-graduate work in public health nursing, covered the educational and organizational aspects of several departmental divisions including local health services, tuberculosis control, sanitary engineering and social hygiene.

Officials of the Department outlined responsibilities of individual branches and divisions for [illegible] of whom will be practising as public health nurses in the province upon completion of their one year post graduate studies.

There are presently 128 public health nurses employed in health units and by the department throughout the province. However the demand still exceeds the supply as more health services are [illegible].

Shown left to right: Lee Dakin, Edson; Barbara Green, Vermilion; Kay Yakimeta, Jasper; Valeda Frances, Sedgewick; Joan Clark, Stony Plain; Barbara Holley, Elk Point.

Locals Vets. To Attend Conference

Alberta veterinarians are meeting in Red Deer January 29 and 30th for the group's annual mid-winter conference. About 80 veterinarians are expected to attend the sessions, which will include conferences on Friday and a business meeting and scientific program on Saturday.

Dr. W. G. Harrison of Stettler will preside, and chairman of local arrangements is Dr. R. J. Marra of Red Deer. Speakers will include Dr. J. G. O'Donoghue of the Veterinary Services Branch, Edmonton, and Dr. G. K. Weir of Lloydminster.

Dr. A. R. Anderson and Dr. J. J. Brown of Vermilion, Alberta will attend.

Dean Jacula Is Winner In Talent Show Held At Mannville

It was announced last Saturday night that Dean Jacula of Vermilion was the winner for the second year in succession, in the 'Search for Talent' show, held in Mannville on Jan. 9 under the auspices of the Alberta Commercial Travellers and CFRN. Taking second prize were Pat Theisner, and Gerry Kada of Clandonald, with two Mannville girls, Dawn Kreller and Gail Mercer placing third. Dean played a piano accordian solo, and the other winners sang vocal duets.

An audience of over 750 attended the 13th annual presentation of the Search for Talent show held in the Mannville school gymnasium on Saturday evening.

The visiting entertainers who performed for the first part of the show were much enjoyed by the large crowd. This group gives of their time and talents to sponsor a show encouraging local performers and to raise funds to help crippled children. To add to the proceeds Mannville teachers unable to be present sent a donation of $13.75 to the Crippled Children's fund. The local promoter for the project is Mrs. Edith Johnstone.

There were fifteen contestants entered in the Mannville show as follow: Ken Stelmaschuk, Mannville; Mrs. Tillie Tymchuk, Mannville; Dean Jacula, Vermilion; Ken Schock and instrumental trio, Mannville; [illegible] Kreller and Gail Mercer, Mannville; Pat Theisner and Gerry Kada, Clandonald; Walter and Adeline Smart, Mannville; Hans Stelmaschuk and orchestra of Mannville; Miss McCauley, Vermilion; Frank McCauley, Vermilion; Stan Clarke, Vermilion; Ruth Hughes, Mannville; Jim Thoreson and Orest Hlus, Innisfree; Jim Scott, Mannville; Florence Collins and Evelyn Codd, Vermilion.

Winners in the Search for Talent show are determined by the largest number of votes sent in by well-wishers, and the money is used to help in projects undertaken for crippled children.

New Members Join Vermilion W. I.

The January meeting of the W. I. was held at the home of Mrs. E. Rooks at 2 p.m. with the president, Mrs. W. J. Bell in the chair. Eleven members were present and four visitors, Mrs. A. Cameron, Mrs. Ryan, Mrs. G. Skinner and Mrs. Wilson Ford. Mrs. Skinner recently arrived from England and has become a member of the W. I. in Vermilion. In England she was a member of the Cornwall group. Mrs. Wilson Ford who was a member many years ago has rejoined.

Mrs. Rooks reported nine get-well cards had been sent, flowers to the hospital at Christmas and a card put on each patient's tray on Christmas morning. Roll call was answered with "pennies for friendship" and thirty-two sick calls were made.

Mrs. Green gave an informative talk on the highlights of the recent meeting and workshop.

The president reported on the need for used clothing and layettes for U.N.E.S.C.O. and these are to be [illegible] the next meeting at Mrs. Marfleet's.

The 1960 program books were given out. At the close of the meeting a very nice lunch was served by Mrs. Bell and Mrs. Rooks.

"NO MAN CAN FEEL HIMSELF ALONE"
by Nixon Waterman
(1859-1926)

When you or your loved ones are sick, it is unwise to attempt to be alone with your trouble and attempt self-treatment. There is a friend whose whole life is dedicated to the treatment and cure of the sick — your Physician.

The beginning of any illness is the opportune time for treatment. Delay can be dangerous. Home remedies that may only temporarily relieve distress often give a simple ailment time to become serious. Only a physician is competent to diagnose the true cause of sickness and prescribe the proper medication.

A great many people entrust us with their prescriptions. May we compound yours?

CARD OF THANKS

We wish to extend our sincere thanks to Dr E. Evans, Dr Ben King, matron, nurses and staff of the Vermilion hospital for their kind attention to Earl while he was a patient there.

The Brower Family.

GREENLAWN GOODWILL CLUB

The annual meeting of Greenlawn Goodwill club was held at the home of Mrs. Gertrude Blacklock, one week early, Jan. 14, with [illegible] members and two visitors present.

The new executive is:

President — Mrs. Annabelle Stone, Secretary — Mrs. Laura Rainey; Vice-Pres. — Mrs. Florence Avery. Sunshine Committee — Mrs. Gertrude Blacklock, Mrs. Vera Jones and Mrs. Josephine Gray. Mrs. Doris Jones was nominated for Hall committee representative.

There were many cards and thank you notes from the receivers of Christmas boxes the club had sent at Xmas time to honor our old timers.

Mrs. Gardener's heirloom quilt was finished at Mrs. Myrtle McMullen's. The club quilt is being set up at Mrs. Ada Lumley's and will soon be ready for all members to join forces and quilt it together. Another quilt-top, of [illegible] wool pieces was donated to the club by Mrs. Peterson. This is to be made up in the near future.

The extension library box of reading books is at Mrs. Myrtle McMullen's for all interested members.

On Feb. 2 to 5 there is to be a sewing demonstration and the making of dresses at the home of Mrs. Dagny Holmes. Each party is to take lunch and a little extra. Mrs. Holmes is serving hot [illegible]. Miss Hooper will be the instructor and she will bring as many instructors as she needs. An invitation was extended to all [illegible] and to 4-H members' mothers to attend the Ellsworth 4-H Clothing Club meeting at Lorne Sawak's Feb. 3 at 8 o'clock. Miss Hooper will show a film "Figure Flattery Through Optical Illusion".

Florence Avery won the [illegible] prize. Feb. 18 meeting will be held at Mrs. Marie Brett's, unless a change has to be made. This meeting will be in part a Valentine party, each member to bring a Valentine and reveal names to secret pal. A few hands of whist will be played, prizes for the winners. Please bring card tables.

A very nice lunch was served by our hostess and daughter and helpers.

A thought: When arguing with a fool be sure he isn't doing likewise.

NEWS from ISLAY

Mr. and Mrs. Albert Beck have returned from Eston, Saskatchewan where they were visiting Mr and Mrs. Proudlove, their daughter Violet and husband.

Mr Ken McLennan who is attending technical school in Calgary, was home over the week end.

The Alberta Wheat Pool is having an evening in the town hall on Friday, Jan 22 at 8 p.m. A report will be given by the delegate and films will be shown. We hope you come and enjoy the evening.

Mr and Mrs. Walter McCaughan, Rod and Randy attended the baptism of the baby of Mr and Mrs. Bill Barlett at the Anglican church, Kitscoty, last Sunday.

The Islay F. U. A. meeting held Jan. 18th was attended by about 40 farmers who heard a very interesting address by Dr. A. R. Anderson who spoke on preventive medicines in the care of livestock. A question period followed and much information was gained. Mr. P. McGuigan thanked Dr Anderson for coming and for his valuable contribution to the meeting. Doughnuts and coffee brought the meeting to a close. Officers for the year 1960 are: President, W L Brown; Vice-President, M Warawa; Secretary Treasurer, Dave Martin; Executive, P M. McGuigan, E. Ternoster, M. Warawa, G. Gould, L. Gould and H. Buchanan.

C.G.I.T. To Hold Valentine Party

MANNVILLE — Seven girls of the senior C. G. I. T. group met with their leader on Tuesday, Jan. 19 and opened by repeating their purpose. Secretary's and treasurer's reports were adopted as read, followed by the roll call which was answered by naming the first 30 books of the Old Testament.

A statement for Xmas cards presented, as well as two bills for payment to the treasurer. Officers have received their maple leaves.

It was decided to hold a Valentine's party on Feb. 16, weather permitting, and if skating is allowed from six to seven o'clock. Group education form was filled in and Marion Schock led the worship service. A map of Africa (the country for mission study) was put up. Meeting closed with 'Taps'.

Manz Rink Wins In Ladies' Curling

MANNVILLE — In the final play-offs for the square draw Saturday night the ladies rink comprised of Mrs. Joy Manz, Mrs. Mae Proudfoot, Mrs. Sophie Kreller, Miss Jean Wright, were the winners and won prizes of curling pins. The rink skipped by Mrs. Marjorie McLaughlin, with Norma Ewing, Phyllis May and Lynne Nicholson placed second.

CHATSWORTH CHATTER

The weather is behaving nicely and we've enjoyed a very mild January, with but little wind and light snowfall. It must be compensating for such a [illegible] fall. In unharvested fields the cattle are out grazing on sunny days, roads are open and good, and the holiday season was enjoyed with much visiting.

The Chatsworth local of the F. U. A. held their annual meeting early in December when new officers were elected. These were: President, Frank Wilson; Vice-President, J. Farkash, Jr.; Secretary-treasurer, H. MacKinnon.

The annual Christmas concert was held at the centre on Dec 23rd with a good crowd in attendance, and the children did their parts very well in spite of very little practice. Santa appeared at the close of the program, and one hundred bags of treats were handed out to the children of the community, along with many gifts. The evening was brought to a close with the serving of a bountiful lunch. The concert was sponsored by the Country club.

The January meeting of the club was held at Mrs. Farkash's on the 21st, with six members and two visitors present, the visitors being Mrs. Dahoy and Myrtle Thompson. Mrs. Dahoy became a member at this meeting. The Sick committee Mrs East and Gladys Tovell reported one visit made to the hospital with flowers for a member. The Christmas accounts were passed for payment. It was reported that the table to be purchased for a multiple sclerosis patient's use has been ordered and some discussion took place re the collection of good used clothing for [illegible] more was done at this meeting. The February meeting is to be held at the home of Mrs Clayton Davis and the lunch committee is Mrs Burton, Mrs Alice Davis, Mrs Bert Moore and Mrs. East. Sick committee is Mrs Arthur Tovell and Mrs. F. Henningsen. Mrs Henningsen is also in charge of the social.

A number of folk in the district are under the weather with 'flu and scarlet fever. Clayton Davis is the latest victim.

Congratulations are in order for Iwan Jacula, who competed in the "Search For Talent" at Mannville recently, and was the winner of first prize.

Our congratulations also to Diane Ferguson, the recipient of a Legion bursary award. Diane graduated from high school in Vermilion last June and plans to take up nursing studies. She is the daughter of Mrs Edna Ferguson and the late Mr Ferguson.

Motor Battle Looms

This year will see a real battle of the giants in the Canadian automotive industry, predicts Ralph Young in The Financial Post.

Stung by success of the imports, which last year took more than 25% of new car sales in the best year the industry has seen in this country, the big automobile manufacturers are [illegible] in the production and [illegible] plans aimed at cutting down the imports — particularly the independents not affiliated with a U. S. manufacturer.

Compact cars currently represent almost 25% of total Canadian production.

Health Unit Notes

WHAT IS W.H.O. IN HEALTH?

WHO is the World Health Organization with headquarters in Geneva, Switzerland and groups 88 countries with the aim of protecting the health of all peoples.

WHO works with the national health services to prevent infectious disease (malaria, tuberculosis, syphilis, etc.) and to train health workers. It gives technical assistance to improve sanitary conditions in over 100 countries, warns of outbreaks of epidemic disease, co-ordinates research, and recommends international standards for drugs and vaccines.

Dr. M. G. Candeau is Director-General, in charge of a staff (including field staff) of about 1,000 professionals of 54 nationalities. WHO's budget, contributed by member states, is $13,500,000 for 1958.

The story began in 1946. In that year an International Health Conference, called in New York by the United Nations, approved the Constitution of a Specialized Agency, the World Health Organization, and decided that it would come into official existence when 26 member countries of the UN had ratified their signatures to the constitution.

WHO'S INHERITANCE

From previous existing health organizations WHO inherited international duties relating to epidemic control, quarantine measures, and the standardization of drugs and other medical substances. In its first ten years it has expanded these activities notably by:

1. Operating a warning service which by daily short wave bulletins informs all health administrations, ports and airports of the occurrence of epidemic disease anywhere in the world.

2. Setting up universally valid health regulations governing international travel and trade by land, sea and air.

3. Publishing the first International Pharmacopoeia which recommends international specifications for the strength and purity of several hundred drugs and pharmaceutical preparations.

4. Its technical publications, which now comprise well over 200 titles on more than 40 health subjects.

WHO's constitution adopted by the International Health Conference in New York in 1946, embodies a new approach to world health. It defines health as a state of complete physical, mental and social well-being and not merely the absence of disease or infirmity. It states further, that the enjoyment of the highest attainable standard of health is a fundamental human right. It declares that governments have a responsibility for their people's health, and it says that unequal health development in different countries is a common danger and that the health achievements of any States are of value to all. It asserts that the health of all peoples is fundamental to the attainment of peace and security.

Each year the WHO's member states send their representatives to the World Health Assembly which reviews current activities and decides the policy that governs WHO's work, the programme to be undertaken in the next and succeeding years and the amount of the budget necessary to carry out the programme for the following year. The assembly is also attended by observers from international bodies and medical and technical associations connected with health work similar to the Health League of Canada.

All member contries have an equal standing and equal voting rights in the assembly. This ensures that WHO's activities shall be those which best serve the interest of its members. Each year the assembly elects six countries entitled to designate a person to serve on WHO's executive board. The executive board is a technical, non-political group of 18 health experts, each designated by one of the countries elected for the purpose by the World Health Assembly. Six board members retire each year.

The executive board gives effect to the decisions of the Health Assembly, and scrutinizes the programme and budget proposed by Director-General before its presentation to the Assembly.

WHO'S SIX REGIONS

In order to make effective operation possible for such a world organization WHO's constitution recognizes the desirability of decentralizing WHO's activities. WHO has therefore divided the world into six regions, each with regional committee and regional office, they are: the Americas office (Pan American Sanitary Bureau in Washington, D. C.) Europe (Office in Copenhagen, Denmark) Eastern Mediterranean (Alexandria, Egypt); Africa, south of the Sahara (Brazzaville, French Equatorial Africa) South East Asia (New Delhi, India) Western Pacific (Manilla, Philippines).

Today WHO is present in more than a hundred countries and territories. Throughout all continents experts and teams of WHO are helping national health authorities to develop and perfect their means of controlling illness and assuring better health.

Chances are you'll never tie up alongside C.S.L.'s flagship T. R. McLagan at your Imperial Esso service station. But she's an important customer of ours and an important one to you.
How ships like this giant grain carrier help Imperial keep the cost of gasoline down
The fuel used by the T. R. McLagan is a thick, heavy, black oil—quite different from the light volatile gasoline your car needs.
If gasoline were the only product made from crude, it would cost much more to produce. Instead, research and refining specialists in companies like Imperial have developed ways to utilize *all* parts of the crude, from light gases for making plastics, for example, to heavy asphalt for pavement. In between are hundreds of other products, like oils, greases and fuel used by the T. R. McLagan and lubricants for your car.
Imperial's efficiency in getting everything out of the crude oil means the prices of all products are low. That's one reason government figures show that in the last five years the average price of things people buy has gone up nearly 16 per cent, while gasoline has actually gone down about half of one per cent.*

OUR LETTER FROM EDMONTON

Alberta Conservatives Looking For New Leader; Kirby Resigns

by KEN MASON

EDMONTON. — Alberta Prog.-Cons. began looking for a new leader last week when W. J. C. Kirby of Red Deer announced that he intends to submit his resignation.

At week's end the big question was whether the party would name a successor immediately or wait a year or two and call a full-fledged leadership convention.

There appeared to be a move afoot among some Tory officials to have the Alberta PC Association take early action on the appointment of a leader. The association's annual meeting is scheduled for next month in Edmonton, and it would be a good opportunity to accept Mr. Kirby's resignation and elect a new chieftain.

Only trouble is, the association's [illegible] doesn't allow for the turning of an annual meeting into a leadership convention. It says party members must be given ample notice before a leadership convention is held.

But some party bigwigs felt constitutional changes could be made to allow next month's meeting to name a leader.

For one thing, they felt it would be a good idea to give the leadership to Ernest S. Watkins, of Calgary, the only Tory MLA, and thus strengthen his position in the House. Mr. Watkins said he will let his name stand if the February meeting becomes a leadership convention.

Mr. Watkins was the only solid leadership candidate on the scene at the time of writing. There was talk of the party drafting Arthur Smith, federal MP for Calgary, and Mayor [illegible] Toshack of Drumheller was mentioned as a possible candidate. But, according to party [illegible], it was nothing but speculation.

It appears the party has [illegible] but to elect Mr. Watkins as leader. On the basis of performance in the general election last June, he's the province's leading Conservative.

Mr. Kirby said he was resigning because of pressure of his law business in Red Deer, coupled with family obligations. There was no mention however of demands for his resignation from two groups — the Edmonton Strathcona PC constituency association and the Tory club on the University of Alberta campus.

Mr. Kirby said he plans to take no further active part in politics, and it looked like the end of what might have been a promising career in public life.

He entered politics first in 1954 when he won a by-election in Red Deer riding, then made it stick by being re-elected in the general election the following year. Perhaps he wasn't ready for it when the party named him leader in 1958, but in the 1959 election he lost his own seat and saw his party's strength in the House drop from three to one.

LIBERAL PARTY IN NEWS

The Liberal party was in the news last week, too.

Some [illegible] Alberta Liberals attended a $10-a-plate fund-raising dinner in Edmonton to hear a talk by Newfoundland's Premier Joseph Smallwood, only Liberal premier left in the Dominion.

Fighting Joey was billed as Canada's most dynamic politician and just about everyone who heard him came away convinced this was no [illegible].

Primarily, it was a Liberal-to-Liberal talk, but Mr. Smallwood's message was one that every political party could take to heart. What he said, in effect, was that a party must win and maintain the support of the common people if it wants to be voted into power.

If it is to win this kind of support, he said, it must be a party of men and women who want to take over the government for the sole reason that they believe they can do a better job. Unless a party is convinced of this and can make the people vividly conscious of it, it doesn't even deserve to be a party.

This is why Newfoundland went Liberal when it joined Confederation and has remained Liberal ever since — because in Newfoundland the Liberal party is the party of the common people. Without them, said Joey, you can't win.

At the same time, he said, it isn't good for any party to remain in power for too long. A party in power too long becomes careless; one in opposition too long becomes dispirited and discouraged. He said his own party has been in power for more than ten years, but he hopes it doesn't stay in office another ten years without a break.

KITSCOTY

The Reverend Mr. J. H. Dicker of Sandy Lake, Saskatchewan spent late week here visiting at the Rectory with Reverend and Mrs. A. E. Potter and calling on several of his old friends.

Mr. and Mrs. Clifford Miller were recent visitors to Westlock, staying with their aunt and uncle, Mr. and Mrs. James Crone for several days.

Mrs. R. B. Hiltz of Brownvale is at present visiting with her son Mac, Mrs. Hiltz and the boys.

Mr. and Mrs. Cliff Pinder of Edmonton spent the week end here visiting with Arlene's parents, Mr. and Mrs. Henry Joy.

We are pleased to report Mr. George McTaggart has returned home from the Lloydminster hospital and is somewhat improved in health.

Mr. and Mrs. Harold Stevens have returned home from spending a holiday with relatives in Manitoba.

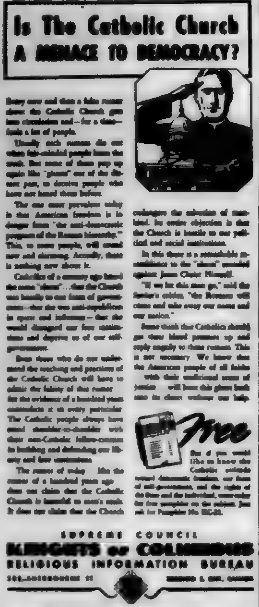
Best wishes for a speedy recovery are extended to Mrs. H. Moon, Mrs. J. F. Finlin and Mr. E. Moon who are at present patients in the Lloydminster hospital.

Mr. and Mrs. Walter Hiltz of Edmonton spent last Friday here visiting with Mr. and Mrs. Newman Brown and Bill.

Mrs. R. M. Matheson was in Edmonton last week end visiting with Mr. Matheson and their family. Congratulations and best wishes are extended to Mr. and Mrs. Matheson who celebrated their Golden wedding anniversary on Thursday, Jan. 14.

Square dancers, don't forget the next dance will be held in the town hall at Kitscoty on Saturday, Feb. 6th and Harold Arbacher will be calling. A prize will be given to the couple attending from the farthest point. Everyone is welcome to come and join in the fun, meet your neighbors and make new friends.

We regret to report that Mr. R. P. Sheldice, who resided here and in the Whitewood district for many years, passed away last week in Estevan, Sask. The funeral was held in the United church on Monday, Jan. 25, with interment in the Kitscoty cemetery. Sincere sympathy is extended to Mrs. Sheldice and the family in their bereavement.



Is The Catholic Church
A MENACE TO DEMOCRACY?

Every now and then a false rumor about the Catholic Church gets into circulation and—for a time—fools a lot of people.

Usually such rumors die out when fair-minded people learn the truth. But some of them pop up again like "ghosts" out of the distant past, to deceive people who have not heard them before.

The one most prevalent today is that American freedom is in danger from "the anti-democratic program of the Roman hierarchy." This, to some people, will sound new and alarming. Actually, there is nothing new about it.

Catholics of a century ago heard the same "ghost"... that the Church was hostile to our form of government—that she was anti-republican in spirit and influence—that she would disregard our free institutions and deprive us of our self-government.

Even those who do not understand the teaching and practices of the Catholic Church will have to admit the falsity of this rumor for the evidence of a hundred years contradicts it in every particular. The Catholic people always have stood shoulder-to-shoulder with their non-Catholic fellow-citizens in building and defending our liberty and free institutions.

The rumor of today... like the rumor of a hundred years ago... does not claim that the Catholic Church is harmful to men's souls. It does not claim that the Church endangers the salvation of mankind. Its entire objection is that the Church is hostile to our political and social institutions.

In this there is a remarkable resemblance to the "ghost" conjured against Jesus Christ Himself.

"If we let this man go," said the Sanhedrin's edict, "the Romans will come and take away our name and our nation."

Some think that Catholics should get their blood pressure up and reply angrily to these rumors. This is not necessary. We know that the American people of all faiths... with their traditional sense of justice... will lead this ghost back into its closet without our help.

Board of Trade Elects Angus MacMillan As President; C. J. McCormick New Vice-President

Angus MacMillan, one of the younger generation of [illegible] men in the town of Vermilion, was elected president of the Board of Trade at the annual meeting held on Wednesday. The luncheon meeting was well attended by business men and district farmers.

The new president was born in Scotland but came to Alberta in 1924 when the family lived at Red Deer and Calgary for two years. The move was made to the farm in the St. Andrew's district north of Vermilion in 1926 and Mr. MacMillan has lived here continuously since that time. A graduate of the Vermilion School of Agriculture, Angus left the farm in 1952 to accept the position of farm foreman at the V. S. A. From that time on he took a very keen interest in all phases of town and community activity. In 1955 he joined the firm of Mitchell Insurance Agencies as a partner. For the past year he has been the vice-president of the Board of Trade.

[illegible] McCORMICK [illegible] PRESIDENT

Elected to the office of vice president is Mr. Clifford J. McCormick, well known motel proprietor and former farmer. Very interested in town and district progress, and one of the most active members for many years, Cliff is a happy choice for the office.

PAST PRESIDENT'S ADDRESS

The retiring president, Mr. J. V. Kneale, gave a most complete report of the activities and accomplishments of the Board during the past year. The number of projects carried on was most enlightening and really amazing.

The Standard hopes to carry a resume of the retiring president's address in following issues of the Standard.

SWORN IN BY MAYOR HILL

Following their election, the president and vice-president were sworn into their new offices by His Worship Mayor Hill.

The complete list of officers for 1960 is: Hon. President — Mayor Melvin Hill; Past President — J. V. Kneale; President — Angus MacMillan; Vice-president — C. J. McCormick; Secretary-treasurer — F. J. Richardson; Director of Publicity — Ashley Cooper; Farmer representative — Ralph Wilson. Directors — R. A. Fenaud, C. J. Alfke, D. Lutzak, Mervyn Hill, G. W. Sutherland.

Two year terms — A. L. Mireault, Roger Rowe, D. R. Mitchell, K. G. Urquhart, Mark Norton.

Local Jr. Red Cross To Raise Funds For World Refugee Year

During February the Junior Red Cross members in Alberta schools are concentrating their activities on the study of, and raising funds for, World Refugee program.

The Junior Red Cross members of four school rooms in the west end stucco school have planned a tea and bake sale to be held on this Saturday, Feb. 6th, from 2 to 5 p.m. at their school. The funds raised from this project are to be used to support the world refugee program.

Using as their theme "A Little Dime Will Do It", the Junior Red Cross members of Alberta are launching various fund-raising projects in their schools to provide food, clothing, medicine and other dire needs of young refugees throughout the world. The money donated by the members must be earned, rather than be 'handouts' from parents.

Your support of the Junior Red Cross tea and bake sale this Saturday will help in the good works of the World Refugee Year program, and will also encourage the school children in an unselfish and worthwhile endeavor.

The Vermilion Rotary club is sponsoring an art exhibit to be brought here by the Vermilion Community Art club. The pictures will be on display Feb. 18 to 21 inclusive. As the location of the exhibit has not yet been arranged you are advised to watch the advertising columns of the Standard for announcement in this regard.

Runners-up from Paradise Valley

This rink of high school curlers, comprised of Dale Collins, skip, Dennis Elliott 3rd, Clarence Gilmer 2nd and Donald Weston lead, hail from Paradise Valley and won second place in the district play-offs at the Vermilion rink. The second was won by [illegible] who lost out in the Taylor Pearson-Curann play downs in Edmonton last week end. The Derwent boys put up a real battle losing their two games 15-12 and 9-7.

New Regional Library Plan Explained At Home & School

Members of the Home and School Association heard Mr. E. T. Wiltshire, Provincial Supervisor of Libraries, explain fully the plan for new regional library [illegible] last meeting. To date only one of these is operating in Alberta. Regional headquarters for their library is at [illegible] and four school divisions are included in the area [illegible]. Regional libraries are public libraries and are organized to serve all the people, rural and urban, and school children as well. It brings many advantages and a wide and continually changing choice of books. Mr. Wiltshire outlined the organization, [illegible], gave an idea of cost, and generally gave a summary of what a regional library can be and do.

Mr. Wiltshire was introduced to the meeting by the Home and School president, Dr. A. B. King.

The next meeting of the H. & S. will be held on Tuesday, Feb. 23rd. At this the Vermilion local school board will hold its annual meeting. There are two school trustees to be elected.

FRAMED PORTRAITS ARE PRESENTED

Two large framed portraits of Her Majesty Queen Elizabeth and Prince Philip were presented to principal A. Husby by Ralph Wilson on behalf of the Home and School. The large attractive portraits will be hung in the main hallway. Several people instrumental in obtaining and framing the pictures came in for thanks.

The meeting was held in the high school gymnasium for the first time. The meeting closed with a social half hour and refreshments.

HI-SCHOOL HI-LITES

Once again Vermilion High school is back to normal as examinations are over and report cards are to be issued on Feb. 1[illegible].

BASKETBALL

In basketball games against [illegible] last Friday, both the girls' and boys' teams of V.H.S. emerged the victors. On Wednesday evening of this week the two Vermilion teams went to Lloydberry (?) for return games and this Friday they play in Kitscoty.

PARENT-STUDENT DANCE

February 19 is the date set for the annual parent student dance. The theme of the dance this year is "The Queen of Hearts Ball". One student from each of grades 9, 10, 11 and 12 has been nominated as candidate for the Queen of the Ball. They are [illegible], Pauline [illegible], [illegible] Lowe, Joyce McCrae and [illegible]. The public is invited to buy tickets at 1c each and thus secure a vote with each purchase for the girl of his or her choice.

Ratepayers To Meet Feb. 8th

Will Hear Reports by Mayor, Committee Chairmen and Secretary-Treasurer

Ratepayers of the Town of Vermilion will meet in the Elks hall on Monday evening, Feb. 8th for the purpose of hearing the annual reports of the Mayor, the secretary treasurer and the chairmen of the various committees of council. The financial statement will be presented and discussed, and matters pertaining to the town in general will come up for review.

This is a meeting at which all ratepayers may state their views and be listened to by the entire council. It is hoped by the mayor and council that there will be a large number of ratepayers in attendance and that opinions will be expressed on the conducts of the business for the past year, and direction given for the work of the council during 1960.

The meeting will commence at 8 p.m.

League Leaders Here Saturday, Feb. 6th in EAHL Attraction

The Mannville Pontiacs, currently leading the Western division of the E. A. H. L., four points in front of second place Vermilion Tigers, will provide the hockey attraction along with the Tigers when they meet here this Saturday evening at 8:30. The Pontiacs have a 7-6 record for 14 points while the Tigers have a 5-10 showing for 10 points. However, the Tigers improve every time out. Wednesday last week they set back the Lashburn Flyers who are out in front of the Eastern section so there is no reason why they cannot continue in the role of the giant killers and cut the distance between themselves and the league leaders in half this Saturday.

Roads are excellent, weather is the same and the rink holds well over 1,000 people. The hockey will be well worth seeing and the Tigers deserve your support. Come on to the hockey game Saturday evening.

Hasinoff Rink Wins Grand Challenge

MANNVILLE — With 13 rinks entered in the local ladies bonspiel, curling was started on Friday afternoon, Jan. 29th at 4:30 p.m. Results of the spiel were: Grand Challenge — 1. Mrs. D. Hasinoff, Mannville; 2. Mrs. Nicholson, Lloydminster; 3. Mrs. Cook, Irma; and 4. Mrs. Francis McLaughlin, Mannville.

Merchants — 1. Mrs. Holt, Lloydminster; 2. Mrs. McGreavy, Edmonton and Mannville; Mrs. Jamieson, Lloydminster; 4. Mrs. G. Majeau, Mannville.

Citizens — 1. Mrs. Len Manz, Mannville; 2. Mrs. Ruby Larsen, Buffalo Coulee; 3. Mrs. Raoul Bodard, Mannville; 4. Mrs. Jack Conford, Mannville.

The Hard Luck prize went to Mrs. P. Morris' rink of Vermilion.

A banquet for curlers and visitors was served to 60 by the local L. O. B. A. The president welcomed all curlers and proposed the toast to the Queen. The toast to the visiting curlers was given by Mrs. Mabel Majeau and replied to by Mrs. Greenwood of Vermilion. Entertainment was enjoyed as Misses Dawn Kreller and Gail Mercer sang two delightful duets, "Who Broke the Lock on the Henhouse Door?", and "Whispering Hope". A comedy number, "This Hat I Got for Curling is Too Big", was presented by Mrs. Joan Lugg.

District No. 7, F.U.A. Wins Membership Prize

The winners have been announced and the prizes presented in the competition among FUA districts in the Farmers' Union membership drive. $700 was donated by the UFA Co-op, to be divided among the four districts which showed the largest percentage sign up of potential members in the district.

First prize of $300 went to District 6 and was accepted on behalf of the district by the director Ted Chudyk of Vegreville.

Second prize of $200 was won by District 10 and the cheque was given to the director Leonard Hilton of Strathmore.

Third prize of $125 went to District 1 and was received on behalf of the district by Laverne Sorgaard of Latimer (?).

Fourth prize of $75 won by District 7 was received by the director Ralph Wilson of Vermilion.

Speaking briefly each of the four men paid tribute to the efforts of canvassers and others in their districts who made possible the success in winning the prizes.

LIBRARY OPEN HERE HOUR FRIDAYS

The Vermilion Public library will be open during the Friday noon hour 12:15 to 1:15 p.m. for the special convenience of country [illegible].

NOT GEORGE DOHERTY OF VERMILION

The George Doherty who recently appeared in Edmonton police court and was sentenced to three months in jail is not George Doherty of Vermilion, nor any member of the Doherty family residing here.

Legion Makes Plans For Annual Polio Drive

At a Legion meeting held on Monday evening, plans were made for holding another annual [illegible] for the Canadian Foundation for Polio. In Alberta collections are made by Legion branches in every town. In most provinces in Canada subscriptions are handled by the March of Dimes organization.

As everyone in this district knows, there are a number of cases from this community still receiving treatment for polio contracted last summer. Maybe everyone does not know, however, that the Government of Alberta provides hospital treatment and pays doctors' fees for all patients requiring same. Then the polio fund steps in where the government assistance leaves off to help in paying for ambulance transportation, crutches, wheelchairs, housekeeper assistance, care of children and in some cases providing groceries where the head of the family is struck down with polio.

The date of the polio campaign has not as yet been decided. An announcement will be made to this effect in about two weeks' time.

Alex Callas, chairman of the Vermilion branch, will head up Legion Welfare committee for the polio canvass.

Lloydminster Rink Wins Zone Play-off

The Lloydminster rink of Fred Braithwaite skip, Dr. Smith, Bob Baynton and Elmer Grunert is representing this zone at the British Consols playdowns in Edmonton at the present time. By Thursday noon they had won two and lost two so were through for this year.

The Braithwaite rink won the zone play-off which concluded on Vermilion ice last Saturday by eliminating the Vermilion quartet of Daryl Currah, Glen Gibbons, Rog Rowe and Gordon Ross in a playoff following the [illegible]. Currah won the first competition and Braithwaite the second. This called for a best two of three play off and the border town quartet took two straight games.

The zone play-off on Vermilion ice attracted a lot of interest and good galleries of spectators witnessed the games.

ANNUAL MEETING

The annual meeting and election of officers of the Alexandra Conservative Association will be held at Kitscoty on Feb. 10 at 8 p.m.

Kinsmen Midgets In Play-Off

Vermilion Kinsmen Midgets and Wainwright Elks played to a 7 - all tie at Vermilion Wednesday night in the first game of a home and home series in the provincial Midget play-offs. The second game will be played in Wainwright on Friday evening.

Official Board of Kitscoty Pastoral Charge Meets At Islay Church

The official board of the Kitscoty pastoral charge of the United Church met at Knox United church, Islay on Jan. 27 with 33 members present.

The following officers were elected for 1960: Recording Sec. — C. A. Richardson; Treasurer for Pastoral Charge — [illegible]; Pastoral Charge [illegible] committee — D. Martin, L. Perks, H. Webedale, H. Walton; M. and M. committee — Mrs. H. Webedale, Miss R. Anderson, Mrs. E. Micklejohn, Mr. Seward.

[illegible] committee to comprise of the Session of each church and a member from each of the W.A. and W.M.S. groups and the Sunday School superintendent.

Press correspondent is Mrs. H. A. Walton.

The Rev. J. Shortt gave further information on securing a student assistant for the summer months.

Several reports were favorably received by the board and plans for the Sector Plan of 1960 and other business was handled.

Vermilion Rotary Club Praised By District Governor Patterson

Mr. Gilbert C. Patterson of Lethbridge, Governor of Rotary District No. 536, paid an official visit to the Vermilion Rotary club last Friday. He was welcomed by president Ross Boake, and all the members.

In his address Mr. Patterson referred to Rotary's slogan "Service above self, he profits most who serves best." He said it is easier for us to carry our own load if we help the other fellow to carry his.

The district governor announced that the conference for District No. 536 will be held in Lethbridge this year and the date is May 7th.

In introducing the visitor Reg. Mitchell said that he was born at [illegible], Ontario, attended normal school at Calgary, taught school at Rose Island and Medicine Hat, then studied law at the University of Alberta, and has practised in Lethbridge ever since 1923. Mr. Patterson has been a member of the Lethbridge Rotary club since 1937 and has [illegible] interest in [illegible] the [illegible] Junior College at Lethbridge.

In thanking the speaker J. W. G. Morrison, Q.C. said that it was the most enlightening address that he had listened to for some time and that it leaves the members with thoughts that will stand good stead to them. President Boake also thanked Mr. Patterson for his excellent address which will long be remembered.

At the meeting a letter received from High school librarian, Mrs. F. M. Stewart was read. [illegible] thanked the members of the Rotary club for contributing so many useful books to the school library.

Mrs. Winnifred Stewart To Speak On February 18th

Mrs. Winnifred Stewart of Edmonton will address a public meeting to be held on Thursday, Feb. 18 at 8 p.m. in the west end [illegible] school.

Mrs. Stewart, a pioneer in the field of educating the retarded, will speak on that subject on behalf of the local Retarded Children's Association. A film will be shown.

On Friday Mrs. Stewart will be guest speaker at the Rotary luncheon after spending the morning at the Vermilion School for Retarded Children.

An open invitation is extended to all interested groups, associations and individuals to attend. 30-1

Esteemed Old Timer Passes Away

A well known old timer Mrs. Dora Eyben Carlson, passed away at her home in Vermilion on Saturday, Jan. 30, at the age of 79 years. She had been in ill health for several months, having been a patient in the Vermilion municipal hospital for some time last fall, but death occurred when she was once again in her own home.

She was born in Dows, Iowa, in 1880, and in 1897 married Henry A. Eyben who predeceased her on April 22, 1949. They came to the Cummings district, south of Vermilion, from Iowa, where they farmed until the time of their retirement and removal to Vermilion in 1947.

Mrs. Carlson took a very active part in all community projects, having served on the school board in the Cummings district, worked for the Auburndale United church, and was especially well known for her helpfulness to friends and neighbors in time of sickness — "she mothered everyone".

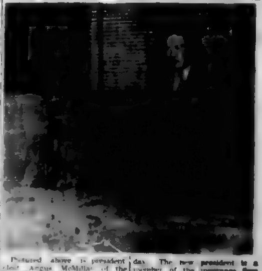
She was married to Mr. Albert Carlson in the fall of 1957, making their home in Vermilion.

She is survived by her loving husband Albert, five sons, Peter, John, Henry, and George, all of Vermilion, and Herman of New Westminster, B.C., five daughters, Mrs. C. (Marie) Martin, Mrs. G. (Dora) Caron, Mrs. R. (Augusta) Armstrong, all of Vermilion, Mrs. M. (Clara) Wingy, Portland, Oregon, and Mrs. J. (Agnes) Taylor, Wainwright; two brothers, Edward and Theodore of Iowa, 35 grandchildren and 31 great-grandchildren.

Funeral services took place in the Auburndale United church on Wednesday, Feb. 3 at 2 p.m. with Rev. C. W. MacKay officiating. Interment took place in the Mt. Auburn cemetery.

Moyer's Funeral Home was in charge of arrangements.

Live Better Electrically



Pictured above is president-elect Angus McMillan of the Vermilion Board of Trade making a short speech of acceptance following his election at the annual meeting held last Wednesday. The new president is a member of the insurance firm of Mitchell Agencies Ltd. Seated in the picture is Clifford J. McCormick, motel proprietor, who was elected vice-president.

The proposal to take advantage of the present very generous grants available from both Dominion and Provincial governments for the construction of an arena and exhibit building on the [illegible] grounds is a sound one. It is something which will become in a very few years a really pressing need, and if we leave the project until that time arrives the grants will quite likely have been cancelled and the town will be faced with raising all of the money instead of but some 30 per cent as the situation presently exists. It does seem, and the need is here, that it would be good business to secure a $200,000 recreation centre at an actual expense to the town of but $60,000 as the proposal now stands.

As pointed out in these columns before, many towns much the same size as Vermilion have provided these recreation centres without the aid of any government grants.

Germination Tests

Germination tests are essential every year but this year extra precautions should be taken. Much of the seed to be used in 1960 will have a high moisture content as a result of the inclement weather last fall. Both frost and moisture often lower the percentage of germination and also the vitality of the seedlings.

Germination tests on grain with more than 14.5% moisture are unreliable, says Alberta's Supervisor of Crop Improvement Service, O. G. Bratvold. Grain with a high moisture content should not be used for seed unless dried. When it has been artificially dried tests should be made after the drying process since the germination can be damaged if temperatures are not carefully controlled.

It is important to remember that a sample of damp grain mailed to a laboratory for testing will dry out enroute and the results therefore will not be an accurate representation of the grain in the bin. It is better to test damp grain in sand or soil at home. However seed offered for sale has to have an official germination test. Samples to be tested may be sent to the Plant Products Division, Canada Department of Agriculture, Edmonton. The fee for testing cereals is 75 cents for each sample which is payable when it is submitted.

HOME TOWN PRIDE

My wife and I carry on a constant battle over who has the best home town. I was a Manitou boy, my wife swears allegiance to Ochre River.

So many tales had my wife told about the goings-on at Ochre when she was a girl that my daughter Kathy (age ten) couldn't wait to go there. Finally she and I hit the trail to Ochre to visit her grandmother.

Kathy was thrilled. We had a meal in the restaurant and her comment was, "My but the meals in these small-town restaurants are delicious aren't they?" It was Saturday night. The town was packed with visiting farmers, so that there was scarcely a parking spot left on main street. Ochre's normal population of [illegible] was swollen to at least [illegible], and Kathy was impressed.

"Gee Mom," she said when we returned, "you sure are lucky to come from a place like Ochre River — I just love it there."

This was rubbing father's pride the wrong way. "Next week end," I told her, "I'll take you to Manitou. Now that's a real town!"

So Kathy and I hit the trail again.

There was Machiavellian cunning in my choice of day to visit Manitou. Kathy and I had just arrived as Santa Claus was getting into his cutter on the outskirts of town. We turned up main street just in time to be part of their wonderful parade. There were clowns and animals and a truck full of colored balloons let loose on the street, and there were youngsters and oldsters by the hundreds looking on. Manitou — always a busy town — was bigger and gayer than ever.

When the visit was over, and we started home, Kathy heaved a big sigh. "Gee, Dad," she said, "Manitou is even bigger than Ochre River!"

"Don't tell me," I said smugly. "Tell your mother!"

It was a victory — but the battle goes on. My wife continues to brag about Ochre River and brushes off the above event as the cunning connivance of a father to take advantage of his young, impressionable daughter. Home town pride is never vanquished!

FREIGHT ASSISTANCE ON FEED GRAIN

Assistance is now available to legitimate farmers for the movement of feed grains (not processed feed) into the area bordered by the province of Saskatchewan on the east, townships 52 and 32 inclusive on the north and south, and range 12 on the west. This assistance is limited to providing feed for livestock on hand. It is not for purchased feeders. Farmers are to make application after the feed has been moved. The assistance is worked out on the following basis: shortest loaded one way travel (miles) less twenty five multiplied by five cents per ton. The maximum assistance is $10.00 per ton or 30 tons. The policy is effective on grain moved from Jan. 11, 1960 until March 31, 1960. Applications are made to the Field Crops Branch, Alberta Department of Agriculture through your M. D. office and applies to truck transport only.

SWINE PNEUMONIA

Dr. N. N. Vance, Alberta Veterinary Services Branch, says that more pigs die of pneumonia at this time of year than from any other cause. The season is partly to blame, but poor housing, worm infestations, and faulty nutrition are the real culprits. The symptoms of pneumonia are coughing, heavy breathing, sneezing, loss of appetite, fever and nasal discharge. The infected pigs may die slowly or quickly but they do die. The best insurance against the disease is a tight building with good ventilation and a balanced ration. If the floor of the barn is drafty, a raised bed will help. Medication is not much good to hogs that are wormy, kept in cold, damp quarters and fed a poor ration.

FEDERAL PROVINCIAL EMERGENCY UNTHRESHED GRAIN ASSISTANCE

Farmers with unthreshed grain in the fields are urged to complete application forms for emergency assistance without delay. The most recent information available is "Farm operators who qualify for payments under the above policy shall not be disqualified (nor their payments affected) by payments that have been made or may be made under P. F. A. A." Anyone with a doubtful case should not hesitate to discuss it with the D. A. or M. D. officials.

4-H INTER-CLUB PUBLIC SPEAKING CONTEST

The 4-H inter-club public speaking contest to have been held Feb. 25 at the School of Agriculture in Vermilion will now be held March 11 at 8:00 p.m. in the same place. It is hoped that this change of date will not inconvenience too many people. There was an excellent program last year and whether you are in 4-H or not it is hoped that you will attend.

ARTIFICIAL INSEMINATION

A. I. is not really artificial but a new method of taking better advantage of nature. Ever since the first cave man decided to give up hunting and domesticate some animals, farmers have been earning their living by taking advantage of nature. A. I. can be the tool of the dairy man, the small mixed farmer with a few head of cattle or the very large rancher. It is doubtful if A. I. is very practical to the beef farmer who runs 20 to 100 head of cattle on rough range all summer. Probably the beef farmer would find the chores out-weighing the advantages.

A second A. I. meeting will be held in the Legion hall, Vermilion on Feb. 12th at 2:00 p.m. Everyone is welcome.

Lorne Scoggins Heard on Sportcast

MANNVILLE — Mannville residents were thrilled on Thursday evening to hear the voice of their hockey star Lorne Scoggins being interviewed over CKSA radio station on the sport round-up. Lorne won fame as a goalie with Calgary last year and is presently with the Vermilion Tigers team. In reference to Lorne, who predicted that "this is their year", when queried about the forthcoming game with St. Paul Hornets on Saturday, the sports announcer termed him as the toughest goalie in the league. Good clean hockey is noted at these games, as in the recent one between Lashburn and the Tigers, when only two penalties and one misconduct were handed out by referee Ralph Rand.

The weather is fair and mild with light snow flurries.

Wm. Telford has purchased the Alberta hotel and entered into possession on Tuesday.

Skip Bill Telford won the Grand Challenge event in the Ft. Saskatchewan bonspiel, also taking second in the Merchants and third in the Policeman competition. His rink was Slater, Alf Jones and Joe McKane.

Basketball At Mannville vs V.S.A.

MANNVILLE — Two fast action basketball games, one between the girls of Mannville High and V. S. A., the other featuring the boys of those schools, resulted in one win each way.

The Mannville girls doubled the V. S. A. score, 24-12. High scorer in this contest was Eleanor Kounkel with 10 points, and Marion Yacuk was runner-up.

The boys' game showed more scoring, with the V. S. A. team coming out on top of a 54-25 tally. Clive Rachel of V. S. A. was top scorer with 15 points to his credit; Barry Smith led the Mannville boys, making 8 points, and Iner Christensen and Colin Kennedy were runners-up for Mannville. Throughout the game the V. S. A. boys chalked up credits at a 2 to 1 rate over the home team. Alan Palin of V. S. A., and David McLaughlin, Mannville, were in charge of the fast moving games.

Kinettes Donate To Hospital Library

The January meeting of the Kinette club was held in the Elk cafe with 12 members and one prospective member present.

The hospital library committee for February consists of Mary Morgan and Norma Novak. It was decided that a supply of coloring books and crayons would be added each month for the benefit of the children. The Kinettes would like to thank those who so generously donated books to the library.

The February meeting will be a "Friendship" night, when all former Kinettes and Kinsmen wives will be invited to a supper meeting and a theatre party following.

You'll certainly drive a long way before you find one of T.C.A.'s new DC8's at an Imperial Esso service station. But they're important Imperial customers just the same.

The jet and the family car—together they mean lower gasoline prices

The new DC8 jets are powered by a special jet fuel, as carefully tailored for its job as the gasoline for your car.

Today gasoline and jet fuels are only two types of a whole range of products—some 400 of them—made by Imperial from petroleum.

This efficiency in getting everything out of every gallon of crude oil is an important reason for lower fuel prices—whether for a DC8, a jalopy or the new family car.

Gasoline is a bargain: in the last five years the average price of things people buy has gone up nearly 10 per cent, while gasoline has actually gone down about half of one per cent.*

NEWS from ISLAY

Five girls of the 4-H Food club gathered at the school Monday night Feb. 1 for the 4-H public speaking contest eliminations. There was a wide variety of topics such as: Value of Agriculture schools from a girl's viewpoint; Etiquette in Public Places; Manners; Getting a Club Off to a Good Start; Remembering Names. It was no easy task for the judges to pick the winner even though it was the very first time for some to speak before adults. After much deliberation the choice was Lynne Davidson. She will represent the club at the Vermilion contest.

Don Martin left on Sunday to attend Alberta College, Edmonton.

Youth Sunday was observed in Knox United church on Sunday at 3 p.m. Miss Cheryl Jones of Dewberry, a member of the C.G.I.T., was guest speaker and gave a thrilling address. Four little girls sang "Jesus Wants Me for a Sunbeam", [illegible], Cherril King, Sharon [illegible] and Marilyn McLean, with C.G.I.T. Peggy Hancock at the organ. Scout Jim Shaw read the Scripture and others taking part were Grace Schaffer, Sandra Bell, Sharon Redmond, Cub Tom McLean and Scout David Buchanan received the offering.

A happy evening was spent recently at the [illegible] home, it being Mrs. E. [illegible]'s birthday. When she arrived she was surprised indeed as Mr. and Mrs. [illegible] and Mr. and Mrs. [illegible] were there.

Stanley Geake Marries Ruth Pohl In Edmonton Tabernacle

A pretty wedding took place recently in the Pentecostal Tabernacle, Edmonton, when Rev. Bob Tuttinger united Stanley Earl Geake, son of Mr. and Mrs. Earl Geake of Vermilion, and Ruth Mary Pohl, daughter of Rev. and Mrs. Adam Schulz of Edmonton.

The bride was given away by her brother, Mr. Norman Pohl. Her dress was of lace over a satin fitted bodice, with a scalloped neckline and lily point sleeves; the satin skirt had a net overskirt, on bouffant. [illegible] circular [illegible] from a [illegible] cap [illegible] pearls and rhinestones. Her only jewellery was a crystal necklace, and she carried a bouquet of American Beauty roses.

The matron of honor, Mrs. [illegible] Pohl, sister-in-law of the bride, wore a royal blue satin dress trimmed with white, and the bridesmaids, Miss Violet Pohl, cousin of the bride, and Miss Joyce Jensen had identical dresses of white satin trimmed with royal blue. The bodices were fitted, with square necklines, and the skirts, full pleated with satin cummerbunds and organza butterfly bows. Each wore a white headband, white mitts and shoes and carried a bouquet of blue tinted carnations.

Groomsmen Don Geake, brother of the groom, and Al Koral, were in white dinner jackets, black trousers and black bow ties.

The church was decorated with blue and white carnations. The organ music was supplied by Mr Don Miller, and Mrs. Shirley Pohl, sister-in-law of the bride, was the soloist during the signing of the register. Edwin Pohl, brother of the bride, and Don Barnett, ushered the guests to the pews.

The bride's mother chose a dusky rose crepe dress with pink accessories, and wore a pink corsage. Navy blue was the color of the dress selected by the groom's mother who had a deep red corsage.

The reception for 125 wedding guests was held at Bellevue Community hall, which was decorated with white and blue streamers and white bells. The three-tiered wedding cake, baked by the bride's mother, and decorated with pink and white roses, was set in a bed of tulle centering the bridal table. The Master of Ceremonies, Mr. Paul Kozak, introduced Mr. E. R. Shedden who proposed the toast to the bride, and the response was ably given by the groom.

Out-of-town guests were: Mr. and Mrs. Wendlund, New Sarepta; Mrs. Kowlitzke, [illegible] Thompson and family, Hay Lakes; Mr. and Mrs. Ed Dun, Duhamel; Mr. J. Isaac and family; Mr. and Mrs. Walter Bamke and family, Ponoka; Mr. and Mrs. R. Green, Barrhead; Mr. and Mrs. A. E. Green, Eston, Sask.; Mr. and Mrs. Norman Pohl, High Prairie; Mr. and Mrs. Neil Thomas, Athabasca; Bob Parker, Dewberry; Mrs. Irene Ohurstrom, Lloydminster; Miss Donna Isley; Mrs. Smith and Vern; Mr. and Mrs. Earl Geake and family, [illegible].

The bride donned a two-piece beige suit, with rose accessories, for travelling. The happy couple will make their home in Edmonton.

Rotarians Hear Talk on Salemanship By John Stewart

John Stewart, young businessman of Vermilion, addressed the Rotary club at a recent meeting. Mr. Stewart was raised in Vermilion and after schooling here he graduated at the University of Montana at Missoula with a bachelor of commerce degree.

The speaker's subject was "Fundamentals for Successful Selling". He was introduced by Chas. Heckbert and thanked by Newcombe Bentley for his very excellent address. President Ross Boake also thanked Mr. Stewart for his informative talk.

Chairman Ross Boake reported that Reg Mitchell and himself were judges of the 4-H public speaking contest held at Preston school last week. The Preston 4-H Calf club was conducting its club eliminations. Joanne Hughes was the winner.

The public speaking contests for 4-H clubs in this area are sponsored by the Vermilion Rotary club. The winners here are eligible for entry in the provincial competition.

There were two guests, sons of Alex Palin by names of Bill and Jack. Welcome boys, the club was glad to have you for luncheon.

SALVATION ARMY FILM

The film, "Teen-Age Rock" will be shown in the Salvation Army hall on Friday, Feb. 12 at 7:30 p.m., and at 9 p.m. All young people are heartily invited to attend this most recent production for them. A collection will be taken. 30-1

This is National Electric Week.

WILDMERE WINKS

Feb. 2nd, ground hog day and what wonderful weather we are having. Good old sunny Alberta! Roads, too, are in very good condition.

The curling is going full speed ahead, except for the foursome who represented Wildmere at the British Consol play-off in Vermilion last week. Better luck boys, in the farmers' 'spiel in Wainwright this week end. Several rinks are going to take part from this district.

The sympathy of the district is extended to Mr. Carlson and the Eyben family in the passing of their beloved wife and mother last week end. She has gone to her well-earned rest.

Congratulations to Mr. and Mrs. Florent Van Wageningen Jr., on their marriage. Here's wishing you many years of happiness together. Next comes the charivari.

Miss Sandra Harrison of Battleview spent the week end visiting Maureen Cruthers.

Mr. and Mrs. Lloyd Howard and family, Mr. and Mrs. Roy Dibben and family, Mr. and Mrs. Floyd Sweet and Miss Pluney were supper guests at the home of Mr. and Mrs. Bill Smith on Sunday.

Mr. and Mrs. Cliff Cruthers and family, Sandra Harrison, Bob Shepherd, Ian Clark and Peter Morand were supper guests at the home of Mr. and Mrs. Albert Smith and family on Sunday celebrating Albert's birthday of Feb. 2nd.

Mr. Peter Morand, on holidays from his foreman job in Calgary, is visiting at the home of his aunt and uncle, Mr. and Mrs. Cliff Cruthers and his cousins George and Gary Cruthers in town for a few days. Nice to see you back Peter.

Mr. Bill Westman from Fort Saskatchewan and his sisters Mrs. H. Hemmingway and Miss M. Hunter from Vermilion stopped for a short visit with their brother and family, Mr. and Mrs. Wally Westman, on Sunday. They were on their way back from visiting their brother George Westman in Saskatchewan.

Mary Gibson was home from Varsity over the week end and while here celebrated her birthday.

The "Bone Busters" were successful in winning their hockey game [illegible] Coulee on Sunday.

Mr. Wilson Ford of Vermilion is spending a few days with his daughter, Mrs. Frank Gibson, while Mrs. Ford is in Edmonton visiting their son Dan Ford and family and having a medical check up.

Will everyone interested please take note that the annual school meeting will be held in Preston Central school on Feb. 10th at 8 p.m.

The final [illegible] must be drawing nigh as we hear a certain young man with a gleam in his eye is busy renting a house and buying a stove.

Several children and adults have had bouts with the flu and sore throats. Wally Westman spent one night in the hospital for X-rays. Glad to hear he received a good report. Mr. Fris[illegible] of Vermilion who has been in an Edmonton hospital for some time is now much improved and we hope to see him home and about soon.

OBITUARY

MARWAYNE NEWS

The Marwayne Merchants played Fort Pitt to a 4-2 victory at Fort Pitt on Sunday, Jan. 24. They were defeated by Chauvin at the tournament in Neilburg on Saturday Jan. 30th.

Good ice and perfect weather helped to make a very successful bonspiel in Marwayne which started on Sunday, Jan. 24th with thirty two rinks entered. A turkey banquet catered to by the O O R P was enjoyed by all. Mr B Graham's rink was the Grand Challenge winner. The same rink represented this club in the Brier play-off at Vermilion at which Braithwaite of Lloydminster was the victor.

A good crowd attended and enjoyed the Burn's night program sponsored by the W A in the United church on Tuesday. The program consisted of solos, duets, instrumentals, a recitation and a talk on Robbie Burns. A delicious lunch was served.

FARM HOME [illegible]

Fire destroyed the farm home of Mr and Mrs Pashniak on Wednesday shortly after [illegible]. Although help was called, by the time it arrived it was too late and very little was saved. A collection of everything needed in a home sponsored by the F W U A was held by the kind permission of the Elks in the Elks hall on Friday. Mr. and Mrs Pashniak and family were able to move into the house where Mr and Mrs Hale Sr once lived just adjacent to their own farm. The staff and students of the school had a fruit and grocery shower. The response of the community to these projects has been wonderful and we feel sure they will be a big help to the Pashniak family in their time of distress.

Congratulations and good wishes go to Mr and Mrs Wayne Laird who were married in Vermilion on Saturday Jan 30th. Wayne was formerly employed by the bank here.

Mrs. Eleanor Moorhead, [illegible] of Bonnyville were visitors at the home of Mrs. Moorhead's parents Mr and Mrs W Shaw on the week end.

Mrs Anne Murray is a patient in the hospital at Lloydminster this week. We wish her a speedy recovery. Mrs. Marian Tyner is teaching her class.

The Marwayne basketball team travelled to Kitscoty on Friday and were defeated by the scores of 21-6 for the girls and 60-21 for the boys.

Mr Lier Sr called on friends in town on Saturday. He had been to see Dr. Frances and is being sent to a specialist in Edmonton as he has cataracts on his eyes.

Coming events to remember. The benefit tea for Fred Rahn sponsored by the F W U A in the Elks hall on Friday Feb 5th from 2:30 to 4:30 p.m.

The Pee Wee hockey tournament on Saturday, Feb. 6th. Watch posters for time.

The Friendship club meeting in the Elks hall on Monday, Feb. 8th at 8 p.m.

The Electrical Industry Helps Provide Better Living for Canadians — At Bargain Prices

Canada is a country of many servants. The average family retains a staff of at least nine, some homes employ as many as thirty. Servants are cheap. One servant will wash linen enough for ten large families for as little as five cents.

Can you imagine an explorer from outer space making just such a note in his diary? Yet in any Canadian community today these are the true facts. For Canada is a country of many servants — electrical servants — who work out not only in the home, but everywhere, the life force of Canadian economy.

Industrialization began in Canada with the birth of electricity. Abundant electrical energy and the use of power equipment in industry has increased productivity to the point where it is the keystone of Canadian prosperity and progress. We are no longer a pioneer nation of fishermen, lumbermen, miners and farmers. We are an industrial nation, maintaining the second highest standard of living in the world. Where the development of electricity gave us the means to achieve it, the electrical industry gives us the leisure to enjoy it.

Perhaps nowhere is the actual meaning of this high living standard more apparent in terms of actual enjoyment than in the home. Here the electrical industry — which provides the Canadian household with its personal staff of "servants" — allows a way of life heretofore undreamed of in history. Surrounded as he is by his quick, efficient, obedient retinue, the ordinary Canadian householder is better served than many a wealthy slave owner of old ever dreamed possible.

Besides lighting, the average home is served by nine or more electrical appliances, all accomplishing household tasks for "next to nothing" wages. From the automatic "laundress" who does the family wash for ½ a cent a load . . . through the whole range of cleaning and cooking help in the form of vacuum cleaners, polishers, stoves, refrigerators, toasters, kettles and others . . . to the household staff of radios, television and phonograph . . . Canadians get more electrical service in the home for less money than any other people in the world.

Canada's average household consumption of electricity is the world's record — about 4,000 kilowatt hours. It is about 15% higher than that of the United States and many times greater than that of Russia. And, Canadians pay least. One kilowatt hour costs only 1.6 cents per capita as against 2.5 cents in the United States.

The electrical industry helps Canadians to live better — electrically, electrically today, electronically tomorrow, better and better all the time.

Thieves Active In Mannville Sunday

MANNVILLE - While the village was soundly sleeping last Sunday evening, thieves were apparently once more active, breaking and entering Croft and Laidler's, Mannville Motors, Proudfoot and Croxford's garages, as well as the ever-popular place to break in, the Beaver Lumber Yard. From a garage they procured a blow torch, succeeded in damaging, but not opening the lumber yard safe, took 25 cents and 20 sacks of potatoes which were stored in the garage of Croxford and Proudfoot by Linda's Coffee Bar proprietors.

Thieves who recently attempted a break-in at the Midland Hardware were foiled by the R. C. M. P., one making a getaway in a car, but caught later. They had secured tools etc., from Beaver Lumber Yard and Mannville Machine Shop and attempted entry at Leitch Hardware, unsuccessfully.

This is National Electric Week.

IN MEMORIAM

In loving memory of
MRS. PAULINE BETZ
who passed away Feb. 2, 1959.
Jesus said unto her, I am the resurrection and the life, he that believeth in Me, though he were dead, yet shall he live. John 11:25
—Ever remembered by her loving husband, sons and families.

CARD OF THANKS

I wish to express sincere thanks to Dr. King, the matron and staff of the Vermilion hospital for the very kind care and attention; also to my friends who visited me, sent me cards and gifts. It is all very much appreciated.

Mrs. Ann Rochford.

CHATSWORTH CHATTER

The weather is the choice topic of conversation these days, with lovely sunny daytime hours and not too much frost at night. Days are lengthening very noticeably, mornings and evenings, before we know it the winter will be over.

Mrs. E. East and Miss Millburn, of Vermilion, and Mrs. Julia Farkash, were recent visitors to Edmonton for a few days.

[illegible] Marie Towell and Diane Ferguson left on Wednesday for Edmonton where they will both begin training for nurses at the University hospital. We all wish them every success in their chosen careers.

Meetings seem to be the business of the month. The annual telephone meeting being held at J K. Thompson's on Monday, Jan. 25 with a large attendance. The annual meeting of the Chatsworth Community club was held on Tuesday evening, Jan 26 at J Thompson's. There were fourteen members present and the officers were voted back for the coming year, these being President J K Thompson, Sec-Treas. Mrs J. K. Thompson, Vice-Pres. J. Farkash, Jr. Directors re-named were Hans Henningsen, Albert Towell and Ralph Wilson.

Under the auspices of the Community club a whist party is to be held at the school on Friday, Feb. 5th. Lunch will be served and everyone is welcome.

A WORTHY TRIBUTE

If he could see what electricity has done to the modern home . . . the thousands of industries it has given birth to . . . the light it has cast upon so many areas of knowledge. He'd fair burst with pride over his discovery!

Feted On Silver Anniversary

Some 35 friends from the Alliance Chapel, gathered on Thursday, Jan. 28th in a surprise party at the home of Mr. and Mrs. Wilfred McLennan, in honor of their 25th anniversary recently celebrated.

Musical items were contributed to the evening's entertainment by Mr. Alton Curtis, Mrs. R. Tidsbury, Mr. A. Mix and Mr. and Mrs. J. M. Schroeder. The latter acted as chairman.

Vermilion souvenir silver spoons were presented to Mr. and Mrs. McLennan from the group, Mr A. Mix making the presentation to which Mr. McLennan replied, thanking all for their good wishes.

The anniversary cake, appropriately decorated by Mrs. M. Kupin, was cut and lunch was served by the ladies.

Fortieth Wedding Anniversary At Greenlawn

40th WED ANNIV etdrel old

On January 24th, quite a number of friends and neighbors of Mr and Mrs. Ray Thomson gathered at the Greenlawn hall to honor them on their 40th wedding anniversary. Some of the members of the family were not able to be present.

Two amusing contests were arranged which filled in the time very enjoyably until a bountiful lunch was served. A cake, baked and beautifully decorated by Mrs. Walter Jones, centred the bride's table, with two vases of carnations and fern on either side.

The bride was given a red rose corsage when she entered the room, the bride and groom of forty years looking very handsome indeed.

After lunch Mr Roach was asked to speak a few words and then presented the honored couple with a gift of a viscose bedthrow blanket, two reversible [illegible] sheets and a pair of Madeira pillow cases, also a purse of money, as a token of esteem from the community.

The bride and groom both very graciously thanked friends, relatives and neighbors present.

For this memorable occasion the hall was tastefully decorated with pink and white streamers and bells.

After a very pleasant afternoon and early evening gathering, it came to a close around 7:30.

Card Party Sponsored By Happy Hour W.A.

MANNVILLE — Despite the busy season there were eleven tables of whist and bridge at the card party sponsored by the Happy Hour W. A. on Thursday evening, Jan. 28th in the Anglican church hall. Winners at whist were Ladies - Mrs Edith Pedersen, and for the gents, Mrs. C Marz (playing as a man) won. Consolation prizes were won by Albert E. Williams and Chris Hamilton. Bridge winners were Hector Morrison, Mrs J. I Jones, Elbert Hubbard and Mrs Ronald Scott. Lunch was served following the games.

LOCAL NEWS

Mrs. J. R. Beake entertained at a luncheon on Friday, Jan. 29th in honor of Mrs. Gilbert C. Patterson of Lethbridge. Mrs. Patterson accompanied her husband to Vermilion on his official visit as the District Governor of Rotary International. Guests at the luncheon were the wives of the members of the executive of the Vermilion Rotary club.

Mr. and Mrs. Clarence Wilson attended the Sas-Olsen wedding last week end at Warspite. While there they were joined by their son Henry and daughter and son-in-law, Mr. and Mrs. Gordon Bell. They also visited with Mrs. Wilson's mother and numerous other relatives and friends.

Miss Marion Barr, daughter of Mr. and Mrs. Manson Barr, with a friend, is now on board a ship travelling from Melbourne, Australia to Southampton, England. Marion has been "down under" in New Zealand, and then in Australia, about two years, practising her nursing profession in various places in those two countries. En route to England Marion and her friend will visit the following ports of call: Singapore, Colombo, Aden, Suez, Port Said, Naples and then on to England. She will arrive on March 9th and plans to nurse there for a while.

Mr. and Mrs. E. A Seale of Wainwright visited at the Peter Jensen home during the first of the week.

CARD OF THANKS

Mr. and Mrs. Fred Maddex and families wish to thank Dr Sweet, the matron Mrs Bell, and all of the nurses for help given to mother while in the Islay hospital. We also wish to thank all of the staff and the secretary for being so kind in so many ways while she was in hospital. We wish to thank all our friends for the lovely get well cards and messages of cheer during her illness.

IN MEMORIAM

In loving memory of
HAAKON ENGSLAND
who passed away Feb 9 1958
"The years may wipe out many things
But this they'll wipe out never
The memory of those happy days
When we were all together
We think of you in silence
Your name we oft recall.
But there's nothing left to answer
But your picture on the wall.
Just when your life was brightest
Just when your hopes were best
God called you from among us
To a home of eternal rest."
Ever remembered by his loving wife and children

R. S. "Newt" Cooper of the polio ward, University hospital, Edmonton, spent last week end in town at the home of his brother, Mr and Mrs. Doug Cooper. Newt came down by car Thursday evening with Aldous Kent who had spent the day in the city on business.

Mr and Mrs. Harry Brown have as their guests this week their daughter, Mrs Allen Rasmussen of Calgary and her son Gordon and infant daughter, Susan.

Miss Christine McIntyre, now of Edmonton, formerly a staff member of Vermilion and Olds Schools of Agriculture, was a visitor over the week end at the home of Mr. and Mrs. N. N Bentley.

Dr and Mrs Duncan Stewart of Edmonton were Sunday guests at the home of the former's brother Mr E M Stewart.

Mr and Mrs Earl Pollard and Mrs. Ed McGinnis were quick trippers to Edmonton Sunday, taking Newt Cooper back to the University hospital.

Mr. and Mrs. Tom Stack and daughter Marjorie accompanied by two high school chums of the latter were visitors in Vermilion from Redwater over the week end.

Miss Ann Beatty spent the past week end visiting at the home of her sister Mrs Stuart Barr, Mr Barr and family. While here she attended the Laird-Waldenberger wedding. Ann is a student nurse at the Royal Alexandra hospital, Edmonton, and received her cap at a ceremony there last Friday evening.

Mrs. L. Stolee of Edmonton was a visitor over the week end with her mother, Mrs. E. C Parlee, Dietitian at the Vermilion School of Agriculture.

Mr and Mrs Victor Kuzek and little son Murray of Saskatoon visited the family homes in town over the week end. They attended the wedding of Marjorie Waldenberger and Wayne Laird on Saturday afternoon.

CARD OF THANKS

I wish to thank Dr Evans, Miss McPhee and the staff of the Vermilion Municipal hospital for their kindness and care while I was a patient, also thanks to my friends for their visits and gifts while I was ill.

[illegible]

CARD OF THANKS

I wish to express my sincere thanks to all our many friends who were so kind and thoughtful and who gave memorial donations at the time of my father's death.

New Co-Op. Store Opened At Mannville January 28th

MANNVILLE — Thursday, Jan. 28th, marked the official opening of the new Co-op store at Mannville. Opening the doors at 9 a.m., Co-op officials found shoppers waiting to take advantage of bargains being offered. During the morning, five five-pound bags of flour were given to the first two hundred lady customers, compliments of the Saskatchewan Wheat Pool. Free cokes were offered to Mom and Pop, as well as coffee, while Junior received free dixie cups. Balloons containing messages were broken, entitling the patron to whatever the contents indicated. Stockings went on sale at various times indicated on a schedule for 49 cents and the customer had to have the exact change.

It was estimated that between 1100 and 1200 people passed through the door during the course of the day.

Free grocery hampers during the day were won by those having lucky cart numbers. Some of the lucky winners were: Mrs. N. Babij, Mrs. W. Dunn, Mrs. Stanley Richards, Mrs. Viola Nafziger and Mrs. E. J. Lagg. The prize for the 500th customer went to Mrs. Mary Duch.

Among the distinguished guests were Co-op officials: Lee Donnenworth, local board member, who welcomed all the guests and expressed pride in this achievement. Robert White, local manager, also spoke. Albert Williams, Mayor of Mannville, spoke too, and congratulated the Co-op on their very fine store and referred to Mannville as a livewire community.

Arthur Forrester acted as M. C. for the day and he expressed regret that Garry Uyken of Vegreville could not attend. E. Ted Mowbray, General Manager of A. C. W. A. told of Co-op advancement through the years when stores were small, tumble-down and in a back street, and compared those days with the present ones. Buildings, while necessary, were not the most important factor, he said as he praised the efforts of management and laid emphasis on the importance of a well-trained and courteous staff. He urged more young people to advance into the Co-op movement, thereby educating themselves. Mike Novakowski of Mundare, as A. C. W. A. director for this area, brought greetings and offered his full support and assistance. Manager of the Co-op Casual and Fire Insurance, Roy Haylen, brought greetings, expressing pleasure at the amazing development in Mannville, and called on co-operators to re-dedicate themselves to their cause. Co-op Life Insurance Manager, John Liebel, brought congratulations on this 15th birthday of the Co-op Insurance and wished Mannville every success. M. C. Arthur Forester read off names of all deceased board members of the former Mannville Co-op as well as the present ones. The Co-operative was instrumental in providing the following services to the district: In procuring the first doctor, Doctor Adamson, first hospital, the first creamery and others. Mr. Forester also gave something of the history of Mr. A. J. W. Scott, now the oldest board member, who cut the ribbon at the official ceremony which began at 2 o'clock. Lee Donnenworth, local member, declared the store open. Movies were taken of proceedings by Ross Leitch of Leitch hardware. Door prizes were won by Mrs. Ida Norman, an electric clock; Mr. Andy Strynadka, Minburn, stainless steel cutlery, and Mr. Jim Allen, an electric coffee percolator.

A delicious smorgasbord lunch was enjoyed by board members, their wives and guests at the home of local manager and his wife, [illegible].

Mannville and District Local News

We regret that the volleyball games were referred to under the title "Basketball Losses" in the boys' and girls' games against Vegreville in the last issue. Sorry, boys and girls!

Visitors to Edmonton on Saturday last were Ralph Dow and Ronald Forsyth who visited Ralph Leitch in the Col. Mewburn hospital. They report finding Ralph progressing cheerfully after undergoing surgery there.

Week end visitors at the home of Maurice and Ethel Mercer were Ken Cundal and wife Myrtle of Edmonton.

Lee Donnenworth, member of the Mannville Co-operative Association, recently attended the A. C. W. A. meeting held annually in Edmonton.

R. Melnychuk of Mundare was seen recently in Mannville attending the opening of the new Co-op store.

A number of Mannvillites attended the hockey game between the Russian team and the Oil Kings and gave a favourable account of the contest. The Russians played an impressive game according to all reports.

A number of Mannville relatives of the late Mrs. Margaret Dalgarno, attended her funeral at Leduc on Thursday, Jan. 28.

A special meeting, in conjunction with the study book, was held Tuesday last by girls of the C. G. A.

Mrs. Phyllis Morris of Innisfail, Mr. and Mrs. Zig Radolla of Islay, were week end visitors at the parental home of Mr. and Mrs. W. Webb recently. Phyllis spent an extra few days at home.

Mr. and Mrs. Jim Scott are being transferred to Wainwright to the Beaver Lumber Yard there. Best wishes of Mannville and district are extended to them in their new home.

Mr. and Mrs. Bert Osborn and family were week end guests at their parent's home, returning Monday to Edmonton where Postman Osborn will resume duties.

Visitors to the home of Hazel and Helmer Hansen, of Camrose on Sunday, were Peg and Ab Hubbard, Reg and Joan Lugg of Mannville.

Having sold his school busses to Sylvester Woloshyn, formerly of Lavoy, Les Kreller, his wife Sophie and son have moved to Vermilion. Mr. Woloshyn, with his wife and small son have moved into the house formerly owned by the Krellers and which was acquired with the new business.

Flying Officer E. Milton Morrison, son of Mr. and Mrs. Hector Morrison, is leaving for Germany Feb. 3rd on a Harvard Comet Jet airline with his wife Loretta. They will go to 440 squadron at Zweibrucken, Germany for two years.

ISLAY F.U.A. TO MEET

The Islay F.U.A. will meet in the Islay school on Feb. 9 at 8 p.m. Some of the local councillors will be present to discuss the municipal budget for 1960. All interested are invited to attend. 30

This is National Electric Week.

Ellsworth Club Sews for Relief

The fifth meeting of the Ellsworth Clothing club was held at the home of Violet and Valerie Keast on Dec. 1 with all members present. It was decided to sew for Unitarian Relief. Miss Wynnora Lunden gave a talk on "Good Posture", and the second year girls spoke on "Ten Good Rules to Good Grooming". The hostesses and their mother at the close of the meeting served a delicious lunch.

The next meeting was held on Dec 11 at Jane Lumley's home. All the members and both leaders were present, as well as one guest. There was a discussion on the topic "Care of the Body, Face, Hands, Hair, Teeth and Feet". June read a poem. It was decided to have a speaking contest on Jan. 20. Xmas gifts were exchanged, and the members enjoyed a lovely lunch served by the hostess and her mother.

BUFFALO COULEE ACTIVITIES

With weather like this, who needs to go to California?

Once again another link in the chain of our early pioneers has fallen away in the passing of Mrs. (Ryben) Carlson at her home in Vermilion on Saturday evening. Her cheerful disposition, love for and interest in her large family and in her friends and neighbors will long be remembered. The devotion of the family to her care during her last illness was a fitting tribute to her as a mother. The sympathy of the community is extended to the sons and daughters, grandchildren and great grandchildren but they will be able to take comfort in the fact: "Now all her labors and trials are o'er and she is safe on that beautiful shore." Funeral services were held Wednesday at the Auburndale church.

On Friday evening last, good crowds attended both the Home and School and F. U. A. meetings and then joined later to hear a talk and see slides taken by Mr. and Mrs. N. N. Bentley on their year spent in Egypt. Both Mr. and Mrs. Bentley have the ability to take people right into their experiences and certainly have some beautiful and interesting pictures. [illegible] Cleland, on behalf of the gathering, expressed the sentiments of all in thanking them for a memorable evening. It was nice to have Miss C. McIntyre, formerly of V. S. A. as a visitor with the Bentleys.

The Home and School passed the resolution brought in by the executive that from now on the crests and awards for the Junior High school would be on a strictly academic basis, with the student having to obtain 75 percent or better in scholastic standing.

Last Wednesday afternoon, seven rinks of local ladies enjoyed two games each of curling and a pot luck supper which turned out to be pretty much of a banquet. It is hoped to have more afternoon curling games.

A rink skipped by Ruby Larsen, with Ruth Haverslew, Lil Smith and Mary Billingsley took part in the Mannville ladies' bonspiel last week end, capturing second in the third event.

The boys rink that entered the high school bonspiel in Vermilion, while not doing too well, did have a good time and good games.

The teachers' bonspiel, which was to have been held last week was postponed due to the ladies' bonspiel in Mannville.

The boys have had a couple of hockey games recently, one with Albert and one with Rosewood. They came out on the short end of the score both times.

A large number of people from this district have been enjoying the hockey games in town.

A movement is now afoot to get the ladies' basketball team going again and a practice is scheduled for this Tuesday night.

Mrs. Grace Little and two children, who have spent the past month at the family home, F. H. Ryben's, plan on returning to Wembley this week.

Stanley Barlow who has been holidaying in Winnipeg, returned home last week with sister Betty and husband who are visiting here and at Ken's home in Wainwright.

Everyone is very pleased to hear that Lloyd Everett is at home and improving after being in hospital in Edmonton and in Wainwright. Miss Lorene Everett and a girl friend from U. of A. were home for the week end.

Mr. MacKay held his last service for the season at the church on Sunday as it was decided for the rest of the winter to hold them at Preston school. We have had splendid messages during the past weeks and it is hoped the people of Auburndale will still support the services at Preston.

Claysmore Clippings

Mr. and Mrs. Victor Karlstrom, Duane and Darrel of Meeting Creek spent the week end at the Allan Olstad home.

Mr. and Mrs. Ray Stabner of Ponoka are spending a few days with their son and family, the Richard Stabners.

Sunday evening supper guests at the Ernie Frill home were Mr. and Mrs. Ray Stabner, Mr. and Mrs. Ronnie Bauer and Mr. and Mrs. Richard Stabner and family.

Friday evening supper guests at the Allan Olstad home were Mr. and Mrs. Richard Stabner and family, Mr. and Mrs. Jack Willes and family and Mr. and Mrs. Ronnie Bauer and family.

Sunday evening supper guests at the Tim Nelson home in Vermilion were Mr. and Mrs. Jack Willes and family, Mr. and Mrs. Allan Olstad and family, Mrs. Adamson and Mr. and Mrs. Irvin Gordon.

Mrs. H. Williamson is spending a few days in hospital. We wish her a speedy recovery.

Congratulations to Mr. and Mrs. H. Hondl on the birth of a son in Vermilion hospital, on Jan. 21.

The A. F. U. held a dance at the school on Friday evening, Jan. 29.

Gospel services were held at the Claysmore hall Sunday, Jan. 31 and Tuesday, Feb. 2. Speakers were Mr. T. Young and Mr. A. Drummond.

YOUR GAS SERVICE IS THE ENVY OF ALL CANADA

MOST DEPENDABLE SUPPLY IN CANADA

The gas company has skills and experience gained from many years' operation in Alberta's rigorous climate. A continuous flow of gas day in and day out is maintained to each of the tens of thousands of customers we serve. Regardless of temperature ALL THE GAS YOU REQUIRE is yours at the turn of a valve, or the touch of a thermostat!

If necessary our gas supplies can be supplemented in the future through contracts already negotiated by the company with the major exporters. These contracts give our customers first call on the substantial reserves of the export companies.

Reserves for the future are assured through Provincial Government regulation of Alberta's gas resources. These regulations protect the Alberta consumer, permitting export only if the gas is surplus to our future needs.

A STANDARD OF SAFETY SECOND TO NONE

The highest standards of safety and dependability are rigidly enforced in the construction, operation and maintenance of all company facilities. Many testing and safety procedures are carried out on a regular scheduled basis, such as:

- The service line connecting each house to the gas main is checked at the curb box at least once a year. Public buildings and schools are checked more frequently.
- Valve installations and mains under pavement receive periodic inspection with electronic equipment.
- A vegetation survey, one of the newer methods of detecting gas leaks, is carried out annually by an independent firm as a further check on our own inspections.
- Important pipelines are patrolled on a scheduled basis.
- Pressure control stations are examined regularly.

To ensure that any leak may be detected immediately an odorant is added to the gas.

Gas house piping is installed and inspected according to rigid Municipal and Provincial codes. Only those gas appliances which have been approved by a recognized testing laboratory may be sold in Alberta.

A STANDARD OF SERVICE SECOND TO NONE

Service is our watchword. Customer servicemen, trained for their job—check and adjust gas appliances on request—help you with your heating problems—respond as quickly as possible if you feel there is something wrong with your gas service. The company provides service to its customers 24 hours a day—seven days a week.

To keep our servicemen up to date on latest methods, they attend regular training classes. However it is not good enough for our servicemen to be trained only in the mechanics of gas appliance service — they are required to be courteous, considerate representatives of the company. Every gas user on our system is a valued customer we want to keep as a friend.

STRICT ADHERENCE TO HIGH STANDARDS, AND A CONSTANT EFFORT TO PROVIDE THE FINEST POSSIBLE SERVICE . . . THESE MAKE NATURAL GAS SERVICE IN ALBERTA THE ENVY OF ALL CANADA.

Free Scoring Hockey Game Ends 9-8 For St. Paul Hornets

Another crowd pleasing, free scoring game was played at the arena last Saturday and while the score of 9-8 was the same as in Wednesday's great victory over the Lashburn Flyers, there was a difference, as this time the Tigers were on the short end of the count. It was a very fast game with five penalties being handed out for minor infractions. Of these, the Tigers gathered in four and one was costly as it was during the time Bronson was in the cooler that St. Paul scored their opening goal. Ike, unbeknown to himself for a brief instance, was playing with a broken stick.

The St. Paul club iced five new players and these strengthened their club very much. With only 48 seconds to go and trailing by one the Tigers pulled goalie Scoggins and threw out six forwards but just couldn't get that equalizer.

The biggest crowd of the season, 983 paid admission.

Referees were Ralph Rudd of Mannville and Richard of St. Paul.

Mannville Elks Officiate At Installation Ceremonies in District Lodges

MANNVILLE — Bro. John Mialk, District Deputy Grand Exalted Ruler, accompanied by Bros. David Hasinoff, Alcide Bodard, Edwin Torrance and Fred Proudfoot, all members of Mannville B. P. O. E. No. 395, journeyed to Marwayne recently for the installation of officers. Bro. D. Hasinoff acted as assisting installing officer while A. Bodard was secretary.

Journeying to Lloydminster later in the month, Bro. John Mialk and Bros. A. Bodard and M. Humeniuk and Fred Proudfoot installed officers there. Bro. Mialk was installing officer, Bro. A. Bodard assisting officer and M. Humeniuk acting as secretary.

At the meeting of Mannville B. P. O. E., held on Jan 19, Bro. E. B. Allen was installed as publicity director, and Bros. A. Larcombe and Chas. Blackford were appointed as coaches for the junior hockey team sponsored by the lodge. Bro. J. Hardy of Minburn joined Mannville by affiliation. He is a past Exalted Ruler of a B. C. lodge in the Fraser Valley. Two new members were initiated into Elkdom and two more were balloted on. Members wishing to take part in the Elk's bonspiel should contact the secretary.

Twenty-four Elks, their wives and ladies of the O. O. R. P. went to Vegreville January 20th, for installation of officers and an open house party. Bro. Fred Proudfoot acted as assisting installation officer and A. Bodard was secretary.

On Jan. 24th Mundare was visited for installation of officers and a social evening. Bro. John Mialk was installation officer assisted by Bro. J. Coxford, and Bro. A. Bodard as secretary.

THE

Optimist Creed

Promise Yourself . . .

TO be so strong that nothing can disturb your peace of mind.

TO talk health, happiness and prosperity to every person you meet.

TO make all your friends feel that there is something in them.

TO look at the sunny side of everything and make your optimism come true.

TO think only of the best, to work only for the best and expect only the best.

TO be just as enthusiastic about the success of others as you are about your own.

TO forget the mistakes of the past and press on to greater achievements of the future.

TO wear a cheerful countenance at all times and give every living creature you meet a smile.

TO give so much time to the improvement of yourself that you have no time to criticize others.

TO be too large for worry, too noble for anger, too strong for fear and too happy to permit the presence of trouble.

If you are interested in living by this creed the Optimist Club of West Edmonton invite your enquiry. The Optimists are well known as Friend of the Boy.

Vermilion Inspectors Attend Conference

Forty-one inspectors of the Electrical Protection Branch of the Alberta Department of Labor, recently attended a week long conference at Edmonton. The inspectors, from various points in the province, were brought up to date on the latest methods of electrical installation and inspection procedures. Several amendments to the Canadian Electrical Code have recently been introduced, and a familiarization course covering these was held. The inspectors' conference is held annually. Shown left to right: K. W. Carlyle, Vermilion; L. D. Hannah, Drumheller, W. A. Hobson, Drumheller, V McDonald, Edmonton, F. Moskie, Vermilion.

Mr and Mrs Gordon Scott of Edmonton were week end visitors at the home of the former's parents, Mr. and Mrs. Fred Scott of Borradaile. They also visited with Gordon's grandfather, Mr. A. F. Galloway.

Clandonald United Church Notes

The January meeting of the Clandonald United Church W.A. was held at the home of Mr. and Mrs. Arnold Olsen, with 11 members and two visitors present. Catering for the ladies' curling banquet was discussed and arrangements were made. The banquet proved very successful and the members of the W. A. wish to thank everybody who helped in any way.

On Jan. 27 the church service was quite well attended. It was nice to have Mr. MacKay again, also Mr. E. Schurman. All enjoyed the sermon on "The Master visits Simon's house." Many people learned something from that sermon.

Congratulations are extended to Mr. and Mrs. Wayne Laird on their recent marriage. Also to Mr. and Mrs. Florent Van Wageningen who were married on Jan. 30.

Marwayne F.W.U.A.

MARWAYNE. — The regular meeting of the Marwayne F.W.U.A. was held at the home of Della Protsch on Monday, Jan. 25th with 23 members present. The meeting opened with singing of "There is a Tavern in the Town" and repeating the F.W.U.A. creed. A lively discussion on the proposed laying strike ensued.

A letter is being forwarded to the Hon. A. O. Aalborg requesting that a police officer be stationed in Marwayne.

Gowns to be sewn for the Islay hospital were distributed. A benefit tea and bake sale for Fred Rahn is planned for Friday, Feb. 5 at 2:30 in the Elks hall.

Golline Kvill and Ollie Midgley, delegates at the annual convention, gave very interesting reports for which they received a hearty vote of thanks. Marnie Lafoy was the lucky winner of the mystery parcel. An auction of print remnants was held. Old Christmas cards are to be packed for various points on Tuesday, Feb. 2.

Co-hostesses were Frances Leslie and Margaret Miller. The next meeting will be held at the home of Ruby Peck.

Alliance Chapel Is Scene Of Pretty Winter Wedding

The Alliance Chapel, Vermilion, was the scene of a pretty winter wedding on December 23 which united in holy matrimony, Shirley Rose McIntosh and Everett Roy Harris. The bride is the daughter of Mr. and Mrs. L. E. McIntosh of Vermilion, and the groom is the son of Mr. and Mrs. James Harris of Wainwright. The church was beautifully decorated in the Christmas theme for the afternoon ceremony which was performed by Rev. J. [illegible]

The bride, who entered the church on the arm of her father, looked lovely in a floor length gown of chantilly lace over satin. The dress featured a square neckline appliqued with irridescent sequins and layers of net over satin formed the very bouffant skirt. Her chapel length veil misted from a halo of seed pearls and she carried a bouquet of American beauty roses. Her only jewellery was a gold locket, a gift of the groom.

Attending the bride were Ileen Harris, sister of the groom and Anne McIntosh, sister of the bride. They wore gowns in shades of mauve and yellow and carried bouquets of white chry[illegible]

Supporting the groom were Lowell Allen and the groom's brother, John Harris, both of Wainwright. The ushers were Sammy Little and Ian McIntosh, brother of the bride.

Wedding music was supplied by Mrs. John Hillcox at the piano and Miss Gladys Wilson who sang the "Wedding Prayer", during the signing of the register.

Following the ceremony, a reception was held in the basement of the church. The bride's table was centred with a lovely three-tiered wedding cake which was flanked by tall tapers. The toast to the bride was proposed by Mr. Sammy Little and the groom responded. During the reception, Mrs. Gladys Tovell favored the guests with a piano accordian solo. Mrs. Connie Allen, sister of the groom was in charge of the guest book.

For receiving the guests, Mrs. McIntosh, mother of the bride, chose an outfit of black velvet and gold fabric with matching corsage and beige accessories. Mrs. Harris, mother of the groom, wore a powder blue suit with white flowers on corsage.

For travelling, the bride donned a two-piece grey wool suit with orange accessories.

The happy young couple will make their home in Wainwright.

What's Next?

Frozen flowers to be sold through supermarkets and being tested in both U. S. and U. K., reports The Financial Post. Snap dragons, heather, roses would be cut in season, coated, and quick frozen. Research indicates they would last five days after leaving store's freezer counter.

OUR LETTER FROM EDMONTON

"Invisible" Committees To Help Opposition In Alberta Legislature

by KEN MASON

EDMONTON — Like an iceberg, the Opposition in the Legislature this year will have much of its mass below the surface.

Which is an indirect way of saying the four members left on the Opposition side of the House will be augmented by an invisible opposition which will work quietly behind the scenes and throw all the curves it can at the Social Credit government.

Liberal and Conservative parties, with only one member each in the House, are organizing research committees to help sift through the heavy volume of government legislation and pass the ammunition to the MLAs.

Michael Maccagno of Lac La Biche, the lone Liberal in the House, will have most of the 14 other Liberals who were in the last House working for him. Ernest Watkins of Calgary, the solitary Tory, will have a committee of lawyers studying government bills and feeding material to him.

The two other Opposition MLAs — Coalition member Frank Gainer of Banff-Cochrane and Independent Social Crediter Earl Ansley of Leduc were "loners" in the last Legislature and, presumably, will remain so.

This means Maccagno and Watkins probably will be called upon to carry the ball to a large extent. Considering the heavy volume of legislation the government plans to introduce it would be impossible for them to give adequate study to bills and take part in debates. Hence the research committees.

Even so physical limitations will restrict the Opposition members to choosing their subjects carefully and hitting hard on only the hottest issues.

Social Crediters have lent a hand by deciding Opposition MLAs can talk as long as they like in any debate, but one man can only talk so long before his vocal cords give out.

The situation in the House (61 Social Credit seats out of 65) also means there will be few if any private members resolutions originating on the Opposition side. Under House rules, Tuesday and Thursday afternoons in the House are reserved for private members' business. During the past four years the 26-man Opposition kept the order paper filled with private motions.

Most of the Opposition resolutions were doomed to defeat before they even reached the order paper because they were worded in such a way as to shoot arrows at the government. But they provided a wonderful opportunity for the Opposition to blast the government and the government to blast back.

With the Opposition now split four ways, it's doubtful if any two members will see eye to eye often enough to move and second a resolution. Which means the Social Credit backbenchers will have to fill in with their own private resolutions, lauding the government or requesting something from the Conservative administration in Ottawa.

Another question as yet unsettled is the leadership of the Opposition. Chances are there will be no leader unless Mr Gainer decided to throw in his lot with either Mr. Maccagno or Mr. Watkins (Mr. Ansley has already cast his lot with Social Credit.

At stake is the $2,500 special allowance paid to the Opposition leader. If there is no official leader, the allowance will probably be split four ways. Premier Manning has said his group will go along with any reasonable arrangement the Opposition members want to take.

PREPARATIONS FOR HOUSE OPENING

Preparations are going ahead full blast behind the scenes for the Feb. 11 opening of the Legislature.

Under supervision of government officials, workmen have been experimenting with seating arrangements in the overbalanced House. At week's end they had placed the 61 Socred seats in three rows running lengthwise to the right of the Speaker's dais and in two rows across the back of the chamber. The four Opposition desks sat in a solitary clump to the left of the speaker's chair.

Raymond Crevelin, clerk of the House said the arrangement was only tentative, and may be changed before opening day.

Hon J Percy Page, the new lieutenant-governor has been busy reading up on opening-day procedure in preparation for reading the first Speech from the Throne. Mr Page last week took delivery of a Windsor Uniform, complete with gold braid and plumed hat, which he will wear for the opening. He says he feels a bit silly in it now, but consoles himself with the fact that he'll only have to wear it once a year.

Canadian Utilities Will Spend Three Million Dollars

Canadian Utilities will spend an estimated $3 million on its 1960 capital works program, it was announced today by J. C. Dale, company president.

Half the appropriation will go toward completion of transmission lines and power plant extensions. Balance of the capital budget is set aside for smaller projects and other improvements throughout the system.

Over $900,000 is earmarked for work in connection with the installation of a new gas turbine at Vermilion and additions to the Sturgeon generating plant.

Another $500,000 will go towards completion of a 69,000 volt transmission line from Sturgeon plant to serve the rapidly growing oil centre of Swan Hills in northwestern Alberta. Construction of this 85-mile line began last fall and is set for completion April 1.

A 28-mile, 69,000 volt transmission line from Bonnyville to Cold Lake air base will be completed at a cost of $300,000. This line will provide an alternative source of power supply for this area.

Miscellaneous expenditures, including street light additions, substation and transformer installations and smaller line building projects make up the balance of the 1960 program.

The above expenditures do not include an estimated $730,000 to be spent under Alberta's Rural Electrification program, providing power for another 900 farms during 1960. In 1959 connections were completed to more than 1,100 farms, bringing the total number of farms electrified and serviced at cost by Canadian Utilities, to 12,400.

In addition, a capital works program of $213,000 is slated for Canadian Utilities' subsidiary companies, McMurray Light and Power Co. Ltd. and Yukon Electrical Co. in Whitehorse, N.W.T.

Bowtell Bulletin

Today, Feb. 1st we are enjoying spring-like weather; it is 40 above zero.

We are sorry to report Mrs. G. Gould, Mrs Harrison and Mrs. C. Clarke are all patients in the hospital having undergone surgery. Best wishes are extended for a speedy recovery.

Mr and Mrs. G Gow journeyed to Lashburn Friday. They were accompanied by Mrs. Stocker and Janice, the latter to visit relatives in Marshal.

Grandma McGaughey spent a few days visiting her son and family, Mr. and Mrs. B. McGaughey this week.

Don't forget the dance this Friday in the Bowtell hall folks.

Miss M. Robinson spent the week end in town visiting at the home of Miss I. Anderson.

We are pleased to see Mrs. A. Morrison back in our midst.

NEWS from ALLANDALE

The weather is colder at the time of writing, but grand for January, with very little snow.

Congratulations to Mr. and Mrs. Peter Lacusta of Lloydminster on the birth of a son, Michael Owen on Jan. 18.

The Wheat Pool meeting and show was held at the Centre on the evening of Jan. 20 with a good attendance. The officials present were Mr Ray Kent, the Pool delegate from here, Mr John Peterson, travelling superintendent, Mr Milo Fleming, public relations, Mr Ike Hunsley of Clandonald, Mr George Flaney Borradaile, Mr Frank Wilkinson of Vermilion, all Pool agents, and Harvey Tobbutt, now helping out at Blackfoot. Mr Fleming, on behalf of the Wheat Pool welcomed those in attendance. Mr Kent gave an outline [illegible] Pool convention held the latter part of November in Calgary. His report was very interesting. The charts illustrating the financial statements of the Wheat Pool were explained by [illegible] Ray, thus making it clearly understood. All were pleased to have Mrs Kent, Mrs. Peterson and Mrs. Fleming join us for the evening, also Mr Geo. Mead, delegate from the district west of Allandale. The films were very interesting and educational with the comic giving everybody a good laugh. Frank Wilkinson on behalf of the officials present, thanked the ladies for the lunch.

On Jan 22 Allandale folk did well in winning prizes at the Island Hill whist. Those who won were Herb McPhee, Paul Whelan, Alvin Throndson and Ralph Strome.

Mrs. Stella Mayers returned on the morning of the 23rd from a holiday in Minnesota. She reports plenty of snow in Manitoba and Saskatchewan.

Recently Mrs. Nora Ronaghan from Islay has been visiting her daughter Rona and Leslie F[illegible]wood and son Robin, and son Jimmy, Isobel and family at Wainwright, and son Allen, Shirley and family at Irma. Jim and Isobel have since left for Edmonton to reside in their new home in the Sherwood district.

The Whelan and [illegible] families visited at the Don Wilson home on Jan. 25th for a get-together [illegible] Don's birthday.

Mr [illegible] Mrs Idelore Nelson visited daughters Helen and Frank Schmidt and family, and Anna and Peter Lacusta and son Michael of Lloydminster on Jan. 27. Their first visit to see the new grandson.

Mr and Mrs. Paul Whelan and family Paulette, Michael and Lynn left on Jan. 27 on the day liner for their Lincoln Park home stopping off in the city for a few days with the latter's sister Mrs. Della Walsh. Paulette was attending kindergarten in Calgary up until Xmas and of a class of sixty children was right at the top.

It was a lovely evening for whist at the centre on the 28th with nine tables. It was nice to have Mr and Mrs. Sutton from town join us. Winners were for [illegible] ladies, Orley Omness, Mrs. [illegible] Strome and Helen Dallmann, men, Hank McKinnon, Dick Willington and Harvey Strome.

[illegible] thought: "The [illegible] lamp of friendship we light along our way, goes shining on far down the years and brightens every day. The love that keeps them burning, and sympathy and trust. God help us that no lamp [illegible] out because we let it rust."

Checkless Supers

Supermarkets may get an even greater employee-deserted look, says The Financial Post, which reports that a U. S. firm plans to build and sell a device that will automatically compute grocery bills, "reading" [illegible] stickers on each grocery item as it moves along a travelling belt at checkout counters.

RESULTS OF COMINCO DEMONSTRATION FARMS ARE ANNOUNCED

During the past season, five Alberta farmers worked closely with Cominco District Supervisors in carrying out field scale demonstrations with Elephant Brand fertilizers. The results of this demonstration work using recommended application rates on cereals, hayland and grass seed crops are summarized below.

LETHBRIDGE
DEMONSTRATION FARM No. 1

L. L. "Lee" [illegible]

Barley on stubble land was fertilized with 120 lbs. of Elephant Brand Nitraprills and 25 lbs. of Elephant Brand 11-48-0 per acre. This application gave an increased yield of 20.8 bushels of barley over the unfertilized check strip, resulting in a net profit of $8.40 more per acre after paying the cost of the fertilizer.

On this same farm a seed crop of Summit Crested Wheat Grass was fertilized with 210 lbs. of Elephant Brand 27-14-0 per acre. An increased yield of 150 lbs. of clean seed per acre resulted from this fertilizer application. Valuing Summit Crested Wheat Grass seed at 25 cents per pound, the use of fertilizer returned an additional $37.50 per acre — a net profit after deducting the cost of the fertilizer of $[illegible] per acre.

CALGARY
DEMONSTRATION FARM No. 2

Highland Stock Farm - [illegible] Creek

A stand of brome-alfalfa was reseeded and fertilized with Elephant Brand 27-14-0 at 150 lbs. per acre. The fertilizer application increased the yield 1.27 tons per acre, showing an increased profit of $16.75 after deducting the cost of the fertilizer.

Legacy oats seeded on 2nd year stubble gave an increased net return of $10.50 per acre after a treatment of Nitraprills followed by 50 lbs. per acre of 11-48-0.

Where different rates of fertilizer were broadcast on a legume-grass mixture the higher application gave higher profits. Applications of 150, 200 and 250 pounds of Elephant Brand 27-14-0 gave an increased net return of $6.45, $14.80 and $24.85 respectively.

PENHOLD
DEMONSTRATION FARM No. 3

E. "Tony" [illegible]

This demonstration on Montcalm barley on stubble land was set up to show the benefit of applying additional nitrogen over and above the application of 40 lbs. of Elephant Brand 11-48-0. When 175 lbs. of Elephant Brand Nitraprills were applied before seeding in addition to the normal application of 40 lbs. of Elephant Brand 11-48-0 at seeding time — net profit was increased $4.86 per acre over that where only the 11-48-0 was applied.

In a similar demonstration with Parkland barley grown on sod breaking, a pre-seeding application of 90 lbs. of Elephant Brand Nitraprills plus 40 lbs. of Elephant Brand 11-48-0 per acre at seeding time resulted in a yield gain of 27.5 bushels to the acre and an increased net profit due to the application of Nitraprills of $10.18 per acre.

SPRUCE GROVE
DEMONSTRATION FARM No. 4

H. M. Schollenberger

The net return from a three year old stand of alfalfa was increased by $27.86 per acre when fertilized with 150 lbs. of Elephant Brand 11-48-0 per acre. The hay yield from the fertilized acreage was 5.4 tons per acre compared to 3.7 tons from the check strip.

DEWBERRY
DEMONSTRATION FARM No. 5

Keith Scott

Oats grown on stubble land benefited from an application of 100 lbs. of Elephant Brand Nitraprills plus 40 lbs. of 11-48-0 per acre. The $5.66 spent on fertilizer returned grain worth $12.88 — a higher profit of $7.22 per acre.

Also on this farm, the first cut hay yield from a brome-alfalfa field was raised from 0.5 tons per acre where no fertilizer was used, to 2.9 tons per acre by the application of 250 lbs. of Elephant Brand 27-14-0 per acre. The fertilizer cost $12.75 per acre, while the additional hay was worth $42.00, returning an increased profit due to fertilizer of $29.25 per acre.

CARD OF THANKS

We wish to express our sincere gratitude to all our relatives and friends for their many [illegible] tributes, messages of sympathy [illegible] in our recent bereavement of the beloved Richard Sholdice. Special thanks to the pallbearers, Rev. Shortt and Mrs. Batty.

Paradise Valley

Curling is going quite strong these nights. On Saturday the 4-H clubs are holding a 'spiel of their own.

On Sunday morning the fire siren sounded for a fire in the W. A. McLean home. In a few minutes the fire brigade was on the job, but the fire had been put out with the aid of fire extinguishers. It was fortunate that the family happened to be home at the time or the house could have been badly damaged.

Mr. and Mrs. Lyle Greenwood returned home on Thursday after a trip to Edmonton, Sundre, and other Alberta points.

The annual telephone meeting was held in the hall on Wednesday afternoon. A fair turnout was recorded.

Mr and Mrs Percy Stoddart and family and Manley Shaw spent the week end at Red Deer where they did some big game hunting. However, they met with little success.

The weather is quite cold today and we may expect the same for the week end. We can take it though, if the wind doesn't blow too hard.

DANCE AT BOWTELL

There will be a dance at Bowtell hall on Friday, Feb. 5. Admission 75c each. Melody Ranch orchestra. Free lunch. 29-30

Health Unit Notes

ASIATIC INFLUENZA

During the past week much publicity has been given to the recurrence of Asiatic influenza on the continent of Europe. France seems to have a large number of cases at the present time and spread in these days of so much travel is almost inevitable. Some cases of Asiatic influenza have been reported in England and in Eastern Canada so we might expect to get some cases in Alberta. The possibility of it reaching epidemic proportions in Alberta is debatable. As there was a mild epidemic here in 1957 the population would have a certain degree of immunity so there is no cause for alarm.

We have the usual seasonal incidence of winter colds at present in our Health Unit area but no cases of influenza have been reported to the Unit. Asiatic influenza is just one of a large number of types of influenza and does not appear to be too different from any other type except that the mortality rate seems to be proportionally higher amongst the young adults than amongst the older persons. It is not possible to examine a patient clinically and say which type of influenza he or she is suffering from. Specimens have to be sent to a laboratory for virus identification before a firm diagnosis can be arrived at. The symptoms of most types of influenza are similar and the main ones are headache, fever, muscular pains, sore throat, cough and malaise. All these symptoms may not be present in any one case as there are degrees of severity. The Asiatic Influenza of 1957 was not considered to be a severe type of influenza but a large number of persons got the infection due to the fact that this particular strain of virus had been lying dormant in China for a large number of years so the population had not been recently exposed to it and therefore had no immunity against it. However, the 1957 epidemic will have given a lot of us protection and the remainder can, if it is considered necessary be protected by a vaccine. Should the virus reach Alberta, anyone complaining of the above symptoms, should go to bed until the symptoms subside and he or she feels well enough to get up. The uncomplicated illness usually lasts for a few days. Resuming work or returning to school before the symptoms have subsided increases the risk of complications and also spreads the disease among your community. If the above precautions are taken there is no great danger from influenza as influenza itself is not very serious; the danger lies in the complications.

Elderly people, people with heart conditions and people with chronic chest conditions need special attention and extra care when they fall ill with influenza and these people should consult their family doctor as soon as they develop symptoms. The family doctor should also be called to see every case where the illness is unusually severe or lasts longer than the expected time.

Severe world epidemics of influenza have been recorded since 1803 and the one in 1918 caused more deaths and disablement than the Great War due to malnutrition, bad housing and inadequate public health. In India alone more than six million people died of the disease, however we now have better public health and better medical care so we should never again have these very severe pandemics. All that is necessary is to take these elementary precautions and should complications arise call your family doctor and should a vaccination be considered necessary be sure to get it.

Home-made street signs with big-city names are one kind of link between the people of the New North and the rest of Canada.

Banking service is another.

Canadian banks have, since the earliest days, taken part in the development of new areas, the opening of new frontiers. Today the chartered banks continue to bring banking services to pioneer settlements as the economic map of Canada is rolled back.

They have at the same time greatly increased the number of branches in established areas across Canada—new suburban communities, expanding industrial centres—keeping pace with the country's population and business growth.

To take care of all these varied needs, 1,000 new branches have been opened by the chartered banks in the past ten years.

Vermilion Resident Of Early Days Dies At Abbotsford

Archie M. Beckett, 87, former resident of Vermilion, and later of Wainwright, died recently in a hospital at Abbotsford, B.C. Funeral services were held at Mission, B.C., and burial was in the Hatzic, B.C. cemetery.

Mr. Beckett was born in the province of Quebec and came west in 1892. He helped in the survey for the old Canadian Northern railway through Vermilion. Even before Vermilion became a town he operated a butcher shop here for a few years, until he married Miss Maude McKay and they took up a homestead in the Vermilion district, living there until moving to Wainwright in 1917.

He worked for the CNR in Wainwright until 1939 when he was stricken with blindness, at which time he moved to B.C.

Mr. Beckett is survived by his widow Mrs. Maude Beckett, of Mission City, one daughter Mrs. Peggy Murray, Wainwright, one grandson and two great-grandchildren at Holden. A daughter Mrs. Maude Barnard, predeceased him in 1959 at Chilliwack.

The Bible Today

Problem of literacy throughout the world is being tackled by the 30 Church and Mission boards in fifty countries through the committee on World Literacy and Christian Literature of the Division of Foreign Missions, National Council of Churches.

To provide at least a Gospel for some of these new readers, as well as some for those who can read, the British & Foreign Bible Society is enlisting the help of the churches in Africa to distribute one million Gospels in 60 languages in 1960. The Society in Canada is helping in this great project which will cost $60,000.

Gospels for new readers have to be printed in a special format with larger than usual type for those just beginning to read.

Suggested Bible readings for the week: Sunday, Feb. 7, Luke 8:40-56; Monday, Feb. 8, Luke 9:1-17; Tuesday, Feb. 9, Luke 9:37-62; Wednesday, Feb. 10, Luke 11:14-36; Thursday, Feb. 11, 11:37-54; Friday, Feb. 12, Acts 19:20, 19-20; Saturday, Feb. 13, Acts 19:20, 20-12.

PARADISE VALLEY NEWS

Mr. Paul Polsen of the Vanesti district has returned home after spending two months at his old home in Denmark. The trip over was pretty rough but the return trip was quiet. He reports conditions in Denmark very much like those in Canada. Hog prices are down and they have a big surplus in dairy products. Mr. Polson is glad to get back to the farm.

Mr. Peter Wolfe has returned from Edmonton where he had treatment on his eyes. He reports that the hospitals are crowded the same as in many other points.

Mr. and Mrs. Harold Fair and family left on Saturday for a holiday to be spent with Mrs. Fair's parents at Haney, B. C. They travelled via C. N. R.

In the 4-H club's curling bonspiel, the Harbin and Oester rinks came out on top. Oester won the grand challenge and Harbin the 2nd event.

Sincere sympathy is extended to the Gallegher family on the death of Mrs. Gallegher Sr., who passed away on Thursday following a lengthy illness.

Mr D. B. Baxter, Treasury Branch agent, is in Edmonton for a check-up as he has not been feeling up to par for sometime. We hope he will not have to stay too long. Mrs. Baxter is carrying on in the office.

The Paradise Valley Stars are holding their fifth birthday dance on Wednesday, Feb. 10th. All square dancers are cordially invited to come and join in the fun. Henry Lien will be the caller.

The high school auditorium was filled to capacity on Friday when the Students' Union put on an amateur night with Dale Collins as M. C. There were many very good performers and the judges had a hard time choosing the winners. A dance followed in the Memorial hall.

The regular monthly meeting of the Paradise Valley Sunday School was held at the home of Mrs. W. A. Gunn on Wed., Jan. 27th. Plans were made for sewing the curtains to make better accomodation for Sunday school rooms in the basement of the church.

There will be a sale of home cooking in Gunn's store on Thursday, Feb. 11 starting at 1:30 p.m. All mothers of Sunday school pupils are asked to co-operate in this. The next meeting will be held in the church on Feb. 27th at 3:30 p.m. with Mrs. C. Ball as hostess. The fourth Tuesday is the date of the monthly meeting of the United church Sunday school.

$28,526.79 Utility Surplus Hi-Lights Ratepayers Meeting

Vote of thanks given For year's progress

The results of a full year's efforts on the part of the administrative body of the town of Vermilion were formally presented to and received by a gathering of 44 men and one woman at the annual ratepayers' meeting held Feb. 8th.

The most outstanding item on the financial statement was $28,526.79, which still remains on the balance sheet as surplus.

Following the formal presentation of reports from the various heads of departments and chairmen of committees, a sincere vote of thanks and confidence was given to the mayor and councillors.

The meeting was brought to order by A. H. Cooper who opened the session by reading an inspectors report followed by a report from K. E. Rowe, chairman of the Sewer and Water Committee who stated that the past year had proved to be a very active period.

SEWER AND WATER

"The steady growth of the town is indicated by the extension of water mains and increase in the number of water and sewer connections," said Mr. Rowe. "At the last annual meeting," he continued "I reported the greatest increase in customers since the original installation. 1959 has equalled that record with 31 new services connected in both these years."

He went on to remark on further progress made on the south side stating that a start had been made on the new sub-division with extension of 375 ft. of both water and sewer lines. On the north side, approximately 1020 feet of sewer and 1150 feet of water main had been installed. He also remarked on the cost of laying one block of sewer and water mains which is $3200. This of course could be greatly increased if bad rock conditions prevailed.

To conclude his report, Mr. Rowe spoke on the decision of council to adopt the lagoon system of sewage disposal. He elaborated on the merits of this system and the favorable attitude offered by the Health Authorities. The site of the proposed lagoon is ½ mile east of highway 41.

He thanked the office staff of the town for their wonderful co-operation in making his job as pleasant as it has been.

PUBLIC WORKS

C. J. McCormick in his report from the Public Works Committee said they did not complete the amount of work anticipated. However, in spite of weather conditions, progress was favorable. Considerable planning has been done for paving of roads, laying of sidewalks and curb and gutter as soon as weather permits this season. There is also some assistance forthcoming from the Provincial Government with respect to paving.

In the street lighting department all 1000 watt lights are slated for a change to 2500 watts plus more vapour lights replacing older types.

Reg Ireland briefly touched on the activities of the recreation committee stating favorable results had been obtained from what supervision was at hand. He asked that in the near future, a permanent staff be assigned to look after the department.

It was noted that preventative action is now being taken by the police and fire departments against smoking in the arena.

FINANCIAL STATEMENT

The Financial Statement report was then discussed by C. T. Heckbert who commended other heads of departments for the efficient method in which they accomplished so much, and still had plenty left over to begin the year with. The statement was pretty close to what was budgeted for he said.

Civil defence efforts were reported on by G. Martin who said that after two years they were finally able to say they had an office from which to work. Interest in Civil Defence was gradually gathering momentum and the amount of activity shown in this aspect was becoming more favorable.

To conclude the session Mayor Hill reiterated the progress that had already been made. He touched briefly on the subject of a new Fire Hall claiming that with the rapid expansion of the town and the ever increasing important documents which had to be kept safe there was no room in present building to accommodate efficiently what was already there. He also pointed out that in many cases of emergency, when a fire truck had to be despatched forthwith, it was unsafe for firemen to ride the side of the truck due to lack of room in the doorways. The mayor too concluded his report by thanking all his councillors for their co-operation.

Copies of the financial statement may be obtained at the town office.

Information Wanted By Health Unit

The Minburn-Vermilion Health Unit is conducting a survey of retarded children in Vermilion and district. This is to assist the local Retarded Children's Association in formulating plans for future operation in regard to schooling.

Any parents, relatives or interested parties who can supply information concerning retarded children of school age or pre-school age are asked to contact Dr. Barrett or Mr. Dauchot of the Health Unit. 31-2

Provincial Play-off Hockey Saturday

The Vermilion Midgets will meet the Camrose aggregation this Saturday evening Feb 13 at 8:00 p.m. in the local arena.

This is the second round of the provincial playdowns. Vermilion having advanced on their merits by defeating Wainwright Elks in a three game series.

For real fast action come and support these boys 8:00 p.m. in the arena this Saturday.

Nurses Plan Leap Year Party Feb. 29

The regular monthly meeting of the Graduate Nurses Assoc. was held Jan 25th at the Health Unit. The vice-president, Mrs. Merv Hill presided in the absence of the president. Sixteen nurses were present, including [illegible] brides Mrs Keith King and Mrs George Gow. A new member Mrs Green whose husband is associated with the Monarch Lumber Co., was welcomed. The meeting opened with the Nightingale Pledge.

A letter was read from the executive of the Alberta Association of Registered Nurses that they wished to go on record as not approving of chapters raising funds to purchase hospital equipment or make donations to charitable organizations. It is their feeling that these donations are taken care of by voluntary agencies and we might be infringing on their projects. It is felt that monies raised by chapters be used for educational purposes: participation in provincial and biennial conventions and assisting nurses in other lands who may be working in the mission field.

The secretary reported the Blood Donor Clinic will be held here in July. The chapter has already offered their services to this clinic.

The chapter asked that Mr. N. N. Bentley, principal of the V. S. A. be advised they wish to donate a prize valued at $10.00 to a student in Home Nursing and Physical Education.

The chapter is planning a party at the nurse's residence leap year night, Feb. 29th. Husbands will be invited and the doctors and their wives. The entertainment committee of Mrs. Keith King, Mrs. C. Coulter, Mrs. M. Barr and Mrs. Lydia Dauchot are preparing for a gay evening. The lunch committee of Miss Jean McPhee, Miss E. Forrest, Mrs. Jean Mercier and Mrs. Merv Hill made lunch arrangements at this meeting and Mrs. Hill is in charge of finalizing.

Following the meeting a typical nurses' lunch was served by the Health Unit staff. The lunch was both appetizing and bountiful.

Following lunch members enjoyed slides showing some of the skills and art of recent immigrants to Canada. Our sincere thanks to Mrs. Dauchot and Miss Arnett for a pleasant evening.

Dianne Bauer Queen of Mannville Ice Carnival

An acquiescent crowd, tingling with excitement and anticipation, gathered at the Mannville Legion ice carnival on February 6th to witness the crowning of lovely Dianne Bauer as Queen of the Carnival for 1960. His Worship Mayor Williams officiated at the coronation.

Following the coronation and presentation of gifts from the Legion, the Queen and her attendants, Adele Dwzinsky and Rhea Bauer entered a horse-drawn cutter and participated in the regal march of costumed skaters and followers.

Noted among the various costumes were Indians, Robin Hood, Angels, Cowboys, Tramps, the Queen of Hearts, Old Fashioned Girls, a cute small cat, a Ballerina and a Zebra which was most [illegible]

Trouping of the colors, a very impressive ceremony, was presented by the Mannville Color Party, ably assisted by Vermilion Legion pipers, which stirred Scottish blood.

Races were held for the children with many prizes awarded. An exhibition of precision fancy skating was presented by Mr. and Mrs A. Groenveldt who are noteworthy artists of the silver blades. This was highly enjoyed.

Clowns of the evening were Maurice Smith, Ray Harry Shell and Harry Thomas. They were extremely amusing in their antics. A great deal of effort was evident in the staging of this carnival by the Legion and Auxiliary and all who gave of their time and talents, the pipers, the clowns, and many more.

The tug-o-war, Legion against the World, was won by the latter, and was most entertaining. Retiring of the Colors ended the program. Proceeds from the of programs went to the Boy Scout troop.

Barr breaks 'Beek'

Last Wednesday evening the Tigers went to St. Paul for a tussle with the Hornets, lost the game and also their stalwart defenceman Stu Barr. Stu may have saved a goal by his efforts, but he took the puck on his face with disastrous results. His nose was broken and pushed out of place in the painful collision.

Medical treatment was administered immediately and Barr was able to make the trip back home with the rest of the boys.

On arriving here he had further medical attention and since has been confined to barracks out of the cold winter air. It [illegible] be a considerable time before [illegible] his usual place [illegible] Tigers line-up and his [illegible] will be sorely missed [illegible] behind [illegible]

Old Timer Dies At Home in Vermilion

Mrs. Ann Jane Bell passed away on February 6th at her residence in Vermilion at the age of 79 years. Mrs. Bell, formerly of Edmonton had lived here during the past year. She was born in Blairstone, Ont. but had lived in what is now the province of Alberta since 1899. Her daughter, Mrs. W. A. Kibblewhite, resides on a farm in the Vermilion district.

While living in Edmonton Mrs. Bell was a member of the W. M. S. of Metropolitan United Church and later of the High Park United Church.

Funeral services were conducted by Rev. A. F. King of Edmonton in the Foster and McGarvey Funeral Chapel in Edmonton on Monday, Feb. 8 at 1:15 p.m.

Besides her daughter Mrs. W. A. Kibblewhite of Vermilion, Mrs. Bell is survived by three sisters, Mrs. F. S. Lyon, Nanton, Alberta, Mrs. J. A. Johnston, Edmonton; Mrs. Fred Hulmes, Medicine Hat, one brother W. H. Armstrong, Bassano and three grandchildren.

Vermilion Rotary Club Presents Art Exhibit Here Next Week End

The Vermilion Community Art club is proud to be able to present to the people of Vermilion and district an art show to be held in the Masonic hall Friday, Saturday and Sunday, Feb. 19 to 21. This show sponsored by the Rotary Club of Vermilion, is a collection of pictures painted at classes at the Banff School of Fine Arts during the summer and autumn short courses. Of particular interest to people in this district will be a picture by Mrs. Muriel Long, painted while she was a student at the Banff school last summer.

Mayor M. Hill will officially open the show at 3 p.m., Friday, Feb. 19. The public is invited to view the pictures during the hours of 3 to 5 in the afternoon, and 7 to 9 during the evening of Friday, Feb. 19, from 3 to 5 Saturday afternoon, and 2 to 4 on Sunday afternoon.

Coffee and doughnuts will be served during Friday afternoon. A silver collection will be taken at each showing and members of the Vermilion Community Art club will be in attendance at all times.

A cordial invitation is extended to all art lovers, prospective artists and any interested persons, to attend this show which the club hopes will become an annual affair.

Ken Brown Wins Clendenning Hat

Ken Brown, elongated centre of the Vermilion Tigers, went on a scoring rampage Saturday night and notched four priceless counters against the league-leading Bonnyville Pontiacs. Not satisfied, Ken set up a fifth goal and so gathered up five scoring points to win a new Stetson hat from Clendenning's Family Wear.

This is the third hat that Mr. Clendenning has presented to Tiger hockey players this season. Hedley Dennill and Ike Bronson are already wearing fine new [illegible]

Whoola Hoop — Who Has A Hula Hoop?

Friend, every time you go to a closet, do you wind up with a hoola hoop around your neck instead of a tie? Or when you move a piece of furniture does an unused hoola hoop roll across the floor scaring the wits out of the family tabby who mistakes your wife for a tree and climbs up her back ruining her $3 nylons in the process?

Or friend after a late night and you are slipping in through the darkened basement something entwines around your throat and before you realize it is that hoop that has been hanging there for almost a year [illegible] upset a shelf of your favorite preserves, bark your shins and then have to face your little woman?

If this is what is bothering you friend, simply leave your hoola hoop at the Standard Office and they will be turned over to the Retarded Children's school to assist in their P.T. program.

And then, friend, you will be free of this menace to domestic tranquility forever.

Right friend?

One shot Two kills

A somewhat interesting as well as unusual incident occurred at Buffalo Coulee recently. A [illegible] of no small renown, Walter Hutter bagged two coyotes with one shot. The animals were then picked up and taken to [illegible] where they examined the wound and were able to determine the trajectory of the shot.

A short while ago Walter, during a hunting trip, shot and killed a Black Coyote. This type of animal has been noticed frequently in this area. The Black Coyote closely resembles a Timber Wolf. It has a broad head, [illegible] ears, tawny black [illegible]. As near as could be ascertained by the teeth of the animal [illegible] approximately 5 years old. Walter is having one of the pelts mounted at Lloydminster.

Banquet Honors Members of Hereford Assoc. at Annual Meeting in Vermilion

A hospitality hour and banquet sponsored jointly by the Board of Trade and Agricultural Society was tendered to the members attending the annual meeting of the Northern Alberta Hereford Club on Wednesday of last week. The function was a gesture of appreciation for choosing Vermilion as the convention headquarters.

Toastmaster at the well attended gathering was Mr. Jack Cross of Vermilion, president of the Northern Alberta Hereford Club who introduced the guests present and the various speakers in a witty and interesting manner, making an excelent job indeed of chairing the event.

Guests at the head table were Mr. Al Anderson, manager of the Edmonton Exhibition Association; Mr. S. C. Heckbert, secretary-manager of the Vermilion Agricultural Society; Mr. W.H.T. Mead, Livestock Commissioner, and Mrs. Mead; Mr. Orton [illegible], Mr. Paula, vice-president of the Hereford Club and Mrs. Paula; Mr. and Mrs. [illegible]; Mr. J. [illegible] Andrew, secretary-manager of the Canadian [illegible] Association; Mrs. [illegible]; Mr. Angus MacMillan, president of the Vermilion Board of Trade; Keith Gilmour and Fred Miller of the Edmonton Exhibition Association; Jos. Kallal of the Department of Agriculture; F. Hamula of the CBC farm broadcast; Ashley H. Cooper, M.L.A. for Vermilion constituency.

Guest speaker for the occasion was Mr. Al Anderson, manager of the Edmonton Exhibition Association. He was wittily introduced by Mr. Paula. Bringing greetings from the Board of Trade was newly-elected president Angus MacMillan, and from the Agricultural Society Mr. S.C. Heckbert.

A highlight of the banquet was the presentation of an Honorary Life Membership to Mr. Dave Andrew, secretary manager of the Canadian Hereford Breeders' Association who lives in Calgary. He is a former Vermilion man and the presentation, made fittingly by Mr. Jack Cross was a very popular one with the large assemblage.

Following the banquet the Hereford Club held their annual meeting, also in the Legion hall.

$60,000 needed For new arena

IVORY TOWERS, NOT STYLISH, BUT NECESSARY

In these sophisticated and materialistic times it has become popular to heap scorn on the idea of the "Ivory Tower". The lonely remote elevation from which a man can ponder the follies and mistakes of his kind and survey his future in the light of his past.

Anyone who seeks to give an impression of realism and a sense of the practical, can refer disparagingly to "Ivory Tower Thinking". This by inference stamps him as a man of action — a doer, not a dreamer.

This is all very well. Obviously we can't all inhabit Ivory Towers. There is work to be done on the ground and our heads can't be forever in the clouds. But this is no indication nor does it mean that we can dispense with "Ivory Towers" or their special inhabitants. In fact our general preoccupation with the job on hand makes it more necessary than ever to maintain some strategically located towers and the decisions of those who man them. Thus we have parliamentarians.

Our age has become more frighteningly complex. Most of us are specialists, highly trained in one field of endeavour yet hopelessly lost at sea in the next man's specialization. If we stand on tip toe, we can see over the next wheat field into the next man's farm—but not much farther. We find ourselves resenting those who try to climb high into the human watchtowers to ponder the course which we are taking—and where it may lead. To them we say "Get down from your Ivory Towers and get back to earth."

It is true that the "Ivory Tower" can be a refuge from the world: a drawing room inhabited by dilettantes and poseurs toying with empty ideas. But in the great universities, also among responsible elements of the public press and in public life, there can still be the strong, high towers from which men of intelligence, honesty and perspective can spy from afar the dangers and enemies of mankind.

Perhaps it is more comfortable to be without these towers. The messages from them can be short lived and discomforting as well as disturbing.

While perusing through a copy of the Saturday Review, a New York publication, the writer came across a statement made by Dr Glen A. Olds, president of Springfield College which read as follows "Towers and their meaning, come into their own at a time of testing."

Comfort without vision is no match for the four horsemen riding in from beyond the hills, and one-storey watching and wondering sees nothing beyond the first hill. Immensity without responsibility, vision without action, means eventual suicide. Human necessity, if no other nobler motive, cries out for restoration of the tower, not as a monument to [illegible] [illegible] but as an indispensable vantage point of vision without which we perish as men. When a man has lost his way, such a vantage point is never a luxury. And those who man the Ivory Towers are dedicated individuals. They are not [illegible], but [illegible]; they are not concerned with man's tastes, but his needs; not with his appetite, but his health.

The sprawling ranch-type bungalow is the symbol of modern comfort and security. But there is seldom much view from its roof. For that we must turn to those much neglected, much maligned, old fashioned towers with an ivory decor.

FACTS FOR THE FUTURE

It was noted with [illegible] interest by 45 citizens who attended the annual ratepayers' meeting (44 men and one woman) February 8th that the financial status of Vermilion is steadily being strengthened by virtue of the able administration wisely chosen by the electorate. If the 1959 Financial Statement is any criterion, Vermilion and its citizens have every reason to express jubilation in the ultimate. In spite of the overwhelming odds some departments have had to rise above, and the amount of work completed, plus the fact the mill rate had suffered a reduction (2 mills), there still remains on the Utilities Reserve Balance Sheet a surplus of $[illegible],[illegible]8.79, a truly remarkable feat for any administration.

It may also be noted it is not prevalent for any town of similar size being [illegible] problems to [illegible] [illegible] a fiscal battle with such financial strength.

The vote of confidence given by the meager attendance at the ratepayers' meeting was well deserved.

Dear Mr Cooper

I have been instructed by the members of St. Saviour's W.A. Afternoon group, to write, thanking "The Standard" most sincerely for kindness throughout the year of publishing all their various activities in the paper.

It is indeed most kind of you and your courtesy is much appreciated.

Sincerely,

Dear Mr

From reports received from postmasters in all parts of Canada it is quite evident that once again the public has responded generously to the Post Office department's request to "Mail Early for Christmas". Postmasters have mentioned, in particular, the public service rendered by the weekly newspapers in stressing the need for co-operation in mailing early to avoid disappointment during the festive season.

This fine co-operation of the Press, and co-operation of the public coupled with particularly good weather over the greater part of Canada, made possible a successful handling of a record volume of Christmas mail by the postal staffs.

On behalf of the Canadian Postal Service I wish to thank the newspapers of Canada most sincerely for bringing to the attention of their readers the importance of mailing early at Christmas.

Yours sincerely,
G. A. Boyle,
Dep. Postmaster-General.

Feb. 17, 1944

Mr. and Mrs. James Cavil celebrated the 50th anniversary of their wedding on Feb. 10. They are among the earliest settlers in the Vermilion district.

Stanley S. Galbraith, for many years a pioneer of the Deer Lake district north-east of Vermilion, passed away after a short illness in Victoria, B. C. He was 66 years of age.

After twenty-seven consecutive years as school trustee, 25 of these years as chairman, Mr. J. J. Hope has retired from that position.

Lieut. Douglas W. Urquhart of the Canadian Army Corps, son of Mr and Mrs. W. G. Urquhart, of Islay, was married in St. Catharines, Ontario, on Feb. 5 to Mary Alice Lloyd.

From overseas comes news of the marriage of Warrant Officer Dale Hildebrand, eldest son of Mr and Mrs. F. Hildebrand of Vermilion, to Miss Pearl Margaret Wells of Fulwell, Sunderland, England.

Mrs. O. P. Smith from North Surrey, B. C. is visiting her mother, Mrs. David Jack and brothers.

Mr. Peter Williamson is another of our district residents who has decided to dispose of his farm.

Mr. J. G. McKay is visiting his daughter, Mrs. Alf Jack.

The sympathy of the district is extended to relatives of Mr. R. P. Shoddice and Mr. Arthur Fortune, who recently passed away.

Mrs. David Jack was hostess to the W. W. W. this month. All members were present.

Mr C. N. Jeffery and Brian spent a few days in Edmonton last week.

Miss Edna Shook, who was assisting Mrs. Robert Lampert, was home for a few days sick leave and has now returned to her duties.

The Junior Red Cross sponsored an evening of [illegible] [illegible] when Mr. and Mrs. McCurry showed their slides of Ireland.

The ladies of the district have completed the following articles for the Red Cross during the year 1959: Boys — 30 underpants, 18 overalls, 10 pair pyjamas; girls — 25 nightgowns, 32 pair panties, 25 vests, 2 knitted sweaters; infants — 4 knitted jackets, 2 bonnets, 3 pair booties and 2 quilts.

88th Birthday Celebrated by Mrs. Nowles on February 3rd

The home of Mr and Mrs. C. Hollen was the scene of an 88th birthday celebration on Feb. 3rd when friends and neighbors gathered to pay their respects to Mrs. Nowles, Mrs. Hollen's mother. Among those present were Mr. and Mrs. W. Armstrong, Mr. and Mrs. C. Free, Mr. and Mrs. Gus Throndson, Mr. and Mrs. Sherwood, Mrs. R. Ronaghan and Mr C. Johnson.

Following a period of reminiscing about "the good old days", Mrs. Armstrong presented the guest of honor with many gifts and wished her many more happy birthday anniversaries.

To close a very enjoyable evening, lunch was served by the hostess, Mrs. Hollen.

Joe Payne (eliminated pain) by entering the hospital recently for the purpose of having his teeth extracted.

The February meeting of the Loafers was held at the home of Mrs. Payne with six members in attendance. The club hosted one visitor, Mrs. J. Miller. The lucky draw was won by Mrs. Payne.

Location of the March meeting is Mrs. McGaughey's. So all you bread makers, be sure and turn out.

The Loafers would like to thank all who assisted to make the dance the success it was. Thanks are also extended to Edgar for emceeing the show, to Allen Coutts who collected tickets and last but not least to those who cleaned the hall following the hop, Mr. and Mrs. J. Payne, [illegible], Jim Repp and Mrs Williams.

Mr. and Mrs. Stocker were Saturday evening visitors at the home of Mr and Mrs. Sherwood.

Congratulations are extended to Mr and Mrs. J. Morrison on the birth of a baby daughter, born Feb. 5.

Mr and Mrs. Knutson, Maybelle and Harold were recent visitors at Lloydminster.

The community is grieved to learn of the illness of Grandma Payne who is now resting in the Vermilion hospital.

Thirty Competitors Attend Rotary Club Meeting

Members of Vermilion Rotary club entertained thirty competitors at Friday's luncheon meeting. Arrangements were made by Claude Underdown and [illegible].

The guest speaker was Clayton Reeves of Lloydminster. Mr. Reeves is office manager for Husky Oils. Also he is vice president for the Junior Chamber of Commerce for all Canada.

Mr Reeves told us of a trip that he made to Brazil to attend a J. C. convention.

The speaker was introduced by Claude Underdown and was thanked by Dr. A. Ben King. Dr King said that seldom do we have such an opportunity to hear such a good address.

President Ross Boake presided at the meeting. Mr Boake welcomed the visitors and thanked the speaker and the committee.

Dr King reported that Bill Sutherland and himself were judges recently at a 4-H club public speaking contest held at Mannville. The winners were Barbara Woworitka for the beef club and Barry McDonald for the grain club. The winners will compete at a district competition to be held shortly in Vermilion. The Rotary club sponsors these contests.

KITSCOTY

By Mrs. I. Pidcock

Mr. and Mrs. Lynn Randall and family of Calgary were recent visitors here with Eileene's parents Mr and Mrs. W. G. Stewart.

Mrs. Charles J. Quinn is at present in Edmonton visiting at the home of her daughter (Marlene), Mr. and Mrs. Bert Duggan and family.

Miss Judy Sheppard of Lamont was a week end visitor here with her parents Mr and Mrs. Ted Sheppard and sister Kathleen.

Mr. Geo. Mathewson of Heath accompanied his father Mr R. M. Mathewson home on Sunday. The latter will spend a few days here with Mrs. Mathewson at the girls' dorm.

Mr and Mrs. Mickey Bootsman and family of Ft. Saskatchewan spent the week end here visiting with Mr and Mrs. Tim Bootsman and other relatives.

Mr and Mrs. Alf Franke spent the week end in Saskatchewan guests at a nephew's wedding in Macklin on Saturday. They spent Sunday at Smiley where they visited with Mrs. Franke's sisters, Mrs. S. Piner's and Mrs. M. Jeffries' and their families.

Week end guests at the home of Mr and Mrs. Henry Joy were their daughter and son-in-law, Mr and Mrs. Cliff Pinder, Mrs. R. Milligan and Robert all of Edmonton. Dinner guests on Sunday were Mr and Mrs. J. [illegible] of [illegible] and Mr and Mrs. E. Joy from town.

We are pleased to report Mr E. Bense is home from Lloydminster hospital and Mrs. C. K. Miller from Islay hospital. Best wishes for a speedy recovery is extended to Mr Charlie Hay and Mr Tjerk Bootsman who are patients in Lloydminster hospital at present.

Mr and Mrs. R. W. Bense are both home from hospital. Mr Bense is much improved in health and Mrs. Bense is getting around her home in a wheelchair and managing to do a few household chores although her leg is still in a cast.

Miss Pat Tyler motored to Edmonton for a couple of days last week. She was accompanied by her sister Mrs. Milo Quinn and the girls, and Miss K. Kiel. They visited with Mr and Mrs. Hilbert Kiel and family and called to see Mrs. Pauline McLean who is in hospital there for treatment.

NEWS from CLANDONALD

Work commenced on the road north of town serving the Landonville district shortly after New Years. A survey crew was busy for some time straightening out most of the many curves from Highway 45 north. Quite a good start has been made with the brushing and it appears that when completed this may be that when completed this may be one of the better market roads in the district.

Mr. Fred Lawrence received word not too long ago of the serious illness of his brother Fred who for many years had lived in the Youngstown district. Mr. and Mrs. Lawrence left as soon as possible for the old country but on arrival received the sad news that the brother had passed away several hours previously. Mr Fred Lawrence came from England originally some fifty years ago.

Friends of the Leon Roberge family have been concerned to hear that he is still undergoing treatment in a city hospital. Leon left here early in January for a checkup and so far his doctors do not seem too sure as to the cause of the trouble.

Also undergoing treatment in an Edmonton hospital recently was Clifford Good. Following an absence of almost two weeks he is now home and making good progress towards complete recovery.

Visitors from Edmonton at the week end included Maurice Brake, Don Good and Cliff Stockwell. Frank Williamson also from Edmonton is spending a few days in the district renewing acquaintances and visiting relatives.

The new station agent arrived during the past week to take over duties previously in care of George Bulmer who has moved with his family to Edmonton. At the Toronto Dominion bank Stan Schwindt is moving to Marwayne following a stay here of about 18 months.

Car thieves are causing some trouble here this winter. Early in the season a light farm truck belonging to Francis Monaghan and Sons was stolen from town and later found abandoned north of Heinsburg. Quite recently Tommy Stockwell's car was taken from in front of his house and later found damaged and abandoned in the ditch near Elk Point.

Friends who knew the Jim House family quite well were interested to read in the Journal and the Standard of Jim having been recently retired off the railroad. The House family lived in this district during the depression years.

At a well attended reorganization meeting of the Clandonald Board of Trade held in January, Arnold Olsen was re-elected president for another term. Secretary-treasurer is Bill Specht and the executive committee includes several out-of-town members. Guest speaker was councillor John Anderson who spoke briefly on several topics of general interest including payments made by the government to farmers whose crops were snowed under, the money being donated by the provincial government for paving and the grant for recreational projects.

Mr. and Mrs. Ernie Lawrence had several friends for supper recently at their farm home, the occasion being Ernie's birthday. A very pleasant time was enjoyed by all.

Mr. and Mrs. Bill Thompson residents of the district north of town for many years have sold their farm and are now living in town having bought the property formerly owned by the late Jim Kirwin. New owner of the farm is Peter [illegible].

Mr. and Mrs. Dan MacMullen are planning to return to Ireland in the spring. Also planning a visit to the old country about the same time is Mrs. Bob Michael.

Mrs. Ethel Rowntree is spending a few days at the home of her daughter and son-in-law Margaret and Ray Philips in the city. A new baby arrived at the Philips home quite recently.

Anglicans Review Achievements Of Year At Annual Meeting

Members of the Parish of St. Saviour's gathered at the annual meeting on Monday evening to review the work of the past year and to make plans for greater headway in the year to come.

Reports were heard from the two branches of the Woman's Auxiliary, the Sanctuary Guild, the choir, the Dramatic Society, the Sunday school, the Men's Club and the Envelope Secretary.

Each of the reports showed an increase activity from 1958. E.H. Buckingham, Rector's Warden, reported on the general state of the parish and outlined work which he thought should be undertaken to the church building and property. The financial statement was presented by the People's Warden, Mr L. H. Pockett and showed finances to be in good condition with $[illegible] paid to apportionment and extension fund during the past year.

RECTOR'S WARDEN OF 15 YEARS, RESIGNS

E H Buckingham who has acted as Rector's Warden for the past fifteen years, and who has been on the church vestry for nineteen years regretfully resigned that important position due to ill health. He was succeeded by Mr J V Kassie.

Re-elected unanimously as People's Warden was Mr Lorne Pockett. New names on the vestry for the coming year are Mr Joseph Bleckridge and Mr. Harold Cooper. Retiring from the vestry were S Burdett, J V. Kassie and J R. Robson. The vestry for 1960 is comprised of the following:

Hon. Members — J. W. G. Morrison, L. H. Playne, E. H Buckingham.

Active Members — W H Boulton, H. Brown, Walter Coulter, Ashley Cooper, W. J Fooks, D Keen, K King, A Palin, Gib Stephen, J. K Thompson.

The deep appreciation of the people of the parish for service rendered by Mr E. H. Buckingham as Rector's Warden for the past fifteen years, was voiced by Mr Don Keene.

GENERAL DISCUSSION

General discussion centred on the Sector Plan in the first instance with a decided interest being evinced in the project and a desire for more information.

The second topic to come in for discussion was the formation of an A.Y.P.A. A sincere plea being made for interest and aid in this laudable aim by Mrs. Bleckridge. As a result several offers of help were forthcoming to organize and operate this young church people's organization.

NEW RECTOR EXTENDS THANKS

The Rector, Rev W Champion, attending his first annual meeting at St. Saviour's, thanked the parishioners for the wonderful welcome extended to his wife and himself, and for the continuing support received. He gave interesting data on number of services held, the attendances and conditions generally.

The atmosphere of the entire meeting was one of satisfaction with what has been achieved, but with a sincere desire for greater progress in the forthcoming year.

Classic Clash Approaches As Hockey Teams Sharpen Axes

Hockey enthusiasts in and around Vermilion are slated for what could be termed a treat on March 2nd when the local Knights of Columbus are scheduled to go for broke against the Canadian Order of Foresters for the right to claim the Isacan trophy.

Rumbles from the Foresters' camp has it that Coach Engelking is experiencing difficulties with some players regarding contracts. The rumble has it that Claude "Over Shot" Underdown, Albert "Oilfield" Miller, "Red Eye" Redmond and a few other unmentionables, are holding out. The coach however expects to have the differences ironed out by the time the puck is tossed in. Other than this minor discrepancy, prospects look very good.

The two brother acts of Ian "Mr Murder" and "Tiny" Davis will be teamed up with Mike "The Shmerker" and Billy "The Pocket Schmocket" Mayowski.

The grapevine also whispers that there is quite a feud building up between the two teams over who has the player's rights to the great goalkeeper "Wild Bill" Delaney.

Coach Jim "Two Left Feet" Champion of the Knights has been holding practice behind closed doors. Further word arrives via unknown media that Gus "The Gasser" Mireault, John "Hop Along Casey" Roth and Turk Fagan are really putting out to be in shape for the match. It has not been established whether Ron "Painless" Payment will make an appearance on skates due to a terrible [illegible] ache which may last until [illegible] time.

It is rather ironic that an article in last week's Financial Post predicted a sharp rise in the sale of Absorbine Jr. and horse liniment.

Admission is by silver collection and all proceeds are for the proposed new recreation centre.

Irma Srs. Defeat College Team 11-5

In a wide-open hockey game at Irma on Friday night, the Irma Seniors defeated the Vermilion College team 11-5. The fast-moving line of R. Lovig, G. Lovig and Fisher displayed a lot of finish around the goal, and accounted for most of the scoring for the Irma team. R. Lovig scored seven goals while single markers went to G. Lovig, Fisher, Glasgow and Prior. The play was evenly distributed throughout the game. College goals were scored by Wallner with 2, Adams, Smith and Vekved one each. These two teams will meet again on Sunday afternoon at the college.

LINE-UPS

Irma — Miller, R. Lovig, G. Lovig, Fisher, Glasgow, R. Prior, Schreyer, Gaine, Taber, Prosser, Patterson, Mann.

College — Steinbra, Manning, Brooks, Hein, Baert, Paul, Gulley, Adams, Smith, Vekved, Wallner, Ritchie, Janvier, Twomey, Tesle, Brady.

COLLEGE vs CZAR

In an exhibition game at Czar, Sunday afternoon, the College Allstars defeated the Czar Seniors 9-1. The College team displayed a lot of power throughout [illegible] seriously threatened. Vekved, Brooks and Baert scored two goals each, while Smith, Paul and Janvier scored one each. P. Adams got the lone counter for the Czar team.

Paradise Hill Pee Wees Win Tourney At Marwayne

The Paradise Hill Pee Wee hockey team were winners in a close final game with Marwayne in a tournament held in Marwayne last Saturday, Feb. 6. Paradise Hill came out on top of a 2 to 1 score to take first place earnings for the 10-team event.

Play started at 10 a.m. Saturday [illegible] an A and B section ar[illegible] of games. Kitscoty won 4-3 over Hillmond in overtime play; then Marwayne beat out Trafalgar, 5-2; with the next game an overtime affair that ended a tie 3-3, between Dewberry and Paradise Hill. It was decided to flip a coin, Paradise Hill being declared winner.

There were two shut - out games, Paradise Hill with an 8-0 victory over Paradise Valley, and Marwayne taking a 6-0 victory over Kitscoty.

The B teams had two contests, Marwayne took Dewberry 2-1, and then a tie in regular playing time between Marwayne and Hillmond 0 to 0. There was no scoring in the overtime. In this case the prize money was split.

The proceeds from the tournament will go to help Pee Wee hockey in Marwayne. The management of Marwayne Pee Wees extends thanks to all who helped and supported the boys' tournament. The booth committee wish to thank the parents for their donations, Mr. Curtis for his help, the Honey Boy Bread Co. for their donation, and those who helped in the booth.

OBITUARY

MRS. FRANK GRAY

On December 17th Mrs. Frank Gray, an old timer of the Greenlawn district passed away in the Elk Point hospital at the age of eighty years. She was predeceased by her husband in February, 1950.

In 1910 she arrived from Montreal and lived with her parents on their homestead in the Landonville district. In 1916 she married Frank Gray and moved to the Greenlawn district where they lived until Mr Gray's death. Mrs Gray then moved to Dewberry where she lived until two years ago at which time she moved to the Senior Citizens' Lodge in Lloydminster.

Tigers Set Back League Leading Bonnyville by 8-5 Score

Vermilion Tigers continued in their role of giant killers Saturday night when they set back the league leading Bonnyville Pontiacs 8 goals to 5. Outstanding in the game was Ken Brown who notched four goals and set up another for a five point performance, thus winning himself a new hat from Clendenning's Family Wear. Another outstanding performance was that of goalie Lorne Scoggins who smothered break-aways by the fast Pontiac forwards on a dozen occasions. Just a week before the Tigers had beaten the leaders of the Eastern section by a 9-8 count, after that team, the Lashburn Flyers, had run up 14 consecutive wins — never losing a league game.

At the end of the first session the score read Bonnyville 4, Tigers 2. The Vermilion team then ran wild in the second, scoring 6 goals without a single reply from the visiting team. Only one lone counter was scored in the third period and this by the Pontiacs to make the final score 8 to 5.

The crowd numbered just over 300.

The game was held up for some time due to Bonnyville having an unregistered player in the line up by the name of Kulka who hails from Edmonton. The Pontiac management decided not to use him and the game proceeded without Mr. Kulka's services.

Referees were Valois of Bonnyville and Rudd of Mannville.

LOCAL NEWS

Mr. and Mrs. Jim Nicholls and two children of Vegreville, were Vermilion visitors last week end.

Frank Crawford of Edmonton returned home Wednesday afternoon after visiting at the home of his aunt in town, Mrs. H. Elliott, and in the Vanesti district with Mr. and Mrs. Don Purser and family, and Mrs V Purser since Sunday.

Charlie Upshall, Paul Fagnan and Bill Tipper of the Vermilion Macleod's store, will be in Edmonton for four days next week to attend a merchandising convention. It is at this time that suitable recognition will be made of Charlie's completion of twenty years with Macleod's.

Mrs. Horace Bellingham of Edmonton was here for a few days last week, visiting with members of the family and friends.

Mrs. Kathleen Lambert is a visitor in Vermilion, a guest at the home of Mrs. Roy Stone. Mrs. Lambert has spent the past seven months at Turtleford visiting her son and family.

Omitted from the list of acknowledgments of those giving spiritual offerings in memory of the late Earl Brower were Mr. and Mrs. A. J. Edwards.

Tom and Ed Snelgrove came from Calgary to visit with their mother, Mrs. S. C. Snelgrove at the week end.

Mr. and Mrs. Alf Green of Edmonton, formerly of Buffalo Coulee, were visiting in Vermilion and district the first two days of this week.

Mrs. Harry Scott has just returned from a visit to Edmonton to see her new grandson, born on January 31st at the Royal Alexandra hospital to Mr and Mrs. Leon LeClerc (nee Glenda Scott).

Donations to the United Church Memorial fund in memory of the late Mrs. Dora Eyben Carlson were made by Dr and Mrs. H. J. Clarke; Mr. and Mrs. G. C. Dunsmore, Miss Lil Harreuther, Mr and Mrs Wes Waldenberger, George and Phyllis Webb, Jack and Grace Marfleet; George Maxwell, Miss Alma Cameron.

Mr. and Mrs. Albert Hildreth returned last week end from Calgary following a two weeks' visit with their son Clem and family. On the way home a visit was enjoyed with their daughter and family, Constable and Mrs. Dennis Norton.

An old timer of Vermilion, Mr C. Dunlop of Edmonton, was a recent visitor at the home of Mr and Mrs. George Lyons. Mr. Dunlop, who was employed by the C. N. R., was moved to Edmonton from Vermilion back in 1925 and has resided in the city since.

Miss Margaret Pockett, Edmonton, visited with her parents, Mr and Mrs. Lorne Pockett at the week end.

Bill Payne of Edmonton, son of Mr and Mrs. Bill Payne Sr., spent the week end at the parental home here.

Two rinks of Vermilion curlers were royally entertained at the annual bonspiel at the Cold Lake airport last week. Winning second in the fourth event was the local rink of skip Wally Duncan, Eddie Lyons, Frank Wilkinson and Tom Beattie. Another foursome from here was Glen Gibbons, Reg Rowe, Geo Webb Jr and John Stewart. Warren Rosenquist also enjoyed the event, being a member of a Canadian Utilities rink.

John Wilhite and Ed Brimacombe attended the recent three day refresher course for driver-examiners held in the highways building in Edmonton. It was the first occasion at which all driver-examiners of the province gathered at one course. It is now thought that it will become an annual event.

IN MEMORIAM

In loving memory of a dear husband and father
ALEX MORRISON
who passed away Feb. 12, 1956
(R. I. P.)

"In our hearts your memory lingers,
Sweetly tender, fond and true.
There's not a day dear Dad,
That we do not think of you."

- Ever remembered by his wife Mary and family

CARD OF THANKS

I would like to thank Dr Evans, the nurses and the staff of the Vermilion hospital for the care and attention given me while I was a patient there. Also thanks to all my friends who visited me and to those who sent cards and gifts, and to Mrs. Lawrence who looked after my family.

Jessie MacGillivray.

CARD OF THANKS

I wish to extend sincere thanks to Dr. King and Dr. Stephens, the matron and staff of the Vermilion hospital for the care and attention given to me. Also thanks to all friends for their [illegible] visits, cards and gifts.

Jean Harrison.

CARD OF THANKS

I wish to express my sincere thanks to Dr. Evans and the nursing staff of the Vermilion hospital for their kindness and care in every way while I was a patient. Also thanks to friends for their cheerful visits.

Mrs. Bert Gould.

CARD OF THANKS

The Clandonald Ladies Curling club wish to take this opportunity to thank all those who helped to make their bonspiel a success. A special thanks to the Clandonald United Church W.A. for catering to the banquet, also to Simpsons-Sears, Craig Bros and the Clandonald hotel for donations of prizes.

CARD OF THANKS

We would like to express sincere gratitude to all our kind friends and neighbors who helped [illegible] during our recent bereavement. A special thanks to those who offered the use of cars. We would also like to thank Vince Watt for sponsoring the [illegible] for our son Earl. We are also extremely grateful to La Verne, Ronnie, Neil, Keith and Howard. Such kindness will never be forgotten.

Mr and Mrs. Milo Brower

Celebrates 90th Birthday Saturday

Charles Bauer of Mannville will celebrate his 90th birthday on Saturday, February 13. Back in 1905 he came from the States, one of the early settlers in this district, to take up a farm in the Claysmore district. He and Mrs. Bauer, who passed away two years ago, lived there until tired from the farm to go to live in the town of Mannville. Mr Bauer stays with his son and daughter-in-law Mr and Mrs. Joe Bauer.

Mr and Mrs. Bauer raised a family of eight boys and four girls. Three live at Mannville, one at Haines, Alaska, three in Edmonton; one in Toledo, Ohio, two in Calgary, one in Lethbridge and one in Redwater. There are 30 grandchildren.

Married at Banff, Young Couple To Live in Tolland District

Van Wagoningen—Lenshoek

On January 30th the wedding of Albertha Jakoba Lenshoek of Calgary and Florent Van Wagoningen of Tolland took place at Rundle United church in Banff at 4.00 o'clock in the afternoon with the Rev. John Travis performing the double-ring ceremony in front of a large basket of beautifully arranged all white flowers.

The bride entered the church on the arm of her brother Willem Lenshoek who had arrived the week before from the Netherlands. She was dressed in a simply cut light grey silk two-piece afternoon dress with very pale blue roses embossed in the material and wore a feather shell hat. She carried a bouquet of red Happiness roses with variegated ivy leaves and a corsage of the same roses were pinned to her dress. Mrs. Quirine Smit and her two small children Hendrika and Florent, carrying baskets filled with rose petals, preceded her into the church.

The groom was supported by Mr Ken Stone of Vermilion as his best man.

After the ceremony the children scattered their rose petals in front of the bride and groom outside the church and the bride's friends showered them with more, so the path from the church to the waiting car was covered with the fragrant leaves.

A reception was held at the home of Mr and Mrs. J M Smit of Harvey Height, just outside the Banff park gates for relatives and friends attending the wedding and all stayed for a party.

Mr Smit proposed the toast and read many telegrams of congratulations from the Netherlands, England, the United States and from many parts of Canada as far east as Fredericton, N.B. and west as Vancouver, B.C. Songs and poems, made up by relatives and friends, describing the lives and courtship of the couple mostly in humorous vein and dancing, even outside on the balcony, made possible by the beautiful mild evening were enjoyed by all. A buffet supper was served by the hostess and her attendants and after cutting the wedding cake, the bride and groom left for a short stay in Banff before returning to the groom's farm in the Tolland district.

The church ceremony, the reception and the party were all tape recorded for the bride's parents Mr and Mrs. J. Q. C. Lenshoek of Kloetinge, The Netherlands.

The flowers in the church, the baskets with spring flowers, tulips, daffodils and irises flanking the wedding cake on the bride's table, the red carnations on the mantelpiece, and bouquet, corsages and carnations for the bridal party were the gift of Terrill's Flowers, of Calgary, where the bride worked as an assigner, since she came west in 1958.

Besides relatives and many of the bride's friends from Calgary, the groom's mother and Mr. and Mrs. Ken Stone of Vermilion; Mr Gerrit te Kampe of Mannville and Mrs. Edith Pettinger of Edmonton travelled to Banff for the wedding.

Roger Rooks To Visit Vermilion

A young man known and respected in Vermilion will visit here for five days beginning Friday, Feb. 12. Roger is taking active part in the leadership of a series of evangelistic meetings in the Salvation Army from that date until Wed. Feb 17th. As many know, Roger has taken his place as an officer of the Salvation Army and is now stationed in Calgary.

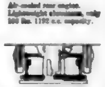
What makes Volkswagen tick?

ENGINE
Air-cooled rear engine. Lightweight aluminum, only 200 lbs. 1192 c.c. capacity.



SUSPENSION
Torsion-bar suspension on all 4 wheels. Anti-sway bar for flat roadholding.

What makes Volkswagen tick? People have been asking that for years. But there's no mystery about a Volkswagen . . . a functional design for comfortable, low-cost transportation. Volkswagen's rear engine eliminates the long, power-wasting driveshaft, gives traction through mud and snow. Air-cooled, no water to freeze or boil. And you get up to 40 miles per gallon.

Volkswagen's ride is constantly smooth. It has independent suspension on all wheels—by torsion bars. Balanced weight distribution empty or loaded. Anti-sway bar for flat cornering. And talk about passenger room—Volkswagen's got it. Stretch your legs, wear a hat; there's space aplenty front and back. Individual seats shaped for comfort adjust fore and aft. The angle of the seat back can also be changed. A sloped hood for better vision. Two luggage areas—under the hood, behind the rear seat. Yes, Volkswagen keeps right on ticking for a long, long time. It's rugged. You might ask the Volkswagen owner on your street . . . he's an enthusiast.

Mr. J. K. Greenwood Awarded Ten Year Elevator Master Merit Certificate

Mr. J K. Greenwood of the Alberta Pacific Grain at Marwayne, Alta., has been awarded a ten Year Elevator Master Merit Certificate. This awarded is granted by Grain Insurance and Guarantee Company in recognition of proficiency in the care of grain elevator premises and to earn this, an elevator agent must have a perfect record for ten consecutive years.

Inspections of all plants insured by Grain Insurance and Guarantee Company are carried out by Affiliated Inspection Bureau Limited which has for the past twenty-five years majored in the inspection of grain elevators, flour and feed mill properties, etc. The Bureau's inspection service is acknowledged by all as being extremely thorough and exacting. Winning the award is therefore recognized as an outstanding achievement by the grain trade and fire prevention authorities throughout Western Canada.

Two Pioneer Couples Honored At Allendale Social Gathering

By Ellen M. Omness

Mr. and Mrs. Wm. Armstrong and Mr. and Mrs. Scilas Lee, two pioneer couples of the Allendale district, were honored by friends and neighbors last Saturday when both couples received tokens of appreciation for their splendid effort towards the Canadian community way of life.

Following a successful evening of whist at which prizes were awarded to the following: Mrs. Mary Wilson, Mrs. Evelyn Throndson and Mrs. Joyce Lee in the ladies' league and Gus Throndson, Johnny Starko and Idolore Nelson in the men's group. George Mead, acting as MC, eulogized the activities of both couples from the time they arrived in the community. These couples will be greatly missed when they leave.

Mr. Armstrong while reminiscing, distinctly remembers the day he settled on his homestead, March 25, 1906, and spoke briefly on the pleasures of life he had derived since becoming part of the community.

Following the lunch and speeches, a small coffee table and a small purse were presented to the couple and everyone wished them many more happy years during their retirement.

Mr. and Mrs. Scilas Lee, when presented with their coffee table and purse extended a cordial invitation to all their friends to feel free to visit them in their new home any time they wished. Their new home is situated at Borradaile on highway 16.

To close this eventful occasion all joined hands and sang "For He's a Jolly Good Fellow"

Congratulations and best wishes are extended to Mr. and Mrs. Wayne Laird of Edmonton who were married recently.

Mrs Mabel Lee and Mrs. Stella Mayers, sisters, travelled together to Edmonton on Jan. 30 where they visited friends and

A good attendance was in evidence at a recent meeting of the Progressive Conservative Association held at the home of Johnny Anderson on Feb. 3

The annual meeting of the Progressive Conservative Association for Battle River Camrose constituency will be held in Viking on Feb. 13 starting at 2 30 p.m. Purpose of the meeting is to elect officers for the district and delegates for the provincial annual meeting scheduled for Feb 26-27 at Edmonton.

Island Hill was graced with ten tables of whist players on Feb. 5th. The score seemed somewhat high perhaps a record, with 120 points being tallied up in fifteen hands by Mrs William McIntyre. Steve Gordey's score for the men's division was 113.

Deepest sympathy is extended to Mrs. Norman Armstrong and relatives during their recent bereavement, the loss of a very dear mother.

Mr and Mrs. William Armstrong from town accompanied their son Jimmy and his wife Verna and family to Royal Park [illegible] they were guests of their daughter Joyce, Ronnie and family.

Mr. and Mrs. William Cusack and family will soon be moving to their new home, the Mrs. Dorothy Johnson farm.

Mr and Mrs. Gus Throndson have at last parted with their faithful old automobile for a '59 palace on wheels.

CLOSING THOUGHT

Life is sweetened by the friends
we have made
And the things which in common
we share.
We want to live on, not because
of ourselves;
But because of the people who
care.
It's giving and doing for somebody else,
On that, all life's splendor depends
And the joy of this world when
you have summed it all up,
Is found in the making of
friends.

TEEN AGE ROCK

Dynamic Film Scheduled For Friday, Feb. 12

Teenagers will not want to miss this film. It is a dynamic, action-packed portrayal centred around the lives of teenagers in high school. We are very fortunate to have this film to show. Every young person should see it.

There will be three opportunities to see the film in the Salvation Army hall on Friday, February 12. It will be shown at 7 30 p.m., 9 00 p.m. and 10 30 p.m. That is three showings on the one evening. Don't miss it!

The films will commence a series of evangelistic meetings lasting until Wednesday, Feb 17th. These meetings will be conducted by Capt. Ed. Gurney and Lieut. Roger Rooks.

The purpose of the meetings is to enrich the spiritual experience of the people as well as engage in an evangelistic outreach to the public.

Capt. Gurney will be the speaker for the campaign and has chosen for his topic "The Mind of Christ." You will not want to miss these thought-provoking messages.

In the refugee camps of Austria, Germany, Greece and Italy there are still about 30,000 men, women and children. Another 100,000 live out of camps in Europe in conditions even more appalling. Twenty per cent or 26,000 are children.

TOLLAND TOPICS

— By Gladys E. Walters

Late but none the less sincere sympathy is extended to Mrs Tessman and family on the loss of their dear husband and father and our good neighbor.

The shredded remains of what we believe to be a red weather balloon were found recently by Franklin Walters on his farm. No other data was available.

Folks known around these parts and visited briefly by Bill McGrath and Keith Lysons on their recent trip were Mr and Mrs. John Crooks Airways Tommy Lysons Mr and Mrs Burt Heidebrecht of Calgary Doug Owen Drumheller Jim Horning Olds and Chris Marfleet high school principal at Sundre Alberta.

Also late but sincere are congratulations to Mr. and Mrs Roy Oldenburg on the birth of a daughter.

The regular monthly meeting of Ganton-Watson Red Cross auxiliary held at the home of Mrs Harry Portsmith was unusually interesting as Miss Arnett, a district nurse of the Vermilion Health Unit staff, was guest speaker and informed us about the health set-up of the country and in our own municipality. She also showed a film to point out what UNICEF is doing in Thailand and India to feed and care for hungry and sick children and also how thankful they are for this assistance. Anyone caring to help should contact this nurse she stated they never have enough jackets, knitted hats, socks and mitts to go around the needy, even in our own province. Local Red Cross members appreciate very much the kindness of Mrs H P Long of Vermilion who sent out a complete patch work quilt top for this organization. The next Red Cross meeting will be held at Mrs. Dorothy Seltes home on Feb. 24th so as not to interfere with Wildmere's curling bonspiel.

The next church service held at Tolland will be on February 28th at 11 a.m. Everybody is welcome.

Wildmere curling club was well represented at the Farmers bonspiel held at Wainwright on Feb 4th, 5th and 6th. Four out of five rinks entered won prizes. Congratulations boys!

While attending the Wainwright spiel some neighbors had the pleasure of renewing acquaintance with Mr. E. Crotteau an old-time farmer of the Triangle district.

A few Tolland people journeyed to Wildwood on Friday to see slides of Ireland which with Mr. McCurry's running commentary were much enjoyed.

TULLIBY LAKE

Mrs. Oscar Eldevick is up at Seasmith, Alberta, visiting her parental home.

While laid off from his work in Lloydminster, Mr. and Mrs. Clarence Gilroyed are making their home on a temporary basis in Doug Cooke's hired hands' house.

Archie Wagner returned to the Lloydminster hospital to have his collar bone set which had been broken when he was injured in a recent two-truck accident the latter part of December. It could not be attended to at that time as it would have interfered with the healing of his deeply cut throat.

We reported in our news some three weeks ago that a goose belonging to Doug Cooke had got her seasons mixed and had laid an egg. At last report she is continuing to do so.

Tom Belsheim's hired hand is spending the winter in his native land of Germany. He is planning to return to the district in the spring.

Anyone missing the broadcast of the Lloydminster search for talent show will be happy to know that they can hear same by dropping in on the Behrens, as Juvenile was fortunate in obtaining a reproduction of the broadcast tape.

Mrs. Alvin Tupper is convalescing at the home of her mother after undergoing treatment out in Vancouver for a heart condition.

Mrs. Jim Elliot is up in Edmonton taking an orientation course in public health nursing.

Doug Ward and Stanley Waterhouse are up north of here in the bush country doing some logging.

Mr. Frank Fox and Mr. Arthur Fortin Sr. are improved in health after having a bout with the flu bug.

The Elmo Wards are nicely settled down in their newly constructed house at 'the little city'.

Many were in Marwayne on Tuesday to take in the free John Deere show.

Death of Gordon Murray in Edmonton

Clarence Gordon Murray who grew to manhood in Vermilion and taught school in the district, passed away in Edmonton on Feb. 7th at the age of 52 years.

Funeral services were held at the First United church, Vermilion on Wed. Feb. 10th at 2:30 o'clock in the afternoon. Interment followed in the family plot in the Vermilion cemetery. Rev. C. W. MacKay officiated.

Legion Sets Date For Polio Canvass

By "Buck"

Chairman Alex Callan, of the legion polio canvass committee wishes to announce that a drive for funds will commence on Tuesday, February 16th.

Legion members will canvass the business places and the ladies' auxiliary to the legion will visit the homes on February 16th or during the next few days.

The quota for Vermilion and district is set at $1300.00. Last year $1280.84 was collected here for assistance to polio patients and their families. Everyone in the district has some relatives or friends who benefitted from polio grants when this crippling disease struck. The funds collected last year are nearly all gone. An annual canvass is necessary so that relief can be given when and where it is needed.

Farmers cannot be canvassed very well on account of distant [illegible]. However should any one wish to take a district in the country a receipt book will be gladly provided. Anyone from the country wishing to contribute can leave his or her donation with Thos. Wilson, secretary-treasurer of the town, or with Vic Tilbert at the Co-op store or with any legion member who has a receipt book. There are a lot of one hundred dollar bills in $1300.00 and it can easily be seen that Vermilion will not make the quota unless people keep in mind the great need for having money available in this fund. Only yesterday a farmer from south of town told a legion member to call on him for $10.00 as soon as the canvass begins.

Everyone knows the purpose of the fund. Where the government grants for paying the hospital and doctor's bills cease the polio fund is [illegible]. This fund pays for ambulance and other transportation charges. Assistance is given for buying crutches and wheel chairs. In some cases house keeper assistance is allowed where children need care and sometimes groceries are supplied where the head of the family is stricken.

It should be made clear that the funds are for helping every one in need and all polio cases are helped and not ex-service men only.

Tommy Thompson, president of Vermilion branch, urges that all citizens be very generous in donating to this worthy cause. As Mr. Thompson says, we [illegible] [illegible] when this [illegible] disease may strike.

V. S. A. Hockey Team Defeats Mannville Juveniles 7-2 Score

In exhibition hockey at Mannville on Tuesday night, the Vermilion College Allstars defeated the Mannville Juveniles in a clean, hard fought encounter. The Juveniles got away to a fast start by scoring the first goal early in the first period. After that the Allstars tightened their defence to such an extent that the Juveniles were only able to penetrate their armour once more, when Croft scored, from Manz and Blackburn in the second period. The Allstars were led by hard working Charlie Adams and Leon Walliser with two goals each, while singletons went to Golby, Hole and Manning.

Good refereeing by Rudd and Bronson kept the play well in hand at all times, with six penalties being handed out in the game.

Summary

1st period — Juvs., Blackburn (Manz); VSA, Golby (Adams), Walliser (Smith).

2nd period — Juvs., Croft (Blackburn, Manz); VSA, Hole (Vekved), Adams (Paul).

3rd period — VSA, Manning, Adams (Paul), Walliser (Manning).

MANNVILLE — Elliot, Manz, Croft, Blackburn, Woywitak, Pedersen, Nash, Blackford, Panter, Schrager, Wagner, Cook.

COLLEGE — Stephens, R. Brooks, Hole, Ritchie, Adams, B. Golby, Paul, Vekved, S. Smith, Twomey, Janvier, Toule, Walliser.

Mr. and Mrs. Carl Ted (Charlie) Annas

St. Saviour's Anglican church in Vermilion was the setting for a pretty wedding at 2 p.m. Thursday, December 17 when Florence Mercy, daughter of Mr. and Mrs. Elmer L. Isley of Vermilion was united in marriage with Mr. Carl Ted (Charlie) Annas son of Mr. and Mrs. John Annas of Hanna.

Rev. W. A. Champness officiated at the double ring ceremony.

Given in marriage by her father the bride wore a waltz-length gown of white nylon net with chantilly lace top featuring a sabrina neckline and sleeves ending in lily point. The only jewelry worn by the bride was a black Alaska diamond pendant with diamond centre. The bouffant skirt was designed with chantilly lace inserts. A bandeau of irridescent sequins held her chapel length veil in place and she carried a white Bible topped by yellow roses with lily-of-the-valley streamers.

Miss Patricia Callaghan as bridesmaid wore a princess style gown of red velvet with three-quarter length sleeves and she carried a bouquet of white chrysanthemums tied with silver ribbon. The flower girls Martlynne and Jocelynne Isley, the bride's young sisters, wore identical peach colored party dresses embossed with white flowers over crinolines and each carried baskets of colored carnations and silver ribbon. The three attendants wore pearl droplets, a gift of the bride.

Mrs. M. Simonsen, organist, played the "Wedding March" and "O Promise Me" during the ceremony. Mr. Tom Ness of Calgary acted as best man and ushering the guests to their pews marked with springtime nosegays were Mr. Andy McKay and Mr. Ken Barton of Hanna.

A reception followed in the Vermilion Legion hall. A four tiered round wedding cake baked and beautifully decorated by the bride's grandmother Mrs. H. M. Allison and Mrs. A. Martin, centred the bride's table flanked by silver candelabra and bouquets of pink carnations. Peggy Callaghan was in charge of the bride's book and the Misses Babe Ross, Edith and Helen Schoenleffel, Betty Sweeney, Maxine Pare, Peggy Callaghan and Angela Carlyle assisted in serving the buffet luncheon. Telegrams of congratulations were read by Mr. Ness from Hanna, Fairview and Drumheller.

For the occasion Mrs. Isley wore a royal blue crepe sheath with pink accessories and pink carnation corsage. Mrs. Annas wore a navy blue jersey dress with matching accessories and corsage of pink carnations.

The groom responded to the bridal toast proposed by Mr. Pat Callaghan.

For travelling to Edmonton and Wetaskiwin the bride changed to an aquamarine wool jersey ensemble with which she wore pink gloves, scarf and feather hat and matching hand bag and shoes of black trimmed with grey fabric. Her corsage was of yellow roses.

Mr. and Mrs. Annas have taken up residence in Hanna.

Out of town guests included Mrs. H. M. Allison, Nojack, Alta.; Mr. and Mrs. G. A. Annas, Mr. and Mrs. J. P. Annas Jr., Mr. and Mrs. J. P. Annas Sr., Mr. and Mrs. Nelson Annas, Mr. and Mrs. E. J. Robinson, Mr. Andy McKay, Mr. and Mrs. Herb Welch, Mr. Ken Burton, Hanna. Mr. and Mrs. Dick Allison, Edmonton; Mr. F. H. Allison, Edson; Mr. and Mrs. Fred Kottmeier, Tolland; Mr. and Mrs. Henry Johanson, Kitscoty, and Mr. Wayne Isley, Vancouver.

Varsity Guest Week End Plans Well Underway

The eighth annual Varsity Guest Week end will be held on the University of Alberta campus Feb. 25, 26, 27 and 28 of this year. Albertans visited their campus during Varsity Guest Weekend and indications are that this year will produce another record crowd.

The V.G.W. committee, a student body responsible for the production of the weekend, has been meeting since early in December of 1959 and by now plans are well formulated for what will be the most extensive, diverse and colorful V. G. W. since its inception in 1952.

As usual, there will be faculty displays, guided tours, athletic events, musical concerts, public debates, drama activities, and of course the annual Parliamentary Dinner which serves as the opening function of the weekend.

Again this year, many groups are expected to visit the campus from urban and rural centers throughout Alberta.

Several other features presently under cover, are also planned to make the weekend more interesting, they will be announced as V.G.W. draws closer.

A warm invitation is once again extended to the citizens of Alberta to make plans to visit the campus on Varsity Guest Weekend.

Vegreville Makes Clean Sweep in Volleyball Series

MANNVILLE. — With a fine spirit of sportsmanship displayed by the two teams, Vegreville and Mannville boys and girls met in the high school gym on Friday evening for a second round of their volleyball tournament. Veg won the three girls' games by scores of 15-6, 15-8 and 15-6. Mannville showed much improvement since the previous games at Vegreville. Mrs. C. G. Strong, as referee and coach of the Vegreville team, deserves credit for a fine group of players, being as much concerned with fellowship as with the scores. The Mannville cheerleaders provided a strong background of encouragement for both teams. Their enthusiastic cheers afforded a wonderful atmosphere for the evening. Scores for the boys' games were 15-3, 15-9 and 15-6 in favor of Vegreville whose teamwork was in strong evidence.

There are many wonderful drugs that accomplish seeing miracles, but, to use them safely they must be taken as prescribed by a physician.

Do not believe all the claims made by certain avaricious firms who have the audacity to advise you to attempt unwise self-treatment when you are sick. Do not let door-to-door peddlers, high pressure television or mail order advertisers overpower your judgment. The best advice you can follow about what medicine you should take is your physician's. Health Unit Notes

WORK & ORGANIZATION OF YOUR HEALTH UNIT

Every local council has the responsibility of protecting the health of the residents of the area. This business has many facets including service to parents on how to rear their children, the constant supervision of the health of school children in order that they might get the most from the educational facilities provided and to ensure that the vast majority of them will grow up to become physically fit adults, the protection of the entire community by inoculation against specific diseases and the control of the more serious communicable diseases.

It is not difficult for cities to provide public health services to safeguard the health of a community. Health Units now provide these services for scattered populations but rural areas sometimes run into difficulties such as the problem of getting highly trained staff. These services are essentially local services and they must be wanted by the people of the area, the people of the area. The Provincial Government provides considerable financial assistance and also gives the necessary advice and organizing assistance.

Your Health Unit has now been working since 1952 and other units have been operating in Alberta for some years longer so their value has been proven and their various services have been well recognized. The public in towns, villages, hamlets, and rural districts need preventative health services just as much as the residents of cities do and can benefit in the same way. In many parts of Canada and the United States of America even though there are greater hazards to health in the cities due to a variety of reasons, the chief one being greater density of population, life is healthier there than in the rural districts. The reason for this is that cities have been providing good public health services for a number of years. In Alberta the municipal or local governing authority has the very important duty of protecting its inhabitants against the various diseases and conditions that man can suffer from and these range from poliomyelitis to accidents in the home that incidentally result in more deaths than highway deaths or deaths due to world wars.

In areas where organized Health Units operate, a general public health program is carried out and I will deal with the various services later. Health Units influence the individual's environment and so protect him from disease he might otherwise catch from his surroundings. This is environmental [illegible] and it ensures, for [illegible] that food is properly [illegible] transported, stored and [illegible] that restaurants are kept clean and in a proper state of repair, that water supplies are adequate and safe to drink, that there is a proper sewage disposal system so that the community will not get diseases from this source and that public places are properly ventilated so that air-borne infections will be reduced.

Personal services are also provided by your health unit. These consist of visiting the home and examining the infant and [illegible]ing the mother and later [illegible] the toddler, the pre-school [illegible] and the school child at regular intervals and doing the necessary routine medical examinations and also special examinations when requested by parents or teachers. If the parent is present he or she is told when an abnormality is found and if not the parents are notified in writing and advised what steps should be taken to deal with the condition. The aim of this service of to ensure that our future citizens shall be as near physically and mentally perfect as it is possible for them to be so that no handicap will [illegible] them from getting the maximum benefit from the schooling provided. Advice on health problems is also given to grown-ups by your health unit staff.

Treatment of cases is not undertaken except in an emergency but a lot of good advice is given to the people on [illegible] health in its widest sense and appointments are often made with general practitioners and specialists.

The personal services are extended when we are dealing with illnesses that constitute a community problem. These are the communicable diseases, tuberculosis, mental diseases and venereal diseases. Special programs have to be carried out to control and prevent the spread of these [illegible].

A health unit is established by a local authority — the council of a city, town, village or municipality, requesting the Minister of Health to set up a health unit. The Minister groups the local authorities and defines the area to be served accordingly. The unit is then administered by a health unit board.

The Health Unit area is then divided into wards. The authority having the largest population in the ward nominates one of its councillors to be the ward's representative on the board. The board is made up of these councillors and they manage the health unit. Your board chairman is Mr. D. Wilson, Vermilion, and he represents Ward 6 which is an area extending from the town of Vermilion to within a short distance of Elk Point and from the meridian through Marwayne and Derwent to within a few miles of Myrnam. The vice-chairman is Mr L. D. D'Albertanson, Wainwright, and he represents Ward 5, which is the town of Wainwright. Mr. A. W. Roland, Minburn, represents Ward 1, which is an area extending from the town of Vermilion to some miles beyond Ranfurly. Mr P. McGuigan, Islay, represents Ward 2 and this is an area extending from the town of Vermilion as far as the city of Lloydminster. Mr N. E. Garrlock, Heath, represents Ward 3 and this is an area extending from the meridian through Egerton and Paradise Valley to Philips. Mr C. Heckbert represents Ward 4 which is the Town of Vermilion.

Your board appoints a staff to carry out the various services and a Secretary-Treasurer to prepare the annual budget and advice the board on financial matters. Your secretary-treasurer is Mrs. M. Elford, Vermilion.

We will deal next week with the staff, organization, the services, the operation and the economics of your health unit.

Tip for MP's

If MP's want to demonstrate that they earn their pay, advises J. B. McGeachy in The Financial Post, they should try being more original and independent, even outrageous and rebellious at times. While they are at it, they might shorten their orations. The time limit of 40 minutes is supposed to be a maximum and is no reason why every contribution should measure exactly 39 minutes, 59 seconds.

Flood–McFadyen Wedding Held At Holy Name Catholic Church

The Holy Name Catholic church, Vermilion, was the setting of a very pretty fall wedding on Saturday, Nov. 7, 1959 at 12 noon, when Marion Dorothy McFadyen, only daughter of Mr. and Mrs. Edmund McFadyen of Islay, became the bride of Clarence Louis Flood, son of Mr. and Mrs. Frank Flood of Charlottetown, P. E. I. The Reverend Father Landrigan officiated at the double-ring ceremony and Nuptial Mass.

The bride looked lovely as she entered the church with father, wearing a waltz length gown of white nylon lace over satin styled in princess lines with rounded jewelled neckline studded with seed pearls and a bow-bustle back. Her shoulder length nylon illusion veil was held in place by a crown of matching white nylon lace trimmed with seed pearls and iridescent sequins. She carried a cascade bouquet of red roses with fern and lily-of the-valley and trailing white streamers with red rose buds. Her jewelry was a sterling pearl pendant and earrings, gift of the groom.

The bridesmaids, Miss Betty Farrer and Miss Doris Beaupre, wore identical princess line cocktail dresses of red velvet with white feather hats and white nylon gloves and carried cascade bouquets of white roses. Their jewelry was matching sterling pearl pendants and earrings, gift of the bride.

The flower girl, Lynn Axley, cousin of the bride, wore a red velvet dress with white feather hat and nylon gloves. She carried a white crochet basket with red and white rose buds, fern and white streamers. Her jewelry was a white gold heart shaped locket, gift of the bride and groom. The ring-bearer, Billy Axley, cousin of the bride, wore a red sports coat, complete with white carnation boutonniere and black trousers. He carried the rings on a heart-shaped cushion of white nylon lace trimmed with seed pearls. Gift to the ring bearer was a brown hand [illegible] leather wallet from the bride and groom.

The bride's gift to the groom was a gold tie clip and cuff links with ruby stones.

The groom was attended by Adam Kraft and Alex McFadyen, brother of the bride. Gifts to the best men were pen and pencil sets from the groom. Bruce McFadyen, cousin of the bride, and Donald Bucknell acted as ushers. Gifts to the ushers were [illegible].

The wedding music was played by Miss Helen Noonan.

Following the ceremony a wedding reception for 120 guests was held in the Islay community hall. To receive the guests the bride's mother wore a grey two-piece dress, with pink rose corsage and pink accessories.

Master of ceremonies at the reception was Mr William King. Mr Gordon Purser, friend of the bride and family, proposed the toast to the bride to which the groom responded. Mrs. Jean Axley, aunt of the bride, sang "I'll Walk Beside You," accompanied by Mrs. Lila Waterfield.

The bride's table was centred with a three tier wedding cake, topped with wedding bells and doves carrying a ring. The wedding cake was baked by the bride's mother and decorated by Mrs. Hugh Taylor and Mrs. Walter Brown.

Miss Jeanne Axley and Miss Cheryl King were in charge of the guest book. Mr. Phil Cysouw of Edmonton took movies.

A dance was held later in the evening in honor of the newly weds in the Islay hall. Before leaving for a wedding trip to eastern Canada, the bride changed into a dark grey tailored suit with white accessories. Her corsage was of white roses. Mr and Mrs. Flood will make their home in Edmonton.

Out-of-town guests were Mr and Mrs. Jim Bucknell and family, Mr and Mrs. Phil Cysouw, Miss Iris Taylor, Mr Louis Belland, Miss Doris Beaupre, Miss Betty Farrer, Mr Adam Kraft [illegible] and Mrs. Fred Fawcett, Mr and Mrs. Otto Bietel, Mr and Mrs. George Prudhon, Mr and Mrs. Art Ledger, Mr. Wally Lupal, Miss Irene Footz, Mr. Cart Woziuk, Miss Elsie Kruk, Mr Jim Acton, Miss Isobel Kennedy, Mr. and Mrs. Wm. Gillies and family, Mr and Mrs. Ken Reid and family, all of Edmonton; Mis Mary Donavon of Waseca, Sask.; Mrs. Hugh Taylor and Sandy, Calgary; Mr and Mrs. Walter Brown of Innisfail; Mr and Mrs. Donald McFadyen and family, Bruce; Mr. and Mrs. Ben Axley, Mr. and Mrs. George Wowk, Mr Bennie Axley of Dewberry, Mr. and Mrs. Will Muir, Mr and Mrs. Irvin Gordon, Mr and Mrs. Arnold Winters and family, Mr and Mrs. Harold Swan all of Vermilion; Mr and Mrs. Howard Walton and family of Kitscoty; Garfield and Bill Poivin of Wainwright; Mr Lorne Axley, Dale and Lynn of Elk[illegible]

YOUR KITCHEN UTENSILS

Included in your utensils for the kitchen are your pots and pans. Whether these are purchased as a complete set or a piece at a time there are certain points to look for in their purchase.

BUY-POINTS FOR POTS AND PANS

Naturally you look for sizes which are suited to the number of persons you must cook for. You also purchase pans for which you have storage space. Cost is usually one of the determining factors in your choice of materials, e.g., stainless steel or aluminum. Pans for top of the stove cooking should have flat bottoms for rapid heating.

HANDLES AND LIDS

Look for handles which are comfortable to hold. They should be of heat resistant material and securely fastened to the pan. Handles on either side (casserole style) are fine for foods which do not need to be drained. Lids should fit well but should not create a problem when doing such tasks as draining vegetables. Lids can sometimes create a storage problem.

CLEANING EASE

Pots and pans should have smooth finish both inside and out. This finish should be one which is unaffected by food acids, grease or by the water in your area. Avoid buying pans with extra grooves or ridges.

MATERIALS USED

Aluminum and stainless steel are about two of the most commonly used materials. Aluminum is fast heating and is usually quite light in weight. Its chief disadvantage is that it 'pits' from the water in certain areas. One type of stainless steel pots and pans has copper botoms for faster heating but this presents a cleaning problem. Another manufacturer places a core of rapid heating metal between the two layers of stainless steel.

[illegible] PURCHASED FROM SALESMEN

This is a personal matter but my suggestion is that you make a few price comparisons and ask yourself if you 'really' need the premiums.

MARWAYNE

On Jan. 31 the Marwayne Merchants defeated the Lloyd Carpenters by a score of 7 to 1 in a hockey game played at Marwayne.

The local basketball teams travelled to Dewberry on Monday, Feb. [illegible]. The scores were very close. Marwayne girls winning by an [illegible] to [illegible] score and the boys losing by the narrow margin of 26 to 25.

The Pee Wee hockey teams made a trip to Hillmond on Wednesday. The A team came out on the winning end of a 10 to 0 score while the B team played to a 1-1 draw.

Congratulations go to Mr and Mrs. Russel Simmons of Quadra Island, B.C., on the birth of a son, Gordon Russel, on Jan. 27.

The Hobby Fair committee hope that everybody is busy getting entries ready for the Hobby fair on Feb. 25. An automatic portable electric dishwasher will be demonstrated by Canadian Utilities during the afternoon.

Mr. Ken Brown of the bank staff here has been transferred to a branch in Calgary.

Mr. Arnold Prutsch is expected home this week end after a trip to Vancouver.

Mr and Mrs. Alec Romanich and family have moved into their new house.

Mr. [illegible] and family have moved into their house recently bought from Romanich's.

Birthday greetings go to Mrs. Bernice Parker this past week and this coming week to Mrs. Allan. Mrs. Ferguson's mother in Lamont on her [illegible] birthday. Also to Mr. Sonley on his 84th birthday on Saturday Feb. 13.

Mr and Mrs. Sonley celebrate their 45th wedding anniversary this week. All good wishes to them.

A physical education demonstration by classes 1 to 10 was held all day in the school gym on Friday, Jan. 29. This was well attended and much enjoyed by parents and others interested.

DRINKING PROBLEM

About 30,000 persons in Alberta have a drinking problem, of whom at least 12,000 may be considered alcoholics.

Alcoholism is not the same as common drunkenness. Alcoholism is a progressive physical and emotional illness which needs treatment.

F.U.A. Locals To Discuss Future Of Local Organizations

The "Future of Local Organizations" will be discussed throughout Alberta at special meetings arranged by F.U.A. Locals and other organizations.

These meetings have been set up to take advantage of a "Press Conference" in which Ed C. Nelson, F.U.A. president, and Floyd F. Griesbach, Director Farmers' Union and Co-operative Development Association will be interviewed on the role of local organizations in the rural community.

Some thought - provoking information and questions for discussion have been prepared for study before the special meetings. The meetings will report their opinions for the guidance of next year's program of the Farmers' Union and Co-operative Development Association and its member organizations.

Allan Gilmon, director Country Information Department, Alberta Wheat Pool, has agreed to moderate the conference which will be heard over an Alberta radio network at 9:30 p.m. Monday, Feb. 22nd. 31-2

OUR LETTER FROM EDMONTON

Alberta Legislature Opens With Pomp and Ceremony on Thursday

by KEN MASON

EDMONTON — With centuries-old pomp and pageantry, the first session of the 14th Alberta Legislature will open in the capital city Thursday.

Opening day is to be marked by the usual colorful ceremony, with the new lieutenant-governor Hon. J. Percy Page reading the Speech from the Throne giving the usual sketchy outline of proposed government legislation.

The following day, the reply to the speech will be moved by William Ure, newly-elected Social Credit MLA from Red Deer, and seconded by Mrs. Ethel Wilson, member for Edmonton North. The House will then be adjourned until Monday, when members will get down to serious business.

Industrial tax and education shape up as the biggest issues to face the Social Credit-dominated Legislature.

Last week it appeared certain the government was determined to go ahead with its revolutionary proposal to take over the taxing of some industries and pass the revenue on to municipalities.

The scheme is designed to correct the tax "imbalance" which results when an industry pays its taxes to one municipality and the industrial workers live in another municipality and create a demand for services.

The most striking example is in the Edmonton area where a multi-million-dollar industrial complex to the southeast of the city pays taxes to the rural Municipal District of Strathcona. Under the provincial scheme some 70 per cent of the Strathcona industrial tax revenue would go to Edmonton and its two suburban towns, Jasper Place and Beverly which have to provide services for the workers in the industry.

Naturally, this means a hefty revenue loss for the M. D. of Strathcona. But Municipal Affairs Minister Alf Hooke, who has been promoting the tax plan, says Strathcona officials have agreed the revenue redistribution is fair. Mr. Hooke says studies throughout the province have indicated that in nearly all cases where the new tax is applied, rural municipalities will lose small amounts of revenue, urban communities will gain.

Initially, the new tax would be applied only to 70 or so major industries which process natural resources. Presumably, more would be added later.

One of the results of the tax scheme would be a uniform, province-wide assessment, and all industries affected would be under the same mill rate. For some industries this will mean a lower tax bill, for others a healthy boost.

The proposal has created a heap of controversy, but the cabinet seems to be behind it and so, presumably, is the Social Credit caucus. Since Socreds have 61 of the 65 House seats, there's little doubt about it being approved.

A major debate on education will arise out of the Cameron Commission report. Education Minister Anders Aalborg says there won't likely be time to take any legislative action on the report this year, but members will have plenty of opportunity to talk. Debate on the report may also bring a statement of government policy — something that's been lacking so far.

The Hutterite colony issue may also explode into a big one during the session. Some new legislation is expected as a result of a report handed to the government last year on the Hutterites, suggesting a complete rewriting of the Communal Property Act and establishment of a committee with discretionary powers to administer it. Word has it the Hutterites are far from happy with the report, but at the same time there are a lot of Albertans who want their landholdings kept under strict control.

Among other major projects to be taken up will be a full revamping of the Alberta Labor Act and establishment of a committee to review the Workmen's Compensation Act. Premier Manning has said a House committee will be set up this year to start work on a redistribution of seats on the Assembly.

Another record budget, calling for expenditures greater than last year's record $300,000,000, can be expected from Provincial Treasurer Edgar W. Hinman. Estimates of most departments will be up as a result of stepped-up activity under the "five-year plan."

This year's special project alone will call for spending of nearly $10,000,000. The money will be given away in grants to towns, villages and hamlets for street paving, sidewalks and recreational facilities.

The legislative session this year should be over within the normal six weeks. With only four members in the Opposition, there should be no reason to keep the session going for seven or eight weeks as it has during the past few years.

PARADISE VALLEY NEWS

The weather still holds good in this district. It is foggy at times but stays fairly warm. The roads are slippery and driving is risky.

The annual meeting of the St. Paul United Presbytery Woman's Association of the United church will be held in Viking United church on March 9th, 1960. Registration commences at 9:30 a.m. Theme of the meeting will be "The Spiritual Challenge."

Paradise Valley

Mr. and Mrs. Clifford Lock and family of Edmonton were recent visitors at Mrs. Lock's old home, the guests of Mr. and Mrs. Frank Flint Sr.

Roger Flint underwent surgery in Lloydminster hospital recently but is now at home, fully recovered.

Rhoda Lievers, young daughter of Mr. and Mrs. R. Lievers, is a patient in the Lloydminster hospital. She was quite ill with the 'flu and the after effects resulted in her stay in hospital.

The annual meeting of the Paradise Valley School District was held in the high school auditorium on Tuesday night. A full house showed the interest of the ratepayers. Two more rooms are badly needed and a delegation will attend the next meeting of the divisional board to press the matter. The two retiring members of the board, Jim Brown and Don Parker were re-elected.

Sorry to hear that Ed Lawrence is a patient in the Wainwright hospital with pneumonia. Ed has not been up to par for some time.

The oldtimers of the district will regret to learn of the death of Mrs. Jack Ayers at Vernon, B. C. Mr. and Mrs. Ayers farmed in the Paradise Valley district for many years before moving to B. C. Mrs. Ayers had been ill for some time.

Mrs. E. H. Walters returned home from the hospital on Friday after being a patient in the Lloydminster hospital for several days. Baby Lievers also came home on Friday from the hospital.

The Paradise Valley United Church W. A. met at the home of Mrs. R. Thibodeau on Feb. 2nd with an attendance of fifteen. Mrs. Fred Sirett, president of the group was in the chair. Mrs. C. Ball led devotions and Mrs. C. Bleakley read the lesson on "Statement of Faith". The program for the year, previously drawn up by the executive, was passed by the meeting. Final arrangements were made for catering to the wedding reception of Shirley Anderson and Bob McLean on Feb. 19th. Mrs. J. Gordon, convener of the bazaar committee displayed and gave out new materials for bazaar work. A motion was passed that coupons be collected to purchase pyrex coffee and tea pots. Coupons should be given to Mrs. George Venner, secretary. The next meeting will be held on Tuesday, March 1st at 2 p.m. and Mrs. Venner and Mrs. Bleakley will be hostesses.

The high school bonspiel is going strong as we write these notes. Some 32 rinks are taking part and we hope to have the winners for next issue. A banquet was held on Saturday.

Mrs. D. B. Baxter and Mrs. F. Henry were Edmonton visitors at the week end. Mrs. Baxter visited her husband, Mr. D. B. Baxter and her brother Mr. P. Cottrell, both patients in the University hospital.

Stained and battered, this twisted mass of mangled metal is all that remains of one of the cars involved in the fatal accident that took the lives of three local people. The cars met head on in a meteor-like fashion on Highway 41 south of Vermilion last Friday afternoon, leaving debris spread over the road for well over a hundred feet.

Head-on collision kills 3 Vermilion residents

Two local people met with violent death, Friday, February 12th at the scene of a metal-smashing head-on collision on Highway 41 approximately 22½ miles south of Vermilion.

Killed instantly at the scene of the impact was Charles Cawthorpe, 38; Ian Clark, 28, of Vermilion was dead on arrival at the Wainwright hospital. Miss Betty Smith, also of Vermilion, a passenger in Clark's south bound car, died at 3:00 a.m. Saturday in the Wainwright hospital.

The accident took place on a narrow winding road north of the crest of a steep hill, leaving a twisted mass of metal strewn over the entire area.

Clark's car was towed to Vermilion late Friday evening, while the late model station wagon driven by Cawthorpe had to be loaded on a flat bed trailer. The motor from Cawthorpe's car was torn from its mountings and hurled approximately 25 feet through the air. Both cars were reduced to a pile of unrecognizable rubble.

Much to our surprise, we find ourselves entangled with . . . oh, but we won't spoil it for you! We would hate to trespass on your suspense, your guessing, and your trying to find out the clue as to which one of us is the culprit of the week end. We are all suspects so we'll leave it to you to pick out the one who is the cause of all the excitement, that is well sprinkled with humor and wit!

St. Saviour's Dramatic Society hope you will enjoy your week end with them! Join them at the High School auditorium on Saturday evening at 8:00 p.m., even if one of them hasn't sold you that ticket yet!

Leading parts are being taken by Ralph Wilson as Mark. Ken Greenwood, Antony. Marie Geibelhaus, Betty. Stan Smith, Bill. Eleanor Evans, Miss Norris. Jerry Miller, Matt Cayley. Marlene McDonald, Angela and Gib Stephen as Major Rumbold. The supporting cast includes Mrs. J. Kasale, Mrs. Jessie Stephen, Ken Thompson, Pat Thompson and Helen Highberg.

Joan Stewart, Kitscoty Bursary award winner

Miss Joan Stewart, daughter of Mr. and Mrs. William Stewart of Kitscoty was notified recently that she has been awarded one of the bursaries offered by the Department of Public Health of the Province of Alberta to students in the Medical Laboratory Science Course of the University of Alberta. Eight such bursaries were awarded to students of this year's course.

The bursary carries such aid as tuition fees, book allowances, and a monthly stipend of $[illegible] during academic sessions. It is a two-year bursary carrying the requisite that after having written a Registered Technicians' examination, the student will work in this province for a period of at least eighteen months.

Awards are made only after a three-month probationary period at the university. A graduate of Kitscoty High school, Joan won the scholarship offered by the Vermilion Local of the Alberta Teachers' Association for academic achievement in grade 12. She also received a Queen Elizabeth grant. Now the distinction of one of the Public Health bursaries commends her university progress.

Legion Rink Sweeps to Victory

The Vermilion entry in the Legion Provincial bonspiel composed of Bill Scales, Geo. Webb, Vern Willes and Vic Tillett have been successful in winning the district play-offs. They came out on top in the competition at St. Paul last Sunday.

The playdowns will take place at the Vegreville curling rink this Saturday and Sunday. The winners this week - end will emerge with the title of provincial champions in Legion curling circles, and will then be eligible to compete in the Dominion Legion curling finals.

Next week is Bonspiel Week!

Two 'big money' projects send Council into huddle

Kinsmen Midgets win first game 7-6; Lose second game and series 8-2

Vermilion's Kinsmen Midgets sent the hopes of their supporters soaring last Saturday evening when they edged their way to victory with a score of 7-6 in the first game of a home and home series with Camrose.

The series is decided by total goals. Vermilion Kinsmen were out in front with a score of 6-2 at one stage of the game and it outwardly appeared that they would carry a working surplus to Camrose for Monday night's game. However, the visitors battled back to a 6-6 tie. The winning goal was rifled in by Forbey on a pass from Upshall.

This was the tally that provided a one-goal margin for Monday's game.

Line-up for Vermilion: Porter, Forbey, Haverslew, Cameron, Minick, Wanylik, Bakala, Williams, Manyluk, Jarock, Barr, Upshall, Pedersen, Ford, Peatty.

LINE-UPS

Camrose: Goals: Mills, Kilbeam, Tuders, Brandt, Dabbs, Wilson, Brigham, Glapson, Jackson, Strachan, Gallion, Schost, and Mackenzie.

• •

In a game played at Camrose on Monday evening, the picture changed. The teeth of the tigers had been sharpened enough to gnaw out an 8-2 victory over the Vermilion Midgets. Camrose therefore emerged from the total goal series as victors. Scoring for Vermilion were — 1st, Minick assisted by Bakala, and then Bakala scored the second goal.

HAPPENINGS IN THE HOUSE

MONDAY

Ernest Watkins (PC Calgary-Glenmore) opened debate on the Reply to the Speech from the Throne.

Edgar H. Gerhart (SC Edmonton Northwest) spoke in favor of the government's industrial tax plan, and favored an amended metropolitan amalgamation.

Mrs. E. G. Robinson (SC Medicine Hat) said Social Credit doesn't need a strong opposition to give good government.

Rev. F. G. Hansell (SC Okotoks-High River) adjourned the debate. He will be the first to speak when it is resumed. Thursday is private members' day.

TUESDAY

An Opposition motion calling for establishment of a verbatim record of House debates was defeated 53 to 8 following an hour and a half of debate.

Ernest Hansell (SC Okotoks-High River) said municipal officials who complain the government mistreats them are "biting the hand that feeds them."

Earl Hardy (SC - Bruce) said the federal government farm relief program is producing hardships in east-central Alberta.

Hon. L. C. Halmrast, minister of agriculture, said excavation work to prevent flooding of the Bow River at Calgary is nearly completed.

William Tomyn (SC—Edmonton Norwood) adjourned debate on the reply to the Speech from the Throne.

Government ministers introduced 15 bills, which were given first reading.

Interim subsidy set

An interim payment of [illegible] cents per bushel on wheat delivered to the 1958-59 pool was announced in the Commons recently by Trade Minister Churchill.

The payment, to be made on all grades of wheat delivered to that pool will involve the distribution of $[illegible] to wheat producers.

A total of [illegible] bushels of wheat was delivered in the 1958-59 crop year that ended last July 31. The initial payment was $1.40 a bushel basis No. 1 Northern wheat in storage at the Lakehead.

Cheques covering the interim payments will be mailed to farmers in about three weeks, Mr. Churchill said.

J. H. Blocksidge named to survey group

J. H. Blocksidge, school superintendent of Vermilion school division, was appointed to a 20-man survey group to study teaching, administration and curricula of Edmonton public Junior high schools.

Following the two-week evaluation period, a report will be made to the school board. This type of survey is conducted every three years and is under the auspices of the Department of Education.

WELDING CLINIC

A welding clinic will be held in Mannville during the week of Feb. 29 to March 4. Those people interested in this clinic should contact Mr. Chester Gamble, Mannville. The clinic is being sponsored jointly by the Alberta Department of Agriculture and the Minburn Agricultural Service Board.

Vermilion Ladies Win At Cold Lake

Last Saturday and Sunday Feb. 13 and 14 a Vermilion rink skipped by Emma Laske with Lena Williams, Isabel Kent and Bennie Roberts participated in the R.C.A.F. Cold Lake Ladies Heart spiel. [illegible] of a total of [illegible] entries they were successful in winning second prize in the Grand Challenge event.

[illegible] report an impressive [illegible] sheets of artificial ice at the airforce centre and an excellently organized bonspiel where they had a most enjoyable time.

Mrs. R. E. Catlin Passes Feb. 16th

Mrs. R. E. Catlin (nee Lena Davies) passed away at the age of 21 years in the University hospital, Edmonton, on Tuesday Feb. 16. She had been in ill health for some months.

Mrs. Catlin received her education in the Vermilion schools. She took a position in Edmonton where she worked for two years prior to her marriage on August [illegible] to Rowland E. Catlin of Lloydminster, formerly of Lash[illegible], Saskatchewan.

Surviving her are her loving husband, her mother and stepfather, Mr. and Mrs. Louis Hicks of Lac La Ronge, Saskatchewan, two sisters, Mrs. Maurice Margestad, (Isabel) Lloydminster and Mildred in Lac La Ronge, also there is one brother, Kenneth in Lac La Ronge.

The Rev. W. A. Champness will officiate at funeral services for the late Mrs. Catlin in St. Saviour's church, Vermilion, on Saturday, Feb. 20 at 2:00 p.m. Interment will take place in the Vermilion cemetery. Moyer's Funeral Home are in charge of arrangements.

Sewer system, arena topics of discussion

Prudence and Providence, intrigue and mysticism, created a veil of suspense last Monday evening when the members of the town council discussed two projects that could lead to the calling of plebiscites for money by-laws. The subjects under discussion were the proposed new Civic Recreation Centre and the lagoon system of sewage disposal.

During the discussion of the two projects, terminal legal diligence was maintained. Many points arose that council thought should be looked further into before they could take any definite action. However committees have been instructed to obtain the information required and report to council.

The government grant for paving received an airing with the result that this topic also could bear further investigation. In the words of one member in attendance "To get a money grant from the government, we have to buy it." This of course was meant that Vermilion would have to spend a "basket of bucks" of their own before they would receive any assistance.

A traffic light at the intersection of 50th Ave. and 50th Street was touched on briefly. Further information regarding installation must be obtained before council can act on this matter.

HOCKEY TROPHIES

VERMILION SPIEL PRIZES

Curling trophies and an outstanding array of prizes for the Vermilion Bonspiel will be on display in Craig's window, Sunday through Thursday Feb. 21 to 25.

Ardelle Symes chosen 'Queen of the Ball'

Ardelle Symes, a picture of manifest beauty, was unquestionably crowned Queen of the VSA Boys Ball last Saturday evening. This paramount event took place in the gym of the Vermilion School of Agriculture.

Fittingly attired for her role, Ardelle, preceded by her six attendants and runners - up, mounted the dais where Herman Nagel, president of the Students' Union, officiated at the coronation. Her six attendants and competitors for the role were Sylvia Schatzke, Louise Rypien, Mary Hnatiw, Eileen [illegible], Vivianne Tremblay and Vreny Zellweger.

The boys at VSA were responsible for the appropriate gym decorations. At the back of the stage were three big hearts. At the front ran a very realistic picket fence above a bank of natural looking flowers. The side of the gym also took on the theme of Valentine's Day with several huge hearts displayed. For the finishing touches the room was given a ballroom appearance with streamers flowing from the centre.

Vermilion Midgets Host Edmonton Saturday Evening

The Edmonton Athletic Club will bring a Midget class hockey team to Vermilion to play the Vermilion Midgets on Saturday, Feb. 20th. Game time is 8:30 p.m. in the arena. Give the boys your support by attending.

Guest speakers visit school of Agriculture

In accordance with the practice established in recent years, representatives of a number of farm organizations and government services are visiting at the Vermilion School of Agriculture from time to time and meeting students in various classes. Others will discuss details of entrance requirements and so forth with those students who may be definitely interested in going on to the University.

Roy Dixon, Supervisor of Dairy Improvement for the Provincial Department of Agriculture will address students in the Animal Husbandry classes on formation of Livestock Artificial Insemination Units and detail assistance available to groups of farmers interested in this aspect of livestock improvement work.

Dr. J. G. O'Donoghue, Extension Veterinarian is currently giving special lectures to the Animal Husbandry and Poultry Classes on topics of special current interest in the field of animal health and veterinary services.

The guest speakers supplement the program of lessons normally given by the regular instruction staff. Their presentations add interest and variety to the routine of class procedure. These occasions provide welcome opportunities for mutual contact between visitors and the instructors.

The newly appointed program director of the Farmers' Union and Co-operative Development Association, Mr. F. F. Griesbach outlined for members of the graduating classes in Agriculture the nature of his work and objectives of his organization in Alberta.

Mr. G. R. Sterling, administrator of farm credit policies for the Provincial Department of Agriculture reviewed the various forms of credit available to farmers. He outlined terms of the Farm Credit Act, The Farm Improvement Loans Act, certain provisions under the Veterans Land Act and terms of the two Alberta Acts under which credit to farmers is made available through government guarantees.

Other speakers who will visit the School in the next week or two include W. E. Bowser, Chief Pedologist in Alberta for the Dominion Department of Agriculture who will describe the soil survey and land classification work in this province and the use that farmers can make of this service.

Dr. C. F. Bentley, Dean of the Faculty of Agriculture at the University of Alberta will tell the students about opportunities in the field of professional agriculture.

CIVIL DEFENCE

First thing Monday morning I found a booklet on my desk with the spicy title of *CIVIL DEFENCE EVACUATION AND EVACUATION PLAN*, with a sub-head which says in big black print: "*Read it, Your Life may Depend on it*." Ah, that post man; he always brings us such goodies to read!

As a rule I don't read books that try to bully me. However I thumbed through this defence booklet and in no time at all, wished I hadn't!

Under the heading THINGS TO REMEMBER, we find *KEEP YOUR GAS TANK AT LEAST HALF FILLED.*

Little do they know that they are addressing a man who in November 1945 had his full tank (which was a gift of the dealer who had sold me the car) siphoned by brigands, and who has since driven a car whose fuel needle hovers constantly over the EMPTY mark.

I usually make a game of it, squeezing the carburetor like an over-ripe grapefruit before coughing into a gas station and saying "Fill 'er up – with a buck's worth." Half filled indeed!

The next item on the list was *KEEP YOUR CAR RADIO IN SERVICEABLE CONDITION*

The previous owner of this bucket must have found this radio in a box of cereal. All it does is snap, crackle and pop.

KNOW YOUR EVACUATION ROUTE FROM YOUR HOME TO WORK . . . Here's where the real trouble starts for me. My evacuation route according to the map here involves following the red arrows for about 15 miles. I have never had any success following arrows, red or plain. In the labyrinth of the London underground during World War II I tried sincerely to follow colored arrows. Brown for Bakerloo line, Blue for Piccadilly line and had to be led out sobbing by the attendants. Any system that is governed by colored arrows is off to a bad start as far as I am concerned.

To complicate things more so, the booklet states that if there is little warning time a wailing siren will be used and it means take cover at once.

I don't know about you but during the average day in our neighborhood one can hear upwards of a dozen wailing sirens. Some are police sirens, others are factory sirens and some seem to be private parties who own sirens and like to play with them when geared up. If I took cover every time I heard a wailing siren, I would spend the greater part of my life huddled in a corner of the basement. If that happened I would never get my [illegible] planted in the garden.

As a matter of fact before the Civil Defence people spend too much money and time painting dainty arrows, I think they should know that everyone I have talked to tends to follow the same survival as mine, which is:

1—Do nothing until the hydrogen bomb explodes, then turn to my wife and ask her if that was the furnace thermostat going on.

2—Realize that it was not the furnace, run to the window to look out at the same time the window blows in.

3—Run to the bathroom bleeding and blasting my wife for using all the band-aids. First real shock on finding that the bathroom has blown away.

4—Lead family (by a good four lengths) into the basement. Return only to retrieve certain essential supplies such as four tins of canned corn (without a can opener), a bag of ginger snaps and a real spicy book.

Oh, you have your work cut out for you, Civil Defence! The hydrogen bomb may be a dreadful weapon but driving bumper to bumper along the escape route out of town is a horror we well remember from last Sunday.

If anyone wants a map of the colored arrow route, and wishes to participate in Civil Defence work, contact GEORGE [illegible] — at VERMILION, PHONE 1[illegible].

HYPNOSIS HELPS HER

Despite the ordeal of a five-hour heart operation at Winnipeg, Manitoba, Geraldine Jackson, 13, smiles at suggestion of a doctor. Hypnosis was used as well as normal anesthesia to help the patient relax before and after the operation and also helps to reduce pain caused by incision.

[illegible] WHEAT

The old proverb "a penny saved is a penny earned" could boomerang on farmers who try to apply it to seeding operations. It seldom pays to reduce the seeding rate of wheat to cut expenses. A lighter seeding rate of one and one-quarter bushels per acre may be warranted where there is no weed problem and where lodging might occur. However, a crop from a heavier seed rate will compete better with weeds, will mature slightly earlier and will be less affected by poor seed germination. For the most part a farmer will get the best results by adhering to the one and one-half bushel rate of seeding for common wheat.

MILKING BY MACHINE

The way you milk your cows with the milking machine will be an important factor in determining the number of replacements you will need to keep up your milk supply, says Alberta's Supervisor of Dairy Improvement R. P. Dixon. All dairymen should practise fast milking because it reduces the irritation to the cow's udder. Four important steps in the fast milking method are: Wash and massage the udder with water at 120F. Remove the first two or three streams of milk into a strip cup. After an interval of about one minute attach the milker to the cow. Remove the milker from the cow after about 3½ minutes. Operating the milking machine according to the manufacturer's directions and at the right vacuum in conjunction with the above procedure will ensure a job well done.

NEW PAMPHLET AVAILABLE

A new publication "Cultural Control of Wild Oats" may be obtained from the D.A.'s office. This pamphlet is based upon research conducted by experimental farms in Western Canada. The booklet explains the characteristics of the wild oats and points out why it is the No. 1 weed problem in the West. Cultural control is considered to be the basic method of eradicating this weed but chemicals which have recently become available are a good and important supplementary measure. These new chemicals are not perfect for wild oats control. They will control the current season's crop of wild oats, however, their great weakness is that they are effective only on wild oats after the seeds have germinated. They do not affect the dormant seeds in the soil.

CHEMICAL ON FALLOW

Studies conducted on summerfallow show that chemical treatment may save costly tillage. To many farmers the application of high rates of 2,4-D spray on fallow may, at first glance, appear to be an expensive method of weed control. However, the saving in time and money is important through reductions in cultivation required. Besides, the additional trash cover saves both topsoil and moisture.

SHORT COURSE

The Lloydminster and District Agricultural Short Course and Seed Grain show is to be held at the Legion Memorial hall on Feb. 29, March 1 and 2. There are separate courses for both men and ladies and also a joint program which should prove most interesting to farm families.

D.A. AT LLOYDMINSTER

As mentioned before the district agriculturist is at the Lloydminster office every Thursday. For your convenience if you happen to be in town any other day a bulletin board has been set up in the same office and if further information is required simply leave a note with the secretary.

TOLLAND TOPICS

— By Gladys E. Walters

A farewell party in honor of Mr. and Mrs. Tom Preston who recently moved to Vermilion, was held at Tolland community centre on Thursday last. Seven tables of cards and other games provided the entertainment for a delightful evening. Mr. Fred Storum on behalf of the gathering, in a few well chosen words, presented the couple with a chair and best wishes for much enjoyment in their new surroundings. The evening came to a close with the serving of a delicious lunch.

The community was plunged into mourning on Friday evening [illegible] of the [illegible] Clark, [illegible] and Charlie Cawthorpe. Sympathy is extended to the families of each. May time erase the horror of it all.

Susan Walters phoned home Sunday evening from Toronto to wish her mother a happy Valentine day. Luckily the line at the time wasn't buzzing like it has been doing so much of late.

Congratulations and very best wishes for a long and happy married life to Mr. and Mrs. Florent Van Wagoningen who were recently married at Banff.

Editor, Vermilion Standard,
Vermilion.
Dear Sir:

NOT SATISFIED

This morning, Feb. 11, the local radio station blythly announced the temperature in Vermilion as 6 above when it was closer to 20 below. In the last few days they took off the [illegible] show from 5:30 to 6 p.m. which leaves only a half hour of country music out of 18 hours.

We in the Vermilion area have to rely on the CKSA bulletin board to air announcements of dances, socials, etc., and this show definitely favors the Lloydminster announcements. I think the teen-agers have a valid complaint too with only a half hour of rock 'n roll on teeners' choice.

The reason for writing all this Mr. Editor is to suggest to the Vermilion advertisers on CKSA that they demand programs that their customers will enjoy and appreciate. Even if you don't like rock 'n roll or country style music do you feel that one-half hour of each is a fair share out of 18 hours broadcasting. I would like to suggest an hour show or more in the afternoon called the Vermilion show jointly sponsored by several Vermilion advertisers containing news, views and announcements from Vermilion and district spiced with some popular music.

Another suggestion for a once-a-week broadcast would be a show containing excerpts from the weekly newspapers in the towns in the broadcast area of the station. There used to be a similar show on CBC and CJCA.

In closing I don't think CKSA has been fair to the surrounding communities and I don't like 90% of their music. We can get far better music on other stations but not as much local news, weather, markets, etc. I would rather listen to the local station if they give out with what we want.

VALENTINE MEETING OF UNITED CHURCH W.A.

The monthly meeting of the Knox United Church W.A. was held in the church hall Thursday. Mrs. Moncrieff and Mrs. Van den Dulder were co-hostesses. The decorations were in Valentine's day mood. Tables were prettily decorated with flowers, Valentines, hearts and [illegible] [illegible] the meeting. The members approved sending of $5 to Welfare Agencies of First United Church, Vancouver, to pay shipping charges on 80 pounds of clothing the W.A. sent for Korea, also a cash donation to be sent to a Marwayne family of seven children whose home was a total loss by fire recently. A program was laid out for the World Day of Prayer on March 4. It is hoped every woman of the area will attend at 3 p.m. in the church. "More things are wrought by prayer than this world dreams of" is an oft-repeated quotation. $10 is also to be sent to the Vermilion School for Retarded Children. The special meeting to take up the study book on Africa is Feb. 18 at the home of the Misses Stone at 3 p.m. Sewing material was given out. There were lovely and generous donations in the purchases made by the committee from Simpsons and Eatons. It was decided to order more recipe books. All were pleased to welcome Mrs. Landolis who joined the W.A. Devotional period was taken by Mrs. I. D. Inman. Meeting closed with the Women's Creed. A tasty lunch was served complete with a very pretty heart-shaped cake in keeping with Valentine decorations.

On Thursday night, Feb. 4th eight people gathered at the home of Mr. and Mrs. Lyle Anson for handicraft lessons in the making of diamond willow lamp stands.

Congratulations to Mr. and Mrs. Verne Watt on the birth of a son.

Noticed Andrew Mercier in town Saturday. Brother Bob has had a few days in hospital. Mrs. D. Buchanan is a patient in hospital too. We wish a quick recovery to all presently confined at home or in hospital.

Mr. and Mrs. Dick Bootsman of Edmonton were week end visitors at Mrs. Bootsman's parents, Mr. and Mrs. John Shaw in Vermilion and at the Wm. Tookey home in Islay, a sister of Mrs. Bootsman.

In the front row, left to right: Frank Ewing, Joe Brouwer, Ross Ewing, Lorne Scoggins, Charlie Blackford, Len Manz and Les Kreller.

Elk Pucksters Battle To A Draw

The combined Mannville-Vermilion Elks and Edmonton teams battled to a no decision game recently at the local ice arena. Plans are now in the nucleus for a showdown in Edmonton in the near future.

The final tally was 7-7, despite a fast getaway by the home crew which cheered at a pair of goals fired by a former Allan Cup star, Elmer Kreller, to spark Mannville-Vermilion to a first period lead of 3-1.

Vermilion Lineup

Les Williams, John Ewing, R. Ewing, L. Kreller, Williams, J. Park, Manz, Blackford and K. Scoggins.

For Edmonton: Jim Switzk, Frank Morris, Harold Strong, Ted Tully, Bob Keith, Mo Wiederspiel, Gordon Domrosky, Bob Baker, Bob Butz, Jack Millan, Dave Chase, Red McKenzie and Bill Jansen.

SQUARE NOTES From Circle 8

The Circle 8 club held their regular dance on Feb. 12 with a real good attendance and visitors from five clubs including the Polar Bears from Cold Lake air base.

Harold as usual did a wonderful job keeping us all active with his square throws, dixie chains, grand prowl and grand square. Everyone went home after enjoying a wonderful evening of square dancing and lunch.

Come to Rowtell on Feb. 26 and join the gathering for another evening of square dancing topped off with pie and ice cream. Johnny Maxwell will officiate behind the mike. Club members please bring pie instead of sandwiches. All visitors welcome.

HIGH SCHOOL SPONSORS OPERETTA IN MARCH

96 District Farmers Form A. I. Ass'n

Ninety-six farmers met at the Legion hall in Vermilion on Friday, Feb. 12 and agreed unanimously to organize an Artificial Breeding Association. A film from the University of Saskatchewan was showed the manner in which A.I. units are organized. Mr. Ray Dixon, Supervisor of Dairy Cattle Improvement for Alberta, spoke briefly explaining the advantages of Artificial Insemination to the dairy man, the small farmer with a barnyard herd and the cream shipper. Mr Claire Zieger, chairman and Mr [illegible], secretary of the Vegreville A.I. unit described the organization of their unit in 195[illegible].

A lively discussion followed the short addresses in which many questions were answered. A review of the findings of the investigational committee indicated 171 farmers would use artificial insemination on over 1200 cows if the service was available. In view of the interest shown, the meeting agreed unanimously that an association should be formed to breed cattle artificially within an area of 25-mile radius of Vermilion.

Board of directors elected as follows

Chairman - John McLeod, Mannville. Secretary - F. Van Wageningen, Tolland; Arthur Tovell, Vermilion, George Stewart, Vermilion, Donald Wilson, Dewberry, Alex Maksymchuk, Marwayne, Roger Watt, Kelsey, A. D. [illegible], Kitscoty, Jim Barr, Vermilion.

The necessary steps were then taken to incorporate the association as a co-operative which will be known as the North Eastern Artificial Insemination Breeding Association. The name was prompted by the area in which the association will operate. The area will include the communities of Mannville, Buffalo [illegible], Minburn, Chailey [illegible] the village of Myrnam, Derwent, Clandonald, Dewberry, through the village of Marwayne, Kitscoty, Kelsmen, Islay, Tolland, down to and along the [illegible] River. From the size of the area it is quite evident that it is impossible for the nine directors to complete the canvass. Consequently, every farmer who feels A.I. can [illegible] use to him was urged to get as many memberships as possible and help the directors when asked. A membership can be obtained from a director by paying $10 and signing a membership card. Memberships are also available from Chester Gamble, Mannville, the D.A. office in Vermilion and directors' helpers.

At the close of the meeting Mr F. Van Wageningen of Tolland summed up the situation nicely saying that a great deal had been accomplished but the work had just begun. For the North Eastern Artificial Breeding Association to be a success there must be a sign-up of at least 2000 cows. This is an ambitious scheme but if every farmer who can take advantage of A.I., the dairy man, the cream shipper or the farmer with a barnyard herd, gets behind the organization, it will be a success.

A second board meeting will be held in Vermilion Feb. 22 at 8 p.m. at which time the directors will assess the success of a 10-day canvass.

Brownies Fly Up

Eleven Brownies, namely Anne Duncan, Jane Heckbert, Jeanne Mitchell, Loren Webb, Linda Webb, Margo Husky, Marilyn Highberg, Shirley Cooper, Louis Renaud, Nancy Hill and Barbara Ann Carroll, were welcomed in to the 1st Vermilion Girl Guide Company recently.

Graduation from a Brownie Pack to a Guide Company is an impressive ceremony called a "Fly Up". Only those girls who have earned a "Golden Hand" by passing certain specified tests are entitled to "fly up". The first five Brownies named are so qualified. However other girls, having achieved [illegible] requisite age for entry [illegible] into the company.

Part of the ceremony of "Flying-Up" was taken by the Brownie pack who honored those of their number taking this important step.

At the [illegible] of the formal part of the program, tea was served to the mothers and other guests by the Girl Guide Court of Honour.

"Thinking Day" Services on Sunday

In company with Scouts, [illegible], Brownies and Cubs all over Canada, the local groups will celebrate "Thinking Day" on Sunday Feb. 21. Services have been arranged to take place in the Scout hall at 2:30 p.m. to honor Lord Baden-Powell, the founder of the Scouting movement.

Parents of the young people concerned are especially welcome to attend the meeting at which Rev. W. A. Champness will be the guest speaker. Mr. [illegible], president of the [illegible] committee, will be in charge of the program, and the boys and girls of the Scouting groups will be [illegible] part in the service.

GOLDEN ANNIVERSARY

This year marks the Golden Anniversary of the Scouting Movement in Canada. Golden [illegible] have been chosen as the [illegible] for the year. [illegible] and Brownies have planted a golden tulip and it is their individual responsibility to care for the potted plant in their own home. A window box is being readied for the Scout hall, to be placed there complete with golden tulips when the warm weather arrives.

GOLDEN TULIP TEA AND BAKE SALE

The Mothers' Association has arranged for a "Golden Tulip" tea and bake sale to take place this Saturday, Feb. 20 in the Elks hall, from 2 to 5 p.m. The Guides and Brownies will be helping at the tea and bake sale as servitors, and by [illegible] the guests. The public is cordially invited to show their interest and support of this worthy young people's organization by their attendance at the tea.

NEWS from ISLAY

Mr. and Mrs. Bill Axley and family, also Mrs. Munro of Dewberry travelled to North Battleford on Sunday to visit Jim Munro and family. Jim still has his leg in a cast and is on crutches but doing well.

Mr. and Mrs. Paddy McGuigan were callers at the home of Dell Torrence Saturday night.

Anyone interested in the Home Nursing Course please hand your name to Mrs. Bill Axley. There will be a class beginning very soon.

Mr. Earl Bowser of the faculty of the University of Alberta, spoke to the V.S.A. students this past week-end. He also visited his father and his sister Mrs. Wm. Waterfield and Mr Waterfield.

March 4 is the evening chosen for a Red Cross event in Islay hall. Keep this date and watch for more development for the evening.

Mrs. Winnie Torrance is having a bit of a holiday, visiting in Edmonton.

The girls of the 4-H Food club, with their leaders, entertained the ladies of the Knox United church of Islay at a formal afternoon tea.

Sharon Redmond, Lynne Davidson and Sandra Bell received the guests, and Mrs. Moncrieff and Mrs. Redmond poured tea from silver service at a [illegible] table, [illegible] decorated for Valentine's Day. Serving were Linda Torrance, Joanne Axley, Grace Simmons, Shirley Buchanan and Grace Schaffer. Tea tables were graced with pretty cloths and very pretty Valentine centre pieces.

Church service is at 3 p.m. on Sunday, and the sermon title is "Under the B.T."

* * *

Some of the W. A. were in Lloydminster and went to see the sample pew that is being made for Knox United church at Islay. All were pleased with it, it is a lovely piece of craftsmanship. Some families have stated they wish to place a pew as a memorial.

The Schaffer family attended a birthday party at the home of Mr. and Mrs. Adam Ducsak in Vermilion on Sunday.

Today ... your wish comes true

The Falcon comes in a Tudor model, and the Fordor you see above.

It's new Ford Falcon day!

When you wish upon a car ... and that car's a new Ford Falcon, all the practical, economical, beautiful things you wish for will come true. Lots of leg and head room, with unusual visibility. Honest comfort for six adults. Wide-opening doors, foam-cushioned front seats and 23 cubic feet of easy-loading trunk space!

The Falcon's lively 90-hp Six averages just over 20 mpg, with the smooth ride and solid feel of a much larger car. Yet its handy dimensions make it a joy to handle in traffic.

Squeaks and rattles have nowhere to start in the Falcon's single-unit construction. Critical areas on the underside are zinc-coated to prevent rusting. And front fenders are removable for easy replacement.

Don't wish—walk in to your Ford Dealer's. The car that makes beautiful sense is here!

February Meeting United Church WMS

The February meeting of the Auxiliary of the W.M.S. of the United Church was held on Feb. 11th in the social hall. Mrs. Melvin Hill presided in the absence of the president, Mrs. West. An impressive devotional period on the petitions of the Lord's Prayer was conducted by Mrs. Clarence Barr, assisted by Mrs. Maskell, Mrs. Hill, Mrs. East, Mrs. C. Stephens, Mrs. Muir and Mrs. Good.

It was decided that a box of clothing be sent to Korea this month. Mrs. Maskell and Mrs. Hill were appointed to be at the church Thursday afternoon, Feb. 25 to receive and pack donations of clothing for the box.

Mrs. C. Barr gave an interesting review from the study book "Africa Disturbed" telling of the changing conditions in Africa. Today, most Africans are for self-government. She stressed the importance of literacy and education, saying that Christian colleges and schools had been very largely instrumental in training the present leaders of these countries.

Mrs. Maskell, Mrs. C. Barr, Mrs. E. East and Mrs. Roebuck were the hostesses of the tea hour.

Mrs. R. H. Norton who has been visiting her daughter, Mrs. Helen Cruickshank of Winnipeg, during the winter months, returned to Vermilion for most of last week, a guest at the home of Mr. and Mrs. Melvin Hill. Mrs. [illegible] left for Winnipeg again last Sunday, and expects to stay there for an indefinite period.

E. M. Stewart, manager of the Vermilion Craig Bros. store, left on a business trip which will include a stop at the branch of the store at North Battleford, and then will spend most of a week at Prince Albert at still another Craig Bros. store.

D. Reg Mitchell, local agent for TCA, is in Montreal this week attending a TCA [illegible] ence there.

Mrs. J. W. Roth (nee Betty Amos) and her small son Jimmy, of Edmonton, are guests this week at the home of her parents, Mr. and Mrs. Loyal Amos. They will be joined at the week end by Mr. Roth and will all leave for Edmonton on Sunday.

Mr. and Mrs. Gordon Bell and small son were week-end visitors with the latter's parents, Mr. and Mrs. Clarence Wilson.

Mr. and Mrs. Pat Burton of Saskatoon were week-end guests at the home of Mr. and Mrs. J. F. Harcus, V.S.A. campus.

CELEBRATE 40th WEDDING ANNIVERSARY

Mr. and Mrs. Martin Haverslew celebrated their 40th wedding anniversary on Sunday, Feb. 14. They were guests at a family gathering at the home of their daughter, Mrs. Gerald Stephens. All their children and grandchildren were present.

Mrs. Agnes Goodwin of the Vermilion Municipal hospital nursing staff is spending three days in Edmonton this week. During this time she will be visiting with her father-in-law, Dr. A. H. Goodwin, who was 93 years of age on Wednesday. He resides at the Home of the Good Samaritan in South Edmonton.

IN MEMORIAM

In loving memory of a dear husband and father

LOUIS RANDOLPH HICKS

— who passed away Feb. 24, 1958.

"You left us suddenly, your last
thoughts unknown.
But you left us with memories
We are proud to own:
Deep in our hearts you will always stay
Loved and remembered every day.
He troubled no one, his wants were few
But now Dear Lord, he is with You
Take care of him as he takes his rest
Because to us he was one of the best
Somewhere back of the sunset
Where loveliness never dies,
He lives in a land of glory
Midst the blue and gold of the sky
And we who dearly loved him,
Whose passing has brought many tears
We cherish his memory always
To brighten the passing years."

Ever remembered and sadly missed by his loving wife and family.

IN MEMORIAM

In loving memory of a dear husband and father

George Franklin [illegible]

—who passed away Feb. 20, 1959.

"Often a lonely heartache,
Many a silent tear,
But always a beautiful memory
Of one we loved so dear.
God saw the road was getting rough,
And the hills were hard to climb,
So He closed your weary eyelids
And whispered 'Peace be thine'.
Peacefully sleeping, resting at last
The world's weary troubles and trials are past.
In silence he suffered, in patience he bore
Till God called him home
To suffer no more
Gone to be with Christ our Saviour
In His presence evermore.
Waiting there to meet and greet us.
Some day on that Heavenly Shore."

— Ever remembered and sadly missed by his loving wife and four sons.

Health Unit Notes

YOUR HEALTH UNIT (cont'd)

The Health Unit Board, when appointed, may request advice from the Department of Health and then make a list of the services it intends to provide. The secretary-treasurer draws up a budget and the Board appoints a staff to operate the unit. The Department of Public Health then gets a copy of the budget and when it approves it the provincial government pays a block grant to the unit and the amount of this grant depends on the population of the unit area. This provides for a basic public health service which is needed in all parts of Alberta and can be provided for all areas if requested by the local people. These basic services can be extended by the Health Unit Board, subject to the approval of the contributing councils, and provide such further services as the local residents want. If the board, with the approval of the contributing councils, decides to provide services in excess of the basic services, the extra cost is met by the contributing councils.

The staff of your Health Unit should have specialized training in public health or a good deal of experience in the public health field in order to do a really good and economical job. Doctors, nurses and sanitary inspectors do special courses and are required to pass examinations on the various subjects and perform certain prescribed duties before getting a degree or diploma after first qualifying as a doctor or nurse. This diploma, in the case of a doctor, cannot be obtained before a doctor has practiced for at least two years and done various courses such as infectious diseases, children's diseases, child psychiatry, industrial psychology, nutrition, statistics, environmental hygiene, sanitary engineering, etc. You have one Medical Officer. Public Health Nurses also do an extensive course with special stress on baby care and then pass an examination before they get a diploma. You have five nurses, three at the Vermilion office, and two at the Wainwright sub-office. One nurse with special experience is appointed senior nurse and she advises and supervises the other nurses. Your sanitary inspector before he gets the necessary qualifications, must do a course on environmental sanitation and pass an examination on the subject. You have one sanitray inspector for your health unit.

You have one full-time stenographer-technician in the Vermilion office and one part-time stenographer-technician in the Wainwright office. These girls have duties in connection with correspondence, records, filing and sterilization of syringes and needles, etc. Your medical officer is appointed Supervisor of the unit and he supervises the work of all members of the staff and is responsible to the board and to the Department of Public Health in Edmonton. He reports on the activities of the unit at the quarterly meetings of the board and when the board is not in session he acts on their behalf. Your medical officer of health gives a written quarterly and annual report to each board member. These reports give a detailed account of everything done by the staff and a copy of the report is sent to all health units, the Department of Public Health, the doctors in general practice within the health unit area and to all contributing councils.

Derwent Board of Trade Re-Elects W. Zeniuk Pres.

By Anne Zeniuk

DERWENT — At the recent annual Derwent Board of Trade meeting W Zeniuk was re-elected President for the ensuing year. Other officers elected to office were as follows: 1st Vice-president — Nick Zalasky; 2nd Vice-president — Nick Wintonyk; Secretary — Charles Gordon; Treasurer — Carson McConnell; Committee of Welcome and Farewell Committee — Matt D Charchun; Membership Committee — Albert Willmer.

During the meeting financial statement of the theatre operated by the local Board of Trade was read by Charles Gordon. It revealed a gross revenue of some $5,000.00 with over 8,000 paid admissions received. Hall manager Nick Wintonyk reported a profitable year and past secretary A Willmer reported a surplus in the general business of the board.

In reviewing the year's projects the president reported the following accomplishments:

1 The erection of an Alberta Liquor Store at this point in the spring of 1960.

2 The erection of a campsite 4 miles west and 1 mile north of Derwent by May 1960.

3 The establishing of a local agent of the Motor Vehicles Branch for selling of vehicle licenses.

4 The establishing of longer telephone service from 8:00 a.m. to 10:00 p.m.

The meeting discussed several topics of concern to the district and work has commenced on these and several other factors.

The meeting was adjourned after watching films provided by D Fraserhuk.

President W Zeniuk announced that Mr C A Algot has been appointed by the Department of Highways Motor Vehicles Branch as their local agent for selling motor vehicle licenses, effective March, 1960.

Cold Lake Wins In E.A.H.L. Action

Cold Lake Roundels notched a 6-3 victory over Vermilion Tigers at Cold Lake Sunday night but failed to get out of the E.A.H.L. cellar.

Jim Miller led Cold Lake with two goals while Buzz Haugh, Hugh McDonald, Bob Walden and Cliff Galloway scored one each. For the Tigers it was Hedley Dowell, Jim Jones and Ken Brown.

The game was clean and fast, with only six penalties meted out, three to each team.

Young Rink Wins At Derwent 'Spiel

DERWENT — Many exciting and close games were played and were greatly enjoyed by many spectators at the ladies' bonspiel held during the week end.

The Young quartet with [illegible], skip, Marion [illegible]veldt, [illegible] Young, and [illegible] Manson, lead, from Marwayne took the Grand Challenge event, defeating Mrs. Locke of Vermilion. Mrs. Agnes McConnell of Derwent won 3rd and Mrs. Chupka of Clandonald won 4th.

In the second event the winners were Mrs. Farberg of Dewberry; Mrs. Anne Palinka, Derwent; Derwent High School, Derwent; Mrs. Buk, Two Hills.

The prize for the biggest end was won by the Palinka rink.

A banquet was held at the Derwent Hotel dining room with Mrs. Mary Krechiak catering.

Mrs. Anne Palinka was the lucky winner of the surprise package which was raffled on the final day of the 'spiel.

W.M.S. Aids World Refugee Program

The Women's Missionary Society of the United Church are sponsoring a shipment of good used clothing to be shipped to Korea for the aid of the refugees. This program makes it possible for the church to pool resources to meet the physical needs of the suffering refugees. Parcels of clothing may be left at the United church hall on Thursday, the 25th of February after 3:00 p.m. W. M. S. members will be on hand to receive these parcels.

Make this a congregational project — womens' groups, mens' groups, youth organizations, — all may share.

Mannville and District Local News

Members of the Junior C.G.I.T. held a short meeting recently, after which they enjoyed games for recreation. Decision was made to attend the coming rally for all C.G.I.T. at Vermilion on Feb. 20. Meeting closed with 'Taps'.

Home at the week-end were Sandy and Beth Hogan of Edmonton, guests of Archie Bodard.

Danny Hasinoff spent the week-end at home with his parents, Dr. and Mrs. Hasinoff.

Hailing now from Peace River, Alan Doherty spent the week-end visiting old friends.

A good number of the church family attended the G.A. pot luck supper held in the church hall on Saturday last when the sum of $32.40 was realized toward festival expenses, etc.

Members of the Junior Auxiliary of Christ Church also had a party this last Friday, as they enjoyed a Valentine supper at the church hall.

The bake sale sponsored by the Happy Hour W.A. netted a good sum for the treasury on Saturday afternoon, Feb. 13. This was held at the local Co-op store through the kindness of the management.

Ralph Leitch has returned from an Edmonton hospital to convalesce at home.

Ralph Daw, local Bank of Commerce manager, left on Feb. 13 for a month's holiday to the West Indies.

Supper guests at the J. Dowicki home in Edmonton on Sunday were Mr. and Mrs. Reg Lugg of Mannville.

Please send all local items and other news to Edith Johnstone on Saturday, and thus assist her as she carries on in the absence of the regular correspondent. Thank you.

We regret to report that Mrs. Maud Sproule of Mannville had the misfortune to fall on Friday of last week, sustaining serious injuries. After examination at the local hospital by Dr Hasinoff, Mrs. Sproule was sent by ambulance to Edmonton.

Bill Markowsky has left for his yearly vacation, this time bound for the distant land of Australia. He intends to call in on the romantic Fiji Islands.

Mrs. Dan Smith was a recent visitor to Redwater at the home of her daughter and son-in-law Mr and Mrs Len Donaldson.

Your local editor was a recent city visitor and had the pleasure of watching some of the big names in speed skating working out at Edmonton's skating oval, located at Ross Flats. Skaters were from Montreal, Calgary, Saskatoon and Edmonton. Mr Frank Stack of Winnipeg is the coach and it is a pleasure to watch him in action. Despite his fifty-four years, he accompanied each skater during workouts, twenty-one adults in attendance.

It was encouraging to see at the volley ball games on Friday.

A number of Mannvillites attended the hockey game between the Edmonton and Vermilion-Mannville Elks held recently in the Vermilion arena, and for some odd reason they're still laughing.

C. G. I. T. NOTES

The meeting of the senior C. G. I. T. group was held on Feb. 2nd and opened with the purpose being repeated in unison. Reports of both the secretary and the treasurer were adopted as read. For this meeting, roll call was answered by naming the first 35 books of the Old Testament.

Mission study on Africa was interesting and gave those present an insight into life in that country. Marion Schock led the worship service after which a sing-song was enjoyed. Singing of "Taps" concluded a happy meeting.

The happiness of married life depends upon making small sacrifices.

Alliance Chapel Scene of Pretty Winter Wedding

The Vermilion Alliance Chapel provided the setting on Dec 28th for a marriage ceremony which united Gladys, daughter of Mr and Mrs. H. Wilson of Vermilion and Charles Stanley Jr., son of Mr and Mrs. C. D. Stanley of Atlanta, Ga.

Rev J Schroeder was the officiating clergyman while Mrs. Schroeder played the wedding music. Two solos were offered, "Because" by Beatrice Laird and "I kneel to Thee" by Albert Mix. The bride was given in marriage by her father.

For this happy occasion the bride chose a conventional gown of white velveteen fashioned with lily point sleeves, a cut away neckline with a high empress waist. The full flowing skirt was scalloped revealing white net to the floor. Her veil was shoulder length net, caught by a pretty headpiece of pearl and sequin trim.

Mrs. Edith Sarin of Edson, eldest sister of the bride, acted as matron of honor with Miss Bertha Wilson of Calgary as bridesmaid. Both were lovely in Royal blue velveteen dresses enhanced with pink accessories. They carried bouquets of pink carnations.

Two nieces of the bride, Faye Wilson and Joyce Anne Cooper, both garbed in pink and carrying colonial bouquets, officiated as flower girls.

The groom was attended by Wilfred Grey of Edson as best man. The ushers were Carl Wilson and Harold Larsen of Calgary.

Following the ceremony a reception was held in the Legion hall where a toast to the bride was proposed by Mr W B Mix of Vermilion. The groom graciously replied and at which time a long distance telephone call was received from his parents in Atlanta, Ga.

For her honeymoon travelling costume, the bride chose a red linen dress topped with a white wool jacket with brown accessories. To complete her ensemble she also wore an orchid corsage.

The young couple will make their home at Gwynne, Alberta, where they will be part of the staff of the Bethany Homes for children.

Out-of-town guests were: Art and Edith Sarin and family, Wilf Grey of Edson, Ruth Wilson from Whitehorse, Mr and Mrs. Franklyn and family from Lac La Biche, Mrs Dolly Cooper and children of Grimshaw, Dorothy and Harold Larsen, Mr and Mrs Carlton Wilson, Miss Bertha Wilson, Mr and Mrs. George Jensen and family, Mr and Mrs Lyle Laird, Mrs Nelms and daughter Minnie and Keith Hetherington, all of Calgary; Mr and Mrs Harvey Jaster and children of Edmonton, Mrs. Jessie Wilson from Dawson Creek, Mr and Mrs. J Vert and Janice, Cecilia Czabanniak of Three Hills and Mr and Mrs Gordon Thiessen of Kindersley, Sask.

High School Girls To Curl In Edmonton For Northern Alberta Championship

Sandra Park, Dorothy Jean Stewart, Liz Stewart and Merle Marshall are members of the foursome chosen to represent the Vermilion High school in the first annual playdowns organized by the Northern Alberta Girls' Curling Association.

The games will be played at the Derrick club in Edmonton on Saturday and Sunday, Feb 20 and 21, to decide the winning rink for Northern Alberta. The top curlers in this competition will then go into the provincial playdowns to be held Feb. 28.

The Vermilion girls are one of ten rural rinks and six city finalists to be competing this week-end for the honor of representing Northern Alberta.

Mrs. E M Stewart as representative of the Vermilion Ladies' Curling club, and Miss K Fulcher, a member of the High School teaching staff, will accompany the young ladies to Edmonton.

Kitscoty Fire Department Saves Farm Home From Destruction

Fire of an undetermined origin partially destroyed the farm home of Mr. and Mrs. George Bootsman about noon Sunday. Most of the household effects were carried to safety but a lot of clothing and personal effects were destroyed.

Only the prompt arrival of the Kitscoty volunteer fire department, friends and neighbors saved the house from complete destruction.

Mr. and Mrs. Norman McDonald and baby daughter Norma of Edmonton, visited here for several days with Norman's parents, Mr. and Mrs. M. K. McDonald and helped Mr. McDonald celebrate his birthday on Monday, Feb. 15. Congratulations, Mr. 'Mac'.

Two rinks of curlers from here played in the ladies' bonspiel at Marwayne last week. Skip Mrs. Alf Franke and her rink captured first prize in the 3rd event, and Skip Mrs. Jack Miller and her rink brought home third prize in the second event.

Mr. Lloyd Franke spent the week-end visiting with brother Earl and Mrs. Franke at Fort Saskatchewan and with relatives in Edmonton.

We are sorry to report Mrs. Burton Parker is at present a patient in the Lloydminster hospital. Best wishes are extended for a complete recovery.

Miss Donna Sheppard who is on the teaching staff of an Edmonton school, spent the week-end here visiting with her parents, Mr. and Mrs. C. H. Sheppard, sister Pattie and other relatives.

Mrs. Everett Miller is at present a patient in the University hospital, Edmonton. Best wishes Velma for a complete and speedy recovery.

Congratulations are extended to Mr. E. (Ted) Joy who celebrated his 80th birthday on Wednesday, Feb. 10.

The Ladies Auxiliary to the Kitscoty Branch of the Canadian Legion, Post 158, wish to announce they have set the date, April 1, for their annual tea and sale of home baking in aid of the Polio fund.

Congratulations to Mr. and Mrs. Terry Beck who are the proud parents of a new son born recently in the [illegible] Municipal hospital.

SENDS GREETINGS

Old acquaintances will be interested to know that Mrs. Beckett, an early resident of Vermilion and district, has been making her home with her son Larry at Kamloops since the end of June, [illegible]. Her health has not been too good but she feels it will improve with the better weather. Mrs. Beckett has just had a lovely visit with Mrs. Lillian Labine (nee Isley) of Vernon, and they had a wonderful week reminiscing old times when they both lived in Vermilion. They plan to keep in touch. Mrs. [illegible] sends best wishes to all her old pals.

115 Attend Annual Meeting Vermilion School Division

The annual meetings of electors and ratepayers of the various subdivisions of the Vermilion School Division No. 25 was held at the High School auditorium, Kitscoty, on Wednesday, Feb. 10th, with 115 persons in attendance.

W. Lloyd Brown was appointed chairman of the meeting while divisional secretary J. R. Robson acted as secretary.

Minutes of the last annual meetings held at Kitscoty and Vermilion were read and adopted.

BOARD REPORT

With printed copies available for those in attendance, Mr. D. C. McGrath read the Board Report which reviewed 1959 under topics — Constitution of Divisional Board at end of 1959. Reference to principal increases in Financial Statement: Staff: New Buildings: Caretaking School. Debenture Indebtedness. Cameron Commission Report. Introduction of Mr. J. H. Blocksidge, new superintendent, and expression of thanks to other co-operating bodies.

Mr. Wilson made suggestion that additional copies of report of Cameron Commission should be purchased by divisional board. Resolution sponsored above action on motion and was carried by only fair majority. It was pointed out (a) Home and School Association had been supplied with copies (b) interested parties wishing to study report might be prepared to purchase copy.

ELECTION

Chairman reported that only one nomination had been received for trustee to replace Mr. R. C. Mead, subdivision No. 5, who was now residing in Vermilion and did not seek re-election. Accordingly, Mr. J. K. Whiteside had been duly declared elected.

In subdivision No. 4 two nominations had been received — Mr. K. Marklund and Mr. D. C. McGrath. Election was held on Wednesday, February 17, 2 p.m. to 5 p.m. Messrs Marklund and McGrath were invited to address the meeting and each spoke briefly. Results were not available at time of writing.

REGIONAL LIBRARY

Earl Gray remarked on prospect of establishment of regional library. Mr. Blocksidge outlined proposal submitted for this region.

All in attendance agreed that joint meeting of all subdivisions had proven extremely successful.

Alliance Pastor's Prayer Retreat

One of the special meetings to be held in the Alliance Chapel this year is the Alberta Pastor's Prayer Retreat, Feb. 23, 24 and 25. This being the 25th anniversary year of the Alliance work in Vermilion, it is fitting that they should be host to this gathering.

About forty Alliance pastors from areas throughout the province will be in attendance.

Special speakers and music will be featured each evening at meetings which will be open to the public. Guest speakers will include Alliance Western District Superintendent, Rev. Roy McIntyre, Calgary, Minister of the Beulah Alliance Church, Rev. David T. Anderson, Edmonton (formerly a pastor of the chapel in Vermilion), and Rev. W. W. Sibley pastor of the Calvary Baptist Church of Wetaskiwin.

The public is cordially invited.

"WORRY PROFOUNDLY AFFECTS THE HEALTH"*
—Author's name below—

Research scientists are learning that worry actually can make people sick even though there may be nothing wrong with their health. Worrying about a possible sickness and doing nothing else to help overcome it is unwise.

Why worry about your health? A physician's life is dedicated to keeping you well. Vist your physician anytime you feel sick and let him examine you. He will soon find out if there is anything to worry about and will prescribe any medicines needed to correct any present or developing trouble.

A great many people entrust us with their prescriptions. May we compound yours?

Red Cross Sunday Salutes Volunteers

March is "Red Cross Month" in Canada and this year, Sunday, March 6, has been designated as "Red Cross Sunday" throughout Alberta with Saturday, March 5, as "Red Cross Sabbath".

Each year as a fitting prelude to "Red Cross Month" the Saturday and Sunday nearest to March 1, are selected as "Red Cross Sabbath" and "Red Cross Sunday" respectively. The occasion is used to pay tribute to the hundreds of men, women and children who serve as Red Cross volunteers and clergy of all denominations are invited to mention the humanitarian work or the society in their religious services on these days.

United Church Presbyterial Holds Annual Meeting At Wainwright

Amid the beautiful surroundings of Grace United church, Wainwright, the annual meeting of the Woman's Missionary Society of St. Paul United Presbyterial of the United Church of Canada was held. Mrs. A Knapp of Cold Lake presided.

Guests were welcomed by Mrs. J A Hamilton of Wainwright, and the reply was given by Mrs. F Jack of Irma. A meditation on the 23rd Psalm, given by Mrs. A Knapp, featured the opening worship service.

Mrs. W Morgan from Ashmont who is literature secretary, showed a number of books from the literature display, and recommended them for reading. There was a good display of literature, and much interest was shown. Incidentally, Mrs. Morgan had driven 125 miles to attend and had brought nine delegates, including those from Saddle Lake and Goodfish Lake.

Mrs. C. Alderson, Wainwright gave the Treasurer's report. She noted the allocation of $2611.00 had been raised, and there was $65 over for G. S. A. This gift for building advance was divided between the Mindola (Northern Rhodesia) Woman's Training Centre, and the providing of scholarships. The new allocation of $3000.00 was accepted for 1960.

Reports of the different secretaries were given. There are 313 members. They gave away many parcels of new and used clothing. There are eleven affiliated Explorer groups and twenty affiliated C. G. I. T. groups. The christian citizenship report told of work done in temperance and immigration. The community friendship report told of visits made to senior citizens and welcoming of new comers. There are 111 members in the mission bands and 244 in baby bands. There was a decrease in subscriptions to "World Friends". Nearly all auxiliaries made use of the local press to tell about meetings they had held.

During the impressive In Memoriam service, Mr. G. Rogers sang "The Holy City". The communion service was conducted by Rev. J. W. Strapp assisted by four women of Grace United church.

During the dinner hour, greetings were brought from St. Paul United M. A. Presbytery by Mrs. M. Enger past president, who mentioned the coming union of two societies, and from St. Paul United Presbytery by Rev. J. W. Strapp.

"Mission to the Utmost" was the theme of a talk by Mrs. N. McLean, Lloydminster, as she shared with Mrs. A. Goheen in giving the afternoon worship service. The African melodies played on the organ by Mrs. J. W. Strapp were much enjoyed by everyone present.

Miss Ruth Ebern, Wainwright, who serves an evangelical mission in Southern Rhodesia, was guest speaker and gave an account of her work in that land where there is no rain from February to November.

The Presbyterial decided that their fall rally should be held in Cold Lake, and their 1961 annual meeting in Vegreville.

Election of officers took place and the following slate of officers were installed by Rev. J. W. Strapp. Past president, Mrs. W. F. Nicholson, Vegreville. President Mrs. A Knapp, Cold Lake. Vice presidents, Mrs. L. Mitchell, Wainwright, Mrs. W. Morgan, Ashmont; Mrs. J. L. Hay, Ryley. Mrs. Wm. Roebuck, Vermilion. Corresponding Secretary, Miss Edna Meader, Cold Lake; Recording secretary, Mrs. W. F. Nicholson, Vegreville. Treasurer, Mrs. C. Alderson, Wainwright. Secretaries of Christian Stewardship, Mrs. A. Varney, Grand Centre; Community friendship, Mrs. A. H. Sweet, Islay; Mission Circles, Mrs. L. Mitchell, Wainwright. Aff. C. G. I. T., Mrs. R. Smith, Lloydminster. Aff. Explorers, Mrs. P. Okerstrom, Lloydminster. Mission Bands, Mrs. R. Simmerman, Irma. Associate Members, Mrs. H Ziegler, Vegreville. Baby Bands, Mrs. J. A. Hamilton, Wainwright. Candidate, Mrs. J C Campbell, Vegreville. Christian Citizenship, Mrs. H. Meyers, Lloydminster. Literature Mrs. W. Morgan, Ashmont. Missionary Monthly and World Friends, Mrs. F. Jack, Irma; [illegible], Mrs. W. D. Bourne, Ashmont. Supply, Mrs. Hardie, Vermilion.

The six delegates to conference branch are Mrs. L. Mitchell, Mrs. C. Alderson, Mrs. W. Morgan, Mrs. J C Campbell, Mrs. H. Ziegler and Mrs. P Okerstrom. Alternates are Mrs. R. Simmerman, Mrs. H. Burgar and Mrs. A Varney.

All present enjoyed the bountiful dinner supplied by the jubilee group of the W. A. of Grace United church, and the coffee and lunch served by the Wainwright auxiliary of the W. M. S.

MARWAYNE NEWS

Mrs. Berry has just returned from a three weeks' trip to Regina, Calgary and Edmonton where she was visiting her sons and their families.

Congratulations to Mr. and Mrs. Darwin Franklin on the birth of a daughter in Lloydminster hospital.

Mr. Cy Blake is a patient in Lloydminster hospital after a fall on the icy road. Others in the same hospital are Mrs. V. Smith and Mrs. Pete Cunningham, while Mrs. Dick Dudlyke and Mr. Ted Kent are patients in the Islay hospital.

Mr. and Mrs. Howard Hines, Homer and Mrs. Sylvia Harvey were in Edmonton on Friday to attend the funeral of Mrs. Hines' sister-in-law Mrs. George Alcock, who passed away following a lengthy illness.

Other city visitors were Lawrence Perks, Mrs. Saltzberry and Albert George.

Sincere sympathy is extended to the Lier and Gunderson families on the sudden passing of Mr. Lier and Mr. Gunderson. Both were old timers of the North Park district and both had lived in Marwayne. Mr. Lier would have been 90 years old in April.

We welcome Mr. Stan Scherleski back to Marwayne. Stan has been transferred here from the bank in Clandonald.

Another Grandma, Mrs. Herman Wilson, is caring for the two Gudzowaty children while their mother is in University hospital in Edmonton.

Monday night in Vermilion, the Marwayne girls won their basketball game game 11-10 and the boy's team lost to Vermilion 51-21.

The Women's World Day of Prayer will be held in St. George's Anglican church on Friday, March 4th at 3 o'clock. Women of all denominations are cordially invited to attend.

The dates of the Legion card parties have been changed to the first and third Fridays of the month. Winners at the last party for cribbage were Mrs. Dorothy Romanick, high, Mrs. Florence Pinold, low; Mr. Guy Williams, high, Mr. Bob Milne, low.

Following the Hobby Fair on Thursday Feb. 25th, a concert of local talent is scheduled to be held in the school [illegible] at 8 o'clock.

Good weather favored the senior hockey tournament on Saturday and good fast games were played throughout the day.

There were six tables for cribbage and five for whist at the Home and School card party on Friday night. Crib winners were Mrs. Frances Gray, high, Mrs. Kate Boyce, low, Mr. R. Park, high, Mr. M. Klebanow ski, low. Whist winners were Mrs. Ruby Hale, high, Mrs. Betty Hale, high, Mrs. W. Harwock, high, Mr. G. Midgley, low. The next party is scheduled for Friday, Feb. 26th.

F.U.A. Locals To Discuss Future Of Local Organizations

The "Future of Local Organizations" will be discussed throughout Alberta at special meetings arranged by F.U.A. Locals and other organizations.

These meetings have been set up to take advantage of a "Press Conference" in which Ed C. Nelson, F.U.A. president, and Floyd F. Griesbach, Director Farmers' Union and Co-operative Development Association will be interviewed on the role of local organizations in the rural community.

Some thought - provoking information and questions for discussion have been prepared for study before the special meetings. The meetings will report their opinions for the guidance of next year's program of the Farmers' Union and Co-operative Development Association and its member organizations.

Allan Gibson, director, Country Information Department, Alberta Wheat Pool, has agreed to moderate the conference which will be heard over an Alberta radio network at 8.30 p.m. Monday, Feb. 22nd. 31-3

This is World Refugee Year. What a refugee wants and needs most is to cease being a refugee.

Evangelistic Crusade at Wainwright Begins March 29th - to June 12th

[illegible] Ford, [illegible] evangelist of Dr. Billy Graham, is coming to the Peace Memorial Arena, Wainwright, for an evangelistic crusade from May 29th to June 12th. This fact is becoming well known as plans are rapidly being made for the carrying out of the mission. Interest and enthusiasm has been expressed from as distant points as Edmonton and Calgary.

A meeting for the election of the necessary committee members was held recently and delegates from a wide area travelled to attend. Protestant churches across east central Alberta and part of Saskatchewan are already co-operating in the campaign and people are looking forward to the event with much anticipation.

On March 2, at 2 p.m. in the Wainwright Gospel Mission there will be a meeting of pastors and laymen of the complete area. The purpose of this meeting is to present the suggested budget for discussion and sanction. Any pastor of any church and one delegate per congregation is entitled to vote at this meeting. The general executive urges the public to promote these meetings and to pray for them.

For $180., vocational training can be given to a young refugee for a year. With three years' training he stands a better chance of getting a suitable job.

OUR LETTER FROM EDMONTON

65 M.L.A.'s Face Busy Session As 14th Legislature Opens

by KEN MASON

EDMONTON — There were no major surprises last week in the Speech from the Throne read by Lieutenant-Governor J. Percy Page at the opening of the first session of the 14th Alberta Legislature.

Most of the items in the proposed legislative program had at least been hinted at before. The speech, however, promised a fairly busy and active six weeks for the sixty-five MLAs.

Probably the most significant feature of the governor's speech was that it committed the government once and for all to introducing its revolutionary new industrial tax legislation this session.

Details of the tax plan have become pretty well common knowledge, but it still shapes up as the biggest single issue facing the lawmakers. Briefly, the plan calls for the government to take over from municipalities the taxation of some industries and to redistribute the revenue.

It is designed mainly to correct the situation which occurs when industry establishes on the fringes of towns or cities. In many cases, the industry pays its taxes to the rural municipality, but the workers live in the adjoining urban community. The workers create a demand for costly municipal services, but the community in which they live doesn't get any of the tax revenue from the industry which employs them.

Under the government's plan, an estimated 70% of revenue from industry would go to the communities where the workers live. This, of course, means the municipality where the industry is located would lose revenue.

According to figures worked out by the municipal affairs department, in nearly every case a rural municipal district or county would lose money, a town, village or city would gain.

Initially, some 70 major processing industries would be affected by the new tax. More would be added later.

Municipal Affairs Minister Alf Hooke, who has been promoting the plan, will have more to say about it later in the session. He says one of the big advantages will be uniform province - wide assessment and taxation of industry.

As had been predicted, the Cameron Commission report on education will be handed to members and a major debate on education probably will result.

The speech also promised new laws governing landholdings of Alberta's 55 Hutterite colonies, and forecast an overhaul of the Alberta Labor Act.

A committee will be formed this year to start work on a redistribution of Legislature seats, and another will be set up to review the Workmen's Compensation Act.

OTHER HIGHLIGHTS OF THE GOVERNOR'S SPEECH

Legislative approval will be sought for expenditures of up to $6,000,000 to cover relief payments to farmers whose crops were snowed under last fall.

An expansion of farm services is planned, including establishment of an economics branch to help farmers with farm-cost studies. Veterinary services will be expanded, more farm service boards will be set up, and more money will be requested under the Farm Purchase Credit Act.

There will be a program to increase development of community pastures "along newly established lines". The irrigation planning board will study questions concerning future irrigation development.

Another major highway construction program will be launched, and there will be more emphasis this year on approach roads linking towns, villages and local roads to main thoroughfares.

The School Act and the Students' Assistance Act will be amended, and increased appropriations will be sought for school grants.

A new Dental Auxiliaries Act will be introduced to permit the training of staff for mobile dental clinics which will be designed to serve rural Alberta. The Health Act will be amended, and the House will be asked for a "substantial increase" in funds for hospital insurance, air pollution studies, expansion of laboratory and X-ray school facilities.

Attention will be given to the second year of the government's "five-year development program." This year it will involve the giving away of approximately ten million dollars in street paving and recreational grants to towns, villages and hamlets.

Lending operations of the Municipal Financing Corporation will be continued, but the speech underscored the MFC's admonition to municipalities to cut back on their capital spending in the coming year. It said the government views with concern current high interest rates.

Vermilion W. I.

February meeting of Vermilion W.I. was held at the home of Mrs. H. Marfleet with thirteen members present and two visitors, Mrs. A. Cameron and Mrs. J. King.

A large quantity of used clothing was turned in for UNESCO. All members who were absent from this meeting are asked to please leave your parcel at Mrs. Marfleet's before Feb. 20. Layettes are to be ready for the April meeting.

During the month thirty sick calls were made, twelve get-well and six sympathy cards mailed. Another two pairs of crutches are to be purchased.

Mrs. Green will be the delegate at the District Conference to be held at the Corona Hotel, Edmonton, on March 9 and 10.

The study course, "Ageing is Everybody's Business" was begun.

On behalf of all members Mrs. Marfleet presented a cup and saucer to Mrs. H. Bell, Mrs. F. Rooks and Mrs. O. Clark in appreciation of the work done by them.

The Mystery Box was won by Mrs. Rossbeck.

Lunch was served by Mrs. H. Marfleet, Mrs. G. Dunsmore and Mrs. O. Clark.

Hazeldine W. I.

January meeting of Hazeldine W. I. was held at the home of Mrs. T. Farburg. Mrs. K. MacLean presided. Following the reading of minutes Mrs. R. McClenaghan read thank you notes from recipients of Christmas cheer. Some time was spent discussing the radio survey. The ladies decided to do decorative fabric painting for a hobby this winter.

* * *

February meeting of the Hazeldine W. I. was held at the home of Mrs. E. McLean. Roll call was answered with a recipe. A motion to contribute to a family who lost their home in a fire was carried. Some discussion on raising funds was held on presenting a play received from [illegible]. A delegate was chosen to attend conference in Edmonton in March.

J. Gardiner Wins Teachers' Bonspiel

Jim Gardiner of Marwayne swept his way to a decisive victory Saturday, Feb. 13th when teachers of the Vermilion school district held their annual bonspiel. Runner up was Mrs. Evans of Kitscoty while Mr. David of Vermilion captured the prize for low score.

Members on the various rinks consisted of teachers and board members and their wives, husbands or sweethearts. Curlers came from Paradise Valley, Marwayne, Dewberry, Kitscoty, Preston, Woodvale, McLaughlin, Clandonald, Louise Lake, Wildwood, Vermilion and the Scool of Agriculture.

Each team played three games. Scoring was by the point system. One point for each end scored, and four points for a game won. Mr. Gardiner and Mr. Evans tied at twenty-four and a half points. The winner was declared because of a better score for and [illegible].

A pot luck banquet was served to over one hundred people in the basement of the United Church. All curlers expressed their thanks to the Vermilion staff for this enjoyable wind up to a good day.

Personell on Mr. Gardiner's rink included Miss Machan, Miss Proudfoot and Mrs. Novak all of Vermilion. For Mr. Evans there was Mr. Blockslidge as third, Mrs. Leighton, Paradise Valley and Mrs. Mathison, Louise Lake. Mr. David was supported by Dave Laurence, Allan Anderson of Vermilion and Mr. Reghilini of Kitscoty.

Derwent U.C.W.L. Elect Officers

By Mrs. Anne Zaseluk

DERWENT - The Ukrainian Catholic Women's League held their annual meeting at the National hall recently.

Members of this league have been very active, having sponsored a number of suppers, tea, bake sales and bingos during the past year.

A new slate of officers was elected as follows: President Mrs. Katie Mudryk; Vicepresident Mrs. Anne Palinka; Secretary Mrs. Claira Yaceyko; Treasurer Oleh Zeniuk.

A successful tea was held on Saturday, Jan. 30 with a wonderful turnout.

But Do You Really UNDERSTAND the Bible?

Many people maintain that the Bible is so simple and clear that anyone can understand it.

Yet today the Christian world is divided into conflicting opinions as to what the Bible means. Sincere and equally learned Bible scholars take different meanings from the same words, and there are many Christian sects which disagree on basic Bible questions.

The average Christian who wants to understand the Bible, finds all this confusing . . . wondering which interpretation to accept, whom to believe. The result is that the Bible often gathers dust on the family bookshelf, when it should be bringing joy to the hearts of man.

Catholics, of course, join with Christians everywhere in recognizing the complete Bible as the inspired Word of God. It could not be otherwise, for it was the Catholic Church which assembled the books of the Bible nearly 1600 years ago, and which preserved its precious message on parchment for a thousand years before the invention of the printing press.

It is unfortunate, however, that some of the most devoted Bible readers do not understand it. As a matter of fact, Holy Scripture is seldom correctly understood unless we have certain preliminary knowledge concerning God's revealed truth.

In writing the New Testament, its authors took into account that a knowledge of God's revelation already prevailed. The books they wrote were intended to instruct and confirm teachings already known — not to announce something entirely unknown. When you have this preliminary knowledge, the Bible is neither contradictory nor confusing.

The books of the Bible were given by God through writers who addressed themselves to people who already possessed faith in God and to whom the divinely revealed message was, to some extent, already known. These books seek to explain and confirm this message and to induce readers to conform their lives to it. They were certainly not intended to teach all of God's revealed truth to those who were learning it for the first time.

Free

The Bible, properly understood, can exert a tremendous power for good in your personal and family life. But to understand it, you should know something about those who wrote the Bible . . . the way they thought, spoke and the characteristics of the language they used. By whom was the Bible translated . . . how can we know these translations are correct? What are the common sense rules to be followed in understanding the Bible? These and other important questions concerning the intelligent use of the Bible are answered in a pamphlet which we will send you free on request. Write TODAY for your free copy. WILDMERE NEWS

Congratulations to Mr. and Mrs. Warren Horlbut on their recent marriage. A shower was held in the Preston school for the young couple on Tuesday evening. There was a nice crowd out and they received many useful and lovely gifts.

The annual school meeting was fairly well attended. Cliff Cruthers is the new trustee for Wildmere, taking the place of Ray Osterburg, whose term had expired. Mrs. Frank Gibson was re-elected for another term as the member at large.

A speedy recovery is wished Elsie Gibson, formerly of Beaswood, who is to undergo a serious operation in an Edmonton hospital.

Roy Garnett is home for a few days from his duties with Canadian Utilities in the Virginia Hills area. He reports the Caterpillar tractors are bogging down where there is dense wood. They are clearing a right-of-way for the building of a new power line.

Mrs. Ray Osterburg, Mrs. Gilbert Harrison, Mrs. Cliff Cruthers and Mrs. Frank Gibson bought the prizes for the ladies' bonspiel which will be held on Feb. 19 and 20. They would like to thank all the business places approached for being so generous with their donations. Nothing like a friendly home town.

This district was very deeply shocked on Saturday morning when word came of the tragedy of [illegible] collision Friday afternoon involving Ian Clarke, Betty Smith and Charles Cawthorpe. Mrs. Cawthorpe is the former Grace Clark, daughter of Mr. Leeman Clark, formerly of Thorncliffe. Betty Smith was born, raised and grew to womanhood in our district. She attended school at Brockville, Pass wood, and Preston Central, and then high school in Vermilion. She later took a position in the telephone office at Vermilion. Betty was well liked by all, old and young alike. Ian, her fiance was equally well liked and respected. He grew up and attended school in the Triangle district. No words can express our sympathy to the bereaved families. "There were never friends more true or kind, what a wonderful memory to leave behind."

Lieut. Moore Speaks To Home League

The first meeting of the year in the Home League was held on Jan. 6. Mrs. Dow gave the treasurer's report which showed a nice income for the year and much work accomplished.

Lieut. D. Moore spoke about the training college in Toronto being enlarged, the training course to be two years instead of one year as now. The Vermilion Branch of the Home League is going to send $20 for this project.

There will be a missionary project — save all your stamps for the Red Cross. Bandages were made and sent to Major and Mrs. Chas. Stewart.

The devotional periods have been very educational as well as spiritually inspirational.

Meetings are held every Wednesday evening and everyone is welcome.

Not only was this a drop of [illegible] but the number included only two youngsters, compared with a record crop of nine fledglings a year ago. On the fledgling crop, the ultimate fate of the species depends.

In the 70-square-mile Aransas preserve, the birds are finding things different. Last year, for the first time, motor boats disturbed them so much that they gave up their age-old habit of staking out family territories and defending them against all comers. Instead, they banded in flocks.

Whether this change in habit will affect their courtship and survival pattern is something worrying the experts.

Even cars can be hazards. A low flying whooper was killed last fall in Oklahoma by a car coming over a rise in the road. Moreover, two of the four fledglings reported seen in Canada last summer apparently have been killed.

There are five captive birds in New Orleans and one at San Antonio, but they no longer seem to be reproducing.

"The survival of the cranes is still very much a touch-and-go affair," says an Audubon Society spokesman.

Riverton District News

— By W. G. Hyatt

The weather forecast for this district said, "Milder with snow in the northern regions," and how right they were. It would almost seem someone tripped over the rain level and fell with a thump on the lever marked "snow" and dumped all they had at once.

There is nothing to complain of as far as the winter goes, one doesn't mind prancing forth during the nocturnal hours with the air as balmy as it is. It is quite possible that the mild weather was the governing factor of so many turning out for the local FUA meeting. Councillors Anderson and Wheat were both present and gave forth with some very interesting information with respect to municipal government. Road construction, of course, reared its ugly head but information that was not known prior to the meeting was given which appeared to enlighten most of the attendance. Thanks to our councillors we now know what to expect for the next year or so.

Johnny Anderson touched on a number of interesting topics which assisted in completing a very informative session. It would be very gratifying if as many people attended the next meeting which will be held on the first Tuesday of March.

The ladies' club met at the home of Mrs. N. Mathison recently with a very good attendance. It was decided to continue the practice of visiting the aged and shut-ins, a very welcome gesture on the part of the club.

As usual the ladies came through for refreshments and without [illegible] thought of the famished husbands who were waiting for their dinner . . . (Editor's Note— What's the matter [illegible]? Isn't there always bacon and eggs?)

A son was born to Mr. and Mrs. Allan Hyatt recently. Both mother (and father) and baby are progressing nicely.

Mrs. Rob Hyatt recently returned home following a lengthy illness in Islay hospital. It is the sincere wish of the community that Mrs. Hyatt has no repetition of her illness.

Betty Mathison was admitted to the Islay hospital recently while Linda Hyatt was admitted to Lloydminster hospital. The community wishes both girls a very speedy recovery.

Mr. and Mrs. H. Rennals of Lashburn were recent visitors at the home of Mrs. P. Hansen.

Marjorie Mathison is sporting a [illegible] on the third finger of her left hand. The lucky fellow is Bruce Wilcox.

My arm is aching, this writing in the daytime is a struggle after attending night school; someone is yelling in my ear, "are you coming for supper?", wood needs chopping, cows need milking, oh, my aching back. Good luck and good health to all. See you in the comics.

Matrimony should never be entered into without a full recognition of its enduring obligations on both sides.

WORLD REFUGEE YEAR

"When the history of our age is written, this will not be called the Century of the Common Man, as originally christened, but will surely be remembered as the Century of the Homeless Man. That's why we have World Refugee Year." — Dr. Elfan Rees, chairman, International Committee for World Refugee Year.

During the first six months of 1959 the number of refugees fleeing from Eastern Germany to the Free West worked out at an average of 749 every night.

FARM VARIETY PLOT

This year a further distribution of seed will be made to farmers who are prepared to plant and care for a small variety plot. Such a plot is of interest not only to the individual operator but to the district as a whole. In addition to the standard varieties of wheat, oats, barley and flax, the plot material this year will include several [illegible].

Vermilion Men's 'Spiel Begins with 54 entries

Vermilion provides 24 rinks District provides 30

Fifty-five rinks of "Broom Brigadiers", sweeping and weeping, began their bid for the silverware as the opening gun heralded the fact that Vermilion's 1960 Men's Open Bonspiel was in session Monday morning.

Offices and telephones were left unattended, business was forgotten, lunches were tossed to the cat and family routine was disrupted as spectators crowded the rink to watch broom wielders try and direct their rocks to the centre of a horizontal dartboard.

A report direct from the curling rink stated that all draws were being lead on time and an orderly pattern was being maintained.

FOURS REACHED

At time of writing the semi-finals had been reached in both the Grand Challenge and in the No. 2 event. Steve Zazulak, F. Squires, W. Johnson and B. Veitch are in the fours of the Challenge having had no losses to date while in the No. 2 event Laird meets Heckbert and Munz will play Casey. These games are scheduled for 2:00 o'clock Thursday afternoon, with the finals taking place Thursday evening.

One of the highlights of this year's 'spiel to date is the 7-ender chalked up by Neil Jones against the Glen Gibbons quartet. This game was running extremely close with Gibbons one down on the way home; then came the big score.

Mr. Jones of Dewberry, who is 82 years old, took a back seat to no one and curled remarkably well on the rink skipped by his son. His game was good enough to challenge anyone junior to himself.

The STANDARD will carry the final results of the bonspiel in next week's publication.

Canvass indicates 985 cows for A.I.

The board of directors of the North Eastern A.I. Association met in the District Agriculturist's office Monday to tabulate the progress of a 10-day membership canvass. The meeting was presented with 132 paid-up memberships indicating a desire to breed 985 cows. A surprising result of the desired service is 627 requests for dairy breeding. Following a discussion of the areas canvassed to date it was decided that the area lying north of Vermilion and Mannville should be covered more thoroughly.

The board members have as yet been unable to contact everyone because of the tremendous distances and the limited time. Anyone interested in artificial cattle breeding is strongly urged to contact the District Agriculturist's office or a member of the board. As soon as 1500 cows are signed up steps will be taken to commence operations.

The next meeting of the board will be Tuesday, March 1 at 2 p.m. in the D.A.'s office.

Chicken house razed by fire

A fire which destroyed a chicken house on the farm of Mr. Bebuk, 6½ miles northeast of town, was quickly brought under control to prevent it from spreading to adjacent buildings by the Vermilion Fire Department.

The fire was caused by wood burning in a tin stove which became overheated.

If the fire had been given a few minutes more, a brooder which was four feet away, a lumber pile directly in the path of the breeze, and other buildings would have soon caught fire and been destroyed.

Friends and neighbors assisted the Vermilion fire boys in quelling the blaze.

HAPPENINGS IN THE HOUSE

MONDAY

Premier Manning gave a 90 minute speech outlining government oil and natural gas policies.

The House extended congratulations to the Stettler High School curlers who won the Canadian championship last week at Noranda, Que.

Alex W. Gordey (SC-Vegreville) stressed the necessity to give purpose and incentive to school students.

Antonio Aloisio (SC-Athabasca) called for more assistance to farmers.

TUESDAY

Rev. E. G. Hansell (SC—Okotoks-High River) called on the federal government to correct faults in the present monetary system.

The House passed a motion requesting more loans for the extension of telephone service in rural areas.

Hon. E. W. Hinman, provincial treasurer, reported the amount Alberta has received in 1959 under its tax rental plan with the federal government.

Hon. L. C. Halmrast, minister of agriculture, said the federal government has refused to take any action to increase prices to egg producers.

Joseph M. Scruggs (SC—Dunvegan) introduced a motion asking the government to re-open Fairview School of Agriculture.

Three government bills and eight petitions for private bills were given first reading.

Large Crowd Enjoys Mystery Play

The players of St. Saviour's Dramatic Club gained an enthusiastic reception from an audience large enough almost to fill the high school auditorium on Saturday evening, February 20th.

The three-act mystery held the interest throughout, and when the last act was climaxed by the murderer brandishing a gun, the children in the front row were not the only members of the audience who gasped. Jack Kneale, director of the production and his excellent cast, with the able stage crew, deserve credit for providing an evening of good entertainment.

In spite of near-blizzard weather conditions a record number turned out to see the play and it is hoped that such support will encourage St. Saviour's drama club to stage another production next year.

Peg. Callaghan named Queen of High school

Pretty Peggy Callaghan made her debut into royalty last Friday evening when she was chosen and crowned Queen of the annual parent-student Ball at Vermilion High School.

Peggy was presented with a corsage fitting for the occasion while her attendants, Bonnie Lovell, Joyce McCrae and Pauline Jacula were each presented with a box of candy.

Following the coronation ceremony, Peggy and Mr. Callaghan led the Grand March. The door prize was won by Harry Jacula.

Day of Prayer At Alliance Chapel Friday, March 4

The Women's Inter - Church Council of Canada promote and prepare the program for the Women's World Day of Prayer which will be held in the Alliance Chapel, Friday, March 4 at 2:30 p.m. The local meeting is a co-operative effort of the churches and all women are cordially invited to attend.

The guest speaker will be Mrs. Frank Chapman (nee Winnie Wilson) who is a missionary home on furlough with her family, from Spanish Guinea, West Africa.

Offerings received at these meetings go entirely towards Missionary literature efforts throughout the world. Last year $42,600 was realized in Canada for these purposes.

Canvas by M. Long is feature of exhibition

An exhibition of paintings by art students of The Banff School of Fine Arts attracted an interested crowd during a three-day showing held in the Masonic hall in Vermilion. An outstanding canvas entitled "The Fisherman" painted by a local artist, Muriel Long, caused much favorable comment amongst the spectators. The showing was sponored by the local Rotary Club.

On Friday, the opening day, His Worship Mayor Melvin Hill addressed the members of the Vermilion Community Art Club, touching briefly on the origination of art and what it has meant through the years. "The present day trend of art," he said, "is to inject thought and feeling into a painting and not just paint a pretty scene." The mayor in his address commended all the members very highly for the contribution they had made towards the progress of culture. He concluded his address by saying that the town council or himself would be pleased to assist this movement in any way they could.

Mrs. Long, president of the organization thanked the mayor for his interest and announced that the Vermilion club would be having an art exhibit of paintings solely from its own members later during the spring.

Canvases submitted for this exhibition were from Toronto, Winnipeg, Brandon, Lacombe, Wetaskiwin, Red Deer, Edmonton, Athabasca and many other towns and cities.

The Vermilion Community Art Club was organized two years ago under the Extension Department, University of Alberta with Professor Wolfarth as instructor. Professor Wolfarth is Assistant Professor in Art at the University of Alberta and is also one of the instructors at the Banff School of Fine Arts. Through his efforts Alberta is unique as being the only place on the North American continent to have community art centres in conjunction with the University, and at present time there are 28 of them in the province.

The 44 paintings shown, including ten from the children's classes, were chosen as the best works of the students who attended these sessions from all over Canada. While many of these paintings are from senior students who have attended Banff school for three or more years, Mrs. Muriel Long, a member of the local club had one of her paintings exhibited, after attending only one session.

Agricultural Short Course Begins Feb. 29th

An agricultural short course and seed grain show will commence at the Legion Memorial hall at Lloydminster on Feb. 29 and continue until March 2. The lectures will be about subjects that are of immediate interest to both ladies and men of the district. Lectures will commence at 10:30 a.m. Full details are included in the advertisement on page 4, section 1.

FORESTERS VS. KNIGHTS OF COLUMBUS

Sharpen sticks and skates for classic of the century

Preparations are almost complete in both camps for the unparalleled conflict of the century, scheduled for March 2nd at the Vermilion arena. This is the night when the local Knights of Columbus and the Foresters face each other at centre ice and begin the battle that will decide which team shall be classed as paramount in the annals of ice hockey. (The Standard will carry a complete—more or less—list of obituary notices in the next edition.)

The purpose of this worthy effort on the part of both teams is to raise funds for the proposed new civic recreation center. According to a long range weather forecast the conditions promise to be very favorable and an excellent attendance is expected.

While taking a pre-game look at the Foresters during practice recently it was evident that liniment and splints would play an important part in the rehabilitation of the team.

This reporter has been given to understand that both teams are experiencing difficulty with players holding out for concessions. In the camp of the Foresters, "Overshot" Underdown is having trouble with his leg (he has two though). It appears that his wallet is too fat, causing too much weight on one side thus throwing him off balance. A request for a bonded citizen has been made to hold the tooth box while he is playing.

In the other camp, the Knights of Columbus, Jake "Shorty" Barber has lost (hidden?) his skates. Anyone wishing to donate another pair is asked to contact Jake personally. The size? Anywhere between 18 and 23.

Line up for the Knights: Paul "Bunion" Fagan, Ed. Crush, [illegible] McLaughlin, Peter "Pork" [illegible], John [illegible] Legs [illegible] Angus, Frank MacMillan, [illegible] "Speed" MacMillan, [illegible] Gasse, [illegible] Gordon "Steamboat" [illegible], "Gee Whiz" Lamoureux, H. "Spider" Olchowy, Joe "Cart Out" Bardol, Bert "Swifty" Edwards, Paul Misik, "Misty" [illegible] "Cheesy" Herzog, Ed "Tubby" Herzog, [illegible] "Cager" Specht and last but not least John "Bobbin" Rober.

Teams are asked to supply as much of their own armor as possible and attend practice session at 6:30 sharp on Monday, Feb. 29 at the Vermilion arena.

AT HOME

Mr. and Mrs. Ivan Smith of Mannville will be at home to their neighbors and friends during the afternoon and evening of March 1, when they will celebrate their Golden Wedding Anniversary. 33

Mannville family lose home in fire

The farm home of Mr. and Mrs. Henry Flemke of Mannville was completely destroyed by fire on Saturday afternoon. No injuries were reported.

Shortly after 3 p.m. a neighbor called the fire department but before firemen could arrive at the scene the house and contents had been ravaged by the fire. About an hour later a second call was placed; the fire which had been fanned by a change of wind was now burning again and threatening the barn and straw stack.

Mr. and Mrs. Flemke and family were just returning from Vermilion when the fire broke out but were unable to save any thing.

A miscellaneous shower will be held on Saturday, Feb. 27th at the Legion hall in Mannville in aid of the Flemke family. Tea will be served and a silver collection taken.

V.S.A. will present plays and minstrel show Sat.

The Students' Union of the Vermilion School of Agriculture will present two one-act plays and a minstrel show to the public on Saturday evening, Feb. 27. Curtain time is 8:15 p.m.

A comedy to put the audience in a laughing frame of mind, is the lead off play, "Polishing Henry." This farce, co-directed by M. Gratz and Miss H. Rosson, staff members of the college, is guaranteed to tickle the fancy and enjoin a light-hearted mood of enjoyment. The husband in this production tries to prove to his wife that others have worse manners than he. Take a look and see how it's done!

Of a more dramatic nature is the second one-act play, "Distant Drums." Directed by J. A. R. Palin, the leading actress portrays a scheming adventuress who makes a fatal mistake. In this gripping presentation which will hold interest throughout.

In a lighter vein the Minstrel Show under the direction of D. C. Falk will entertain with group and solo singing, dance routines and interlocutor wisecracks, performed by the black-face cast.

Give yourself a treat by attending the stage entertainment at the V.S.A. this coming Saturday —two one-act plays and a minstrel show all for the price of one giving a variety of pleasure in one evening's production. Admission is 50c.

'Progress with Freedom' theme of Chamber Conference

By Standard Staff Writer.

"Progress with Freedom" was the theme of a National Chamber of Commerce conference held at the Macdonald Hotel in Edmonton on Monday, Feb. 22nd at which this Vermilion reporter represented the Vermilion Board of Trade.

Keeping Canada Strong, Productive and Free were the main topics of speech directed at a hundred audience by such great orators as Capt. J. J. Jeffrey of Toronto; W. E. Williams, president of Procter and Gamble; J. C. Cross of Montreal; Dr. J. R. Petrie of New Brunswick, and Ralph Pybus, past president of the Canadian Chamber of Commerce.

In the words of one speaker who said, while the policy of the Canadian Chamber of Commerce as expressed in its book of Policy Declarations does not deal directly with Welfare State, it does hit very close to the target with some of the statements it contains. For example it says, "Once business or the people in general, believe that they can turn to the government in every difficulty, the springs of initiative and self-reliance will run dry. The Chamber put its faith in the resourcefulness of the individual freedom and individual enterprise. It believes that the resourcefulness of individual freedom and individual enterprise are the true way of ensuring the highest possible standard of living for the whole Canadian people.

Some supporters of the concept of the Welfare State may feel that such a treatment lacks an appreciation of some of the basic problems and to assure them, I would further quote from the Chamber's Policy Declaration to indicate that the Chamber is well aware of many of the problems and is actively trying to do something about them. An example is: The Chamber urges that Canadian employers recognize the skill and experience of older workers and give consideration to suitable employment of this group to the fullest extent possible.

The Chamber believes that government should not involve or deter participation in the development of private business or competition by State Agencies with private enterprise. It is opposed to all State interventions and controls beyond those clearly necessary to protect some accurately defined public interest.

The above are a few excerpts from speakers at the conference. Entire speeches may be obtained at the Vermilion Board of Trade where a limited number of copies are available.

Mrs. Winnifred Stewart addresses Rotary Club

Mrs. Winnifred Stewart of Edmonton, founder of The Society for Retarded Children, addressed a meeting of approximately 50 people here Thursday evening, and on Friday afternoon she was guest speaker at the weekly gathering of Rotarians. Her subject: what the Society is doing for the mentally retarded child.

To begin her address, Mrs. Stewart remarked that she first became interested in this type of work because of her own child. "Through my own son's predicament I became interested in and was able to establish a school where mentally retarded children could receive training that would enable them to become part of our society. With the progress that was made with my own boy I was sure that each child afflicted so could benefit by such training."

The main object of the program, she said, was to fit the child into the environment which he would have to live. She went on to say that one cannot judge how much a child is retarded by the assessment given by some doctors when they first enter the school; no test is adequate to give a true reading of their mental level. In all fairness, every child is given an opportunity and in many cases the so-called hopeless class have rapidly progressed into the opportunity class.

The teaching methods are built on the obvious, not the abstract. The 4th R has been inserted into their existence. They are taught Reading, 'Riting and 'Rithmetic plus Responsibility.

They learn to cook, sew, do general household chores, how to valuate what must be done, make change, make purchases, travel [illegible] from their learning are facts about animals, where milk and meat come from, etc.

Mrs. Stewart concluded her address by saying that each mentally retarded child needs love and affection as much as a normal person and if they obtained such treatment their recovery from their affliction would be accelerated.

Ross Beale, president of the Rotary Club, thanked Mrs. Stewart for her very enlightening and informative address.

Mrs. Winnifred Stewart, friend of the retarded child, is shown above as she addresses the local Rotary Club at their weekly meeting. It is through the dynamic efforts of this dedicated woman that so many retarded children are today gaining a place in society. —Standard Staff Photographer

WINTER . . . WHO NEEDS IT?

Were I not cold how should I come to know
One pencil picture of the sun's sweet rays?
Or did I never brave the drifting snow
What bliss were sweetest [illegible] of June days?

And so it goes. From what we hear few Canadians find it easy to be as philosophical about winter as was the above poet when he penned these lines. Perhaps he never had to thaw a fountain pen out before he scribed such verse. To a lot of us the fourth season is something to be endured rather than enjoyed . . . something we must all go through with a minimum of comfort and a lot of inconvenience. Like the other day I was remarking to a friend of [illegible] (perhaps boasting a little) that I haven't had a cold for 15 years. A few days later the sun comes out and warms the atmosphere to a point where I figure I can prance around town without a topcoat. How mistaken could I be! My boast has been retracted, I have a cold and the weather has turned nasty again. There is one comforting thought about having a cold: I have to keep running to the coffee shop every half-hour so I can get enough paper napkins to blow my nose!

But there are Canadians, native and the new variety, who actually like winter. Their nostrils quiver with delicious anticipation at the first hint of it, while I quiver too, but not with anticipation. Impatiently they await its arrival while I wait for its removal. When it comes they greet it with all the ecstatic abandon of an Italian opera [illegible] hearing his first Puccini aria in five years. When the cold winds herald the approach of winter it takes [illegible] than Puccini to stir my ecstatic abandon.

Invariably this happy, hardy, ageless (oh, they are ageless alright) breed looks with cold (naturally) disdain upon those sun worshippers and warmth seekers who annually flee—or wish they could—from "barren winter, with his wrathful, nipping cold." Such base ingratitude in face of nature's bounty leaves them incredulous.

Then they rally. Well, what can you expect, they say, when we have so [illegible] taken such small advantage of our unrivalled (that's what they think!) opportunity to become the Switzerland of North America.

So with the words of the poet Wilson MacDonald still ringing in our ears we take leave of our senses and stay another winter. I wonder if MacDonald ever had to use colored anti-freeze in his fountain pen before he could embark on another winter gambol?

District Agriculturist, and
EDWARD DOBKO, Assistant D.A.

A.I.

On Feb. 13, 1960 the North Eastern Artificial [illegible] Breeding Association was formed at Vermilion. The organization of this co-operative offering artificial insemination to the Vermilion area was prompted by the findings of an investigational committee which reported 371 farmers willing to use artificial breeding on over 1200 cows if and when available. Artificial insemination is a useful method of breeding for farmers who have small herds of beef cattle pasturing near the buildings all summer or have a dairy herd. For the small breeder it provides outstanding breeding at a reasonable cost. It is doubtful if artificial insemination can compete for convenience in range cattle enterprise. The North Eastern Artificial Insemination Association to be a success must have a sign up of at least 2000 cows. This is an ambitious scheme but can be put over if everyone that can use it takes out a membership and breeds cows with it this year. Memberships can be obtained from members of the board or their assistants, Chester Gamble at Mannville or the D.A. office in Vermilion.

Agriculture. The Plant Products Division, Canada Department of Agriculture, has imposed a maximum limit of 16.5% moisture for wheat, oats, barley or rye and 12.5% for flax. Any seed containing moisture in excess of these limits will not be sealed by the Seed Inspection Branch. They point out that seed with a high moisture content will usually give poor germination results because of a dormancy factor. Under field conditions such seed may tend to rot in the ground rather than germinate and if the spring should be cold and damp the situation would be considerably worse.

CARPENTRY SCHOOL

A building clinic or carpentry school is to be held in Dewberry March 15 and 16 sponsored by the Alberta Department of Agriculture and the Vermilion Agricultural Society and the local Farmers' Unions. For those people who are planning to build or are building farm buildings, this is a must. There will be a skilled instructor in attendance who may be able to help you solve a lot of your building problems.

SPRING & SUMMER FABRICS

Now that the catalogues are out, likely many of you have been checking the fabric section to see what summer 1960 promises in the fabric field.

GENERAL TRENDS

Colors are quiet — [illegible] or grayed in many cases, [illegible] a sharp contrast to the [illegible] garish colors of the past few seasons. Checks and prints are smaller this year.

ACTUAL COLORS

White and the variations of off-white, beige [illegible] — white will be popular. Greige is a recent addition to the fabric color chart. It includes muted grayed green combinations. Yellow golds as well as apricot and peach shades will appear often, as will the yellow green family. An apple green color will be seen often this summer.

COTTON PRINTS

Always a favorite with all ages, the cotton prints have this year taken on a new look in florals. They will be designed in neat field flower clusters rather than all-over florals. New florals will include paisleys, stripes and many types of geometrics.

This season the numerous additions of narrower stripes are set in a series of 3 or 4 together, broken by a larger area of white, give a man's shirting look.

SPORTSWEAR

Heavier cottons are the key fabrics. Look for lots of denim, bedford cord, twill, pique and sailcloth. There is a trend to the homemade basket weave look.

SYNTHETICS

There will be a large variety of synthetics. The Arnel-cotton blends will appear in a variety of textures and patterns. Dacron and cotton blends will be seen in poplins and broadcloths. They will be brightened by novelty plaids and checks.

Junior H. S. Party Well Attended

MANNVILLE — An exceptionally good turnout of both students and parents at the Junior High school party on Friday made the party a success both financially and socially. Mr Ken Johnson was Master of Ceremonies and very ably fulfilled [illegible] job. Parents who assisted [illegible] students for this party were Mr Lister Emmett who assisted as M.C., Mrs. Fred Proudfoot, for games and Mrs. George Young for lunch. This is the second party at which parents are asked to assist the students and this plan seems to be working very successfully. The parents are quite willing to help and enjoy working with the young people. In fact the parents seem to enjoy these parties just as much as the students.

Mr. and Mrs. C. E. Daugs and two children left this week en route to their new home near Red Deer.

The funeral of the late Alfred Lionel Morris, popularly known as the "Colonel" was held Feb. 17th. Interment took place in the soldiers' plot of the Vermilion cemetery.

Taxes for the town of Vermilion for 1928 will be levied at the following rates: municipal rate 9 mills, debenture redemption 11 mills, school rate 24 mills, making a total of 29 mills as against 45 mills in 1927.

Messrs. S. E. Purser, A. G. Green and Chas. Friedland were returned to the council of the M.D. of Grizzly Bear by acclamation.

48 YEARS AGO

Feb. 29, 1912

A new firm of general merchants, Chmelnitsky and Cheslovsky have commenced business in Vermilion.

Four rinks of Vermilion curlers went to Vegreville and brought home the famous White cup. The local skips were Dr Ryan, Charlie Pilkie, A. J. Dimmel and S. R. P. Cooper.

A team of Mannville puck chasers consisting of Barnes, Williams, Letson, Diamond, Banford, Williams and Charlton, defeated a Vermilion seven of Curley James, Dwyer, McCafferty, Doyle, Pilkie, Ferguson and Sherman.

How about that [illegible] date?

Former Mannville Resident Passes

MANNVILLE — Word was received by Mr James McCauley on Monday of the death of a former Mannville resident, Mr. Dave Rambeau. Mr. Rambeau passed away in an Edmonton hospital at the age of 82 years. He had been in the C.N.I.B. in Calgary and Edmonton for the past number of years.

Mr. Rambeau farmed in the Chailey district north of town, and in Saltoux, south of Mannville before retiring to town where he lived until moving to Edmonton about seven years ago.

JUNIOR HIGH REPORTING

Curling and intramural basketball are the main extra curricular activities around V.J.H.S. at present. The skips for the eight intermediate curling rinks are Doug Wilson, Joe Beattie, Allan Hathaway, Colin Eddy, Bob [illegible], Patricia Stewart, Dwight French and Barbara Taylor.

In intramural basketball, house leaders have been chosen for each house. These leaders in Junior and Intermediate groups are as follows:

[illegible] — Rosemary Tillett, Gary Young, Peggy Loveredge and Tom Payne.

Service — Betty Jones, Jackie Kuhn, Louise [illegible], Bob Ford.

Carman — Doreen Beattie, Richard Brennan, Carol Armstrong, Doug Wilson.

These people are [illegible] for looking after all [illegible] of their team and recording the points made by each individual member of their team for the [illegible] point system.

The intramural basketball games are underway now with the House of Laurier in the lead.

[illegible] High students wrote short exams before the holidays. However, longer exams were written last week and the week before. Report cards were issued last Monday.

Individual class parties were held the last afternoon of school before Christmas.

Drama, under the direction of Miss M. Watt, has begun and three plays "Sunday Costs Five Pesos", "The Little Red Schoolhouse" and "Neglected Husbands' Sewing Club" are being practised. It is hoped to put these plays on in the spring.

Mannville Home & School Assoc. Hear Address from Mr. Wiltshire

Mr. Wiltshire, Co-ordinator of Regional Libraries for Alberta was guest speaker at the regular [illegible] meeting of the [illegible] Home and School [illegible]. He spoke of the proposed regional library areas that will be supported by the government and which will take library services to the rural areas.

Practically the whole of England is serviced by public libraries and the States are now recognizing the value of rural libraries. In Canada, Ontario, British Columbia and Prince Edward [illegible] have made the greatest strides in this direction. In Alberta, the survey showed [illegible] or no library facilities in [illegible] areas. However, the 1956 library act in favor of public libraries has made a start and the Lacombe area regional library has proven successful. A large area is necessary because of the sparse population — small municipalities are unable to give adequate service due to financial resources. Mr. Wiltshire commended the local library boards, especially mentioning the local Mannville district library which he had visited in the afternoon, but stated that they need help. Some are doing very well, others not so well as volunteer help dries up in time.

In the regional library area, all municipalities should be represented, a board of management would have right of say in policy making and financial management. The first necessity would be a trained librarian who would be located in a centralized point. Here would be the headquarters for the regional library — for book selection, binding and mending of books. Small units will have a large and varied pool of books from which to draw. There is a standard method of arranging and with the help of the trained librarian this would be done gradually in the small libraries.

There is a place for schools in this system — [illegible] should be supplied and high school students should know how to use a library. Working tools would have to come from elsewhere but the librarian could help the Principal and staff in setting up a school library.

The cost of a regional library would be approximately [illegible] per man, woman and child as a minimum. This isn't too much when one realizes that the average book to buy costs [illegible] $2.50 up. The central headquarters would be provided by the Government as [illegible] an establishment grant [illegible] an annual grant. Mr. Wiltshire asked those present to discuss the matter of a regional library at the various clubs and organizations they belonged to. This is something that is not here today and gone tomorrow. He knew there would be no regrets once one was established in this area.

In the business part of the meeting, Mr. Alex Henderson agreed to represent the Home and School Association at a Blood Donor clinic to be held later in the year. Mrs. Margaret McLaughlin reported on the committee which was formed as a result of the panel at the last meeting. It was felt there was a need for a community effort in co-ordinating adult interest in our young people, that all clubs and churches should be contacted and a non-denominational group start on a small scale and work something out. There would be official chaperones at school functions — teachers should not be wholly responsible. Asking for government help in leader training was also mentioned.

Trustees of this district, Mr Joe Kufeldt and Mr O. Bauer gave a breakdown on the revenue and expenditures of the Vegreville School Division. This part of the program was chaired by Mr. R. Whitson. It was too bad there were not more ratepayers present, but as Mr. Whitson pointed out, they must be satisfied or they would have been present to complain. Papers were handed out with drawings showing where the money is received from and in the second case — how the money is spent.

Entertainment for the evening was the singing of two numbers by Rev. Andrews, accompanied by Mrs. Andrews, "Glorious Devon", and "Let's Sing, Let's Play, Let's Work Together", the latter song composed for Home and School.

Mrs. Young expressed the thanks of the Home and School Association to all who contributed to a most interesting evening.

Lunch was served by the Stellaville-Creighton bus route.

Sun Life Sets New Record for Life Insurance Sold

Sun Life Assurance Company of Canada sold more than one billion dollars of new life insurance last year, a record for a Canadian company, Mr. Coulthard, manager of the Sun Life branch in Edmonton Crossroads announced on Feb. 9, following the company's 89th annual meeting in Montreal.

Mr Coulthard said the record year and increased earnings will result this spring in adoption of increased dividends to the holders of most classes of participating policies. About $38,700,000 will be paid in policy dividends in 1960.

The Sun Life sold $1,041 million of life insurance in 1959, 5.2% more than in 1958, bringing total insurance in force with the company to $9,939 million. Group life insurance accounts for $3,319 million of the total, and new group life insurance sold in 1959 was $312 million.

Payments to Sun Life policy holders and beneficiaries totalled $179 million in 1959 — $705,000 for each working day — an increase of $20 million over 1958 payments.

Income from all sources was $372 million.

Mr Coulthard said the Sun Life continued its policy during the year of investing funds in community projects, such as housing developments, shopping public works. Residential mortgages comprised an important part of new investments by Sun Life in 1959. Assets at year end amounted to $2,307 million — $92 million more than a year ago — of which $551 million was in mortgages.

He said rising [illegible] rates through 1959 made [illegible] for Sun Life to earn 4.80% net on its assets during the year as against 4.78% net in 1958.

At the company's annual meeting in Montreal President Geo. W. Bourke spoke about the "double duty" dollars of life insurance.

The phrase, he said, draws attention to the fact that policyholders' dollars, "besides providing protection for families and savings for old age, aid the economy when invested by the company in thousands of community projects. These dollars earn interest which is paid to policyholders in dividends and to both policyholders and beneficiaries in policy benefits.

"The individual life insurance policy has for many years been one of the main avenues for the savings of our people and an important part of our national savings."

Mr. Bourke said [illegible] in productive facilities, services and consumption has been going on in Canada at a faster pace than the country's financial capacities permit.

"In keeping with the common pattern for rapidly developing countries which are rich in natural resources Canada has been devoting a relatively large percentage of her total income to expanding facilities and has been drawing on the savings of other countries to assist in this regard.

"The implications of further [illegible] of such large external [illegible] in the short term and also the long term interests of our country.

"A country's rate of growth, he added, must be determined by the ability and the willingness of its people to save. Savings moreover benefit both the saver and the economy as a whole — the twin goals of life insurance itself.

Farm Groups Gather To Listen To Broadcast

Several groups of interested farm people from Chatsworth district gathered at the homes of F. Wilson, A. Tovell, L. Klashinsky, H. Henningsen and K. McCrae for the purpose of listening to the joint F.U.A. and Co-operative Development broadcast. A discussion period was held following this broadcast.

The February meeting of the Chatsworth local of the F.U.A. was held at the home of president Frank Wilson. Seventeen members attended and provided subjects for a lively discussion. At the close of the evening's session, lunch was served by Mrs Wilson and the ladies present.

Mr. and Mrs. Ray Hutchinson and family were visitors to the Randolph Hutchinson home last week.

Visiting at the Henningsens from Monday [illegible] were Jack Thompson, of Drayton Valley, and June Honey and children of Edmonton.

The next whist party at the school is to be held on Friday March 4th, and everybody is welcome.

Roads are open for travel, although some slight drifting occurred last week, however the snowplow has made the roads [illegible].

On Saturday Feb. 6th, Mrs Alice Davis left via C.N.R. for Vancouver where she expects to visit for a month. She was accompanied by Mrs. McGaughey Sr.

A whist party held at the school on Feb. 5th was well attended, seven tables being played. The winners were: Ladies, 1st, Mrs. Jim Thompson 2nd, Mrs. Erich Ludwig, consolation Mrs. John Haserluk. The men's prizes were won by Don [illegible] Good 1st, Erich Ludwig 2nd, and Lyle Farkash, consolation. Lunch was served by the committee in charge and an enjoyable visit ensued over the coffee cups.

Mrs. Julia Farkas left on Feb. 13th to visit friends in Saskatoon.

A number of people from this community attended the John Deere show in Vermilion on Feb. 12th. It is becoming as much a looked for event as our annual Christmas concert.

On February 19th a whist party was held at the Centre, there being nine tables played. Ladies 1st was taken by Mrs Art [illegible], 2nd Mrs. Harry Good, consolation Susan Good. Men's prizes went to Harry Good 1st, Jim Krentz and Dean [illegible] tied for second. Dean won on the cut. Orest Mudry consolation. A tasty lunch was served and a sociable time spent in visiting.

The Community Club has purchased new coffee mugs, several new tables have been made by Jim Thompson and it is planned to have some cupboard arranged. The thanks of the club are being extended to Mr. Morley Tovell, who donated a lighting plant. The school has now been wired for lights and they were much enjoyed at the last whist party.

[illegible] a three point program of Education, Treatment and Research the Alcoholism Foundation of Alberta is working toward the prevention of alcoholism. The address is 9910-103 Street, Edmonton.

Scout District Council Formed Here

With Don Kern as president and Mrs. Ruth Walsh as secretary - treasurer the Vermilion District Council for Scouts, Cubs, Guides and Brownies, was successfully formed on Feb. 8th. Albert Sherwther reported to the Scout and Cub Association meeting. A grant of $50 was approved for assistance in the work of the Council by the Association meeting on Monday, Feb. 15.

The Scout and Cub Association is a group of adults interested in helping the Scouts, Cubs, Guides and Brownies by providing financial services such as raising funds, keeping accounts, paying bills and other types of management assistance and encouragement. At their meeting it was brought to the attention of the hall representative, Mr W [illegible] that a few immediate repairs to the Scout building were in order.

The Scout and Cub Mothers' Association reported some donations for the upkeep of the hall floor, which in itself is a steady job.

Plans for the "Thinking Day" service were made, with Rev. W A Champness asked to give the address.

There have been representatives from the various Mothers' organizations at the Scout and Cub Association meetings, and it was decided to invite the Guides and Brownies to send one representative each to future gatherings. This will allow for leaders of the groups, or possibly a parent, to speak for the Guides and Brownies directly.

The next Scout and Cub Association meeting will be held on March 7. Such meetings are open to the public, with a sincere invitation extended to all friends of Scouting. Participation in this planning and management group, as well as attendance of parents and others interested adults at special events such as "The Thinking Day" services, is urged as as a support to the young people's activities.

Allandale District News

Weather — Feb. 18 it was 20 below in the district, coldest this winter. Planned to have the roads plowed on the 17th, the first time this winter. On the 19th it had turned milder again.

Congratulations to Mr and Mrs. Andre Ray (nee Shirley Cross) of town, on the birth of a daughter, Beverley Jean, on Feb. 9th.

Congratulations also to Mr. and Mrs. Bernie Garnier of Deer Lake on the birth of a son in the Islay hospital.

W. A. MEETING

W. A. meeting was held at the Idelore Nelson home on the evening of Feb. 11 with all members present. The faithful members from town, Mr and Mrs. Wm. Armstrong and Dave McPhee accompanied Mr and Mrs. Gus Throndson. Main discussion was the St. Paul United Presbytery Women's Association of United Church of Canada meeting to be held at Viking March 9. March meeting of the W.A. will be held at the Ralph Strome home. Roll call, pair of cases. Lunch, Mrs. Flora Throndson and Mrs. Ellen Omness.

The Omnesses visited their niece Myrtle and Howard Robertson and family at Kitscoty on Feb. 10th.

WELCOME NEWLYWEDS

The Centre was decorated in appropriate colors, red and white, for the occasion, when over fifty friends and relatives gathered in honor of Mr and Mrs Eddie Ostropolski. About a year ago Eddie went back to Poland and was married. Due to regulations his bride wasn't allowed to accompany him home. Recently there was a happy reunion when Eddie met his bride Eugenia in Edmonton at the airport. The bride was presented with a pink carnation corsage from the Nelson and Daford families. A social evening followed after which Idelore Nelson as M.C., on behalf of the gathering, presented the bride and groom with a number of beautiful gifts and wished them the very best in their new life. Mrs. Casey Ostropolski, sister-in-law, aided the couple in opening the gifts which were passed around and admired by all. Eddie, on behalf of his bride, then thanked all for the lovely gifts which were very much appreciated, and for the kindness shown by friends and relatives. All joined hands and sang "For They are Jolly Good Fellows". A guest book was signed by all and a very enjoyable lunch was served by the ladies.

It was omitted in the last news that Mr and Mrs. McCambridge are at Campbell Lake the neighboring district to our west.

Allandale was well represented at the home of Mr. and Mrs. Ort Strome on Feb. 12 for the latter's birthday party and house warming. Appreciation is extended to the Birthday club, and to the Stromes for a grand evening again "Many Happy Returns" and "Bless the things that make this house a 'Home Sweet Home' to you."

J Bartole's land clearing outfit from Lloydminster was in the district the first part of the month clearing land on the farms of Idelore Nelson and Sons. They had the rest of the NW ¼ of 14 all cleared. Clearing was also done on the Throndson and Omness farms.

On Feb. 14 Mr. and Mrs. Peter Lacusta and son from Lloydminster were visitors at the home of Mrs. Lacusta's parents, the Nelsons, returning home the next day.

Mrs. Nora Ronaghan from Islay was a visitor in the district at the week-end of Feb. 14.

Mr. and Mrs. Gus Throndson from town motored to the city on Feb. 17 where they met their daughter, Mrs. Lucy Lundblad from Valley View. They all will be motoring to Banff and expect to be away for a couple of weeks.

To Mr. William Armstrong of town "Happy Birthday" and may you enjoy many more. "Uncle Bill" was 78 years young on the 22nd.

Our thoughts have been with with those families who lost loved ones in the tragic accident recently south of town. Deepest sympathy to all.

Prizes for whist at the centre on the 19th went to Mrs. Mary Mrs. Ellen Omness; men - Delore Nelson, Ralph Strome and Curtis Wilson.

Closing thought: "In the turmoil and strife of our world, people are seeking peace of mind as never before. Peace is not found in evasion or indifference. It is necessary to act upon a deep concern, and make an effort to remove the barriers the separate a man from his fellowmen and God. Then we shall find the peace we really seek. This is a vital step on the long road that leads to world peace."

Island Hill News

A surprise house-warming party for Ort, Jessie and Beverly Strome was held at their home on Friday, February 12. 75 guests gathered to congratulate the Strome family on their new modern home.

Bill McIntyre, with a few well chosen words, presented them with a pair of T. V. stools. Ort ably replied and thanked the guests for their thoughtfulness. Cards were played and a lunch was served by the ladies. Several other gifts were also presented as Jessie had a birthday on this very special day.

'Flu with some complications has been making the rounds.

Charlie Mix is home again after undergoing surgery in the local hospital.

Some of the young folks enjoy skating on Jo and Allan Good's rink.

BUFFALO COULEE ACTIVITIES

(Held over from last week.)

The sincere sympathy of all in the community is extended to the Smith, Clark and Cawthorpe families in the loss of their loved ones. The tragic death of these three young people in a car accident was a shock to everyone. There is so little anyone can say or do but pray that the Heavenly Father will be the comfort of those left [illegible].

"God understands your heartache,

Your deepest grief He shares,

Then let Him bear your burden,

He understands and cares."

The W. A. members and their families enjoyed a pot luck supper on Sunday evening. A good crowd attended and judging by comments many would like to make it an annual affair. This event was sponsored by the Heatherbell group. A group of young people sang hymns while the tables were being cleared away and then two films were shown.

Last Friday evening the Buffalo Coulee Students' Union held a Valentine Dance with the Weaver orchestra of Mannville supplying the music. The hall was beautifully decorated in the Valentine theme with red and white streamers, hearts, flowers and balloons. These were all left intact for the supper on Sunday night and thanks is extended to the Students' Union from the ladies of the W. A.

Two Buffalo Coulee boys, Robert Cameron and Grant Haverslew have been playing hockey with the Vermilion Juveniles. Quite a number from here attended the game in Vermilion last Saturday night against Camrose and saw both boys get into the scoring. On Monday night Henning and Ruth Haverslew took them to Camrose, where they lost the series to that town.

There has been so much curling and bonspieling going on in this district that it's hard to keep up with it all. On Feb. 6th when the Buffalo Coulee ladies held their bonspiel, they had the misfortune to be without lights from 1 to 5 o'clock p.m. as the power had been cut off due to frost on the lines. However, with the exception of a couple of rinks who defaulted, they managed to have their banquet and finish up late. All rinks entered won prizes with Gibson of Wildmere coming out over [illegible] in the finals of the challenge and Pheasey defeating Milne of Irma in the other event.

Men's rinks have participated in Farmers' bonspiels at Wainwright and Mannville. Bernard Eyben's rink took second in the Challenge in Wainwright and also got in on the prizes at Mannville. At time of writing, the Men's 'spiel is in full swing at Buffalo Coulee with twenty-six rinks entered.

All ladies of the W. A. [illegible] are reminded of the [illegible] meeting to be held at the home of Mrs. Henry Eyben on March 2 at 8 p.m. Mrs. [illegible] Chapman, missionary on furlough from Africa is to be guest speaker. Since the study this year is on Africa and so much attention is centred on that continent, this will be a wonderful opportunity for everyone to get first hand information of the work of the church being carried on there. It is hoped that many plan to attend.

Wildmere Visits

The large crowd which filled the United church and overflowed into the basement for the double funeral of Betty Smith and Ian Clark showed the high esteem in which this young couple was held. Rev MacKay gave a very comforting message. Adam Smith Sr. and Russel Crothers came from Vancouver to be present also Dr and Mrs. Alec Smith and Mr and Mrs. Norman Smith of Edmonton and Miss Marlene Smith of Ponoka.

The election for Divisional Trustee which was held Wednesday afternoon at Preston school showed Mr McGrath with 28 votes and 9 for Mr Marfleet.

The ladies bonspiel is over for another year. It showed the winners in the first event as Mrs. Haverslew from Buffalo Coulee 1st; Miss Pheasey, Wildmere, 2nd; Mrs. Wilkinson, Vermilion 3rd; Mrs. Westman, Wildmere, 4th. The second event was between Mrs. Leighton from Paradise Valley and Mrs Pheasey of Buffalo Coulee who decided to toss for the game as the weather turned bad in the evening. Mrs. Lyseen from Wildmere won 3rd and Mrs Sweet of Wildmere, 4th. The three other teams, Cunningham, Howard and Gibson drew for consolation prizes. The ladies would like to thank everyone for coming and the noncurling ladies who kindly helped with the serving and the men who kept the ice ready and the other chores done.

George Garnett, son of Mr. and Mrs. W F Garnett, was a patient in the hospital for a few days with a kidney infection.

It was nice to see Marlene Mead, Margaret Nelson, Mary Gibson and Mrs Graham, all schoolmates of Betty's, down from the University for the funeral. Mrs. Wilkinson stayed overnight with Mrs Gibson while attending the local ladies bonspiel.

HI-SCHOOL HI-LITES

Regular league basketball games are now over. The teams are waiting for the date of the playoffs to be announced. A player on the Vermilion team, Alex Russell, was named the top scorer in the league.

The High School is holding their curling bonspiel on Saturday, March 19.

On Saturday, March 19 a well known Gilbert and Sullivan light opera, "The Mikado" will be presented by the Vegreville High school in the Vermilion auditorium. Conducted by Mr. Cassidy, the production includes a cast of 80 plus a seven piece orchestra. The opera is under the sponsorship of the Vermilion High school. Tickets may be obtained from any High school student, and are $1.00 for adults and 50 cents for students.

Wildmere Resident Sees Gopher

Frank Gibson of Wildmere reports seeing a gopher last Saturday afternoon running alongside the road. (Probably heading for a gas station to have his antifreeze checked.)

A few rinks from here are attending the men's 'spiel in Vermilion this week. Next week the Wildmere spiel will be held.

CARD OF THANKS

The Vermilion Community Art club takes this opportunity to thank the Rotary club for sponsoring the art exhibit held in Vermilion last week-end.

CARD OF THANKS

I would like to express my sincere thanks to Dr. Evans, Dr. Stephens, the matron and staff of the Vermilion hospital for their kindness to me while a patient there, and to those who sent cards and gifts and came to visit me. Also special thanks to those who looked after some of our family and those who so kindly sent baking to our home.

Annie Clarke.

CARD OF THANKS

We extend our thanks to friends and neighbors who kindly lent their assistance at the time of our chicken house fire, thus preventing spread of the flames to other buildings. And our thanks to the Vermilion Fire brigade who responded with promptitude to take over the work of fire control.

Mr. and Mrs. John Ilchuk

CARD OF THANKS

The Vermilion Tigers' hockey club wishes to thank the Vermilion Pipe Band for their between period music. The band added considerably to the evening's entertainment for the fans at the hockey games on Wednesday, Feb. 17 and Tuesday, Feb. 23.

Buffalo Coulee Reports Very Successful Men's Bonspiel

The Buffalo Coulee men's curling club held a very successful bonspiel last week with twenty-six rinks participating. The finals were played on Friday and resulted in the Moore rink from Wainwright defeating Kent of Vermilion for the Challenge: 3rd went to the Vermilion Hotel rink, and 4th to Brown of Mannville. In the second event it was the rinks of John Eyben, Arthur Pheasey, Bazyzuk and George Eyben, all of Buffalo Coulee walking off with the four prizes. The Consolation was won by Calvert of Vermilion over Duncan of Buffalo Coulee with Casey of Vermilion third and L. Murphy of Minburn fourth.

Mr and Mrs. Lorentz Samuelson catered for the men's bonspiel.

On Saturday three rinks of lady curlers entered the Wildmere bonspiel and the one composed of Ruth Haverslew, Lil Smith, Madeleine Cameron and Wyn Kennedy came home with the Grand Challenge. Another B C rink with Lil Pheasey, Agnes Hinton, Rita Smith and Mickey Emmott were to play in the finals of the second event against a rink from Paradise Valley but due to the stormy night and a fear of bad roads did not play their game.

Several men's rinks are taking part in the Vermilion bonspiel this week.

"The Red House Mystery", a play put on by the St. Saviour's Dramatic Society and sponsored by the B. C. Home and School was thoroughly enjoyed by those who attended. The crowd was smaller than in previous years due no doubt, to the finals of the bonspiel. Once again it was a well-balanced production with all parts being well cast. Besides the usual members of the group who are always good, Ralph Wilson, a newcomer, deserves special mention, taking no less than three parts. A special note of interest was having Stan Smith, a local boy, taking a part and doing it very well.

Mrs. Wyn Kennedy, president of the Home and School, on behalf of all present, thanked the group for a most enjoyable performance. Lunch was served and a social half hour followed.

The Boy Scouts are holding an ice carnival on March 12 at the skating rink at the school. Tickets may be had from any member of the Scouts for 25 cents. These tickets entitle the buyer to a vote for Carnival Queen. Candidates are Lyla Eyben, Janet Falcon and Alayne Stone. Let's have a large attendance and lots of costumes. Prizes will be awarded similar to last year.

The C G I T are planning a pot luck supper and skating party this Wednesday night with each member inviting a friend.

The W A meeting will be at the home of Mrs. Henry Eyben on March 2 at 8 p.m.

Local Legion Rink Wins Northern Alberta Title

The Legion rink from Vermilion, Bill Scales, George Webb, Vern Willes and Vic Tillett, narrowly missed winning the provincial title in the Legion playdowns which took place in Vegreville last week end, taking second place. However, they can now be called the Northern Alberta champs in Legion curling circles, and Vermilion can be proud of the showing made by the local entry.

Vermilion Midgets Bow To Defeat

Vermilion Midgets bowed gracefully and full of sportsmanship to a 14-2 defeat at the hands of an Edmonton Athletic Club. The score was by no means any indication that Vermilion Midgets couldn't play hockey. The game was well played, clean and with determination. The defeat did nothing towards deterring the local youngsters, in fact it strengthened their desire to play more.

The governing factor contributing to the defeat was as Cpl. Morris put it, "Edmonton, playing in a scheduled league have a much better opportunity of adapting themselves to a system therefore proving superior in many aspects."

Band Boys Attend Vegreville Clinic

MANNVILLE — Several members of the local school band journeyed to Vegreville to attend the Band Clinic on Saturday and Sunday. Mr. Harry Allan, assistant band leader accompanied them. The boys, who have been studying under Mr. Jack DeBault, learned from experts at the clinic how to handle their instruments and the maintenance of them. Among those attending were Jim Laidler, Bob Baldwin, Bill Forsyth, Jim Tymchuk, Don Ross, Walter Prill, Ken Seymour, Ernie Sywenky, Jack Hughes and Bob Finley. Mr. Jim Goshko and Mr. Carmen Hughes attended the Sunday session. The boys report an excellent time.

Paradise Valley — By W. A. G[illegible]

Old Timers Tickle 7 to 4 Tune On Shins of Local Schoolboys

An interesting and educational game of hockey was witnessed on the local rink last Wednesday evening when the school team engaged the old timers and were taken to the cleaners to the tune of 7 goals to 4.

Paradise Valley Stars entertained [illegible] squares of dancers representing thirteen clubs at their fifth birthday dance on Feb. 10. Stunts and door prizes added to the evening's enjoyment. Henry Lien as M.C. kept everyone in a dancing mood. Ken Waring and Ann McIntyre also each took a turn behind the mike. We were pleased to see Mr. and Mrs. Mel Gabrielson who drove over from Wi[illegible] for the evening. The Gabrielsons and Liens were guests for supper at the home of Mr. and Mrs. L. Block.

We regret that Mr. Percy Howe of Rivercourse has felt it necessary to vacate his position on the Lloydminster Hospital board due to ill health. We wish to congratulate Mr. Wm. Davidson who has been appointed to take his place as a member of the board, to represent this district.

The Paradise Valley [illegible] church basement was the scene of a happy occasion when over eighty friends and relatives met there to honor Miss Shirley Anderson, bride-elect of the month, with a miscellaneous shower. Mrs. Clifford James, in a few well chosen words, wished Shirley much happiness and by panel truck presented her with many beautiful and useful gifts. Shirley, in a short speech, thanked all for their good wishes and gifts. Mrs. J. Anderson, mother of the bride, and Mrs. Wm. McLean, mother of the groom, gave speeches of appreciation. Miss Shirley Nysetvold did a good job of trimming the hat with the varied colored bows. Miss Edith Teasdale recorded gifts. Mrs. Carl Nelson had charge of the guest book and Mrs. James the contest. A very delicious lunch was served by the ladies assisted by several of the young girls.

Curling is the order of the day around these parts. In the High school bonspiel the following were the winners: Grand Challenge: 1. Bonnie Welin, 2. K. Gainsford, 3. C. Nysetvold, 4. Walter Baker. Second event: 1. Lyle Anderson, 2. Bob Kitching, 3. Richard Adams, 4. Denis Elliott. Hard luck prize was won by Carol Weeks and prize for the biggest end scored went to Walter Baker.

This week it is bonspiel time at Rivercourse. Several rinks from P.V. are taking part but we hear, at time of writing, they are not doing so well.

We regret to report that Frank Flint Sr. is a patient in Lloydminster hospital and that D. B. Baxter is still in the University hospital, Edmonton.

Mr. and Mrs. Wally Safnuk, Terry and Marilyn are spending their holidays with Mrs. Safnuk's mother Mrs. D. B. Baxter. They were visiting Mrs. Baxter during the week and report Barney as better. Mr. and Mrs. Safnuk are stationed at Caron, Sask.

The United Church Sunday school held a very successful bake sale in Gunn's store recently when a nice sum was realized.

A very [illegible] hockey game was played on the local rink when Art Leighton brought down his Pee Wee hockey team to tangle with Pee Wees coached by Clifford James. The visitors proved too strong for the home town lads and skated off the winners.

The smorgasbord and card party sponsored by the Ladies' Hall club in the community hall on Friday, Feb. 12 was a decided success. The ladies would like to take this opportunity to thank all who donated to the smorgasbord and contributed in any way to this evening of entertainment. Co-operation and help was very much appreciated.

The women's "World Day of Prayer" for this district will be held on March 4th in the Anglican church this year with the various churches participating.

Mr. and Mrs. Jack Teasdale have returned home after spending the winter travelling in the U.S. They visited California, Arizona and other states. While in Mesa, Arizona they visited with Mr. and Mrs. R. A. Stewart.

Mr. and Mrs. Don Levitt have had as their guests Mr. and Mrs. A. Sampson, Mrs. Levitt's parents, and her sister Mrs. W. Brayer and son Bobbie all of Edmonton.

D. B. Baxter is home again from the University hospital in Edmonton and Mr. Frank Flint Sr. from the Lloydminster hospital.

Mr. and Mrs. Frank Wood left recently for Windsor, Ont. Frank will receive treatment there and then go on to Toronto to visit with daughter Evelyn who works in that city.

The group committee of Paradise Valley Scout and Cub Association is sponsoring a three-act play "The Calamity Kids" played by the Lloydminster Little Theatre group on March 11 in the community hall. Further information in next issue.

Mr. and Mrs. Clifford James had as their guests on Sunday Mr. and Mrs. C. James, Leonard and Wayne of Lashburn, Mr. and Mrs. Ed Masurisky and family of Waseca, Sask., and Mr. and Mrs. Cleve Waldorf and girls of Lloydminster.

Congratulations to Mr. and Mrs. Robert McLean on their recent marriage which took place in Lloydminster on Friday, Feb. 19th. Mrs. McLean was the former Shirley Anderson. The reception and dance was held in the Paradise Valley hall Friday [illegible]. The W.A. of United Church did the serving.

Patients in Lloydminster hospital this week include Mr. Fred Beckett and Mr. Ben Brassington.

Curling is the topic of the day as the P.V. spiel is going strong. So far no upsets.

Rev. W. I. MacDonald recently attended the School of Religion in Edmonton and more recently Winter Presbytery at Cold Lake. Delegates to conference were named at this meeting. Mrs. J. Gordon is delegate for this year. The monthly meeting of the local board was held at Frank Brassington's home on Feb. 16 with a fair attendance. Routine [illegible] [illegible] [illegible] [illegible].

On Sunday, Feb. 14 the special speaker was Rev. H. T. Allen, B.A., B.D., of Vancouver who for the last four [illegible] has been secretary of Lord's Day Alliance for B.C. and Alberta. He spoke on advantages of individual and community by observance of Sunday and [illegible] co-operation of all.

Miss Helen Kachuk and Miss Gloria Baxter came down for the wedding dance on Friday, [illegible] also Dan Swedak, all of Edmonton.

A ladies' rink from Paradise Valley is taking part in a bonspiel at Preston. They are Mesdames Hoskins, Gunn, Rayson and Laughton.

Local Firm Provides Basketball Trophies

The Vermilion School Division Athletic Association is carrying on an active programme of inter-school basketball and some extremely interesting games have been played.

The well known insurance firm of S. C. and C. T. Heckbert has provided two very fine shields, one to mark championship among the teams of girls and the other for boys.

The trophies will be presented on completion of the schedule and are offered for annual competition. The [illegible] [illegible] [illegible] sportsmanship among [illegible] young folks [illegible] matter [illegible] greatest interest to all [illegible] the [illegible] [illegible] heart and the Association [illegible] [illegible] [illegible] kindness [illegible] Heckbert firm for their co-operation in forwarding the basketball programme.

Mr. Wiltshire Entertained by Mannville H. & S.

MANNVILLE — Mrs. R. Forsyth entertained at a noon luncheon for Mr. Wiltshire, Co-ordinator of Regional Libraries for Alberta, on Thursday. Several members of the Home and School executive and local library board were present. In the afternoon, Mr. Wiltshire met members of the local board at the library and later at the home of Mr. and Mrs. J. I. Jones for tea. In the evening he addressed the Home and School meeting on regional libraries.

Dora Eyben Carlson Laid to Rest

Funeral services for the late Mrs. Eyben Carlson, who passed away at her home in Vermilion on Saturday January 30, were held from the Auburndale United church on Wednesday Feb. 3, at 2:00 o'clock in the afternoon.

Rev. C. W. MacKay conducted the services and left a very comforting message with the bereaved family. In his sermon he quoted a favorite passage of the deceased "In my Father's house are many mansions . . ."

Interment took place in the Mount Auburn cemetery. Pallbearers were grandchildren of the deceased Henry, Stewart and Dick Eyben, Ken Caron, Albert Carlson and Allan Armstrong.

Moyer's Funeral Home was in charge of arrangements.

She was loved by all who knew her. Her home was an open house to one and all. A wonderful wife, mother and friend who will be greatly missed.

Left to mourn the loss of a very dear one are her loving husband Albert, five sons Frank, John, Herman, George and Henry, five daughters Marie, Dora, Clara, Augusta and Agnes. There are 37 grandchildren and 21 great grandchildren, two brothers, Howard and Theodore of Iowa.

Beautiful floral tributes were received from: Loving husband, Frank, John and Flora, Herman and Jennie, Marie and Curtis, Dora and [illegible], Clara and Murray, Augusta and Norman, George and Nora, Agnes and [illegible], Henry and [illegible], Dorothy and Albert, Henry, Hazel and Buddy, Ruby and Elmer, Grace and Stewart, Carl, Jonna and Ila, Stewart and Audrey, Albert and Violet, Dickie and Lillian, Bernard, Darlene, Irene and Allen, Norman and Lee, Neil and June, Ron and Dot, Sharon, Jean, Stan and boys, Kay, Wally and Children, Ken, Albert and Dorothy, Sylvia and Andy, Myrna and Jim, Tom and Sally, Ra[illegible] Allan, Joyce, Jim and [illegible], Vernon, Bobby and Carolyn, Betty and Jimmy, Dougie, Dale and Debbie, Hans, Lilly, Frank, Bill, Ethel and Albert, Alice and Gordon, Anna Johnson and family, Mr and Mrs John Tammen, Miss Marie Eben, Mr and Mrs Ray Tammen, Hilda and Earl, Alma and Lyle, Archer Holden, Mr and Mrs Johansson, Evelyn and Belcher, Carl and Penny; Beryl and George; Mr and Mrs. J Christensen, Elsie and Bernie, Bob and Marge, Rose, Jack Hesom, Mr and Mrs. Cliff Isley, Mr and Mrs. Mac Simonsen, Mrs K. Snake's Alive and All's Well . . . Boy and Boa Both Doing Fine

Colin Kent, of [illegible] West 20th Street, Vancouver, son of Mr. Aldous Kent of Vermilion is a lover of pets but in a more unusual manner than most people. When going for a walk, Colin does not leash a dog who will follow at his heels or even stuff a white rat in his pocket, not Colin, he drapes a big worm called a Boa Constrictor around his neck and sets off.

Having [illegible] worm for a pet has its advantages. Sometimes it doesn't eat for months, it doesn't smell and you don't have to let it out at night, much to the satisfaction of the neighbors.

When Colin first purchased his unusual pet, he would take it to bed with him and endeavor to acclimatize it. Ugh!

Only once since he has owned his peculiar pet has Colin experienced difficulty and inconvenience. Last summer while Colin and his big worm were visiting some relatives in Alberta a railway conductor found out he had a reptile in his bag, he was given an ultimatum, either the snake gets off the train or they both get off.

The conductor was of course thinking of the safety of his passengers and not taking any chances of the snake getting loose to slither along the baggage rack where he could terrorize at will. It may be noted that the snake, although deadly, is not of the poisonous species.

Colin was thinking of the rush there would be by people, who happened on the snake if he let it loose, to [illegible] the [illegible].

Colin returned to his home in Vancouver in due course, worm and all. About two months ago the [illegible] turned up [illegible]. On Thursday, Feb. 18th, a Vancouver news flash calmed the neighbors nerves by announcing that the snake had been found. Where? Wrapped around the electric motor of the automatic washing machine right in its own home.

CARD OF THANKS

We wish to express our heartfelt thanks for the kind expressions of sympathy so graciously shown by our [illegible] and [illegible] during the recent illness and bereavement of our loving wife and mother. We especially wish to thank Rev. C. MacKay, Dr. Stephens, Miss [illegible], those who [illegible] services at the cemetery; for the lovely [illegible], the donations, the [illegible] and to Moyer's Funeral Home.

New Films Released By National Film Board for Local Use

By arrangement with the National Film Board the following films may be obtained locally through W. F. Stewart during the month of February. Organizations wishing to use any of them should place reservations early.

BORDERLINE

(Black and White — 30 Mins.)

An excellent film for your Home and School meeting. Nora Fenton, a disturbed fifteen-year old girl, defiant of parental authority, is sent to a remedial home. The film develops the theme that more parental guidance and affection are needed in helping the teen-ager weather his most turbulent years.

HOW TO BUILD AN IGLOO

(Color — 11 Minutes)

Not the answer to the housing problem but a delightful little film illustrating the native craftsmanship of Canadian Eskimos. Cubs and Brownies will particularly enjoy this one.

THE YELLOW LEAF

(Black and White — 30 Mins.)

[illegible] homes for senior citizens under construction in many parts of Alberta, this film raises the question of helping older people adjust themselves to their new home . . . which is in most instances, a complete break from their former pattern of living. Both men's and women's service clubs will find this film quite useful.

YOUR FOREST HERITAGE

(Color — 18 Minutes)

A plea for greater care with fire when visiting our woodlands. This film could find a place on the agenda of the next Fish and Game meeting. A good general interest film for any audience.

BEING DIFFERENT

(Black and White — 11 Mins.)

One of the "What Do You Think" series, this film is intended to provoke [illegible] among teen-agers on conformity or non-conformity and briefly depicts a situation in which a decision has to be made then leaves it to the audience to decide. The film could form the basis of a forum or panel discussion for a 4-H club, C.Y.O., C.G.I.T., or any other similar organization.

J. W. G. Morrison, Q.C., 51 Years A Board of Trade Member

When J. W. G. Morrison, Q. C. paid his membership for 1960 at a recent Board of Trade meeting, it marked the 51st consecutive year that he had been a member of that organization.

This fact was the subject of complimentary remarks by Ashley Cooper who commented on the outstanding record of service to this community given by Mr. Morrison.

Mr. Morrison, in the early years, was secretary of the Board of Trade. He served as Mayor for sixteen years, from 1919 to 1925, and from 1937 to 1947. Ten years were spent serving as chairman of the school board, from [illegible]. He also filled positions on innumerable community organizations, among them being director of the Agricultural Society, Secretary of the Athletic Association, president of the Canadian Club; president of the Union of Alberta Municipalities.

It was during his time as Mayor that the water and sewer system was installed in the town, and while a member of the Board that the first high school was built.

D. Keen of Vermilion Is Elected President of Boy Scout Council

D. Keen of Vermilion and Mr. Callum of Lloydminster were elected president and vice-president respectively of the newly formed District Council of Scouts. Executives and members at the meeting felt that Vermilion was ideally centrally located and should provide a portion of the executive.

It was left in the hands of the Cub Mothers' Association to elect or appoint a secretary for the new council and since that date Mrs. Beth Welsh has accepted the position. Albert Harvuther will represent the Vermilion group committee on the council.

Representatives arrived from Lloydminster, Kitscoty, Paradise Valley, Islay, [illegible] and Vermilion. The meeting was under the direction of Provincial Commissioner Holloway of Edmonton, A. P. C. Phillips of Cold Lake, D. May of Camrose and Gordon Ross of Vermilion.

It was made known that a district commissioner is urgently needed to serve this area and it was hoped that some capable person will offer his services in this capacity.

Silver Case Presented To Capt. W. Scales

Capt. W. Scales of the Loyal Edmonton Regiment received a silver cigarette case suitably engraved from members of Company A at Vermilion Armouries last Thursday evening. The presentation was made by C.S.M. R. Allen.

Mrs. Scales was presented with a cup and saucer by Mrs. Ted Herbert.

The occasion was a social gathering of members of the company at the armouries.

Clothing Club Mannville 4-H

The Mannville 4-H clothing club held their first meeting on Monday, Feb. 15, 1960 at the home of [illegible] Young. All twelve members were present, namely: [illegible]

Marwayne Home And School Meets

The February 8th meeting of the Marwayne Home and School Association was very well attended.

Mr. Gardiner's class won the book for the January meeting.

A motion was made to buy ball uniforms for the intermediate boys' ball team, also to buy a turntable for the school.

A letter was read from the skating rink committee and a motion was made to donate $50 to the skating rink. A suggestion was made that the rink should be under supervision on Saturday afternoons.

Mr. Jim Hale made a vote of thanks to the staff for organizing the grocery hamper for the Pashniak family.

Mrs. Sinclair thanked the teachers for putting on the physical education demonstration and hoped they would make it an annual affair.

Mr. Peck and Mr. Gray gave a very interesting and informative talk on the Regional Library, how they are set up, run and financed and their value.

Those on the lunch committee for the next meeting on March 8th are Golightly, Miller and Doull for sandwiches, MacDonald, A. Hancock and Freehill for cake.

Two very interesting films were shown, one on "The Eye and Care of the Eyes", and the other, "Canada's Northwest."

Busy Bees Hold Valentine Party

Mothers and visitors of the United Church Busy Bees were entertained with a short program of action songs and their regular Prayer and Busy Bee benediction on Feb 17th.

Following the program mothers and visitors were served tea and cookies while the children played and enjoyed themselves at a table of their own laden with sweets served by Mrs. Wright and Mrs. Maskell.

After lunch a Valentine Box was opened and the children received their Valentines and candies. Each child had a Valentine for their mother.

There were 13 mothers present and 9 extra children. The Busy Bees are pre-school children 2½ to 6 years old and are very welcome at these gatherings which take place every Wednesday at the church hall.

RIVERTON

A social evening was held in Riverton hall last Friday at which there was a good attendance. Cards was the entertainment and each player chose his own game. It turned out to be a very pleasant evening topped off with lunch.

Some of the older set found out recently about how much it didn't snow this winter. It must be admitted tobogganing is an invigorating sport but it is essential that there be snow on the hill as well as at the bottom. Next time some of the world famous [illegible] dogs will be used to [illegible] the unfortunate ones who forgot to stay with the [illegible]. Delegate To Attend Diocesan Annual

(Held over from last week)

MANNVILLE — At the recent meeting of Happy Hour W.A. held at the home of Joan Lugg, 14 members answered the roll. Study was resumed on Africa covering its invasion, political changes and spiritual rebirth. Letter was read regarding special blood donor clinic meeting March 1 and members were appointed to attend. Decision made to contribute to retiring Diocesan W.A. leader, and to serve lunch at World Day of Prayer, Anglican ladies being hostesses this year. A delegate is to attend W.A. Annual of this Diocese. A successful card party was reported by its convener. Lent is to be spent in quiet spiritual meditation therefore each member is to donate $ 2 in lieu of project. Lunch hostesses were Mrs. L. Manz and Mrs. M. Malin.

Advance Prize Lists Of Ladies' Work For 1960 Fair

Advance prize lists for Ladies Work for Vermilion's 1960 Fair are now available at the office of S. C. Heckbert, Secretary Manager of the Agricultural Society.

In addition to lists for individual competition there are two very interesting group projects for competition by Women's Institutes, F. W. U. A. groups, Community Associations, Church and other groups.

"TRUTH IS THE AIM OF ALL RESEARCH"

Author's name below —

Recently a research study was performed to find out if people really read the directions and warnings printed on the labels of patent medicines. Any medicine can be harmful if improperly taken, or if used when the ingredients are contra-indicated.

It was discovered that a very large number of people do not completely read the directions, heed the warnings, or study the formula. If simple patent remedies are always as safe as some of the ads state, why are cautions about their use required by law to be printed on the label? The truth is that all medicines should be secured from a pharmacist. He can warn you against any possible danger.

A great many people entrust us with their prescriptions. May we compound yours?

Health Unit Notes

The services provided by your Health Unit include the following:

1. The control of communicable diseases by: (a) An inoculation program against smallpox, diphtheria, whooping cough, tetanus and poliomyelitis [illegible] such as typhoid fever when the need arises. (b) The detection and control of sources of infection. (c) The Health Unit Doctor being available for consultation with the family doctor in cases of communicable diseases. (d) The provision of routine laboratory service.

2. The Health Unit acts as a [illegible] centre for the community.

3. Tuberculosis control by (a) tuberculin testing. (b) arrangement for a community X-ray program. (c) The supervision of cases, contacts and suspect cases.

4. Sanitation. Inspections are made and advice given on water supplies, sewage disposal, garbage disposal, milk supplies, meat and other foods, restaurants and other eating places. Laboratory facilities are provided for the testing of milk and water.

5. Pre-Natal Service: Advice is given to the expectant mother on the care of her own health and her preparation for [illegible].

6. Post-Natal Service: Visits are made to the homes to advise the mother in the care of the infant and clinics are held in suitable centres to which the mother can take her infant for [illegible].

7. School Health Service: School children are examined just prior to school entry and every four years by the doctor and every two years by [illegible] grade seven when the [illegible] has the last examination. There are routine examinations and other examinations are carried out when requested by the parent, teacher or if considered necessary by the doctor. The necessary measures are taken for the control of communicable diseases among school children and an immunization program is carried out. Advice is given on the sanitation of schools. Health education is carried out by means of talks, and films for the children so they may value and take care of their own health.

8. Mental Health Service: The Health Unit co-operates with the Mental Health Division of the Department of Public Health in the provision of mental health services. Of particular value are the "Guidance Clinics" held to advise parents on behaviour problems, etc., of children.

9. Dental Service: Your Health Unit is authorized to establish dental services for the benefit of children up to sixteen years of age. These services may include dental examination, treatment of selected age groups and education in dental hygiene.

10. Nutrition: Lectures are given and films shown on nutrition and the Health Unit may arrange the supply of vitamin supplements for children and other groups.

11. Health Education: Programs of health education are carried out by your Health Unit. The Health Education Division of the Public Health Department assists the Health Unit in these programs and supplies them with films and literature to enable them to instruct the public in taking the best care of their health and the health of their children.

12. The local authorities may appoint the medical officer in which case he would look after the quarantine and isolation of patients.

13. [illegible] Nursing Service: The board of your Health Unit may [illegible] the municipal nursing service on behalf of any municipality in its area which requests it to do so. This provides a program of public health and emergent treatment for residents living in the more remote areas. Your medical adviser organizes and supervises the public health services carried out by the municipal nurse at [illegible] Lake.

The staff of your Health Unit consists of a doctor, a senior nurse, four staff nurses, one sanitary inspector, one stenographer-technician, one part-time secretary-treasurer and one part-time stenographer - technician. The Health Unit may also employ a dentist, a dental hygienist and a dental assistant. The Board of your Health Unit has the authority to decide on the number of staff to be employed.

THE OPERATION OF YOUR HEALTH UNIT

The headquarters of a Health Unit is usually located in the principal town or city of a Health Unit area: your headquarters is in the Town of Vermilion. Sub-offices may be established at the other centres of population from which the headquarters is not easily accessible. Your sub-offices are at Wainwright, Kitscoty, Innisfree and Edgerton. The Health Unit is administered by the board while your medical officer serves as adviser to the board and as supervisor of the unit. The Health Unit is entirely local organization having the same responsibility as a city health department. The department of Public Health gives every help and advice in setting up the Health Unit and the Department's staff is available to advise the board and the staff. The board may provide services in addition to those included in the basic schedule provided these are paid for out of local funds.

Vermilion makes progressive strides assisting Mentally Retarded Children

Photo and story by Bill [illegible].

"I cried when my mother told me I couldn't have new shoes; that is, until I met a boy who had no feet." [illegible] somewhere in the past, a great man once uttered this statement. Then there is Harold Lloyd, a man who has dedicated his entire life to helping crippled children regardless of creed or color. Words that touch the heart were also spoken by this man when he said at a meeting in a western Canadian city, "A man never stood higher than when he stooped to pick up a crippled child."

We all know that all children are not deprived of shoes or feet. And we all know that all children are not crippled, however, there are many afflictions that affect our children through no fault of their own or their parents. One of the most heart-tearing of these afflictions is mental retardation. This type of affliction has gone by the board until only recently, now a few dedicated parents and people feel that there is hope for the future among those who are suffering from this dreadful tribulation. Great strides have been taken to relieve these youngsters and assist them to rehabilitate themselves with a better than even chance to live a more normal life.

Vermilion, a town which recently inaugurated a school where these children can look forward to new [illegible] each day, can be very proud of its effort in [illegible].

The Vermilion Society for Mentally Retarded Children had its nucleus in 1958 when the dynamic personality of Mrs. Dauchot, senior nurse at the Health Unit began making surveys of the retarded children in the district. She started by contacting parents of retarded children for the purpose of co-ordination. It was very obvious what she had in mind. A school for the children. At this time there was nothing. No school, no training available, no money and just a few people interested. She worked feverishly all during the fall of 1958 and part of the winter [illegible] reared its ugly head did she stop and that was because she was no longer able to drive into the country. She began again in the spring with renewed vigor and exuberance and a short time later the ball was rolling.

A society was formed comprised of an [illegible] board with Percy Cooper [illegible] chairman ably assisted on the board by Mrs. [illegible] and [illegible]. With these [illegible] as parent representatives on the board and the assistance of Dr. Bourke who was at this time health officer and Simon Simonson who was superintendent of the school division, Claude Brennan of the school division, Gordon Ross of the local school board and of course the inimitable Mrs. Dauchot, a location, not without difficulty was found, and school incepted. Dr. Barrett, now health officer and Jos Blockidge new superintendent, have carried on [illegible] Dr. Bourke and Simon [illegible] when they left [illegible]. The secretary-treasurer in the person of Miss [illegible] Filipkowski, is also [illegible] in this field, being [illegible] intendent of guidance with the school division. Without the help of these people the Society would have been impossible.

The location, although not the best, affords the children an opportunity to learn. In an older type house on the south side of the town they gather every morning at 9.30 and remain until 2:30. Here they are taught by Mrs. George Senz, formerly a public school teacher who attended special classes at the Winnifred Stewart School for Retarded Children in Edmonton where she [illegible] instructions that enable her to cope with many problems that arise during the children's training period. She is very ably assisted by Mrs. K. Hemmingway who, although not a school teacher, has done much to prepare the children for their debut into society.

At the school, the children are taught to read, write, do arithmetic, color, solve puzzles. They play games, have parties, listen and march to music and in various ways become more acquainted with each other.

They have new desks from which they often stray to show a stranger their work. They cannot go outdoors and play in their present location due to the fact it is too close to the highway. When the new building and school is erected in town there will be a protective fence so the children may enjoy the outdoors and learn games that were played when you and I attended school.

To assist the schools in various districts, the Government has authorized a grant of $640 per pupil per year. In some cases $1 per day per pupil is also provided for transportation to and from the school. Others are transported by their parents or through the goodness of a citizen's heart. Various service club organizations, fraternal lodges, as well as private individuals and business concerns, have donated generously to the upkeep of the [illegible].

I personally paid a visit to the school last Friday. I took my camera with me thinking I may be able to get a picture. What a surprise I got, the children were more than willing to sit for me. After the pictures were taken, two little boys approached me and said they wanted to shake my hand and thank me for taking their picture. This of course started the rest of the children to the front of the class. Each and everyone brought with them a Valentine they had made themselves for their party. They showed me in their own way what they were doing . . . the results were amazing. Some of these children had never been inside a school prior to attending the one they were in now. It is truly remarkable, what a little training will do for a child.

Last week The Standard and this reporter feted the town of [illegible] able administrative body. This [illegible] to the people who are responsible for the inception of the School for Mentally Retarded Children.

It is an old adage, "Dynamite comes in small packages." The small package shown above is Mrs. Dauchot, senior nurse at the local Health Unit whose dynamic efforts sparked the beginning of the Vermilion Society for Mentally Retarded Children. - *Staff Photographer*

It may not look much from the outside, but it's a palace on the inside for children who attend the school. It was the only location available in Vermilion where the Society for Retarded Children could inaugurate their school

The marathon foot race of the Olympic Games commemorates one of the decisive battles of history. World Book Encyclopedia reports that in 490 B.C. a Greek [illegible] Pheidippides raced 20 miles to Athens to announce the victory of the Greeks over the Persians on the plain of Marathon. He gasped out the news before dying of exhaustion.

TO THE CITIZENS OF BATTLE RIVER-CAMROSE CONSTITUENCY

Correspondence from C. S. Smallwood, federal Member, indicates that he is studying the question of abolition of the death sentence. The voters may or may not be interested in helping him in the study. It is hereby suggested that citizens address themselves to the question, thereby assisting the Member, and even as well, the government.

It will be seen that if there is an unseen draw on the question of capital punishment the Member will be at liberty to draw a conclusion, as the question is liable to come up in the House of Commons at any time.

A Citizen.

Daylight Saving Legislation Unlikely

Premier Manning told the Legislature Friday his government has given no consideration to the possibility of introducing daylight saving time.

He made the statement in reply to a question from Rev. E. G. Hansell, S-C Okotoks High River.

Mr. Hansell said he had received letter from some of his constituents protesting any proposal to bring in daylight saving time. He wanted to know if the premier anticipated legislation along this line.

For many years Alberta has remained on Mountain Standard Time during the summer months when some other parts of Canada and the U. S. go on daylight saving time.

Dear Sir

May I comment on your recent statement "Subsidy" was to be paid to the western farmers". At a time when railroads and many others are waging an all-out campaign to discredit our leaders and undermine our position I feel your heading should be corrected. An interim payment of 10 cents per bushel comes as a result of sufficient sales being made from the year's wheat to justify the payment to the farmer who has delivered the wheat. When all the wheat is disposed of the rest of the money will be paid to us as final payment. It is all the farmers' money, public funds or subsidies are not involved.

OUR LETTER FROM EDMONTON

Strong Opposition Needed To 'Liven Up' Present Session

by KEN MASON

EDMONTON.—As debate forged ponderously ahead this week on the reply to the Speech from the Throne, it became more and more a Social Credit show. And the inevitable result has been a dull session in comparison to previous years when a strong Opposition kept it alive and lively.

The Social Credit backbenchers, understandably enough, are restricted in what they can say. They have three alternatives: they can praise their constituencies, praise the government for well-headed legislation, or criticize some portion of the government's program.

[illegible] the first time in years the [illegible] remarks [illegible] Throne Speech [illegible] came from some of the more outspoken [illegible] backbenchers.

Ernest Watkins (PC-Calgary [illegible]), speaking in a pronounced British accent which [illegible] favored in principle the government's [illegible] tax redistribution plan but thought [illegible] should continue to [illegible] the taxes.

He also asked for early action on the Cameron Commission report on education, suggested Hutterites might be asked to leave Canada if they cannot become true citizens and asked that voting rights be extended immediately to Indians.

Mr Watkins led off the Opposition attack on the Government program as outlined in the Throne Speech, but it was agreed among the four Opposition members that this gives him no claim on the leadership of the Opposition.

As forecast previously, the Opposition will struggle along without an official leader and the $2500 leader's allowance will be split four ways.

Meanwhile Social Crediters have been dominating the proceedings and with no effective Opposition they can get away with saying much that would have stirred up much controversy a year ago.

One of the best examples was during debate on the perennial Opposition motion calling for establishment of a provincial Hansard or verbatim record of House debates.

Rev. P. G. Hansell, a veteran of 22 years in the federal parliament, had a memorable contribution to make to the debate. He said there was no need for a Hansard because the words spoken by members "aren't worth a hill of beans".

Be that as it may, after the Hansard motion was defeated 53 to eight, Mr Hansell resumed the Throne Speech debate. By his own assessment what he had to say wasn't worth a hill of beans but he took the maximum allowable 40 minutes to say it.

The Hansard motion offered other opportunities for the Socreds to have fun. Mr Hansell and a number of others admitted they could have made use of Hansard to find out exactly what Mr Watkins had said in introducing the motion.

Incidentally Mr Hansell as a veteran of the Opposition benches in the federal House is accustomed to saying what he thinks and undoubtedly will be hearing more from him.

Proceedings to date have produced other memorable quotes from the Socred ranks.

Mrs E. G. Robinson (SC-Medicine Hat) devoted most of her address in the Throne Speech debate this year to detailing the achievements made by Alberta's Social Credit government in spite of small House opposition. She had something, too, when she concluded that the people don't elect an Opposition — they elect a government to run their business.

Among major developments of the week was a private resolution introduced by Socred backbenchers asking for increased government aid to rural mutual telephone companies. At the time of writing the motion was still under debate but it appeared to be a concerted drive by Socred country members to have the government beef up its program of loans to rural phone companies.

So far only 16 bills have been introduced by the government. The total is expected to reach the 100 mark before the session ends. Among the significant bills is one which will help pave the way for establishment of eye banks in Alberta. It sets out procedure for anyone who wants to will his eyes after death to the sightless.

McGrath Re-elected To S. D. Board

Mr D. C. McGrath was the successful candidate in the recent subdivision No. 4 Vermilion School Division election. Mr. Markland was the other contestant.

Bursaries Offered by Provincial I.O.D.E.

The Provincial Chapter of Alberta, Imperial Order Daughters of the Empire, announce that bursaries of $1,000 each are being offered across Canada under the Second War Memorial.

These bursaries are awarded to Grade XII students eligible for University entrance, whose father or mother, having served in His Majesty's Forces during World War II suffered death or permanent disability.

Application forms may be obtained from the Registrar of the University of Alberta, or from the Provincial Educational Secretary, I. O. D. E., Mrs. C. B. Liston, 11418 - 101st St., Edmonton, and must be returned not later than April 1st, 1960.

Vermilion River elections, Mar.19

At the annual nomination meeting of M. D. Vermilion River No. 71 held in the Kitscoty school auditorium on Feb. 20th, eight men sought election to public office.

James D. Stone was re-elected as Municipal Councillor in division two. For municipal councillor in division four, Patrick McGuigan and I. D. Inman of Islay were nominated. In division seven those nominated for councillor were John C. Anderson of Dewberry and Roderick MacMillan of R. R. 2, Clandonald.

Nominated for Vermilion Municipal Hospital Board members in ward 3, nil; ward 5, Fred Scott and ward 6, Patrick Conroy.

For Hospital Board Members for Islay Municipal Hospital, ward 2, D. B. Shirreff and for ward 4, no nomination.

It's that time o' year

Whether March begins as lion or lamb, the Halls of V. S. A. will resound Friday night March 4th to the roars of the alumni returning for their annual Spring Open dance. This is a perennial favorite with many former students and friends of V. S. A. and this year should again see the old gang reassemble from all points of the compass and from all parts of the province for a good time at the old school.

Inclement weather seldom appears to have any marked effect on the numbers present, largely due perhaps, to the popularity of this event with the local people. Plans are nearly completed now for the decorations, lunch and reception of the expected crowd, the orchestra has been engaged and all is proceeding smoothly. Every indication points to a grand evening's fun.

Ice hockey murdered

By Standard Staff Writer

As this reporter sat in the press box at the Vermilion arena and gradually turned blue, the ice epic of the century unfolded before my eyes as two teams, the Knights of Columbus and the Foresters, looking like a press gang crew fresh from the fleet of Long John Silver, slowly but with deliberation, proceeded to professionally murder the game of hockey.

There were two very good reasons for the game; one, to raise money for the new proposed Civic arena, two, to kill as many of their opponents as possible without detection. At one stage of the battle, all members of both teams met with a tumultuous roar at centre ice with sticks raised so high the teams looked like two mobile picket fences. The result of this fracas was two 2-minute penalties. At a later stage of the conflict, the goal keeper for the Knights was jumped upon by a passing Woodchopper and dragged without ceremony along the ice.

In an endeavor to invoke the "Old School Spirit" into the competition, if it could be called that, Jim Champion offered two or three renditions of "When the Ice Worm Mates Again", but with difficulty, his trumpet valves froze and so the musical portion of the program came to an abrupt close.

The game ended as it began, with both teams remaining friends. Number of casualties, Who knows? The score, Who cares? Both teams cheated any way.

The true spirit of community welfare, so seldom found in any town or city today, culminated at last night's game when these two teams offered life and limb to raise money for a worthy cause. Knight and Foresters, Vermilion should be proud of your efforts.

Dr. A. B. King of Vermilion wins award

Dr A. Ben King of Vermilion has recently received confirmation of the award of the Upjohn Scholarship. The scholarship is awarded to a Doctor who has contributed 100 hours of post graduate research.

With this scholarship, Dr King will attend a short course in children's surgery at a hospital in Toronto.

Dr King said there are 18 such scholarships awarded each year to Canadian Doctors.

March Zeros In

March, the month that used to herald the approach of spring sprang. It zeroed in on Vermilion humming a frosty tune of 30 below zero (and only Farenheit too). A whispering breeze that helped the temperature stay well down the glass helped those who bounced forth with early morning exuberance feel the first stages of rigor mortis by the time they reached their respective places of business. However, the weather man states we are in for a change. It is going to get colder.

Aircraft used in game survey

A Courier aircraft supplied by the Provincial Government is flying out of Vermilion to a point 30 miles north east for the purpose of making a game survey in the area. The survey is being made for the department of Wildlife.

Anglican Primate Visits Vermilion

The Primate of all Canada, the Most Rev. H. H. Clark, D. D., Archbishop of Edmonton, paid an official visit to St Saviour's Anglican church on Sunday, Feb. 28th.

At the morning service His Grace administered the rite of the Laying-on of Hands to the twenty-one candidates presented by the Rector, the Rev. W. A. Champness. Following the service of Confirmation, the Archbishop, assisted by the Rector, administered the Sacrament of Holy Communion to the newly-confirmed and members of the large congregation.

At evensong, Archbishop Clark was the preacher. Following this service, a social hour was enjoyed in the parish hall, giving opportunity for the Primate to meet informally with the congregation and candidates. The two branches of the W. A. combined to serve refreshments, bringing a very happy day to a close.

The following were presented at the morning service, and now enjoy full privileges of Communicants in the Anglican Church throughout the world:— Robert John Roberts, Richard Blair Brennan, Brian Donald Keen, Byron Joseph Hart, Frank Arthur Nolan, Charles Clinton Fenske, Vivien Margaret Tillett, Rosemary Catherine Tillett, Patricia Lucille Stewart, Grace Elizabeth Margaret Stewart, Marian Joan Taskey, Elizabeth Louise Blocksidge, Delle Ada Beecroft, Barbara Ann Taylor, Glenda Joyce Brennan, Avril Jeanette Rhodes, Kneale, Nadine Amelia Hart, Emma Jean Filgate, Angela Doreen Carlyle, Sandra Mary Roberts, Mary Elizabeth Roberts.

Maidstone Marauders win Vermilion Grand Challenge

Casey rink of Vermilion best in second event

Skip Walter Johnson and his Maidstone merry men created an air and feeling of tingling excitement at the Vermilion curling rink last Thursday evening when they broomed their way to a close 9-6 victory over Steve Zazulak of Derwent in the Grand Challenge event.

In the second event, the Vermilion Hotel, the Casey rink of Vermilion swept their way to a decisive win over the S. C. Heckbert quartet, also of Vermilion, to cop first prize and the trophy.

Curling with Walter Johnson were Vern Smith, Dick Owens and Len Smith, with Steve Zazulak, Emil Muoryk, William Zenluk and Paul Zazulak.

Second event: Joe Renaud, Gordon Casey, Gus Mireault and Billy McLaughlin. On the Heckbert rink: S. C. Heckbert, Dr C. W. Stephens, Bill Krause and Mark Stamp.

The 1960 bonspiel was started and completed in record time and with as little confusion as was possible due to the splendid manner in which the draws were made up by Rudy Renaud.

The manner in which the draws were listed assured everyone of at least 3 games and not more than 9. It also eliminated the possibility of any playing two games in a row.

The Vermilion High School boys reached the eight's in the Grand Challenge. This rink was skipped by Roger Renaud, son of Rudy. Both Rudy and his father skipped a rink.

Past the stage of usefulness this one-time important piece of engineering is doomed to the hammer. The chimney at the old power plant has acted as a landmark for several decades. It was erected during the late 1920's when electrical energy and central heating were still supplied from the plant. John Webb - Ashley Cooper '60-61 local school board members

John Webb was elected and Ashley Cooper was re-elected to the local school board for 2 year terms following nominations at a joint meeting of the Home and School Association and the local school board Tuesday, Feb. 23.

Mr Webb replaced Mr Schurman while members continuing to serve are Donald Taylor, Claude Brennan and Gordon Ross.

Appreciation for the work and interest given by Mr Schurman while a member of the Board [illegible]

The meeting was featured in a detailed report on the four schools by John David, Superintendent of [illegible] a general report by division [illegible]

[illegible]

A [illegible] report prepared by Mr David was presented by Mr A. Husby. The report contained a wealth of [illegible] teaching staff as to qualifications and experience and results of examinations in grades 9 and 12.

[illegible] students wrote the grade nine departmentals [illegible] passes and 12 failures.

In grade 12 there were 188 exam papers written; the standings obtained being 4 honor papers, 39 with A standing, 74 with B, 37 with C and 24 with D. The latter are failures.

Mr [illegible] Brennan, trustee of the [illegible] school division [illegible] reported difficulty was still being experienced in securing the services of qualified high school teachers. He deplored the apparent lack of interest in school division affairs by the people of the town generally.

Mr Brennan also announced that more classrooms would be required by the high school grades next term. In order to meet this need the grade seven pupils will be moved to the west end schools where there are spare rooms. This will release three classrooms which they are occupying for use by higher grades.

W. F. Stewart, principal of the elementary schools, spoke briefly.

On Joining The Battle

There are three attitudes a man may take with respect to controversy. He may simply paddle his own canoe and avoid argument; or he may join whole-heartedly in the battle on the side he believes has greater merit. Then there is the third attitude: to mollycoddle both sides and try to be all things to all people. But it is an attitude with little to recommend it, for it leaves an acidulous taste in the mouth of the person that practices it.

To avoid an argument entirely has attractions for many men. They are of course entitled to make their own choice and they may do so and still retain their self respect. If they are writers, however, they limit themselves to [illegible] on [illegible] subjects only; condemning sin and [illegible] virtue to the highest degree, but in very general terms. They are completely barred from specifics, for there is little agreement on specific questions and to take a hand would only bring them into the fracas.

If you join wholeheartedly in the battle and speak from your convictions, you will often find yourself in bitter conflict with your neighbor or friend, and quite often as not, the majority of the people in your community. Yet it has its satisfactions. Friend and foe alike know just where you stand. The mean and petty may impugn your motive, but in doing so they acknowledge you as an important adversary.

It has been noted in many small towns that life forces a person to make up his mind sometimes very quickly as to which type he is going to be. Mollycoddling both sides may be easy in a big city, but in a small town everybody clicks to it right away and your reputation reaches the same low level that your self respect has depressed to. Those who keep silent are thought wise by some but considered dumb by most and sometimes they themselves aren't too sure which label they should display.

A good piece of advice for what it's worth is, join the fray. Say what you think. I can guarantee your life will not be so comfortable, but it sure will take on an interesting slant!

MARRIAGE BY ANY OTHER NAME . . .

A study of teen-age girls by a well-known university gives with the grim realization that 98% want to marry but only 2% want to be housewives. The university staff exploded and headed for the hills like a [illegible] angel when the results were tabulated.

According to the figures Canada's young women want to have their cake but boggle at baking it. They will stick to a man through thick and thin but not through 'Spic and Span'. They wish to taste life to the fullest but washing the dishes following the taste leaves an acidulous taste in the mouths of the female population.

You [illegible] can't blame them. Being a housewife still entails a great [illegible] of drudgery (the 'drudgery' too, makes a killing on the [illegible]). She watches her husband go off to work each morning (if he has a job) there to transact exciting business, surrounded by a bevy of blonde beauties and slinky secretaries cooing around his desk, while she can look forward to nothing but a sink full of old dishes, a tub full of diapers, a garbage can, full, that wasn't emptied by her husband the previous night, and a baby full of Old Nick.

The teenagers haven't been fooled for a minute by the changing of the name of housewife to homemaker. A rat by any other name would still be odorous. Nor have the T-V ads for detergents in which a glamorous creature waltzes into the arms of a handsome, [illegible] young buck neatly attired in a tuxedo, succeeded in befuddling the low esteem in which the gals hold housework.

What Canada's young women want, apparently, is to take the [illegible] out of wedlock and then there would be no need for carrying a [illegible] key chain. The gals wish to be free and continue their interesting jobs, while of course retaining certain advantages in having a husband such as are not covered by most company pension plans.

A man, on the other hand, continues to get married because he wants a woman to look after house and family; to sum it up, in short, a housewife. Poor ape that he is he just doesn't realize that when a girl gives him the eye it is just her way of advertising for a lady's companion with [illegible].

Since the gals are the only ones doing any revised thinking about marriage (without housework) the time cannot be too far off [illegible] the house will do all its own work — electronically of course. Cleaning itself with a robot suction tube into which [illegible] brats will be sucked from time to time, cooking its own food, and if the children break out in a state of [illegible] and try to [illegible] a siren giving off a sound like the wail of a lost soul will automatically go off.

Only by this method can 98% of our girls fulfill their ambitions of [illegible] matrimony. The modern doll will swear and vow to love, honor [illegible] obey as long as General Electric will do the work. Hollywood's rapidly [illegible] couples have left no doubt in our mind that marriage without domesticity is capable of bringing real happiness to thousands of divorce lawyers.

You stick to your guns though, gals; they are aimed straight at your heads.

March 1st was a red letter day in the annals of Vermilion in the completion of the electric light plant and switching on of power. Consumers were agreeably surprised at the brilliancy and steadiness of the lights and the street lighting was a sight to behold after the long spell of darkness. Besides the seven large lights there are thirty smaller street lights scattered at strategic points throughout the town.

Vermilion awarded safety card

A letter received in the town office this week commended very highly the performance of the Vermilion Fire Department and awarded a National Fire Protection Association certificate to the town for its splendid work in assisting to prevent fires.

The contents of the letter read: "The National Fire Protection Association, through the Fire Commissioner, wishes to acknowledge your report of year round fire prevention activities as recorded on the Fire Prevention contest entry form.

"We are pleased to forward the attached commendation card from the general manager of the National Fire Protection Association who is also the [illegible] of the Fire Prevention and Clean Up Campaign committee.

Would you please advise the mayor and council members at the next meeting and make known our Fire Commissioner's office appreciation of the fine contribution of the fire department on this important community effort.
A. E. Bridges,
Fire Commissioner.

Dear Editor:

It occurred to me after reading your report on last week's council meeting that the word "Prejudice" should have been substituted for "Providence" in our opening line. Certainly there was much greater evidence of it in the statement of the councillor who said with reference to the paving program, "To get a [illegible] grant from the government, we have to buy it".

Council had just been discussing a recreational grant of some $23,000 to the town of Vermilion, made with no strings upon it other than it should be used for recreational purposes. Under the Municipal Assistance Act they receive a much greater sum also with no strings upon it and calling for no expenditure on the part of the council. The [illegible] grant, strictly speaking, is not a money grant but an undertaking by the Government to pave so many blocks of streets in the town providing a survey has been made and the streets prepared to receive it by the town. There is nothing compulsory about accepting the offer, but apparently it falls in line with the Vermilion town paving program. It is difficult for me to follow the thinking (or lack of it) behind such a complaint.

I attended the annual meeting of the Vermilion River M.D. in the Kitscoty auditorium last Saturday. In the presence of a large audience and before our sitting representative in the Legislature, the reeve of the municipality told the meeting that despite a balance of $576,000 in the M.D. treasury in January, 1959, our M.D. would be bankrupt today if it had not been for government grants made during the current year. Needless to say, it was the provincial government he was referring to. Similar statements were made at the annual meeting of the Vermilion School Division on the previous Wednesday. One wonders whether these two councils belong in the same province.

"Q" FEVER

There is a strong [illegible] that "Q" fever may be [illegible] in Alberta. This was indicated by Alberta's Director of Veterinary Service, Dr. E. E. [illegible], at a recent Dairymen's convention. Even though blood samples of cattle, sheep and humans had been tested and [illegible] milk samples taken, there is no clear-cut proof of the disease. This is because it has not yet been possible to successfully isolate the organism responsible. Cattle, sheep and goats do not manifest any symptoms, although they are known to be the sources of the infection. In humans the disease is similar to undulant fever, grippe, virus pneumonia or atypical pneumonia. Contaminated dust and raw milk from infected cows are mainly responsible for the spread to man. "Q" fever is classified as an "occupational disease" because it is most common in certain occupations. People working in slaughter houses, wool and hair processing plants, research and diagnostic laboratories and dairies are most subject to the disease.

POTENTIAL DANGERS OF SCREENINGS

Toad flax, leafy spurge and hoary cress are among the perennial weeds which are often spread and even introduced by careless handling of screenings. Screenings are one of the main sources from which new weeds are introduced to a farm or district. When storing screenings be sure to put them in sacks or a tight bin. Check to see that they are properly confined during transit from one place to another. A tarpaulin, correctly put on, will prove a very profitable investment since it will not only prevent the scattering of weed seeds but also the loss of grain. Screenings should not be fed to livestock unless the animals are kept in an enclosure because some weed seeds can pass through the digestive system.

Summaries of the research being conducted by members of the Department of Plant Science at the University are also contained in this publication.

Vermilion MLA Delivers Maiden Speech In Debate On Speech From Throne

ASHLEY H. COOPER, M.L.A.

The following extracts are taken from the thirty minute address given in the Alberta Legislature on Wednesday afternoon by Ashley Cooper, member for the Vermilion constituency. Congratulations were extended to the Speaker of the House on his unique record; to the mover and seconder of the Throne speech and to the newly appointed Lieutenant - Governor, the Hon. J. Percy Page. Tribute was paid to the memory of the late John J. Bowlen, former Lieutenant-Governor. Mr. Cooper then went on to say:

"Another group to receive [illegible] of appreciation are the members who have already spoken. I can now well realize the value of the debate on the Speech from the Throne, as each member brings to us a vivid word picture of the constituency he or she represents, making us more fully aware of conditions and requirements in other areas of the province.

"I am pleased to hear so many members state that they represent the best constituencies in Alberta. Having the best must mean that there is little that they need, so that the Honourable Ministers of the Cabinet, when making up their estimates this year, may concentrate their spending on the Vermilion constituency, where, according to the requests I have received, we need highways and hard-top, bridges, parks, liquor stores, senior citizens' lodges and more telephone service.

"In making my maiden speech in the Alberta Legislature, I feel very humble indeed. I am well aware of the honour which was given to me by the people of the Vermilion constituency, but much more aware of the responsibility that I must assume as a member of this legislature, and which I am never allowed to forget by my constituents.

PEOPLE ENJOY CONVENIENCES

"I have as centres of population in the constituency, one town, that of Vermilion, with a population of 2,400, and five villages, Innisfree, Minburn and Mannville, along highway 16 and the Canadian National Railways, and Myrnam and Derwent, along with two hamlets, Morecambe and Beauvallon, along highway 45 and the Canadian Pacific Railway to the north. Four of these five villages have taken advantage of the Alberta Government's self-liquidating revolving fund and secured money at a low rate to install water and sewage systems. By making this money available, the Alberta Government has made it possible for the people of smaller communities of the province to enjoy the same modern conveniences as city dwellers. This has kept many people, particularly folks who have retired, from moving to the cities. The number of villages and towns whose people enjoy the conveniences of water and sewer services in Alberta is, as we all know, far far in advance of any other province in Canada, directly attributable to the humanitarian policies of this Government.

HOPE FOR NATURAL GAS ALONG C.P.R. LINE

"The towns and villages along highway 16 have enjoyed the advantages of natural gas for some years now and this convenience is being asked for by the centres along highway 45. It is my hope that before the lapse of too much time a natural gas line will serve these villages and hamlets and the farmers adjacent to the lines as well.

AGRICULTURE

"The basic industry in my constituency is that of Agriculture and, as we all know, the farmer is going through troubled and uncertain times. Fortunately Vermilion constituency farming is diversified, with a decided tendency towards cattle and purebred livestock. Year after year breeders from the area take honours at the spring livestock shows in Edmonton and Calgary, and stock from the district is selected by the Department of Agriculture to represent Alberta at the annual Toronto Royal Fair without fail.

SHORTHORN BREEDER HONORED

In keeping with this the district of Vermilion was paid the unique honour last fall to have a well-known breeder of Shorthorn cattle, Mr. W. Lyle Robinson, selected to judge the Shorthorn classes at the famous Toronto Royal. Up to that time it had been the custom to invite stockmen from the British Isles to do this judging.

AGRICULTURAL CONDITIONS GRAVE

"As I intimated before, all is not well with our agriculture. Hog prices are low, egg prices even lower by comparison, and farmers are professing grave doubt about the value of annual deficiency payments to right the shortcomings.

GRAIN COMPLETE LOSS

"The grain, from a marketing standpoint, was a complete loss throughout my constituency. The southern half was subject to a severe drought, there wasn't a drop of rain until the harvest season, and by that time there was no grain to harvest. This was the third year in a row that the farmers in that portion of the constituency had little or no returns from their field crops. This was an area which badly needed help but which received little under the Dominion-Provincial plan for unthreshed crops. The northern half fared somewhat better, they did have fair crops, which were snowed under, so that much of the grain in the better crop areas to the north is still unthreshed. They will benefit under the emergency aid program, and should be able to harvest some grain in the spring.

"It was my intention to deal in some detail with the manner in which the joint Federal-Provincial emergency aid for farmers on the unthreshed acreage plan is working out, but this has been fully described in the address given by the Honourable Member from Bruce, Mr. Hardy. Our experience is the same as his: the aid is not solving the trouble or proving the help it should. Many farmers harvested more than 50% of their acreages under really dire harvesting conditions, in order, in the majority of cases, to obtain livestock feed, and so disqualified themselves from payments under the emergency aid plan. The grain thus harvested was, for the most part, good only for inferior feed, being very low in protein, and had little cash value.

F. U. A. SUBMISSIONS

In a submission to the Alberta Government in January this year, the Farmers' Union of Alberta stated that Alberta farmers in 1957 had a net income of one hundred and eighty four million, fifty-six thousand dollars, which is only $2,600 per farmer. An allowance for interest on the investment would reduce this annual coverage income to $1,600. It thus becomes obvious that the farmers' organizations must explore every avenue in assisting the farmer to reduce his costs. With this in mind, the Farmers' Union made the following recommendations to the Federal Government:

1. Stabilization of the purchasing power of the dollar.
2. The reinstatement of price controls to protect the farmer against the cost-price squeeze.
3. Maintenance of the Crowsnest rate structure.

HIGHER SCHOOL GRANTS

In view of the restricted cash income of the farmer, I was pleased that their [illegible] was recognized in the Throne Speech and that [illegible] appropriations for [illegible] to [illegible] of this Legislature. [illegible] that the Alberta Department of Education pays 51% of the over all costs of education in the province, the education tax on farm lands in my constituency is still high and amounts to a considerable amount [illegible]

[illegible]

BATTLE AGAINST RATS

Along the eastern fringe of Alberta we have another and constant battle being waged in an all-out effort to keep Alberta free of rats. The fact that these undesirable vermin-carrying rodents have been held at the Saskatchewan border for the past several years by the efforts of the Alberta Government raises the hope that we will be able to maintain this province as the only rat free area in Canada. It seems almost unbelievable that these pests have been let spread [illegible] politically [illegible] Liberal Quebec, Tory Ontario, across then-Coalition Manitoba, C.C.F. Saskatchewan, to the eastern boundary of Alberta without one province making any effort to stop them. It was fortunate indeed that Alberta had a Social Credit government, or there is little doubt that the destructive and vermin-carrying rats would have by this time overrun the whole of our fair province, in common with the rest of Canada."

Mannville Locals

Visitors at the home of Mrs. Ruttan on Sunday were Mr. and Mrs. Harry Modin and Audrey of Mannville and Mr. and Mrs. Gordon Henderson and family of Vegreville.

Members of the Senior and Junior C.G.I.T. attended a rally in Vermilion Monday last. Their leaders, Mrs. Gamble, Miss Joan Lynch and Miss Elaine Rea, accompanied them. Transportation was supplied by Mrs. Gamble, Mrs. Park and Mrs. Hubbard. Mrs. Gamble and a few of the Senior group attended a rally at Wainwright at the week-end.

Miss Pat Tennant spent a few days in Calgary last week to be an attendant at the wedding of her niece, Sandra McTavish. Mr. Nelson Modin, Mr. and Mrs. Chas. Blackford and Doug also attended the wedding.

Mrs. J. I. Jones, president of the local Red Cross, attended the convention in Edmonton this past week.

Mr. and Mrs. Walter Gerhart and family have moved from Edmonton to Calgary. Mrs. Gerhart was visiting with relatives in Mannville for a few days before settling in Calgary.

Miss Jean Wright, Mr. Dick Nicholson and Mr. Lorne Ramsay left on Monday for Terrace, B.C., for a holiday. The boys will remain there to work if jobs are available.

Local curlers are planning a mixed bonspiel to begin next week.

The ladies' rink from here competing in the Vegreville bonspiel met very stiff opposition in the rinks from Edmonton.

Several of the lady curlers are contemplating entering the Vermilion ladies' spiel starting Friday.

Mrs. A. E. Williams attended the Diocesan Annual of the Anglican Church in Edmonton last week. Mrs. Reg Lugg who is in Edmonton planned on attending the G. A. and J. A. suppers if possible.

Visitors from Edmonton at the week-end were Mr. and Mrs. Gilbert Majeau and Mr. and Mrs. Dick Newton and family at the homes of G. [illegible] Harrison.

Mrs. Emery Matney is an Edmonton visitor this week.

The Junior High school skating party brought out quite a number of students but too many parents have either outgrown their skates or forgotten how to skate. Doughnuts and pop were served after the young people were through skating.

NEWS from ISLAY

— By Muriel Stone

April 29th is the date scheduled for Islay's amateur programme.

A couple of rinks from Islay are entered in the Kitscoty Bonspiel.

Mr. and Mrs. Ed McFadyen have been in Edmonton visiting their daughter Marian Flood.

Posters are up for the Red Cross evening, March 4th to be held in Islay hall. Come and help the cause.

Hobby fans will get ideas if they visit the Marwayne Hobby Fair. This year was this writer's first visit and it was marvellous.

Tigers Lose Game 5-4, Series 3-1

Season said very satisfactory

Tigers turn in good account

Vermilion Tigers, playing before a crowd of 840 fans, lost a close 5-4 decision to the St. Paul Hornets on Saturday night and thus bowed out of the E.A.H.L. play-off picture for the 1960 season. This was the fourth game of the best of five semi-final series, with Tigers winning one game and Hornets three. Results by games were as follows:

At St Paul on Sunday, Feb 21st: St Paul 10 Tigers 2.

At Vermilion on Tuesday, Feb 23: St. Paul 2 Tigers 7.

At St Paul on Thursday, Feb 25: St Paul 6 Tigers 5.

At Vermilion, Saturday, Feb 27: St Paul 5 Tigers 4.

St Paul Hornets now go against the top-flight Bonnyville Pontiacs in the play-off for the western section championship. This series opened at Bonnyville on Tuesday evening.

In the Eastern section Lloydminster eliminated Maidstone, with Lashburn defeating Neilburg.

The section winners will then play off for the league championship.

FINAL GAME A REAL THRILLER

Saturday's game was a thriller. The crowd was electrified in the dying moments of the game when at 18:58 the Tigers scored two fast goals to narrow the gap to one counter. They pulled Goalie Scoggins but time ran out, the second of their quick counters was tallied at 19:33.

Tigers started like eventual winners and opened the scoring at 10:55 of the first period with Ike Bronson finishing off a play with Ken Brown and Gerry Schmidt. After 18 minutes and 20 seconds had ticked away Gerry Schmidt rapped home the second counter and the Tigers were two in front. Karbashewski of the Hornets went through on his own at 19:19 to cut the lead in half and to start the Hornets on their path to victory.

St Paul scored two in the second to take the lead, without a reply from the Tigers who were finding the newcomer Clelland in the Hornet nets harder to beat as he settled down, appearing rather nervous in the first frame. This youngster is from an Edmonton juvenile team and is certainly an alert net-minder. Bellerive scored from Wolfe and then Wolfe converted Van Brabant's pass and the visitors were out in front 3 goals to 2.

Things began to look really dismal for the Tigers early in the third when Olinik who is an up and coming high school player slapped in Pundick's pass to double the Tiger total 4 to 2. At the 18:30 mark Wolfe went through on his own and the Tigers decided the game was slipping fast and that it was high time something was done. At 18:58 Ken Brown scored on Warner's assist, and then a bare 27 seconds from the final gong Bill Schmidt raised the score to four for the Tigers against five for the busily buzzing Hornets. Again it was Bob Warner who assisted on the goal.

Tiger manager Sandy Dunn pulled out Scoggins and threw six forwards into the attack but the mere 27 seconds ticked off without the tieing goal forthcoming.

Netminder Lorne Scoggins gave his very best exhibition of the season, pulling off many sensational saves during the hectic encounter.

Referees were Ralph Rault and Elmer [illegible] of Mannville.

Missing from the Vermilion line-up were Joe Brower, Stu Barr and Elmer Leahy.

Line-ups

TIGERS — Scoggins, Lowrie, Manning, Brown, Anderson, Dunnill, Bronson, Gerry Schmidt, Ewing, Warner, Bill Schmidt.

HORNETS — Clelland, Van Brabant, Pundick, Olinik, Labrecque, Wolfe, Charuk, Dobid, Gryptor, Moeller, Karbashewski, Bellerive, Cheverie.

SUMMARY

1st period — Bronson (Brown, Gerry Schmidt), Gerry Schmidt; Karbashewski. Pen. Dunnill for holding, Charuk for tripping.

2nd period — Bellerive (Wolfe), Wolfe (Van Brabant). Pen. Dunnill (trip), Bellerive (elbow).

3rd period — Olinik (Pundick), Wolfe; Brown (Warner); Bill Schmidt (Warner). Pen. Charuk (trip).

SIDELIGHTS

The Tigers were playing decidedly short-handed with Joe Brower sidelined with a bad knee, Elmer Leahy, starry young high school player, out with only one good eye. Stu Barr still suffering with a broken nose, and Jim Jones of Dewberry, unable to get down from the city.

Thus ends a really remarkable and highly satisfactory season, whichever way you want to look at it. To begin with, Vermilion iced a district team, with players from Marwayne, Dewberry and Mannville augmenting the Vermilion players ... they won their share of the games and gave a good account of themselves on every occasion ... they attracted a steadily growing crowd which liked the idea of an all local team and the kind of hockey the Tigers were dishing up.

Reg Ireland, Gerry Svenson, Sandy Dunn, Murray Millar and Tom Wilson are to be congratulated on the manner in which they have conducted the team and its affairs this winter. It was well done all the way through and fans are already anticipating next winter's Tigers and the hockey season.

Pictured above are the Tigers following their final league hockey game: Back row, left to right: Stu Barr, Lee Manning, Dave Lowrie, Bob Warner, Ken Brown, winner of the most valuable player award, Bill Schmidt, Hadley Dunnill, John Machon, Elmer Leahy. Middle row: Gerry Svenson, president of the Association; Reg Ireland, Recreational Director for Vermilion; and Sandy Dunn, coach of the Tigers. Front row: Ike Bronson, Frank Ewing, Lorne Scoggins, Gerry Schmidt and Bruce Anderson.

Mannville and District Local News

MANNVILLE. The Hi - C bonspiel on Feb. 20 was very successful with rinks from Ranfurly, Vegreville and Vermilion participating. First place in the main event went to Ranfurly, followed by Wagner, Vermilion, and Croft rinks. The second event was won by Vegreville and Kufeldt. Other rinks were skipped by Majeau, Smith, Laidler, Andrews and Sargent.

On the following Monday Feb. 22, the Hi-C group met for their regular meeting in the church basement with one of the new counsellors, Mr Percy Sloan, in attendance. A short business meeting followed the worship service led by Donna Majeau. The program for the night consisted of dividing up into groups and preparing several impromptu speeches which were recorded on a tape recorder by Mr. Edwin Torrance who was present for the occasion. When played back the [illegible] raised bursts of laughter from the members.

The next meeting will be held March 7. It is hoped to have a guest speaker, Miss Annie Shaw present to speak to the group. Miss Shaw has served for over five years as a missionary in Peru and will show colored slides of that country.

E. C. NELSON

Mr. Nelson was born in 1910 on the farm which he operates at the present time. He took his primary education in the local rural school and graduated from the School of Agriculture at Olds in 1927. He has been active in all local organizations since, as a member of the local school board, chairman of the local co-op association and the local Rural Electrification Association. He became a district director of the Farmers' Union of Alberta in 1955, and went on the executive in [illegible] of 1956. In December, 1956 he became president and later vice-chairman of the Inter-provincial Farm Union Council, second vice-president of the Alberta Federation of Agriculture. He attended the NATO conference in London last June.

Princess Anne W. I.

The February meeting of the Princess Anne W. I. was held at the home of Mrs. George Richardson, with 14 members and two visitors present.

Roll call was answered with a grooming hint and the grooming of hair came out on top. Committee reports followed. It was decided to start a study discussion in August.

Member chosen to act as delegate to the bi-annual conference in March was Grace Scarfe or Frances Parchewsky. A cancer film will be sponsored later on.

Mrs. R. Mead gave a very interesting talk on Retarded Children.

A card party is to be held at Mr. and Mrs. George Mead's on Feb. 26.

Betty Richardson was in charge of the social which was in the form of a contest and won by Jessie Strome.

Next meeting is to be held at the home of Annie Simonet on March 17.

Civil Defense plans four training courses

Alberta Civil Defence has announced that the following training courses will be conducted during the next two months:

Rescue, 7-18 March.
Technique of Instruction, 21-25 March.
Welfare, 4-8 April.
Radiation Monitoring, 18-22 April.

The Rescue course will be held at the C. D. Rescue School on 95th Avenue and 101st Street. During the first of the two weeks the candidates will receive instruction in basic rescue, i.e. the use of ropes, chains, ladders, block-and-tackle, jacks and a great number of tools. They will be taught the fundamentals of searching for casualties through the rubble of demolished buildings, and the precautions to be taken in removing those casualties from the debris.

The second week of the course consists of more advanced training. Candidates will practice the use of generators, pumps, power saws and respirators. Time will also be devoted to oxy acetylene cutting.

The other courses will be held in the Alberta Block, 10036 Jasper Avenue. "Technique of Instruction" is designed to train instructors to help municipal C D organizations. The Welfare course is intended for C D workers who will be responsible for the organization of emergency welfare services in their municipalities."

McQueen United Men Discuss Men's Club

Nearly thirty men of the McQueen United Church, Mannville, last Monday evening heard representatives from the Vegreville A. O. T. S. Club tell of the meaning of the letters and the work of the club in the life of the church and community.

Grace was given by Roy Hay and the purpose of the dinner meeting, which was given through the kindness of the ladies of the W. A., was to ascertain the feeling of the men of the church as to the need or the desirability of forming such a club in Mannville.

The chairman Garret te Kampe, introduced the speakers, who brought out that the A. O. T. S. was something like a church service club and the letters represented one of the sayings of Jesus when He said "I am among you as one that serveth". In other words, each member of the A. O. T. S. is an active member striving to serve God, his church and his community in the best way he knows how.

A committee consisting of Garret te Kampe, Norman Crooks, Angus Smith, Ross Leitch and Florus Groenveld was appointed to investigate further and report back to the men of the congregation in approximately one month.

Following the Benediction, which was pronounced by Rev. Frank Andrews, a sound film strip entitled "What Changed Charlie" was shown and enjoyed by all as it depicted an average male church member and his reaction to a similar type of club as that being considered by the men of McQueen Memorial United church.

Shower Held For Flemke Family

The Women's Institutes in the Mannville area and the Lutheran Ladies Aid Society held a very successful shower for Mr. and Mrs. Henry Flemke and four children, who lost their home and household furnishings in a fire of unknown origin on Saturday Feb. 20th.

These contributions are sincerely appreciated. The money amounted to $83.15 and the donations to $120.50.

The above mentioned organizations extend thanks to the Mannville Legion for the use of their hall and facilities, the St. Joseph's Altar Society, the Bowling Green Community Club and all who contributed towards the tea, brought clothing, household items, food and gave so generously of their money to assist the Flemke family.

NEWS from KITSCOTY

— By Iva Pilcher.

The World Day of Prayer service with Mrs. R. Anthony of Blackfoot as the guest speaker, will be held in St. John's Anglican church at 2:30 p.m. on Friday, March 4th. A cordial invitation is extended to all women to attend this service.

Congratulations are extended to Miss Pat Tyler who skipped a rink which comprised Mrs. A [illegible], Mrs. Ken Gray and Mrs. Mae Hills; brought [illegible] wool [illegible] as second prize in the Challenge at the Lloydminster Ladies' Bonspiel held last week.

Mr and Mrs. [illegible] and Miss Alma Steven of [illegible] accompanied by Mrs. [illegible] Dickie and two children spent the week end here with their parents, Mr and Mrs. Harold Steven and their sister Mrs O. Radcliffe and family.

Kitscoty Ladies' Curling Club held a successful bonspiel recently with Mrs. L. Hornby of Edmonton taking the Grand Challenge. Second prize — Mrs. Sadie Miller; third prize — Mrs. T Schaefer, Blackfoot; fourth — Pat Tyler.

THE GRAY EVENT
First — Mrs. Nita Miller; second — Mrs. N. Cooper, Marwayne; third — Mrs. R. Kay, Blackfoot; fourth — Mrs. M. Espetveidt, Marwayne. Prize for the biggest end was won by Mrs. Frances Mitchell's rink for a five-end count. Mrs. Elsie Jones of Dewberry won the hard-luck prize.

A buffet style banquet was served to the ladies by the curling club members.

Mr and Mrs. Earl Franko of Fort Saskatchewan spent last week end here visiting with their [illegible] Mr and Mrs. Alf Franko.

The following University of Alberta students spent the week end here at their homes: Miss Joan Stewart, Miss Nita Trask and Miss Carmie Ferris.

Mr Herbert Stokes was a business visitor to Edmonton for three days last week. He was a guest at the home of Mr and Mrs. A C Lindell while in the city.

Miss Marian Inglis of Edmonton spent the week end here with her parents, Mr and Mrs. J. G. Inglis.

A warm welcome is extended to Mr. J. Burns, the new station agent, Mrs. Burns and family.

Mr and Mrs. Wilson and Patricia have taken up residence at Wainwright where Mr Wilson is the C. N. R. agent at that point.

Seven members from the Kitscoty C. G. I. T. spent the week end in Wainwright where they attended a C. G. I. T. rally. Mr. J. G. Inglis kindly provided the transportation for the girls to Wainwright and Mr. [illegible] Gray brought them home on Sunday.

The Kitscoty Girl Guide Company held a mother and daughter banquet on their Golden Jubilee on Feb. 22 in the United church basement. Several invited guests were present for the special occasion, a birthday cake suitably decorated was the centre of attraction. Each Guide told in turn of Guiding in thirteen different countries of the world. Other speakers were Mrs. Reg Kay, president of the Guide Association and Miss Anne Englesey, Guide leader. Other leaders present were Mrs. Stan Gerritts and Mrs. E. Moore. The singing of "Taps" brought a very enjoyable evening to a close.

The First Kitscoty Scout troop and the Cubs held their father and son banquet in the Tracy Memorial hall on Monday, Feb. 22 when over one hundred and five guests were served turkey dinner by the Scout and Cub Mothers. Congratulations are extended to Mr. and Mrs. Art Wynn who are the proud parents of a baby daughter born Feb. 29 in the Lloydminster hospital. Kitscoty's Leap Year baby.

Parents' Week-End At The V.S.A.

Parents' Week-end, which has become established as an annual event, attracted a record attendance when ninety-one parents and twenty-seven other guests of the students visited at the School of Agriculture Saturday, Feb. 27th.

Mr. and Mrs. Wm. S. Head [illegible] Prairie travelled [illegible] to attend this event but many other points were represented including: Killam, Ashmont, Namao, Stony Plain, Spruce Grove, Camrose, Viking, Andrew, Vegreville, Glendon, LaCorey, Hughenden, Millet, Flatbush, Westlock, [illegible], Edmonton, Hillmond, Saskatchewan and many more.

The programme included a tour of the premises and an inspection of classroom, shop and laboratory facilities. In a talk by Principal N. N. Bentley on the topic "Let's Talk Shop" he explained reasons underlying various school policies and regulations and discussed several current problems. He assured parents this winter's classes were recording a high level of achievement in many phases of their curricular and extra-curricular activities. The Principal made special reference to the fact that exceptionally good leadership and a keen spirit of co-operation characterized classes this winter.

After a visit with students in [illegible], parents and other visitors had supper with their hosts and later attended the annual "Play-Nite" programme which highlights literary activities of the season at the school.

TULLIBY LAKE

Children in the intermediate room at the Central school missed classes when the teacher Miss Rosalie Williams was under the weather with the flu.

Several of the district's pensioners were saved a trip to Vermilion when the resident [illegible] Mrs. Violet Elliot delivered their free allotment of cans of surplus pork.

There was plenty of excitement at the Behrens' layout when the family cat got its long fur all tangled up in some barbed wire. Many means were tried to free the pet but to no avail. Charles Gullickson proved to be "Johnny on the spot" with his pliers which proved to be sharp enough to cut the wire and free the cat.

The district was shocked to hear of the sudden passing of Mr Oscar Gunderson. He had gone to Edmonton to have some X-rays at the cancer clinic. Taking ill during the night, he was rushed to the hospital by ambulance but was pronounced dead upon arrival. Funeral services were conducted at Frog Lake on Monday by the Rev. Gordon Roach with interment taking place in the local cemetery. Sympathy is extended to the relatives in their bereavement.

Mrs. Wesley Hayes is staying at the home of her daughter Joyce and family, Mr. and Mrs. Vernon Anderson.

Mr. Lier Sr passed away after an attack of pneumonia. He had only recently moved his house out by his daughter Inga's house where he intended on taking up residence. Funeral services were conducted in the Bethel [illegible] church at Tulliby Lake on Tuesday afternoon with interment in the [illegible] cemetery. The district's condolences go out to his many relatives in their time of sorrow.

Mr John Kay is spending some time down in [illegible] community visiting at the home of his daughter Thelma and family, Mr. and Mrs. Frank Robinson.

Donald Rotherham is home from the Yukon for a visit with his parents.

Mrs. Wesley Hayes has returned after visiting her sister for a month in B.C. En route she called on her son Ken and family at Penhold, Alberta.

Mr and Mrs. Art Marshall spent the week end in the district. They took Mrs. Trimble back with them to Edmonton.

Telephone service was disrupted when the Behrens' and Ferris' lead-ins were torn down by a house which [illegible] Kipp had moved out from Lloydminster.

A.T.A. Activities

At the early September meeting of Vermilion ATA sub-local, thirty-seven members attended and elected Martin Skalka as president for the 1959-60 session. Other officers and executive elected at the same meeting were: M. Watt, vice-president; Dave Lawrence, secretary-treasurer; A. L. Husby, sub-local representative to the local board; Eva Brassington and Frank Welsh, salary policy committee; Mildred Klaskinsky, press representative.

At this time each principal introduced his staff. It was decided to hold a supper meeting at the Anglican parish hall first Wednesday of each month.

The first of such suppers was held in October with thirty teachers present. Following the supper a business meeting was held at which time convention plans were finalized.

The second supper was attended by 29 teachers. At this gathering Mr Husby led a discussion on playground supervision responsibilities of the teacher.

The next meeting was a Xmas banquet attended by teachers and their wives, husbands or friends.

The first meeting of 1960 was held on Feb. 4 and discussions were centred around the advisability of a grade 9 scholarship from the A T A.

Next meeting is scheduled for March 4 at which time Dr. De Tro will address the group. The meeting will take place in the west end brick school.

New Manager At Elite Eats

The "Elite Eats" under the management of "Dan" B. Wiecher, opened on Tuesday of this week to serve Vermilion and district with light lunches, coffee and fountain specialties, as well as confectionery, cigarettes and smokers' supplies.

The newly renovated coffee shop is a family business, with Mr. and Mrs. Wiecher and the latter's sister, Miss Mary Yeoman, as staff.

PROTESTS HANGING

CBC news editor Peter Churchill, above, told the government that he won't file an income tax return until capital punishment is abolished. He outlined his "act of disobedience" in letters to Prime Minister Diefenbaker, Justice Minister Fulton and Finance Minister Fleming. Mr Churchill said the income tax department could take his money so he is not evading taxes, just refusing to file a return.

Vermilion Group Host C.G.I.T. Girls

The Vermilion CGIT entertained girls from Mannville, Minburn and Lloydminster recently at a 6 o'clock banquet. Following the banquet, the girls were addressed by Miss Varibou who talked about her trip to Europe and showed slides taken during her travels.

After the showing of the slides the girls retired to the upper room where a devotional period, conducted by Phyllis Brown, Ruth Blackridge, Louise Barr, Wendy Wright and Patricia Stewart, brought a finish to the evening.

Tips on Touring

By Carol Lane
Women's Travel Authority

Lost car keys must be one of the commonest, and least necessary frustrations in modern life. Here are some tips for avoiding it.

Agree on one place the keys should be when they are not in use — a hook in the kitchen, a drawer by the telephone — and be sure they are there.

Have a spare set of keys, and know where they are too. A magnetized metal box will hold the keys under a fender or behind a bumper. Keys taped inside a hub cap are harder to get at but they're safe enough. A spare set in your wallet is fine for you — but they may not help a would-be driver who doesn't have your wallet.

Copy the serial numbers of the keys and keep them in a safe place. Then if all keys are lost, you can have new ones made.

Never lock your keys inside the luggage compartment, even for a minute. If it's a self-locking trunk, it can be a tough key trap.

Take the keys with you every time you leave your car. This discourages thieves and saves you the embarrassment of locking the keys inside.

But what if the keys are locked inside? If a window is open a little, pressure may open it just enough to let you reach the door handle. Sometimes a long hook made of a straightened coat hanger can be slipped by the draft window to reach the door handle. If you must break the glass, wrap a sock or hanky, [illegible] in cloth and protect your hand with cloth or a glove.

Irate gentleman to check-out clerk: "I know they're empty. I ate the stuff while I was waiting in line."

Letters to Editor

Dear Editor

A recent edition of the Vermilion Standard announcing a wheat payment of ten cents a bushel has prompted me to submit the following pertinent facts.

The article, in large print on the front page, referred to the payment as a subsidy which it most certainly is not. It is merely part of the returns on grain sold by the farmers, the sold by the farmers, the full and full and final price of which he will not receive for some time yet.

The Western farmer receives far less Government assistance than most papers would have us believe. Approximately one-fourth as much as the United States farmer and one-seventh as much as his counterpart in Great Britain.

The farmers, who produce our food, is in the only business I know of that is at the mercy of the Law of Supply and Demand. This law, although lauded loudly by big business, is carefully circumvented and avoided by big business, by tariffs, etc.

A recent survey of the U.S. farmers' situation reveals that although their efficiency increased by 65% since 1950, their income is down 1%, whereas labors' increased efficiency of 21 per cent has netted pay increases of 38% since 1950.

These figures (which can be substantiated) apply to farmers in the United States, who fare better than the Western Canadian farmers, for they are backed by the rich U.S. treasury. The Canadian farmer must also pay a good share of the cost of moving our foodstuff after it is sold, which depletes their Wheat Board payment that much more.

A general understanding of these facts and figures should put an end to the hackneyed expression of the "Indifferent Farmer" especially in view of the fact that the farmer receives about 3 cents as his share of a loaf of bread costing us an average of 20 cents per loaf. This proves to me as a wage slave that instead of the farmer receiving a subsidy on what he is giving us all a subsidy by providing such inexpensive raw material to produce the "Staff of Life".

The Standard has, as a representative of a farming community, been in most cases fair and accurate in its dissemination of news, but I feel in this case that the use of the word subsidy has given many people the wrong impression and hope that my efforts as non-partisan will help to maintain the proper perspective to this vital economic struggle our suppliers of foodstuffs are facing.

Vermilion Rotary Club hosts V.S.A. students

Members of the Students' Council at the School of Agriculture were guests of Vermilion Rotary club last week when the programme featured their Principal, N N. Bentley, who gave a review of the cross-Canada survey he made last year on vocational education in Agriculture.

President Hartman Nagel, who hails from Woking in the Peace River area, introduced members of his council and described briefly special duties with which each is charged in the organization of extra-curricula activities at the school. These included Don Hele from Kingman, vice-president Terry Vickerson, Sexsmith, Secretary Les Head, Grande Prairie, Treasurer, Eileen Szabados, Edgerton, member without portfolio and Bill Golby, Pembridge, Bill Newman, Hillmond Saskatchewan, Laurie-Anne Campbell, Edmonton, and chairmen respectively of the Chester Jacknisky, Thorhild Athletic, Gymnasium, Social and Literary committees. Lloyd Seath, who represents the staff on the council, was also present.

In describing the exceptional opportunity to look into just what is being done elsewhere in the field of education for farming, Mr Bentley observed that generally vocational agriculture courses are set up to serve common purposes and are conducting remarkably similar programmes. He was most impressed by the similarity of trends in subject matter treatment, curricula planning and in enrollment figures in various parts of Canada. However, the survey highlighted some differences and provided an excellent opportunity for exchange of ideas.

By comparison with developments in other provinces, Mr. Bentley believes Alberta citizens have every reason to have pride and confidence in their Schools of Agriculture and in opportunities they offer farm young people in this province. He pointed out, however, that education for farming is one of the most challenging forms of vocational training. Facts and figures prove that only limited numbers of young men can be attracted to vocational courses in Agriculture with the result that it is only practical to offer this type of training at relatively few centres where a sufficient volume of students can be assembled to justify the expenditure for the very special facilities and highly qualified staff required to ensure effective instruction.

Alliance Chapel Host to Alberta Pastors At Annual Prayer Retreat

During the past week, Feb. 23-24-25 the local Alliance Chapel has been host to Alberta Pastors' Prayer retreat. This is an annual gathering of the Alliance pastors of the province to especially consider various problems as effecting the ministry in this area.

At the public meetings held nightly during the "Retreat", special speakers were in attendance: Rev. Roy McIntyre, newly elected Superintendent of the [illegible] of the Alliance Rev David T Anderson, a former Pastor of the Vermilion church, now in Beulah church, Edmonton, and Rev. W. W. Sibley, a former Alliance evangelist, now with the Calvary Baptist church in Wetaskiwin. Featured at these services also was the Preachers' Chorus, made up of various Pastors attending conducted by Rev. Harold E. Dirks of Beaverlodge and accompanied on the piano by Mrs. J. M. Schroeder. A male quartet from this group was much enjoyed also.

Altogether there were 25 delegates from various parts of the province including those mentioned above and Rev. Wm. Goetz, newly appointed secretary for Sunday School and Young People's work, for the Western Canadian District; Miss Beryl Sabine, Alberta Beach, Rev. D. G. Hastie, and Miss Ada Noble, Barrhead; Mr. E. Ferguson, Bridgeview, Rev J N Jamieson, Calgary, Misses Marion Hull and Marguerite Railton, Daysland, S W Blenkhorn Devon, Rev. C R Alton Grande Prairie, Rev J. Klassen Hanna, Wm. A. Brown, Hythe; Rev. D. L. Sheardown Irma, Rev C Jarcox, Loon Lake Indian Mission, Rev N. Morris, Marwayne, J K. Ritchie, Ribstone, Rev Ed McCarthy, South Edmonton; Rev. W. A. Dickaw, Stony Plain, Miss Mildred Mallinger, Wapiti Indian Mission, Rev D. Strangway, Wimborne, Rev W Boldt, Dawson Creek, B. C., L. R. Hamm, Pouce Coupe, B. C.

The delegates were welcomed by the local Pastor Rev J M. Schroeder. During their stay in Vermilion the delegates were billeted in homes of the congregation. With the exception of breakfast all meals were provided in the basement of the church and were catered to by the ladies.

Scout Mothers' Association To Help In Hall Maintenance

The regular meeting of the Scout and Cub Mothers' Association was held Feb. 16 at 2:30 p.m. in the Scout hall with only twelve members in attendance. As is customary now, business was discussed over a cup of coffee.

A discussion took place regarding the cleaning of the floors in the Scout hall and it was decided to ask each Cub and Scout mother to either help with the cleaning or make a donation of fifty cents per year towards the cost of hiring this done.

It was noted that several items are required for the hall such as tea towels and cloths, kettle, teapot, tea tray, bread knife, ash trays, butcher knives, and one very badly needed item is a large outside garbage container. Any one wishing to donate one or more of these items should contact a member of the executive. All donations will be greatly appreciated and put to good use.

Mrs. [illegible] consented to act as secretary for the recently formed district council until September. The first meeting of this council will be held on March 25th when the Cub and Scout Mothers will serve lunch.

Thanks are extended to all those [illegible] who so kindly donated to or helped serve lunch at the Cub bottle drive and the district council meeting.

The next meeting will be held on March 15 and it is sincerely hoped that many more mothers will endeavor to attend.

CRIBBAGE TOURNAMENT
A Cribbage tournament and Whist games will be held on Thursday, March 17 at 8 p.m. at the Legion hall sponsored by the Canadian Order of Foresters, Vermilion. Admission $1 for cribbage, 50c for whist. Free lunch. 34

SQUARE NOTES From Circle 8

Hi Square Dancers'. The Circle Eight square dance club held a very successful dance on Feb. 26 with three visiting clubs attending. Johnny Maxwell was behind the mike and used some new calls and contra dancing on his program for the evening. During intermission the floor was filled with people who enjoy round dancing.

Some members of the local club enjoyed an evening of dancing at Union hall last Monday evening and again on Saturday at Vegreville.

The Circle Eight club will be dancing again in the Bowtell hall on Friday evening, March 11th. Ken Waring will be guest caller and all visitors are welcome.

Guy Williams New President Of Friendship Club

Mr. Guy Williams was elected chairman of the Friendship Club for Senior Citizens when they met in the Elks hall, Marwayne. Other officers and executive elected at the same meeting were: Mrs. Sonley, Vice-Chairman, J. Swan, secretary and Mrs. Cy Saltzberry as treasurer. Mr S. A. Berg, convener of the entertainment committee, Mr Giles, convener of membership committee and Mrs. Currie as convener of the kitchen committee.

Cards, crokinole, a contest of calm nerves, just visiting and a delicious lunch rounded off the evening. A birthday cake honouring Mrs. Hayes, Mrs. Bernice Parker and Mr Sonley was cut by Mr Sonley.

Mrs. Ure being the lightest lady present, won a prize.

Next meeting is scheduled for March 14th. More members are needed and all are cordially invited.

NEWS from ISLAY

The Islay 4-H Food club was hostess to the Canadian Utilities of Vermilion on March 3 at the school, when Canadian Utilities demonstrated a portable dishwasher. There were a few prizes.

The Moncrieff family attended recently the wedding reception of Mr and Mrs. Bob McLean (the former Shirley Anderson) of Paradise Valley. Mr Moncrieff proposed the toast to the bride.

On the evening of March 16, the W. A. of Knox church will have the pleasure of a visit from Mr McCorry who will show pictures of his trip overseas last summer. Please keep this date in mind — March 16. All are welcome and the showing will take place at the church.

The World Day of Prayer was held in Knox church on March 4th at 3 p.m. Mrs. Clendenning of Vermilion gave the address. The offerings of the day went toward religious work in many avenues and to many countries.

A tax is a payment exacted by the authority from part of the community for the benefit of the whole. — Samuel Johnson.

Health Unit Notes

INFECTIOUS DISEASE AND PUBLIC HEALTH

Infectious disease has probably been man's enemy throughout the whole of his million years on this planet as possibly it was for those earlier mammals that existed before him. As far back as our records go these infectious diseases have been the same but great changes have occurred in their general manifestations and distribution. Though all of the infectious diseases have been present since the beginning of time it is only comparatively recently that we learned how to differentiate between some of them. In 1676 scarlet fever was separated from measles. Diphtheria was described clearly in 1826 and typhus fever was distinguished from typhoid fever in 1849.

All infectious diseases have a reservoir from which they spread to attack more people, for example cholera lives in the valleys of the Ganges and Yangtze Rivers, the plague bacillus lives on the Gobi Desert, rat and syphilis is to be found in most large ports.

Such diseases as plague, smallpox, cholera and typhus fever were once very common diseases in the British Isles but now due to good public health they very rarely occur. Measles and scarlet fever still occur but their killing power is greatly reduced. Diphtheria, too, has almost disappeared and German measles and chickenpox are now very mild diseases. On the other hand poliomyelitis, influenza, and the common cold are on the increase. The pandemic of influenza in 1918-19 killed 20 million people which is more than the number of deaths in the previous five years of war.

In every country laws are passed to help prevent the spread of these infectious diseases. Certain diseases are listed and these must be notified by householders and doctors in general practice to Health Unit doctors so that steps can be taken to stop the spread of infection. The diseases notifiable in Alberta are cholera, diphtheria, dysentery, encephalitis, food infections and intoxications, measles, whooping cough, poliomyelitis, plague, psittacosis, rabies, Rocky Mountain spotted fever, rubella, scarlet fever and streptococcal sore throat, smallpox, trachoma, typhoid and paratyphoid fever, typhus, yellow fever, and carriers of typhoid, para-typhoid and diphtheria. In addition maternity hospitals must notify diseases of the newborn which include conjunctivitis of the newborn and puerperal infection.

Infection is spread either from person to person or through infected articles so the first step to be taken is to prevent exposure of infected persons where they can infect others. Persons suffering from a notifiable disease should not attend places of entertainment, public places, clubs, hotels, shops, schools, etc., as they run the risk of spreading the disease. Infections often occur in schools and they spread rapidly but the infectious stage of many diseases occurs very early in the course of the disease so excluding the pupil from school is of comparatively slight value. Spread of diseases in schools is inevitable except in the case of those diseases that can be controlled by immunization. When a teacher suspects a pupil has an infectious disease he or she should exclude the pupil from school and notify the Health Unit and the parent. If a teacher knows a pupil is in contact of a disease where quarantine is necessary, he or she should exclude the pupil and notify the Health Unit without delay and should not allow that pupil back in school until the incubation period has elapsed and the pupil is cured, and presents a certificate stating that infection no longer exists. Each school has a list showing which [illegible] ones need quarantine. Schools should rarely be closed due to infectious disease except in rural areas where the school may be the only point of contact.

Infectious diseases are not very severe in the school child but can be in the very young and in these cases the use of gamma globulin is often helpful. The teachers, by reporting cases, can help the Health Unit to get to these young contacts. Infections such as dysentry are sometimes seen in schools and the common towel favors the spread of the disease. Library books may also spread diseases in schools so persons suffering from notifiable diseases should not use school library books. It is still usual to disinfect books used by such people.

Disinfection of houses where people had infectious disease is not very widely practiced now and is confined to smallpox, tuberculosis and diphtheria in most countries. The use of disinfection of articles contaminated by these people is also going out. Sputum and nasal discharges of infectious cases are considered dangerous and these should be collected in tissues and burned. The excreta of typhoid cases is a big source of danger and should be mixed with 5% carbolic acid and allowed to stand for two hours.

The question of atmospheric spread of diseases is a very big one and filtration and chemical treatment of air have been tried. Ultra violet light and aerosols have been shown to reduce pathogenic bacteria but controlled experiments in schools and barracks do not suggest that the total incidence is reduced. Better spacing of beds would be helpful where several sleep in one bedroom.

Spread by means of milk is also a danger and here pasteurization is one of the answers and probably the best answer. Tuberculin testing of cattle and regular clinical examinations by veterinary officers help reduce the incidence.

On the question of artificial immunity, here we rely mostly on the quadruple vaccine to protect against poliomyelitis, diphtheria, whooping cough and tetanus, but we also vaccinate against smallpox and in certain circumstances we inoculate against a lot of other diseases. These immunological procedures are well proven and accepted by all so there is no need to explain them.

A child suffering from any one of the following diseases which shall be regarded as communicable, shall not attend school unless the teacher is satisfied that the condition has been treated to the extent that there is no danger of its being contracted by the other students from the sufferer: impetigo, pediculosis, pinkeye, scabies, ring worm, pinworm, chickenpox, infectious hepatitis, influenza, measles, mumps, German measles, scarlet fever, and poliomyelitis.

ATTENTION: Residents of Innisfree and District —

It has been arranged to make some alterations in the services provided by the Minburn-Vermilion Health Unit for the residents of Innisfree and district. It has been decided to hold two full clinics for immunizations, vaccinations, consultations, etc., in the office each month instead of one full time clinic and three sessions for consultations only. Commencing March 16th, 1960, clinics will be held in the Innisfree office every third Wednesday and every fourth Wednesday of each month from 10:00 a.m. to 11:30 a.m. The clinics for March will be held as follows: Wednesday, March 16 — Innisfree (Office) 10 to 11:30 a.m.

Wednesday, March 23 — Innisfree (Office) 10 to 11:30 a.m.

Dewberry Home And School Meet

At the Dewberry Home and School Association meeting held on Feb. 1[illegible], a gathering of 19 persons heard informative addresses by Miss Arnott, nurse from the Vermilion Health Unit and [illegible], superintendent [illegible] School Division.

Miss Arnott spoke of the value of innoculation and vaccination for various diseases. Several questions were asked, and ably answered by Miss Arnott.

Mr. Blocksidge, superintendent, spoke on Primary education and gave information on loans and grants to High School and University students who wish to further their education. He also answered many questions.

The entertainment committee presented a Valentine contest which was greatly enjoyed. The meeting closed with lunch being served.

Parents are urged to take an interest in the Home and School Association. Next meeting will be on March 10th.

Vermilion and District Co-op. Ass'n Report Successful Year's Program

At the annual meeting of the Vermilion and District Co-operative Association, it was decided by members present to distribute surplus savings as follows:

Cash dividends or rebates on all 1959 purchases; to pay 10% of member equity accrued up to and including 1948 over and above their $10 share; balance of the surplus to be allocated to members' equity as a deferred dividend.

Considerable discussion took place regarding affairs of the association and a vote of thanks was given to management and staff and board of directors for splendid administration.

During the course of the meeting the financial statement was read and explained by Mr. J. Urhyn of ACWA. A feature of the meeting was an address made by Mr. Ken Parsons and Mr. James Jackson of C.C.I.L., Mr. Ralph Miner of ACWA and Mike Novakowsky of the Vermilion district.

At the conclusion of the session the board reported a very successful year. Lunch was then served.

Auditor's Certificate

We have examined the balance sheets of the Vermilion Municipal Hospital District No. 2 as at the 31st of December, 1959 and the statements of operations and surplus for the year ended on that date. Our examination included a general review of the accounting procedure and such tests of the accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion the attached balance sheets and accompanying statement of operations present fairly the financial position of the Vermilion Municipal Hospital as at 31st December, 1959 and the results of its operations for the year then ended in conformity with generally accepted accounting principles applied on a consistent basis.

WILDMERE WINKS

The Wildmere W. A. held their monthly meeting on Tuesday evening with a fair attendance. Mrs. David Hughes gave a very enlightening devotional.

The 'flu is still in circulation. Mr. Holte has been ill and Albert Smith is the latest victim. Waldon Westman has been driving the school bus while Albert is laid up.

Mrs. David Dibben also spent from Thursday to Monday in the hospital. Mrs. W. F. Garnett looked after the children while their mother was away.

Marlene Smith returned to her nursing aide duties at Ponoka on Friday.

Mr. and Mrs. Frank Gibson, Isabelle and Ernest visited at the home of the latter's brother Dan Ford and family in Edmonton for the week end where they attended Varsity Guest Week End. Doreen Martin of Vermilion also enjoyed the week end at the same place. Mr. and Mrs. Waldon Westman looked after Ruth and helped Adam Smith with his chores while the Gibson's were away.

Mr. and Mrs. George Westman of Plenty, Saskatchewan visited at the home of George's brother Waldon Westman and family and other relatives in Vermilion at the week end.

Several rinks from here attended the men's 'spiel in Vermilion last week. Bill Veitch's foursome got 3rd in the Challenge and the Forest Seale rink got 2nd in the citizen's event.

The annual men's bonspiel is on this week, going full force with 32 rinks battling for top seats. The ladies of all districts are doing a very capable job of catering.

The W. I. meeting has been postponed until March 9th due to the bonspiel. The W. A. meeting is also postponed until March 16th so reports from any attending the Presbytery meeting in Viking can be heard.

INCREASE YOUR PROFIT
5 CENTS PER POUND

Grassland fertilized with Elephant Brand produces extra forage and carries more cattle. Because each acre grows extra beef, expense is spread over more pounds, and each pound of beef costs less to produce. The result is Lower Production Cost per pound—LPC and a higher profit on each pound of beef you sell.

In the table below note that fertilizer on grassland lowered the cost of producing each pound of beef by 5 cents and increased the profit per acre by $13.00.

*Lower Production Cost per unit

Marjorie Waldenberger United With Wayne Laird in Double-Ring Ceremony

Miss Marjorie Elaine Waldenberger, daughter of Mr. and Mrs. Stan Waldenberger, became the bride of Gordon Wayne, son of Mr. and Mrs. Clairmont Laird of Clandonald, in a pretty double-ring wedding on Saturday, Jan 30. Rev. C. W. MacKay officiated at the marriage ceremony in First United church, Vermilion, decorated for the occasion with bouquets of roses, and ribbons as pew markers, in colors of red and white.

The bride entered the church on the arm of her father, in a floor length wedding gown of bridal rose lace, with a fitted bodice and bouffant skirt. The dress featured a scalloped neckline and lily point sleeves. Her fingertip-length Princess Anne veil was decorated with sequins and a drop pearl. A single simulated pearl with earrings to match, a gift of the groom, completed her ensemble. The white Bible carried by the bride was enhanced with a trailing spray of red rose buds.

Irene Adam, the maid of honor, and Faye Wilson, bridesmaid, were dressed alike in red velvet gowns, complemented by white feather hats and white gloves. They carried bouquets of white carnations. The little flower girl, Mary Jane King, in a dress of blue velvet, and with white accessories, held a basket of white baby mums.

Stewart Laird, brother of the groom, was best man, and Bob Waldenberger, brother of the bride, groomsman. Ushering the guests to the pews were Miles Kneale, Bob Smith and Paul Leftsgard.

Dr. A. Ben King was the soloist during the wedding service singing "The Wedding Prayer" while the bridal couple knelt at the altar, and "Oh Perfect Love" during the signing of the register. Mr. Jack Brown accompanied Dr. King, at the organ.

To receive her guests in the church hall immediately following the wedding, the mother of the bride chose a Kay Windsor wool dress, in colors of blue and green, completed by black and white accessories, and wearing a white carnation corsage. The mother of the groom wore a printed silk gown in shades of blue and green, and accessories of black. Her corsage was of white carnations. Mrs. Wes Waldenberger, grandmother of the bride, wore a navy blue suit with light blue accessories and white carnations en corsage.

The bridal table was centred by a three-tiered wedding cake nested in a bed of white tulle, and flanked by red and white tapers.

Before refreshments were served to the wedding guests, Rev MacKay asked the blessing. Mrs. C. W. Stephens, Mrs. Carman Long, Mrs. E. M. Stewart and Miss Alice Keith had been invited to pour tea and coffee. Serving the wedding supper to a gathering of 140 were Mrs. Frank Dibben, Mrs. Chester Waldenberger, Misses Lila and Shirley Porter and Miss Edna [illegible]. Misses Irene and Ellen Waldenberger, sisters of the bride, were in charge of the guest book.

Mr. Stewart Laird, as master of ceremonies, called on Mr. Ashley Cooper to propose the toast to the bride. The groom suitably replied.

During the reception Harlan Green whose home is at Dewberry and who plays first flute in the Edmonton Symphony orchestra, entertained with several instrumental solos accompanied by Miss Cheryl Jones of Dewberry.

Mr. Laird read telegrams of congratulations and good wishes from Mr. and Mrs. Bud Hubbard, Calgary; Miss Frances Mihalcheon, Edmonton; Mr. and Mrs. Henry Cocks, Prince George, B.C.; Mr. and Mrs. Stevenson and Vicki, Trail, B.C.; Mrs. Stewart McGibney, Melwyn, Sask.; Grandma and Grandpa Laird, Aunt Frances and Uncle Bob, all of Pilot Mound, Manitoba.

For the honeymoon trip the bride chose a brown, beige and green plaid suit with green ac[illegible]. Her corsage was of [illegible].

The young couple are making their home in Edmonton at 16045 - 89 Ave.

Out-of-town guests at the wedding were: Mr. and Mrs. Clairmont Laird, Clandonald; Mr. and Mrs. Stuart Laird, Assiniboia, Sask.; Mr. and Mrs. Cy Trudel, Edmonton; Bernie Weaner, Ann Hearty, Mrs. Adam, Irene Adam, all of Edmonton; Shirley Fisher, Gordon Lovitt, Rocky Mountain House; Bob Smith, Calgary; Paul Leftsgard, Kyle, Sask.; Mr. and Mrs. F. Thompson, Maidstone, Sask.; Mr. and Mrs. P. F. Thomas, Prince [illegible].

MARWAYNE NEWS

— By G. M. Hutchinson

Birthday greetings and good wishes to Mrs. Ashworth Sr. on her 85th birthday, Feb. 26. Mrs. Ashworth is one of the very old timers in this district, coming [illegible].

Mr. Dmytrash has moved his family back here from Hairy Hill. They are living in Mrs. Ashworth's house. A cordial welcome is extended to Mr. and Mrs. Dmytrash and family.

Mrs. S. Hayes is a patient in Lloydminster hospital after a nasty fall on the icy road.

Golden Age Club Hold Social

The February social of the Golden Age Friendship club, held in the Legion hall on Feb. 17 was very successful. Due to unforeseen circumstances many members were unable to attend, but fifty-six regulars turned up for a gay afternoon. There were 13 tables of whist and one of checkers. Prize-winners were: Mrs. Muir, 2. Mrs. W. Walker and consolation a tie between Mrs. Wemp and Mrs. Waldenberger with the latter being the winner. First prize in the gents went to Mr. C. Thompson, 2. Mrs. Tuey and consolation Mr. Roy Walker. Unfortunately there was an error in the ladies' score cards and after a re-check was made it was found that Mrs. Marion Davis was also a winner for second prize. The club has since given Mrs. Davis a prize from the reserve on hand. Prizes for this social were very generously donated by Mrs. Mabel Lee for the ladies and Mr. George Whyte for the men. Many thanks to both.

After whist was finished, ladies of the Kitchen committee took over and with their usual 'Savoir Faire' had lunch on in very short order. The delightfully decorated birthday cake, bought by the club, and made by the Vermilion Bakeries, was greatly admired and enjoyed by all.

Following lunch Mr. Waldenberger told the assembly of the next social to be held in the Legion hall on Wednesday, Mar. 16th at 2 p.m. sharp, and please watch your "Standard" for further particulars, also bring a friend along. The club extends a cordial welcome to newcomers in town and district, if they are fifty years young or over, they are cordially invited to come to the socials. There is no membership fee, just sign the register and you're in.

The afternoon came to an end with the singing of the theme song, followed by The Queen.

[illegible] LETTER FROM EDMONTON

Provincial Treasurer Ted Hinman Gives Alberta Budget Address

by [illegible]

EDMONTON—Orthodox financing and Social Credit talk dominated the Legislature last week.

Provincial Treasurer Ted Hinman gave his annual budget address in the House and as usual it was orthodox from start to finish. But it demonstrated again that Alberta can get along nicely under orthodox financing so long as oil and gas revenues hold out.

The treasurer brought down a budget calling for spending of a record $228,628,132 in the coming fiscal year — an increase of $18,951,775 over last year's budget. And instead of calling for a deficit as he did last year, Mr Hinman forecast a nominal surplus of $11,687.

He was able to do it by predicting an increase of more than $51,000,000 in overall government revenues, mostly from oil and natural gas and [illegible] by reducing departmental spending programs "again and again."

However, he admitted that in predicting the big increase in revenue the government is showing more optimism than the civil servants who advise the government. In all cases, he said, the revenue figures used are "higher than those originally prepared by departmental officials who are best informed on the trends in respective government [illegible]."

The treasurer made it clear he will be keeping his fingers crossed, hoping revenues measure up to expectations and that spending can be kept within the limits set by the budget.

Except that it calls for increased spending by nearly all departments, there is nothing too startling in the budget. As in past years, education, health, welfare, highways and public [illegible] will cost most.

One notable provision in the budget is a raise in pay for the [illegible] of the Legislature. The cabinet ministers' salaries will be raised to $11,000 from $10,000 yearly. Sessional indemnities paid to all MLAs including ministers will be raised to $4500 from the present $3600. This will mean Alberta [illegible] will receive $15,500. Premier Manning's salary will increase to $14,000 from $13,000 [illegible] will increase.

BUDGET FIGURES

Here, for the record, is a breakdown of budget figures. Ordinary revenue is estimated at $213,872,250, an increase of $51,300,000 from last year's estimate, while capital receipts are estimated at $14,767,000, up [illegible]. This puts total estimated revenue at $[illegible].

Ordinary expenses are estimated at $242,[illegible]142, an increase of $24,380,319. Capital expenditures are estimated at $81,272,991, down $4,438,543, and statutory payments are estimated at $4,000,000, down $1,000,000.

Mr Hinman's budget came on the heels of a mammoth outpouring on Social Credit monetary theories by some of the Socred backbenchers.

The excuse for the debate was a motion by Rev E. G Hansell (SC-Okotoks-High River) calling on the federal government to eliminate the "defects" in the existing monetary system. It gave the Socreds a wonderful opportunity to roll out all the cliches about poverty in the midst of plenty (more truth than fiction), an outmoded money system and powerful forces skulking behind the scenes and controlling the destiny of the world.

But, the notable thing about the debate was that Premier Manning got into it and gave a calm, quiet but forceful talk on Social Credit principles as they apply to present-day politics, without the shouting and the attacks on international bankers and such.

WOULD EXERCISE CONTROL OF MONEY, CREDIT

He said a Social Credit government in Ottawa would exercise control of money and credit and gradually reduce the credit making powers of the chartered banks. He also said the Bank of Canada should provide low-interest loans to all levels of government.

The trouble with the current economic system, he said, is the same as Social Credit has always argued — that there is not sufficient purchasing power to buy all the goods the country produces.

Mr Manning, who is beginning to sound more and more like he may take the national leadership of the Social Credit party, said Canada as a sovereign nation should have the right to create its own money and credit. He found it "ridiculous, absurd and unnecessary" that Canada must go to the United States to get money for capital expansion.

The Premier was drawn into the debate by Ernest Watkins, the lone Conservative from Calgary, who [illegible] that the Bank of Canada is to blame for [illegible]

Mr Watkins said the problem [illegible] Maybe there's some real significance to it or maybe the members are just filling in time, but there's been more talk about Social Credit monetary theories so far this session than in any over the past few years.

Curling and how it all began

With the Annual Bonspiel now in the past and some enthusiastic players already making preparation for the next season perhaps some of you would like to know how the game originated.

There are people who say that the Scots produced nothing, not even whisky, and that curling originated in Holland, golf in France, the kilt in Greece, the bagpipes in Persia, Presbyterianism in Geneva and Scotsmen on the shores of the Mediterranean Sea. Only envious people would make such a statement which would be taken with a grain of salt if not a few drops of genuine Highland Dew.

We can say without fear of contradiction that curling originated on Loch Ness and the famous Loch Ness monster was the cause of it all. In olden days the banks of the Ness were occupied by the clan McEasy, the members of which made a comfortable living by lifting stray sheep and robbing the clan McHaggis which lived over the nearby hills. As all sheep were registered as strays, the living was easy, thus the name of the clan.

Robbing a McHaggis wasn't hard work at all. The McEasy lads merely lay in wait for a McHaggis going home from the pub. A sharp tap on the head and a quick search through the sporran brought in good spending money most every night. As for the McHaggis he would wake up in the morning with a splitting headache and an [illegible] purse and stagger home [illegible] great because he had [illegible] grand time the previous evening.

Things were going along like that until one winter when old Red Angus McEasy, who could read English, saw in a London paper where Americans [illegible] showing great curiosity [illegible] the Loch Ness monster and [illegible] next spring a chartered [illegible] would bring hundreds of them overseas, each with a camera to be the first to take a picture of the monster for posterity.

"You know what will happen", Old Angus said, "with the Americans all over the place a sheep wouldn't dare to come within 30 miles of the Loch. We'd all starve to death. You can't live on chewing gum. There's only one thing for it. The monster will have to go. We'll have to knock him off."

He said this in Gaelic of course, and in Gaelic every man in the clan yelled "Aye".

When someone mentioned that the Loch was frozen solid this being the worst winter in memory, Red Angus organized a crew and had a twelve foot circle cut in the ice with the hope that sooner or later the monster would be curious enough to poke his head through the opening to see what was going on topside; then every able bodied man in the clan would set to work hauling boulders down to the lake and set up a stock pile of ammunition. As Old Red Angus explained it, when the monster reared its ugly head through the hole each man would toss a boulder at him and finish him off.

"I think", said Hamish McEasy, "it wouldn't be a bad idea to have a little practice. Let's skitter a few rocks towards the hole to see if our aim is true."

"Man", said Old Angus, "I always said you had your head on square. Every man to a rock and it's practice we'll have."

The practice turned out to be good sport. Some being good shots, others missing altogether, but it was canny Hector McEasy who saw the sheer waste in [illegible].

"Look," he said. "We're wasting a lot of stone this way and it's hard work forbye if we have to haul more down from the hills. Anyway we may be scaring the monster away. Let's get away from the hole and draw a circle somewhere else. Then we can practice and not [illegible] a single rock."

Everyone [illegible] that this was a braw idea and the circle was drawn and practice resumed. In the meantime, Black [illegible] McEasy was left by the [illegible] hole to watch for the monster.

You can guess what happened. Old Red Angus [illegible] rolled his rock right to the centre of the circle. The crafty Phineas [illegible] put a little English (if you'll pardon the word) on his rock and bunted Red's rock completely out of the circle. The contest was on. In no time at all, other smaller circles were drawn inside the original 12 foot and soon Phineas sent his wife home for the Heather besom so he could sweep away any debris when a member of his team threw a rock. Thus curling originated.

Meanwhile, back at the hole in the ice, Black Donald kept watch faithfully. But when the ugly monster reared its ugly head to see what was going on further up the Loch, none [illegible] heed to Black Donald's cries. Disgusted with them all Donald left the country side and went to Edinborough where saner people lived. History shows that he later formed the first Highland Regiment which was called "The Black Watch."

For all they had invented a new game (Phineas said of his peculiar throw that he made curling) the McEasy forefathers rest uneasy in their graves today because the monster is still under Loch Ness and the banks every summer are cluttered up by gum chewing Americans with cameras draped all over them and true to Old Red's warning there isn't a sheep within 30 miles.

Strange phenomena witnessed

A meteor which streaked through the sky during the nocturnal hours of last Friday created a strange sensation among many local and district residents.

The meteor which appeared at approximately 1:00 a.m. was sighted by Mr. and Mrs. William Cross, at their farm home a few miles north-east of Vermilion. At first they thought a strong wind was blowing due to the manner in which the passing meteor caused the windows to shake. This was followed by a blinding light which Mr. and Mrs. Cross believed was a powerful car light concentrated on their front room.

Mr Albert Hildreth of Vermilion reported seeing the blinding flash and then hearing the rush of air as the object passed over.

Mrs. H. J. Payne of Vermilion reported seeing a fragment of the meteor smash into the earth near Vermilion power plant. She too was awakened by a strange noise followed by a bright flash and upon looking out of her window she saw a small object about the size of a tea kettle glowing ruby red. "It was all over in a few seconds" said Mrs. Payne.

Mr A Locke, manager of the Provincial Treasury Branch at Vermilion reports a brisk business in the sale of the new 1960 license plates that officially went on sale March 1st.

First to apply for the 1960 license in this area was Mr E. M. Stewart who was issued with BE-5001.

There has been a slight change in the numbering system, this year's plate having 4 numbers instead of the usual 3. The new plates have a red background with white numbers. The prefix letters allotted to Vermilion [illegible] are BE.

LADY CHAMPS. Reading from left to right: Emma Locke, Isobel Kent, Mrs. Roberts, president of Vermilion Ladies' Curling Club, Dora Caron and Vi Leveredge. This smiling group of ladies has just been declared winner of the Vermilion Ladies Grand Challenge event. *—Standard Staff Photographer.*

Locke rink of Vermilion wins Grand Challenge

Emma Locke and her squad of broom busters swept their way to a 12-5 victory over Rose Odegard and her rink from Marshall, Sask., in the Vermilion Ladies' Grand Challenge last Sunday. Emma, who was well behind at the 4th end, settled down to some precision throwing, gained the lead and never looked back.

Curling with Emma Locke on the winning team were Isobel Kent, Dora Caron and Vi Leveredge; on the Odegarde rink from Marshall were Rose Odegarde, Dot Dixon, Minnie Hobbs and Olive Pringle.

Third and fourth in the big event were won by Jones from Dewberry and Gower from Marwayne.

Professional Shield

Winners in their respective order were Pawaey, Edgerton; Schoonmaker, Clandonald; Eliza[illegible], Vermilion High school, and Ivy Pare, Vermilion.

Merchants Event

First in the Merchants went to Miss Lucille Desmarais from St Paul; 2, Mrs. B. Ellis, Lloydminster; 3, Mrs. Milne, Irma; 4, Mrs. Pete Morris, Vermilion.

The last event to clear the ice was won by Mrs. Lydia Wagner of Minburn, second Mrs. McCluskey of Wainwright, third Mrs. Joy Manz of Mannville and fourth Mrs. Jean Holt of Lloydminster.

Mr.-Mrs. Smith celebrate 50th. Wedding

Mr and Mrs. H. Ivan Smith celebrated their Golden Wedding anniversary on Friday, March 4th with an open house for their friends.

Mr. Smith homesteaded south of Mannville in 1906. Mrs. Smith, the former Miss Edith Black, came from Glasgow in 1909 and they were married in 1910, making their home twelve miles south of Mannville where they remained for two years. Mr Smith then operated a hardware store in Mannville for several years, moving back to the farm and remaining there until they retired three years ago.

Mr and Mrs Smith have four sons, Barrie of Ladysmith, B. C. and Lewis, Horace and Jim who [illegible] in the Mannville district. They have six grandchildren.

Out-of-town guests present at the celebration were the Rev and Mrs. Brundage of Daysland, [illegible] of Ladysmith, B. C., and Mrs. William Prent, Mrs. Smith's sister of Duncan, B. C.

Basketball tourney slated for Vermilion

An unprecedented 21 teams from all over the north-eastern part of the province will converge on Vermilion this week end for the sixth annual North Eastern Alberta School Basketball tournament. The gyms at the High school and the V.S.A. will sound all day to the shrill of the referee's whistle [illegible] the shouts of players and spectators in the largest tourney held to date for possession of the Clendenning trophy (girls) and the Boake trophy (boys).

Eleven squads will take the floor at the High school to vie for title to the Clendenning trophy in the double knockout event while ten crews will contend for the Boake trophy in a similar schedule at the V.S.A. Play begins at 9 a.m. and continues without let-up through until 10.45 p.m. at least and possibly until almost midnight on [illegible].

It is estimated that [illegible] thing to the neighborhood of [illegible] within [illegible] town.

Schools represented are: Vermilion High, [illegible] Andrew, Two Hills, Derwent, Dewberry, Cold Lake, [illegible], Wainwright, Hughenden, Mannville and V.S.A. [illegible]

V.S.A. boys will defend their trophy [illegible] while the Clendenning trophy will go undefended by the Lloydminster girls who will be playing in Saskatoon for the Saskatchewan High School championship.

The tournament is [illegible] sponsored by V.S.A. It promises great entertainment for players and spectators alike.

Car stolen from lot at mid-'noon

A car belonging to Art Morgan, manager of Art's Cleaners here was stolen from the side of the plant at 4.15 Monday afternoon. A driver for the company saw the vehicle leaving the lot but thought it was the owner.

The car was later reported located at Provost where the car thief, a deserter from the Army had turned himself in.

There was no damage to the vehicle. However, a spare tire and wheel had been sold between Vermilion and Provost, that too was recovered.

Sunday junket nets very little

Approximately $250.00 was stolen from the safe at the Tom-Boy store in Vermilion when thieves entered the building by forcing the rear door sometime Sunday, between the hours of 12 noon and 11 p.m.

The thieves who entered the store carried the safe off with them and pounded the door with a heavy sledge hammer until the mechanism yielded. Other papers and books kept in the safe were left unharmed. The receipts of Saturday's business were not in the safe.

The safe was found one mile south of the golf course gate and one-half mile west, in front of Bill Shepherd's gate. Walter Walker, whose farm is a little further on, noticed the safe as he was driving past when taking the children to school.

R C M P are continuing their investigations and at the time of writing there have been no further developments.

Mixed Bonspiel week of Mar.14

A mixed bonspiel is being planned for Vermilion which is scheduled to take place during the week of March 14. All interested parties are asked to contact Russell Carroll for entry applications.

COURTESY DOES PAY

Bruce Anderson is shown above receiving the trophy for being the most courteous clerk in town. Presenting Bruce with the cup is Rotary president Ross Boake, who expressed his pleasure in being able to make such a presentation. *—Standard Staff Photographer*

Bruce Anderson 'most courteous'

Bruce Anderson of The Canadian Bank of Commerce was [illegible] the recipient of the [illegible] award and was presented with the cup by Rotary president Ross Boake at the [illegible] meeting of the club last [illegible].

The award is sponsored by the [illegible] and is given to a [illegible] who by judges' [illegible] is the most courteous clerk or business owner in town. There were four judges, two [illegible] and two farmers. The judges, who for reasons of their own wish to remain anonymous, stated that a difficult time was experienced in choosing a winner because nearly all clerks they encountered were very courteous.

Bruce received his award by saying "I accept this award not for myself but for everyone who was qualified to be eligible. I have been honored and chosen to be the winner and on behalf of those whom I represent I thank you."

Curt Alfke, manager of The Canadian Bank of Commerce was then presented with a cup for having such a courteous employee.

Town council Hi-Lights

By-law No. 240 with respect to the new proposed sewage system received first reading.

The town of Vermilion will pay the cost of lowering Northwestern Utilities gas line and concrete vault, should it ever be decided to build 52 Street. It was also decided to inform Northwestern Utilities not to lower the gas line until requested by the town.

The town will negotiate with the department of Highways with respect to the 1961 street paving program and make arrangements with the government engineer to look over the proposed sites as early as possible.

Councillor K. E. Rowe was appointed as a one man delegate to interview the Department of Health engineer with respect to his recommendation regarding the proposed sewage disposal system.

Council will ask the Department of Civil Defence to [illegible] them with fire protection outside the town.

Mr. X gone

A modern day Nomad whose omnipresence created cause for coffee cup chatter and who was suitably dubbed Mr X, has vanished. Gone. Left town.

This effervescent [illegible] bubbled into Vermilion approximately three weeks ago and immediately set about making his presence known.

Not a social, religious or private gathering escaped his notice. Some say he was an accomplished pianist, others say he was a well educated wanderer and then others had more to say.

Numerous complaints were received by the local detachment of the R C M P however nothing serious happened as a result of [illegible].

Upon checking with authoritative sources in Vancouver it was established that although he had a split personality, he was harmless.

High school students sponser The Mikado

Under the sponsorship of the students of Vermilion high school, The Mikado, one of Gilbert and Sullivan's greatest operas will be enacted in the auditorium of the high school on Saturday, March 19th. The opera is being produced by students from Vegreville.

The show will begin at 8:30 p.m. Tickets may be obtained from any senior high school student.

P. M. rejects deficiency grain payment

Prime Minister Diefenbaker has again spurned requests for a $225,000,000 deficiency payment to western grain [illegible].

He left the door open to suggestions for other types of aid and implied that he is now waiting upon the farmers to come forward with proposals of their own.

"We shall always be ready to consider appropriate measures to benefit agriculture," he said.

It is believed Mr Diefenbaker is attempting to create a favorable climate for reintroducing the acreage payment system employed in 1958, when farmers received $1 an acre up to a maximum of $200. The program cost [illegible].

SMALL MEN NEGLECTED

"These proposals neglect the needs of the smaller farmers," he said. "They provide no aid to the farmer who has suffered a crop failure. They will give little to the mixed farmer and livestock raiser who market a limited amount of wheat."

Mr [illegible] said a deficiency payment [illegible] "the [illegible] fixed support prices which have been in effect in the United States and have resulted in the piling up of large surpluses."

"The relationship of the price asked for to the cost of goods and services bought by farmers has been left out," he said.

"We must again conclude as we did in 1958 that the fixed support type of deficiency payment [illegible] the most equitable way [illegible] assistance to western farmers during this period of adjustment while the national farm program begins to take hold and work for the farmer."

HOPES FOR ALTERNATIVE

W. J. Blair, vice-president of the Alberta Wheat Pool, said he hopes federal authorities will provide an alternative plan.

"The government must recognize that a great number of grain [illegible] cannot hope to achieve a standard of living comparable with other segments of the economy by selling grain at prices 20 or 30 per cent below those of 12 years ago."

Mr Nollet said: "Mr. Diefenbaker's reasons for refusing payments are invalid. The farmers' request was reasonable in the light of high costs and low farm prices, a consequence of deliberate national policies. I had at least expected some alternative proposals."

He said it appears Mr. Diefenbaker has written [illegible] Canada as being of no political significance."

URGE JOINT REQUEST

Mr Hutton made his comments as he concluded a speech on a Liberal-Progressive motion to ask the Saskatchewan and Alberta governments to join Manitoba in urging the federal government to make immediate cash payments to Western farmers.

He said Manitoba would support the amendment but while the Western provinces are working out their programs he plans to go back to the federal government with further representations.

KEY TO THE FUTURE

In Canada, as well as in the United States, one of the most encouraging and significant developments in the past few years has been the up-grading of education. We are much more interested in—and concerned about—the state of national education than we were even five years ago.

That it is traceable in large measure to the Soviet Sputnik there can be little doubt. Russian space achievements dramatized, as nothing else could have done, the priority given to scientific and technical education in the communist scheme of things. It also did much to arouse us, in common with other great nations, to an appreciation of our deficiencies, and for this at least we can be thankful.

Formation of a national organization — the Canadian Conference on Education — is one indication of our aroused concern. Founded two years ago following a meeting in Ottawa of several hundred representatives of many organizations, the C.C.E., financed and otherwise supported by industry, business, unions, educators and leading citizens in other fields, is doing much valuable work.

There are many other indications that we are now taking our educational responsibilities more seriously. Most of them involve the spending of money. Universities, for example, are finding it easier to raise the huge sums of money they require to do their job of providing buildings, equipment and qualified teachers necessary to cope with the rising tide of students seeking admission each year.

A well-known University in the east has during this period raised nearly $12 million with more than two-thirds of it coming from business and industry.

In the provinces there has been a marked increase in the rate of construction of school buildings and a conscious effort to raise both the salaries and qualifications of teachers. Several technical institutes along the lines of the famous Ryerson Insitute have been established.

All this is heartening evidence of our determination to rehabilitate national education. But it would be wrong to think of it as anything more than a beginning. Much still remains to be done.

This week is set aside as Education Week and it gives us a moment to give fresh consideration to the educational problem which confronts us at the family, local, provincial and national level, in the certain knowledge that today as never before, education is the key to the future of our children and our children's children. So with this in mind let us make Education Week an all-year round project.

OOPS! Department

It is more than likely the gossip columnists need arch supports in their sneakers after having been caught flat footed by Princess Margaret's surprise engagement.

The news of her betrothal to photographer Antony Armstrong Jones appeared in the court circular. Too bad the columnists weren't paid up with their layman's dues.

For the London dailies, however, this unexpected engagement of the Princess has been the worst blow any newspaper has suffered since Truman dumped Dewey.

A few such as The London Times can offer the excuse that their nose is too aristocratically long for them to perceive even what is going on right under it.

But the Mirror and the Dispatch and the rest of the rumour mills with machinery for grinding out royal romances from the rawest material can never be the same.

These journals have operated for years on the assumption [redacted] royal weddings are made in heaven, all the shipping is done from Fleet Street.

* * * *

The great mass of North American news and gossip spoilers were caught just as far off base. Kilgallen didn't have it; Winchell wiggled it. Even Sheila Graham whose extraordinary perception peeks the private lives of all notables, failed to "smell" Antony.

For once Cupid shot an arrow into the air and it came to land they know not where. Shoo!

Needless to say, this terrible failure to read the signs that Princess Margaret had found Mr. Right will mean a major shuffle of sources of tid-bits.

The reporter assigned to man the telescope at Balmoral has already been demoted to proof reading the Braille edition of the Daily Mail.

Former nurses of the Royal Family, in-laws of the palace footmen, titled escorts at theatre parties attended by the Princess are all expected to be cut off without a pittance.

Hardest hit of all must be the gossip columnists of the big [redacted] dailies. Some of these hard-working souls have pioneered [redacted] new branch of mathematics consisting of the number of times Princess Margaret danced with a specific escort and correlating this [redacted] the Townsend constant to formulate the equation of love. It must be a bitter draught to these researchers to see their work sunk without firing a single digit.

For those of us less seriously wounded in this encounter there is cause for admiration and jubilation at the way the Royal Family implemented this coup. They have shown that privacy is still possible in a world that is about to orbit satellites to spy on itself twenty-four hours a day.

They have produced a happy surprise. In fact the same month the two daughters of George VI have brought a new boy into the family — a short month at that.

Only a proper regard for decorum, therefore, restrains us from a cheer "Well done Meg!" May you and your Tony enjoy a last laugh as good as this first one.

A. A's, HERE WE COME!

A lecturer lecturing on the evils of whiskey shouted excitedly "Drink is undoubtedly the greatest curse of mankind. It makes you insult your boss. It makes you quarrel with your neighbour. It makes you take a death-dealing weapon in hand and shoot at your own wife. And it makes you miss her!"

Education...

Your last chance

"Education week — your last chance" is the slogan of the week — or at least you could take a last chance on learning. Opportunities in Education are unlimited and one should consider the courses available either at night schools, adult classes or by correspondence.

Possession of knowledge and abilities gained through training can be an asset the remainder of your life.

Any time you complete a course or have credits on a course of study the Personnel or Employment and Training Departments should be approached so that your latest achievement may be entered on your permanent record.

The mother of a teenage student and Ralph N. Peterson of the Department of Guidance of the Spokane public schools became engrossed one day in the ubiquitous complaint of the teenagers about not having anything to do.

They came up with an answer, several of them for that matter and they are gaining in circulation.

Always we hear the plaintive cry of teenagers "What can we do?"

"Where can we go?"

"I can make some suggestions. Go home! Hang storm windows, paint the woodwork. Rake the leaves. Mow the lawn. Shovel the walk. Wash the car. Learn to cook. Scrub some floors. Repair the sink. Build a boat. Get a job."

"Help the minister, the Red Cross, the Salvation Army. Visit the sick. Assist the poor. Study your lessons. And when you're through and not too tired, read a book."

"Your parents do not owe you entertainment."

"Your town does not owe you recreational facilities."

"The world does not owe you a living."

"You owe the world something."

"You owe it your time and energy and your talents so that no one will be at war or in poverty or sick or lonely again."

"In plain simple words: Grow up, quit being a cry-baby, get out of your dream world, develop a backbone not a wishbone and start acting like a man or a lady."

"I'm a parent. I'm tired of nursing, protecting, helping, appealing, begging, excusing, tolerating, denying myself needed comforts for your every whim and fancy just because your selfish ego instead of common sense dominates your personality, and thinking and requests."

A scene similar to the one shown above was witnessed by many people recently when a meteor streaked through the sky. In this office the following morning the staff was in hilarious mood making wise cracks about what the phenomenon should be called. We [redacted] the Blob.

When this particular means of space conveyance was sliding through the ether at an untold speed this reporter grabbed for his camera and dashed forth to be the first on the scene when the craft landed nearby. I could not however get a picture as the little man who says "Take me to your leader" in a voice that wanders like a high tuned pitch fork prong stated that photographs were not allowed, however he did present me with one that he himself had taken. EGGS — SERVE OFTEN

According to Poultry Products Institute fresh egg prices are expected to continue at economic levels all across Canada during the first five months of 1960. Budget conscious homemakers would therefore be well advised to feature eggs for many meals during these months.

GOOD FOR ALL AGES

Doctors include eggs in babies' diets as early as possible because of the need for iron to build blood. To make digestion as easy as possible, the eggs are soft cooked or scrambled. Eggs are recommended for teenagers since they are satisfying during periods of rapid growth. They supply the body-building protein required by this age group. Adults recognize the fact that eggs are nourishing, easy to prepare and digest. Weight-watchers include eggs in their diet because they have high nutritive value but a low calorie value (75 calories per egg.)

HOW TO SERVE

"Serve eggs 'as is' — poached, fried, scrambled or boiled, whichever ways appeal to your family the most. Serve eggs in combination. Add chopped hard-cooked eggs with vegetables (e.g. peas or mushrooms) to a cream sauce. Eggs also team up with chicken, turkey or other meat. Have you ever tried adding small pieces of left over meat to scrambled eggs or puffy omelet?"

COOKING HINTS FOR EGGS

Remove eggs from refrigerator about 45 minutes before using. Eggs beat up faster and to larger volume when brought to room temperature.

In combining hot mixture and eggs as in custards, cream filling, souffles etc., pour the hot mixture slowly into the beaten egg, stirring or beating constantly. This process cooks the egg gradually. If egg is added to a hot mixture, the sudden heat may cause the egg to curdle.

Store leftover whites in a tightly covered jar in the refrigerator. They may be held for a week to ten days. Store leftover yolks under water in a covered jar in the refrigerator. They may be held 2 or 3 days.

For additional information on egg cookery, write, phone or call into the Department of Agriculture office for our pamphlet entitled "eggs."

Leonard Parke has moved his herd of cattle down from the north. Louis Dufresne has been caring for them where Len put up a major portion of his winter feed supply.

The Friday evening card parties at Greenvale have been in full swing for about two months now. A little dance followed the last one with music being supplied by Wanda Vaness, Dean Benson and Christie Lovell.

Mrs. Johnnie Forbes is convalescing at home after spending a week in the Elk Point hospital.

Jim found the sleigh and rack unharmed at the entrance of his gate and the team was standing unhurt at the barn door. Conclusion of Parliamentary Speech of Ashley Cooper

So far Mr Speaker, I have probably dwelt on some of the more sombre subjects [redacted] in my constituency, such as poor harvest and low [redacted] for agricultural products, [redacted] of which can properly be [redacted] on this government, and the battle against rats. Now I would like to mention some of the very fine things which we have, all of which can be attributed to the policies of our Provincial Government.

VERMILION SCHOOL OF [redacted]

We have, located at Vermilion, one of the two schools of agriculture presently in operation in the province. The schools are under the administration of the Department of Agriculture. The two schools, Olds and Vermilion, have practically full enrollments this term, 160 students at Olds and 167 at Vermilion. Maximum capacity of each of the schools is 180, so there still remains a comfortable margin for increase. Enrollment at our schools of agriculture slipped badly in the years 1955, 1956 and 1957. 1958 saw increased interest and enrollment, which continued in 1959 with the near capacity number of young farm people attending.

It was my privilege to extend a welcome to the students at the Vermilion School of Agriculture at their annual "Introduction Night" shortly after the commencement of the 1959-60 term last October. Each new student was introduced, a short biography given, ending up with his future ambition. Of 87 young men introduced, 80 of them stated their intention of continuing to farm, with the remaining seven planning to further their studies in Agriculture at the University of Alberta. During the years 1954 to 1958 inclusive, 40 graduates from the schools of agriculture enrolled in the Faculty of Agriculture at the University of Alberta.

PLANT & EQUIPMENT LAG

The Department of Labour recently carried out a survey entitled Vocational Training Plan in Canada including a study of the agricultural [redacted] in Alberta. The concluding paragraph reads "With the exception of the farm mechanics building acquired in 1943 and 1948, no major [redacted] replacements have been made to the Vermilion or Olds schools since the 1920s" (end of quote). The original class room and lab building at Vermilion was built in 1912 and '13, and is still in use. In view of the greatly changed picture of education it does appear that we have failed to keep pace with plant and equipment at our agricultural schools, and thus can accept at least partial blame for some of the low enrollments which crept in.

MINISTERS VISIT V.S.A.

The buildings, grounds, lawns, flowers and experimental plots are exceedingly well cared for and present a truly beautiful picture in season. It was my pleasure last summer to accompany on different occasions, the Hon. Minister of Agriculture, Mr. Hahmrast, and the Hon. Minister of Education, Mr. Aalborg, on complete tours of the buildings and grounds, and I believe that they will agree with me that this is one of the show places of Alberta. It is fortunate that motorists on highway 16 obtain a full view of grounds and buildings. We in the Vermilion constituency are very proud of the Vermilion School of Agriculture.

VERMILION PROVINCIAL PARK

One good thing leads to another. Lying to the north and within a mile of the School of Agriculture we have the Vermilion Provincial park and for this developed summer resort we are indebted to the Department of Lands and Forests coupled with a very energetic and hardworking local Parks committee. The park contains 2,271 acres lying along the broad [redacted] River valley. A man made lake covers 123 acres stretching four miles along the valley and varying in width from a half to three quarters of a mile. It has two lovely sandy beaches, bathing houses, camping areas, trailer court, four large camp kitchens at various beauty spots, summer cottages, all within a bare mile of the town. It is a beautiful spot, with miles of drives and lots of country just as nature made it. It has rapidly become very popular as a stopping [redacted] who camp. We [redacted] water, that is, deeper water, especially for the preservation of the fish during the winter, but I believe that the Parks committee have this under consideration. You must excuse me if I appear enthusiastic [redacted] park. It was a life-long dream of the people of the town and district brought to [redacted] by a munificent Social Credit government. We were pleased to have as guests during last summer season the Hon. Minister of Lands and Mines, Mr. Willmore, and the Hon. Minister of Municipal Affairs, Mr. Hooke, who brought along his troupe of entertainers and supplied the Sunday afternoon's program to a large [redacted]

MUNICIPAL PARKS AT BIRCH AND SUNSET LAKES

As a result of the government grants for municipal park development, it is likely that this year will see a start on a municipal park at Birch Lake near Innisfree and at Sunset Lake between Myrnam and Derwent in [redacted]

COMMUNITY PASTURES

The Speech from the Throne mentions increasing the development of community pastures along newly-established lines by the Department of Agriculture in conjunction with the Department of Lands and Forests. We have two such pastures in the constituency. The first one to be opened under this new plan was at Rannock in the north-west corner of the constituency. This pasture contains 12,160 acres. It was officially opened last summer after some 2,300 acres had been cultivated and 2000 acres seeded to tame grass.

The second community pasture is located south of Mirburn, and is divided into two areas, one of [redacted], of which 1,000 are cultivated, and the second project of 7,680 acres. This pasture [redacted] the better as there are many [redacted] with native forage and much more productive than the brush covered [redacted] at Rannock. The Mirburn project when completed will pasture 2500 head of cattle. These community pastures are very welcome to the farmer.

HIGHWAYS

I simply must dwell a little on highways because of possible developments in the not too distant future. Highway 16, the most probable route for a No. 2 Trans-Canada Highway through the Yellowhead Pass, traverses the Vermilion constituency from east to west for its full width. A portion of it is narrow but the surface is excellent. Widening of this road is possibly awaiting the adoption of the Federal Government of a long overdue national road policy and a No. 2 Trans-Canada Highway.

HARD TOP ASKED FOR 45

A gravelled east-west highway serves the villages and hamlets of Morecambe, Beauvallon, Myrnam and Derwent and the area to the north. Highway 41 now completed from the Saskatchewan river to Vermilion, Wainwright and Czar forms a connecting link between all the east and west highways. Residents along highway 45 are asking for hard top.

ANNOUNCEMENT OF BRIDGE LOCATION

Possibly I should take time to tell you of the manner in which the Honourable Minister of Highways made the announcement of the location of the proposed bridge across the South Saskatchewan. This was a highly controversial question. After his department had spent some two months gathering up the necessary data upon which to base their decision, the Honourable minister called a public meeting at Bindloss. The seven M.L.A.s through whose constituencies the highway will pass and who were vitally interested in the location of the bridge were invited to attend, so that they might be fully conversant with the whole project. The community hall fairly bulging with over 300 people. The Honourable Minister had the seven M.L.A.s on the platform with himself, possibly as a safety measure. Possible sites for the bridge were [redacted]. Then the reasons given for the point selected. Despite the fact that there had been at least three schools of thought in that crowd of 300 a motion approving the site chosen passed without a dissenting vote. Furthermore each M.L.A. could face anyone or any meeting and justify that choice of bridge site.

GREATEST GOOD TO THE GREATEST NUMBER

We can all profit by that example. The era of the five-year program will see many such undertakings, the building of bridges, hospitals, lodges and roads. I believe that every precaution should be taken to see that they are placed where they render the greatest good to the greatest number, without fear or favour. As the Honourable Member for Stettler said on Friday, "Let each Member consider the whole province as his constituency."

RAPID PROGRESS ON SENIOR CITIZENS' LODGE

Just a few closing thoughts. The Hon. Minister of Welfare will be pleased to know that rapid progress has been made with the construction of the Sr. Citizens' Lodge in the town of Vermilion. This was one of the last contracts awarded but the building which I visited Sunday is now completely closed in, and nothing can hinder the interior work. It is pleasing to know also of the tremendous interest in this Senior Citizens' Lodge not only by people who wish to live in it, but by organizations wishing to help the older folk enjoy their life in the Lodge.

SCHOOL FOR RETARDED CHILDREN

Another very interesting development in my constituency is that of a school for retarded children. There are nine of these children varying in age from six years upwards, all at school for the first time and they love it. They would stay there all the time if the teacher would let them. This is a most worthwhile project and is made possible by very generous grants for this purpose to the School Divisions. Retarded children are found in every area. If there is no school for them in your community I can recommend this as a most worthwhile and humanitarian [illegible]

PROJECTS WELCOMED

In closing Mr. Speaker I must thank the Honourable Ministers for the projects in the five [illegible]

Artland Wins Northern Hardware Trophy

Kitscoty Boys - Girls basketball champs

As a result of basketball play last Saturday at Kitscoty, both Kitscoty boys and girls are holders of the Heckbert Trophies, emblematic of basketball league supremacy. The day saw the climax of a very successful basketball year in the high schools of Vermilion school division, and the play-offs were staged as a one-day affair in the Kitscoty high school auditorium.

Play got under way at 10:00 a.m. with second and third place teams in league standing meeting in sudden death games. Semi-final winners then went on to meet the league leaders to determine the league champions.

In the first game of the day Marwayne girls met Paradise Valley girls, with Marwayne coming out on top with a 20-12 victory. High scorer of the game was Carol Johnson of Marwayne with 11 points.

In the boys' semi-finals Kitscoty met Marwayne, with Kitscoty the winner by a 47 to 33 score. Top point getters were Bill Curtis of Marwayne with 10 points and Lyle [illegible] of Kitscoty with 14.

In the girls' final Kitscoty displayed great defensive power in disposing of Marwayne by a 10 to 7 count. Maxine Moore Kitscoty led the way with a 6-point performance.

Last game of the day saw Kitscoty boys take an early 10-point lead and go on to overpower a stubborn Vermilion squad by a score of 42 to 26. In the scoring column it was Gerald McLean and Billy Johnson with 17 points and 15 points respectively while for Vermilion the ever-dangerous Alex Russell hooped 18 points.

As a result of the day's play both Kitscoty boys' and girls' teams are holders of the Heckbert Insurance trophies, emblematic of league supremacy.

And so the second high school basketball season has come to a close, a season that has seen the calibre of basketball far exceed that of the first year of operation. If this is any indication of the future trends, then one might expect this area of the province will soon be producing some top-notch basketballers.

Much credit for the success of high school basketball must go to Vermilion School Division who were responsible in the past four years for fine new gymnasiums that one finds in all major centralized school areas of the division.

Ellsworth 4-H Clothing Club Winners

The Ellsworth 4-H Clothing club heard several members who competed in their public speaking preliminary contest with Karen Burk and Joanne Gray chosen winners by the panel of judges, Mrs. Alta Curtis, Mrs. Myrtel McMullen and Mr. Cecil Grant. Karen and Joanne will represent the club at the district finals to be held in Vermilion this week-end.

Another item on the program was a demonstration on "Pattern Alteration" given by Kay and June.

Great day of hockey sixteen teams compete

Emerging victorious from sixteen teams which competed in the annual rural hockey tournament on Saturday was a team of well-conditioned warriors from Artland, Sask. The Artland puck artists subdued the favorites, Heinsberg, by a 4-1 count in the final game. It was the second tournament won on successive Saturdays by this team, as they had captured the prize money at Lloydminster the week previous.

Following the final game the winners were presented with the Northern Hardware trophy, emblematic of the rural championship of the area by Jim Blair, on behalf of the Northern, and the first prize cheque by Gerry Svensson, president of the Tigers hockey club.

The annual rural hockey tournament is one of the greatest crowd attractions of the year, and the town fairly hums with activity when all sixteen teams move in, each with their quota of rabid supporters. It is always a great day.

The tourney is sponsored by the Tigers hockey club and the players and officials take care of the draw, refereeing, scoring and all the one hundred and one details necessary for the operation of a successful all day and evening event. It was again very well handled, attracted a huge crowd all day long, and gave teams who do not have the opportunity to compete in regular leagues a chance to get in lots of hockey.

It is a great annual event and the Tigers hockey club are to be commended for holding it each year, and for the manner in which they handle it.

SIXTEEN TEAMS

Sixteen teams entered this year and a start was made Friday night in order to be able to complete the tourney Saturday evening. Results of the first round were as follows: Vermilion Bob Cats 4, V.S.A. 0; Vermilion Lynx 3, Basswood 2; Heinsberg 16, Elk Point 1; Irma 12, Hillmond 1; Wainwright 3, Ft. Pitt 2; Marwayne 6, Indian Creek 1; Lloydminster 1, Lindberg 2; Artland 5, Paradise Valley 1.

Second Round: Lynx def. Bob-Cats; Heinsberg def. Irma; Marwayne def. Wainwright; Artland def. Lindberg.

SEMI-FINALS

In the semi-finals [illegible] ousted the Vermilion Lynx 6-0; Artland won from Marwayne 2-0.

This brought Artland against the strong Heinsberg crew at 9:30 p.m., with the Saskatchewan community team emerging the victors by a 4-1 score.

GOOD CROWD [illegible] FINAL

Despite the fact that it was possible to watch hockey all day long there was still a large crowd on hand for the final. Heinsberg bolstered the [illegible] of their ardent followers by [illegible] the first goal of the game [illegible] as it turned out the only one they did get, R. Garnier being the marksman. Bud Corney tied the count and the period ended at one all.

In the second, the Artland boys tallied twice, Ed Ridiger from Bud Corney, and then Vic Zavaduck who, by the way, is a brother of Vermilion's Wally. At the end of the second it was 3-1 for Artland.

One of the four Bienach brothers playing for Artland, completed the scoring in the third frame, with Jim Westwood picking up an assist on the play.

Penalties were handed out to Ed Burk (2), A. Buck and I. Bendal on the Heinsberg team, and to Kirkwood, George Bienach and Mac Armstrong for Artland.

THE CHAMPIONS

ARTLAND — Johnson, Bud Corney, George Bienach, Vern Watson, Ed Ridiger, Ray, Bob and Harold Bienach, Mac Armstrong, Vic Zavaduck, Les Halls, Jim Kirkwood, John Westwood.

THE RUNNERS-UP

HEINSBERG — Vinge, Sharkey, Ed Burk, G. Mullins, R. Math, A. Burk, B. Bakala, M. Maksmyk, A. Redman, D. Mykytiw, F. Rainey, Ken Swanson, R. Kaychuk, R. Garnier, I. Bendal.

Tigers trim Dukes

The Vermilion Tigers, out for revenge for a previous loss, sharpened their teeth on the Wainwright Dukes on Wednesday evening and dealt them a smashing defeat to the tune of 8-2 in an exhibition match at Vermilion.

At the end of the first period the Tigers had rifled in three markers to the Dukes one. The second period concluded without any goals being scored. In the third and final canto the Tigers sprang to life and in quick succession, split the atmosphere with a true-aimed and rocket-powered puck.

There were times during the game when feelings began to run high. It was noted that the Dukes were more interested in practising their marksmanship on Tiger players. However nothing serious developed.

Scoring for the Tigers were D. Lowrie, L. Manning, H. Dennills, J. Schmidt and Bill Schmidt with one each; and Ken Brown with three.

For the Dukes, Cooper and Sather each accounted for one goal.

Shooting Power Facilities Nets Three Months in Jail

Shooting electric power line insulators or radio towers is a serious offence and those convicted of this vandalism are dealt with severely by law.

An example of this occurred in court recently when a district resident was sentenced to three months in jail for shooting at a utility radio tower. The defendant pleaded guilty to discharging a .303 calibre rifle at a radio tower, owned by Canadian Utilities Ltd. Damage to the tower was estimated at $423.00.

Each year lives are endangered by irresponsible persons who use power installations as rifle targets. This practice is much more than just an inconvenience to the power company.

When shooting at power installations, damage usually results in interruption of electric service to customers. It can cause hospitals to be suddenly without power, or a fire alarm in your community could be put out of operation. What's more, the marksman who does the damage could easily be electrocuted in the process.

So, for your own safety as well as your neighbors, don't shoot at electric power facilities. It's punishable by law. It can cripple power service when needed most.

HI-SCHOOL HI-LITES

The senior girls basketball team are entered in basketball tournament on Saturday, March 12. Games will be played at the V.H.S. College and Armouries.

Don't forget the "Mikado", a Gilbert and Sullivan light opera to be put on by the Vegreville high school and sponsored by the V.H.S. in the auditorium. Tickets may be obtained from high school students.

The High School is holding the annual curling bonspiel on March 19th. All high schools in the division have been asked to enter rinks.

On March 25th a United Nations public speaking contest, sponsored by the Rebekah Lodge, will be held in the high school auditorium. High school students entering are Frances Sherwood, Lynne Davidson, Dorothy Tovell, Sylvia Wilson, Sharon Isley and Roger Renaud.

Mannville Cub and Scout Troops Reorganize

A Cub Pack and Scout Troop has been [illegible] in Mannville and a new Civilian Committee also appointed to assist [illegible]. The [illegible] consists of the following: R. E. Bee, N. [illegible], L. S. [illegible], [illegible], M. C. Malin, W. Osborn, R. G. Rudd, Rev. Shell and A. Turenchuk. This committee hopes to get the support and encouragement for their efforts from all the citizens of the village and district, particularly from those parents who have boys eligible to belong to either the Cubs or Scouts. It should be [illegible] that without the help from the parents, the committee [illegible] leaders cannot perform [illegible] that they are required to do.

It will be the aim of the committee to keep the public informed as to the activities of these two groups. A public relations chairman has been appointed and information given to him will be written up and published in The Standard every two weeks at least, and oftener if there is enough activity within the organization.

The first programme of the Cubs and Scouts will be a bottle drive which will be held on Saturday afternoon, March 12th. The householders of Mannville are asked to have their "empties" ready for the boys when they call and if possible please have them boxed. It is hoped that all will be seeing and hearing more of the Cubs and Scouts in Mannville than in the past. It is possible with your support. Help these boys to help themselves a bit and "encourage your boy to become a Cub or Scout."

After the Ball

The Spring Open Dance held last Friday at V. S. A. was vastly enjoyed by all those in attendance. The gym was tastefully decorated and visitors danced to good music well played under the guidance of two very capable M.C.'s much to the enjoyment of all. An excellent lunch added to those taking part.

Competition from the hockey tournament, the ladies bonspiel and another Alumni function held on Saturday at Lacombe combined with a free week-end for students in attendance at V.S.A. to drop numbers to below normal for this event. However, it can be fairly stated that all who came, thoroughly enjoyed themselves at one of the nicest functions staged at V.S.A. for some time.

Civil Defence Classes Begin

Classes in First Aid and Home Nursing will start at the following points within Vermilion River M.D. No. 71.

Home Nursing will commence in Islay school, Tuesday, March 15th at 7:30 p.m.; in Dewberry school, Tuesday, March 15th at 7:30 p.m.

First Aid will commence at Hamlidine school, Tuesday, 15th March at 7:30 p.m.; at Vanesti hall on Wednesday, March 16th at 7:30 p.m.

The above classes are all filled with enrolled volunteers.

A First Aid class is being organized in Clandonald. Anyone wishing to enroll, please contact Allan McDonald at the U. G. G. elevator at Clandonald.

Meadowlark - Blackbird winter at district homes

About two weeks ago Mr. Alex Ross told of a meadow lark that had been wintering at their place. Also putting in a very cold and lonely existence is a black bird at Wolters' farm until just lately.

Mrs. Chas. Young of Hindville district left Vermilion on March 1st on the first leg of her journey to Belgium. She expected to be in France by March 21st. It is hoped Mrs. Young will have smooth sailing and a safe return home.

Friends of Mr. and Mrs. Vernon Fuhry of Edmonton may be interested to know that they have moved to 9132, 83rd Street. Also, Trimble's garage that burned down last week was where Vernon worked but luckily he is still employed.

Congratulations to prize winners in Wildmere curling bonspiel, especially to beginners Alwyn Bowman and Fred Nelson who were on the same rink. Franklin Wolters, Clarence Lewis and Bill McGrath, on separate rinks, also brought home prizes.

The Red Cross meeting held at Mrs. Dorothy Sese's on 24th February brought out eight regular and three new members. Three crib quilts were quilted. Next meeting will be at Mrs. A. W. Lyons (Tolland store), on March 30th. Don't forget the Red Cross drive then.

Church will be held on March 27th at 11 a.m.

Farmer's Day is June 10

A cabinet order-in-council passed Monday sets Friday, June 10th as a provincial school holiday to mark Farmers' Day.

Farmers' Day as a school holiday has been much criticized in the past, particularly by city school boards. The Edmonton Public School Board recently went on record as opposing the holiday. Its position is that students are studying for final examinations in June and a holiday at that time is undesirable.

Check that date now.

NEWS from KITSCOTY

Mr. Boyd G. Mitchell and Mr. Alan F. Batty left last week by train for Oakville, Ont., where they will take delivery of two new gravel trucks. Before returning home they plan to visit with several former Kitscoty friends living in that area.

Mr. James Locke left last week to spend a month visiting at Vancouver and Victoria.

Mr. John Dale is at present visiting in Saskatoon with his daughter Mrs. Ross Walker and family.

Mr. and Mrs. Archie McLean, Mr. Bill McLean and Mrs. Arnold Schmidt spent Saturday in Edmonton where they visited with Mrs. Pauline McLean who is in hospital there.

Mrs. C. K. Miller returned to her home on Friday from Edmonton where she had spent the past week receiving treatments.

The Kitscoty United Church W.A. will hold their annual spring tea and bazaar on Friday, March 18 from 3 to 5 p.m. in the Tracy Memorial hall.

Mrs. J. H. Manson spent last week in Edmonton visiting with her daughter and son-in-law Mr. and Mrs. Hilbert Kuehn and little grandson.

Mrs. C. N. Gray is visiting in Edmonton with her daughters and their families. She also plans to visit other relatives west of Edmonton.

Sincere sympathy is extended to Mr. and Mrs. H. A. Stensrud and family in the passing of Mrs. Stensrud's mother at Kerrobert, Sask. The family left by car to attend the funeral which will be held the latter part of this week.

Miss Marilyn Stewart and Mr. Tjerk Bootsman are home from Lloydminster hospital.

Best wishes for a speedy and complete recovery are extended to Mrs. John Bootsman who at time of writing this news is a patient in the Lloydminster hospital. Also to Mr. C. K. Miller who is a patient in the Islay hospital.

Latest word is that Mrs. Everett Miller is progressing favorably in the University hospital, Edmonton.

A cheery hello from friends and neighbors is extended to Mrs. Pauline McLean.

Mr. J. H. (Bert) McCourt has been confined to his home with illness, also Mr. J. P. (Bob) Fox who has not been too well this past week.

Congratulations are extended to Mr. and Mrs. Mike Skoreyko who were awarded a good farming certificate at the Lloydminster short course which was held recently.

Ice Cracks? Martian "Canals"

The mysterious canals on Mars, a Soviet scientist says, are actually deep cracks in the sheet of ice covering the planet's surface.

Tass, the Soviet news agency, quotes astronomer Davydov as saying the internal heat on Mars causes the ice surface to crack.

"Sources of internal heat on Mars," he writes in the youth newspaper Komsomolskaya Pravda, "are thought to be similar to those on earth. Consequently, a depth of about 500 metres (550 yards) below the surface, temperature conditions are such that the ice on top melts.

"Vegetation may well appear along the cracks in the ice. Since the fissures are regular in form, the areas covered by vegetation would, from a great distance, appear to be uninterrupted lines resembling canals."

Mrs. J. Habstritt Passes, March 3rd

Mrs. Pearl Dorothy Habstritt of Vermilion passed away in the Vermilion hospital on Thursday, March 3, at the age of 52 years.

Mrs. Habstritt is survived by her husband, John, her mother Mrs. M. Johnson, one son Lawrence, at home, two daughters, Mrs. M. Childs of Vermilion, and Hazel, at home, three sisters, Mrs. W. Curtis of Dewberry, Mrs. W. Gray of Dawson Creek and Mrs. Gartiner of Lloydminster, one brother Dewey of Edmonton, and two grandchildren.

Mrs. Habstritt and her husband moved to Vermilion a few years ago from the Deer Lake district where they farmed the land taken up as a homestead by Mr. Habstritt's father.

Funeral services were held on Monday, March 7 at 2:00 p.m. at the Alliance Chapel in Vermilion. Rev. J. Schroeder officiated, with interment taking place in the Vermilion cemetery.

Moyer's Funeral Home was in charge of arrangements.

Castle Scott Heads Advisory Board At Mannville

MANNVILLE — There was a large attendance of farmers present at a meeting held in the Elks Hall, Mannville on Feb. 29th dealing with the Minburn Community Pasture.

The meeting was addressed by Gordon Sterling of the Department of Agriculture. Assistants from the Department of Lands and Forests were also present. Many questions regarding administration and organization were asked and informative answers were given.

An advisory board was set up with the following officers being elected: President, Castle Scott; Vice President, Art Roland; Secy-Treas., Clarence Ewing. Additional members are John McLeod, Art Westover, Wm. Bryden and Gus Maron. A fee of one dollar was charged for voting privileges and to set up a fund for incidental board expenses. A further will be applied for. At present the use of the pasture will be limited to [illegible] who were deprived of their pasture land but [illegible] the use of the pasture [illegible] be extended during the [illegible]. The advisory committee will handle the placing of herd sires and fees for same, vaccination and warble treatment etc. and will act in an advisory capacity to the Department of Lands and Forests in the operation of the pasture.

Between 1949 and 1959 the non-agricultural labour force in Canada increased from 3,973,000 persons to 5,[illegible] persons.

NEWS from ALLANDALE

— By Ellen M. Gunness

Weather March 2 — Coldest this winter 44 below in our district. On March 11, 1956 it was 40 below here.

Enjoyed church service over the radio Feb. 21 by Rev. Smith of Lloydminster and the Youth Group. "Cross Roads of Life" One name was very familiar, Miss Margaret Bury. Years ago her aunt (Miss Margaret Bury) now Mrs. Walling of the city, taught school at Allandale. These services are a blessing to the shut-ins.

It was pleasing to see such a good attendance at Clandonald the same day. Service was conducted by the Rev. MacKay and Mr Arbuthnot. The sermon was based on the "Beatitudes", first one "Blessed are the poor in spirit" would be a challenge to all.

Mrs. Mabel Lee and Mrs. Stella Mayers accompanied their nephew Albert Armstrong home from the city on the 19th. His parents Mr and Mrs. Wm. Armstrong accompanied him back on the 21st for a week's holiday.

On Feb. 20 Mrs. Lee attended a Golden Wedding anniversary in Lamont.

Allandale was well represented at the Whist party sponsored by the Princess Ann W. I. at the home of Mr and Mrs. George Mead.

Billie McPhee spent the week-end of Feb. 27 at Pelican Lake at the home of his uncles [illegible] and Lorne McPhee. They took in the hockey game in town that night and the next day journeyed to St. Paul to see another game.

Happy Birthday to Mrs. Lee on her [illegible] birthday, March [illegible]. And to the writer's granddaughter [illegible] at Lincoln Park on her 6th birthday the same day.

Misses Myrna McPhee, Anne McCrae, Jean Poe and Frances Kowalsky had the pleasure of going to Edmonton to attend the Varsity Week-End which was held at the U. of A. Feb. 27 and 28. This week-end, is planned with the idea of giving future university students an opportunity to view first hand activities in and around the campus. The girls had the pleasure of listening to a symphony in Convocation hall, visited the University hospital, watched figure-skating and saw many other interesting displays. It was an enjoyable and educational trip.

Deepest sympathy to Mr John [illegible] family and [illegible] of town, and brothers and sisters in their recent bereavement on the loss of a dear wife, mother, daughter and sister.

"Even death has its wonderful [illegible], though it robs us of those we love, it draws us [illegible] to long for the [illegible]"

The Hebstritt family, so well thought of by all, is well known in the district living for years in Deer Lake area, east of Allandale.

[illegible], who left for Denmark on Oct. 22, 1959, [illegible] returned to the district on Feb. 29. Presently he is at the McPhee home.

Whist at the Centre on March 4th was well patronized, eight tables. Prizes were won by Mrs. Frances Porchensky, Delore Nelson (short of ladies), and Marie Starko, [illegible] Wm. McIntyre, Mark McGlomm and Joe Good.

Next Whist party will be on March 18, 8:30 p.m. Proceeds will be for the Red Cross. Prizes will be donated. Join us for a social evening and help in this great cause.

Mr and Mrs. Gus Throndsen returned home March 4th after spending seven days at Radium Hot Springs and Banff. On the return trip they went to Lethbridge to visit their son [illegible] Mabel and family and at Ponoka visited Grace and Ed Magistad and Morley.

Mr and Mrs. Louis Baldock of Camrose were visitors in Vermilion last Sunday March 6th. In the afternoon they were callers at the Jack Cross farm to have a look at the Hereford bulls.

Jack Cross is preparing his Herefords for the Calgary Bull sale. He leaves on the 10th and all wish him well.

Mrs. Grace Magistad from Ponoka and Orley and Ellen Gunness were dinner guests at the home of Mr. and Mrs. Gus Throndsen on March 6. Mrs. Magistad was in town to attend the funeral of Mrs. Hebstritt.

Closing thought: "He that cannot forgive others breaks the bridge over which he himself must pass if he would ever reach Heaven, for everyone has need to be forgiven."

Celebrate Silver Anniversary

On Friday, Feb. 26, Mr. and Mrs. Mike Woyewitka were the guests of honor on the occasion of their Silver Wedding anniversary, at a surprise party held in the Legion hall, Vermilion.

There were over 200 guests to welcome the Woyewitkas as they entered the hall, at which time a presentation of a beautiful bouquet of red roses was made to the bride of fifty years ago. Mr and Mrs. Metro Ratiuk escorted the guests of honor to the bride's table, on which a three tiered wedding cake was centred flanked by flowers and decorated candles, all set upon a white lace table cloth.

Lunch and refreshments were served by Mr and Mrs. Woyewitka's children to the guests at the conclusion of the dance. Mr John Woyewitka of Edmonton, cousin of the groom, was master of ceremonies.

Relatives and friends of the happy couple conveyed messages of congratulation and good wishes, and a presentation of gifts was made.

Mr Woyewitka thanked everyone for their kind words and gifts, in both English and Ukrainian. Following the singing of "For They Are Jolly Good Fellows" the bride and groom ceremoniously presented the wedding cake. Further dancing to the music of the Country Kings orchestra of Derwent concluded the evening's entertainment.

New Business To Open in Vermilion

Harold E. Smith, formerly of Lloydminster, announces the opening of a new business here. Starting next Monday, March 14, the "Thrift Shop" will open its doors to buy and sell used furniture, to buy beer and pop bottles and horsehair. It will also operate a magazine exchange.

The Thrift Shop is located 2 doors north of the Brunswick hotel.

Mannville Locals

Mr and Mrs. Ralph Rudd and family along with Mr. and Mrs. Elmer Kreller journeyed to Bonnyville last week-end.

A rink skipped by Mrs. Joy Manz won third prize in the Citizens' event at the Vermilion bonspiel last week. Supporting her in this venture were Mrs. Mae Proudfoot, 3rd, Mrs. Peggy Croft, 2nd and Mrs. Sophie [illegible] lead.

Visitors to Edmonton at the week-end were Mr. and Mrs. Frank Ewing and Dougie, David Croft and Mrs. A. Pliskin.

Miss Audrey Medin is undergoing medical tests in Edmonton.

Home at the week-end were Mr. and Mrs. Morris Manz and family, and Allan Williams.

The World Day of Prayer reports a record attendance as compared with former years.

Mr and Mrs. Jack Thomas were Edmonton visitors recently, attending the graduation of their daughter Kathleen from Nursing school.

Mrs. Carl Lynbeck of Edmonton accompanied Mr. and Mrs. Eddie Marshall of that city back home last week-end. While attending to a business matter Eddie's car was stolen which contained their personal effects.

Your local editor has returned home and wishes to thank all who co-operated with Mrs. Edith Johnstone. To the latter I offer my sincere thanks for a job well done.

Just a reminder — this is not a "Don't call us, we'll call you" paper — we need your help in reporting events of interest to all, your visitors, sports news and many other happenings. Thank you very much.

Ross Boake, 1959 president of Vermilion Rotary, is shown above congratulating Elmore Stewart (right), his successor for 1960. Other officers and executive also named at the meeting held Friday, March 4th were: Bill Sutherland, vice-president and director; and Aldous Kent, Alex Palin and Gordon Ross, directors. —Standard Staff Photographer

Golden Age Friendship Club Committees Meet, Discuss Plans

The committees of the Golden Age Friendship club met at the home of Mr. and Mrs. E. Rivett on Thursday evening, March 3, to discuss plans for future socials. It was decided that the next one would be held in the Legion hall on March 16, at 2 p.m. sharp. Entertainment would be in the form of another free bingo. There will be twenty games, and lunch will be served.

As this is the last afternoon social for the season, it is hoped as many members as possible will attend. Please bring a friend along to enjoy the fun. The April and May socials will be evening affairs. Watch your Standard for future announcements.

The members of the Vermilion Golden Age Friendship club would like at this time, through the medium of The Standard, to extend congratulations to the Marwayne Friendship club, wishing them every success for the future and trust that Mr. Sonley will enjoy many more years to cut that 'birthday cake'.

The Canada of today has seven times the area and five times the population that it had on its birthdate, July 1, 1867.

Local Boys make good

RON HEMMINGWAY

King & Queen suggested for future Ice Carnivals

MANNVILLE — A short meeting of the Ladies Auxiliary to the Canadian Legion, Post 22 was held in the local Legion Hall on March 1st at 7:30 p.m. with a good representation of members present.

After various committees were heard from, it was [illegible] that there had been a nice profit realized at the recent ice carnival. Ideas have been discussed as to how the carnival program might be improved, with one suggestion [illegible] that there be a contest for both a King and Queen at future ice carnivals.

At the conclusion of the auxiliary meeting, a Red Cross meeting was held, with a representative present from all local organizations, and noted as a wonderful response to the many letters received by them, due to the combined efforts of the Legion ladies and the Red Cross branch.

Mr. A. G. Gilmet and Mr L. J. Doucet from Canadian Red Cross headquarters in Edmonton were present. These gentlemen showed two very interesting films on Red Cross work, followed by informative addresses, first by Mr. Gilmet on the subject of free emergency aid given by Red Cross in times of disaster, while Mr Doucet spoke on the wonderful uses of human blood, and the necessity of having sufficient funds to distribute and process the blood after it can no longer be used as fresh blood, the maximum period being 21 days. This period having expired, blood has to be stored in other forms until needed. To keep the necessary quantity of blood in stock, with which to meet any emergency, 700 bottles of fresh blood must be collected each week. There is a tremendous amount of fresh blood needed before open heart surgery can even be started. We are fortunate indeed to be able to have this miracle of surgery performed in Edmonton. The Canadian Red Cross blood transfusion service is now free to all in Canada, unlike the United States.

Alliance Renovates

The past few weeks have been busy times at the Alliance Chapel with many people active in painting, cleaning and re-building, to completely renovate the basement.

Now with movable partitions, accommodation is available for 13 Sunday School classes. Regular weekly meetings in the Chapel number about 12 with other meetings which are on a monthly basis. The Alliance Youth Fellowship meets each Friday. There are five children's clubs which meet weekly. The Sunday school has an average attendance of about 130 with a staff of 22 teachers and officers, with classes for every age from nursery [illegible].

DERWENT THEATRE

Showing Sat. and Mon. Mar. 12 and 14, "Gunman's Walk", in color, starring Van Heflin, Tab Hunter and Kathryn Grant in a top-flight Western. Wed. and Thurs. Mar. 16 and 17, "A Kiss Before Dying", presents Robert Wagner, Jeffrey Hunter, Joanne Woodward, with Mary Astor. 35

DEWBERRY HALL

Showing this week end, Fri. and Sat. Mar. 11 and 12, "The Spoilers" in technicolor starring Anne Baxter, Jeff Chandler, Rory Calhoun. Land of violence unconquered brutal. Next week end, Mar. 18 and 19, "Scared Stiff" with Dean Martin and Jerry Lewis. 35

Foresters Plan Bingo

Members of Court Hilltop 1993 Foresters decided that a bingo would again be held this year based on much the same set-up as previous years. The date of the Bingo has been set for April 22nd, and the executive anticipate a worthy attendance.

A cribbage tournament is scheduled for March 17 and is open to anyone wishing to enter.

A rather disappointing factor of the last monthly meeting was the meagre attendance.

CLANDONALD HALL

Showing Fri. and Sat. Mar. 11 and 12, "Marjorie Morningstar", action. Romance in technicolor, starring Gene Kelly and Natalie Wood. Fri. and Sat. Mar. 18 and 19, "Cowboy", outdoor action in [illegible] with Glenn Ford and Jack Lemmon. News reel each week. 35

Greenlawn Goodwill Club Hold Annual Valentine's Party

The Greenlawn Goodwill club met for their annual Valentine party at the home of Mrs. Odell Curtis. Two visitors and twenty six members turned out and a lively time was had playing whist. Mrs. John Sikura and Mrs Roy Jones were the winners of first prizes. Mrs. Eby Walker and Verna Boyce got 2nd. Mrs. McGowan and Mrs. Sidney Avery were the honored ones in the hard luck class.

During the business part of the meeting it was decided to send $10 worth of baby clothes to the burned out family at Marwayne.

The club has arranged to sponsor the Ellsworth 4H Clothing group and help buy prizes for Achievement Day.

Tickets are to be sold on the club quilt for one dollar apiece to members and their friends. Anyone interested contact one of the members. The next quilt is to be tied at the home of Mrs. Bob Gray as soon as a suitable date can be arranged.

All [illegible] taking part in the [illegible] reported a good time and feel they can now make their dresses have a little more of that professional look.

The gala afternoon was brought to a close with hostess Mrs Curtis serving lunch. During tea time the mail man delivered a valentine to each member revealing their last year's secret pal. From the comments, many had made wrong guesses. Names were drawn for next year's pals.

Mrs Odell Curtis won the door prize.

The next meeting will be held at the home of Mrs. Alvin Curtis on March 17th. We'll be looking for a little splash of green girls.

"A MAN'S THOUGHTS MUST ALWAYS FOLLOW HIS EMPLOYMENT"

—Author's name below—

The practice of pharmacy has changed greatly within the past ten years. More than 70% of the medicines now prescribed were unknown before then. In order to keep up with this amazing progress we must be continuously studying medical and pharmacy reports. We must learn the properties and dosage of all new drugs.

We have to discard the old medicines no longer being prescribed and order in every new medicine a physician may specify. All this requires constant thought and we are glad to report that we can fill any prescription, written by any doctor, even one from another city.

A great many people entrust us with their prescriptions. May we compound yours?

CARBON MONOXIDE POISONING

Another cold spell has just arrived and it is likely to last for a little while. It would be well to look into the question of carbon monoxide poisoning. Deaths from this unseen killer have already been reported this winter and more will probably be added to the list. Do not let your name be among the victims.

Carbon monoxide is produced whenever organic material is burned in the absence of sufficient oxygen to transform all of the carbon to carbon dioxide. If we have incomplete combustion of materials containing carbon such as gasoline, oil, coal, etc. we will have carbon monoxide produced. The exhaust gas from automobiles contains about 10% carbon monoxide so this is very dangerous. Natural gas contains only a trace but the incomplete combustion of natural gas may produce a higher concentration. Why this gas is dangerous is because it is almost odourless, tasteless and non-irritating so people are not aware of its presence until some degree of paralysis sets in and they are powerless to do anything about it.

The oxygen carrying power of the blood is interfered with since the affinity of the blood for carbon monoxide is very much greater than for oxygen so that if carbon monoxide is present it is taken up by the blood in preference to oxygen and so the person dies because of lack of oxygen.

How carbon monoxide poisoning manifests itself depends upon its concentration in the air. If there is a high concentration the only symptoms before death may be muscle weakness and loss of consciousness. Should there be less concentration the victim will suffer from headache dizziness, nausea, vomiting and shortness of breath on exertion, next there is mental confusion and collapse. One loses muscle power so that even if it is realized what is happening one is unable to do anything about it due to this paralysis. If low concentrations of carbon monoxide are often inhaled some degree of tolerance is developed and so higher concentrations can be inhaled with fewer symptoms.

PREVENTION OF CARBON MONOXIDE POISONING

1. In the home: — Gas appliances should be properly installed, maintained and operated. All fuel burning appliances that produce carbon monoxide should have flues installed. If there is sufficient air available the gas will not be produced in most instances.

2. Automobiles and Garages: Never run the engine of your automobile while it is in your garage unless you have the garage door open to provide ventilation, otherwise you will get too high a concentration of carbon monoxide. Always open the garage door before you start the engine and warm up the engine outside the garage. Certain types of heaters in modern cars are dangerous and precautions must be taken. With some of these heaters the air intake is under the radiator grill. Now if a car with this type of heater installed is within four feet of the rear of another car that has its engine running, the exhaust from the car in front is drawn into the car behind if its heater is working and this will give a dangerously high concentration of carbon monoxide within one minute if the windows of the car are closed. With this type of heater more than four feet of space should be between the exhaust of one car and grill of another.

Another source of danger is where one's automobile is partially covered with snow. This is dangerous. If the exhaust pipe is blocked and the engine is started carbon monoxide backs up into your car and fatal accidents have occurred in this way. So be sure your exhaust pipe is uncovered before you start your engine. During cold weather one should keep a greater distance behind the car in front and at all times no matter what the weather is like one should have one of the car windows partially open as very small concentrations of carbon monoxide from other users of the road will impair a driver's judgment and slow down his reaction time and so cause accidents. With a little care this can be avoided.

TREATMENT OF CARBON MONOXIDE POISONING

The first thing to do if a case of carbon monoxide does occur is let in some fresh air by opening all windows and doors and then take the victim out into the open air and start artificial respiration until the doctor arrives. Artificial respiration may have to be performed for many hours before normal respiration is restored. When breathing is poor a mixture of oxygen and carbon dioxide if available is very helpful. It is also essential to cover the victim as warmth is very necessary for these cases.

If the above rules were followed especially during the cold spells, this creeping killer would not claim so many lives each year. This is something that we can do something about and knowing all the facts as we do, nobody should fall victim to carbon monoxide poisoning.

It has been decided to hold two full clinics for immunizations, vaccinations, consultations, etc., in the office each month instead of one full time clinic and three sessions for consultations only. Commencing March 16, 1960, clinics will be held in the Innisfree office every third Wednesday and every fourth Wednesday of each month from 10 to 11 30 a.m.

CHATSWORTH CHATTER

The Chatsworth Country Club held their February meeting at Mrs Clayton Davis' on Feb. 25, it having been postponed from the previous Thursday. There were ten members and five visitors present, the visitors being Miss Milburn, Mrs. Mixick, Mrs Kochan, Mrs Edna Ferguson and Mrs. Phillips. (Mr East and Mr Dahoy, kind husbands who provide transportation for their ladies, were present also.) The sick committee of Mrs Arthur Tovell and Mrs E. Henningsen reported no sick members and continued on for another month. Membership fee to the Multiple Sclerosis Chapter was paid, donations were made to the Heart Fund and Polio Fund. Mrs Dahoy reported on the used clothing donations, ("CARE" does not accept same). It was decided to hold a tea and sale of home baking this month at the Legion hall in Vermilion, March 26th. The next meeting is to be held at Mrs. Dahoy's on March 16th — please note change of date. Ladies' Lunch committee is Louise Davis, Mrs. Farkash, Kay Good, and Sophie Jacula. At the close of the meeting a delicious lunch was served by the hostess assisted by the lunch committee. The mitual draw, donated by Mrs East, was won by Miss Milburn.

Following the serving of lunch, a beautifully decorated basket filled with baby gifts was presented to Mrs. Clayton Davis. The gifts were then opened and passed around, to be admired. The ladies were thanked by Louise, who had been kept quite in the dark about the shower.

Mr and Mrs. Clayton Davis now have their new little daughter at home.

Mrs. Farkash returned from her visit to friends at Saskatoon last week.

The whist party held at the Chatsworth community centre last Friday was well attended, there being eight tables in play. The winners emerged: ladies, tied, Kay Good and Jennie Haseniuk, Mrs. Good winning on the cut and Mrs Haseniuk taking second. The ladies' consolation was also tied, with Mrs. Farkash and Mrs. Pich, Mrs. Pich taking this prize. The winners of the men's prizes were Dean Jacula, Jim Thompson and Ken Thompson. A tasty lunch was served to close the evening's enjoyment. The next whist party is to be held on March 18, the sponsors being George Farkash and John Haseniuk.

The community extends congratulations and good wishes to Mr. and Mrs. Richard Good of Vermilion, on the occasion of their 50th wedding anniversary on March 8th.

Weather is March-like, snow flurries, sunny days, cloudy frosty nights and some wind. Sunday's storm brought considerable snow in a very short time, and there was slight drifting that same day. However, most roads show little effect as yet, but if we get any wind the going will get tough.

C. W. L.

The Vermilion C. W. L. held their March meeting in the Parish hall on Monday evening, March 7th. One new member was introduced. Plans were made for the spring tea and bazaar to be held in the Legion Hall April 30th. The project for March is the selling of shamrocks. Members were appointed by Father Landrigan to serve on the nominating committee. The meeting was closed with a hymn to Our Lady. Two films were shown after the meeting.

MARWAYNE NEWS

Congratulations go to Mr. and Mrs. Homer Hines on the birth of a son in Lloydminster hospital on Feb. 29.

Congratulations and good wishes also to Mr. and Mrs. W. Mork, the former Donna Wilcox, who were married in Lloydminster Saturday, March 5.

Visitors to Saskatoon this past week were Mr. and Mrs. Jim Hale, Wayne and Mrs. Allen Sr.

Mrs. Ted Carson is a patient in an Edmonton hospital. Mrs. Phil Miller is in Lloydminster hospital. It is hoped they will have a speedy recovery.

The Ladies' Auxiliary to the Canadian Legion will hold a bake sale and tea in the hall Saturday evening March 12, 7 to 11 p.m.

A party was held at the home of Mr. and Mrs. Alvin Parker on Sunday in honor of the marriage of Mr and Mrs. Dave Crichton of Edmonton. Others attending the party were Louise Parker, Garry and Darrel Brown.

Parent-Teacher interviews were held at the school the past week with a good attendance of parents, and much visiting was done over coffee in the lunch room. Parents of the children in Marwayne school are fortunate to know their school so well through interviews and their H. & S. Association

Miss Muriel Craig, nurse-in-training at Lamont, has been home for a three weeks' holiday. Miss Iona Parker came home Saturday to begin her three weeks' holiday.

Joe Culford, now in the Army and stationed at Calgary, is at home on leave

World Day of Prayer service was held in St. George's Anglican church on Friday, March 4. The theme "Laborers Together with God", was prepared by the Women's Inter-Church Council of Canada. The address was given by Mrs T Burke. The offering $15.60, is sent to the Inter-Church Council and used in many different ways and helps to extend the missionary outreach of the Christian Church

Remember the band concert by the Lloydminster band in the Marwayne school auditorium on Sunday afternoon, March 13.

The Marwayne Merchants competed in the Vermilion hockey tourney last Saturday. They won their first two games, with Indian Creek and Wainwright, but lost their third game to Artland, the eventual winners. The Merchants got third prize money.

World Day Of Prayer Observed

Approximately 76 women of the United, Missionary Alliance and Anglican churches attended the World Day of Prayer service in Christ Church, Mannville, on the first Friday in Lent, March 4th. Mrs. Angus Smith and Mrs. Ronald Forsyth were the leaders for the service with lessons being read by Mrs. Stella Symington and Mrs. Maude Ross. Prayers were offered by Mrs. Alice Rutherford, Mrs. Russell Whitman, Mrs. C. Mercer, Mrs. A. Hubbard and Mrs. Roy Hay. A duet "There's a Beautiful Garden of Prayer," was beautifully rendered by Mrs. James Hill and Mrs. M. Ross.

Mrs. Frank Andrews, in an inspiring address gave a synopsis of the beginning of World Day of Prayer service, then spoke on the theme "Labourers Together with God."

Offering collected was sent to the Women's Inter-Church Council of Canada, for missions, refugees, British & Foreign Bible Society, and others.

Annual Board of Trade Minutes

Report of the President, Mr. J. V. Kneale, for the year ending Jan. 27, 1960.

"The President's report to you must of necessity be a brief outline of the work of the Board during the past year. In this connection, I would like to say that the worth and value of this Board to the town and community and to each one of us who is a member, cannot be measured or limited only by certain concrete things accomplished or results obtained. As has been stated before, the Board in many cases can only suggest or recommend, and the regular weekly meetings at which any matter pertaining to the welfare or advancement of the town and district can be mentioned and discussed and recommendations made and ideas exchanged, are invaluable. These meetings provide an opportunity every week for an idea or proposal which may be conducive to the advancement or welfare of the town or district to be voiced by any member, debated upon, and promoted if worth while. This alone, in my opinion, justifies the continued existence of this Board.

I am proud to have been your president during the past year and I have enjoyed my work in that office. I wish to express my appreciation to every member of the Board for their co-operation and help, and I particularly wish to thank the members of our executive and of the various committees of the Board for the work they have done during the past year.

I would also at this time personally thank our secretary for his help and assistance during the year. His work is much greater than what appears on the surface and without his capable aid the work of the president would be very onerous.

I am very pleased to note our total membership for the past year showed an increase over the previous year. The attendance of the weekly luncheons, although at times very satisfactory, was not on the average, quite as good as the previous year. I trust the incoming executive will devise ways and means to increase the attendance at the weekly luncheons. I think it most important the members attend these weekly luncheons because, as I have already suggested, I feel these meetings are of the utmost importance to an effective and sustained activity towards the objectives of the Board, which are, the advancement and prosperity of the citizens comprising the town and adjacent community.

AGRICULTURE

The Board has at all times endeavored to co-operate with the farmers in our district. We welcome our farmer members and hope they will join our Board in increasing numbers.

Right here I would like to pay tribute to Mr Ralph Wilson who has been Chairman of our Agricultural committee during the past year. He has discharged his duties most capably and has faithfully attended our luncheon meetings whenever possible and at times with some inconvenience to himself.

Mr Wilson brought before the Board the F.U.A. resolution re deficiency payments of grain which the Board endorsed and made a grant of $25 to the F.U.A. delegation to Ottawa in this connection. We later had the privilege of hearing a very interesting report from F.U.A. delegate Mr. Karl Mo[illegible] on his trip to Ottawa as a member of the farmer delegation.

Last February the Board had the secretary write to the Hon. Mr Gordon [illegible], Minister of Telephones, [illegible] as to what his department would do if anything towards the establishment of isolated telephone lines. The matter was brought to the attention of the Board by the Agricultural committee.

As a result of representations of the Board Mr Wilson was able to announce at our Sept 2nd meeting that the Northern Alberta Dairy Pool would establish a milk homogenizing plant here.

Relative to the N.A.D.P. the Board had the pleasure of listening to a very interesting address from Mr F. Stanley, general manager at our meeting of Nov 25 on the dairy business.

Under the able direction of Mr Cliff McCormick the Board sent out 200 questionnaires to the farmers of the district regarding the possibilities of the establishment of a milk evaporation plant here. The results of this questionnaire were tabulated and a brief submitted to the Carnation Milk Company [illegible] the establishment of a plant here which received [illegible] consideration of the company and which may yet [illegible] The Board [illegible] of [illegible] it would [illegible] here [illegible] of [illegible] of [illegible] prepared [illegible] [illegible]

[illegible] kind [illegible] would receive the continued study of the Board with the view to the [illegible] promotion of the same.

Further, in connection with Agriculture, the Board instructed its delegates to the annual meeting of the Associated Boards of Trade and Agriculture, to endorse the resolution to arrange the establishment of a Veterinary college in Western Canada.

At this point I would like to again express appreciation of the Board to Mr. Cliff McCormick who, when he was in Eastern Canada last summer, attended at the plant of the Carnation Milk Company at his own expense and did what he could to advance the idea of the company locating here.

ROADS & COMMUNICATIONS

Our Roads committee, under the able chairmanship of Mr. McCormick and with the assistance of Mr Ashley Cooper, brought to the attention of the Minister of Highways, the necessity of better maintenance of highway 41 and, as in the past, urged the same be double-surfaced as soon as possible.

Delegates from the Roads committee also attended a meeting at Lloydminster and supported a resolution to have the Canadian National Railways Continental routed over the Edmonton-North Battleford line which, as you know, subsequently came to pass. Later, as a result of representations made by this Board through our secretary and with the co-operation and assistance of Mr C. Smallwood, M.P. for Battle River-Camrose, this train now carries mail, with the exception of registered mail. This is a great boon because it enables mail to be mailed as late as 9 p.m. including Sunday.

We also have to thank the members of our Roads committee, particularly Mr. E. M. Stewart, who attended a meeting at Bindloss called by the Hon. Mr Gordon Taylor, to discuss the site of the new bridge crossing the site of the new bridge crossing the South Saskatchewan River, as a result of which the bridge was located at Sandy Point. Mr. Stewart, Mr. McCormick and Mr. Reg Mitchell attended this meeting as our representatives.

PUBLICITY & PROVINCIAL PARK

Last summer the Provincial Park had a most successful season according to the report given the Board by Mr Ken Urquhart, member of the Provincial Parks committee. Mr. Urquhart expressed the appreciation of his committee for the promotional efforts of the special committee of the Board namely Dr A. Ben King and Mr. Jim Champion. This committee is to be commended on the excellent work done in this regard, not only on publicity by way of folders, newspapers and radio, but also for the showing of films at the park every Sunday evening which certainly must have involved a lot of effort on the part of the committee. We are indebted for the invaluable assistance of Mr. Palin whom, I believe, ran the films every Sunday.

Dr King, Chairman of this committee, in his written report to the Board, stated he believed the publicity put forth in this promotion was excellent. He suggested, in future, Vermilion and the Park should be publicized in all tourist and publicity publications and the Provincial Department of Publicity should be contacted early in the year in this regard, as the Department would print folders, streamers, cards, etc., if we gave them the necessary information and help distribute the same.

Dr King felt it was too much to expect the Board to put on functions such as concerts, at the Park. He thought such functions should be undertaken by some other body such as a service club.

Cameron Commission Report Aired: Members Still in Dark as to Action

by KEN MASON

EDMONTON.—Education Minister Anders O. Aalborg spoke about the Cameron Commission report in the Legislature last week, but when he finished members still didn't have much of an idea what is going to be done about it.

Speaking during the buget debate, Mr. Aalborg said many of the recommendations in the commission's report on education will be implemented while others may be adopted in modified form.

But he made it clear the government [illegible] a program to deal with [illegible] recommendations [illegible] that the education [illegible]

The [illegible] ample time to study the bulky report he said [illegible] weeks and months [illegible] there will [illegible]

However, for those who like to read between the lines, he referred specifically to the recommendations that all school teachers be required to have university degrees by 1971. In considering this recommendation, he said it would reduce the number of new teachers joining the profession and "we can't get along with fewer teachers".

As for another of the commission's major recommendations — new pay scales for teachers based on individual merit — he said this will get serious consideration.

The Legislature talked about almost everything under the sun last week but perhaps the most memorable debate arose out of a motion by William Kovach, Social Credit from Pincher Creek-Crowsnest calling on the federal government to do something for the sagging Canadian coal industry.

Highways Minister Gordon Taylor who represents the coal-rich Drumheller Valley area, used it as a springboard for his annual dramatic desk-pounding attack on Canadian government coal policies.

Mr Taylor said it's time for Ottawa to "get off its fanny and do something" about the coal industry. He lasted the Federal Tories for policies which allow United States coal to be shipped into eastern Canada, said the western Canadian coal industry wants nothing but a chance to compete equally with U.S. coal fields.

Good news came a couple of days later that Japan has ordered more than [illegible] tons of coal from the B.C. and Alberta [illegible] of the Crowsnest Pass area and more orders are expected.

Industry and Development Minister A. R. Patrick said tests have proved Alberta coal meets [illegible] requirements and the prospect of developing a market [illegible] encouraging.

The Opposition provided the Premier with another tailor-made opportunity to demonstrate how anxious his ranks are to be friendly and co-operative.

Ernest Watkins, the solitary Tory from Calgary, pointed out to the Premier that since the four Opposition members represent different political faiths, it may be tough for them to get together often enough to move and second private members' motions.

Premier Manning said that if the difficulty should arise, Opposition members can feel free to call on Social Credit backbenchers to second their motions. The government is anxious that every bona fide motion be discussed, he said, and just because a member seconds a motion it doesn't mean he agrees with everything it says.

Mr Watkins was quick to take advantage of the offer. Later in the week he placed a motion on the order paper asking the government to look into the advisability or otherwise of introducing daylight saving time during the summer months. He could not find a seconder on his own side of the House so the motion was seconded by Mr. E. G. Robinson, Social Credit member for [illegible]

OTHER HIGHLIGHTS OF THE WEEK

Members voted unanimously in favor of a motion calling on the government to establish a [illegible] breeding research program financed with money out of the [illegible] cattle trust fund. Agriculture Minister L. C. Halmrast said it would be another first for Alberta.

The government introduced a bill aimed at curtailing the activities of "fly-by-night" salesmen by requiring them to post bonds before they can be licensed. The action stems from complaints about certain types of door-to-door salesmen who have been operating in Alberta.

Agriculture Minister [illegible] told the House the government would consider [illegible] the Fairview School of Agriculture but it wants assurance first that there will be sufficient enrollment to warrant reopening. The school has been closed since [illegible] when fire destroyed the [illegible] and auditorium.

Wildmere Winks

— By Mrs. Frank Gilhome

The Wildmere Men's Bonspiel which lasted from Monday to Saturday was a decided success. There were many interesting games and the ice was good with the exception of a few hours Friday and Saturday afternoons where the frost decided to come down. However many hands made short work of the bumps and the roaring games continued. Local ladies did a wonderful job of keeping curlers and spectators appetites satisfied. The prize committee did a great job of selecting prizes as did the draw committee whose job it is to keep everyone satisfied with their different times to play. Some games were played at Duffy's Coulee and a few in town.

Albert Smith is having to spend some time in the hospital. His cheery smile is missed very much.

Rev. Blaine Smith, a former student of this United church field now at St. Walburg, Sask., visited at the home of Mr. and Mrs. Albert Smith from Wednesday to Friday.

Anne Garnett spent the week end visiting her parents Mr. and Mrs. W. J. Garnett. We are glad to hear Elsie Gilhome, formerly of Basswood is progressing nicely after her recent lung operation.

The hockey tournament was attended by some local fans, who were especially interested in the Friday night game when some local boys were playing. They lost their game 3-2.

Rev. Chauncey MacKay will hold services in Preston school on Sunday at 3 p.m. Plan to attend.

He was a wise man who said, I haven't time to worry — in the day time I'm too busy, and at night I'm too sleepy.

D. C. McGrath Elected Chairman Of Vermilion School Division

D. C. McGrath was elected chairman of Vermilion school division at the organization meeting held Thursday, Feb. 25th. Other officers and executive elected at the same meeting were C. N. Brennan, vice-chairman; signing authorities D. C. McGrath, C. N. Brennan and J. R. Robson, secretary-treasurer; Finance committee, D. C. McGrath, C. N. Brennan and J. K. Whiteside. Auditors appointed were Harris, [illegible] & Co., Lloydminster.

Minutes of [illegible] meeting held at Kitscoty on Feb. 10 were read.

Board approved provision of copies of Cameron Report on Education to be made available for study upon request made to Divisional Office.

Application for admission of Sandra Moses, grade 10, to the Kitscoty dormitory, was approved.

MILDER WEATHER

The activities of two air masses is bringing milder weather to Alberta for a few days. The result of a large low pressure mass moving into the Gulf of Alaska and a large high pressure area over the western U.S. is expected to be a flow of Pacific air (not milk) across Alberta, bringing regional temperatures into the 40s.

MOON TEMPERATURE

A four man team of scientists said in Penticton Sunday first estimates of the moon's temperature at centre during the total eclipse was about 325 degrees below Fahrenheit.

KHRUSHCHEV'S PROMISE

Soviet Premier Nikita Khrushchev, home from a South Asian tour, was reported as saying the Russians are ready to enter into a world-wide pact to destroy all nuclear weapons "under proper surveillance."

In Paris, meanwhile, five Western nations — the U. S., Britain, France, Canada and Italy — reached agreement on a "common plan" on disarmament to present to Russia and four other Communist countries next week in Geneva. The plan outlines inspection and control proposals considered necessary for real disarmament.

TOP OF THE WEEK

MARGARET AND BEAU

From London came news that Princess Margaret will marry Antony Armstrong-Jones May 6th. Travel agents predict the wedding will draw greater crowds to London than the Coronation seven years ago.

Prince Philip will give the bride away and the Archbishop of Canterbury will officiate at the service in Westminster Abbey.

ST. PATRICK'S DAY

Today is the day when all good [illegible] from the land of Leprechauns unite in all parts of the world and [illegible] again reach the stage of [illegible] inebriation. But before doing so they renew their pledge to get Kruschev in the bottom of a bottle of Irish whisky for spreading propaganda around the Soviet that he [illegible] was responsible for chasing the snakes out of Ireland.

Happy Birthday everybody.

U. S. NOTES

A California proposal to abolish capital punishment was shelved when the state Senate's judiciary committee voted 8-to-7 against it.

While a civil rights debate droned on in Congress in Washington, Felton Turner, 27-year-old Negro, told Houston police a frightening story. He said he had been [illegible] and chain-lashed by four white youths who then branded him with KKK —symbol of the Klu Klux Klan.

FATAL STORMS

A wild March storm with winds whirling up to 80 miles an hour lashed the North Atlantic Wednesday, staggering transportation, shipping and communications in the Maritimes.

The storm struck southern Nova Scotia five weeks after a record 30-inch snowfall crippled the district Feb. 3. Newfoundland received its second major weather assault within a week. The Atlantic blasts were the most spectacular of March storms that plagued a large part of the continent with considerable loss of life.

GINA TO CANADA

The word came out that Italian movie queen Gina Lollobrigida, her physician husband and their young son are coming to Canada to seek Canadian citizenship.

Arriving in mid-April, they will live in Toronto where the husband, Yugoslav-born Dr. Milko Skofic, who is a stateless person, has a brother.

Apparently British Columbia hoped to lure the beautiful actress away from Ontario. A B.C. publicity man sent her provincial booklets and scribbled a note. "Toronto, phooey."

Jo Ann Gray - Marlene Lorenz first in 4-H Speaking finals

Before an attentive and enthusiastic crowd of approximately 300 people who gathered in the VSA auditorium to listen to finalists in the 4-H Public Speaking contest, Jo Ann Gray of Ellsworth 4-H Clothing Club in the Home Economics class and Marlene Lorenz of the Blackfoot 4-H Beef Club in the beef and grain class delivered their speeches and were awarded top honors in their respective classes.

Runners-up in both classes were, Allan Gray of the Dewberry 4-H Beef Club and Lynne Davidson of the Islay 4-H Food Club. Both these speakers received honorable mention.

Prior to the awards being made, Miss Nancy Hooper, District Home Economist, addressed the contestants and said that some would receive much praise and some would receive much criticism. She expected that both would be taken as constructive advice and both would be given with the welfare and future benefit of the contestants in mind. She also expressed her pleasure at the marvellous way the contestants had conducted themselves during the contest.

Morley Douglas, District Agriculturist, also stated his pleasure at the splendid manner with which the contestants delivered their speeches and thanked them for their co-operation. He remarked that his amazement was not a little over the popularity that the contest had gained from last year.

Ross Boake, president of the local Rotarians, who made the presentation, amplified the remarks of the two previous speakers by expressing his delight and pleasure at being able to make such a presentation to two very deserving contestants. He also said that the Rotary pleased to assist the groups with next year's contest.

Judging was done by Mrs. E. M. Stewart, Dr. A. Ben King and Mr. N. N. Bentley, principal of the Vermilion School of Agriculture. Chairman of the judging was G. W. Sutherland. Dr. King also addressed the contestants following the awards. He too expressed his delight at being a participant in such a worthy cause.

Moon eclipse incites thieves

Strange the way the eclipse of the moon affects some people. It was during the total eclipse of the moon early last Sunday morning that thieves broke into the B.A. Bulk station owned by Gordon Park and received for their trouble, wet paint on the souls of their shoes.

At first, entry was tried by jimmying the door; that failing the thieves smashed the window and turned the lock by reaching inside. Upon finding there was no money available they scattered merchandise around the office and tracked over the wet paint on the shop floor.

Nothing was reported stolen and no serious damage was visible.

Applications to be Reviewed For Unthreshed Grain Assistance

From a long distance telephone call Wednesday with Ashley Cooper, M.L.A., it was learned that all applications for Emergency Unthreshed Grain Assistance which have been rejected under clause 2 instructions issued to municipalities will be reviewed by the Field Crops Branch. This announcement was made Wednesday afternoon by Ashley Cooper following representation to the Alberta Department of Agriculture and conference with the Minister, the Hon. L. C. Halmrast.

Every possible care will be taken to ensure that farmers entitled to emergency aid will receive it.

Vimy Dinner planned by Legion

The Vimy banquet, which for many years has been one of the outstanding social events of the season will once again be held on Saturday, April 9 at 6:30 p.m. in the Legion hall.

One of the outstanding features of the banquet will be the anticipated attendance of fifteen veterans of the battle who still reside in and around Vermilion. They will be honored guests. It is with the purpose of honoring them and those who did not live through this terrible conflict that such a gathering is held.

Guest speaker at the gathering will be Bill Roake, president of the Alberta Provincial Command.

Legion members and their ladies, Auxiliary members and escorts are expected to attend. All veterans in the Vermilion district are extended an invitation and are assured of receiving a warm welcome.

Tickets will be available from President Tommy Thompson and members of the executive namely, Vic Tillett, Thomas Watt and Thomas Wilson. Tickets must be purchased before April 6th.

Old chimney soon to fall

The chimney at the old power plant will soon be a chimney no longer. The contract to take the construction down has been let to Lee and Snelgrove of Vermilion who will begin their task as soon as possible.

According to town hall reports several bids were placed for the job, however, no one followed up their intentions. The bid is now closed and advertisement ceased.

Name the school

Vermilion Home and School Association are sponsoring a "Name the school" contest. Schools to be named are, new Junior and Senior High School; Primary School, Brick School and the old Junior High school at the west end.

Schools may not be named after Royalty, living persons in the present government or living persons who have served in past governments.

The contest is open to paid up members of the Home and School Association.

A prize of $5.00 is offered for each name selected.

Entries are to be in by March 28th to Mrs. Stan Manyluk.

Ottawa Optimism

Continued prosperity in all but agriculture

Over 160 farmers from Vermilion and district crowded into the Legion hall last Thursday to listen to an address delivered by Ed. C. Nelson, president of the Alberta F.U.A.

Just back from Ottawa, Mr. Nelson says there is high optimism in the capital for continued prosperity throughout Canada except in the field of agriculture.

"Although the government has refused deficiency payment on grain, further suggestions have been invited. It is quite possible that a two-price system for grain may materialize", Mr. Nelson said.

"Government subsidies at best are only a stop gap. We must look more to ourselves for solutions to our problems," he continued. "The producer must control his product and be in a position to set market prices."

Today's prices on hogs and eggs have demonstrated to producers that they must have marketing boards. Demand for another plebiscite in this regard is growing daily", Mr. Nelson said.

(continued on page 4, sec. 1)

Inefficiency - needless spending, targets of campaign

Provincial Treasurer E. W. Hinman Friday promised a [illegible] investigation of Alberta government departments aimed at weeding out unnecessary expenses and inefficient operations.

Mr. Hinman made the statement as he closed debate on the $328,600,000 budget he brought down in the Legislature two weeks ago. The end of the budget debate clears the way for detailed study of the departmental estimates in committee of the whole assembly next week.

He said the government has decided to analyze operations of every department in an effort to determine if the administration is guilty of maintaining policies which are too expensive in relation to the service given, or if some services given are "just not justified."

The soft-spoken provincial treasurer, in an hour-long summing-up of the budget debate, said the government is aware of truths in Parkinson's law about the inexorable growth of government operations and the civil service.

BEGIN LOOKING

The departmental survey is expected to start soon after the current session of the Legislature is prorogued. This probably means government officials will begin looking at departmental expenses in May. Usually they are examined in the fall when officials begin preparing estimates.

Already under way is a salary and job classification survey of the provincial civil service. A [illegible] to ignore the importance" of preliminary report of the survey has been turned over to deputy ministers.

Mr. Hinman indicated that the civil service salary survey report probably won't be made public. He said it was never intended to be a public document, but an 'internal' government report.

He also said civil servants have been assured they won't suffer as a result of the report. "We won't create a lot of hardships by use of the axe on salaries but if wages are too high something should be done about it, just as something should be done when they are too low."

Speaking of reserves, Mr Hinman said that for some reason "it has become popular in Canada to [illegible] them.

Had the federal government and other provinces been wise, he said, they could have done the same as Alberta and used their natural resources to create reserves.

Summing up, he said that in budgeting the government attempts to:

1. Give the people every desirable service the government can afford.
2. Be conservative in establishing inflexible costs which would commit the government to fixed expenditures every year irrespective of changing revenues.
3. Avoid new taxes for provincial services.
4. Collect all the revenue it can from natural resources without sacrificing conservation.
5. To support the capital needs of municipalities.

Wainwright boys - Andrew girls champions of basketball tourney

Wainwright boys and Andrew girls emerged champions from the finals in the North-Eastern Alberta Basketball tournament played at V.S.A. auditorium on Saturday, March 12th. Boys were awarded the Boake trophy and girls the Clendenning trophy. For the Andrew girls it was their 35th straight victory of the season.

The girls with ten teams entered and the boys with nine played the double knock-out system to determine the winners. The tournament began on Wednesday, with boys and girls from Mannville and Dewberry starting it off.

Semi-finalists in the boys' section were Wainwright and Two Hills. Wainwright won the first encounter, lost the second and won the third by a default in the third quarter.

In the girls' section, Glendon and Andrew, with the Andrew team emerging as winners.

The tournament was recorded as the biggest yet since the organization six years ago. Each year has seen a marked increase in the number of entries.

There was a general feeling of satisfaction on the part of all participants. With the exception of a few minor rhubarbs the tournament progressed with smooth [illegible]

V.S.A. girls surprised many by placing third, but the V.S.A. boys did not fare as well, placing fourth. They lost to Glendon by a single point which was discouraging to say the least, having dealt them a severe trouncing in a previous encounter.

Andrew girls now have an unbroken string of 35 wins for the season.

Dewberry girls [illegible] behind quite very [illegible] competition. Vermilion girls lost to Mannville and Wainwright, thus placing tenth in a field of 10.

PRE-EASTER SERVICES PLANNED

The Vermilion Ministerial Association is planning Pre-Easter services this year, scheduled to begin April 11th to 14th. Services will commence at 8:00 p.m. Guest speakers will be at all services. Further information will appear in subsequent issues of The Standard.

Hole too small fish too many

As in previous years, the fish in Vermilion Provincial Park lake are rushing to a small opening in the ice near the bridge to obtain oxygen, a commodity so vitally necessary for their survival.

The tiny opening and only opening in the ice that is available is crowded with fish of all sizes and descriptions. The remainder of the lake being completely frozen, the fish have no way of obtaining air so they rush in astronomical numbers to whatever opening there is.

There is evidence that quite a number have already suffered from lack of oxygen in the water by the amount of dead fish lying in the vicinity of the small hole in the ice. This tragic loss of fish happens every year due to the shallow waters of the lake being unable to contain enough oxygen to carry the fish through the long freeze-up.

In a recent edition of a daily newspaper published during this era of anticipated space travel, an artist's conception of what a space station may look like is shown on page one. In the current edition of The Standard, we publish a photo showing a "Flying Saucer" about to land in front of The Standard office. The young lady at the controls may look familiar to many Vermilion residents, and so she should; she is Marlene McDonald. Marlene was singled out to operate the space ship as a good-will gesture between the actual operators of the craft and the town in which they chose to visit. This time photos were allowed and the cameras of George Conrad and Bill Bourne zeroed in and captured the spectacle. St. Patrick sure could have made use of this machine!

Communism

For the want of a better subject for a whipping boy let us take a peak at Communism.

We are at war. World War III has begun. Even while we were celebrating the end of the War of Arms in 1918, the Soviet was planning to defeat and enslave the free world through a war of ideas.

There are two ideologies bidding for the world today. One is moral re-armament, which believes that God's Mind should control the world through human nature that has been changed, the other is communism, which believes that man's mind should control the world through human nature that has been exploited.

Communism is an ideology, that is, it is an idea that dominates the whole of a person—his motives, his thinking, his living—so that he fights with a strategy to get everybody else to live the same way. It cannot, therefore, be met on the military or economic level alone, but only by a superior ideology.

Communism has a plan to take over our country. We hear of people behind the Iron and Bamboo Curtains that have been brain-washed, but we may not realize that our brains are being washed by much of what we read in the newspapers, by what we see on television or in the theatre, and by what we hear on the radio. The Communists do not need to start any new organization when they have so successfully infiltrated those that exist already. It is extremely foolish to believe that a man who follows the party line is [illegible]

Moral Re-Armament is a superior ideology, with a superior strategy, because it meets the needs of the whole man and because it is available for all men everywhere — non Communist and Communist alike. It is far more than the answer to Communism. It is the revolutionary idea that is putting right what is wrong and producing for every nation the incorruptible and inspired leadership that alone can create a free and full life for every nation. Radio Moscow was forced to agree to this statement.

Moral Re-Armament is a global ideology with bridgeheads in every nation in its final phase of total expansion throughout the world. It has the power to capture radical revolutionary minds. It substitutes for the inevitable class war, the eternal struggle between good and evil.

William Penn put the alternative of Moral Re-Armament or Communism when he said: "Men must choose to be governed by God or they condemn themselves to be ruled by tyrants."

Our life and liberty depend not only upon our making the right choice and having the right strategy but also on our knowing the intentions of the Communist and what he is doing in our midst.

Everybody's business . . . .
But who calls the shot ?

An item which will not be of much interest at the present time to Vermilion residents but which eventually will affect them was a notice in a daily paper recently which stated that five broadcasting companies were submitting applications to The Board of Broadcast Governors for the privilege of operating Edmonton's second television station. The publicly owned CBC (they say) among them.

Four of these companies are willing to spend money on research to provide the majority of T-V viewers with what they want most, the fifth (you can imagine who that is) will make a sincere effort to jam so-called culture down the throats of the entire populace.

The Board of Broadcast Governors have spent much time and public money travelling from city to city throwing their weight about; telling the listener what he can listen to, telling the advertiser what he can advertise, telling the broadcaster what he can say. It will be amusing, to say the least, when the final result of the new proposed Edmonton station is made public. Why?

Of the five applicants who submited bids it is almost a foregone conclusion that the whole set-up was just a farce, a waste of public money, a waste of time. A quotation from Hansard dated February 24th, 1960, Ottawa's official report from the House of Commons says: (the Hon. Mr. J. W. Pickersgill speaking) "Mr. Speaker, I wonder if the Minister of National Revenue is in a position to answer the question I asked him last week, as to whether any provision has been made in the capital budget of The Canadian Broadcasting Corporation for the proposed television station at Edmonton." (What would be the result of your thinking from a statement made like this?)

The Hon. George C. Nowlan, Minister of National Revenue answered, "I will answer that question tomorrow, Mr. Speaker."

Hansard, February 25th, 1960. Hon. J. W. Pickersgill asks the Speaker of the House, "Mr. Speaker, I wonder if I could ask the honorable and learned minister who reports for the CBC and the BBG whether he is now in a position to give the answer he promised yesterday?" (with respect to new T-V station at Edmonton.)

Hon. George C. Nowlan replies, "Yes, Mr. Speaker. I was waiting for a relatively quiet moment in the house to enable me to give the answer I promised yesterday. The capital budget for the CBC has been submitted through me to the governor-in-council but has not yet been approved by the governor-in-council. Therefore I am not in a position to say what the capital budget will contain until it has received formal approval. It was approved as a matter of course by the treasury board."

I wonder what the hold-up with the governor-in-council is? Waiting for the Board of Broadcast Governors to spend some more of the public's money travelling the country to return with a decision that was made before they started?

Lawyer: "You say you want to get a divorce on the grounds that your husband is careless about his appearance?"
Client: "Yes, he hasn't shown up in nearly two years."

Letters to Editor

WHERE LIES THE BLAME

The Editor,
Vermilion Standard.
Dear Sir

As most people have become aware that the federal government of Canada has become the holder and owner of a vast amount of processed pork, having been acquired, because of the government setting a minimum floor price on the market sale of hogs, so that the producer may receive the cost of production plus a margin of profit so as to be able to stay in the business for long without a margin of profit above cost.

When the selling market price fell below the minimum fixed price, the government stepped in and purchased the surplus which was depressing the market price, until it found itself the holder and owner of many millions of pounds of this processed commodity, for which there could not be found a ready market neither at home or abroad. So to continue to hold these goods in storage was adding considerably more expense to the taxpayers of the country who had already paid for this surplus, and as there seemed little prospect of the government disposing of it through the ordinary market channels, they decided and perhaps wisely, to give these goods to the needy citizens of the country without restrictions (namely the senior citizens) which seems to be quite justified, as these citizens are mostly those that pioneered and built up the country to what it is through much hard labor hardship and sacrifice. Now there has arisen considerable discussion and dissatisfaction on the part of many of those to whom it was intended by the federal government to receive a share of this meat to be doled out. I am referring mostly to this district, although it includes other districts from reports received from the Edmonton Journal. The dissatisfaction has arisen here, as many senior citizens of Vermilion district have applied for their quota but have been denied because they were not holders of the so-called Paupers Card issued by the Provincial government. Why this discrimination, is not known. It is a well known fact that some of these senior citizens have been in the province some fifty years, labored hard and long, being somewhat ambitious, kept free from receiving government relief aid in those depressing times known as the "dirty thirties". Now these same people find themselves in the situation under discussion, penalized from what they are justly entitled to.

I was at Lloydminster recently and while in conversation with one of their business citizens, the distribution of the government pork was brought up. I said, "I guess I'm not old enough to come in on that as I'm not quite seventy-eight." He replied, "Oh hell, you should be getting it as all over seventy are getting it here without question or strings attached, no matter what the financial standing." This same gentleman was one of those appointed to supervise and to see that all the aged were getting a share, and assured me that they saw that all got some. If they were unable to fetch it themselves, it was delivered to them. I am also informed upon reliable authority that the same service is given in Mannville and district.

If this pork was being handed out as the federal government says every recipient, if not in need of it himself would surely know of someone that was, and would, I am sure, be only too glad to pass it on to them. It would no doubt be appreciated, and would be a saving of time, labor and additional [illegible]

Yours truly,

In answer [illegible] requests concerning the recently completed Federal Provincial Farm Aid Program, I would like through the medium of your paper to explain what has been done by the Vermilion River M.D. to date.

The following is an excerpt from a letter sent to every Provincial Cabinet Minister, to our M.P. in Ottawa and to the President of the F.U.A.

Re: Federal-Provincial Emergency Unthreshed Grain Assistance Policy

We of the Vermilion River Municipal District were (we believe) unique in this province in that a special committee of four councillors sat in our office to process forms for a month.

We approved, and turned down a good many applicants to our complete satisfaction.

Evidently our interpretation of the instructions submitted by the Field Crops Branch was wrong in a few ways.

1 PASTURED CROPS. The instructions as submitted were and I quote: 'Grain crops unharvested due to snow but which livestock have been allowed to pasture off are to be considered as acreage and the bushel yield per acre will be entered as estimated by the applicant.'

Our interpretation was (roughly) that acres seeded for green feed (usually oats) were to be treated as hay. We don't feel that any of our ratepayers sowed wheat or barley and allowed it to ripen for the express purpose of letting cows (or any other animals) eat it off in the fall. We felt that people who were forced to do this were suffering loss of cash and were entitled to emergency aid. Furthermore, the forms provided for our applications had no provision for anything other than, threshed or unthreshed grain.

2 SEEDED ACRES. As far as seeded acres are concerned, our applicants were asked to bring their permit books and our seeded acres invariably coincided with the permit book. If they didn't we did not initial the application. Mr Bratvold of the Field Crops Branch was notified on this regard. Still a great many applications are being reduced because seeded acres are not the same as the P.F.A. report.

3 FARM UNITS. We queried every applicant concerning more than one permit book in one household. If there was any discrepancy we made notations to that effect.

Coupling these facts with the personal knowledge that councillors had of their own ratepayers, we feel our applications meant far more than any P.F.A. statement does."

To sum up, I feel that the Vermilion River M.D. has done all that it can possibly do concerning the program. The rest must be done between the applicant and the Government concerned.

Thank you Mr. Editor for your valuable space.

Don Wilson.

ROOT ROT OF CEREALS

Root rot of wheat and barley will seriously increase if these crops are planted for several successive years in the same field, says Dr. L. E. Tyner of the Edmonton Plant Pathology Laboratory, Canada Department of Agriculture.

A study in cropping of wheat and barley, over the past five years, showed a significant drop in yield in the third successive [illegible]

Root rot is caused by a fungus that lives in the soil and persists [illegible]. The root and stubble of wheat and barley provide suitable food, oat and legume crops do not. Infection may be reduced by switching from wheat and barley to fallow, forage, or oats in the fourth year.

TREES

There are still a limited number of trees available from the provincial nurseries for farmstead shelterbelts, field windbreaks and roadside shelterbelts.

Colorado spruce, white spruce, Manitoba maple, green ash, American elm, Russian olive, chokecherry, European red elder, Hungarian lilac and the common lilac are the species from which you may make your choice.

All the trees are supplied free of charge, providing the land where they are to be planted was summerfallowed last year. The tree application forms are available at the D. A. office.

SWINE PASTURE

The Lacombe experimental farm has reported and demonstrated excellent results with pastures seeded in the early spring to fall rye. Each sow requires from ¼ to ½ of an acre of pasture depending upon climatic condition in the area, says A. J. Charnetski, Livestock Supervisor with the Alberta Department of Agriculture. In addition plenty of shade and a good supply of water are important in any good pasture management.

Since the nutritional value of young green plants cannot be over emphasized, a green pasture for next summer should be included in the new projects now being planned for the spring. There is no better way of reducing swine overhead production costs than supplying sows and boars with a good green pasture. Experiments have shown that sows on green pasture average more pigs per farrowing than sows on bare pasture.

SPRING SEEDING

Spring is a good time in which to seed forage crops, providing a good, firm seed bed is prepared and seeding is done quite early. A firm seed bed is essential to ensure shallow seeding and early seeding is desirable because grasses and legumes establish best during cool weather.

SHEEP PRODUCTION PUBLICATION

A revised edition of Bulletin No. 52, "Sheep Production in Alberta" is now available to farmers of this province.

Copies of this publication can be obtained, free of charge, from the District Agriculturist's Office.

LIFE OF DEPENDENTS

An estimated three-quarters of a million people depend upon Canada's electrical industry for their family income.

Letter to Editor

The Editor,
Vermilion Standard.
Dear Sir:

Education Week, without an Open House Day or Parent's Night was observed in Vermilion last week. The teachers' decision that the value of this annual event was outweighed by the work involved for them seems to me surely in error. I think possibly they have misjudged the value parents receive from this visit and I believe that 90% of those attending (or more) would have done so without benefit of special displays or lunch as drawing cards. Our desire, and I feel I speak for many parents, was to see our schools, our youngsters work and their teachers on a day when we would be conspicuous only by our absence. We may have gone to complain, or to compare or to talk about the weather, but we also may have gone to praise, or to say 'hello' to a teacher whom we have had little chance to meet or to discuss school affairs with other interested parents. Now, complaints may be legitimate and some may even be easily remedied if registered at the source rather than on the street corner, comparison often does more good than harm and the weather — it's been cold for March isn't it?

Another reason, among several, for this year's change, is that the indifferent parent, usually the one with the indifferent troublesome child, does not attend. I don't think this chance for one short visit could be expected, or is intended, to solve such a problem although a note to these parents might bring them out with the crowd and thereby lead to further private [illegible]

Of course I realize that the teachers are in no way obliged to present this event but I think if enough parents express their appreciation of it that the teachers will hold one next year and might even invite us in this year. The next meeting of the Home and School Association will be held on Tuesday, March 29th at 8.00 in the new Junior-Senior high school and is to be produced by the teachers. I believe our teachers are a very capable group and this will probably be one of the most enjoyable meetings of the year. This would be a good opportunity for many of us to let our teachers know that we liked and valued 'Open House'.

Yours respectfully,
A Parent

An Easter Message

The Voice of the Cross

Following a long, hard and cold winter with nothing to do but grumble, the populace of Canada is beginning to shed its robe of inanimacy and plant for the summer ahead. Of course the plans include much personal pleasure without too much thought of our spiritual needs. Every life needs an Altar, every altar is ever ready to receive a life.

In this current restless, selfish search for monetary gain we quickly forget the need of spiritual guidance except when it is dumped in our lap by the passing of a friend, the death of a close relative or some personal affliction.

All too quickly we are willing to forego any effort towards an altar in life in exchange for materialism.

Let us take a look into the life of the Cross that held Christ at His Crucifixion, and look towards the coming of Easter with the idea in mind that we will keep Easter in our hearts for the remainder of the year.

"I am the Cross of Jesus Christ. I was the implement of destruction and the throne of wrong that held the lifeless body of a deathless King. I was made of wood and shaped from two sturdy beams. I was driftwood which nobody wanted in life so they used me in death. I was placed in a desolate garden of the dead. No beauty surrounded me. No laurel wreath was ever placed upon my frame. Yet was there ever a man-made thing as privileged as I. Alone and unsupported I held the only Son of God.

"I thought I would be forgotten when they took Him from the little hill where I stood. I was such an unsightly thing. Yet men came and looked upon me. Some stood and gazed on endlessly. The hours passed into days and the days into years and still they came. They honored me with their prayers. They respected me because I held, in such an ignominious way, the Saviour of the world.

"Soon the rain and the winds of time began to beat upon my side. Vermin ate away at the core of my heart. I slowly fell apart. I was only a pile of rotted wood. I was strong the day they raised me on the hill, but time has withered me and spread my dust upon the ground.

"Yet I lived on. Men could not forget me. My sign became their sign. I became the symbol of God's love. When men were loveless, I recalled the compassion of Christ. When they were afraid, I reminded them that, even in death, He knew no fear. He passed over into the other side of life with the calm assurance of a man lying down in restful sleep. I could not die. Men needed too much the things for which I stood and the things for which He died.

"All the men did not look upon me with kindly eyes. My life began in a time when the world had little knowledge of me. The Roman world was pagan at its core. Its people were licentious in their ways. They held no regard for me. But I lived on through these precarious days. My sign appeared on the walls of the catacombs. Men died for me in large sporting areas for the amusement of the mighty. Though their bodies were destroyed, each one died believing no one could destroy their souls. My struggle to survive spilled martyrs' blood until the one called Constantine became emperor. He was the first to have a kindly feeling towards my followers. I forged my mark upon his mind and heart. By my sign he went forth to conquer the western world for me.

"My struggle to survive has always been a trying one. When the Roman world fell apart and a hopeless darkness brooded over the hearts and souls of men, I still continued to live. Those who were devoted to my cause retired to lonely and forgotten places. The monastery became my fortress. With the beauty of language and the sanctity of spirit holy men kept accurate records of Him whose form was broken on my frame. The years rolled into centuries and grew dim with darkness. The light of hope seemed to have perished. The sacred land where Jesus walked fell into the hands of infidels.

"I was not left comfortless. Mighty crusades of valiant men were formed. They wore my sign upon their breasts. Their quest was the chalice of my Lord. They fought to win His holy lands for me. Viewed from the aspect of their purpose they failed. The cost in treasure and lives was irreparable. And yet their failure became my success. The commerce which was stimulated by their efforts opened a new route over the Alps and down the river of the Rhine. My sign was taken everywhere. The darkness of ages was brought to an end. The coming Renaissance ushered in an era of enlightenment. Men began to think of me in ways they had never thought before.

"I have followed the adventurous explorers through the years and I have lived to circle the globe. My sign and spirits are in every part of the world. I have been carried into the lives of the people of the dark continents. I am looked upon with resect by the highest and most venerated of mankind. I alone have transcended the barriers of color and creed. Not in this day, nor in many days perhaps, will I win all men to me. But in the end I will be the conqueror.

"Such is the life that has been planned for me. Men will continue to be slow to grasp the things for which I stand. My way will not always be their way. Yet for good or for evil purposes men must take me into account. I am a fact in history. I am a part of the plan and the purpose of God. I will never let go of the hearts of men, and when they understand my purpose, they will never let go of me.

For I, the cross of Christ, am not the symbol of defeat but of victory. When the greatest man who ever lived lay His body on my bark, it appeared as though evil would be triumphant. But that is not God's ways. Countless millions have won victories over themselves because of me. When I felt his hands and flesh, warm against my side as He looked up into the face of God and called 'Father,' I knew it was enough. I can commend you to no more capable hands than His. Everything is what He said it would be even though Gethsemane and Calvary lay between.

"Down the rolling hills of the centuries marches a slender line of those who have taken my sign as their shield. The line has always been thin, but composed of those whose influence has been beyond measure. A man amounts to nothing when he saves himself. He must find something he is willing to die for. I know. I speak for Christ.

"I am the cross on which He died."

Alberta MPs take 'Beef' to Parliament

A succulent interlude in parliamentary affairs — an Alberta beef feed — will be held for senators and MPs on March 30.

A committee of five Alberta MPs announced the dinner with this typically modest Alberta claim:

"The whole purpose of this feed is to prove to everyone that Alberta beef is not only the best in Canada: it is the best in the world."

The beef is being provided by the western section of the Canadian Beef Council.

OBITUARY

FRANK A. GORDON

Frank Alexander Gordon, formerly of Vermilion died suddenly in the Royal Alexandra hospital in Edmonton on March 12.

Mr Gordon is survived by his two sons, Irvin of Vermilion and David of Edmonton. There are five grandchildren and 3 great grandchildren. Mrs. Gordon predeceased him on March 21, 1940.

Mr. Gordon was born in Charlottenburg, Ontario in 1881 and moved to Vermilion in 1908 where he worked for a short time with Hayward's Livery Barn. Later he settled on a farm in the district and remained there until the time of his retirement in 1942 after which he spent a great deal of his time in Edmonton at the home of his son, [illegible]

He was married in Vermilion in 1911 to Sarah Turner, a young Scottish lady who had migrated to Canada in search of employment.

Funeral services will be held from United church in Vermilion with the Rev. C. W. MacKay conducting the ceremony. Interment will take place in Vermilion cemetery.

Moyer's Funeral Home is in charge of arrangements.

Singspiration Held at Alliance

The annual Singspiration promoted by The Salvation Army, Youth Group, was held Friday, March 11 in Alliance Chapel.

Miss Donna Isley, president of the Youth Group, introduced the chairman for the evening, Lieut. Douglas Moore of the local Salvation Army Corps.

The program was varied and is becoming one of the musical highlights in this area. Guest speaker was Mr Cecil Pretty who spoke on the theme "In Harmony with God". Together with several others, Mr Pretty came from Edmonton for this occasion. Prayer was offered by Rev. J. M. Schroeder of the Alliance Chapel and Scripture was read by Mr John Scott of The Salvation Army.

Army wins battle of the Brooms

* * * *

With the smoke of burning broom bristles still stinging their eyes and burning their nostrils, the quartet of curling cats from the local Army group groped through the haze to lay claim to the coveted Knights of Columbus trophy, emblematic of inter-club curling supremacy, with a score of 41½ points.

The Bonspiel which began Sunday afternoon at 12:30, was completed by 6:00 p.m. and was played at the Vermilion Curling Club rink. All eight clubs in town entered two rinks each, making 64 enthusiastic silver chalice chasers in all.

After the smoke of the battle had cleared and the Army had claimed its prize, the Legion, who were hosts to all other clubs this year, prepared a wonderful buffet-style supper, and in between bites many games were curled again, and many stories told.

Great credit was given the Legion for their efficiency in handling the draw as well as the banquet following.

Last year, for the first time, the Knights of Columbus won the trophy and so at the banquet Grand Knight Jim Champion, on behalf of the Knights, presented the Army the trophy. The Army was quick to respond and immediately offered to host the 1961 'spiel when the clubs once again will clash for the cup.

The clubs entered were: Army, Elks, Foresters, Kinsmen, Knights of Columbus, Legion, Masons and Rotary.

In the words of one of the participants who by the way was not on the winning team: "It was a darn good show!"

Above are the happy smiling Wainwright hoopsters who bounced their way to victory in the North-Eastern High School Basketball tournament held in Vermilion last Saturday. This is the first time the Boake Trophy has been won by Wainwright. Reading from left to right, back row, they are: Lorne Kinghorn, Arthur Venance, Glen Swan, Joe Marchand and Garnet Kinghorn. In the front row: Kalji Summer, Gerry Young, Gernot Schmidt, Carey Turner and Glayde Ganderton. —Photo by Photocraft

Dr. Payment Officially Opens A.C.A. Bonspiel

Killing two birds with one stone, the official ceremonial rock which heralds the opening of the Alberta Curling Association bonspiel was thrown in the Jasper Place rink, honoring that new lay-out. The tosser was Dr Ron Payment of Vermilion who after waiting for three hours while curlers warmed up and wore out [illegible] sheets of ice before getting in position could officiate.

Derwent Holds 'Club 8' Bonspiel

DERWENT — The Derwent Curling Club held a Club 8 'spiel on March 12 and 13th with eight rinks participating. Entries were from Elk Point, Clandonald, Myrnam and Derwent. First prize was won by the Bill Specht rink of Clandonald and second went to Peter Mudryk, also of Clandonald.

Mannville Fish & Game Re-elect Rudd President

Ralph G Rudd was re-elected president of the Mannville Fish and Game Association at their annual meeting which was held Friday March 11th at Legion hall. Others [illegible] elected at the same meeting were: Oscar Young vice-president, L. S. (Pat) Cotter as secretary-treasurer. A large executive was elected consisting of 11 members whose names are not available at time of writing.

Prior to the election of officers Allan Rostron operated the projector and the following films were shown: Shooting Safety; Pheasant Fever; Snookie, a black bear cub; and Realms of the Wild, a film equally instructive for both adults and children.

Celebrates 92nd Birthday March 9

Mrs E. S. Spicer of the Riverton district entertained at tea in her home on Wednesday, Mar. 9th, in honor of Mrs. A. Parr on the occasion of her 92nd birthday. Seventeen ladies of the district braved the snowy roads to extend [illegible] best wishes to Mrs. Parr.

Mrs. Benny Timmson [illegible] several movies of local [illegible]. Of special enjoyment were [illegible] taken of Mrs. Parr on her 90th birthday at the home of her son, Bert.

Mrs. Donald Vivian, on behalf of the ladies, presented the guest of honor with a lovely bouquet of red roses. Mrs. Vivian spoke of the affection and love felt for "Grandma". "True beauty radiates from within, and Mrs. Parr grows [illegible] and Mrs. Parr grows [illegible] with each passing year." [illegible] that she is still able to do most of her own housework.

When the birthday cake, baked and decorated by Mrs. Spicer, was placed on the table, all the ladies joined in singing "Happy Birthday". After Mrs. Parr led in singing 'Grace', the lunch was served by the hostess.

LANDONVILLE

A bingo party arranged by the committee of Archie Polanchuk, Horace Smith and Myrtle Smith in the old Louise Lake school was attended by a large crowd. Prizes were won at the eleven bingo games by: Wayne McNamara, Harry Trach Jr., Ted Etherington, Richard Wasylishen, Stella Trach, Elmer Butz, Eddie Etherington, Lyle Darcy, Jessie Etherington, Linda Butz, with the grand prize of a pyrex bowl going to Joe Wasylishen. In case of a tie game, prizes were given to the loser. The Landonville orchestra of Edward Lovell, Willie and Florence Onischuk, played during the evening.

A speedy recovery is wished for George Butz, Mrs. G. West and Colin West.

Best wishes go to Rosie Butz on the occasion of her engagement to Grant [illegible]. The wedding date is not definitely set, but they plan to be married sometime in July.

Best wishes also to [illegible] who is being married on April 23.

The weather has been chilly for the last couple of weeks, and Eddie Etherington has been kept busy keeping the roads open.

The Louise Lake students are preparing for their Easter examinations, scheduled to be written before Easter. Best of luck to them.

WILDMERE WINKS

There was quite a bit of snow fell last week and with the winds some roads are pretty tough. School buses report being stuck and many people off the main road are snowed in.

Mr and Mrs. Ken Shepherd of Edmonton spent a few days visiting at the Cruthers home. Mrs. Cliff Cruthers returned to the city with them Monday and came back on Wednesday with son George.

Quite a nice number from here went to the 4-H public speaking contest sponsored by the Vermilion Rotary Club at the V. S. A. on Friday evening to back up their representative, Jeanne Hughes. The young people did a fine job, and it is a very good opportunity for them to get practice for future years.

Mrs. Cairns is visiting at the home of Mr. and Mrs. Albert Holte coming back with Mrs. Holte from Edmonton on Saturday. She was a delegate to the W. I. conference.

The school children from grades 3 to 9 inclusive held their annual bonspiel on Saturday. They are really an enthusiastic group of prospective curlers. Much credit is due Mr. Sweet, principal, for arranging and supervising this event. There were small prizes for the winners who were Allister Cruthers 1st in the grand challenge, Larry Donily, 2nd. In the second event, Hewitt Dibben's foursome came out over Donnie Fadden.

Albert Smith returned home on Saturday after being in hospital.

Mr and Mrs. Frank Schmidt and family of Lloydminster visited at the Waldon Westman home on [illegible].

There was a nice turn out to hear Rev. MacKay give his sermon on "Blessed are they which do hunger and thirst after righteousness for they shall be filled." He will be out again in two weeks.

What do other people think about these travelling sales ladies who phone everyone telling them they've won $20.00 by answering their phone and then trying to sell them something. As a rule most rural lines are busy enough with their 20 to 30 subscribers without such [illegible].

(Editors Note) — There are [illegible] of give-away gimmicks in operation in rural areas. Some of them are reputable organizations who actually award money or merchandise to individuals, others are just down and outright shady methods of issuing merchandise certificates that are worthless so they can open the door for a [illegible] follows up the calls. Before parting with hard earned money to 'give away' artists', check with your local [illegible] or Board of Trade and ascertain the exact nature of the merchandise being sold or the company who is selling it. Quite often the merchandise purchased can be obtained from a local merchant or business establishment for a much lesser price.

How does your "SUB" stand? Just take a look at the label.

W. I. Delegates Attend Conference

Women's Institute members in the [illegible] District 11 held a conference at the Corona hotel, Edmonton, on March 9 and 10. Mrs. S. E. Thorne, the former Helen Mead now of Fort Saskatchewan, and a district director of the W. I. was chairman of the conference. The theme of the meetings was "The centre of the woman's mind is the home, but it need not be the circumference."

Delegates from the Vermilion Alexandra Constituency in attendance were: Mrs. Tom Wannop, Five Point W. I., Mrs. Walter Donnenworth, Creighton W. I., Mrs. Albert Holte, Wildmere W. I.; Mrs. B. McClenaghan, Hazeldine W. I.; Mrs. Oliver Wiles and Mrs. Mike Pawlo, Claysmore W. I.; Mrs. Joe Green, Vermilion W. I.; Mrs B. Scarfe and Mrs F. Parchewsky, Princess Anne W. more about FUA president's speech

(Continued from page 1)

In continuing Mr. Nelson pointed out that trade must be a two way proposition. A great exporting market for wheat and barley may be lost due to recent government restrictions of Japanese imports of textiles and stainless steelware. He went on to say that Japanese imports have been on a quota but due to pressure by manufacturers the quota has been suspended for the time being.

The proposed buyers strike he said, has made headline news across North America. The idea was an anti-inflationary measure whereby farmers voluntarily curb unnecessary buying — especially credit buying. Organized labor said Mr. Nelson, has expressed concern.

Concerning the Federal-Provincial Emergency [illegible] Mr [illegible] was [illegible] out that the [illegible] are [illegible] to interpret. Much confusion could have certainly been avoided had the government seen fit to make straight across the board payment as suggested by the FUA.

There were no resolutions introduced at this meeting, however at Dewberry [illegible] were two, as follows:

Whereas the Federal-Provincial Emergency Unthreshed [illegible] Assistance policy was introduced in order to give relief to needy farmers and;

whereas a large number of [illegible] farmers are unable to qualify for [illegible]

[illegible] be it resolved that we, the FUA members assembled at this meeting in [illegible] Alberta go on record as being of the opinion that Federal-Provincial Emergency Unthreshed Grain Assistance policy from the relief point of view is not satisfactory and that we ask the FUA executive to [illegible] with the Provincial Government and engage legal council if necessary.

The second resolution was:

Whereas the [illegible] stipulations which were not demanded by the Federal Government

and whereas there are many conditions perhaps unconsidered by the Alberta Government such necessities as cattle from the north summer pastures being turned on grain fields as a holding place or for water supply etc

and whereas in many cases acres planted for threshing were in emergency salvaged for feed

and whereas these same stipulations are defeating the Government's own policy of assisting the farmers who suffered the damage

be it therefore resolved the Alberta Government be asked that all acres planted for threshing under 30 threshed be accepted for payment regardless of whether pastured or salvaged for feed in the emergency.

Mr Nelson has only recently returned from a meeting of the Western Liaison committee. This meeting prepared a letter to the Prime Minister acknowledging the rejection of deficiency payments for western grain. The letter also says the conditions prevalent when this form of help for grain prices was asked for are worse now than they were at that time. It suggests that the Western Farm Organizations are ready to meet him at any time to discuss any other method of getting financial help into the hands of the farmer. Any help or suggestions that you might have to strengthen our hand in this effort would be welcome.

Mannville and District Local News

Mr E. B. Allen returned home recently after spending a few days at the home of his son and daughter in Edmonton.

Sympathy of Mannville and district is extended to the family of the late Sydney Hinton.

Mrs. John Allen is a patient in the local hospital, having undergone major surgery. She is progressing favorably.

Mr and Mrs. Carman Hughes spent the week-end in Edmonton.

Ralph Leitch was a visitor to Edmonton Friday and Saturday, where he received a favorable medical report, and was ordered to continue convalescing.

Mrs. Ed Wood, Mrs. Chester Gamble, Mrs. Del McFadden, Mrs. Frank Andrews and Mrs. Lily Colborne attended St Paul's Presbytery meeting in Viking on Wednesday March 9th.

Mr and Mrs. John Thomas, Ken and Mrs. Jerry Herman motored to Edmonton for Kathleen's graduation, which was held in the Jubilee Auditorium. Kathleen is the daughter of Mr and Mrs. John Thomas.

A number of Mannville students and wives of the Elk hockey players attended the [illegible] hockey game last Friday evening in [illegible] with a score of 6-4.

Mrs. [illegible] was a recent visitor to Edmonton where she attended the annual Cancer conference. While returning [illegible] she had the misfortune to have her purse stolen at the bus depot. The purse was later reported found in another part of the depot, but the money ($8) was missing.

Miss Audrey [illegible] underwent surgery in Vermilion hospital recently and was released shortly. She has returned home to convalesce.

George H Jackson accompanied Rev Harry Hall to Edmonton last week.

Mr and Mrs Ross Leitch attended the recent Marshall Wells convention, before going on to [illegible] near Calgary where she visited with daughter [illegible] and her new grand-daughter.

In an interesting hockey game [illegible] Friday last was 13-0 in favor of [illegible].

Grayden Arnold of Calgary spent a few days at home with his parents, Mr and Mrs. Percy Arnold.

The bantamweight puck chasers coached by [illegible] attended the tourney at Vermilion last Saturday, and met their first defeat at the hands of an exceptionally good team from [illegible].

It works... Sometimes

"The government is my shepherd; I shall not want." (For red tape that is.)

A local farmer whose name will remain anonymous submitted an application for benefits under the Emergency Unthreshed Grain Assistance policy. In due time he received forms to fill out questions to answer and all the gore that goes with such requests.

Time went by and no answer to these forms appeared in his mail box. Finally, Wednesday to be exact, he received two letters. One stated that there was no hope of him receiving benefits under the assistance policy, the other lo and behold contained a cheque made out in three figures from the same outfit that said in the first letter "there was no hope."

There goes the old theory, "You just can't win." You can; it's been proven. Just keep on trying!

Buffalo Coulee

Spring seems to be peeking around the corner. Mr Jackson reports seeing a gopher last Sunday and now everyone is watching for the first crow.

Although forced to be held indoors due to cold weather the carnival last Friday was a decided success. There was a good crowd and lots of very good costumes from the tiny tots to [illegible] of the grown-ups. The judges, Mrs. Lloyd Everett, Mrs. Geo Harrison and Mr Lester Wear really had a hard time to award the prizes which were as follows:

FANCY & BEST COSTUME

8 years and under: 1 Wendy Staden, 2nd, Phyllis Marfleet.

14 years and under: 1st, Linda Smith, 2nd, Vernon Eyben.

Adult: 1st, Linda Smith, 2nd, Loretta Chiland.

COMIC COSTUMES

8 years and under: 1st, Melvin Rogan, 2nd, Darlene Eyben.

14 years and under: 1st, Roddy [illegible], 2nd, Sharon [illegible].

Adult: 1st, Eleanor Chiland; 2nd, Freda Staden.

COUPLES

Adults: 1st, Fay and John [illegible], 2nd, Carmen Kennedy and Kate Fletcher.

Children: 1st, Danny and Wendy Arthur, 2nd, Hazel and Patsy Brook.

[illegible]

1st, Bella Wilson, Olga and Janice Arthur. 2nd, Jan, Fay and Jeannene Hart.

After the judging there was a short program. This was followed by dancing and finally the crowning of the queen, Miss Lyla Eyben. Ted Marfleet acted as M.C. for the evening and mothers of the Boy Scouts were kept busy serving pop and ice-cream, etc., throughout the evening. The ladies of the B.C. curling club made the draw for the electric frying pan and the lucky winner was Mrs. Rose Smith.

Park Big Winner At Wildmere 'Spiel

The Stan Jones rink skipped by Gordon Park made off with top honors at Wildmere curling club's third annual open bonspiel held from Feb. 29th to March 4. Three draws were completed on Saturday.

The very successful 37-rink 'spiel ended with the following rinks taking home prizes. First event: 1 Stan Jones, Vermilion, 2. Frank Wilkinson, Vermilion, 3. Stan Smith, Wainwright, 4. Roger Rowe, Vermilion. Second event: 1. Norm Robinson, Wainwright, John Eyben, Buffalo Coulee, 3. Lyle Wilson, Buffalo Coulee, Franklin Wolters, of Wildmere. Third event: 1. Len Wilson, Wainwright, 2. Richard Aykroyd, Wainwright; 3. Wainwright, 4. Bill McGrath, Wildmere. Fourth event: 1. Bill Veitch, Wildmere, 2. Pettigrew, Vermilion, 3. Ray Osterberg, of Wildmere, 4. Mac Smith, Buffalo Coulee.

Although weather was very cold for the opening days the usual "bonspiel spirit" prevailed, thus adding warmth to the 8:00 a.m. draws.

Wildmere curling club tenders thanks to all participating rinks [illegible] understanding to brave the cold and drips, in being sports, and the club looks forward to having all back next year.

C. G. I. T. Members Attend Rally

Nine C G I T members and three leaders of Vermilion attended the C.G.I.T. rally in Dewberry on Thursday, March 3rd. The girls were most [illegible] to Mrs. [illegible] and J. E. Wright, who provided transportation for them and their leaders.

At a meeting on Monday evening, Mrs H J Clarke led the final Mission Study lesson which dealt with Missions in Africa.

Whist Drive Held

DERWENT — The Anglican W A held a successful whist drive in the town hall on Tuesday March 8th.

Prizes were won by Mrs. Helen Wintonyk, Mrs. Dan [illegible], George McConnell and Brian McConnell.

A good crowd was in attendance.

Dear Sir:

Congratulations are in order for Ashley H. Cooper, M.L.A. on his maiden speech in debate on Speech from the Throne.

His first three or four paragraphs of introduction are well made and the remainder of his speech is indeed well placed, showing he has his constituency well in hand. Well done Ashley, keep it up.

Yours truly,

LEFTOVER FOOD SUGGESTIONS

About this time of year when big meals are a must, many homemakers run into the "what to do with leftovers" problem.

NEED TO PLAN

Some meals are heavy leftover ones while others are the no-leftover type (eg) chops, baked potatoes or other individual serving foods. The wise planner alternates these meal types so there are not too many leftovers at one time. There are two simple rules to observe when serving leftovers. One is to skip a day before serving them. The other is not to let leftovers be warmed over.

BEEF AS A LEFTOVER

Oven and pot roasts can be served cold, sliced on a meat platter or in sandwiches. Leftover beef can be served hot when combined with noodles and a rich sauce and it lends itself well to being chopped or diced instead of being ground. Give it a new flavor with curry, minced fried onion, chopped parsely or herbs. If you prefer to grind it, give it new texture with ground raw carrot. Bind it with rice, eggs, gravy or cream soups. Serve as patties, meat loaf, or in individual meat pies.

HAM — A VERSATILE LEFTOVER

Serve a slice as a base for asparagus, broccoli or green beans with a cheese sauce poured over. Cut ham into matchstick shapes and add to a green salad or use cubes to give new flavor appeal to creamed chicken. Add small pieces to homemade beans or pea soup.

CHICKEN — POPULAR AS A LEFTOVER

Creamed chicken is a natural way of serving leftover chicken. The creamed sauce provides the needed moisture for a meat which is dry. With green pepper or mushroom added, the combination is even more pleasing. Serve this over hot biscuits or fluffy rice. Serve in pastry shells or in a substitute made by pressing trimmed buttered bread into a greased muffin tin. Toast in a hot oven until delicately browned, then fill with creamed chicken.

LEFTOVER VEGETABLES

These can re-appear successfully in a salad -- plain or jellied. Vegetables can also be combined in a cream or mushroom sauce. Sprinkle the mixture with cheese or crumbs and oven brown.

Use vegetables in a "plan-over" idea. Cook extra quantities purposely (eg) potatoes. Serve these creamed or fried with a little onion. Mashed potatoes when combined with egg will make delicate fried potato cakes on their return to the table. They also provide an ideal topping for shepherd's pie.

More about serving leftovers in a future column.

LIVESTOCK REPORT

Stock Mart receipts on Tuesday March 15th: 123 Cattle, 185 Hogs, 2 Horses.

Cattle prices were good and somewhat stronger particularly on replacements. A good demand is evident and the outlook for future sales is encouraging. The Mart has been favored with some good replacement eastern orders and top prices are assured.

The following prices prevailed: Choice Steers 20.00 to 20.75; good 19.00 to 20.00.

Common Heifers 17.00 to 18.00; good cows 14.50; common cows 12.00 to 13.00.

Good stock steers 21.00 to 23.25; good stock heifers 17.50 to 18.00. Veal calves up to 27.75.

Holstein bull calves average $38.75. Spring milk cows averaged 187.50.

Hogs in better demand for the lighter. Feeders 11.50 to 12.75 per cwt.; weaners 7.50 to 9.00 each.

An estimated 750 people gathered for this regular Tuesday auction and listings to date indicate a heavy increase for next week. Be on hand early. Sales start at 1:00 p.m.

Do YOU Do Business Locally?

If you do, you should
ADVERTISE REGULARLY
in this newspaper

BECAUSE . . .

1. Our circulation is local. People who read this newspaper are your best customers.
2. Our circulation is paid in advance. Thus, people who get the paper read and respect it. They show they do by paying for it and sharing it with their neighbors.
3. This paper contains news vital to local residents and available nowhere else.
4. This paper is not so large that your advertisement will be "buried" in it.
5. The long life of weekly newspaper readership is an established fact. Papers are still being bought on newsstands five days after publication. Thus, your ad has a longer time in which to be read.
6. The healthy percentage of classified ads demonstrates readership acceptance of this paper as a result-giving medium.
7. This paper is published just before the week-end, at a perfect time for readership and results.
8. Our entire illustration service and layout experience are available to every advertiser, at no charge and at his convenience.
9. Advertisers are community builders. Through advertising in your local paper more and more people shop in Vermilion. The more business firms represented in the advertising columns — the greater the attraction to shoppers.

Candlelight Ceremony Unites Helen Masyk, R.N. and Dr. McPherson

A double-ring candlelight ceremony united Helen Mary Masyk, eldest daughter of Mrs. Annie Masyk of Clandonald, Alberta, and Doctor William Humphrey McPherson, only son of Mrs. Mina McPherson of Calgary and the late Mr. Edward F. McPherson. The ceremony was performed Tuesday, November 24, 1959 in St. Andrew's Parish Church at Taft, Calif., U.S.A.

The bride, given in marriage by Mr. Harry Rairdon of Taft, Calif., uncle of the groom, chose for her wedding a white knee-length gown of Chantilly lace over satin. A crown trimmed with pearls held in place the bride's shoulder-length white veil of nylon net dotted with pearls. Her bouquet was of white blossoms. She was attended by Mrs. Harry Rairdon of Taft, aunt of the groom.

Following a wedding supper at the home of the Rairdons, the couple motored to Las Vegas, Nevada for their honeymoon. For traveling the bride wore a brown wool suit with green accessories.

Doctor and Mrs. McPherson will make their home at Bakersfield, Calif., where Dr. McPherson is on the staff of the Kern General hospital.

Mrs. McPherson is a graduate of St. Joseph's High school of Clandonald and [illegible] General Hospital School for Nurses in 1958.

Dr. McPherson is a graduate from the Faculty of Medicine of the University of Alberta in 1958.

Mannville C.G.I.T. Attend Rally

MANNVILLE — The regular meeting of the senior C. G. I. T. was held in the United church social rooms, opening with repeating of the purpose. Marian Schock led the worship service. Reports of both the secretary and the treasurer were adopted as read.

Thank you cards were sent to Wainwright and Vermilion C. G. I. T. groups for inviting Mannville girls to their rally, both of which were attended.

Each of the girls read a chapter on the study of Africa, and the meeting closed with singing of "Taps."

Pleasant Valley

Its real pleasant these days. The roads are opened up and folks are doing a little visiting.

Keith Inman and family were visitors at Gordon Gould's home on Sunday.

Marvin Gould family and Mrs. Gelby visited the writer also on Sunday.

On Monday Frank, Thelma and Mrs. Kucher also visited at the writer's home. Fred arrived from Edmonton and Frank [illegible]

I think the P. V. news has hit the W. P. B. lately but will take another chance. The news is so scarce around here these days, we wonder how the Allandale scribe manages to get such a lot. I'm sure she must have the telephone.

Agnes Gould's mother, Mrs. Kollis is visiting here for a while.

We are all waiting for spring to arrive with the birds and flowers.

The first fraternal society in Canada, a Masonic lodge, was started by British troops at Annapolis Royal in 1740.

Former Resident Passes March 7 At Vancouver

Lawrence Stephen Fraser, aged 43 years, formerly of Vermilion, where he received his education, passed away in the Vancouver General hospital on March 7th.

Shortly after finishing his schooling here in Vermilion, Mr. Fraser and his parents moved to the coast.

He is survived by his wife, Iris Ethel; his mother, Mrs. R. D. Fraser of Victoria, and two brothers, Wilfred Douglas of Victoria and Roderick of Calgary.

Funeral services were held in Vancouver on March 12, with interment taking place in the Hatley Memorial Gardens.

Mannville W. A. Plan Bake Sale

MANNVILLE. - Meeting at the home of their president, Mrs. Ronald Forsyth, Happy Hour W.A. recorded ten members present on Thursday, March 10, and opened with prayers by the president. Following the reading of the Litany "The King of Glory Shall Come In", Mrs. H. Shell led the worship period during which an interesting resume was given on folklore of Africa showing various superstitions being replaced with simple faith in God as Christianity advances in that country.

All committees reported as follows: Sick and Visiting, Dorcas, G. A., J.A. and Vestry. The usual Lenten custom of observance is being carried out, and the next project will be in April when a bake sale is planned for the 23rd. Plans for a future amateur hour were discussed, and tabled for the present. Mrs. Edith Pedersen reported the Sunday school has purchased $25 worth of cards for sale at the June tea. There are now four bottles only of vanilla left to sell, reported on hand by Joan Lugg. It was decided to hold the report of the Diocesan Annual over until next meeting when a better attendance is expected. Next meeting is to be held at the home of Mrs. Merle Malin.

Local Elks win 8-6 in rematch

Mannville - Vermilion Elks edged Edmonton Elks 8-6 in their Old Timer hockey game rematch recently at Varsity after tying the first 7-7.

Les Williams packed the winners with a hat trick while Frank Ewing, Dave Lowrie, Len Manz, Ike Bronson and Elmer Kreiler each picked up singles.

Gordon Drombosky's double for the hosts gave them the leadership with a one-goal following of Neil Hartsburg, Frank Morris, Moe Wiederspiel and Bob Peet.

Card of Thanks

The ladies of the Wildmere Curling club extend their thanks and appreciation for donations given by the merchants of Vermilion to our bonspiel prize list. Good Attendance At Mannville W.A.

MANNVILLE - Meeting at the home of Mrs. Chris Hamilton with an excellent attendance Christ Church W.A. heard an outstanding report from the delegate to the recent W. A. Diocesan Annual, the 75th year of meeting in Edmonton. Mrs. Albert E. Williams was chosen as delegate this year. Led by Mrs. Edwin Allen the study was continued on Africa, as the latter part of a former chapter was explained only giving the delegate more time for a full report on the Annual. A large amount of Dorcas work was handed in. Decision was made to assist the Happy Hour group in a future bake sale.

Mannville old timer passes

Following a short illness, death came suddenly Thursday morning, March 10 in Mannville hospital to Sydney Hinton of the Salteaux district.

Born on April 8th, 1878 in Salisbury, England, Mr. Hinton came to Canada in 1906. The year 1911 saw Annie Louise Walters and Sydney Hinton joined in holy wedlock, from which union two sons were born, Walter and Albert. Both farm 20 miles south of Mannville, in the Salteaux district.

Mr Hinton was public school trustee of the Salteaux district from 1911 and was trustee of Vegreville school division for 19 years and a most respected one. An ardent supporter of the Anglican church, he was active in community affairs always and had been a member of the Alberta Wheat Pool since its beginning. Mrs. Hinton predeceased her husband 16 years ago.

Survivors are two sons, Albert and Walter, both of Salteaux district; two brothers, Fred in England; Percy of Mannville; seven grandchildren and three great-grandchildren.

Funeral services were held on Monday, March 14 at 2 p.m. in the Anglican Church, Rev. H. Shell officiating. Moyer's Funeral Home were in charge of arrangements.

Mercer Family Hold Reunion

MANNVILLE -- Full representation was reported at the family reunion of the Mercers as 27 attended the happy affair at the home of Mr and Mrs Maurice Mercer in Mannville. Present were families from Edmonton, Mannville and district. Following a sumptuous repast of turkey and all the trimmings a most enjoyable social time was spent visiting.

Mannville Explorers Enjoy Sleighride

MANNVILLE - Accompanied by Leader Mrs Ruth Hubbard and assisted by Mrs. R. Holden, members of the Explorer group of Mannville United Church held an enjoyable tobogganing party south of the village. Following this the troupe returned to the home of their leader where they had hot chocolate, which was much appreciated, as was the help of Mrs. Holden, to whom the girls express thanks. At a meeting held on Monday, mission study was made interesting by the story of the Herd Boy. Theme for worship was "Thinking Honestly of One's Self." Janis Bang led the Bible study period. Work is progressing well on copper tooling and it is hoped that two more meetings will find it finished.

Canada's electrical manufacturing industry is carried on in 486 plants across the nation.

"THE PATIENT MUST COMBAT THE DISEASE ALONG WITH THE PHYSICIAN"

—Author's name below—

Physicians have to be good detectives. Their only clues are the various symptoms that accompany sickness. Many different diseases have similar symptoms. By a thorough physical examination, asking pertinent questions and the process of elimination, physicians find out the exact causes of the trouble. You can help them to be more effective if you follow these simple rules. Visit your physician at the very beginning of any illness. Sometimes a cure takes time. Don't be impatient. Most important, take any medicine your physician prescribes according to his exact directions. Pharmacists always follow a physician's instructions exactly when compounding a prescription. You do the same and you will get well much quicker.

A great many people entrust us with their prescriptions. May we compound yours?

DEWBERRY NEWS

(Held over from last week)

Mr and Mrs. John Porter are pleased that the current cold snap didn't come along while their visitors were there. Visiting were Mr and Mrs. Cliff Plaget of Courtney, B.C. They spent a very busy [illegible] visiting their many [illegible] relatives in the district.

As Dewberry news isn't up to date, belated greetings are extended to several families on the birth of sons and daughters. Mr. and Mrs. Adolph Butz on the birth of a son; Mr and Mrs. Bronnie Konst, a daughter; Mr. and Mrs. Jim Elliott, a girl; Mr and Mrs. Bernard Garnier, a boy; Mr and Mrs. Winston Braithwaite, a girl who was born very close to the time the new Prince was born.

Pop Garnier has returned from a lengthy stay in Lloyd hospital and at present is living with John and Mollie Maltais who have taken up residence in Dewberry.

The annual Farmers bonspiel is presently in progress in Dewberry. Everyone is having a grand time even if they aren't all Matt Baldwins.

Coming up this week is the mixed bonspiel.

Can you imagine what it's like in Hawaii right now. Well if you can't, ask Mr and Mrs. D Bowman when they return.

Wildmere W. I.

The Wildmere W. I. met on March 9th at the home of Mrs. Neal Garnett with only six members attending. Mrs. L. Howard presided. Treasurer's report was not given as Mrs. A. Holte was the branch delegate to the Alberta W. I. District 2 Conference held at the Corona Hotel March 9th and 10th.

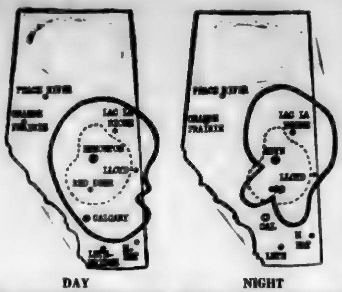
For roll call each member brought an apron having several pockets and each month a donation will be placed in the pockets. At the end of the year it will be given to the Vermilion School for Retarded Children.

Section 3 of "Aging is Everybody's Business" was studied and discussed.

Correspondence included letters from the District Home Economist and the Canadian Cancer Society.

Johnny Jump Up was won by Mrs. R. Osterberg. April meeting to be held at Mrs. W. J. Garnett's home.

NEW SIGNAL STRENGTH FOR CKUA



THESE MAPS show the comparative range of CKUA's new 10,000-watt transmitter which will be in operation shortly. The signal strength of the old 1,000-watt transmitter is represented by a dotted line, the new 10,000-watt signal by a solid line. The map on the left shows an approximation of the new equipment's pattern from sunrise to sunset, the diagram on the left—an estimate of the 10,000-watt pattern during the evening hours of broadcasting. The new transmitter is located near Bloom.

SQUARE NOTES From Circle 8

A 100% attendance was a highlight of the Circle 8 dance held last Friday evening. Despite road conditions members and visitors turned out to make the dance a great success. Ken was the official mixer and did a very fine job.

A number of Circle 8 members journeyed to Wasera where they enjoyed an evening of round dancing. On Wednesday some travelled to Paradise Valley where an evening with Harold Schacher calling was enjoyed. On Saturday evening another dance was held at Blackfoot where Harold officiated behind the mike and others travelled to Vegreville to enjoy an evening with Henry Lien.

Next session for the Circle 8 will be held March 26th at Dewberry hall when Johnnie Maxwell will be calling. Everyone is welcome.

Teaching staff meet at Lacombe Sat., March 5

A rally of former students and members of the teaching staffs from the Schools of Agriculture currently residing in the general vicinity of Lacombe held a rally and re-union which took the form of a banquet and dance at Lacombe on Saturday evening, 5th March.

The rally was conducted under the chairmanship of Walter McNary, district agriculturist, who was assisted by Walter Dietz. Their efforts resulted in the amazing attendance of over 400 persons at the banquet which group was augmented later by a very considerable number who had been unable to obtain banquet tickets but who came later for the programme.

Featured guests at the rally were Dr. F. S. Grisdale, who had been principal at Vermilion 1916-1920 and at Olds 1920-1930, and Mrs Grisdale. Other speakers who addressed the gathering included Inar Stephenson, a member of the original class at Olds, former principal C. E. Yauch, Superintendent of Schools of Agriculture J. E. Hawker; N. N. Bentley, principal at Vermilion, and a former member of the staff at Claresholm, Olds and Vermilion, Col. E. W. Cormack, who is now with the Extension Service at the University of Alberta.

Graduates of the Vermilion school who formed their own special table at the banquet were led in singing the V.S.A. song by Walter Dietz.

Former Vermilion staff members who were in [illegible] included J. L. Kerns, Laurie Bladon, V. T. Jonsson, [illegible] Esther Williams as well as Colonel Cormack and Mr Hawker.

Paradise Valley

By W. A. Gunn

Real cold with drifting snow is the dish put up by the weatherman during the past week. [illegible] roads are still very heavy and the school busses had a [illegible] to be on time.

Patients in the Lloydminster hospital during the week are Frank Wood, Jim Gordon, Mrs. Fred Towndrow and Lyle Krogseen. In the University hospital in Edmonton are Alice Doty and D. B. Baxter. Wilfred Wilson is home from the hospital.

The Lloydminster Little Theatre Group had a full house on Friday night when they presented their three-act play, "The Calamity Kid." The parts were well cast and everyone enjoyed a light comedy play. This group will always be well received at Paradise Valley.

Friday afternoon was a busy time for the local staff at the schools as it was parents' visiting day. A large [illegible] took advantage of the opportunity to see the teachers in action.

Curling is still going strong with games being played on Sunday, Tuesday, Wednesday and Thursday nights. At time of writing the Vine's rink is clearing the way with four straight wins in the competition going on.

Sunday night was family night at the United Church service. A good number attended and the service was enjoyed.

Mrs. Robert Fair of Vermilion arrived Saturday to visit with her sister and other friends in the district.

A new firm came into being this week as the trucking firms of Rayson and C. James amalgamated and now it is Rayson and James.

Mr Parke Dobson, who has been attending a course at Banff returned home on Saturday. The course was at the School of Fine Arts.

NERVE CASSEROLE

Industrial Development Board Appoints Three New Members

The Hon. A. Russell Patrick, Minister of Industry and Development, today announced the appointment of three additional members to the department's Industrial Development Board. Lloydminster; L. D. Robinson representing the area of Wildwood to Hinton including the town of Edson, and George I. Loucks representing Ponoka. Mr. Loucks succeeds P. A. McKelvey who has resigned from the board. Lloydminster and Edson are being represented for the first time.

The Industrial Development Board now includes members from thirteen Alberta communities. Members from Wetaskiwin and Brooks are to be appointed in the near future to complete the board. The group meets twice a year to discuss Alberta's industrial development and to recommend ways and means of attracting new industry to the province.

"OUR FEMALE OPERATOR"

NEWS from ISLAY

Mrs. Bill Shaw returned Sunday after spending 3 months in England visiting her parents and other relatives. Mrs. Shaw travelled by plane both ways and enjoyed it very much. England was damp and dull most of the time. Snow came too, and in country points, snow plows were out. It was just like Alberta in the winter of '35-'36.

The social evening held for Red Cross last Friday was a very pleasant event. The reels of film were very good and also educational. A nice sum was raised for Red Cross.

4-H FOOD CLUB NOTES

The Islay 4-H girls held a brief meeting at the school on March 3rd. It was decided the members would invite their mothers to the "Mikado" in Vermilion on March 19. This would be in place of the Mother and Daughter banquet which was originally planned. Next meeting will be at the Moncrieff home on March 14 at 7:30 p.m.

Following the meeting they adjourned to the rumpus room to join special guests from Canadian Utilities, mothers and other interested ladies.

Mrs. Duncan Watt of Edmonton, Home Service Director, introduced her assistants, Mr Frank Schmidt of Lloydminster, and Mr Bill Fachuk of Vermilion. They demonstrated a portable automatic dishwasher. While a load of dirty dishes was being washed, members watched it operate.

Door prizes were drawn as follows: Full length "Reddy" aprons — Muriel Stone and Ella Cole; half length "Reddy" aprons — Mrs. Tuskey and Mrs. King; Reddy pot holders — Mrs. S. Davidson and Lynne Davidson; Reddy oven mitts — [illegible] Simmons and Mrs. Buchanan; Reddy cookie cutters — Linda Torrance [illegible] Schaffer.

The mothers and [illegible] visited the club wish to thank the club and the Utilities company for a very pleasant evening.

The 4-H Food club held a formal tea recently and gave the guests an opportunity to assist Red Cross which they did. The sum of $8.50 was sent to Junior Red Cross.

Minutes of Board of Trade

I should [illegible] here that the Board ordered 100 copies of the new Economic Survey of the town of Vermilion from the Vermilion Standard [illegible] use in publicizing [illegible] and the Provincial Park. Also in this connection, Mr Champion for the Special committee, reported the map makers for the oil companies had been contacted and the Vermilion Park would be on these maps, that the Canadian Bank of Commerce letter for February, 1960, which covers the Dominion, would have a report on the Provincial Park, that the Provincial Travel Bureau people had been contacted and had undertaken much more complete information regarding the Park in their books and pamphlets.

At this point I would like to extend our thanks and appreciation to Mr. Ashley Cooper, the Chairman of Publicity committee for the valuable and extensive "write-ups" and publicity the Board has been accorded in The Vermilion Standard and the Edmonton Journal. Mr. Cooper has never missed an opportunity to publicize Vermilion and the Board of Trade.

I would also like to thank Mr. Cooper for contacting the Hon. Mr. Taylor, Minister of Highways, with the suggestion that highway 41 be double-surfaced in 1960 as highway 36 has been. The Minister wrote Mr. Cooper suggesting the matter be left until the frost is out of the ground in the spring, when the department engineer would know how this double-surface treatment on other highways had worked.

WAYS & MEANS COMMITTEE

Our Ways and Means committee conducted a very efficient "Clean Up Day" in June. This committee also arranged for the transportation of Tiger [illegible] players to league games. [illegible] other matter which did not [illegible] precisely in the scope [illegible] other committee was [illegible] very efficiently by this [illegible] tee under chairmanship of [illegible] Gordon Casey.

NATIONAL AFFAIRS

Our National Affairs committee, under chairmanship of Mr. Bill Sutherland, attended the various sessions of Court here and welcomed new citizens of Canada and accompanied some of them as guests of the Board to our luncheons. Mr. Sutherland also studied various matters brought to our attention by the Canadian Chamber and advised us on same. The Board also entrusted to this committee the marking of the Dominion Chamber ballot on Provincial representatives to that body. This is an important committee because our Board is concerned not only with local matters, but we are also interested in the activities of the Canadian Chamber and the Alberta Chamber. In these matters this committee performs a valuable service to this Board by bringing the same before us, and after study, giving us an [illegible] on them.

CIVIC AFFAIRS

The Board last year, just before the Civic election, for the first time arranged through our Civic committee, a highly successful [illegible] meeting at which town council spoke and gave their views. The meeting was well attended and very efficiently chaired by Mr. E. Schurman, the chairman of our Civic committee.

This same committee put on our usual Christmas Home Lighting contest, which resulted in many beautifully decorated homes. The four prize winners were entertained at a regular luncheon meeting when prizes were presented to them by your president. We tender thanks to the Canadian Utilities Ltd., for contributing towards the cost of these prizes.

INDUSTRIAL

Mr. Alfke, chairman of the Industrial committee, together with Mr. Reg Mitchell, at all times were on the alert to any possibility of attracting industry to the town. We are particularly indebted to Mr Alfke for his help in drafting the brief to the Carnation Milk Company Ltd.

RETAIL COMMITTEE

Upon the recommendation of our Retail committee, the chairman, Mr Roger Rowe, the Board [illegible] the resolution for a return to orderly marketing of consumer goods submitted to the Dominion Government by the Retail Merchants of Canada (Alberta Inc.), and we listened to an instructive address from Mr Tres Selph, special representative of this body, in which he outlined the work of the association.

This committee put on a very successful Xmas promotion by way of treats for the children of town and district. More than 570 children attended the free show in the Columbia theatre and received gifts of candy. On behalf of the Board, I wish to acknowledge to Mr Nick Kowalchuk, proprietor of the Columbia theatre thanks for his kindness in allowing us the use of the theatre at a reduced rent. The Retail committee, under the energetic direction of Chairman Reg Rowe did a lot of work in [illegible]

ENTERTAINMENT & PUBLIC FUNCTIONS

Our Entertainment and Program committee did an exceptionally fine job during the past year under the chairmanship of Mr Renaud. This committee organized the following functions:

Going Away party last March for Mr. I. Miller.

A most successful Spring Banquet with guest speaker Col. Eric W. Cormack of Edmonton.

A welcome and reception to the fire chiefs attending the Provincial Fire Chiefs' school in Vermilion in August.

Our usual Town and Country banquet with guest speaker Judge L. Y. Cairns. At this banquet the Board honored Mr A. M. West, a past president of our Board, by presenting to him a scroll in recognition of the fact [illegible] business for 50 years in the town of Vermilion. On this occasion the annual Board of Trade scholarship was also presented to Miss Laurie-Anne Campbell for contributing the most to the Academic, Literary, Athletic and Social Life of the V.S.A. during her first year.

I wish to acknowledge to Mr Renaud the thanks and appreciation of this Board for the trip he made to Edmonton when he [illegible] the officials of the N.A.D.P. in regard to the possible expansion of the business of the company here and the establishment of a homogenizing plant at Vermilion.

MISCELLANEOUS

Among the many other things which had the attention of the Board during the past year I might mention the following:

The Board, under the direction of the Civic Committee, publicized Fire Prevention Week and National Electric Week, urged the building of a new RCMP barracks and office building here which the authorities are planning to do; endorsed the building of an artificial ice rink; asked the Canadian National Railway to erect signals at the railway crossing in the town which has been done; gave its support to a Girl Guide camp at the Provincial Park lake; sent our delegates Kneale and Rowe [illegible] to the annual convention of the Boards of Trade held at [illegible] in June; endorsed the proposed construction of an underpass at the CNR railway crossing in town, entered a [illegible] testant in the Car Roadeo [illegible] during the summer [illegible] the purpose of supporting education in good driving; passed a resolution to support and publicize the annual hockey tournament, sponsored a dinner to the delegates attending the Hereford Association meeting here, sent delegates to the Board of Trade seminary held at Lloydminster last fall, delegates being Mr MacMillan, Mr. Kneale and Mr Champion; re-iterated our continued support for the Yellowhead route, and particularly on highway 16 from Edmonton to Battleford, endorsed the establishment of a Senior Citizen's Home here, which has now come to pass. In this regard tribute must be paid to Mr Ashley Cooper for the interest he took in this project and amount of time he spent and for the large part his efforts played in having the home established here.

We are now promoting the establishment of a Chronic hospital in the area of the Vermilion-Minburn Health Unit. The Board has appointed a special committee to push this project, consisting of Mr Bill Sutherland as chairman together with Messrs Champion and Mireault. This committee has been very very active. They have contacted officials and official bodies throughout the area asking for their support. A meeting has been held of these representatives to pursue the matter further, and you will be advised of further developments from time to time.

Our latest project is the possible building of an arena in the town from funds provided by Government grants. We have already taken steps to urge the town council to investigate this, and you will also hear more about this later.

All in all, we have had a busy and active year. I feel the Board has shown by its efforts we are of use to the town and community, and that we have progressed. I hope, and believe, that 1960 will be another 'Board Year' of usefulness, progress and growth.

We have a duty not only in the local field but also in the wider national sense, as does every other Board of Trade and Chamber of Commerce across Canada."

It has been said: 'Mere obedience to law does not measure the greatness of a nation. The true test is the extent to which the individual can be trusted to obey self-imposed law.' This brings us back to the question of ethics, to the question of character.

When we begin to talk about moral values and Christian ethics we begin to [illegible] the conscience of the individual.

The standards by which we operate our own business, the way we raise our families, the discipline we impose upon ourselves are of incalculable importance to the future of our country and the future of those who follow us'.

The challenge and problem facing each one of us is that of deciding whether or not we are going to continue to follow those moral and economic principles which make the individual worth while as an individual. The way and the only way to accept the challenge and solve the problem is through our own individual self discipline and improvement not by what any government can do for us. I leave you with this thought. Other far wiser men than I have stated and elaborated on it at length. I think it is a thought we should keep in mind, not only as citizens of Canada but as members of this Board."

Marwayne H. & S.

MARWAYNE — The regular meeting of the Home and School was held on March 8th with a very good attendance. Each month new faces appear and a cordial welcome is always extended by president Mr Park.

An invitation was read from the Lloydminster Home and School Association when Mr A. Aalborg will speak on the Cameron report.

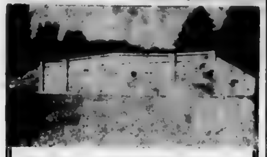
At the February meeting there was a tie between Mrs. Kent and Mrs. Spence for the Book of the Month. A motion was made to give them each $4.00.

Mr Petryshen had prices for the ball uniforms for the intermediate team and it was decided to get these for $111.

Final arrangements were made for the band concert on March 12th and a committee was nominated to maintain order in the auditorium. It was also suggested that all organizations sponsoring entertainment in the auditorium have such a committee from now on.

Carrying the card parties on into April was discussed. The matter was left to the executive to decide upon.

Miss Leclaire [illegible] and gave a lively commentary on her recent trip through Europe. These pictures were most educational and thoroughly enjoyed by all.



THE MAUSOLEUM

A growing demand for a Community Mausoleum is shown by the fact that so many such structures with reinforced concrete have been and are being built. This particular section of the province have a few in Edmonton.

In the past the excessive cost has made this type of burial out of reach for an average man, but now it is actually cheaper than the average ground burial.

There are many advantages over a ground burial. The body remains perfectly preserved by keeping moisture and dampness away from it. At present the cost is no more and in most cases not as much a ground burial when a lot, steel vault, monument and other cemetery expenses are considered.

Providing for mausoleum protection is not preparing to die. It is preparation to live without worry as to the ever-present possibility of loved ones dying and being placed in cold, damp, and at times wet graves.

When a Community Mausoleum is built in a town this size all space is contracted for before it is built. Therefore space is limited to those who have bought, and cannot be used except by them.

Anyone desiring to get more information in securing space in a Mausoleum, please contact by writing to—

POWER OF THE SMILE
A smile costs nothing, but gives much. It enriches those who receive without making poorer those who give. It takes but a moment, but the memory of it sometimes lasts forever. None of us is so rich or mighty that we can get along without it and none of us is so poor but that we cannot be made rich by it.

A Letter To Our NON-CATHOLIC Neighbors

Catholics and non-Catholics, as a rule, get along right well together.

Our families live amicably next door to each other and often become lifetime friends. Our sons fight side by side on every battlefield. We work together in the same shops and factories ... root for the same baseball teams ... do business with one another in a spirit of mutual trust every day.

In these and other phases of everyday life, there is a close association which promotes understanding and respect. But in religion ... where this close association does not exist ... there is often a regrettable lack of understanding and a corresponding absence of good-will.

Many people, for instance, have all sorts of false ideas about Catholics and the Catholic Church. They actually believe that Catholics worship statues ... that many sordid things happen behind convent walls ... that Catholics do not believe in the Bible ... that Catholic teaching is pure superstition and the Mass nothing but mumbo-jumbo.

All non-Catholics, of course, do not believe such things. But enough of these false rumors are in circulation to cause some sincere and intelligent non-Catholics to look upon the Catholic Church with suspicion, and to reject Catholic truth without even troubling to investigate it.

It is for this reason that the Knights of Columbus, a society of Catholic laymen, publishes advertisements like this explaining what Catholics really believe. We want our non-Catholic friends and neighbors to understand us and our Faith, even if they do not wish to join us. We want them to know the Catholic Church as it really is ... not as it is so often misrepresented to be.

It is also important to you personally, however, to inquire into the teaching of the Catholic Church. For unless you do, you cannot know whether the Catholic Church is or is not the Church established by Jesus Christ for your salvation. You cannot intelligently accept or reject Catholic teaching until you investigate it and know what it really is.

A distinguished Catholic author has written "A Letter to a Friend Not of My Faith." This letter has been published in the form of a pamphlet which can be read in a few minutes ... and which gives a remarkably clear and beautiful explanation of Catholic beliefs, worship and history. More importantly, it gives a blue print of Christian living which will deeply move you whether you accept or reject the Catholic viewpoint.

Free
This highly interesting pamphlet is well worth the few minutes it will take you to read it. We will be glad to send you a copy free, on request. Write today ... ask for Pamphlet No. KC-25.

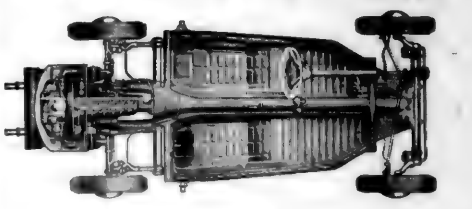
Sensible? You bet!



Sound engineering makes Volkswagen the largest selling small car in the world—BY FAR!

With the increasing popularity of small cars more people are taking a close look at what makes them tick. And it seems everyone is using Volkswagen as a yardstick of good engineering and quality. This is why:

● Engine in the rear? Yes, of course. More weight on the rear wheels gives better traction in snow, mud and sand. This principle, adopted by leading North American and European manufacturers, is now recognized as the modern trend in automobile design.

● Cooled by air—no troublesome radiator in a Volkswagen. Its air-cooled, short-stroke engine keeps going whatever the weather. More than 3 million Volkswagens the world over are proving this every day.

● Volkswagen thrives on a minimum of gas—up to 40 miles per gallon—and yet, what a spirited performer it is.

● What about ride? No better on any car, small or large, thanks to Volkswagen's torsion bar suspension, front and rear.

● Compare quality. Whatever you see or touch in a Volkswagen is in the finest tradition of German craftsmanship.

● Finally, compare Volkswagen's price. Dollar for dollar, there is nothing to match it (and it commands the highest resale price, too).

No wonder then, Volkswagen is the largest selling small car in the world—by far.

Damage by Ducks to Grain Crops Discussed by Agricultural Board

The Board discussed the matter of damage by ducks to grain crops in the M.D. and the fact was brought out that damage was not as widespread as had at first been accepted as fact although local areas where damage has occurred have suffered heavily. A course of action dealing with the subject was not clearly defined, there being quite a difference of opinion.

BRUCELLOSIS CONTROL PROGRAM

A. Hozack reported that Dr. Weir and Dr. Brown have nearly completed their part of the Brucellosis Control Vaccination program for the current [illegible]. There was a possibility that Dr. Anderson was at the same stage in his area, but as no reports had been received from him to date the matter could not be finalized.

VIBRIOSIS

Mr. Douglas stated the Department of Agriculture was very interested in all [illegible] as they are very anxious to spot any areas which may be experiencing attacks of Vibriosis.

AGENDA

The matter of having an agenda prepared in advance for the Agricultural Service Board meetings met with approval of the Board and it was suggested that arrangements be made to send out such agendas to the members in advance of the meeting so that opinions could be formulated on on the various subjects included in the agenda.

CROP INSURANCE

The matter of Crop Insurance and P.F.A.A. was discussed by the Board and they expressed some doubt as to just how far the Board should go in making [illegible] to the [illegible] matter.

Mr. Haan put forward the thought that farmers themselves should instigate sound plans for the three stages of government in Canada, being local, provincial and federal, after having given the matters very careful consideration. He felt the absence of plans formulated at local level left senior governments no alternative other than to instigate policies from the top in dealing with various agricultural matters and in his opinion this did not usually result in the best type of policy being formed. The functions of marketing boards and controlled production were dealt with briefly by the Board and the point was made that we may form marketing boards and control production in Canada, but what effect would this have on the production in the United States which tends to have some bearing on our economy. Mr. Haan pointed out the products of various Canadian packing companies such as Swifts, Burns, [illegible] Packers, etc., were to be readily found on the shelves of American stores.

The A.S.B. agreed to recommend to the Council the allocation of the sum of $25 for the chemical control of wild oats demonstrations under 2YC and that the sum of $100 be allocated for brush control demonstrations under 2YM.

A.S.B. will recommend to the council the allowance of sum of $100 under publicity 3r.

A.S.B. will recommend to the council the allocation of $3000 under Weed Control utilizing soil [illegible].

A.S.B. will recommend to the council the allocation of $600 under Weed Control utilizing soil [illegible] 6b.

The budget incorporating the above items will be recommended to the council for their consideration.

WEED SPRAYER

A proposition was put before the Board which involved the disposal of the weed spraying unit purchased last year by the M.D. to a private individual who would contract to do work the Municipality required.

Mr. Douglas suggested that the A.S.B. recommend to council that the M.D. retain ownership of the sprayer to be used for municipal purposes. This was agreed upon.

TREE PLANTING

The A.S.B. will recommend to council that they seriously consider the acquisition of a tree planter for use within the M.D.

Instructions were given to the secretary to make inquiries from the M.D. of Eagle concerning the cost of construction of the tree planter which they had made last year and the name of the firm who made the planter for them as reports received by members of the Board indicated that it has been a successful operation.

SEEDED-UNDER CROP POLICY

The Federal-Provincial Emergency Unthreshed Grain Assistance Policy was discussed by the Board and although no clear-cut decisions in the matter resulted much dissatisfaction was expressed about the policy as a whole and the adverse manner in which it affected the farming industry in this locality in the way it was being administered.

To Raise Battleship

The German battleship Blucher, sunk by Norwegians early in World War II in Oslo harbor, may be raised by a Scarboro, Ont., man. Eric Myers, 37, is giving up a prosperous business to undertake the project this summer. The project will be aided by both the West German and Norwegian governments. Norwegian born Myers has been in Canada for 10 years.

Rowland, Doreen, Louis, Isobel, Maurice and family.

Advisory Group Elect Feenstra

Mr. Harman Feenstra, R.R. 2, Clandonald, was elected chairman by acclamation, of The Alberta Wheat Pool Advisory committee, sub-district No. 303, at the first 1960 session of the group when they met Feb. 9 in the Legion hall at Irma.

Other members elected to the executive at the same meeting were W. H. Duncan, R.R. 2, Vermilion, vice chairman, and W. T. Garnett, R.R. 3, Vermilion, secretary.

The committee is set up to act as advisors on policies suggested by members which are forwarded to delegates. By following this procedure, the delegate has a more general idea of what the Wheat Pool members are most interested in, pertaining to their own particular districts.

At the meeting held Feb. 9th, twenty-five delegates attended as well as Mr. J. Jackson, visiting delegate; George Mead, Milo Fleming, fieldman, and travelling superintendent, Johnny Peterson. Jim Rhyason of the County Information department, spent most of the day explaining the history, ownership, government and 1958-59 operation of the organization.

Following the discussions it was decided that the next meeting of the group would take place in Vermilion on or about Nov. 1st.

To conclude the meeting a lengthy discussion [illegible] grain sales, grass seed and other commodities the Wheat Pool handles, took place.

PROTECTION AGAINST POLIOMYELITIS

Vaccination is your protection against this dread killer and crippler disease. Here are some answers to your questions about poliomyelitis vaccine.

Ques. What is poliomyelitis vaccine?

Ans. The vaccine is polio virus grown in the laboratory, then killed and made safe so that it is effective in causing the body to build defences against disease.

Ques. Who should be vaccinated?

Ans. Everyone, no matter what age, commencing with infants over the age of 3 months. Although poliomyelitis attacks are still most prevalent and serious in the 1 to 21 age group and among pregnant women, no one is exempt.

Ques. How many injections are required?

Ans. Three doses are needed, with one to three months interval between the first and second injection and 6 to 12 months interval between second and third.

Ques. When does protection begin?

Ans. Body defences begin to form seven to ten days following the first injection and increase sharply after the second injection. The third dose raises these defences to the desired high level.

Ques. How common is poliomyelitis in Canada?

Ans. The disease, once called infantile paralysis, has been known in Canada for some years. However, there has been a steady increase in the number of cases since 1946.

HERE IS CONCLUSIVE EVIDENCE

In 1955 a control test was run on 1,800,000 vaccinated and unvaccinated children in Ontario under 20 years of age. Among the 840,000 who had received one or more inoculations, there were five cases only of paralytic polio. Among the 960,000 who were unvaccinated 71 attacks were recorded.

Any adult wishing to commence the course will be able to [illegible] during the baby clinics [illegible] throughout the Health Unit [illegible] at all main centres.

Women Athletes Are Greatest Headaches, Say Sports Coaches

Women are the Canadian athlete's greatest headache, sports coaches say. But they aren't always to blame for athletes' off-field follies, Tom Alderman says in the current Liberty.

He noted that pitcher Don Johnson was released from the Maple Leaf baseball club after he did a stretch with Alcoholics Anonymous. Toronto Argonaut halfback, Dave Mann hasn't played since police found marijuana cigarets in his apartment; and the career of Canadian heavyweight champion, George Chuvalo almost ended last year when he was accused of assaulting a waitress.

Coach Jim Trimble of the Hamilton Ti-Cats, blames interference by players' wives and girl friends for his team's loss of the Grey Cup last season. He mentioned specifically a weekly radio program on which wives discussed their husband's ability. Bud Poile, Edmonton hockey coach said, "Women ruin the game and often hinder the careers of athletes. A man's life can become all topsy-turvy".

Even the most innocent outside activities can ruin an athlete's career, says the Liberty article. Andy Bathgate and Richard have both been fined for expressing their views of hockey players and officials. Edmonton footballer Ray Clementine, was mistaken by a female hunter for a treed bear, while spying on a Winnipeg practice. Shotgun pellets in his right shoulder kept him on the sidelines that season. A Victoria, B.C. wrestler, Felix Maromba, was put out of commission for a year when he tried to show his wife some new wrestling holds. She gave him a broken leg, arm and two ribs.

As long as players' antics don't injure the club's standing, the officials adopt a "boys will be boys" attitude and disregard most off-beat incidents, Alderman writes. But even in Russia, athletes run afoul of public opinion sometimes. Recently, a communist youth paper accused a gymnast of disgraceful goings on with two young ladies, described by the paper as having "violet lips".

Parking Lights Not Meant For Driving

Besides being highly dangerous, it is illegal in most of Canada to drive a car on the highway with only parking lights on when visibility is restricted.

The Canadian Highway Safety Council warns that provincial traffic regulation prohibit the operation of a vehicle which cannot be clearly seen at least 500 feet away. The council urges all motorists to use headlights when driving after dusk or in blizzards, fog, sleet storms and heavy downpours of rain.

"Anyone who drove the streets and roads during some of the winter storms, can recall the difficulty in seeing other vehicles. The ones showing only parking lights loomed up, most times as dark shapes before the lights could be seen, but the cars with headlights blazing could be identified long before the vehicles themselves became visible. Impaired visibility caused by insufficient light or unfavorable atmospheric conditions, added to windows and windshields obscured by snow, sleet, fog or rain, produce a deadly combination in moving traffic. The more identification a car can have at such times, the better chance the driver has of avoiding a crash."

Ira G. Needles of Kitchener, chairman of the Council, stated: "many of us who have driven cars for years remember when batteries could be run down easily and we formed the habit of not using bright lights lest we drain the battery. In modern cars, generator and battery capacities are so far ahead of the demands made on them by the vehicle's electrical system there is no economy in using parking lights for driving. In fact doing so could result in the driver being charged with infraction of the law. The old economy should be discarded in the interest of visibility and increased protection."

A REVIEW OF THE WEEK'S HIGHLIGHTS

Agriculture on Parade

By GRANT MacEWAN

NO DEFICIENCY PAYMENTS

The announcement from Ottawa that there will be no deficiency payments for western growers of wheat, oats and barley, inspired most of the agricultural oratory this past week. Shades of opinion differed about as widely as the colors in Easter millinery.

Grain growers who have seen their costs of production rising while income has been shrinking for several years were convinced they needed something of the kind while farmers who suffered crop failures and others who make a practice of feeding their grains to livestock pointed out that deficiency payments would not help them.

A city newspaper editorialized that: "Canada must not pursue policies which in the United States have built up huge surpluses, nor should it seek to make big farmers rich at the expense of the taxpayers". And Ed Nelson, president of the Farmers' Union of Alberta, said that he "fully agrees with the expressions of disappointment echoed all over Western Canada on the rejection of deficiency payment for grain. "Those people," he added, "who suffered great losses last fall in addition to five years of poor returns will not appreciate the apparent disregard for their welfare at this time."

Most people were thinking in terms of wheat and not in every case remembering that, as an article of trade, wheat is still very much in the doldrums. The recent figure of 734 million bushels carryover is just slightly lower than the Canadian total last year. Moreover, recent exports have been slow and there is the depressing fact that the United States carryover is now over 1000 million bushels, an all-time record.

Welcome were the recent announcements of certain deferred payments now being made or about to be made for farm products. Southern Alberta's 1600 sugar beet growers received recently $431,200 as final payment on their 1958 crop. It brought the total return for beets in that year to $12.85 per ton.

Simultaneously the Agricultural Stabilization Board announced payment of 21 cents a pound on wool marketed from the 1959 clip. Added to the initial payment it would bring the average total return for wool delivered at Toronto to about 61 cents a pound.

And the Canadian Wheat Board declared that it had another 10 cents a bushel for wheat delivered by western farmers in the last crop year ending July 31, 1959. Wheat producers of course received $1.40 a bushel basis No. 1 Northern Fort William as an initial payment. When the books are closed on the 1958-59 pool still another final payment can be expected.

And egg producers who have had a bad time in recent months, prices crashing downward in January and then coming back moderately . . . are speculating hopefully about the amount of deficiency payment to come to them after this first quarter of the year. It will be seen as an important test of the new marketing program upon which so much both of praise and criticism has been lavished.

BULL SALES

Last week saw cattlemen getting ready for the bull sales. As usual, the sale season opened at Kamloops, the city which considers itself to be the Cow Capital of the B.C. Interior. The entry was the largest seen at that show, with 24 bulls entered from Alberta and Saskatchewan herds. Wilbur Caffey of Craven, Sask., was the judge.

In the grand champion Hereford bull at Kamloops there was a story of sadness as well as triumph. As the British Columbia show started, funeral services were being conducted for the bull's widely known breeder and owner Alex Mitchell of Lloydminster. A few days before, the members of Western Canada's livestock fraternity were shocked to learn that Mr. and Mrs. Mitchell had died from heart attacks within two hours of each other.

Alex Mitchell, with distinguished appearance and soft Scottish voice, was named honorary president of the Canadian Hereford Association just the week before his death. He must be remembered as one of Canada's most skillful stockmen, one who ranched with sheep, raised Clydesdale horses for the joy of seeing them and achieved national distinction with Herefords.

Calgary bull sale was on as these lines were being written. The guessing: slightly lower average bull prices this year.

As bulls were arriving for the big Calgary sale market prices for commercial cattle were sagging perceptibly with choice butcher steers bringing up to $21.10 per hundred at Calgary. A few were being bought for export to the U.S. Feeder steers of good quality commanded from $17 to $19.50 per cwt. Pigs slipped a bit more to average $16.65 per hundred carcass weight.

WILD OAT KILLERS

Western farmers in these recent days have heard much about two new chemical herbicides, Avadex and Carbyne offered as wild oat killers. Both products have just been recommended by the Western Section of the National Weed Committee for registration and sale in Canada. Advertisements are presently appearing but one of the most important presentations dealing with the new substances was made last week by H. A. Friesen, of the Lacombe Experimental Farm when he addressed 350 attentive listeners at the Calgary Short Course.

Avadex is described as a pre-planting treatment, in other words it will be sprayed on the land before the crop for the year is planted and worked into the soil the same day so it will not escape by evaporation. Then as the wild oats germinate the herbicide is supposed to knock them out before they reach the sunlight.

The product carries a recommendation for wild oat control in flax, and for trial use in barley, sugar beets, rapeseed and sunflowers. Wheat and oats have very little tolerance and Avadex is not recommended where hey are grown. Generally it sounds good, but there are still some questions and difficulties, some wild oats manage to escape the killing effect of the chemical, and second, a price of somewhere near $7 an acre this year is likely to be seen as a practical obstacle to extensive use.

The other product, Carbyne is applied after the planted crop comes up. The most effective time for application is when the wild oats are reaching the two-leaf stage. This chemical, we are told, can be used against wild oats in wheat and barley . . . but not in flax.

Regardless of limitations these two new chemicals aimed at Weed Enemy No. 1 must be seen as a very important advance. Nevertheless farmers should not forget the time-honored control technique for wild oats . . . spring cultivation and delayed seeding.

Prime Minister Endorses Work of Boards of Trade, Chambers Commerce

"The work accomplished in eight hundred communities by the members of the Boards of Trade and Chambers of Commerce makes a worthy contribution to Canada," Prime Minister John Diefenbaker stated today in endorsing Chamber of Commerce Week to be observed across Canada April 24th - 30th.

In a message addressed to President Gordon Love of the Canadian Chamber of Commerce the Prime Minister continued:

"These local organizations provide a forum for the consideration and discussion of questions of local, provincial and national interest, the national organization acting as a clearing house for their ideas and suggestions assures that whatever proposals are finally adopted are of national importance to which public attention is directed, thereby making for well-informed public opinion.

"It is therefore with pleasure that I extend my best wishes to all who will participate in the celebration of the Third Annual Chamber of Commerce Week."

Special programs and events will be organized in communities in every province throughout Chamber of Commerce Week to bring home to all Canadians the understanding and appreciation of the role these organizations play in community building for the national good.

ELLIOT LAKE FACES EXTINCTION WITHOUT ATOM CENTRE

SCHOOL
MEN
CANA

Elliot Lake, Ont., a mining community, got down on its knees and prayed for its life. The four year old boom town is faced with extinction because of a cutback in uranium production which will leave an estimated 4,000 workers without jobs within the next year. Congregations at 10 churches begged God to keep the mining community alive by having the federal government locate a nuclear research centre there. The government has said it won't alter plans to establish the centre in Manitoba, 90 miles from Winnipeg. A dress rehearsal for a protest march on Ottawa was held by the women. The women donned sheets and carried placards. Some 1,000 will go to Ottawa led by Shirley O'Brien shown above on phone.

WHY HE WORKS

Casually I asked a man with a great deal of money why he continues to work. "Why do you keep going under such pressure," I asked, "when you could afford to jump in your car and go touring to Mexico or wherever? You've got it made so why keep slugging?"

We had been having coffee in a main street restaurant and his car was parked across the street. "Come for a ride," he said, "and I'll show you why I keep slugging."

Well, to make a long story short, we toured the better suburbs of the city and he pointed out to me no less than ten very nice homes. In front of some there was evidence of youngsters at play, others had the second car in the driveway — all looked neat and prosperous.

In every one of these homes lived the family of an employee of one or another of my friend's various companies.

We then took a trip to a less posh area of town, and he pointed to places where men who worked for him were living. Not in poverty by any means, but in far less comfortable quarters than the others.

"When every person who works for me lives in a darn fine house in a good section of the city, I'll feel I can stop slugging," he told me. "I am sure as the devil not working for myself any more: I've got all the money I'll ever need, and I don't spend much anyhow."

"I think I believe you," I said, "but millions wouldn't. If I wrote you up in my column, at least twenty readers I know would write sarcastic letters claiming Ambrose Hills had gone soft in the head."

"You try writing me up in your column," he said, "and I'll blacken one of your brown eyes for you."

I have written him up anyhow. I believe every single word he said. If that is soft-headed, okay . . . I am going soft. I only wish there were more people working hard so that others might benefit, because that is always the result of hard work. There is nothing in the world to share unless it is first produced, and it takes work to increase production.

Vermilion W. I.

The March meeting of Vermilion W. I. was held at the home of Mrs. G. Dunsmore with the president in the chair, 12 members present and one visitor, Mrs. A. Cameron.

Mrs. Lee was greeted with the singing of Happy Birthday.

After reading of the minutes the president gave the treasurer's report, as the treasurer was away attending the W. I. conference in Edmonton.

Eight get-well and seven sympathy cards were sent out during the month, two large boxes of used clothes were sent to the Unitarian Service Committee, and one box to the mental hospital. A letter was read from the Cancer Society regarding a series of meetings in April. After discussion it was decided to wait until fall to sponsor this.

The president reported that the new wheel chair had arrived and had been immediately loaned out. Also three pairs of crutches with one pair already loaned out. There is a constant demand for crutches.

Mrs. W. Cross gave an interesting paper on mentally retarded children and what can be done for them by way of education.

A short discussion of the study book took place. Following lunch a social hour was enjoyed. Mrs. Dunsmore won the mystery box.

GREEN ACRES

SPRING BULL SALES

The Livestock Branch, Alberta Department of Agriculture, has released the dates of the following approved bull sales:

Edmonton, March 21-25; Red Deer, April 6; Stettler April 21; Lloydminster, May 2-3; Lacombe, May 24, 25, 26.

Early entries indicate a good supply of bulls. Alberta farmers who do not own registered females or have not used the Livestock Improvement Policy 'A' or 'B' for two breeding seasons, may receive assistance in the purchase of an Alberta bull at one of these sales. The assistance now in effect is 20% or a maximum of $50.

NEW CROP?

Did you ever consider growing forage seed as a cash crop? It is not practical or possible for everyone but it has possibilities for some. Before embarking on a grass seed program one must realize that there will be harvesting problems and that the crop chosen must be a variety which is in demand. A Forage Seed Policy is in operation whereby a limited number of farmers who show they are aware of problems involved may be assisted to establish a variety for seed production. Applications are made at the District Agriculturist's office.

PASTURE IMPROVEMENT POLICY

Alberta's Field Crops Branch is offering a Pasture Improvement Policy to a limited number of farmers wishing to try new grasses and legumes for pasture. The Department of Agriculture is particularly interested in those farmers who would like to try out new varieties of forage. The policy provides assistance of half the price of the seed for a maximum of 10 acres per farmer. Only those farmers will be considered who have not previously used the policy and are going to grow a grass legume mixture new to the district. Wherever possible named varieties will be included because of their yield advantage. This is not a cheap means of getting more seed for pasture but a means of introducing a new pasture crop to your farm and district. Applications are made through the D.A. and only recommended mixtures will be approved.

CAREFUL WITH THOSE CHEMICALS

Each year brings a flock of new and powerful chemicals, most of which are poisonous to livestock and man. These chemicals when used as recommended do a wonderful job of anything from the control of wild oats to warbles. But these chemicals can be dangerous! No one wishes to do bodily harm to his fellow men but those using Lindane and D.D.T. indiscriminately on producing dairy cows are doing just that. A teaspoonful of Endrin used for the control of wireworms and cutworms will make any two-legged worm curl his heels. Co-Ral and Trolene used to a considerable extent in the control of warbles and lice are very toxic to humans. Trolene was withdrawn from the market a year ago because a few well-meaning individuals thought a double dose would be better than that recommended. Care must be exercised at all times when using new chemicals. Read the label and keep up to date on the latest information. Burn or bury the empty containers and make certain left-overs are out of reach of children. These new chemicals are revolutionizing agriculture. Be careful and be alive to reap the benefits of the revolution.

For those farmers in the Lloydminster area please note the D.A. is at the Chamber of Commerce office every Thursday.

4-H CROP CLUBS

Now is the time to form that 4-H Crop club. A new program is offered which makes the crop club equally attractive as other 4-H projects. 4-H is a "Learn to do by doing" program and gives children an opportunity to gain knowledge by experience. Survey your community right away. A club is formed with 12 farm children between 12 and 20 years of age.

Children's Workers Visit Alliance

Special Speaker at Alliance Chapel on Sunday, March 13th was Rev Dirk Vandervalk, of Le Flambeau Homes Inc., Bondville, P. Q., where together with his wife and members of his family, operate orphanages for unwanted children. "La Ruche" (Beehive) for boys and "Le Nid Fleuri" (The Flower Nest) for girls. Also associated with this work is Mr. Ernie Tetreault, formerly of Vermilion.

In the afternoon Mr Vandervalk spoke at Mannville Alliance Tabernacle.

After evening service in Vermilion, colored slides were shown of children and various buildings and properties of the orphanages.

Rev J M Schroeder preached the evening message, his second in a pre-Easter series on the seven utterances of Jesus — "Words to a penitent Thief."

Musical selections included a vocal solo by Miss Margaret McLennan, "Sustained"; a male trio by Albert Mix, Rev. J. M. Schroeder and Ben Francisco, "Come Just As You Are"; and a vocal solo by Albert Mix "Harbored in Jesus." Mrs. J. M. Schroeder accompanied at the piano.

Parliament May Require Second Session

OTTAWA — Prime Minister Diefenbaker suggested Friday the possibility of a second session of Parliament this year unless the Commons speeds up its work.

Mr. Diefenbaker said in the Commons that the House, which started its current session Jan. 14 is falling behind schedule, and he might have to change his mind on his long-standing aversion to two sessions in one year.

Trade Minister Churchill, government House leader, indicated recently that July 1 is the target date for prorogation.

Mr. Diefenbaker was replying to a question from Liberal leader Pearson as to an opportunity for a debate on defence.

All of the Great Lakes were named by early French explorers; four of the names are Indian words — Erie, Huron, Michigan and Ontario — while two are French words — Superior and St. Clair.

Scholarships For Alberta Writers

For the fifth consecutive year some talented young Alberta writer of poetry, prose, or drama in stage, radio, or TV may attend the internationally famous Banff School of Fine Arts as a student in the Creative Writing course of the 1960 summer session.

The Committee of the Hazel Robinson Memorial Scholarship announces that the competition is now open to entries, and the closing date is April 30, 1960.

Previous winners have represented both sexes and widely separated areas of the province: Neil Cameron, Calgary; Sharon McRoberts, Edmonton; Marilyn [illegible]; and Alan Meech, Lethbridge.

The scholarship honors the memory of Miss Hazel Robinson, a young Alberta woman who did much to encourage young writers to develop their talents. A group of friends initiated the scholarship award as the most fitting way to carry on Miss Robinson's work.

The Hazel Robinson Memorial Scholarship to the Banff School of Fine Arts Summer Session will be awarded this year according to the following conditions:

1. The Scholarship for 1960 is open to open to any present Senior High School student in Alberta, or any person who has attended Senior High School in Alberta in the last five years and is not over 25 years of age.

2 - The Scholarship is to be awarded on the basis of:

a. A single piece of original writing of approximately 3,000 words in the form of
 1. An essay or article
 2. A short story
 3. A drama for stage, radio, or television, or
b. Selections of poetry, totalling approximately 100 lines.

3. There shall be no restrictions as to the topics of the piece of writing or poetry submitted.

4. Adjudication of submissions shall be by a committee designated by members of the scholarship committee with one representative of the Department of Extension, University of Alberta.

5.—The decision of the judges shall be final.

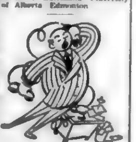
6. No submissions to the competition can be returned to the authors unless accompanied by a stamped addressed envelope.

7. The closing date for receipt of entries for 1960 is April 30.

8. The amount of the scholarship provided by the Hazel Robinson Memorial Committee shall be $150.00 deposited to the account of the winner at the Banff School of Fine Arts, and applied to fees and living expenses while the recipient is taking a writing course offered by the school.

9. If the entries in any year do not, in the opinion of the judges reach scholarship calibre the judges reserve the right to withhold the award.

Entries should be submitted to: "Hazel Robinson Memorial Scholarship Committee" Department of Extension, University of Alberta, Edmonton.



"THE BORE"

Lacombe swine draw scheduled for April 25th

Thirty breeding groups of Lacombe swine will be made available to Canadian breeders through a public draw April 25, it has been announced by the Canada Department of Agriculture. It will be the fourth such draw for Lacombe breeding stock.

Each group consists of three females and one boar. Officials stress that only those interested in raising purebred Lacombe swine should apply, especially since performance testing, which requires considerable record keeping, is necessary for registration.

The Lacombe breed is the result of a hybridization and selection program initiated by the agriculture department in 1947, which combined the blood of the Danish Landrace, the Chester White, and the Berkshire breeds.

Applications forms and regulations may be obtained from Lacombe Experimental Farm. Deadline for applications is Apr 19th. Only completed applications on official forms will be considered.

A committee will select all applications that meet the conditions of the draw, and from these the new owners will be decided at Lacombe on Apr. 25.

YOUR EASTER OUTFIT

With spring stock already being shown in local stores, some of you will soon be looking for a new Easter outfit. Whether this is a new dress or a suit, construction of the garment should be considered. Unless you observe this before buying the outfit, you may be sorry when you get home.

MATCHED PATTERNS

Colorful matching of patterns is a sign of good quality. This is especially true with the plaids and checks presently popular. Places to look for matching are the skirt seams, two front pieces of bodice or jacket, sleeves and collar.

STITCHING

Stitches should be small, even in length, neat and straight. The thread should be of matching color and should be securely fastened at ends.

SEAMS

These should be flat and even in width. Raw edges may need to be finished for added strength or to prevent ravelling. Wide seams will lie more smoothly and can stand greater strain. They also make alterations possible.

HEMS

Hems which are flat and even in width look and hang best. Generous hems allow for future hems should be invisible on the right side of the garment.

LINING, PADDING, INTERFACING AND TRIM

These should be able to withstand any treatment the garment is given, such as washing or dry cleaning.

ZIPPERS

Closures such as zipper plackets should be flat, inconspicuous and long enough to enable getting into and out of the garment without strain.

BUTTONHOLES

These should fit easily over buttons being neither too long nor too short. To be durable they should be evenly and firmly stitched or bound and have well reinforced ends.

Bowtell Bulletin

Ladies of the Leafers' club enjoyed an afternoon at the home of Mrs. McGaughey on March 2nd. It was decided to have a card party in the Community hall March 18th and also a dance in April. Please watch your STANDARD for date, etc. The lucky draw was won by Mrs. Williams.

Deepest sympathy is extended to the Wilcox and Habstritt families in their recent bereavement.

Mrs. Williams and Kenny journeyed to the city at the week end.

Mr and Mrs. M Warawa and family visited Saturday evening at the home of Mr and Mrs J. Boyd.

Mr. and Mrs. B. Wells and family of Paradise Valley visited Sunday at the Sherwood home.

The Knutson family were recent visitors in Edmonton.

Mr. and Mrs D Harrison were recent visitors to Lloydminster.

Allen Coutts spent a few days with his cousin and family, Mr and Mrs. L. Sherwood at Wainwright.

Helen Pearman's broken leg is mending nicely, having had the cast removed.

Extensive Amendments

To Communal Property Act Introduced by Hon. Alf Hooke

by KEN MASON

EDMONTON.—The government took the initial step last week in its attempt to control the land holdings of Alberta Hutterite colonies and still remain within the law.

Municipal Affairs Minister Alf Hooke introduced a bill which contains extensive amendments to the Communal Property Act, under which Hutterite colonies are regulated at present.

The major change is that under the new bill land-holding restrictions are not specifically spelled out. Instead, it gives the provincial cabinet the final authority to prohibit or allow expansion of colonies.

The question worrying cabinet ministers and MLAs is whether this will be any better than the existing act which states clearly that colonies must be at least forty miles apart and that they cannot be over a certain size.

For years the Government has been afraid the existing act would never stand up in court if the Hutterites chose to test it, because in effect it discriminates against a minority. Similar legislation in Montana was taken to court by the Hutterites and was thrown out, leaving no controls on their landholdings.

In Alberta the Hutterites have so far shown no inclination to force a test of the validity of the law. Instead, they cleverly circumvent it by buying land and by tying up land under the name of an individual colony member.

The Communal Property bill shapes up as one of the hottest issues of the current session. Later it will go to the House [illegible] committee [illegible] and persons opposed to Hutterite colony expansion will be called to argue the pros and cons.

Under Mr Hooke's bill, the government would set up a 3-man board to hear all applications for new colonies or colony expansion. It would judge each one on its own merits, then make a recommendation to the cabinet which would have the final say.

The new bill would do away with the 40-mile spacing restriction, but would [illegible] the limit on the size of the colonies. It would also make it [illegible] that a colony cannot buy land under the name of an individual if the land is to be used by the colony.

Last week was a big one for Municipal Affairs Minister Alf Hooke. He also introduced his controversial industrial tax legislation. The 20-page bill provides for the setting up of a five-man commission to administer the tax scheme.

Under the program, some 70 basic industries would be placed on a provincial tax roll and the money collected would be distributed among the municipalities which have a share in providing services to the industry or its employees.

Thirty per cent of the take would automatically go to the municipality in which the industry is located, and the remaining 70% would be split up among adjacent municipalities where workers live and demand services.

One thing the bill does is pave the way for uniform province-wide assessment and taxation of those industries which come under the act. The bill says the mill rate shall not exceed 60 mills. Mr Hooke says it will in fact be considerably less.

Mr Hooke hopes that in addition to correcting "tax im[illegible]" [illegible] the new measure will put an end to the municipalities competing to attract industry and thereby lead [illegible]. When the tax comes into use a year or so [illegible] will pay less.

The tax bill also will go before the agricultural committee for arguments for and against before the House takes final action.

Approximately 200 to 300 U of A students, shouting slogans and carrying placards, marched on the Legislative Building one day last week.

Their purpose was to press on the government their demands for more campus residences for out-of-town students.

However, about all they succeeded in doing was antagonizing government officials and MLAs.

The march was supposed to be unorganized and spontaneous, but somehow or other the marchers managed to obtain mimeographed instruction sheets telling them to maintain order and to avoid blocking traffic. The sheet told them to keep in mind that "this march is unorganized, unplanned and spontaneous".

The political-flavored demonstration came after Provincial Treasurer E. W. Hinman told the Legislature the Government is not building residences at present because it feels expansion of training facilities is more important.

An $18,000,000 [illegible] program is in progress at present at the university, but it does not include residences.

Mr Hinman addressed the students from the staircase in the main foyer of the building, and after a few more shouted slogans, they dispersed.

Later he ticked them off quite nicely by saying it was regrettable they expressed their interests through methods "usually associated with other countries".

ARGONAUTS' FIRST MAJORETTE

Twenty-four years ago Audrey May did cartwheels down the field at an Argonaut football game. Audrey was the first majorette the Argos had and she was probably the first in Canada. Today Audrey May Wells, mother of two teenaged children, does the choreography and acts as director-producer for a half-time show by the majorettes. Her husband Doug produces the half-time shows which now offer clowns, acrobats and anywhere up to 75 girls. Above Audrey gives her daughter Jane some tips. Jane is wearing the costume mother wore 20 years ago.

BUFFALO COULEE ACTIVITIES

Held over from last week

This past week several rinks have been participating in the Wildmere men's 'spiel and two rinks are entered in Vermilion Ladies' bonspiel.

There is to be a Farm Forum bonspiel held in the Vermilion rink on Saturday, March 26. It is hoped all Forums will send in as many rinks as possible.

The central W. A. meeting was held at the school on Wednesday evening instead of at Mrs. H. Eyben's as planned. A good crowd attended, including some of the C. G. I. T. and enjoyed a most interesting talk by Mrs. Winnie Chapman on her work among the women of Africa. Following her talk she answered many questions. Since many knew Winnie personally, it made it more enjoyable. A short business meeting preceded the speaker. Plans for the June bazaar to be held on Farmer's Day were discussed. It was decided that Willowby and Battleview groups would unite for the banner and on lunch for central meetings. This year Heatherbell will have the sale of work and sports; Autumn Leaf the ice-cream booth and Willowby and Battleview the supper booth. Battleview group cleans the church this spring.

After the adjournment of the business meeting, Mrs. [illegible] Steele introduced the guest speaker. Mrs. Gilbert Harrison on behalf of all present, thanked Mrs. Chapman for her most interesting talk.

A social half hour followed with lunch served by members of the Autumn Leaf group.

The latest C. G. I. T. meeting took the form of a pot luck supper with each girl bringing a friend. This event was very much enjoyed by all. Mrs. Plummey added to the merriment by reading teacups. Following the business part of the meeting, all took part in a sing-song and then adjourned to the gym for a game of basketball. Next meeting will feature initiation of new members.

The Winnie Paul show and the guest speaker were enjoyed by a good crowd on Feb. 26th.

Several people from this community attended the Vancouver-Edmonton hockey game on Friday night in which Brent Macnab got a goal and an assist. Mr. and Mrs. B. Macnab Sr attended the game Tuesday and then left for Calgary where they will attend the second game.

Mr. F. H. Eyben and Lyla were Edmonton visitors at the week end.

Mr. Alf Green is holding his auction sale on April 6th so everyone please keep this date in mind.

Expressions of Disappointment Supported by Farmers' Union

The Farmers' Union of Alberta fully agrees with the expressions of disappointment echoed all over Western Canada at the Prime Minister's statement in the House of Commons on Thursday. The feeling is all the more bitter when you realize all the trust and confidence which the farmers of Western Canada placed in Mr. [illegible]. While we recognized the financial difficulties of the government and sympathized with its efforts to reduce spending to a minimum, we cannot believe he is serious when he indicates complete abandonment of any plan to help the farmers at this time. He and members of the government have said on many occasions, as indeed he did in making this [illegible], the farmers were not sharing in the nation's prosperity. Cabinet ministers told me last [illegible] that they were quite [illegible] the trend in the [illegible]'s business and that they were [illegible] a continuous upsurge during the next two years. Coupled with the expected increase of 7 per cent in gross national product this year is the decrease in net farm income last year and expected decrease again this year. There seems to be little excuse for not at least using all of the $250,000,000 farm stabilization fund which the government has already set up to bolster a sagging farm economy.

The Prime Minister has said that he would welcome suggestions by the farmers. How much more can we suggest? It was at the request of the government that the formula for deficiency payments was worked out. We believed, and still do, that it [illegible] and right. The Prime Minister never denied the justice of it. It undoubtedly amounted to more than the government was able to pay but there was never any indication by farm organizations that less was not acceptable.

Those people who suffered severe losses last fall in addition to 5 years of poor returns will not appreciate the apparent disregard for their welfare at this time.

I personally, have had a great deal of confidence in Mr. Diefenbaker and have at all times expressed a desire to co-operate with the government in achieving for the country as a whole, both stability and prosperity. I find it hard to believe even now, that he can possibly mean to disregard the farmers' needs as callously as the reports indicate.

Raymond Kowalski wins Adventure in Citizenship

Islay student gets trip to Ottawa

Raymond Kowalski, a high school student from Islay, was the recipient of an Adventure in Citizenship award last Friday when he was an honored guest at the Vermilion Rotary Club. Raymond was one of the 180 students who have been chosen by Rotary from across Canada to attend an all-expense trip to Ottawa from May 9th to May 12th. He will leave here on May 6th and return May 15th.

The purpose of these awards is to tie the many cords of interest together and insure national development along the way. Subversive forces are best combatted by a staunch loyalty centred around national ideals which truly express the Canadian conception of liberty and government.

It provides a unique opportunity for young Canadians — students of secondary schools throughout Canada — to understand the workings of Canadian democracy and appreciate the Canadian way of life. A plan was devised to have selected students from all parts of Canada visit the national capital once a year and come in personal contact with the leaders of our political life, as well as others prominent in business, the professions, government and educational institutions.

The students chosen will arrive at Ottawa when the present session of parliament is still alive.

Spring has Sprung

At 7:43 last Sunday morning it was officially declared spring in Vermilion.

Just one hour and four minutes after sunrise, the sun reached a point directly above the Equator and spring with days of equal length in both north and south hemispheres, with 12 hours and thirteen minutes of daylight, began.

The calendar calls this the Vernal Equinox, and it usually takes place on March 21st. However, Leap Years speed up the arrival of spring by putting the extra day on at the end of February.

Weather wise, most of Vermilion's mantle of snow is rapidly disappearing as the milder weather pushes its way into the area.

The water supply was immediately switched to the elevated tank which dispensed more than 50,000 gallons in less than 45 minutes.

The town foreman and his crew were at the other end of town at the time the incident occurred but when notified of the trouble instantly set about getting the pumps into action in double quick time.

The pumps are now operating in their usual manner and water supply is once again normal.

Baseball enthusiasts fall in Sunday Mar. 27

Mr. Ray Hannaford, secretary of the Northern Alberta Baseball Association, extends a personal invitation to all coaches, managers, or those just plain interested in the game of baseball, from Little league to Seniors, to attend the Association's annual meeting this Sunday, March 27th commencing at 10 a.m. The meeting will take place in Maple Leaf Athletic Club house located at 9720-118 Ave., Edmonton.

It is not necessary to be affiliated with the N.A.B.A. to attend.

Mr Hannaford stated that although there seems to be plenty of good baseball played in this area, no representatives have turned up at previous meetings.

There is a heavy and interesting agenda on tap, and the year ahead promises to be a great one for baseball if proper plans are made now. One big item is the possibility of combining juvenile and junior teams to smooth out this age group.

Time is short, so individuals and organizations are asked to act promptly. If further information is desired, Mr. Hannaford may be reached at 10815-115 St., phone HUnter 8-5811.

Hog producers invited to meet on March 30th.

With the idea of forming a Hog Breeder's Association in Vermilion and district, a meeting will take place in the Legion Hall on March 30th at 8:00 p.m. when speakers for the evening will be Eric Salt, Rudy Jurke and Art Wells, president, secretary and publicity officer respectively of a similar organization from Lloydminster.

The main purpose of the meeting is to create sufficient interest amongst district farmers to organize and endeavor to improve conditions on the hog market. In view of the industry situation as it is, hog producers no longer wish to leave decisions up to governments and other organizations. They feel that much could be done about it by themselves.

Since the forming of the organization in Lloydminster on Feb. 2, 1960 a gratifying number of hog producers have enlisted.

The Lloydminster executive received an invitation from the Inter Provincial Farm Union in Winnipeg to attend their meeting on March 4th.

Attractive talented student captivates Mikado audience

A vivacious young actress, Victoria Wynnychuk, completely captivated an appreciative audience of 600 last Saturday evening at Vermilion high school, when students of Vegreville high school presented Gilbert and Sullivan's well known opera, "The Mikado" under the very capable directorship of Neil Cassidy.

Miss Wynnychuk was outstanding in her role as Yum-Yum. She played her part extremely realistically and provided top-notch performance for the gallery. She received very strong support from a large and well performing cast of 42.

The entire opera contained 23 vocal and [illegible] numbers. Included in the cast were 42 students with an additional eight in the orchestra. This orchestra was unique inasmuch as there were three [illegible], three violins, one drum and one cello.

Leading the male cast was Reg Bird as Ko Ko, the Lord High Executioner who carried out his vocal and oral demands of the character in a most realistic manner. Strongly supporting him was the boy with many parts, Lord High Everything Else, Glen Goshko who had a difficult role but did it very well.

There was no prompting necessary at any time throughout the [illegible].

Following the presentation many favorable comments were heard from an appreciative audience who without a doubt, enjoyed the performance immensely.

Rosequist rink wins Elks spiel

Broken [illegible] and [illegible] broom bristles were all that remained on the ice following the Elks bonspiel held Sunday in Vermilion with the rink skipped by Warren Rosequist emerging from the debris as winner. Elks from Vegreville, Viking, Marwayne, Myrnam, Mannville and Irma pitted their skills against the victors. The games were decided based on the point system.

Following the session on the ice the teams enjoyed each others' company in the banquet room of the local Elks.

To Egg Producers

Price support likely

A deficiency payment on eggs for the January-March period seems a sure bet on the basis of the latest market report by the federal agriculture department.

It may run around 10 cents a dozen depending on market reaction in the last three weeks of this month.

The report up to March 5 shows a cumulative market average of 22.5 cents a dozen compared with the base level of 33 cents. An official said Friday that the cumulative average had worked back up only about two cents in the three weeks previous to March 5th.

The egg deficiency payment system imposed Oct. 1 provides for payment to farmers on limited quantities of Grade A Large eggs if the national average market price over 12 months is below the base level of 33 cents a dozen.

Prices pitched downward and Agriculture Minister Harkness said that while the market price for the first three months did not call for a deficiency payment, one would be made if necessary for the second three months. This would be an interim measure to assist producers hit by price reductions.

Farm groups have been strongly critical of the government's deficiency payment program for both eggs and hogs. Like eggs, pork was shifted from a government purchase support system Jan. 12th with expectations that prices would skid.

more about..... Unthreshed grain

Due to the many problems which have arisen regarding the Federal-Provincial Emergency Unthreshed Grain Assistance Policy, the Provincial Minister of Agriculture, the Hon. L. C. Halmrast will address public meetings at Kitscoty at 2 p.m., and at Vermilion at 8 p.m. this Saturday.

The meetings at each place will be held in the school auditorium. Mr Halmrast will be accompanied by the Hon. A. O. Aalborg, Minister of Education and member for Alexandra, and Ashley Cooper, member for the Vermilion constituency.

The plan is a joint one between each of the prairie provinces and the federal government. The ministers of the Western provinces rejected the Dominion proposal in the first instance, in that they felt it would be most difficult to administer, and that it did not give relief to the farmer who needed it most. However, the Dominion minister said at that this form of assistance had already been agreed upon by the Federal cabinet and would be announced in a few days, and it was thus up to the provinces to take advantage of it or leave it if they did not wish to participate.

A counter proposal was made by the Prairie ministers, which in their opinion would have been better for all concerned, and would have brought help to those who desperately needed it, and who under the present plan do not get anything. That proposal was rejected by the Federal Department of Agriculture.

The meetings are being held with the hope that many misunderstandings will be clarified.

The March meeting of the Kinette club was held in the Rio cafe with 11 members present.

Plans are being made to hold a Canadian Utilities range demonstration and cooking school sometime in April.

The library committee reported of more pocket books, magazines, coloring books and crayons were taken to the hospital this month. Next month's committee will be Joan Wright and Jean Sedmak.

The proceeds from the pedal car raffle ($140.47) were turned over to the Retarded Children's Association.

TEACHERS ARE HUMAN . . AND NECESSARY

In these materialistic and sophisticated times we often find it very easy to heap scorn on members of the noblest of noble professions — teachers and teaching.

It is not always with cause that scorn is tossed at the professional teacher. In most cases if those who so liberally lip off would stop to think what is entailed in the profession why it is so, the tremendous amount of effort that is given by teachers who strive to pass on knowledge that is imperative to existence in this day and age, they would reconsider before doing so.

The teacher of today is a dedicated individual. He must not only retain discipline as well as teach, he must also meet the demand for progressive knowledge that is facing him daily. He too must learn before he can teach.

There are a great many who expound freely on the so-called benefits enjoyed by teachers: the 5-day week, all holidays, two months in the summer, ten days at Easter and then again at Christmas, large salaries. What hogwash!

The average teacher has more to do in his day's work than a non-union janitor's assistant in the House of Commons following a session of parliament. He is expected to make Socrates out of Sylvester (the alley cat). How can he do this? Why, the answer is simple. He must return to his classroom at night, there to plan his next day's work, correct papers, prepare examinations and a multitude of chores vitally important to our children's future. Taking this aspect into consideration, the average teacher is placed in the 60-hour a week class (like newspaper editors).

It is small wonder the teaching profession is suffering a shortage of qualified personnel when we, the public find it very easy to do his job for him.

He should be welcomed with open arms into any community in which he chooses to live, he is human. I am told. He should be given every assistance from each and every parent that has or will have children attending his school. He is paramount. And the public should shake itself loose from the idea that he is dispensable. He is needed, and vitally so if we will have our children enjoy the freedom of Canada in the future. Let us unite and protect this all important commodity of which there are so few. Without them our economic system, our world, our social regime and all we hold dear would perish. Fast.

"HEAP HAPPY"

My '33 Chev runs like a top. That is, I have to pull a string to start it and when it gets tired it falls over on its side.

No. Actually this car is in excellent condition thanks to a team of mechanics who find the engine as fascinating as a living case of bubonic plague would be to the boys at Mayo.

Nevertheless I have been thinking of trading it off on a newer car. A salesman-neighbor told me right now there is still a market for this model among University students and day labourers but in a year or so, to look right driving the car, I will have to [illegible] the rear suspension and wear my hair in a duck cut and paint "CAPACITY, 4 Gals" on the back.

I also have the feeling that some of the neighbors are beginning to resent the car a little. The hydraulic lifters (my mechanic [illegible]) are what cause the engine to sound like a bucket of bolts bouncing around in a Bendix and the other day I overheard a neighbor telling her child who was about to cross the street "Remember, Sharon, all cars are not like that. You have to look to see if they are coming."

About six months ago I went so far as to enter an auto show room and look at one of those sporty English models that use litres instead of gallons and therefore cost like fury.

"How much will you allow me on my old car?" I asked the salesman.

"Which car is that?"

"The green one out there on the street," I said, "leaning against the lamp [illegible]."

The salesman quoted a figure that made me feel so good about the Chev that I walked out determined to keep it. The balance [illegible] to be paid for the English car also did nothing to diminish the surge of affection with which I went back to my old frayed seat covers.

But I have since come to the conclusion that my hesitation to buy a new car stems from more than the matter of money. Having read so many articles and books about the psychological motivations in buying a car I know that:

1—Buying a big American car even second hand is a [illegible] of status seeking. The thinking man buys [illegible].

2—Buying a small sports car of the baby type is a revelation of fears and impotence. Fast acceleration, as everybody knows, is a substitute for fast women.

3—Buying a low H.P. compact or economy car bespeaks an [illegible] type of exhibition, a denial of natural inclination in order to impress people with evidence that you [illegible] a car to be transportation only, of no further interest to the mature mind.

Since this covers most of the possibilities, the potential car buyer like me can be reduced to a catatonic state in which he is afraid to buy any kind of automobile.

Worse, there is a fourth kind of motivation, namely that of a person who goes on driving his old car year after year pretending not to notice that new models are coming out. This is the vilest snobbery of all, an effort to identify oneself with unabstract able genius such as that of Albert Einstein, Robert Frost et al.

One thing about times past. You could buy a horse without wondering if you were overdue for consulting with a head-doctor.

Well, my mechanic tell me that my '33 Chev has a great vintage year. Instead of a garage maybe I should start keeping it in a wine cellar!

IT'S POSSIBLE

After saying no words for six long years, the baby son finally complained at breakfast: "Mom, the toast is burnt."

His amazed mother shrieked joyfully, "Junior, you talked! How come you never talked before?"

"Well," Junior replied evenly, "up to now everything's always been O.K."

IF EVERYONE

If everyone who drives a car
Could lie a month in bed,
With broken bones and stitched-up wounds
Or fractures of the head,
And there endure the agonies
That many people do,
They'd never need preach safety
Any more to me or you.

APPLIANCE BUYING MANUFACTURER & DEALER

A well established manufacturer who will stand back of his product is important to you.

A reliable dealer should be able to give estimates of installation costs and service repairs. It is his job to see that equipment is installed promptly and efficiently.

WARRANTY

This is the manufacturer's guaranty that an appliance meets certain terms, usually stated on the last page of the instruction book. It is to your advantage to read the warranty to find out what is included on the particular appliances you are considering. Some warranties require you to pay part of the repair on replacement of defective parts. In some cases by returning the warranty card which comes with the appliance, you will be recorded as the purchaser of the item. If anything goes wrong with the product you buy, you will be in a position to establish your claim under the terms of the warranty.

SEALS

The Canadian Gas Association Seal in Canada indicates gas equipment has passed certain minimum requirements of performance construction and safety. Be sure gas equipment which you buy has this seal.

The C.S.A. label on the manufacturer's nameplate of an electrical appliance is your reasonable assurance of safety in the use of the appliance.

Alliance Youth Hold Annual Banquet

The annual banquet of the Alliance Youth Fellowship was held in the chapel, Friday, Mar. 18th with 45 present. Chairman of the evening was President Leta Francisco.

The humorous skit "The King is Dead" was presented during the meal with the following cast: The King — Reuben Heppner, The Queen — Bernie Nossevich, The Duke — Gerry Miller, Half Curtain — Fred Dibben, Better Half Curtain — Hugh Cooke, the Princess, still dead and still beautiful — J. M. Schroeder.

Guest speaker was Rev. W. W. Sibley of Calvary Baptist Church, Wetaskiwin, who entertained with two Bible poems of his own writing entitled "Jonah and the Whale" and "The Midnight Express". His vocal solo "Speak to My Heart" preceded the message of the evening which he based "Dreaming the Time".

The table and room decorations arranged by Helen Mayhew and Margwynne Clendenning were in keeping with the theme. Ladies of the congregation did the serving.

DEMONSTRATION HELPFUL

Servicemen state up to 40 per cent of service calls made during the warranty period are caused by not following instructions in the "Use and Care" booklet. Homemakers can reduce appliance servicing by insisting upon a thorough demonstration before using the appliance. If not be sure you have an agreement with your dealer that you will receive instruction on how to use the equipment when installed.

LACOMBE HOGS

Farmers interested in securing a breeding group of Lacombe swine (3 gilts and a boar) should write to Lacombe Experimental Farm, Lacombe, Alberta, right away. Consideration will only be given to applicants interested in raising purebred swine who are prepared to keep detailed records and do performance testing. The deadline for applications is April 25. [illegible] of who gets the [illegible] will be made by [illegible].

RAPE SEED

Arlo and Common Polish rape mature two weeks earlier than Marquis wheat. In view of the early maturity many farmers have been using this rape as a cleaning crop (killing a crop of wild oats before sowing). R. K. Downey, Canada Department of Agriculture, states that tests to rape seed always outyields late sown rape seed. Consequently if rape is used as a cleaning crop a lower yield can be expected. Anyone having a choice between Common Polish rape and Arlo should use the latter because of increased yield and oil content.

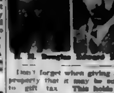
CALGARY BULL SALE

The Grand Champion Hereford bull was contributed by Johnson of Vauxhall selling at slightly less than [illegible] and Chilliback of Warwick [illegible] the Reserve champion selling for $2,100. Several other Hereford bulls sold better than the champion and reserve.

The Grand champion and Reserve champion Shorthorn bulls were contributed by [illegible] of [illegible] Farms, selling for [illegible] and [illegible] respectively. A polled bull topped the Shorthorn prices going to Ontario at [illegible].

The Grand Champion Angus bull was contributed by Highland Stock Farms selling for $1,100 and the Reserve was contributed by the Flint Herd of New Norway selling for [illegible].

GIFT TAXES



H. M. Douglas Edward Dobko

Don't forget when giving away property that it may be subject to gift tax. This holds true even in the case of a gift of land from a farmer to his son. It is equally important to remember to register all gifts on income tax returns as this record may be needed later when estate taxes (formerly succession duties) are being calculated.

Gifts should not be left until the last moment particularly if a substantial amount of property is involved advises Alberta's Farm Management Specialist, T. A. Petersen. Any gifts made within three years of the donor's death will be included in the value of his estate for estate tax purposes.

A gift up to $4,000 or one-half of the difference between the taxable income of the preceding year and the amount of income tax paid, whichever is the greater, may be made free of gift tax to any one person in a given year. In addition to this any number of gifts may be made providing the amount to any one person does not exceed $1,000.

In June of 1959 an amendment was made to Part IV of the Income Tax Act which allows a man to make a gift of property worth up to $10,000 free of gift tax, to his wife or one of his children. This gift, which can only be made once in a lifetime, is not subject to the ruling that it must be made three years prior to the donor's death.

Young People Meet At Week-end

Seven visitors from Edmonton, the Central Council of the Anglican Young People's Association, will be in Vermilion this week-end.

They will hold a meeting at St. Saviour's parish hall, to meet with representatives from Vermilion, Wainwright, and Mannville, on Saturday evening to consider the organization of A.Y.P.A. branches here and at Wainwright.

Four of the Edmonton Central Council will be billeted in Vermilion homes over Saturday night and three in Mannville. They will gather together on Sunday morning at 8:30 for a Corporate Communion service, to be followed by breakfast in the parish hall.

Members of the local organization committee are Rev. W. A. Champness, Mrs. J. H. Blocksidge and J. A. R. Palin. Teenagers interested in becoming members of a Vermilion A.Y.P.A. are invited to contact one of the aforementioned members.

Fire that at times seriously threatened the Alberta Livery barn across the street, destroyed the Maxwell Service station at noon on Saturday.

Andrew Cairns, former Alberta farm graduate, has been appointed chief of food of the United Nations Relief and Rehabilitation administration. Mr. Cairns was raised on a farm at Islay.

George Benjamin Glanville who in the early days of Vermilion was proprietor of a large general store, passed away in Vancouver on March 16. He was in his 91st year.

Bert Mead, son of Mr. and Mrs. George Mead, of Campbell Lake graduated last week from Macleod SFTS, receiving his pilot's 'wings' and also the commission of Pilot Officer. P.O. and Mrs. Mead will leave shortly for Trenton to which school he has been posted as an instructor.

The first person delivering a dead crow to Alf Pinchbeck the secretary of Vermilion Branch of Fish and Game will receive a free 1944 membership in that organization.

Rejection of the agreement with Calgary Power Co. by a unanimous vote, the retention and enlargement of the town owned power plant, that active steps be taken to promote the immediate building of a swimming pool and investigation into the feasibility of a community heating system be made was the outcome of the mass meeting of 175 ratepayers held in the gymnasium of the rink Thursday night. S. R. P. Cooper was elected to act as chairman and Mayor W. A. Fallow was the chief speaker.

The Hon. George Hoadley and Hon. R. G. Reid were guests of honor at a luncheon extended to them by the board of trade, town council and agricultural society.

A cold wind and snowfall put an end to the fine weather being enjoyed last week.

Local townsite agent R. C. Pinkney has disposed of approximately $30,000 worth of town lots in the past week.

H. A. Taylor, south of town, commenced disking land on Tuesday March 26. George Beason had two seeders going just [illegible] of the track on a 240-acre [illegible]. This promises to be a [illegible] season for early planting.

Law Bros. have purchased lot 10 in block 5 located on Main street, and will immediately commence the erection of a tinshop and garage.

Curling club officers elected were S. R. P. Cooper, M. A. Brimacombe, Jas. McKone, and secretary W. P. [illegible].

The Editor,
Vermilion Standard.
Dear Sir:

Just a few lines in regards to Mr. Chas. Young's letter in last week's STANDARD in regards to the pauper's card and the meat he referred to. I think it was a terrible insult to our old age people of Vermilion who are receiving the pension through no fault of their own, only growing old.

I always looked at this card as a medical card provided by the government to keep the old folk. I wonder, does Mr. Young forget that it was some of the paupers' sons and husbands that did their bit in the war and helped to make Canada what it is?

"Pensioner."

Boy Scout Notes

The regular monthly meeting of the Cub and Scout Mothers' Association was held on Tuesday, March 22nd, at 2:30 p.m. in the Scout hall with ten members present.

Seventy-five Cubs and Scouts registered and there are three Scout leaders and six Cub leaders who take time each week to train the boys. Mothers can assist these leaders by supporting the Mothers' Association and attending the monthly meetings and helping out in different projects undertaken. These meetings only last one hour and the executive would appreciate a larger turnout each month.

District Council is meeting this Friday and mothers will be serving lunch. Also a one-day leadership course will be held for Cub and Scout leaders in the near future at which time a hot meal will be served by the mothers.

A very interesting article dealing with Scouting in Arabia was read by Mrs. Beth Welsh.

Next meeting will be held on Tuesday, April 26th, when it is hoped that the majority of mothers will be able to attend.

HI-SCHOOL HI-LITES

At the High School bonspiel on Saturday, the Howard Robinson rink of Vermilion won the Grand Challenge. The rink consisted of Howard Robinson, skip; Marie Marshall, third; Robert Pare, second; and Pearl Korowski, lead. Second prize was won by the Richardson rink of Kitscoty and the consolation prize went to Jim Sinden's rink. The high school would like to thank Mr. Carmen Long very much for donating the trophies for the grand challenge of the bonspiel.

Although there was not a large attendance, everyone thoroughly enjoyed the Mikado, and we would like to compliment Mr. Cassidy and his cast for a wonderful performance.

Everyone is invited to attend the annual Public Speaking Contest, sponsored by the Rebekah Lodge, to be held in the high school auditorium Friday, March 25th at 8:00 p.m. There will be no admission. Speakers will be Lynne Davidson, Frances Sherwood, Sylvia Wilson, Dorothy Tovell, Sharon Isley and Roger Rousell.

The automobile is now the only major source of city air pollution not under some degree of control, reports the April Reader's Digest. Comparatively little has been done to reduce automobile fumes. In some cities they are the chief cause of haze and smog. Health experts suspect they may be partly responsible for the alarming urban rise in lung cancer.

Mannville H & S Sponsor A. M. A. Driving Lessons

MANNVILLE — At the regular meeting of the Mannville Home and School Association, held on Thursday, March 17th, Russell Whitson took over the chair for the evening.

It was decided to once again sponsor the A. M. A. driving school, providing there is sufficient interest shown in same. Principal Angus Smith announced a forthcoming event of interest, in the form of a band concert to be held on April 14th in which two bands will participate, that of the local school and the Vegreville senior high.

Mr. Whitson called on Albert Hinton and Thomas Henderson to present volumes of Encyclopedia Britannica to the principal at Mannville. Mr. Hinton made the presentation in honor of his father, the late Sydney Hinton, a most esteemed member of the Vegreville School Division for 19 years, and whose contribution in the Mannville area as was Mr. Henderson's, was long and faithful. Mr. Whitson, Mr. Henderson and Mr. Angus Smith all paid high tribute to the late Mr. Hinton, which was followed by a two minute silence. The volumes of the encyclopedia were gifts from Britannica and will be kept up to date. Placed in 1600 schools only, across the dominion Mannville is indeed fortunate to be chosen as one of the recipients.

Entertainment by members of the Glee Club, under direction of Mrs. George Younge, was much enjoyed. Irish numbers were sung by the following: "When Irish Eyes are Smiling" the group, accompanied by Gail Mercer; "Rose of Tralee", duet by Judy Gerhart and Ruth Hughes; "Clancy Lowered the Boom, Rose Sargent; "Easter Parade", duet by Lorraine Young and Bonnie Proudfoot. Mrs. Chas. Finley graciously thanked the girls and their leader.

Corporal Aime of the R.C.M.P. Vegreville, showed interesting films on 1959 safe driving rules for teenagers, and was guest speaker for the evening.

The films depicted difficult driving tests which students all seemed to master eventually. Great stress was laid on the importance of teachers and professors becoming pupils learning safe driving habits and thereby teaching their students.

Corp. Aime is very much in favor of student driving schools. In modern day traffic, he felt it very unfair to give students 11 and 12 years of education and then turn them loose on Alberta roads without car driving training. Accidents today, the officer said, are due to errors in judgment largely and incompetent drivers. High cost of accidents was fully outlined by Corporal Aime, while comparatively speaking the cost of a course in a driving school is only $20 to learn the RIGHT way to drive. Though commercial schools do not come to rural areas, A.M.A. offers [illegible] students [illegible] opportunity [illegible] driving schools.

Following [illegible] the meeting was turned over to [illegible] Williams for election of [illegible] for [illegible] board. [illegible] same were: Northeast [illegible] Steve Nestowich, who was returned for a period of two years; Southwest area, Frank Williams for three years. North central, Harry Modin for two years. South central, Walter Dennesworth for three years.

WEDDING BELLS

[illegible] — CLARK

The First United Church, Vermilion was the scene of a pretty wedding on Saturday afternoon, January 23 when Gladys Ellen Clark became the bride of Thomas [illegible].

Rev. C. W. MacKay officiated. Mr. Leeman Clark gave his sister in marriage.

The bride wore a dress of green net and lace over satin, complemented by white hat and gloves and a corsage of white roses and lily of the valley.

The bride was attended by Mrs. Florence Martin who chose a rose dress with green accessories and a corsage of yellow roses.

The groom was attended by Mr. Charlie Cawthorpe.

The guests were ushered to their seats by Harold Clark and Fred Martin, nephews of the bride.

The wedding music was played by Mr. Jack Brown.

A reception was held later in the afternoon at the home of Mr. and Mrs. Charlie Cawthorpe where 40 guests gathered. The room was beautifully decorated with pink and white streamers and white wedding bells.

The bridal table was centred with a three-tiered wedding cake baked and decorated by Mrs. A. Martin.

Miss Margaret McGrath was in charge of the bride's book.

The toast to the bride was proposed by Mr. Karl Marklund and the groom suitably replied.

The happy couple are making their home in the Kohnee district.

Out-of-town guests included Mr. and Mrs. Maurice Horpestad of Lloydminster, Mr. and Mrs. Grant Robinson, Mr. and Mrs. Archie Robinson, and Mrs. Gladys Robinson all of Edmonton.

Everybody Welcome

Eight Members Celebrate 567 Combined Years

A highlight of the Golden Age Friendship Club's March social event was a birthday cake representing 567 years, the combined ages of the 8 members for whom the cake was bought.

The gathering was held as usual at the Legion Hall in Vermilion and was termed one of the biggest successes of the current season.

Free Bingo with 20 prizes was the major attraction for the 70 odd members who attended and three more members who made their initial appearance.

The executive felt that their [illegible] were being rewarded by the interest that was being shown towards their organization.

After the candles were blown out each member whose birthday was represented by the cake made a wish. "Happy Birthday" was sung which made a most impressive ceremony to the older people who feel that they are not alone and that someone does think of them quite often.

The various committees were congratulated on the fine work done and a big 'thank you' to all who helped to make the afternoon such a success was voiced. A hearty vote of thanks was given to Miss Alice Keith, for the donation of three of the Bingo prizes and to the local Foresters for their generous loan of Bingo cards and the ball cage; to radio station CKSA, Lloydminster for so liberally announcing the social. Following the Bingo, tables were cleared and table cloths spread, and the girls of the kitchen committee took over. As usual, lunch was served very quickly and efficiently.

After lunch, president Mr. Waldenberger told of the next social to be held in the Legion hall on April 20th. This social will be in the evening, commencing at 8:00 p.m. sharp. Whist will be the feature attraction, with some very nice prizes for this event. Mr Waldenberger commented on how gratifying it is to the committees to see so much interest being taken by the senior citizens and it is hoped that everyone will attend the April social and bring a friend.

Eugene Michael Number 3 Fiddler

Eugene Michael, son of Mr and Mrs Robert Michael of Clandonald, was awarded third placing in the Old Time Fiddlers' contest held on March 17 at the Edmonton Gardens. He received a cup and a cash prize of $75. There were nineteen entrants in the contest scored by a panel of four judges, one of whom was Charlie Chamberlin of the Don Messer TV program.

This is the second time that Eugene has won third prize in the Old Time Fiddlers' contest having achieved that award last fall when the competition was held at Lakeview.

"LITTLE ROYAL" ON SATURDAY

A major event of the School of Agriculture winter term is "The Little Royal and Achievement Day" program. This year, for the first time in the history of the V.S.A. it will be held on a Saturday, and is scheduled for this week March 26, commencing at 1:00 p.m. The change in day has been made to give more time for final examinations to be written and marked before the graduation day, Wednesday, April 6th.

The Little Royal is the name given to the livestock show held in the large mechanics building on the campus. Two guests, W. H. T. Mead, Livestock Commissioner for Alberta, and V. T. Janssen, Provincial Associate Supervisor of 4-H Club work, will judge the graduands of the agriculture classes on their stock ring showmanship. The animals themselves are not judged, but the preparation, training and performance of the stock, and the comfort of the young stockmen in the showring are the basis on which an award is made.

The public is invited to visit the classrooms and laboratories of the school where displays will be arranged to show the work that has been accomplished during the term, and where the course of studies will be explained by students in attendance as hosts to the visitors.

Student projects completed during the winter will be judged by L. Hareuther, butchering; R. G. Ross, rope work; B. Klatt, poultry and dairy products; R. Snelgrove, metalwork; Martin Shalka and Claude Underdown, farm buildings, woodwork and drawing; Morley Douglas and Al Coulbourne, seed grain.

HOUSEHOLD ECONOMICS DISPLAY

[illegible] Household Economics division will be "The Principal's Special" for which the entrants will select, prepare, cook and partially carve a roast chicken. Other displays arranged by the girls will be those showing the work of the sewing, foods, handicrafts, millinery, nursing and laundry classes.

Mr., Mrs. Samuelson Celebrate Fifty Years of Marriage

Mr and Mrs. Sam Samuelson marked their Golden Wedding Anniversary on March 17, 1960, with an open reception at the Legion hall from 3 to 5 p.m.

Nearly 150 guests came to help Mr and Mrs. Samuelson to celebrate their 50th anniversary.

Both born in Norway, Mr and Mrs. Samuelson first went to North Dakota, and then to the Auburndale district in 1911 where they homesteaded. All of their six children were able to be present for their anniversary. They are: Lorentz of Buffalo Coulee; Elmer, Vermilion; Ingwald, R.C.A.F. Station, Penhold; Mrs. Lillie McCauley, Lloydminster; Doris at New Westminster; and Sammy Riedale of Vermilion.

They received many congratulations and telegrams from Premier Manning, Hon. Percy Page, Prime Minister Diefenbaker, Mr Cliff Smallwood, M.P., Mrs. Emsland, Vancouver; Harlene Noble, New Westminster, and many others.

The head table was centred with a beautifully decorated 3-tiered wedding cake.

Pouring tea at the reception were Mrs. Flora Eyben and Mrs. Vera Brooks, Mrs. Bessie Stone and Mrs. William McCauley.

Serving were many relatives of Mr. and Mrs. Samuelson and also Mrs. Cecil Kennedy, Mrs. Albert Cleland, Mrs. Frances Emsland, Mr. and Mrs. John Frederick.

Mr. James Little of Edmonton was M.C. for the occasion and Mr Jim Irving proposed the toast. Mr Frank Eyben on behalf of the Buffalo Coulee district presented Mr and Mrs. Samuelson with two lovely chairs. During the reception, Henry Eyben accompanied at the piano and Mrs. Loretta Cleland and Mrs Hazel Olson sang duets. Master Frankie McCauley also sang a solo with his sister Mavis accompanying him at the piano.

Out-of-town guests were: Mr and Mrs. Harvey Noble, New Westminster; Mr Ingy Samuelson and Stuart of Penhold; Mr and Mrs. Jim McCauley, Mr and Mrs. Billie McCauley, Rita and Mac Smith all of Mannville; Mr and Mrs. Jim Little of Edmonton; Mr and Mrs Gene Meyers, Irma; Mr and Mrs. A. Seale of Wainwright; Miss Audrey McCauley, Edmonton and Mr and Mrs. Eddie Emsland of Lloydminster.

ALLANDALE

Friends and relatives gathered at the home of Mrs. Mabel Lee on March 8th as a surprise gesture on the occasion of her 74th birthday.

Among the beautiful gifts received was a lovely bouquet of red roses and white carnations from daughter Isobel and Jim Honaghan and family at Sherwood Park in Edmonton.

After a social evening lunch was served by Mrs Stella Mayers and daughters-in-law Mrs. Eunice Lee and Mrs Joyce Lee. The honored guest made a wish and blew the candles. Mrs. Lee expressed appreciation of the thoughtfulness of her relatives, and thanked them very kindly for the gifts and a wonderful evening on her special day. Those present were sisters Stella Mayers, Erna Armstrong and Bill, and Nora Ronaghan; sons Milton and Arthur with their wives Eunice and Joyce; brother Orley and Elsie Ommen and Mrs. Ivy Arnold.

A welcome change at time of writing in the weather, spring-like with the temperature hovering around the 30 above mark.

Mr and Mrs. Raymond Mercier returned home from their extensive holiday in Quebec. They plan to move to Vermilion.

Belated congratulations and best wishes to Mr and Mrs Andrew Mercier who were married at Grande Prairie in February.

Mrs Anna Laroata and son Michael from Lloydminster were holidaying at her parents, the Isidore Nelson home, the week of March 6th.

Allandale W. A. met at the Ralph Strome home on the evening of March 10. All were pleased to have as a visitor Mrs. Mayers. April meeting will be at the Alvin Throndson home. Roll call — tea towel and pot holders. Lunch Mrs. Erna Armstrong and Mrs. Elsa Nelson.

Congratulations to Mr. and Mrs. Wm. Armstrong on their [illegible] wedding anniversary on March [illegible].

Deepest sympathy to Mr Tom Souder and son Frank of Edmonton and relatives on their recent bereavement, the death of Mrs. Souder.

Mrs Lee, Mrs. Mayers and twins Ommen, [illegible] Mrs. Addie Mead and [illegible] and Melvin Nelson, [illegible] Mr. and Mrs. Gus Throndson [illegible] the city to attend the funeral of Mrs. Souder on March 18.

Through the kindness of Mr. and Mrs. Wm. Mead, relatives and friends were able to meet Mr Tom Souder and son Frank at their home after the funeral. This was indeed greatly appreciated.

Whist at the centre on the 18th was well attended. Proceeds were for the Red Cross. Prizes were won by: Ladies: Vic McKee, Mrs. Mary Wilson and Mrs. Delsie Strome; Men, Herb McPhee, Harvey Strome and John David. Travelling prize Frances Papchowsky and Gordon Good. The next whist will be April 1.

First Quarterhorse colt in this district was born recently on the Vic McKee ranch. Vic is the proud owner of this filly colt, a real beauty. He purchased the mother of the colt at a horse sale in Edmonton last spring.

Mr and Mrs. Rufus Ommen from New Sarepta arrived at the home of their daughter Mrs. Hobbis, in town on the evening of March 18, and returned home Sunday. They were accompanied back by Mrs Mayers. Mr and Mrs. Ommen left on the 22nd for Kelowna, B.C., where they will spend a couple of months building on their new home there. Mrs. Mayers will be at home with her nieces Jackie and Irene Ommen for that time.

Hi Folks!

Our meeting with the Optimists of Vermilion was very successful and we now know what the work of Optimism can do for the young folks of your community. We know that Vermilion has some very fine young boys . . .

—who could put up a good showing at next year's Golden Gloves . . .

—who would like to compete with Edmonton in the Little League finals . . .

—who would like to compete in our Rifle Shooting Competition . . .

—who would be fine material in our Oratorical Contest, and other activities too numerous to mention.

BUT MOST OF ALL, they want their Dads to be Optimists because that is what this world needs . . . Optimists who can help the Boy of today realize his great heritage tomorrow!

So let's see you at 8:00 p.m. on FRIDAY, MARCH 25th at the Legion Hall.

THE FELLOWS FROM EDMONTON WILL BE THERE TO ANSWER YOUR QUESTIONS.

IN MEMORIAM

In loving memory of
Dorothy Ann LeBrocq
and
Arthur Bruce LeBrocq
—who died March 24, 1958.

"As long as we live we will cherish your names,
In memory we see you ever the same,
Still in our hearts you are living yet,
For we loved you too dearly to ever forget."

—Ever remembered by Mommy, Daddy and brothers, Grandma, Granddad, and Aunt Vivian Baldwin; Grandma, Granddad, Auntie Lee and Sandra LeBrocq; Uncle Bruce, Aunt Vivian and boys; Aunt Ruth, Uncle Andy and boys.

CARD OF THANKS

The Vermilion Ladies' Curling club would like to thank the merchants, professional and business men for their generous donations which helped to make the annual bonspiel the success it was.

CARD OF THANKS

We wish to thank our friends, neighbors and relatives for their many acts of kindness, floral tributes and messages of sympathy received during our recent bereavement, in the loss of our beloved husband and father. A special thanks to the pallbearers, the Legion, Rev. W. A. Champness, Moyer's Funeral Home, and to those who donated use of cars. We would also like to take this opportunity to thank friends, neighbors, relatives, the doctors and nurses for their kindness and thoughtfulness at the time of our bereavement when the children, Elmer and Eleanor, passed away in May of 1959.

Mrs. Grace Cawthorpe and family.

CARD OF THANKS

Britannia Rebekah Lodge No. 48, of Vermilion, wishes to take this opportunity to thank all those who helped to make the tea, home bake sale and lucky draw a success. Clarence Wilson was the holder of ticket No. 467 drawn by Gordon Casey, thereby entitling Mr Wilson to the prize of a rocker.

CARD OF THANKS

Mr and Mrs. Sam Samuelson wish to thank their many friends and relatives for all the congratulations, telegrams, good wishes and lovely gifts which they received on their Golden Wedding Anniversary. Such a memorable day is greatly appreciated. Again, thanks every one, very much.

Mr. and Mrs. Samuelson.

CARD OF THANKS

It was with great pleasure that we were able to be present at a special occasion when Raymond, our son, was awarded an 'Adventure in Citizenship' trip from the local Rotary club. It is very gratifying to know that Rotary clubs take an active part in the education of young Canadians by offering such awards. We feel proud of Raymond's achievement and it is our sincere wish that he continues to follow the trend which he has taken. We wish to thank the Rotary club for making this event possible.

Marwayne Friendship Club Meets Monday, March 14

A pleasant evening was spent on March 14th when 37 members of the Friendship club met in the Marwayne Elks Hall, where walls and tables were decorated in St. Patrick's Day motif.

Colored slides were shown by Mr. and Mrs. Berg of trips through B. C., U. S. A. and some local scenes of Marwayne and district.

A humorous duet "The Twins", was rendered by Mr. Jack Swan and Mr. Stanley Hayes. Mr. Berg played selections on the vibra-harp. Cards and crokinole were played and lunch was served. The birthday cake in honor of Mrs. Joy Tupper and Mr. Griffiths was cut by Mr. Griffiths.

The next meeting will be held in the Legion hall on April 11th when the auxiliary to the Canadian Legion will entertain the club. Please be on time so that the meeting can start at 8:00 p.m.

MARWAYNE NEWS

Sincere sympathy is extended to the Boyce families at the passing of their brother, Dr. Allen C. Boyce in Spokane, Wash., on Saturday, March 12th. Dr. Boyce, when a young man, taught school in this division quite a number of years ago and will be remembered by many.

The concert by the Lloydminster band on Sunday, March 13th in the auditorium was a wonderful musical treat to those attending. A collection of $45.00 was taken, of which the band received $30.00. A concert of this kind is worthy of a far larger audience.

Mr. and Mrs. Fred Sandercock of Lethbridge renewed acquaintances here this week. Mr. Sandercock was a former merchant of Marwayne.

Mr. Mike Demchuk was the winner of the television set raffled by the Elks. The lucky ticket was drawn Saturday night.

Mr. and Mrs. Ed Quist have bought and moved the Oscar Peterson house into town. It is on the new lots surveyed in the Harrington Heights district on Sandy Boulevard.

Congratulations and good wishes are extended to the Rev. and Mrs. Andrew Potter on the birth of a son in Lloydminster hospital.

Birthday greetings and good wishes to Mrs. Bendixen on her 94th birthday.

Mrs. W. Shaw is home again [illegible] hospital.

Those in hospital this week are Mrs. Joe Ure in Islay, Mrs. Joy Tupper in Lloydminster, and Mrs. Ken Hughes in Elk Point. We wish them all a speedy recovery.

A fair crowd enjoyed every minute of the comedy, "The Calamity Kids" by the Little Theatre Group of Lloydminster in the auditorium on Friday night. Well chosen characters, very good acting and a good play made it a most enjoyable evening.

NEWS from ISLAY

The 4-H Food Club met on March 14th at the home of their leader, Mrs. Moncrieff, who demonstrated the making of a date and orange loaf cake. Mrs. Redmond made marshmallows and Sharon Redmond a creamy fudge. Then the meeting decided to hold the next gathering on April 4.

Keep in mind Islay amateur night. Get your entries prepared for April 29 folks.

Garfield and Bill Potvin were home for the week-end from Wainwright.

Mrs. Kalleo, mother of Mrs. Marvin Gould, is visiting her daughter, and was a week-end visitor at the home of Mr. and Mrs. Potvin.

The monthly meeting of the Knox United Church W.A. was held in the church hall Mar. 10. The devotional period was led by Miss Anderson and being W.M.S. day, she read one chapter from the study book "Africa Disturbed". 'Happy Birthday' was sung as there were several birthdays. Mrs. Shortt and Mrs. Robertson of Kitscoty were visitors. A spring tea and apron sale was planned for April 8th. At this tea there will be a home baking table and rummage table. The next W.A. meeting will be March 31, earlier, due to the spring tea.

Mr. and Mrs. McCorry of Kitscoty showed their pictures of Ireland to a packed house Wednesday evening. It was a delightful journey, and to keep his audience in a good mood Mr. McCorry related legends and stories of different places as we came to them. Mrs. McCorry was the photographer and did a marvellous piece of work.

A birthday party in honor of Mrs. Bill Axley was held at the home of Mrs. Clarence Robertson, birthday cake and all. Present were Mrs. Torrance, Mrs. King, Mrs. Axley.

Miss Jeannie Axley is back at school after having undergone an appendectomy.

Canada's first woman judge was Mrs. John Jamieson, appointed a Juvenile Court judge at Burnaby, B.C. in 1927

First Class Honors — Dorothy Mathison, Dewberry; Leone Purser, Dewberry; Beverley Lemp, Dewberry.

Honors — Carole Bowman, Dewberry.

Princess Anne W. I.

The March meeting of the Princess Anne W. I. was held at the home of Mrs. Anthony Simonet, with 12 members present.

Roll call was answered by naming a good book or article read recently.

The next W. I. card parties will be held on Friday, March 25 at the homes of Mrs. Michael Simonet, Mrs. Allan Mead and Mrs. Wm. McIntyre.

A bake sale was planned for Saturday, April 23. Watch the STANDARD for time and place.

All members are to collect all their clean cotton rags and bring them to the May meeting at the home of Mrs. Ralph [illegible]

The branch will be canvassing for Cancer again this year and hope to have Mrs. Stewart come to the next meeting to help get the drive organized. The branch is sponsoring the cancer films again this year at the Allandale Community Centre on Saturday, April 30.

Mrs. Alf Scarfe and Mrs. Joe Parchewsky attended the district conference in Edmonton recently. Mrs. Scarfe, the official delegate, gave an interesting account of the conference.

The social took the form of two humorous contests not as difficult as they usually are, a balloon blowing and a cracker eating contest. Mrs. Paul Mudryk took both prizes.

Members who had their radio surveys completed, handed them in to the secretary.

The next meeting will be held at the home of Mrs. Michael Simonet on April 21 with roll call being an exchange of bulbs or plant slips.

Marwayne News

Annual Hobby Fair Termed Success

MARWAYNE — The 9th Annual Hobby Fair sponsored by the W. A. of the United church was held in the Elks hall on Thursday, Feb. 25th. The Fair was held on the main floor and lunch served all day in the dining room.

The purpose of the hobby fair is to interest young and old in hobbies and to provide a meeting place for kindred interests.

Beauty making hands — there are many of these in any community; hands that create the beauty of carved wood, artificial flowers, gay quilts, countless types of embroidery and thread-fine crochet and knitting.

There was quite a large display of children's work which was very well done. This was judged by Mrs. Irene Boyce, Mrs. Nona Peake and Mr. John Dobko, Assistant D.A. Money prizes were awarded to children 12 years and under.

Group displays by the Cubs, C. G. I. T., Explorers, 4-H Clothing Club, Lutheran Ladies' Aid of Hazeldine and the F. W. U. A. attracted a lot of attention.

Diamond willow roots were used by Mrs. Doris Tupper to create a wonderful collection of flower holders and a lamp. The same wood was used by W. Hancock and G. Kvill to make lamps.

There was a display of copper tooling, ceramics, embroidery, and decorated Easter eggs by Mrs. Chudyk of Myrnam.

Mrs. Betty Hale had a collection of decorated cakes for different seasons of the year.

Sea shells from all over the world were on display by Mrs. Joe Ure.

Other things worthy of mention were: Joan Beattie's doll collection; the raised copper tooling by Mrs. Rea; cross stitch embroidery by Jean Leslie; petite point Indian pictures by Mrs. Protsch; basketry by Mrs. Joe Thompson of Edmonton; the beautiful coffee table made by Mr. Rea. The quilt class was very lovely, too.

In the 70 year and over class Mrs. John Doull had a quaint collection of stuffed animals.

During the afternoon Dianne Watt of the Canadian Utilities demonstrated an electric dish washer.

The Hobby Fair was very well attended, also the program of local talent held in the school auditorium in the evening. The program was under the chairmanship of the Rev. J. Shortt and consisted of an operetta 'The Farmer in the Dell' by grades 1 and 2, vocal and piano numbers and a play by the grown ups. The play was under the direction of Mr. Jack Swan and was very well done.

The ladies of the W. A. wish to thank all those who exhibited, those who helped in the program and those who attended making the day most successful.

Island Hill News

Gladys Wolters, Elmer, Frank and Charlotte were supper guests at Clarence Wilson's home on Tuesday.

An March 11th, Mr. and Mrs. Fred West held a very successful whist party at their home. Seven tables were played. Mr. and Mrs. Paul Mudryk also held a W.I. card party at their home the same evening. Card parties on March 25th are at the homes of Mr. and Mrs. Bill McIntyre and Mr. and Mrs. Allen Mead.

Mr. and Mrs. Stan McCrae, Anne, Marie and Joyce spent the week end in the city.

George Richardson visited his sister in an Edmonton hospital at the week end.

Anne and Ronnie Inman spent several days at Anne's parental home, Mr. and Mrs. George Richardson.

Congratulations Ronnie and Dorothy Eyben at Cloverdale, B. C. Sorry we couldn't get to your wedding. We received your piece of wedding cake and it was delicious.

The W. I. meeting was held at Annie Simonet's home on Thursday, March 17th. There is to be a bake sale of home cooking on April 23rd. Next meeting is at Mary Simonet's home on April 21st. Don't forget the exchange of plants girls.

Gary and Billy Wilson took their calves to the Edmonton Spring Show to be sold.

V.S.A. Annual Color Night Saturday

The annual "Color Night" program arranged by the Students' Union of the Vermilion School of Agriculture will take place on Saturday, March 26 at 8 p.m. in the V.S.A. auditorium.

On this occasion student awards will be presented to those whose achievements in extra-curricular activities have been outstanding. The Students' Union gives suitably inscribed crests and other insignia to the young men and women who have contributed of their time and talent to school projects, programs and athletics, with recognition of high academic standing as well. It is at this time that announcements are made of the personnel of the basketball and hockey all-star teams.

The election of president and vice-president of the Students' Union for next winter's term will be held on Friday March 25.

An important feature of the "Color Night" program will be the installation of the newly elected president and vice-president in their official positions with a solemn ceremony during which they make their pledge of office.

The Vermilion Standard

Vermilion, Alberta, Thursday, March 24th, 1960. Page 1 -- Second Section

Thousands of Alberta residents will be reminded of Alberta's vacation opportunities this year as the Alberta Government float, above, is invited to participate in scores of annual agricultural exhibitions and fair parades held each summer in the Province's communities. The float, prepared by the Department of the Provincial Secretary, draws attention to scenic and sports activities within Alberta and has animation in the central figures that encourages Albertans to "See Alberta First". A valance of cellophane will skirt the bottom edge of the float in parade. Alberta's 1959 float, originally designed for participation in the Grey Cup parade, was requested by 25 Alberta communities last year for their parades. It began its rounds June 30 at Ponoka. During the next 24 days the float travelled 2500 miles to enter 11 different parades at various Alberta points. Long hauls and adverse weather took a heavy toll of the display and by July 24, it was no longer serviceable. Nine later scheduled appearances had to be cancelled. Applications for participation in 1960 local parades are now being received by the Publicity Bureau, Department of the Provincial Secretary, Edmonton, and showings will be arranged on a first-come-first-serve basis, compatible with practicability of routes and time.

Mannville Scouts Receive Charter

MANNVILLE — At a ceremony in the Legion hall in Mannville on Sunday, March 13th, the Charter for the 1st Mannville Scout Troop was presented by Field Commissioner Denny R. May. Mr. L. S. Cotter accepted the Charter on behalf of the Mannville branch of the Canadian Legion, sponsors of the troop. This Charter also covers the organization and operation of a Cub pack.

The Cubs and Scouts thank the householders of Mannville for their very generous support in the recent bottle drive. If anyone was missed kindly contact the Scout Master, Mr. Harry Allen, who will make arrangements for pick-up. Of the proceeds realized from the bottle drive, much-needed equipment will be purchased for both of the organizations. A similar drive will be held later in the year and the boys hope that they can count on the same measure of support.

A district meeting of the group committees is planned for Vermilion in the near future. It is hoped that several of the Mannville group committee will find it convenient to attend. Here we should receive more information as to our duties and how to solicit assistance from our residents. How about it folks — encourage your boy to become a Cub or Scout!

Six Vermilion Ladies Attend St. Paul's Annual Presbytery

Mrs. M. Barr, Mrs. A. Stone, Mrs. Warren Edwards, Mrs. Gordon Allen, Mrs. Ted Herbert and Mrs. Jones Sr. had the pleasure of attending the eighth annual St. Paul's Presbytery Women's Association of the United Church meeting, held at Viking on March 9th. The gathering assembled in the beautiful new United Church.

Guest speaker at the meeting was Mrs. C. H. Villett of Edmonton, who explained the need for re-organization of women's work in the United Church because of the changing pattern in local and world churches.

An impressive Communion Service was conducted by Rev. C. Swallow, Viking, in an unusual setting, when the guests were seated just before dinner was served by the Viking W.A. Evening group. Greetings from Conference W.A. were brought by Mrs. G. H. Villett, from St. Paul United Presbytery by Rev. R. R. Smith, Lloydminster, and from W.M.S. Presbyterial by Mrs. A. Knapp, Cold Lake. A program planning committee was appointed with Mrs. R. Challenger of Edgerton, Mrs. Davis, Wainwright, and Mrs. MacFarland, Irma as members. Mrs. W. S. MacLean, Mrs. Graham, Mrs. C. G. Davidson of Lloydminster, Mrs. Cooper, Clandonald and Mrs. F. G. Andrews, Mannville, were elected to attend W.A. Conference in Calgary in April. It was decided that each Presbytery convener should start a file on her subject to be passed on to succeeding conveners. Mrs. A. Knap reported that leaders are needed for the girls' camp at Lake Whitney.

Officers for 1960 were installed by Rev. C. Swallow as follows:

Past Pres. -- Mrs. Lilian Graham, Lloydminster, Pres. — Mrs. J. H. Roddick, Viking; 1st Vice - Mrs. W. S. MacLean, Lloydminster; 2nd Vice Mrs. A. Stone Vermilion, 3rd Vice Mrs. M. Barr, Vermilion. C. Alfke Organizes "Cancer Crusade"

The annual Cancer Crusade, an appeal to the public for financial support of the Cancer Society, is planned for the month of April in Vermilion.

Chairman of the campaign committee, Curt Alfke, will be making arrangements for a complete canvass of the residents of Vermilion. Mrs. Fred Stewart, president of the local branch of the society, and Tom Watts, secretary-treasurer, will be assisting in the work of the financial appeal. Canvassing committees will be formed, and anyone interested in this worthwhile endeavor is asked to volunteer their services.

It is brought to the attention of the public that donations to the Cancer Fund made in memory of friends and relations who have passed away are gratefully received at any time throughout the year by Reg. Mitchell of Vermilion, Mrs. M. E. Ternouter, Islay and Mrs. Frank Gibson, Wildmere.

But the general appeal for financial assistance to the Cancer Society is made only once a year. Make your response a generous one this April. Support the fine services available to all citizens, the research program on this disease and the dissemination of knowledge concerning cancer.

Ronald Eyben Married in B. C.

Cloverdale United Church was the scene of the double ring ceremony which united in marriage Dorothy Lee Sydor, daughter of Mr. and Mrs. Dan Sydor, to H. Ronald Eyben, son of Mr. and Mrs. Herman Eyben. Both families reside on Trans-Canada Highway at Fleetwood.

Rev. F. H. Golightly conducted the marriage.

The bride wore a beige lace scoop-neck sheath with a matching jacket, blue feather hat, blue gloves and carried a bouquet of pink carnations.

Mrs. Pat Corbett was matron of honor. She wore an arbour green sheath with matching jacket, green feather hat and green gloves, and carried a bouquet of yellow carnations.

The bride's mother chose navy blue, with pink accessories, and a corsage of pink rosebuds. Mrs. Eyben wore green with brown accessories, and yellow rosebud corsage.

A reception was held later in the evening at Fleetwood hall where one hundred and fifty guests sat down to supper.

The bride's table was centred with a three tier wedding cake baked by the bride's mother and decorated by the groom's mother.

Toast to the bride was proposed by Bill Millar. Master of ceremonies for the evening was Albert Eyben, brother of the groom.

Following a honeymoon to Vancouver Island the couple took up residence at 16039 Trans-Canada Highway, R. R. No. 4, Cloverdale.

Alliance W. A. Meet

A special meeting of the afternoon group of the Women's Prayer Band of Alliance Chapel met at the home of Mrs. Chas. Thompson, Thursday evening, March 17. Twenty-three were present, it being the annual meeting when husbands were guests.

Games, and a solo by Mrs. W. McLennan "Will Others See Jesus in You", were enjoyed.

Letters were read from former residents of Vermilion who are now serving on the Foreign Missions field, from Evelyn and Ken Geake, Spanish Guinea, W. Africa, and from Jack and Ethel (Shields) Cairns, Pakistan, now in Ireland and unable to return to missionary duty because of the ill health of Mrs. Cairns.

Women of voting age now outnumber men in two provinces, Ontario, and Quebec, and by 1962 the number of women and men voters in Canada as a whole will be about equal.

"AGE GIVES TONE TO VIOLINS, WINE AND GOOD FELLOWS"*

—Author's name below—

The odds are that almost everyone living today is going to live a longer life than was expected at birth. Extra years are being added because of greater medical knowledge and better medicines. How long you are going to live and how well you are going to enjoy those added years depends greatly on yourself.

You can grow older happily if you take proper care of yourself and help your body overcome some of its enemies. Your physician can prescribe potent vitamins for additional energy, hormones when needed and medicines that can help your heart and other organs to resist aging. Regular visits to your physician and following his advice will give a mellow tone to your later years.

A great many people entrust us with their prescriptions. May we compound yours?

Last Rites Held For Laurence J. Dale

The district was saddened by the passing of Mr. Laurence John Dale, in the University hospital, Edmonton on Dec 14th, at the age of 37 years.

Born at Lloydminster on March 5th, 1922, Laurence was the son of the late Mr and Mrs. Walter Dale of Marwayne, in which district he lived most of his life, and farmed until his illness.

He was predeceased by his mother in 1936 and his father in 1943.

In 1946 he was married to Miss Mary Chilton.

During his lifetime he earned a great number of friends who will long remember and cherish their association with him.

Left to mourn their loss are his loving widow Mary, and son, Duane.

The funeral service was conducted by the Rev. J. Shortt in Marwayne United church at 2:00 p.m. on December 19th.

A solo "Beyond the Sunset", was beautifully rendered by Mrs. A. McDonald. The pianist was Mrs Jim Gardiner.

Interment took place at the Marwayne cemetery. McCaw Funeral Home was in charge of arrangements.

Pallbearers were: Bill Craig, Harold Berry, Cecil Sinclair, Lloyd Van Camp, Albert George and Ivor Boothman.

Floral tributes were —

Health Unit Notes

IT TASTED GOOD . . . BUT WAS IT SAFE?

Every year a number of outbreaks of food poisoning occur and a high number of these can be traced to functions run by social groups, other outbreaks occur in restaurants, cafes and hotels due to a variety of reasons. All these cases of food poisoning are preventable and your Medical Officer of Health is anxious to see that all regulations are complied with so that we should not experience more food poisoning.

Do not dismiss this problem by saying what is so often heard "all our food is fresh and all our dishes are clean". The best restaurants, cafes and hotels with experienced caterers have outbreaks of food poisoning from time to time. The most common cause of food poisoning is the staphylococcus and he is to be found in the nasal passages of about 40% of people, he is also found in cuts and burns and on people's hands so it is very easy to contaminate food unless food handlers are very careful.

The staphylococcus multiplies [illegible] temperatures and thrives on such foods as ham dishes, chicken salad, potato salad, creamed foods and custard desserts. In the greatest number of cases staphylococcal poisoning is traced to food which has been improperly refrigerated. Room temperature favors the growth of these organisms and the more they grow and multiply the more deadly their effects are.

Even more insidious and difficult to guard against than the staphylococci are the various disease producing germs. These can be brought in by a guest or a food handler and spread to others. The results of these are not so immediate or so dramatic as food poisoning but once started they are not restricted to the guests but rage through the whole community. The most likely way for germs to spread is by improperly washed dishes, glasses and cups. Health officers are reasonably certain that most social organizations lack the equipment for safe and sanitary dishwashing.

SOME EASY RULES TO [illegible]

1. Keep your clothes and your hands clean. A food handler with a cut or burn should not actually handle food until the condition is cleared up.

2. Keep cold foods cold and hot foods hot.

3. Do not leave foods stored at room temperature.

4. Use paper service or be sure that dishes and utensils are scalded or disinfected.

5. Protect all food from contamination.

6. If you have an infectious disease or skin infection or a cold do not handle food.

These rules deserve study by everyone responsible for handling food. For [illegible] safety and health [illegible] advice from your Health Unit officers. They are anxious to help you and the public.

BROWNIE NOTES

The Brownies held an enrollment on Feb. 29 for six new members. Lorretta Morris, Pat Toner, Carol Park, Theresa Jensen, Heather Anderson and Theresa Kleingartner.

One year service stars were presented to following Brownies: Donna Lee Webb, Linda Watt, Susan Webb, Merle Morgan [illegible] Florence Chesna. These same five girls received their Gold Bar. Three 2-year service stars were presented to Robin Anderson, Yvonne Puckett and Barbara Wright.

At a recent skating party held for Brownies and Guides six skaters' badges were awarded, going to Guides Wendy Wright, Sue-Ellen Cloudesley, Helen Mayhew and Betty Jones, and to Brownies Eleanor Duncan and Nadia Eddy.

Editors Not Popular

A nasty remark was made by a daily newspaper editor recently regarding the esteem with which weekly editors were held, quote, "weekly editors are unpopular."

Weekly editors know they are unpopular every issue of the paper. If they are not, they are failing in their job to report all the news, fairly, accurately, honestly, to comment on it intelligently, fearlessly, in what they think is good and worthy of public interest.

Wildwood East

Mr and Mrs McCorry kindly showed the slides of Ireland which they took last summer on their visit there, in the Wildwood hall under the auspices of the Junior Red Cross of this school. A silver collection yielded the Juniors the sum of $15 which [illegible] support of World Refugee year. The Junior Red Cross members conducted the evening's program.

Mr and Mrs. Ernest [illegible] journeyed to Edmonton to meet a new granddaughter Cheryl Loreen Lund. Congratulations Eileen and Lavergne.

Mr and Mrs. Ted Harvard and Brian visited Mr. and Mrs. Bob Shattuck last week.

Ladies of the neighborhood assembled in the school to tie a quilt which had been donated to them.

Mrs. Gerbig was called to Prince George to see a brother who had the misfortune to fall on a trench saw.

Mr E. Presley had a visit from his mother and grandmother recently.

Word was received of the passing of one of our native sons in the person of Mr Ernest Howlett at Burns Lake, B.C. Condolences are extended to bereaved relatives.

Mr and Mrs. Richard Smith spent the week end with Beverlie's parents, Mr. and Mrs. Alf Jack.

Mr Will Stroughton and some friends visited the Presley home recently.

Mr Wheadon accompanied his daughter, Mary and her husband, Mr and Mrs. Watts of Peace River when they called on former neighbors in the district.

Mr Bill McLean of the Alberta Wheat Pool at Islay accompanied by Messrs. Fleming, Mead, Parker and Pederson gave an evening's entertainment of slides and speeches in the hall last week.

A canvass of the town of Kitscoty yielded the Red Cross the sum of $123.50.

PARADISE VALLEY NEWS

By W. A. Gunn.

Miss Shirley Wiley and her friend Miss Cassie Legg, nurses in training at Edmonton, are spending their holidays with Shirley's parents, Mr. and Mrs. Francis Wiley.

Mr. and Mrs. Clarence Cameron of Hinton, Alberta, spent the week end with relatives and friends in town and district. They report all former Paradise Valley and McLaughlin people who have moved to Hinton as doing well there. A lot of building is going on with plenty of work for all.

Mrs. Wesley of Edmonton spent the week with her parents, Mr. and Mrs. Lloyd Knutson. At the present time Mr. Knutson is a patient in Lloydminster hospital. He has not been in the best of health recently.

We are glad to hear that Mrs. Fred Towndrow came through her recent operation quite successfully. We hope she will be much improved from now on.

The Ladies' Hall Club of Paradise Valley are having a quilting bee March 30 at the home of Mrs. Alice Knox. Co-operation would be appreciated and all ladies that like to sew are invited to come and spend the evening, afternoon or both.

Lorne Nysetvold met with a nasty accident at school on Friday when he fell and broke his leg in two places.

Shirley Anderson Recent Bride at Lloyd

A very pretty wedding was solemnized in First Lutheran church, Lloydminster, Sask., on Friday, Feb. 19th at 2:30 p.m. when Shirley Beatrice Anderson, youngest daughter of Mr. and Mrs. John Anderson of McLaughlin, Alberta, became the bride of Mr. Robert Arthur McLean, eldest son of Mr. and Mrs. W. A. McLean of Paradise Valley, Alberta.

Rev. Koehler officiated at the double-ring ceremony, with Mrs. Koehler at the organ.

Given in marriage by her father, the bride was radiant in a floor length gown of traditional white chantilly lace and pleated net over hooped crinolines. The fitted bodice of lace was appliqued with pearls, rhinestones and sequins and featured lily point sleeves. Her three-quarter length veil misted from a headpiece of sequins, rhinestones and pearls. She carried a bouquet of red roses with [illegible] and white streamers.

The bride was attended by her niece, Judy Anderson as maid of honor, Mary Landerl as bridesmaid and Carol Nelson, niece of the bride as junior bridesmaid. The bridesmaids were dressed in identical red velvet dresses complemented by white feather bandeaus and bouquets of white roses. Also attending the bride as flower girl was Lynn Coleman, niece of the bride. She was dressed in white velvet with a blue head piece and carried a basket of blue and white carnations.

The groom was attended by his brother, Gerald McLean, Jim Knutson and Raymond McLean, cousins of the groom. Mr. Jim Knutson and Mr. Raymond McLean acted as ushers. Brent McLean, brother of the groom, was ring-bearer. The groom's gifts to his attendants were tie clips.

The bride's mother chose a turquoise wool flannel two-piece dress with brown accessories and a corsage of pink roses. The mother of the groom wore a brown figured silk with orange accessories and a corsage of pink roses. The groom's grandmother chose a blue crepe dress with black accessories and a corsage of pink roses.

Following the ceremony a reception was held in the Paradise Valley Memorial Hall for 85 guests. The bride's table was centred by a three-tiered wedding cake, beautifully decorated by Mrs. Carl Nelson and Mrs. Wm. Quinn, sisters of the bride. The cake was set in lace tulle and centered on a Battenburg lace cloth made by the groom's grandmother many years ago.

Toastmaster was Mr. T. H. Rayson. Mr. Moncrieff proposed the toast to the bride to which the groom ably responded. Other guest speakers were: Mr. M. N. McIver, Mr. J. A. McLean, Mr. Wm. Aitken, Mr. Anderson, Mr. E. H. Walter and Mr. W. A. McLean.

For going away the bride chose a royal blue suit with white accessories and a corsage of red roses.

Out-of-town guests were: Mrs. Jim McAmond, Enderby, B.C.; Mr. Fred McAmmond, Calgary; Mr. and Mrs. Moncrieff, Pat and Charlotte, Islay; Mr. and Mrs. H. McAmmond, Barrhead; and Mr. and Mrs. H. Marsden, Wainwright.

A large crowd attended the wedding dance held in the Paradise Valley Memorial hall in the evening.

After a short honeymoon to Red Deer, the happy couple will reside temporarily in Lloydminster.

How about that sub. due?

Our Letter from Edmonton

Municipal districts and counties given lucrative new tax field

EDMONTON. — Maybe you wondered, too, why rural municipalities weren't hollering blue murder at the prospect of losing industrial tax revenue to cities and towns under the government's famous tax redistribution plan.

Well, last week Municipal Affairs Minister A. J. Hooke came up with the answer.

He announced that rural areas — municipal districts and counties — will be given a lucrative new tax field which should make them better off than they are now.

They will be given the right to tax pipelines and power lines, a tax field which was suspended in 1942 when Alberta entered the dominion - provincial tax rental agreement, but which the province thinks it can get back without too much trouble.

Mr. Hooke told the Legislature that bills will be introduced during the current session of the House to turn this tax field over to the municipalities.

What will it mean to Alberta's rural districts? All you have to do is consider the miles of pipeline and power line criss-crossing Alberta and you can see it could bring in a whopping big sum of money. One estimate is that Alberta has more than 10,000 miles of pipeline.

Details of the plan hadn't been worked out last week. All Mr. Hooke would say is that it would bring in "substantial" revenue for rural municipalities.

Mr. Hooke's announcement clears up some puzzling aspects of the talk about industrial tax which has been going on for the past five months or so.

Under the industrial tax plan, rural areas with industry would lose much of their tax revenue — up to 70% — to cities and towns which do have a valid claim because they supply services to the industry and its workers.

Mr. Hooke has insisted all along that rural municipalities weren't objecting to the scheme because they realized it was fair. But there have been a few sceptics who couldn't quite see this, in view of the fairly obvious fact that government municipal aid programs in general favor [illegible].

Now it's clear [illegible] representatives on the provincial municipal advisory board knew about the two fields of taxation, hence they had no objection to the industrial tax proposals.

Mr Hook's industrial tax plan cleared its first major hurdle in the House last week when it was given second reading.

Ernest Watkins (PC-Calgary-Glenmore) and Michael Maccagno (L-Lac La Biche) tried to defer action on the bill by moving that it not be given second reading but the Social Credit majority quite easily crushed the [illegible].

Watkins and Maccagno didn't argue against the thinking behind the industrial tax bill. In many respects, they thought it was good. But it seemed to them the government was in too much of a hurry to push it through, and they argued that more thought should be given to it.

Mr. Hooke put a stop to the argument by announcing that the bill would go before a committee of the whole Assembly, and members would have an opportunity to hear arguments pro and con from interested persons and organizations.

The industrial tax bill still looks like the biggest issue of the session, and there's bound to be more talk about it.

There's likely to be some debate too when bills come in to allow rural areas to tax pipe lines and power lines. Mr Hooke claims this tax field has in effect been unoccupied in Alberta rural areas. He indicates the government sort of stumbled onto the discovery that it has the right to tax these installations.

If everything works according to plan, the federal government looks to be the biggest loser, because pipeline and power companies will claim an exemption from corporation taxes. The province also would lose because it would receive less from Ottawa under the tax rental agreement. Alberta residents might also conceivably make their contribution if the new taxes bring about increased power and natural gas rates.

Another important bill given second reading last week enacts changes in the law regulating expansion of Hutterite colonies. This one also was to go before a committee of the whole House for arguments from Hutterites and those who want them regulated.

Members defeated a resolution calling for a plebiscite to determine public attitude toward daylight saving time in Alberta.

Ernest Watkins, the Calgary Tory, introduced the resolution and was careful to say only that public feeling should be assessed. But members turned it into a debate on the merits and otherwise of daylight saving time, and decided in effect there's no need for a plebiscite because they know Albertans aren't interested.

Of Interest To Swine Producers

"Swine Production in Alberta" written by J. P. Bowland, R. T. Berg and L. W. McElroy of the Department of Animal Science, University of Alberta, is now available for distribution.

Of interest to all swine producers in the province, this 10th edition of the popular bulletin contains the following topics: the breeds of swine, breeding and selection, feeding and management of swine and breeding stock, and buildings and equipment for pig raising.

Copies of this bulletin may be obtained free of charge from the Agricultural Secretary, Department of Extension, University of Alberta, Edmonton.

Fewer Grasshoppers Forecast for Prairies

A slight reduction in severity and total area of grasshopper infestation, is forecast for 1960 on the prairies.

For the past two years outbreaks have been fairly serious. Light or moderate infestations are forecast for 78 townships in Manitoba, 797 in Saskatchewan and 295 in Alberta. Severe infestations are forecast for 38 townships in Saskatchewan. In Alberta the infested area is considerably larger than in 1958 or 1959.

Dewberry W. A. Plans Easter Tea

The March meeting of Dewberry United Church W.A. was held at the home of Mrs. D. Proud, with nine members present. Mrs. Milo Hodgson, vice-president, took the chair in the absence of the president, Mrs. J. Porter. "What a Friend We Have in Jesus" as the opening hymn was followed by reading from the Bible by Mrs. May Braithwaite and from the Upper Room by Mrs. W. Boyce.

The Sunshine Lady reported the sending of cards to shut-ins or to those in hospital from the [illegible].

The wooden boxes made to hold the new flatware recently purchased were on view for the members' inspection and considered very satisfactory. A motion was made to send used clothing to the Salvation Army in Vermilion. It was decided to collect in town for the Red Cross for this year only and three of the members volunteered to do the collecting. It was agreed the W.A. would serve lunch at noon to those attending a Farmers' Building Clinic in Dewberry hall on March 15 and 16.

It was decided to draw names of two members to act as conveners for social functions coming up during the year. Resulting from this Mrs. E. Brett and Mrs. W. R. Young will convene the Easter tea and apron sale in the hall Saturday April 16.

U. N. Pilgrimage Speaking Contest March 25th at H. S. Auditorium

The preliminary elimination event in the United Nations Pilgrimage public speaking contest has been scheduled for Friday, March 25, to take place in the high school auditorium. The speeches will begin at 8 p.m.

The speaker who is chosen as the best of the entrants in this competition will then be eligible to go to Irma where a winner will be picked to represent this area in a pilgrimage with approximately 700 other young people to New York city. There they will be given the opportunity to attend conferences with officials of the permanent missions to the United Nations, and to see the United Nations Assembly in session.

[illegible] WON LAST YEAR

Again this year the Britannia Rebekah Lodge No. 63, will be sponsoring the public speaking contest for high school students in this area. Last year's winner in Vermilion, and later, in Irma, was Miss Dorothy-Jean Stewart, daughter of Mr. and Mrs. E. M. Stewart. She reported her trip as worthwhile, educational and most interesting.

Stay-to-Church Held at Alliance

March 20th was "Stay-to-Church" Sunday for the Sunday school at Alliance Chapel. During the morning service the pastor J. M. Schroeder gave an object lesson to the boys and girls on "Down and Up Christianity" using a Yo-Yo in so doing. A solo by Norman Dibben "I Don't Have to Wait 'Til I'm Grown Up" was a special feature. The sermon topic was "Faith".

In the evening service special numbers were a solo by Mrs. R. Tidsbury "I'll Sing It To-day", and a duet by Mrs. Schroeder and Mrs Tidsbury "Ashamed of Jesus?" The pastor gave the third in a series of pre - Easter sermons on Jesus' utterances from the Cross. "Jesus — Provision for His Mother".

The Paradise Valley W. A. are sponsoring a Red Cross drive for funds and ask that the public co-operate in the project.

Mr McCorry of Kitscoty will show films in the high school auditorium on Monday April 4th at 8:00 p.m. in aid of the Red Cross. Donations will be taken at the door and receipts given for same.

The films are pictures taken when Mr McCorry travelled in England, Scotland and Ireland.

If anyone wishes to make a special donation, contact Mrs. G. Venner, Mrs. E. Kragness or Mrs. W. A. Gunn.

VERMILION RIVER M. D.

What the council did

It was with sincere regret the council noted the absence of Cr. McGuigan from council meeting of March 8 and 9 due to illness.

In considering the financial statement council noted the poor harvest in 1959 was being reflected in finances of the municipality in the early part of 1960 as demonstrated by statement which was presented for approval. It was noted, all hopes for a speedy settlement of applications under Federal-Provincial Emergency Unthreshed Grain Assistance Policy has now been abandoned and disappointment at the way this policy is being administered manifested itself in the discussion.

Routine matters, such as the request of council to the Minister of Municipal Affairs, to set back the date for completion of duties of the Court of Revision; cancellation of a road diversion in E½ 8-54-5, now made unnecessary by the new road constructed north of Dewberry last year; approval of an extension to Greenlawn R.E.A.L. in the area west of Heinsburg and granting of approval to establish a bulk fuel oil distributing station on SW 29-49-3 as amended on instructions of the Fire Commissioner, leasing of lands under the Tax Recovery Act and substitution of enumerators to replace those who could not act were dealt with by the council in the early stages of the meeting.

Three applications for purchase of land through Vermilion River Farm Purchase Board, which applications had received approval of the Board, were approved by the Council.

A report was put before the council concerning removal of the agent from the Paradise Valley station and his replacement by a caretaker. This move had been ordered by the Board of Transport Commissioners after reviewing evidence presented at a meeting in Paradise Valley last month.

A proposition was put before council concerning provision of fire fighting apparatus to farms, in the vicinity of a town having equipment, which called for municipal participation in the matter of financing, and the matter was discussed at some length by council. It was noted that there is in operation in Chauvin area a fire protection system which was organized and is supported entirely by rural people. It was felt by council that this was the soundest principle on which to establish this type of protection for rural areas.

The financial report of the Alberta Municipal Financing Corporation for year ended Dec 31, 1959 was placed before council and following its examination, J. H. Kelly, Councillor for Div. 5, and Reeve of the M.D., was appointed a representative to attend the fifth annual meeting to be held in Edmonton Apr. 11.

Some consideration was given to the information on hand concerning the establishment of a Regional library and the municipality's participation in such a venture.

Interest was expressed by the council in the idea and in connection with further exploration of the subject Cr. Wilson was appointed to attend a regional meeting to be held in Vegreville in the near future.

A delegation was received by council whose purpose it was to ascertain the views of the latter in the matter of the Alberta administration of the F-PEUGA Policy. The opinion was expressed that many of the ratepayers thought the administration of this policy in Alberta left much to be desired. A resolution was drafted by council and instructions given to have a copy of the resolution sent to each Cabinet Minister, to Ashley Cooper, representing the Vermilion constituency in the Legislature, to the President of the F.U.A., and to the Conservative M.L.A. and the Liberal M.L.A. in the present Alberta Legislature.

Civil Defence budget for the year beginning April 1, 1960, involving the sum of $1,770 was considered by council and passed on motion of Cr. Wheat.

In discussing the Civil Defence budget serious consideration was given to the idea of ceasing participation in Civil Defence plans as they affect this municipality at the end of the current fiscal year.

The budget concerning operations of the Agricultural Service board for 1960-61 was presented to council for consideration, after having been passed by the Agricultural Service board at a meeting of March 4. The program called for estimated expenditure of $7,225 and this amount was approved by council.

Correspondence received from the Deputy Minister of the Department of Agriculture, concerning the F-PEUGA Policy was made available to council. Correspondence was also received from the Minister of Agriculture, Government of Canada, on the same matter, in reply to representations made to Ottawa. A letter was also received from the Minister of Agriculture of Alberta concerning a recommendation to provide $1 per acre up to $200 per farmer for those not qualifying under the F-PEUGA Policy and who were in dire need.

The council considered correspondence received from the Workmen's Compensation board dealing with an evening Safety Conference to be held at Wainwright April 12. The council felt that at least six men from the municipal public works department should be encouraged to attend this conference. Very favorable reports were received concerning attendance of the two municipal public works foremen at a course sponsored by the Workmen's Compensation board in Edmonton early in March.

Correspondence was received from the Department of Public Health advising of the granting of a provisional certificate covering the site of a proposed cemetery in the SW 15-54-2.

Poor attendance was the reason given for discontinuing of the consultation clinics which were being provided in Kitscoty once a week by the Minburn-Vermilion Health Unit. It was noted that with these weekly clinics being discontinued the Health Unit would only be using the office for one day in each month and on the motion of Cr. Anderson the payment of rent for use of the room for the Clinic would be waived in future by the municipality.

The very comprehensive annual report of the Minburn-Vermilion Health Unit covering the year 1959 was made available to the council.

Orchard Grass Not Recommended

Orchard grass lacks winter hardiness and drought resistance under central Alberta conditions, according to a scientist at the Lacombe Experimental Farm.

L. J. Anderson reports that all varieties under test during the winter of 1955-56 winter killed. Since then, no winter killing has occurred, he says, but most varieties suffered from drought more than brome or the wheat grasses.

When the moisture conditions were good, orchard grass yields compared favorably with those of the commonly grown grasses. During the period 1957 - 59 yields of orchard grass varieties ranged from 0.89 to 1.11 tons of dry matter per acre in pure stands and from 1.06 to 1.27 tons when mixed with alfalfa. Hercules, Tammisto and Frode were among the top yielding varieties in both cases.

Chinook, a new variety of orchard grass, developed at the Lethbridge Research station was licensed recently on the basis of its winter hardiness and early spring vigor. Forage yields from Chinook have not been superior to other licensed varieties under central Alberta conditions during the past three years but its early spring vigor has been pronounced.

Further testing of this variety is required to determine its winter hardiness in central Alberta.

Biggest "Little Royal" ever attracts crowd of nearly 1500

Judges have difficulty in Picking winning entry

Larry Paul of Namao smiles happily as he accepts the ribbon symbolic of Grand Champion showman at the Little Royal achievement day held last Saturday at V.S.A. Making the award is J. E. Hawker, superintendent of Schools of Agriculture. The Holstein calf which Larry handled can also be seen in the picture.

—Standard Staff Photographer

More than 1500 enthusiastic town and country people took advantage of the weather Saturday to attend what was termed the biggest and best "Little Royal" event ever held at the Vermilion School of Agriculture.

The highlight of the day was of course the livestock handling which was won by Larry Paul of Namao. Larry was proclaimed winner following an extremely difficult task of judging and the Holstein calf he was handling contributed much to his award. J. E. Hawker, Superintendent of Schools of Agriculture, presented the ribbon.

Another highlight of the judging was the performance of Laurie Ann Campbell of Edmonton, who was the only female entry in the event and without doubt attracted much attention from the judges.

Much interest was also centred around the exhibits displayed in the drafting and drawing display where dairy barn layout and farm building plans were shown. There were also many other interesting suggestions resulting from the drawing board efforts of the students.

Following the awarding of the Grand Champion ribbon, instructor Harcus remarked that he had never seen the animals and handlers behave so well. Cleanliness was beyond reproach and the manner in which the boys and girls conducted themselves was certainly an asset to any individual or group.

After the announcement of each award in the various groups, a commentary was given by the judges on each entrant explaining why the winner of that group had been chosen and why those who won second, third and fourth had been so placed.

N. N. Bentley, principal of the V. S. A. remarked that he was honored to be associated with such a well-behaved and talented group.

'PROCLAMATION'

Since Vermilion was born the citizens have worked together to solve their problems. During the month of April we see further evidence of this as we join the volunteers of the Canadian Cancer Society to make the annual Cancer Crusade a success.

In our hospitals and universities men and women work tirelessly to tear aside the veil that enshrouds the mystery of cancer. Their success depends upon our efforts.

The Society also devotes its energies to provide a host of humanitarian services to those who suffer from cancer.

Therefore, because the all-out attack being waged by the Canadian Cancer Society depends upon the support given the Society during the Cancer Crusade, I, Melvin Hill, Mayor of the town of Vermilion, do hereby proclaim that the residents of this town shall commemorate April as

CANCER CONTROL MONTH.

Further, I earnestly urge generous financial support for the fund raising crusade, to the end that we may achieve the eventual goal of adding cancer to the imposing list of formerly deadly diseases conquered by medical science.

Melvin Hill, Mayor.

Retarded Children Assn. to meet

The annual meeting of the Vermilion Retarded Children's Association will be held on Wednesday, April 13 at 8 p.m. in the old high school.

In conjunction with the meeting a new film "Opening the Door" will be shown. This will be of interest to all parties concerned in furthering the rights of the retarded child. "Opening the Door" was prepared by Du pont of Canada and is presently on a strict, first-run schedule.

A special invitation is extended to all groups, organizations and individuals to attend. 38-9

Drive-In To Open

With the advent of spring, the management of the Vermilion Drive-In theatre has driven the crows from the loud speaker stands, swept the yard out, oiled the wires and will open on Friday evening, April 1st, with a full program. See display advertisement in this issue for full particulars.

VARIETY SHOW SCHEDULED

Tickets are now on sale for a Variety show to be presented in the Vermilion High School auditorium on Saturday April 9 at 8 p.m. The entertainment is under the direction of Dave Hughes and is sponsored by the Students Union of the Preston Central school.

The Preston students are undertaking this project to help finance a skating rink for their school and have obtained several outstanding performers for the show.

Advance tickets at 50c each will entitle the buyer to participate in a draw for a camera. They may be purchased in Vermilion from Gary Cruthers at Checker Transport. Children's tickets are 25c at the door.

Mr. and Mrs. G. Dunsmore celebrate golden wedding

Mr. and Mrs. Gordon Dunsmore of Vermilion were the guests of honor at their own home recently when over 100 friends, neighbors and relatives called to congratulate the couple on their Golden Wedding anniversary.

The pioneer couple have spent their entire married life in this district, first settling in the Claysmore area where they homesteaded until the spring of 1929 when they moved to their present residence in Vermilion's east end.

Mr Dunsmore was born in Guelph, Ontario and while still very young moved to Neepawa, Man., where he spent his youth-

ions in connection with school buses.

hood.

Mrs. Dunsmore, the former Margaret McKay, was born and raised in Portage la Prairie where she was married before coming west with her husband.

Mr and Mrs. Dunsmore have three daughters and two sons, all of whom were at home for the celebration. With the sons and daughters attending the celebration were eleven grandchildren and one great grandson.

Also present were Mrs. Dunsmore's sister Mrs. Oliver, two brothers, Mr. Hector McKay and Mr Robert McKay, all of Portage la Prairie.

The couple received their guests at a table centred with a three - tiered wedding cake flanked by vases filled with yellow roses.

A family dinner was held later in the evening in the basement of the United church.

Live broadcast is feature of Saturday's Variety Show

In conjunction with Banner Week to be held in Vermilion beginning Saturday, April 2nd, radio station CKSA will broadcast live from the stage of Vermilion high school, the Variety Show sponsored by the local Knights of Columbus. The live broadcast is CKSA's contribution to a progressive community and will begin at 9:00 p.m.

There will be 15 door prizes given. Admission is a buck. All proceeds will be turned over to the fund for the proposed new Civic Recreation Centre.

The show begins at 8:00 p.m. and all good citizens are requested to attend and support a worthy cause.

Complete results of winners and a detailed report will be carried by THE STANDARD in the next edition.

Bernie's Bakery Changes Hands

Bernie's Bakery, recently established in their new premises in the renovated building formerly housing the post office, has been sold to Nick Jatzik of Edmonton. Mr. Jatzik comes to Vermilion to operate the bakery with an accumulation of approximately 40 years experience as a baker. He will take over the busines on Friday, April 1st.

Mr. and Mrs. Edward Sikorski, and Mr. and Mrs. Bernie Sikorski, report their appreciation of the excellent patronage shown the bakery, but regretfully leave Vermilion and the business because Mr Sikorski Sr. must change his occupation for health reasons.

Falling Log Kills Vermilion Man

Elmer Lewis of Vermilion was killed instantly on March 18th when struck by a falling log while working at Swanson's lumber camp in the Slave Lake area.

Surviving Mr Lewis are two brothers, Ivan and Clarence, two sisters, Mrs. Mabel Webber and Mrs. Una Lysons. The late Mr. Lewis was the son of the late Charlie W. Lewis. Elmer, who grew up in the Tolland district, was a veteran of the First World War. For the past several years he had made his home in Vermilion.

Mrs. Myrtle Senz, teacher at the School for Retarded Children in Vermilion is shown receiving a cheque for $146.00 from Ruth Rowe of the Vermilion Kinettes. Standing beside Mrs. Rowe is Mary Morgan and Marian Anderson, also members of the local Kinettes.

Edmonton man dies in fall from ladder

Auril J. Decoire, 47, of Edmonton died in the Vermilion hospital last Thursday from head injuries received when he fell to a concrete walk from the top of an extension ladder. At the time of the accident he was just completing a job of hanging a sign suspended from Stephens Ltd. store.

A company official said Mr Decoire after he had finished work on the sign apparently grasped a projection at the side of the building to steady his descent. The projection broke and he fell about 20 feet. The accident occurred about 6 p.m.

A native of Pinewood, Ont. Mr Decoire had worked for the sign company for three years. He was a member of the Canadian Legion's south side branch.

He is survived by his widow, one daughter, a brother Baptiste, in Myrnam and a brother and two sisters in Fort Frances, Ont.

Students Plan Plays

The students of the Junior High school are presenting a play night on Friday April 1 which will include three one act plays.

Curtain time for the first production "The Little Red School House" is 8 p.m. This will be followed by "Neglected Husbands Sewing Club" and the last play is "Sunday Costs Five Pesos".

The dramas will be staged at the Vermilion High School auditorium with a charge of 50c for adults, 25c for children. 38-9

Failed to stop man fined $35

Recently a local resident was fined an amount of thirty-five dollars for failing to stop when approaching a school bus which was discharging passengers.

School bus drivers have been advised by the Divisional Board to report all cases where motorists fail to observe Highway Traffic Board regulations.

It is hoped the general public will co-operate in observing Highway Traffic Board regulations.

Vimy Banquet

Members of the Canadian Legion in Vermilion are rapidly completing arrangements for the Vimy banquet which is scheduled for April 9th at 6:30 p.m.

An interesting program has been arranged and a guest speaker [illegible]

The banquet is open to all Legion members and their ladies, all veterans in the Vermilion district and other invited guests.

Highlight of the banquet will be the anticipated attendance of 15 Vimy veterans who reside in Vermilion and the surrounding area.

Defence Planners Live in two different worlds

Those who plot the defence of North America live in two different worlds.

One is the difficult, expensive and concrete world of today. The other is the fantastic world around the corner —two, five or ten years away

When Defence Minister Pearkes arose in the Commons recently to outline the new American defence policy, he touched on both these worlds.

For this present world, North America still needs interceptor aircraft to grapple the dwindling but still effective bomber attack. Therefore the Americans will still improve their "Century" series interceptors and the fire control and missile system that go with them.

Canada will go ahead with its two Bomarc bases — at North Bay and Mont Laurier — for the same reason

The Bomarc B missile, strictly limited to the purpose of shooting down bombers, remains unproven. But Mr Pearkes has expressed confidence that its capabilities can do the job a year or so from now.

In that other world, the on-rushing missile world, jet interceptors and Bomarc missiles — however flawless their performance — will be as useless a the Spitfires or the slingshot.

In that world American Midas satellites will patrol in space, unblinkingly watchful for a rising enemy missile. And solid fuel Minutemen missiles, capable of leaping the continent, will roam the United States "at random" aboard railway cars, in order to avoid becoming stationary targets.

The picture of Canada as a battle ground between the giant, which still applies in this concrete world, will fade when the missile age is full grown

Intercontinental missiles, once fully developed, will be capable of flying around the world in any direction. An attack on the United States for instance, would come from the south pole as well as from the north

In the present, North American Defence is directed north. The DEW line, the missile bases and the scrambling jets glare at the Soviet Union across the North Pole.

Hence the importance of Midas, the satellite patrol that could watch in every direction at once from vantage points in space.

History Lecturer: "Can any of you tell me what makes the Tower of Pisa lean?"

Corpulent lady: "I don't know or I'd take some myself."

Summa Cumma Lousy

His university education didn't go to his head. Just where it did go is a mystery, but all evidence of it has vanished with the 12 rediculous it cost to enroll him.

He of whom I speak is Jiggs, my daughter Dianne's mutt. Some weeks ago she started taking Jiggs out to the campus field house for an obedience course which she earnestly hoped would divert into disciplined channels some of the energy Jiggs expended in joyously knocking flat anyone who approached the front gate. It got so bad the postman, milkman and even dunner deliverers took to writing registered letters instead of placing their very existence in jeopardy.

Every Monday evening for nine weeks, Dianne and Jiggs went up to classes. Despite the partisan enthusiasm of his escort, I gathered that Jiggs' academic progress was less than meteoric.

Between lectures there were daily practise periods in front of the house when Dianne's desperate cries of "HEEL" helped to confirm the neighbor's suspicions of our relationship.

Came the big night, final exams. Dianne had bathed Jiggs and groomed him into a canine Adolphe Menjou. I wasn't positive, but when they danced through the door I was sure I caught the scent of my after-shave lotion emanating from the paw pits of the poodle.

Three hours later they were back, triumphantly waving a diploma.

"He might have won a cup if he hadn't broken," yelled Dianne.

"Broken what?" I asked bending down to straighten a couple of rugs and the contents of a bookcase that Jiggs had scattered and overturned in his exuberance.

"He was the last poodle to be disqualified," said Dianne, "he really worked hard."

"What does this make him?" I asked, "a Fido Betta Kappa?"

I didn't particularly like the way the dog's eyelids were sagging. It looked like Santa Claus had come down his nose and left a bag under each optic. He was also quivering excessively as though the effort to graduate had ruptured something in his head.

My fears proved groundless, at least as far as his waking hours were concerned. In a matter of days, Jiggs was his old disobedient self once more knocking down anyone or anything that happened in his way with undiminished zest.

I accept some of the backsliding from the Parnassian slope that Jiggs had scaled so briefly. I failed to use the proper term of command. ("Gaatcha" is not listed in the prospectus.)

But mostly it is the peerless ebullience of the poodle breed that has spoiled them for any post graduate work.

Jiggs' foray into the educative discipline has, however, left a deep impression on his subconscious mind and his teeth marks in the neighbor's leg. This is of course revealed by the dog's frantic dreams. You don't have to be a Freud to interpret that galvanic twitching beside the heat register, those yips, those fluttering eyelids over ghastly white eyeballs.

Dream-wise Jiggs exhibits the traumatic effects of an education as strenuous as any prescribed by Robert Hutchins. More than once I have been startled upright by the eerily human moans and mutterings from the utility room, where Jiggs is re-living convocation.

I am afraid that his education lacked personality adjustment to group activity (a mastiff tried to bite him en passant). My only hope to which I cling despite the growing weight of evidence to the contrary is that somehow it will affect the dog's appetite.

TIME NOW TO TAKE SIDES

There is no doubt that if the human race is to have their dearest wish and be free from the dread of mass destruction, they could have as an alternative, what many of them may prefer, namely, the swiftest expansion of material well-being that has ever been within their reach or even within their dreams. By material well-being it is meant not only material abundance but a degree of leisure for the masses such as has never before been possible in our mortal struggle for life. These majestic possibilities ought to gleam and be made to gleam before the eyes of the toilers in every land, and ought to inspire the actions of all who bear responsibility for their guidance. We, and all nations, stand at this hour in human history before the portals of supreme catastrophe and of measureless reward. Let us all have faith in God's mercy that we choose aright.

SEED OATS

Farmers who have not yet made provision to obtain seed oats for next spring are urged to do so without delay. Alberta's Field Crops Commissioner A. M. Wilson strongly advises farmers to make sure that the seed they have will grow or to make provision to buy good seed. Germination tests from recognized laboratories cannot be completely relied upon this year. The tests are likely to grade higher than the grain still in the bins because the samples will have dried out considerably during the process of handling and shipping.

Since germination will be low on any grain that was damp or tough when harvested last fall, a shortage of seed oats is likely in many parts of central Alberta. Seed companies who supply graded seed or municipal seed cleaning plants should be contacted if local supplies are short. The seed cleaning plants are in a position to provide information as to where seed may be obtained if they are unable to supply it themselves.

DEADLINE FOR BRAND RENEWALS

The deadline for 1960 brand renewals is March 31. Farmers and ranchers who have not yet applied for a renewal and whose registered brands were due for a renewal prior to Dec. 31 are urged to do so before this date. A brand to be maintained in good standing has to be renewed once every four years. The year the brand is due for renewal a notice is sent out on Sept. 1. If no reply is received by the Brand office by Dec. 31 of that year a final notice is sent out early in February. Once a brand has expired for a certain period of time it may be allotted to someone else with the result that two people may be using the same brand at the same time. The individual who allowed it to [illegible] pire is of course using it illegally.

ERGOT IN CEREALS

Ergot of cereals can be controlled by using maleic hydrazide to prevent the heading of headland grasses. Tests have indicated that grasses growing beside fields are the chief source of ergot infection in cereal crops. A single application in late May prevents any heading of grasses throughout the growing season.

BEEF CATTLE RESEARCH

A resolution to further the improvement of Alberta cattle was recently approved at the legislature. In the resolution, use was proposed of funds from the Horned Cattle Trust account for beef cattle breeding research, a principle endorsed by the Alberta Federation of Agriculture, the Farmers' Union of Alberta, and the Western Stock Growers' Association. Funds will be available for expansion of cattle breeding experiments by animal scientists at the U. of A.

Mr. and Mrs. Steve Kraskinsky and family arrived in the Vermilion district to take up residence on the farm recently purchased from Mr. L. H. Kehoe.

An announcement from Ottawa late Wednesday confirmed the closing of the CWAC training centre in Vermilion. The centre was opened on Aug. 3, 1942 after the Alberta government had placed all facilities of the school at the disposal of the Department of National Defence for the duration of the war. The closing date, according to reports, is said to be May 15.

The ice has risen in the Vermilion River and is rapidly going out. This is one of the earliest break-ups in history.

Local Board of Trade Plan 3-P Formula

The Vermilion Board of Trade under the chairmanship of Angus MacMillan is now busily engaged in the planning of suitable activities to let the community know that they are "Community Building" for the national good. The reason for all this activity is of course "Chamber of Commerce Week" which will run from April 24th through April 30th.

There are many rules of thumb which are kept in mind while informing the public of the value of this organization, however, it is felt by the Board that they cannot go wrong if they use the "Three P Formula" — or more simply, the Past, the Present and the Proposed.

The Board feels that if they inform the community about what they have accomplished in the Past, what they are doing at the Present and what they Propose to do in the future they will be informing everyone of the complete and true story.

During "Chamber Week" the Board will seek new members for their organization as they believe that unity and strength is synonymous with numbers. To date the Vermilion Board of Trade has enjoyed a good number of very active members who sincerely have the welfare of their community at heart and who have spent endless hours and travelled countless miles to further the cause of the Board and community in which they live.

It is hoped by the executive of the Vermilion Board of Trade that 100% of the businessmen, professional men and merchants will support the program planned for this coming season, not by assisting financially alone, but by offering their suggestions and help with the various projects on the agenda.

Mannville C.G.I.T. Makes Plans For Achievement Day

MANNVILLE. — At their recent meeting, members of Mannville Senior C.G.I.T. opened with their Purpose being repeated in unison. Marion Schock led the worship service. Reports of the secretary and treasurer were adopted as read. Roll call found five members, one visitor and the leader present. Old business was dealt with and discussion took place regarding the forthcoming Achievement day in the United church, April 26, which will exemplify the Mission study of the year. Shirley Metrunec explained in an interesting talk where the C.G.I.T. Purpose and Jesus increased in wisdom and in stature, and in favor with God and man" was derived 1 Corinthians 6 19-20, Proverbs 17 22, Psalms 51 6, John 8 32, 14 3, 14 1, 10 15-21, Galatians 5 13 and Matthew 25 31-42.

Open discussion was held re wearing of slacks, etc., and decision was made to permit slacks with middy only at camps or on extremely cold days. The meeting concluded with singing of "Taps"

RED CROSS BLITZ RESULTS

The committee wishes to acknowledge subscriptions received to date in the current drive for funds for the Canadian Red Cross. A total of $[illegible].70 has been reached and of this amount $[illegible] was raised in the Blitz Campaign undertaken by the ladies of the town under the leadership of Mrs. Grace Stewart.

The local branch wishes to take this opportunity of thanking all canvassers for their efforts and also all those who have responded throughout the year to calls for clothing.

Canvassers who have not yet completed their area are urged to do so at their earliest convenience.

Alliance Chapel Sunday Service

Guests at the evening service at Alliance Chapel on Sunday, March 27th were Rev. and Mrs Norman Ens, formerly of Heart's Hill Sask., now on deputation work prior to sailing for Cambodia, where they are to serve as missionaries under the Christian and Missionary Alliance. Mr and Mrs Ens sang the solo "I'll Wish I Had Given Him More", and presented colored slides of the field to which they have been assigned.

Mr Hartley Sorenson gave a very interesting talk to the Sunday School on the word "can't."

Pastor J. M. Schroeder took for his subject in the morning service, the topic "careful someone is watching you" based on the book of Hebrews.

Other special music was provided in the morning by Doreen Currah, a vocal solo, "It Took a Miracle", and in the evening, Dorothy Grinde sang "I Believe in Miracles."

SQUARE NOTES From Circle 8

By Mrs. Robert Repp

Hi square dancers! We held our latest dance on Friday, Mar 25th with Johnny Maxwell doing the calling. We'd like to thank our visitors from Lloydminster and Islay for joining us. We missed our faithful club members who were on the sick list and hope that they will be feeling better by our next dance.

And speaking of our next dance, it will be at the Bowtell hall on Friday April 8 with Henry Lien at the mike. We hope to see all our club members out and all visitors are cordially invited to attend.

The Circle Eight members travelled far and wide to enjoy a very busy past week. On Tuesday those interested in round dancing were in Johnny and Cora's rumpus room. On Wednesday we were well represented at Islay. Thursday saw a car load travelling to Waseca's second round dance. Friday was our own dance and on Saturday two couples from our club travelled to Edmonton to dance to Billy Coulter at the Park Allan auditorium.

Many clubs will finish their club schedule this month, our last regular dance this spring will be in April but plans are already underway for a special dance with a guest caller who will be completely new to this area. Watch for further details in the Standard.

Pleasant Valley

It's real March weather these days with a cold wind blowing.

Congratulations to Mr and Mrs David Giles on the birth of a daughter and to Mr and Mrs Keith Inman on the birth of a son.

We are all waiting for spring to come which means gardening and spring cleaning.

Mr and Mrs Bowman have returned from a very enjoyable holiday spent in Hawaii.

WILDMERE WINKS

By Mrs. Frank H. Gibson

Like so many other districts, Wildmere is getting some more snow.

The mixed bonspiel finally finished when the cold weather returned. Noel Garnett's foursome took first, Art Lysons, second, Roy Osterberg, third, and Arnold Rund, fourth. The next curling activity will be the annual banquet.

Lloyd Howard spent a few days in Edmonton visiting his parents and brother and family.

Ronnie Lake is visiting his wife at the Fadden home while the roads are banned for oil well traffic.

Quite a few heard Hon. L. C. Halmrast speak in the school auditorium on Saturday. There were a few hundred [illegible] from [illegible] district farmers.

A nice number turned out to hear Rev. McKay's sermon on "Blessed are the pure in heart, for they shall see God." He will be back at Preston school again in two weeks.

The Students Union of Preston school are sponsoring a variety show in the Vermilion high school auditorium on April 9th. The proceeds will go to build a skating rink at the school. Advance tickets are being sold and any who buy them will have a chance for a draw on a camera. Help the children build a rink and support this community effort. Tickets can be obtained from any of the children or from Mr. Sweet.

Miss Elsie Gilbome spent from Sunday to Friday visiting at the home of Mr and Mrs. W. J. Garnett. We are pleased she is recovering from her recent operation. Mrs. Cairns returned to the city with her.

Roy Garnett returned to work on Tuesday morning. Noel Garnett spent a few days in hospital for medical treatment while Roy was home to help.

Deepest sympathy is extended to Bill Blackey and family of Edam on the loss of a loving wife and mother. Mrs. Blackey was the former Bessie Shepherd.

The 4-H meeting held on Monday was very interesting with the group leaders, Joanne Hughes and Allister Cruthers debating on Herefords vs Short horns. It ended in a tie. These young people really know how to speak their minds. Mrs. Florent van Wageningen then took them from Tolland to Holland with her movie camera slides. It was a very enjoyable evening.

All W. I. members please take note next month is Cancer month. Any donation, large or small is very acceptable.

Craig's Trophy in competition for 38 years

(Bonnyville Tribune.)

The mark of amateur hockey excellence in North Eastern Alberta, the Craig Trophy was awarded to the Bonnyville Pontiacs Sunday afternoon after the local team defeated all comers and came to rest at the very top of the league. Mr Albert West, a partner associated with Craig [illegible] 1909 made the presentation Sunday at centre ice RCAF Station Cold Lake where two final games were played.

The Craig Trophy first came into being in 1922 when the Craig Brothers, both ardent sportsmen and prominent retail merchants at Vermilion purchased the large silver cup.

The trophy was offered to hockey teams within the Vermilion area, actually constituting Northeastern Alberta and Northwestern Saskatchewan. Teams from Vermilion, Wainwright, Vegreville, Viking and Lloydminster won the Craig Trophy intermittently during the 38 years it has been in circulation. This year, the famous old cup came to Bonnyville, the first time it has made its appearance north of Vermilion.

Craig Brothers Limited is a retail store founded in 1905 at Vermilion by two brothers, John A. M. Craig and the late Col. W. C. Craig. The store is presently managed by E. M. Stewart. A senior associate of the pioneer store firm, Albert West, was present at the final game Sunday afternoon, to make the presentation to the Bonnyville Pontiacs.

Wainwright wins Shopworn Silverware

Knights of Columbus from all parts of north-eastern Alberta looked like "Nights of Columbia" following their battle with broom and stane when two rinks from each of the following points, Bonnyville, Lloydminster, St. Paul, Vegreville, Vermilion and Wainwright met in a deadly clash on the ice at the Vermilion curling club rink last Sunday.

Each rink played three six-end games, and used the point system as well as sharpened ends of their brooms on the opposing players.

The last game (on the ice) between Bonnyville and Wainwright was cheered on wildly by all others present as this was the battle for the silverware. When bristles and ice chips were cleared away and the smoke of battle subsided, Wainwright in the confusion glued one rock to the centre of the house to win the championship with a score of 44½ to 43½.

On behalf of the Vermilion Council of Defeated Knights, who won the cup last year and had the pleasure of holding the trophy, Jim Champion (no relation to the champions) wept in the cup as he passed the silverware to the winning team. (Off the record Jim said that he was glad to get rid of it, it cost too darn much for Silvo to keep it from rotting with tarnish).

As Jim passed the cup to its new owners he issued an admonishment to the recipients, growled Jim, "Take good care of it, we will be after it again next year when we visit Wainwright".

The presentation was made at the banquet that was served to all players and their visiting ladies following the festivities on the ice.

Congratulations were offered to the Vermilion Council for a well run bonspiel. The credit for this aspect must go to Gordon Casey the drawmaster (he drew blood every time he tossed a rock) who kept everybody happy and busy) 'til banquet time.

Unthreshed grain assistance subject of lively meetings

By Ashley H. Cooper, M. L. A.

The Federal-Provincial Emergency Unthreshed Grain Assistance Policy was discussed in all its angles at two largely attended meetings held at Kitscoty and Vermilion on Saturday, March 26th. Alberta Agricultural Minister, the Hon. L. C. Halmrast, was the speaker at each meeting.

The Minister outlined the regulations under which the plan is being administered, and which had to be restricted to the terms of the Dominion proposal. These stipulations were that the bonus would be paid to farmers who, on Dec 15, 1959, had fifty percent or more of their seeded acreage unthreshed and in the fields under the snow. Grain planted for greenfeed, and acreage seeded for hay was to be deducted from the seeded acreage. The plan is generally the same in all the prairie provinces.

Mr Halmrast was called upon to answer scores of questions at each meeting. The ruling regarding pastured crop being considered as harvested acreage was a very unpopular one, and judging from the questions was the reason for the majority of the rejects received in Vermilion River M. D. Following the early snow fall many farmers turned their livestock into grain fields originally seeded as cash crops.

Mr. Halmrast read the letters received from the Dominion Department of Agriculture on several occasions at both meetings, in which were stipulated the general rules for the joint fifty-fifty plan.

As it has now worked out, the financial aid has missed two classes of farmers where the help is badly needed, namely — those who from lack of feed, turned their livestock into the grainfields; and the small farmer who attempted to salvage what grain he could under the worst harvest conditions in history thereby threshing more than 50% of his acreage. The grain was of low grade and had little cash value.

In fairness to the Provincial Prairie Ministers of Agriculture, they did point out at meetings in Ottawa, Winnipeg and Regina, that this would happen under the plan as laid down.

Some criticism was voiced of the Alberta Department for using the P. F. A. A. reports for cross checking. This led to confusion in many cases, and some felt that the form as filled in by the applicant at the municipal office should have been sufficient.

In an effort to achieve uniformity in the plan, three meetings of the officials of the Departments of Agriculture of Manitoba, Saskatchewan and Alberta were held.

Mr Halmrast was introduced at the Kitscoty meeting by the Hon Anders Aalborg, member for Alexandra Constituency, and at Vermilion by Ashley Cooper the M.L.A. for this constituency.

The meetings were organized under the auspices of the F. U. A. and Mr. Ralph Wilson director for F. U. A. District No. 7 was the chairman at each gathering.

Appreciation was expressed to Mr Wilson by both Mr Aalborg and Mr. Cooper.

$1,943,289.00 PAID OUT

As of March 21st, the Alberta Government had paid $1,943,289.00 to farmers under the plan, with $316 being the average payment. Approximately 10,000 applications had been received to that date.

Scouts... To walk on old chimney

The old brick chimney of the former Vermilion electric light and power plant served for many years to help power the town. Now some of those same bricks will provide a pathway for the Guides, Brownies, Scouts and Cubs, to keep them on the straight and narrow, out of the mud and on the right track.

The firm of Lee & Snelgrove have dismantled the big chimney and have very kindly offered to donate enough of the bricks to build a walk from the front steps of the Scout hall to the street, provided volunteers are forthcoming to be the bricklayers to construct the path for these young feet to tread.

If you're 60 you can play

Geo. Webb Sr., Loyal Amos, Dr. Harold Clarke, Rock Mead and Graham Skinner, all of Vermilion, and Frank Bowman of Dewberry, have entered the Veteran's bonspiel beginning on Monday, April 3, at the Shamrock rink in Edmonton. To be eligible for this spiel the curlers must be over 60 years of age.

Letters to Editor

The Editor,
Vermilion Standard.
Dear Sir:

Through the medium of your columns may I please express my feelings regarding the Hon. L. C. Halmrast's speech at Kitscoty and Vermilion last Saturday re "unthreshed grain assistance program."

We, as farmers, attended the two meetings in all good faith, fully anticipating on receiving a reasonable answer to the burning question of why so many applications were rejected. We were treated to two hour lectures on sheep raising in southern Alberta and two 30 minute speeches on the hardships endured by farmers during the dirty thirties. The question at hand was smoothly passed onto the shoulders of Mr Harkness, the Federal Minister of Agriculture. A solution to the problem that is affecting the industry that guides the economy of this country was no closer than before.

The only substantial answer, and that was a left handed one, was, "If you are not satisfied, apply again."

Municipal councillors who processed applications at the request of the provincial government were ignored. The fairest method was employed by the councillors and yet a good portion of the applications accepted and approved were thrown out.

We feel in view of the efforts of Mr. Ashley Cooper who has done everything possible to bring about satisfactory relief into a distressed area, Mr. Halmrast's speech was an insult. People who place their trust in the hands of such cabinet ministers expect them to look after their interests in a much superior manner.

If, as in the case of the unthreshed grain controversy, we were faced with a similar problem in Civil Defence, what would happen? Mr. Halmrast is also the Civil Defence minister for Alberta.

This letter is by no means a reflection of the integrity and efforts of Ashley Cooper who is held in the highest esteem by his constituents but we do feel that in view of his efforts the Hon. Mr. Halmrast should also put forth an equal effort.

A Farmer.

Pontiacs win league cup face Lashburn two games

The end of the hockey season brings to the fore a new championship team in the Eastern Alberta Hockey League. The Bonnyville Pontiacs ousted the heavily favored Lashburn Flyers in a two-game total goal series played on artificial ice at Cold Lake, and travelled home with the trophy.

The thoroughly fired up Pontiacs won both games, the first by a score of 8 to 3, and went for a real one-sided victory in the second game, winning 20 to 7.

The shortened series was moved to artificial ice at Cold Lake by league manager Russell Carroll after natural ice became useless at both Bonnyville and Lashburn, due to the weather.

Mrs. Kae Shattuck spent a week in Ponoka recently, visiting with her daughter Eileen. Eileen is teaching Home Economics at the Ponoka high school.

Mrs. Bert Everett of Tofield was a visitor in Vermilion last Saturday, a guest of her brother and sister-in-law, Mr. and Mrs. E. M. Stewart.

S. C. Heckbert arrived home last Friday after a period of approximately two weeks as a patient in the University hospital.

Mr and Mrs. Harvey Tebbutt left this week to live in Greenshields, five miles east of Wainwright. Mr. Tebbutt has put in his training period as a buyer for the Alberta Wheat Pool and will now be in charge of a Wheat Pool elevator at Greenshields.

After a hard fought hockey game for the Vancouver Canucks, in which they narrowly defeated Bud Poile's Flyers, Brent Macnab, steady, worthy defenceman from Vermilion, was quoted as follows "and they say farming's tough. I'd rather be back on the farm than going through another one like that." It shouldn't be long until Brent gets his wish, and is back here for the summer.

R. S. Cooper of the polio ward University hospital Edmonton, spent last week-end at his home in town.

Mrs. A. Cameron had as her guest over the week end her sister Alma Cameron, R.C.A.F. W.D. from Claresholm.

The death of Mrs. H. McLean (Ethel Ganton) took place last week from pneumonia after an illness of four weeks at the early age of 20 years.

IN MEMORIAM

In loving memory of
ALBERT PORTER
A devoted husband and father who passed away March 30, 1936
"At Rest"

CARD OF THANKS

I wish to thank Dr. Stephens, the matron and nurses of the Vermilion Municipal hospital for the kindness and care shown to me and thanks to all those who sent me fruit, flowers, cards and letters while I was a patient in the hospital. Also thanks to Mrs. John Trach for providing transportation for me to and from the hospital.

[illegible]

CARD OF THANKS

I take this opportunity to thank Dr Evans, Miss McPhee, nurses and staff of the Vermilion hospital for the excellent care I received while a patient there. I also wish to thank my many friends who visited me and those who sent cards, fruit, etc. These acts of kindness will never be forgotten. A special thanks is extended to Rev. Blaine Smith.

Albert G. Smith

CORRECTION

In the advertisement appearing in last week's Standard for [illegible] Furniture store, price of 2-piece chesterfield should have read $198.

IT WAS SAID: "He who is of a calm and happy nature will hardly feel the pressure of age, but to him who is of an opposite disposition youth and age are equally a burden".

CARD OF THANKS

I wish to express my thanks to Mr. and Mrs. C. Hanna, Mr. and Mrs. R. Barnett and Mr. and Mrs. J. Hurst for putting on a benefit dance for me. Also thanks to the ones who supplied the music and to everyone else who helped out. Thanks again.

Dwight McFadyen.

CARD OF THANKS

I wish to express my sincere thanks to Dr. Evans, Dr. King and the nursing staff of the Vermilion Municipal hospital for their kindness and care while I was a patient in the hospital, also many thanks to all my friends who came to visit me.

Dwight McFadyen.

CARD OF THANKS

I wish to thank the Rebekah lodge for the hostess chair which I was fortunate enough to win in their recent raffle.

Japan is a delightfully mixed-up country where many things seem to operate in reverse. CLANDONALD

The February meeting of the W. A. was held at the home of Mr. and Mrs. Harold Schoenmaker with eight members present. Mrs. Cook joined that evening, bringing membership up to 14.

It was decided at the meeting to finish the church porch inside and put double doors from the porch into the church. This work has since been done greatly improving the appearance of the church.

A coco mat was bought by the church by the W. A.

The lesson topics at the meeting were very interesting.

Mrs. Goddard gave an interesting devotion on Acts 1:3.

Mrs. MacKay was welcomed at church last week.

Harold Cooper took Mrs. Cooper and Mrs. Nancy Feenstra to the Presbytery W. A. annual meeting at Viking.

Mrs. Viller gave a very interesting talk on the new woman's order.

The Viking ladies gave a royal welcome to their new church.

Island Hill News

Charlie Mix recently increased his cattle herd by identical twin heifer calves.

Ardis Searle has enrolled in the Brownies.

The army cadets are taking first aid from Dr. Reams.

Ken and Evelyn McCrae are spending a few weeks holidays at the coast.

A W.I. card party was held at the home of Mr. and Mrs. Ort Strome on Friday, March 25. Prizes went to Ladies: Annie Strome, Keith McIntyre and Grace Searle. Men: Joe Good, Norman McPhee and Howard Searle. Mr. and Mrs. Joe Parshewsky also held a W.I. card party in their home. Prize winners at Paul Mudryk's were Ladies: Edna David, Nancy Klutz and John Roth. Men: John Klutz, Norman McPhee and Joe Good.

Letters to the Editor

The Vermilion Standard,
Dear Editor:

If you will allow me through your medium, I feel that I should reply to correct any wrong impression that may have been caused or conveyed by "Pensioner's" answer to my letter in the previous week's issue, respecting the distribution and receiving of Government free meat, whereby he has accused me of "terribly insulting the old pensioners of Vermilion", by referring to those that were holders of the so-called pauper card.

There was no intention or inference of insult on my part, as I have the greatest respect for the aged.

The instructions from the Welfare Department in Edmonton, to the supervisor and distributor here in Vermilion (Mr. R. Allen) was to dole it out to those people in possession of an application form sent out with the provincial supplementary cheque, or the medical card issued from the same source (Welfare Dept.).

"Pensioner" took exception to the word 'pauper'. I would ask him, or her, if he or she has ever seen or received the Welfare questionnaire form that is required and expected to be answered correctly and truthfully by each applicant for the Provincial supplementary pension, which includes medical, hospital, dentistry and eye glasses?

These benefits are all to the good, but to be eligible and entitled to them the applicant is allowed little more than sufficient for a decent burial in case of death. But there are a considerable number of Albertans just over the borderline referred to who are denied these benefits.

Such restrictive regulations cannot be called anything short of pauperism. The English dictionary defines the word pauper as one who receives support from the public.

When I write I do not write anything that I am ashamed to attach my name to.

Thanking you Mr. Editor
Yours truly,
Chas. Young.

Dear Editor:

The members of the Catholic Women's League of Vermilion wish me to convey to you their appreciation for the service your publication has rendered them during the past year. Many thanks for your co-operation in publishing our news items throughout the year.

Sincerely,
Doris Keating,
Secretary, C.W.L.

CLANDONALD

By Mrs. Wilbur Feenstra.

On March 10 the Clandonald United church W. A. met at the home of Mr. and Mrs. Bill Thompson, with 10 members and 2 visitors present.

Mrs. Cooper gave a very interesting report on the St. Paul Presbytery meeting which was held at Viking on March 9th.

Roll call was answered with pin cushions. Special thanks are extended to Mr. Thompson for making the sewing sets. The ladies may be good at sewing, crocheting, etc. but wood work is a little out of their line.

Roll call at the next meeting is to be answered with a bazaar item.

Thanks are also extended to the men that finished up the church porch. It's a great improvement.

A delicious lunch was served by the hostess, assisted by Irene Forsyth, Thelma Carlton and Sophie Feenstra.

Week end visitors at the home of Mr. and Mrs. Wilbur Feenstra were Mr. Norman Walling, Mr. and Mrs. Terry and Lawrence of Edmonton.

The happiness of your life depends upon the quality of your thoughts.

NEWS from ISLAY

Church service time has been changed for the next three months to 11:30 a.m. beginning Sunday April 3 at Knox United. You are invited.

Mr. and Mrs. G. Stott of Hanna visited Mrs. Stott's mother, Mrs. Marie Steinhauer last week-end, also Mrs. Stott's brother Ed and wife. Mrs. Ed Steinhauer returned with them to visit some of her relatives.

Knox W. A. will hold their spring tea, apron sale and home baking sale April 9. An added feature will be a rummage table.

Paradise Valley

Parents' visitation day at the school arranged by the teachers was held on Friday of Education Week. Teachers appreciated interest shown by the large attendance. The fellowship hour was enjoyed by all present when teachers and pupils served coffee and lunch.

On Sunday, March 13th at Paradise Valley United Church, a very fine service of story and song was enjoyed by a large attendance. Rev. I. MacDonald rendered the life story of each author and the circumstances which gave the inspiration for writing each one of the hymns sung by the choir and congregation.

After the service, there was a social hour in honor of Mr. W. J. Sirett who has so faithfully played the organ for many years. Mr. George Guy, a member of the Committee of Stewards, acted as master of ceremonies and called upon Mr. Sirett to be seated at the front of the church. Rev. MacDonald spoke a few words of appreciation and Mrs. J. Gordon and Mrs. W. Gunn were called on to make presentation of gifts to Mr. and Mrs. Sirett as a token of appreciation from the minister and the congregation, for playing the organ and for the interest shown in so many ways in all church work by these two fine people. Lunch was served in the basement by the ladies of the church.

Don't forget the date, April 6th, when films will be shown by Mr. and Mrs. McCorry in the High School auditorium. Pictures were taken during their travels last year and are very interesting. Here is the opportunity or an evening of enjoyment and at the same time to support the Red Cross. The Paradise Valley W. A. would appreciate your co-operation by attending as they are sponsoring the Red Cross drive for funds in this district.

Morley Douglas, D.A., mentioned during his remarks that the judging Saturday was the hardest he had ever witnessed.

Judges were W. H. T. Mead, Provincial Livestock Commissioner, and V. T. Jansen, Associated Supervisor of 4-H clubs. Both gentlemen remarked after the awards had been made that their job had been extremely difficult. It was difficult enough with the separate groups one said, but the finals were worse.

Instructors were J. F. Harcus and R. M. Gratz.

Sylvia Wilson Wins Speaking Contest

Sylvia Wilson, daughter of Mr. and Mrs. Ralph Wilson, was chosen as the best public speaker of five grade 11 girls who were the contestants in the competition sponsored by the Britannia Rebekah Lodge No. 48 last Friday evening.

Sylvia has won the right to represent this district in the finals of the United Nations' Pilgrimage public speaking contest, to be held soon in Irma, where the best speaker will win a trip to the United Nations' headquarters in New York in company with winners from many other places.

On Friday evening, March 25, under the chairmanship of Miss Marjorie Knapp, the five girls, Sharon Islay, Sylvia Wilson, Frances Sherwood, Lynne Davidson and Dorothy Tovell each gave a demonstration of public speaking skill that brought credit to themselves and to their coaches, Mrs. E. M. Stewart and Miss K. Fulcher.

The speeches were of such a uniformly high quality that the three judges, Dr. C. W. Ste[illegible], Fred Stewart and Mrs. N. N. Bentley, had to ponder for a considerable length of time to come to a decision. While they were establishing a judgment in in this close competition, Miss Knapp spoke to the assembly of about 75 interested listeners concerning the purposes and organization of the public speaking contest, and introduced the contestants who had been called only by number before the judges retired to make a decision.

Christ's Ambassadors Attend Banquet

Several car loads of local residents motored to Lloydminster to attend the annual banquet of Christ's Ambassadors (C. A.'s) of the Slavic Pentecostal church, on Saturday March 26th at the Royal Cafe.

Chairman was Rev. Ron Dowbush, Thersby and guest speaker Rev. R. W. Taitinger, Central Pentecostal Tabernacle, Edmonton. His message was based on the life of King Saul "A most unforgettable character."

Mr. Ernest Schurman spoke on behalf of the Gideons and their Bible distribution ministry.

A male quartet from Canadian North-west Bible Institute, Edmonton, presented several fine numbers in song.

The evening concluded with the showing of the film "Silent Witness."

Among those making the trip from Vermilion were: Mr. and Mrs. Ken Islay, Donna and Sharon; Mr. and Mrs. H. Sornson; Mr. E. Schurman; Mr. and Mrs. E. Clendenning and Margwynne; Mr. and Mrs. John Scott; Mr. and Mrs. Earl Keast; Mrs. M. Fair; Mrs. W. Little; Lieut. R. Moffit; Margaret Tuey; David Dow; and from Mannville Mr. Wm. Stefanyk and Don and Ron Fleming.

FAMILY NIGHT AT A. Y. F.

Friday night, March 25th was "Family Night" at the Alliance Chapel Youth Fellowship.

United Church Couples' Club Enjoy Seventy-year-old Slides

The United Church Couples' club enjoyed a unique program on Friday evening when they viewed slides taken seventy years ago in Newfoundland and Labrador. These slides were the property of a missionary to that part of the country in 1889. The projector used for the filming was [illegible] the same age, having been at one time an old "carbide burner", and since converted to electricity. The modern day parallel was presented also when with a modern projector a colored, talking and moving picture was shown of the same part of the country today.

[illegible] meeting for April promises to be most interesting, when old time pictures of the gold rush days in Northern Alberta will be presented in a movie reel. The very recent color movie film on the saving of life through mouth to mouth breathing will also be shown. This is a film every parent and child should see.

Gym night at V.S.A.

The Gym Committee of V.S.A. presented their annual Gym Night display recently. The program opened with the championship volleyball game between the Vilmerson and Chevreux teams, the former winning 24 to 18 to take the School title. The final game to decide the school basketball championship followed, a fast-moving game with excellent shooting in which Ken Allen's team defeated Cleve Rachel's 22 to 18.

Immediately following the games, representatives of the First Year, Two-in-One and the Second Year boys' classes, led by Garry Norton demonstrated a number of exercises beneficial in physical fitness and muscular development.

BOXING

Vermilion and District Welterweight Championship

The crowd was treated to a real "rock-em, sock-em" battle which brought together Will Philgate of Vermilion, weighing 150 pounds, and Omar Lazarowich, V.S.A., 140 pounds. Lazarowich, who retained his calmness throughout the match, appeared at first to be in plenty of trouble, as Philgate hammered home everything he had, however as the second round progressed the V.S.A. boy found the range and proceeded to pile up points from then on. In the third round he had gained complete control of the situation and won by a unanimous decision.

JUDO

Following on the heels of the boxing came a fine display of self-defence against sudden attack, put on by four girls and twelve boys.

TUMBLING

Gym Night was climaxed by 45 minutes of tumbling an exhibition of split-second timing, of rhythm and co-ordination — and plenty of physical effort — on the part of the ten tumblers. The exertions and "frustrations" of the two clowns, Rowan and Toule, added some very real entertainment to a display that was fast and skillful, and to which the audience responded with enthusiasm. Included in the acts were a variety of pyramids performed with excellent form and balance.

A dance followed, ending a very enjoyable evening.

With the weather reverting from its balmy attitude of last week, these March lambs are seeking refuge from the lion as it makes its exit. The straw pile in the background will make a nice home for the lamb chop until that nasty old Leo has gone for another year.

Tribute to Mrs. Arnold

By Edith Johnstone

MANNVILLE. — This is a tribute to my former music teacher, Mrs. Gertrude Arnold, who passed away last week after a lengthy illness.

Mrs. Arnold's contribution to the musical education in the church, school and village of Mannville can never be forgotten. Her whole life was dedicated to music, and even when she was ill, she could sing the hymns and musical selections she loved without faltering. The music in Christ church, Mannville, is a living memorial to this great musician. She not only taught us the hymns, anthems, canticles, Psalms and responses, she so instilled them in us that those who are still in the choir couldn't sing a wrong tune or keep incorrect time, without feeling they were doing Mrs. Arnold an injustice. Bishop Barfoot never came to Mannville but he paid tribute to the music in our church, as well as many visiting ministers commenting on the singing and chanting with which we interpreted the hymns.

As well as the work in the church, Mrs. Arnold spent long hours assisting with school festivals, accompanying and training many of the pupils.

Before moving to Mannville village in 1938, Mrs. Arnold spent several days each week teaching music there, often taking much longer than the allotted hour with pupils, helping them with difficult parts. This was noted especially when her pupils commenced writing exams. Musical evenings at the homes of parents, and the pupils taking part were similar to the musical recitals of today. The many memorials, and the large attendance at the funeral showed that her former pupils have not forgotten her, and she will be remembered as one of the great musicians of our town.

Surprise Party Held For Ralph Boe

MANNVILLE. — On the occasion of Ralph Boe's 70th birthday, members of his family held a surprise party for him at the home of his daughter and son-in-law, Mr. and Mrs. Ross Ewing on Thursday, March 24. Turkey and all the trimmings were enjoyed by thirty members of the families. Mr. Boe's son Orville and family of Edmonton were unable to attend on that day, but came down on Saturday. Mr Boe still farms north of Mannville and takes an active part in the farming operations. His youngest son John, and family, reside with Mr. and Mrs. Boe.

Mrs. J. Hawley Celebrates 80th Birthday

MANNVILLE. — A pleasant afternoon was enjoyed by twelve friends and neighbors at the home of Mrs. Jack Hawley on March 22. The tea party was held in honor of Mrs. Hawley's 80th birthday, and a cake baked by her daughter-in-law Mrs. Percy Hawley, and suitably decorated by Mrs. A. Clark, was served. Mrs. Hawley leads an active life and enjoys fair health. Those present for the afternoon were Mrs Johnson, Mrs Ruttan, Mrs J Modin, Mrs. Thomas, Mrs. Ivan Smith and sister Mrs Preston, Mrs J Chrysler, Mrs. J Chambers, Mrs. Northrup, Mrs. M. Finlay, Mrs. E. Lugg, Mrs. P Hawley and Lillian.

Foresters Prepare For Annual Bingo

The Canadian Order of Foresters are planning their annual bingo for April 22nd at 8.00 p.m. at the Vermilion Armouries. Hold this date open, this is the bingo you have all been asking about. Prizes are on the same high level as last year, and you are able to play 12 games of bingo and have a chance to win the $100 door prize all for $1. Tickets are now available from any of the Foresters or can be purchased at the armouries the night of the bingo. You do not have to be present to win the door prize if your name is drawn. Prizes will be on display at a downtown store in a few days.

Vermilion needs Slogan

The Board of Trade, following several minutes of discussion, have decided that the town of Vermilion, being what it is, the most progressive town on the face of the continent, deserves a slogan that can be attached to its name.

Vermilion, by rights, is a vivid red color. Such is not the color of the ink on the town's account book and so to inform the rest of the world of the staggering steps that the town has taken during the past few years, it is only befitting that a slogan be placed in front of the name.

A suitable slogan will be chosen by a panel of judges from the Board of Trade and a prize of $25. will be awarded to the winner whose slogan is chosen. The contest will be open to all except members of The Board of Trade and to begin with all entries will be mailed to The Secretary of the Board of Trade at Vermilion.

Mail entries as soon as possible. An expiry date has not yet been set. When the date has been learned, all further information will appear in the STANDARD.

A.Y.P.A. Rally Held at Vermilion

MANNVILLE. — Held at Vermilion Saturday and Sunday, over fifty Anglican Young people gathered for a rally, with four counsellors present from Edmonton, Phill Maddison, treasurer for the Diocesan A.Y.P.A., Miss Donna Wilson, Miss Trixie Cambridge and Gary Reed.

The outcome of the rally resulted in the formation of two and possibly three groups in the Vermilion, Wainwright, Mannville area. Program planning and organization were discussed. Games provided the necessary diversion.

On Sunday morning nine members attended 8.30 a.m. Communion at Christ Church, Mannville, followed by a breakfast served by themselves in the parish hall, to which ten hungry people did full justice.

"HE IS BEST OF ALL MEN WHO FOLLOWS GOOD ADVICE"
—Author's name below—
It is amazing how many people are quick to offer health advice. Without any study or knowledge, they tell you what you should do or take when you are sick. Thoughtless friends are sincere, but unfortunately there are many opportunists. Some door-to-door peddlers and sharp mail order promoters consider profits more important than the good their products will do.
Wise men know the only person capable of giving good advice about how to treat sickness is a physician. They also realize when they obtain medicines and health-aids from a pharmacist pledged to consider health more important than immediate great profits, they are always safer.
A great many people entrust us with their prescriptions. May we compound yours?

Health Unit Notes

During the year 1959 your health unit staff examined 2,[illegible] school children and found that 813 of them suffered from dental caries. This figure is high and we are trying to bring it down by talks to the children and by regular school inspection and by letters to parents. A lot more needs to be done in this field.

Good teeth are necessary for four reasons

1. For good health.
2. For good mastification of food
3. For good speech.
4. For good appearance.

Nature has provided us with two sets of teeth, primary or baby teeth and secondary or permanent teeth. There are twenty primary teeth and they are partly formed before we are born. These start to appear when a baby is about six months old and they are nearly all erupted by the time the baby is two and a half years of age. Usually all these primary teeth have fallen out by the age of twelve. These should not be regarded as temporary teeth but as foundation teeth and should be preserved until the secondary teeth are ready to erupt for four reasons 1. For proper chewing of food 2. To help guide the secondary teeth into position 3. To aid in normal jaw development. 4. To prevent irregularity of the secondary teeth. Normally there are thirty two secondary teeth and they begin to appear about the sixth year.

The child should be taken to the dentist shortly after all the baby teeth have appeared i.e. three years of age. After the age of three there should be a dental examination every six months. If decay is found early, the dentist can remove the decayed portion without pain and he can fill the cavity and thus preserve the tooth. If treatment is delayed, the decay spreads into the pulp of the tooth and may lead to an abscess and sometimes an illness.

The mouth is an ideal place for growth of germs, but the cleaner the teeth are kept the less inviting they are to germs. The grooves on the chewing surfaces of the teeth, the surfaces between the teeth and the surface near the gum margins require special brushing as decay usually starts in one of these places.

Take your child to the dentist before discomforting operations are necessary as this will prevent fear of the dental office and so enable the dentist to make friends with your child. Teeth should be brushed regularly and thoroughly because brushing helps prevent decay and improves the appearance of the teeth. The teeth should be thoroughly brushed horizontally and vertically within half an hour of eating each meal and last thing at night before retiring. A child should always use a small size tooth brush.

Diet is important to the growth and maintenance of good teeth. Some foods have more nutritive value than others and they are called protective foods and should form the basis of meal planning. These foods include milk, milk products, vegetables, fruit, whole grain cereals, bread, eggs, lean meat, poultry and fish.

Research workers have found that there is a relationship between eating candy or large amounts of sugar and dental caries. During war time it has been noted that the incidence of dental caries decreased and this has been attributed to the lack of candy and sugar. A special effort should be made to avoid these and instead each day to eat raw and crisp foods requiring chewing such as lettuce, celery, raw fruit, raw carrots, toast and bread crusts.

Dental carries may lead to 1. Pain. 2. Loss of teeth; 3. Irritability. 4. Loss of chewing surface; 5. Omission from the diet of foods requiring chewing. 6. Bad breath. 7. Loss of good looking natural expression. 8. Self-consciousness and an inferiority complex; 9. Unsightly condition of the teeth and malformation of the jaw. 10. Lowered physical resistance and impairment of good health; 11. Great expenditures for correction.

TOLLAND TOPICS

Congratulations to Mr. and Mrs. Wes Isley on the birth of a daughter.

Condolences are sent to relatives of Mr. Elmer Lewis, who was killed instantly in an accident at a logging camp where he worked.

Mr. and Mrs. Duff McGrath left some time ago on a trip to Vancouver and district.

Mrs. Raymond McQuid and Dale have gone to Edmonton while sister Mary is in hospital and Mrs. A. McQuid is with daughter Marian at Calgary while she is sick with chicken pox.

Out from Edmonton for the week end were Mr. and Mrs. Tommy Lyons and two boys and Mrs. Margaret McGrath visiting their respective relatives in the district.

Mrs. M. Watson was a visitor to the city last week for a few days.

Mrs. Fred Hattersley journeyed to Paradise to attend the Ice Carnival there at which her granddaughter Gaye Cooper was a participant.

Some rinks in the Wildmere local bonspiel were unable to play their last games due to water on the ice. However nothing daunted, some people who still want to curl, as Doctor Newman with Keith Lyons, Franklin McGrath and Franklin [illegible] [illegible] the [illegible] at a Sportsman's spiel at Wainwright.

Those pesky [illegible] are back and there are reports of seeing crows and gophers around.

Mr. McGarry will be showing his slides on Ireland April 3rd at 8 p.m. at Tolland community Centre, silver collection in aid of Building Fund.

32 killed, 19 injured on Alberta highways

In the first two months of 1960 on the roads and highways in Alberta policed by the R.C.M.P., 32 people have been killed in 19 accidents. In the same period in 1959 16 people were killed in 16 accidents. Although this is not considered to indicate a trend, these figures do point up the awful responsibility of the driver who is conveying a number of passengers.

In 1959, 185 fatal accidents occurred on rural roads, 103 of which involved only one car. Collisions between trains and motor vehicles killed 13 people. In every case of a one car accident there was excessive speed for road conditions or some form of recklessness or carelessness.

Everyone should know that if he rolls his car over at a high rate of speed, runs into a train or a bridge, the chances are that he will die. Further, everyone who can read has seen newspaper and other articles explaining that accidents are caused and don't just happen. He has also read and heard over the radio that the death toll on Alberta highways is ghastly but unnecessary.

It is unfortunate that we will never know how many lives have been saved through the impression that these safety messages and programmes have had on sensible people but we venture to say that the number is substantial. However, the people who are killing themselves and others have not been impressed by these warnings and advice nor by reason itself. If this is so then we can only look to strict enforcement and a possible curb. This has been an important factor in every province or state where any headway has been made in reducing fatalities.

Unfortunately the highway patrolman cannot look at a car and know whether the driver is a potential killer. Consequently when enforcement is strict the safe driver is likely to suffer some inconvenience because he must travel the same roads as does the reckless driver. However, the price may not be considered too great if it brings him some measure of protection against the transgressions of the irresponsible.

The R.C.M. Police Highway programme for this year will include an increase in manpower and equipment, more radar activity and the abolition of warnings for moving violations. Unmarked cars will be used and strict enforcement will be applied throughout all areas of R.C.M. Police responsibility.

Prices Reduced

Lower prices will be asked for the Lacombe pigs to be released following the public draw at the Lacombe Experimental Farm on April 25. In making the announcement, Superintendent J. G. Stothart advised that the decision was reached with the present hog prices in mind. The price of Lacombes has never been unduly high for the breeding involved, but this decision is expected to provide an opportunity for wider distribution.

While wide distribution is a desire of the Canada Department of Agriculture they want at the same time to get the pigs to men who are prepared to breed purebred Lacombes. Because of the testing and special records that have to be maintained, breeding of purebred Lacombes is more involved than with other breeds.

Details of price and application requirements can be obtained from the Experimental Farm, Lacombe, Alberta. Thirty groups of pigs will be available, each of which will consist of three females and a boar. Application must be on the official form which must be completed and returned to Lacombe by April 19, 1960.

Tulliby Lake

Leonard Parks has sold a quarter of land known as the old Beagle place, to Curtis and Everett Morton. He also sold a half-section just east of it to Norman Lifano.

The new hired hand at the Cecil Trimble establishment is Gerald Clark of Lloydminster.

Jimmie Boyd had a collision with another car near Marwayne. Quick thinking on the part of Jim avoided what could have been a fatal accident. As it turned out only the hoods of the cars were smashed in.

Congratulations to Mr. and Mrs. Joe Bourque (nee Ann Vaness) on the birth of their daughter, Joanne Yvonne; also congratulations to Mr. and Mrs. Jimmie Boyd on the birth of a son.

Mr. and Mrs. Bjarne Selsheim's boy Sam is having another operation on his foot, at Edmonton.

Mr. and Mrs. Ransom Maas and family motored from Edmonton to spend Sunday with Mrs. Maas' brother Roy and mother Mrs. Christine Maas.

Mrs. Tommy Harrison is doing the weekly wash for Mrs. Bjarne Selsheim while she is under the doctor's care for a heart condition and at the same time is receiving treatment for a thyroid gland deficiency.

Ross Maas and Stan Willington are participating in the government's winter relief program by cutting brush on the road allowance in the vicinity of the late Bill Maas [illegible].

Mr. and Mrs. Pat MacDonald and family motored from Edmonton to spend Sunday with Mrs. MacDonald's brother Roy and mother Mrs. Christine Maas.

Leonard Nelson has gone to the Coast to visit his sister Lilly who is a cancer patient there.

Roy Maas has a badly swollen hand after being bit by a mischievous dog when he was endeavoring to extricate from a building.

Several journeyed to Marwayne on Tuesday to enjoy the third annual 4-H amateur night.

Mr. and Mrs. Joe Tupper were visitors at Doug Carter's on Monday afternoon.

Mrs. Eddy Rogers and two of her children Guyan and Timothy were guests at the home of Juvenile and Millie Johnson on Sunday.

Tips on Touring

By Carol Lane

Women's Travel Authority

A little attention to proper steering can eliminate one of the major causes of on a trip. It's amazing how many people make this simple operation difficult.

There's the stiff-arm driver who sits too far from the wheel; the low-slung driver whose face barely peers over the wheel; and the crushed-chest driver who tucks the wheel into his or her midriff. All these people have assumed uncomfortable and improper driving positions.

For best driving control and comfort, first adjust the seat so that your forearms are almost parallel with the plane of the wheel and you are able to operate the foot pedals easily. If you haven't a clear view of the road, prop yourself up with a car cushion.

Incidentally, pretty gloves have no place on a steering wheel if they're made of jersey, nylon or smooth suede since these materials may have a slippery grip. Capeskin or pigskin protect the hands without sacrificing safety or appearance.

More than three inches of "play" in the steering mechanism may impair your control of the car. It also may contribute to misalignment of the wheels — and consequently, extra tire wear. Reputable garages can easily correct this.

NEWS from ALLANDALE

Mrs. Mayers accompanied the Ommens to Elk Point on March 13th to spend the day with Gertie Swanson.

Pleasant Valley and Dewberry scribes, it's good to see your items in the Standard again — we missed you! P.V. re your comment — Allandale has a large range for news, perhaps I should say, "I take it". I hope with no ill feelings.

Mr. and Mrs. W. Roebuck of town were visitors at the Ommen home on the evening of March 19th.

Susan Schmidt from Lloydminster was holidaying at her grandparents, the Isidore Nelson home, the week of the 14th.

March 20th saw Mr. and Mrs. Frank Schmidt and family from Lloydminster at the home of Mrs. Schmidt's parents, Mr. and Mrs. Isidore Nelson. Susan returned home with them.

March 20 — a large flock of blackbirds (starlings?) and a gopher have been seen. What a lot of feed for these with crops yet to be harvested. Very little snow on the fields at present.

Church service was conducted in Clandonald on March 20 by Rev. MacKay assisted by Mr. Schurman. Mr. MacKay spoke on the 5th Beatitude.

Mr. and Mrs. Claremont Laird and daughters Margaret and Cathryn from Clandonald, and the latter's mother Mrs. Stuart McGilvery, from Welyn, Sask., were visitors at the Ommen home last Sunday afternoon.

Mrs. Nora Ronaghan of Islay, who has been relieving as nurse at that hospital, is holidaying at Wainwright with daughter Reta and Leslie Sherwood and son Robin, and at Irma with son Allan, Shirley and daughters.

Mr. and Mrs. Wm. Armstrong from town spent the last weekend at son Jimmy's on the farm.

Wilbert Moore who has been on seismograph work up north is home on holidays at the home of his parents, Mr. and Mrs. Charlie Moore at Deer Lake.

Closing thought: "Forget the yesterdays, and live for each precious tomorrow."

First white settler in Canada's capital city was an American, Philemon Wright of Woburn, Mass., who started up the Hudson River in 1800 seeking new lands and eventually settled on the present site of Ottawa.

LETTER FROM EDMONTON

One of Two Courses Open For Industrial Tax Legislation

EDMONTON — Members of the Legislature devoted nearly all their time last week to study of the province's contentious industrial tax legislation.

At the time of writing the industrial tax bill was still before the all-member House agricultural committee, and its ultimate fate remained somewhat in doubt.

But it appeared certain the Legislature would have to take one of two courses: pass the bill as it stands and study the whole questoin for a year before implementing the tax plan, or redraft the bill to plug up some of the loopholes that came to light last week.

The only other possible alternative facing the government at week's end was to toss the whole thing out, but Municipal Affairs Minister Alfred Hooke seemed to be in no mood to do that.

The only thing beyond doubt was that members favor the principle of redistributing industrial tax revenue in such a way that municipalities which don't have industry will be compensated for services they render to industry and its workers.

Seventeen briefs were submitted at last week's hearing, and the overwhelming majority of opinion was that the government should hold up passing the industrial tax bill until the whole question can be given further study.

Only two of the briefs were unreservedly in favor of the industrial tax bill. One was from the Alberta Association of Municipal Districts, the other from the town of Jasper Place.

Perhaps the most significant of the two came from James McKay of Vulcan County, president of the Association of M.D.s and rural representative on the provincial-municipal advisory committee which has approved the industrial tax scheme.

He told the agriculture committee that rural areas would sooner see all industries covered by the scheme instead of the 40 "problem industries" which will come under it initially. However, he said, he approves of the plan because "a start must be made somewhere".

True rural areas stand to lose under the province's plan, he said, but if rural municipalities with industry are creating a burden for neighboring urban centres it is only fair that the rural areas pay their way.

Jasper Place favored passage of the bill because it would be "preferable to another year of uncertainty". The town was confident the Legislature and the government could work out the details.

Two briefs favored passage of the bill, but with reservations. The Municipal District of Strathcona, which stands to lose a sizeable chunk of its industrial tax revenue to Edmonton, thought the bill should be expanded to provide compensation for the MD for residential services supplied to people who work in the city. Sherwood Properties Ltd., developers of a small residential community in the MD, argued along the same lines.

Outright opposition to the tax plan came from the city of Medicine Hat and the Medicine Hat Chamber of Commerce. They claimed industry tax rates in the city would skyrocket as a result of the tax plan and the uniform industrial assessment which would accompany it.

The rest of the briefs said in effect that there are good points in the bill and that the government is on the right track. But they argued there are so many uncertainties that the legislation should be deferred for further study.

This view was expressed by both Edmonton and Calgary, the chambers of commerce from the two cities, and a number of major industries.

Some of the objections expressed to the bill:

1. It doesn't spell out a clear enough definition of industries to which the provincial tax would apply.

2. It leaves the provincial cabinet wide powers to add industries to the list of those taxable, or take them off the list, without any public hearing.

3. It is not clear enough on how the tax commission which will administer the plan should go about assessing industry, setting the tax rate and distributing the revenue.

4. Turning over of tax collecting powers to an independent commission constitutes taxation without representation.

Edmonton and Calgary also complained that the government's tax plan doesn't attack the problem of overall metropolitan growth and development.

There was a lot of talk during the week about metropolitan area administration, but nothing very definite came out of it. Municipal Affairs Minister Hooke seems to favor the idea of limiting the size of cities proper and taking care of population growth through development of satellite towns in the metropolitan region.

So much time was spent on talk about the industrial tax plan that it appeared doubtful the House could finish its business this week. There is still some important legislation to be considered, including the Hutterite land control bill and a bill which would allow rural municipalities to tax pipelines and power lines.

GREENLAWN Goodwill Club

Greenlawn Goodwill club met at the home of Mrs. Alvin Curtis with twenty-one members and one visitor present. Being as it was on the 17th of March several of the ladies remembered to wear a bit of green.

Thank you cards and letters from some of the members who had been in hospital were read and passed around.

Roll call was answered by naming a quilt block pattern.

The quilt which was made by the members was raffled and won by Mrs. C. Wood.

Mrs. George Lumley won the quilt that was tied at Mrs. Geo. Gray's.

It was decided that members make another layette to enter at the Vermilion fair.

A donation of ten dollars is to be sent to the retarded children's association and five dollars to the Red Cross.

Door prize was won by Mrs. [illegible].

Next meeting to be held at the home of Mrs. Bob Gray.

Barr wins at Edmonton

Keith Barr, son of Mr. and Mrs. Manson Barr, of Vermilion, was awarded first place in the Kiwanis Club showmanship special competition for Shorthorn Junior stockmen at the Edmonton Spring Livestock show. This class is judged on the basis of the showmanship techniques displayed by the contender rather than on the merits of the animal being shown.

Keith was one of six young people from the Vermilion district who achieved placings in the Spring show. He also won the seventh position in the Shorthorn class.

Keith's sister Louise, placed third in the Shorthorn class, with Billy Williams, son of Mr. and Mrs. Dale Williams, taking fourth, and John A. Barr, a younger son of Mr. and Mrs. Manson Barr was 5th.

In the Hereford class the Wilson twins, Billy and Gary, sons of Mr. and Mrs. Clarence Wilson were entered, Billy taking fifth in the large class, and Gary narrowly missing the placing.

All six of these young people are members of the Vermilion 4-H Beef club where they had the opportunity to augment the training in showmanship and stock raising that they had received on their home farms.

Alberta Legislation Favors Old Age Pension Security

The Alberta government Thursday accepted a private motion asking it to study the feasibility of guaranteeing pension rights to workers. The resolution, passed by 32 votes to 2 in the Legislature also suggested that a scheme be established so that workers can transfer pensions when they change jobs.

Members voting against the resolution were Frank Gainer (Calgary-Banff-Cochrane) and Roderick Macleod (SC-Olds). Labor Minister Raymond Reierson said the resolution will not be easy to implement but the government will try to find a way.

Mrs. Ethel Wilson (SC Edmonton North) said pension schemes were originally established to give workers security after retirement but have failed to do so in many cases.

BENEFITS LOST

She said this is particularly true in cases of workers who, for one reason or another leave their employment after many years of service. They thus lose the benefits of their employer's contribution to their pension scheme and get out of the scheme only what they put in it. In effect she said their pension plan has only been a savings account.

She said such seasonal employment as construction work prevents many workers from building up an interest in pension plans.

Mrs. Wilson said many older workers are prevented from obtaining employment because their age bars them from fitting into a new pension plan. She said studies have shown the mature worker is often more capable and productive than younger ones but the inadequacy of many pension plans "closes the door in their faces."

NO SCHEME FOUND

She said both management and labor organizations are concerned about this problem and although insurance companies are working for its solution no [illegible].

Mrs. Wilson said the resolution actually asks the government to set up some method whereby employee contributions can be made to a pension irrespective of changes of employment. She admitted it presents difficulties but said if such organizations as auto workers and garment [illegible] unions in the United States have been able to do it, then the Alberta government can do it.

Mr Reierson said that whether the solution is an easy one or not it must be solved. He said that [illegible] be found is no reason to deter the government from trying.

SCEPTICAL AT FIRST

Earl Ansley (Ind SC Leduc) said he had been sceptical about the resolution when he first read it but after listening to the debate he was confident that the simple request made by it can be granted.

Summing up the debate the mover of the resolution Charles Johnston (SC Calgary Bowness) said the scheme would not interfere in any way with collective bargaining rights between employers and employees. He said it would only concern companies where pension schemes are already in operation although he personally would like to see a pension scheme applicable to all workers.

Mr Johnston hoped that since the government favors the motion it will not allow it to be shelved indefinitely. He suggested a committee be set up to consider the best way to implement the resolution. He said the Ontario government is attempting to devise a workable scheme along the same lines and suggested that it, the federal government and other provincial governments might work together on the problem.

Productivity in Canada's manufacturing industry increased by 60 per cent in the years 1946 to 1957, compared to a 30 per cent increase in the United States. In the same years the average hourly manufacturing wage in Canada increased by 130 per cent.

Widmere Winks

(Held over from last week)

Curling came to a sudden halt last week when the weather got so warm and left the mixed bonspiel unfinished. If it can't be finished now it will be a good beginning in the fall.

Sincere sympathy of the district is extended to relatives of Elmer Lewis, a veteran of the first world war and an old timer of Tolland district who was killed in a logging accident last Friday.

Marlene Smith was home for a few days with her parents, Mr and Mrs. Albert Smith. Mrs. Bill Smith accompanied her back to the city on Monday.

Baillie Holte was also home for a short visit last week.

Roy Garnett who was home last week end, returned again after having to leave the truck at Whitecourt where the road ban begins.

Mary Gibson was home from Varsity at the week end. The courses will soon be over for these young people and after 13 years of school their dreams will be realized.

Mr and Mrs J C Wallington visited at the Fadden home on Sunday.

Mr John Wilson is doing some carpenter work for Mr. Freiern who is having their home re-arranged.

Two rinks from the Widmere club are participating in the annual men's bonspiel at Wainwright this week.

Cliff Cruthers accompanied his daughter Maureen to Edmonton to see a specialist.

Life is not made up of great sacrifices and duties, but of little things . . . smiles and kindnesses and small obligations given habitually. These preserve the heart and secure comfort.

Films Available For April

By arrangement with the National Film Board the following films may be obtained locally through W F Stewart during the month of April. Organizations wishing to use them should place reservations early.

APPOINTMENT WITH YOUTH
(Black & White — 30 Minutes)

This film tells the story of a high school teacher who is asked to counsel a student considering entering the teaching profession. As he attempts to assess what teaching has to offer, the film follows his reflections on what his career has meant to him. He comes to the realization that, apart from its increasing material benefits, his real satisfaction has been derived from the knowledge that he has had an intangible yet visible influence in shaping minds and characters of the young people who have come to him to learn.

PORTAGE
(Color — 30 Minutes)

The craftsmanship of the Algonquin Indian in making a canoe. The process is described in color photography showing the interesting way in which the products of the forest are fashioned into a useful means of transportation. Excellent for Scouts and Cubs.

TWO KINGSTONS
(Black & White — 30 Mins.)

The people of two Kingstons, the one in New York State, and the other in Ontario, contrast their cities and each other. Their way of life, their tastes and values, their ambitions and aspirations as expressed by various members of both communities are very similar. Yet, underneath, there are differences. These differences come to the fore in an over-the-fence conversation between two neighbors living on either side of the U.S.-Canada border.

BACKGROUND TO FEDERATION
(Black & White — 30 Mins.)

The first film in a series on our newest Commonwealth neighbors, the West Indies Federation. The film reviews the history and geography of this interesting group of islands and shows the needs and benefit of their Union.

GETTING ON THE BAND WAGON
(Black & White — 8 Mins.)

Designed to stimulate discussion, this film illustrates the fairly common tendency to go along with the crowd and stay on the safe side of a difference of opinion. After giving an illustration of the tendency the film leaves the question to the audience.

THERMAL WONDERLAND
(Color — 20 Minutes)

A visit to the geyser country in New Zealand showing the many tourist attractions.

The Challenge of The Cross

By special request, a sacred drama, "The Challenge of the Cross", will be presented in the United church on Palm Sunday evening, April 10, at 7:30. Taking part in the drama will be seven ladies of the congregation and the senior choir. You are invited to keep the date open so you can attend this very timely pageant.

How about your SUN?

This little "Piggy" went to market

Agriculture Minister Douglas Harkness told the House of Commons recently

"Stocks of pork products held by the agricultural stabilization board at this date are approximately 32 million pounds of pork cuts and 10 million pounds of canned pork.

"The board has just completed the sale by tender, of about 300,000 pounds of ham stored before last September to be used for manufacturers into a chopped, canned product. I am assured that the sale of this product for this purpose will have no adverse influence on the hog market.

"The board does not propose to release any further pork cuts for sale in Canada in any form until such time as there is a more favorable balance between domestic pork requirements and hog marketings. In any case no cuts will be sold into the domestic market until after Easter.

"Board stocks of canned pork will be offered for sale in the domestic market starting April 18 under an arrangement similar to that followed in 1952 and 1953 when canned pork accumulated by the agricultural prices support board was made available for sale in Canada. The detailed terms with respect to this sale will be announced in due course by the stabilization board.

"This sale of canned pork into the domestic market at that time is not expected to have any significant influence on the hog market."

Police have long been aware that victims or witnesses of the same holdup can vary widely in their description of a gunman. The April Reader's Digest reports that an artist's sketch based on painstaking questions and the use of facial charts helps witnesses sharpen their recollection and pinpoint each feature more precisely. The result is a composite of the mental pictures held by several witnesses, and quite often the likeness to the subject is amazing. Thus artists have become links in the law.

Weather Slows Down Campaign

Unfavourable weather throughout the province during the first two weeks of March resulted in a poor start for the 1960 Red Cross campaign with canvass in most rural districts delayed until March 14th. However, reports now being received at the Provincial Red Cross Headquarters indicate an optimistic outlook on the part of campaign [illegible].

Returns to date total $221,425 which is 42.2 per cent of the provincial objective of $522,700. This amount includes contributions of $79,410 received in the March campaign and returns of $145,105 from United Appeals held in the fall of 1959. Returns of the same date last year amounted to $236,726 or 46.3 per cent of the 1959 provincial quota of $510,500.

The town of Faust, in the Peace River area, and Hilda and Wrentham in extreme south of province have exceeded quotas allotted to them. Therien in [illegible] was the first district to report canvass completed with returns slightly down from 1959. [illegible] the province are participating in the March campaign.

Each Thursday, Ellen Ramsay visits the bank to pick up the company payroll. On Friday she visits on her own behalf . . . to deposit her savings. On both occasions she receives prompt, personal attention.

In the country, busy insurance man Tom Welch very rarely visits his bank. He does all his banking conveniently by mail. But he gets the same friendly, efficient service.

Requirements may differ but, at The Canadian Bank of Commerce, the service remains constant . . . and as broad and enterprising in concept as Canada itself. Clear across the country, in rural communities and in big urban centres, The Canadian Bank of Commerce serves its many customers with that sincerity which makes banking a pleasure.

THE VERMILION STANDARD

Vol. LI. No. 39. $2.50 a Year Vermilion, Alberta, Thursday, April 7th, 1960. 16 PAGES Single Copy 10c

Although the years have dulled his hearing, and the winters have whitened his hair his eyes are like those of an eagle. Mr Beecroft, who celebrated his 96th birthday last Saturday still derives great pleasure from reading each day. Although he is not as spry as he would like to be he bounces around like a man 20 years his junior. Pictured above he is shown relaxing in his favorite chair an old wooden rocker.

James William Beecroft 96 years young still active

By Standard Staff Writer

James William Beecroft, an old-time resident of Vermilion whose hair has long since turned white whose hearing is not what it used to be but still reads without the aid of glasses, celebrated his 96th birthday last Saturday by spending a quiet day at home.

When called on by two members of The Standard he was quick to receive his guests and offer them a glass of wine. Upon being asked to pose for his photograph he was pleased to comply. Before taking his favorite chair which is an old wooden rocker he asked if we wanted to see a picture of himself taken when he was twenty years old. This started the old gentleman hunting through his many mementos in search of the picture.

During a brief interview with Mr Beecroft he recalled his early days when he was a locomotive fireman on the Leeds Railway and when he [illegible] inspector at the Leeds steel mill.

Mr Beecroft was born on April 2nd 1864 [illegible]. He lived only a short time there and then moved with his parents to Leeds where he was educated and worked until the time of his departure to Canada on March 29 1905.

Upon arriving in Canada he immediately settled at [illegible] Sask. where he began dairy farming. This he continued until 1937 when he retired. When asked why he retired he promptly replied that the milk basket was getting too heavy for him to carry. (He was the milkman at Lashburn and delivered milk for 32 years in the district. At the time of his retirement he was over 70). He moved to Vermilion in [illegible].

Mr Beecroft is a life member of Landmark No. 44 G.R.S. and although not active within the organization, I noticed his 1960 membership card paid up when he opened his wallet to show me a picture of his wife who has been deceased for some time.

My parting remark to Mr Beecroft was, "We will be around to take your picture four years from now when you are one hundred years young."

His reply was after hesitating momentarily, "It's a deal!".

Walter Coulter Sales Leader

Walter Coulter, of Herzog Motors was recently notified that he had been awarded a membership in the current Sales Leaders Club sponsored by General Motors.

To qualify for a membership in the Club General Motors salesmen must [illegible] all dealers in the Dominion of Canada. This was Mr Coulter's first year as a member.

In a competition held for a two-months period last fall in which new car sales only were considered Walter was a most successful contestant and among prizes which he won on that occasion were an automatic toaster, a painting outfit and a transistor radio. Value of the prizes exceeded $[illegible].

The Standard joins with Walter's many satisfied customers in offering congratulations and continued success.

Junior high school students present successful plays

Three one-act plays, produced and directed by Miss Margaret Watt, teacher of drama at Vermilion High School, met with tremendous success last Friday evening when they were staged and acted by students under her direction. Miss Watt was assisted by Marion Dahoy.

Humour and comedy injected into the plays kept the audience in a state of laughter throughout the entire performance, and if applause was any indication of acceptance, the young students are Hollywood bound.

Friday afternoon the plays were staged to a matinee audience comprised of all pupils from grade 4 to 9 inclusive and then enacted the same evening for an adult gallery.

All plays gave the young actors and actresses a large scope by way of dialogue and action and every pupil taking part was a star.

Closed circuit TV to be shown in Vermilion

Renaud & Casey, the biggest pair of Pirates in the hardware business, recently gathered their advertising magicians together to conjure a scheme to attract little boys and girls, attached to their mothers and fathers into the Elks hall on Friday and Saturday April 22 and 23. The only answer the mass of Merlins could present was a closed circuit television show.

So be it. This pair of Hardware Happy Gangsters have given their blessings to the suggestion and are going all out to make arrangements for the epic event.

Out of the goodness of their hearts they have offered some wonderful door prizes to lucky people [illegible]. For instance there is a combination radio and stereophonic record player as the big number, smaller prizes consist of General Electric tea kettles, a Philco radio, General Electric steam iron and even a G-E can opener. So goes the old saying when a couple approach the altar and the treasured words are said "I promise to love honor and obey as long as . . ." General Electric will do the work.

Many fine name brands of appliances will be displayed for inspection during the intermission of the TV show. On Friday the show begins at 7 p.m. and carries through to 11 p.m. On Saturday the boys have arranged a matinee so they can work on the small fry. It will begin at [illegible] p.m. and carry through until [illegible] p.m.

Now that the overture has [illegible] for those that enter the premises do so with this in mind [illegible].

The boys have even loosened their purse strings to the unexpected and are willing to provide free food. A sign at the door will inform all cider indulgers that coffee will be served. No need to bring your own cup the wonder of wonders has happened and the Pirates are springing for the works. (It will be interesting to see who gets the works.

This show is for the benefit of the community and youngsters and oldsters alike will be welcomed. Plan to attend with the kiddies.

Vermilion Fire Department hold annual banquet

The Firemen's Banquet, an event of newsworthy mention, took place Tuesday evening in the Elks hall where, following dinner, the gathering was addressed by various guest speakers as they were introduced by Fire Chief Ken Urquhart.

The first speaker on the program was the Fire Chief himself who expressed his delight at the number of interested people who turned out to attend the function.

He then introduced his guests. Mr J W G Morrison, a staunch supporter of the Fire Department was given an introduction fitting to his interest and efforts to which the attendance suitably responded with a thunderous applause.

Mr Urquhart then introduced Dr A Ben King, councillor in charge of the fire department for the town.

Dr King said in his address that he was more than pleased at the way the department was operated and he gave a strong and sincere commendation to Mr. Urquhart for his capabilities as fire chief.

Ed Lyons wins mixed bonspiel Rowe rink tosses eight ender

With Ed Lyons and his trusty trio winning the first event of the Vermilion mixed bonspiel, a smashing successful season of curling submits to the curtain. Ed beat out Curt Alfier by a small margin for top honors.

Robinson rink tacked first place in the second event and Calvert managed to spike first in the third competition.

The second mixed bonspiel began but had to be called for the time being. However it was not without thrills. Roger Rowe and his team tossed an eight ender. Members of Roger's team were Jean Rowe, Ken Rowe and Edna David. The team that took the loss at this end was skipped by L. Pockett.

Martin Luther Film

On Good Friday April 15th at 8:00 p.m. the sound film "Martin Luther" will be shown at the regular meeting of the A.Y.F. in the Alliance Chapel.

This is a [illegible] film depicting the [illegible] and [illegible] during the life of Martin Luther.

The public is cordially invited to attend.

Ross Taylor heads hog producers

Ross Taylor was elected president of the newly formed Hog Producers Association at a meeting held March 30th in the Vermilion Legion hall. Other officers and executive elected at the same meeting were: Len Kenzie, vice president; Joe Hart, secretary treasurer; directors: Frank Gibson, Frank Wilson, Bob Mullen, Bert Duncan, Mike Malek, Noel Rogan, Martin Kenzie and Albert Cleland.

The meeting was attended by approximately 60 producers and was addressed by officials from the Lloydminster Association. Response and interest was so favorable that plans are now underway to hold an organizational meeting for a Mannville group on April 6th.

At a directors meeting held Saturday April 2nd a publicity committee was set up and plans for a general meeting later this month were thoroughly discussed.

It's that time again

Unless you failed to earn anything again this year, you should be muttering to yourself over your income tax returns about now. As usual the more you earned, the more you will have to pay. Contributing to the Crippled Crickets Fund is not on the list of exemptions this year and so I, like many fellow Canadians, will have to cough up when the day of reckoning arrives and the man with the pencil says "Take it up with your M.P."

However, there are some cheery words and thoughts that help us through the tax invasion:

FIRST, you must know that this income tax plague is just temporary on the part of the government. When income tax was first introduced, the politicians promised that it was only temporary. Now doesn't that make you feel better already?

SECOND, the tax you send in after filling out your income tax form is only the beginning. Honest; there are thousands of other taxes. Ya, you pay them almost every time you spend a farthing. Price tags have tucked into them as many as 100 taxes on a single item. You don't know they are there, so it doesn't pain you nearly as much. Just imagine how your blood pressure would soar if you had to fill out a form that would show you just how much it was costing to run the country!

THIRD, if you work for an employer he probably takes your tax out of your pay cheque before you even see it; and who knows, you might even have a rebate coming! You had better be thankful he didn't have to send your whole cheque into the boys at Ottawa. The way things are going with taxes getting bigger and bigger all the time and the boys on the hill spending money like it was going out of style, the day may soon arrive when your whole darn weekly cheque goes straight to the tax collector. What a thought!

FOURTH, may be you don't make much money. You can creep into your own little corner and gloat over how much the other guy is getting nicked for — some of them as high as 90% (I think). So you see how lucky we clods are.

FIFTH, it is all done for your own good. The politicians figure they can spend your money for you much better than you can spend it yourself. For example, would you personally pay thousands of dollars so that a motor car company can have a one-hour dramatic show every week on T-V? You are probably far too dumb to do that — so the government does it for you. See the value of the income tax now. I hope it makes you feel better. It doesn't help me at all.

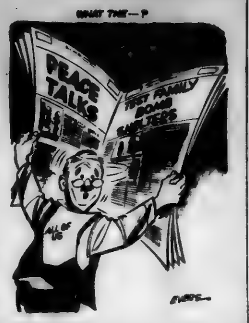
WHAT TIME—?



more . . . Fireman's banquet

(Continued from page one)

He went on to say that he would continue to keep the interests of the department close to his position as fire department chairman and also the welfare of the town so far as the fire department was concerned. He said he hoped that in a period of not more than two years the department would be able to boast of a new fire engine and also a new fire truck. This he said rested in the hands of the mayor (jokingly of course) who would not release any information as to how much the mill rate would have to be increased.

Dr. King concluded his address by once again thanking the department for the wonderful support they had given him and the co-operation they extended in matters dealing with fire prevention and fighting.

The next guest introduced and asked to address the gathering was this writer who, for once in his life, decided that discretion was the better part of valour but did thank the executive for the privilege of being at the banquet.

To close the speaking session Mr A. Johnson from the Fire Commissioner's office in Edmonton added to Dr King's statement regarding the new fire truck within two years by saying that it would be very nice to see the new truck this year.

He commended the fire department very highly and stated that it was always a pleasure to be in Vermilion.

With a parting reiteration of how pleased he was at the past performance of Vermilion firemen and their department he closed the session.

Following the speakers the gathering adjourned for a few minutes to allow the projectionist to set up his equipment. What followed cannot be published. To appreciate just what went on, one would have had to be present.

Words alone could not express the catering capabilities of the ladies of the Royal Purple who at all times were near by to replenish dishes and plates as they were emptied.

FORAGE SEED

Ever think of growing forage seed? There is always a ready market for the seed of good producing hay or a pasture crop. Forage seed production involves difficulties but the farmers who overcome them have unlimited markets. Forage seed production requires a long term plan and a thorough study. Your District Agriculturist is prepared to discuss the possibilities of forage seed production on your farm.

THAT MILKING MACHINE

Rinse all parts with cool water immediately after milking.

Use a hot detergent solution and the proper brushes to scrub all parts.

Rinse with scalding water and allow to air dry.

Sanitize using a recommended compound just before milking.

Store rubber parts in lye solution.

POCKET GOPHERS

At last pocket gopher control looks possible. A machine called a "burrow builder" will treat 30 acres a day at about $1.50 an acre. The "burrow builder" constructs and baits runways 9 inches deep. The machine appears to be adaptable to most soils and can be used anywhere that a tractor can be driven. The Department of Agriculture hopes to have one or two demonstration machines in operation this summer.

PASTURE COSTS

The Ontario Department of Agriculture has found that a hundred pounds of animal feed nutrients is obtained more cheaply from a well-managed pasture than any other source.

Production cost 100 pounds of feed nutrients

FORAGE	
Pasture	$0.65
Hay	0.97
Corn Silage	1.17
CEREAL CROPS—	
Oats	$2.50
Barley	2.60
Wheat	1.75
Grain Corn	1.80

Although the production is lower and the figures different for Alberta the cost comparison is probably the same. The pastures that pay the big money in terms of animal production are not obtained by chance, but by careful planning.

TREAT YOUR SEED

Don't forget that seed treatment this spring. It costs money but nothing like the cost of growing a smutty crop or feeding wireworms. A mercurial treatment is still the best for smut control in cereals and flax.

Council to set mill rate at next meeting April 11

The most interesting item to come from a gathering of town councillors last Monday was the establishment of a date when members will congregate to settle the mill rate and other subjects. The date, April 11th, next regular meeting.

Councillors decided in favour of Vermilion taking part in exercise "Tocsin". This is an exercise put on by the Alberta Civil Defence department. Further details may be obtained from George Martin.

Vermilion will participate in the formation of a proposed Regional Library scheme.

It was decided by the august body that an Industrial and Publicity committee be set up consisting of four members, i.e., two councillors and Vermilion representative of the Alberta Industrial development board and chairman of the Industrial committee of the Board of Trade.

The Horton Steel Company, it was decided by council, would receive the commission to make an inspection of the water tower at the earliest date possible. See NOTICE re water shut off.

No more water and sewer connections will be made in Vermilion until the proper authority and permit has been obtained from the Town Office, it was decided.

Permission was granted to The Salvation Army to hold a Tag Day on May 28th.

George Caron's application to operate a restaurant on Lot 19, block 5 plan 6647s was approved by council.

Councillor Ken Rowe was granted three months leave of absence.

K. of C. Sub-council Presents Awards At Clandonald School

Presiding Knight Pat Convey and Mr. James Martin, representing the recently formed subcouncil of the Knights of Columbus, presented awards to twelve students at the Separate school who wrote the best essays on the topic of "Vocations" for a contest being sponsored by the K. of C., Edmonton Council.

Winners of prizes were: Gr. 7, Harold Leslie and Anne Cusack; Gr 8, Margaret Convey and Robt. Gratton; Gr. 9, Margaret Lawrence and John Gourley; Gr. 10, John Lawrence and Mavis Logan; Gr. 11, Eileen Logan and John Charchun; Gr. 12, John Convey and Jean Leslie.

Students, unaware they were competing for prizes, wrote their essays, nevertheless, with sincerity in expressing what they themselves considered as fitting qualifications for a "Vocation in the Married and Single State", and of those writing, three will be submitted for a competition in a diocesan-wide contest being sponsored by the K.O.C. Council of Edmonton.

Clandonald K. of C subcouncil was recently set up with over thirty members in attendance at a meeting over which Grand Knight Jim Champion of Vermilion presided and formally installed new officers. He was accompanied by Councillor-Lecturer Angus MacMillan, and Mr A. MacPhee. Officers elected to the Subcouncil were Pat Convey, Presiding Knight; Art Lawrence, Vice-Presiding Knight; Henry Dyjur, Corresp.-Sec.; Tony Renneberg, Financial-Sec.; Sandy MacMillan, Trustee; Eugene Deford, Warden.

Committees were selected to supervise the various activities of the Subcouncil with emphasis being placed on youth activities. The major project for coming months will be the operation of the youth camp at Raft Lake which will be under supervision of Clandonald Subcouncil but will be open for rental to other groups interested. The campsite will be greatly enhanced when the new road into it is completed.

Mannville Couple Married 25 Years

MANNVILLE. Friends and relatives of Mr and Mrs. W. Sargent called on Sunday, April 3, to surprise them on the occasion of their 25th wedding anniversary. Cards and games were played.

Clarence Ewing presented the happy couple with a beautiful money tree from their many well-wishers. He also called on Russell Whitson, Jim McLuckie and Garney Majeau for speeches. Myrtle and Wes Sargent both replied, expressing their sincere thanks for the lovely gesture.

Cakes decorated by Mrs. Elsie Williams and Mrs. R. Whitson graced the lunch table.

Out-of-town guests included Mrs. Emma Chrysler of Edmonton, Mr. and Mrs. Ken McMartin and Mr and Mrs Henry McMartin, all of Kelowna, B. C.

W. Scotty Johnson Honored in City

MANNVILLE. William Johnstone or "Scotty" as he is known to all at Mannville, having been a popular village town policeman some years ago, now residing in Edmonton, had the honor of receiving recognition from the Edmonton Commissionaires, with whom he has been associated for the last ten years. He was given a medal for those years and ten silver dollars, one for each year of service. Scotty has not been too well lately and we understand he may retire soon.

FLOOR COVERING CARE

The life of any smooth surface floor covering depends on the care it receives. Not all coverings require the same care. Some are damaged by too vigorous scrubbing or by wax products that contain a naptha type base. Give your floor covering the care intended for it. It is best to follow the manufacturer's instructions.

INLAID LINOLEUM

Always wipe up grease and alkali spills immediately. For light soil wash with clear warm water. For heavy soil and accumulated wax use water with a recommended linoleum cleaner or one of the wax products which cleans as it waxes. Always use mild soaps. Avoid using synthetic detergents as they tend to dry out the linoleum. The best protection for linoleum is polishing or self polishing wax.

ASPHALT TILES

Floors of asphalt are damaged by oil or grease. Always use self-polishing wax and never a polishing wax. The binder in asphalt flooring softens when it comes in contact with the solvent in polishing waxes. Be careful not to allow acid or alkali to come in contact with asphalt tile.

RUBBER TILE

To wash rubber tile use a minimum amount of lukewarm water and very little soap. If the floor is badly soiled add a little softener to your wash or use an approved rubber floor cleaner. Rubber tile floors should be protected with a self polishing finish. Never use a liquid or paste wax of the polishing type as these waxes contain solvents which attack rubber.

PLASTIC FLOOR COVERING

Since these are non porous they require a minimum of care. Soap and water can be used for cleaning. Waxing improves the appearance of most floor coverings, protects the surface from scratching, and makes cleaning easier. Either self-polishing or polishing wax may be used satisfactorily but the latter makes a very slippery floor. You may find it difficult to spread wax evenly on a new plastic floor until it has been used several weeks or scrubbed a few times.

SPRING . .

The very word seems to flood the whole being with an invigorating sense of new and abundant life.

The multitudinous efforts and effervescence of this season of rebirth are matched in human consciousness with a ceaseless struggle towards fulfillment, the constant renewals of spiritual energies, and the zest and joy of new beginnings.

The push and thrust of upward movement, the urge for flight and the freedom of wings, the sudden quickening of earth-clogged roots, the secret commotion of sap and seed — all have their correspondences within the human realm of thought.

The labor of green things growing in the dark is the struggle of the soul as it strains towards the light. The movement of unfolding petals, so slow as to be imperceptible, has its own gentle parallel in the opening of the mind to new and gradual perceptions of beauty. The wing of a bird is the visible expression of faith that can take a thought in its flight, and carry it up to the gates of Heaven. Thus the spring with all its tumults, its rhythms and its transmutations breaks full upon the vulnerable heart, touching it to a new and trembling responsiveness.

Perhaps the sweetest day of all days is that upon which we hear a wild rumour upon the winds of March, a whispered hint, which never fails in the thrill of its surprise. We turn a deaf ear incredulous, yet faintly disturbed. The frost still lies upon the stiffened lawn. Spring indeed! Who started such a rumour?

It is impossible, the idle gossiping of the trees, the silly little tattle of the sparrows. And yet, what sense of excitement pervades [illegible] something that was sleeping has been startled into new life, a new hope has sharpened the dull points of perception and we walk tip-toe upon the edge of a wonder.

We can never quite believe in that first little crocus, in spite of rumors and hints and whispered alarms. We suspect a touch of freakish precocity in its sudden and unexpected appearance.

But no, they are all astir and before the week is out the grass is powdered with the bright tips of buds, all kinds of wonderful things are happening at once, the processes of growth are accelerated, and the whole glad garden pulsates to the rhythm of its quickened life.

But the very ecstasy of it is [illegible] by the very knowledge that it passes all too quickly, and we are haunted by the fear that it will vanish before we have gathered the whole of it into our heart.

We see the daffodils golden in the wind, the rich dark tints of the wall flowers glowing in the sun, the foam of apple blossoms on the apple boughs, yellow jonquils in the tangled grass, ruby buds upon sappy trees. Too much of beauty is crowded into the bright brief days, and knowing we cannot catch the whole of it, our fragmentary realizations become touched with tears.

If it were possible we would stretch our hands to stay the tide of growth. We would have the tulip remain a mere green tip in the mould, so that we could hold it still, to wait its coming in a long sweet wonder. The hyacinth breaks too quickly out of its little plot of earth. We would gaze at it for many a long slow day, seeing nothing but a cluster of pale green tightly folded buds. The miracle seems to happen overnight. Before we are aware of it, the lovely thing has burst into flame flushed to the color of a sunset sky and looking upon its brief perfection we know that already we have missed the greater part of its glory. We have been cheated, and never in all eternity shall we recapture that which we have lost.

We strain our hearing to catch the note of a single bird, but the air is vibrant with the music of a thousand throbbing throats. Striving to separate one dominant theme from the tumultuous symphonies of Nature's Festival we are baffled by the rhythmic and melodic variations of wind, and bird and water, the low sustained semibreves of the melancholy doves, the minims and crotchets of numberless solos on cello and harp and flute, the pure impassioned passages of the feathered minnesingers, the demisemiquavers of the raindrops drumming upon the windows.

We try to capture some individual theme from this universal orchestration, and carry the memory of it into the stillness of a winter's day when another movement of the symphony is being played out under the blaze of the African sun and the wind is a mere whisper in the leafless trees.

We would reprove the urgency of the bud and shoot, but all in vain, we cannot slow down the infinite movement of creation, and with a sad sense of our own impotence, we run this way and that, waiting at moments in a panic of sweet distress.

And it is all a marvel and an amazement. With every new-coming we stand aquiver at the gate, and a score of glad green springs can never dim the novelty of the old, old wonder. Do we ever pay heed to the whispering harbingers of the snowdrops? No matter how eagerly we have awaited its coming, the first primrose never fails to take us by surprise and before we have recovered our breath, some new miracle awaits our discovering; a shrivelled tree has put out tender pink buds; the dark woods are stained with blue violets massing thickly in the soggy hollows; hedges are touched to life by leaf and wings, and the span of an April rainbow cannot compass the wide sweep of our astonishment.

And thus it is with the springtime of our lives. In youth we are busy with beginnings. Dreams lie folded in the bud. Stirred to the roots by the blind desire for growth and attainment, we push out our new green shoots into the sunshine, flowering into the consciousness of new realities. Confident with the false courage of our own unmeasured strength, we plunge out into the swirl of life, armoured with glittering beliefs, and with the madness of an utter self-absorption.

And even as an April day is threatened by clouds, the heart of youth is haunted by the fear of that which it cannot comprehend. The young shrink from death in an agony of dismay, from discipline, in the illusion of freedom. Sorrow is myth, death an unreality and age never comes. Thus, youth is the bright blue weather of the April days. And it is not until we have known and suffered all things fully that we can gather up our thoughts into a rich tranquility, and experience that peace which is untouched by tears, and the happiness that youth can never know.

Yet youth has its own undisciplined raptures, in spite of the burden of its discontent. These are our memories that we take into the years, these the daffodil dreams that we hold in the heart, when the arms are empty and the home is still.

To be able to look upon a happy youth is half the secret of a happy life. But to have the power of carrying those memories upon a continuous stream of recollections, transmitting them into present contentment, it is to be oblivious of age, and all its limitations.

The Spring is rich with the symbolism of immortality. It is God's gracious guarantee of life beyond life, for all its beauty is a promise and a fulfillment.

Nature will not tolerate stagnation. All is birth and growth and efflorescence, and every new green shoot is a denial of death. The tiny primrose is a shout of triumph, the trees are teachers, thundering out the dogmatism of law.

All nature bids us hope and be glad in the hoping, for Spring is the eternal demonstration of resurrection and renewal.

It is the flowering again of the buried hope. It is the releasing of new energies into the rhythm and flow of life. It is the fresh goad to the flagging faith. It is the joy of the heart after the winter of its despair, the promise and the providing of life everlasting.

Retarded Children Assn. to meet

The annual meeting of the Vermilion Retarded Children's Association will be held on Wednesday, April 13 at 8 p.m. in the old high school.

In conjunction with the meeting, a new film "Opening the Door" will be shown. This will be of interest to all parties concerned in furthering the rights of the retarded child. "Opening the Door" was prepared by Dupont of Canada and is presently on a strict, first-run schedule.

A special invitation is extended to all groups, organizations and individuals to attend. 28-0

School Division wade through heavy agenda

The regular monthly meeting of the Divisional Board of the Vermilion School Division was held at the Divisional Office on March 22nd and 23rd.

Board appointed committee to study amounts paid for power at various centralizations. Committee of Superintendent and Secretary were directed to bring in report at next meeting. Secretary was instructed to forward circular letter to principals, urging conservation of power whenever possible.

Minutes of special meeting held on March 17th were presented when salary situation for 1960-61 was subject of discussion. Brief for presentation to negotiating committee of Vermilion Local A. T. A. was discussed.

TENDERS

Board approved the following sales: Kinsella school barn, A. Warman, $130.00; Louise Lake school barn, Clive Dorey $105.00; Rivercourse teacherage: H. Marthe, $250.00.

Projection Machines

Approval was given to purchase of two projectors for the Woodvale and Dewberry schools on usual one-third, one-third, one-third basis.

MINUTES OF LOCAL MEETINGS

Board members studied minutes forwarded from local annual meetings and recommendations were filed.

Earlie S. D.

Board approved telephone for teacherage at Earlie if arrangement can be made so that no share will be required to be purchased.

SALARY SCHEDULE NEGOTIATIONS

Messrs. W. F. Stewart, C. E. Venance and E. Wysecki attended the meeting, representing the teachers, to negotiate salary schedule for 1960-61. Board presented brief to this committee with suggestions that salary presently being negotiated should limit any increases to fourth, fifth and sixth years of training where members would be available for high school positions. Committee submitted proposal for teachers with four years of training with minimum of $5,000 to maximum of $8,000 for classroom teachers. Committee will attend next meeting of Divisional Board to continue negotiations.

SUPERINTENDENT'S REPORTS

Superintendent reported on staff visited, attendance Preston local board meeting, Paradise Valley inspection, professional libraries, regional libraries, first aid training for bus drivers and bursaries.

REPORT OF SUPERVISOR OF INSTRUCTION

Mr David reported on supervisory visits to classrooms and inspections of plant at Clandonald, Louise Lake, Paradise Valley, Preston and Blackfoot.

BURSARIES

Board protested recent order in-council which provides for withdrawal of two hundred dollar grant formerly paid to bursary students by provincial government.

HIGHWAY TRAFFIC BOARD INFRACTION

Board instructed Secretary to publish results of court action where local resident was fined for failing to come to a stop when approaching school bus discharging passengers.

WARWICKVILLE SCHOOL

Sale of school to local community association was approved.

LLOYDMINSTER HIGH SCHOOL — TUITION FEES

Board approved payment of tuition fees in amount of sixteen dollars per month.

SCHOOL BUS INSPECTION

Secretary reported inspection of school buses March 21-24, inclusive, at Dewberry, McLaughlin, Marwayne, Kitscoty and Paradise Valley.

LEAVE OF ABSENCE

Leave of absence was granted Mrs. Vera Mead to attend provincial conference on education, Alberta Branch, when report on Cameron Commission will be discussed.

VERMILION LOTS

Board approved sale of lot 4 and 5, Blk. 5, Town of Vermilion, to Mitchell Insurance Agency, Ltd., in amount of $2,500.00 each.

SALE OF PROPERTY

Secretary was instructed to advertise barn and teacherage at Warwickville S.D., and barn and teacherage at South Ferriby S. D., and barn at Marwayne S. D.

VERMILION AUDITORIUM

Request for use of auditorium forwarded from Preston S.D. was referred to auditorium committee.

BLACKFOOT S.D.

Delegation consisting of Mr. Bond, Mr Lane and Mr. Schaffer attended meeting and requested provision of new two-room school at Blackfoot. Owing to absence of chairman, matter will be decided at next meeting of divisional board to be held on April 12th.

BUDGET

With representatives from the M.D. Vermilion River and council of Town of Vermilion in attendance, Board reviewed budget estimate for 1960.

Revenue was estimated for 1960 at $1,175,067.17 as against $1,075,015.15 for 1959. Estimated expenditure for 1960 is set at $1,171,900 as compared with 1959 expenditure of $1,064,547.92.

NOTICE TO ALL TOWN WATER USERS

Commencing 11 p.m. Tuesday, Apr. 12 to 8 a.m. Wednesday, Apr. 13, it will be necessary to clean the town water reservoir, running the elevated tank to carry the only water reserve. You are asked to not draw any water, except in emergency, after 11 p.m. until 8 a.m. Fill all bath tubs, etc., before this time.

Mannville "Cop" Wins $35.00

MANNVILLE — With $35 in the 'kitty' Wednesday last, genial Jim Allen, the town cop, was lucky enough to have his name drawn from those in a box, to win the 'Jackpot or Else' sponsored by the Alta theatre. [illegible] time a name is drawn and he or she is absent, another $5 is added. One has to be present to win. Naturally Jim chose the $35 so the 'Or Else' prizes were left.

Mannville Bingo Winners

MANNVILLE — Winners at the bacon and ham bingo held in the Orange hall and sponsored by the Mannville L.O.L. on Saturday evening Apr. 2 were: Mrs. A. Toronchuk, Miss Barbara Bennett, Mrs. Jas. McLuckie, Jas. McLuckie, Mrs. Jean Schork, Mrs. Elsie Williams, Mrs. Jean Schork, Mrs. Alf Gerhart, Dennis Norman, Mrs. Harvey Robertson, Horace Smith. Winners of the two free bingos were Fred McInroy and Robert M. Calder.
